TITLE 8: SOCIAL SERVICES

CHAPTER 1: SOCIAL SERVICES GENERAL PROVISIONS

PART 1: GENERAL PROVISIONS [RESERVED]

PART 2: GENERAL OPERATING PROCEDURE FOR THE OFFICE OF THE INSPECTOR GENERAL

8.1.2.1 ISSUING AGENCY:

New Mexico Health Care Authority.

[8.1.2.1 NMAC - N, 11/01/2018; A, 7/1/2024]

8.1.2.2 SCOPE:

The rule applies to the general public.

[8.1.2.2 NMAC - N, 11/01/2018]

8.1.2.3 STATUTORY AUTHORITY:

A. Sections 27-1-2 and 27-1-3 NMSA 1978 provides for the department to “adopt, amend and repeal bylaws, rules and regulations.” It also provides for administration of public assistance programs.

B. The Office of Inspector General (OIG) of the health care authority was created by the secretary under authority granted by Paragraph (3) of Subsection B of Section 9 8-6 NMSA 1978.

C. Section 9-8-1 et seq. NMSA 1978 establishes the health care authority (HCA) as a single, unified department to administer laws and exercise functions relating to health care facility licensure and health care purchasing and regulation.

[8.1.2.3 NMAC - N, 11/01/2018; A, 7/1/2024]

8.1.2.4 DURATION:

Permanent.

[8.1.2.4 NMAC - N, 11/01/2018]

8.1.2.5 EFFECTIVE DATE:

November 1, 2018, unless a later date is cited at the end of a section.

[8.1.2.5 NMAC - N, 11/01/2018]

8.1.2.6 OBJECTIVE:

The objective of these regulations is to provide general operating policy for the Office of Inspector General (OIG).

[8.1.2.6 NMAC - N, 11/01/2018]

8.1.2.7 DEFINITIONS:

The following words and terms, when used in this section, shall have the following meanings, unless the text clearly indicates otherwise:

A. "Abuse" means to make excessive or improper use of a thing, or to employ it in a manner contrary to the material or legal rules for its use; to make an extravagant or excessive use, as to abuse one's authority. Abuse may also occur through expressive carelessness in following written instructions or policy or in failing to take proper action that results in improper payments for public assistance, food benefits, vendor payments, or claims processing. Abuse through expressive carelessness may occur in eligibility determination, supervision review, data processing, claims processing, or program interpretation.

B. "Fraud" is an intentional misappropriation, deception or misrepresentation made by a person(s) or entities with knowledge that the deception could result in some unauthorized benefit to the person(s), entity, other entity or some other person(s). The term includes any act that constitutes fraud under applicable federal or state laws, regulations, or rules.

C. "Waste" means not receiving reasonable value for money in connection with any government funded activities due to an inappropriate act or omission by person(s) or entities with control over or access to government resources (e.g., executive, judicial or legislative branch employees, grantees or other recipients). Waste goes beyond fraud and abuse and does not involve a violation of law. Waste relates primarily to mismanagement, inappropriate actions and inadequate oversight.

[8.1.2.7 NMAC - N, 11/01/2018]

8.1.2.8 MISSION STATEMENT:

[**RESERVED**]

[8.1.2.8 NMAC - N, 11/01/2018]

8.1.2.9 RESPONSIBILITIES:

Generally, the OIG, is responsible for conducting independent audits, reviews, and investigations of HSD programs and operations, while detecting and preventing fraud, waste, and abuse. Through audits and reviews, the OIG promotes accountability, efficiency, economy, and integrity through research and analysis, and by providing recommendations for improvement to HSD's secretary, leadership and management. The OIG conducts investigations into public assistance, i.e. medicaid, supplemental nutrition assistance program (SNAP), temporary assistance for needy families (TANF), etc., fraud, and HSD contractor and internal employee fraud. If potential fraud is identified, the OIG, when appropriate, will pursue prosecutive remedies and, in coordination with HSD, administrative remedies. Nothing in this section shall prohibit law enforcement agencies from pursuing claims for alleged violations of criminal conduct or other governmental entities from seeking all rights and remedies as permitted by law and regulations.

[8.1.2.9 NMAC - N, 11/01/2018]

8.1.2.10 AUTHORITY:

In conjunction with federal and state law, rules and regulations that apply to HSD programs, the OIG is authorized:

A. To audit, review, inspect, evaluate, and investigate activities, records, electronic media, and individuals affiliated with contracts and procurements undertaken by HSD and any other official act or function of HSD.

B. To have access to all records, reports, audits, reviews, documents, papers, electronic media, recommendations, or other material available to the individual or entity which relate to HSD's programs and operations with respect to which the OIG has responsibility.

C. To conduct criminal, civil, and administrative investigations.

D. To engage in prevention activities, including but not limited to; review of legislation; review of rules, regulations, policies; procedures, and transactions; training and education.

E. To refer matters for further civil, criminal, and administrative action to appropriate administrative and prosecutorial agencies.

F. To refer matters to other law enforcement agencies, when appropriate.

G. To conduct joint investigations and projects with other oversight or law enforcement agencies.

H. To establish guidelines and procedures to guide functions and processes conducted by the OIG.

I. To recoup the cost of investigations from nongovernmental entities as permitted by law.

J. To administer to or take from any person an oath, affirmation, affidavit or sworn statement, whenever necessary in the performance of the OIG functions assigned by this code.

K. To request such information or assistance as may be necessary for carrying out the duties and responsibilities provided by this code from any federal, state, or local governmental agency or unit thereof.

L. Access to HSD's secretary, leadership and management when necessary for any purpose pertaining to the OIG's responsibilities.

[8.1.2.10 NMAC - N, 11/01/2018]

8.1.2.11 POWERS:

The OIG is granted the following powers:,

A. Access to all records maintained by or available to any governmental entity relating in any way to the OIG's duties and responsibilities.

B. Access to testimony or documents from any individual, firm, or nongovernmental entity relating to the duties and responsibilities of the OIG.

C. Require HSD employees to report to the OIG information regarding fraud, waste, corruption, illegal acts, and abuse.

[8.1.2.11 NMAC - N, 11/01/2018]

8.1.2.12 CONFIDENTIALITY:

The OIG shall maintain confidentiality of records and, to the extent practicable, the identities of individuals who provide information to the OIG, except as authorized or required by law.

[8.1.2.12 NMAC - N, 11/01/2018]

8.1.2.13 COOPERATION:

In accordance with federal and state laws and regulations and, if applicable, collective bargaining agreements, all HSD employees shall cooperate fully and promptly with requests from the OIG for information and data relating to HSD programs and operations. All HSD employees shall also comply with requests for interviews and briefings and must provide affidavits or sworn statements, if so requested by an employee of the OIG so designated to take affidavits or sworn statements. The OIG is not required to give advanced notice before conducting audits, reviews or investigations. When possible, supervisors will be informed in advance if their areas of responsibility that are to be audited. Because some OIG investigations may involve allegations of criminal misconduct, circumstances will dictate whether, and what type of, notice will be given, if any. HSD employees must not impede or hinder other employees' cooperation with the OIG. In accordance with Act 10-16C-1 through 10-16C-6 NMSA 1978, HSD managers shall prohibit reprisals against employees who cooperate with or disclose information to the OIG or other lawfully appropriate authority. HSD will also take administrative action against employees who take reprisals against employees who have cooperated with the OIG or other lawful appropriate authority to include, but is not limited to, counsel, reprimand, suspension, or termination. 8.1.2.13 NMAC, must be applied to all HSD contracts, replacing "HSD" with "contractor", where applicable.

[8.1.2.13 NMAC - N, 11/01/2018]

PART 3-5: [RESERVED]

CHAPTER 2: FOOD ASSISTANCE AND SUPPORT

PART 1: FOOD ASSISTANCE AND SUPPORT GENERAL PROVISIONS [RESERVED]

PART 2: REQUIREMENTS FOR PARTICIPATION IN THE CHILD AND ADULT CARE FOOD PROGRAM

8.2.2.1 ISSUING AGENCY:

Children, Youth and Families Department (CYFD).

[8.2.2.1 NMAC - Rp, 8.2.2.1 NMAC, 06-15-09]

8.2.2.2 SCOPE:

This policy applies to all CYFD staff who work with the child and adult care food program ("CACFP") and to participating institutions including sponsoring organizations, independent centers and family child care providers.

[8.2.2.2 NMAC - Rp, 8.2.2.2 NMAC, 06-15-09]

8.2.2.3 STATUTORY AUTHORITY:

The NM food assistance and support program regulations are administered pursuant to regulation promulgated by the US department of agriculture Code of Federal Regulations, 7 CFR Part 226, pursuant to Section 17 of the National School Lunch Act, as amended.

[8.2.2.3 NMAC - Rp, 8.2.2.3 NMAC, 06-15-09]

8.2.2.4 DURATION:

Permanent

[8.2.2.4 NMAC - Rp, 8.2.2.4 NMAC, 06-15-09]

8.2.2.5 EFFECTIVE DATE:

June 15, 2009, unless a later date is cited at the end of a section.

[8.2.2.5 NMAC - Rp, 8.2.2.5 NMAC, 06-15-09]

8.2.2.6 OBJECTIVE:

To establish regulations for administration of the child and adult care food program, ("program"), including requirements for participating organizations.

[8.2.2.6 NMAC - Rp, 8.2.2.6 NMAC, 06-15-09]

8.2.2.7 DEFINITIONS:

A. "Act" means the National School Lunch Act, as amended.

B. "Administrative costs" means costs incurred by an institution related to planning, organizing, and managing a food service under the program and allowed by the state agency financial management instruction.

C. "Administrative review" means the fair hearing provided upon request to:

(1) an institution that has been given notice by CYFD of any action or proposed action that will affect their participation or reimbursement under the program, in accordance with 7 CFR Part 226.6(k);

(2) a principal or individual responsible for an institution’s serious deficiency after the responsible principal or responsible individual has been given a notice of intent to disqualify them from the program; and

(3) a day care home that has been given a notice of proposed termination for cause.

D. "Administrative review official" means the independent and impartial official who conducts the administrative review held in accordance with 7 CFR Part 226.6(k).

E. "Adult" means, for the purposes of the collection of social security numbers as a condition of eligibility for free or reduced-price meals, any individual 21 years of age or older.

F. "Adult day care center" means any public or private nonprofit organization or any proprietary Title XIX or Title XX center (as defined herein at BM and BN) which (a) is licensed or approved by federal, state or local authorities to provide nonresidential adult day care services to functionally impaired adults (as defined herein at AN) or persons 60 years of age or older in a group setting outside their homes on a less than 24-hour basis and (b) provides for such care and services directly or under arrangement made by the agency or organization whereby the agency or organization maintains professional management responsibility for all such services. Such centers shall provide a structured, comprehensive program that provides a variety of health, social and related support services to enrolled adult participants through an individual plan of care.

G. "Adult day care facility" means a licensed or approved adult day care center under the auspices of a sponsoring organization.

H. "Adult participant" means a person enrolled in an adult day care center who is functionally impaired (as defined herein at AN) or 60 years of age or older.

I. "Advanced payment" means financial assistance made available to an institution for its program cost prior to the month in which such costs will be incurred.

J. "At-risk afterschool care center" means a public or private nonprofit organization that is participating or is eligible to participate in the CACFP as an institution or as a sponsored facility and that provides nonresidential child care to children after school through an approved afterschool care program located in an eligible area. However, an emergency shelter (as defined herein at Z), may participate as an at-risk afterschool care center without regard to location.

K. "Block claim" means a claim for reimbursement submitted by a facility on which the number of meals claimed for one or more meal type (breakfast, lunch, snack, or supper) is identical for 15 consecutive days within a claiming period.

L. "Center" means a child care center, an adult day care center, an emergency shelter, or an outside-school-hours care center.

M. "Child care center" means any public or private nonprofit institution or facility (except day care homes), or any for profit center (as defined herein at AL), required to

be licensed and which provides non-residential child care services and supervision for less than 24 hours a day to enrolled children, primarily of preschool age, including but not limited to day care centers, settlement houses, neighborhood centers, head start centers and organizations providing day care services for disabled children. Child care centers may participate in the program as independent centers or under the auspices of a sponsoring organization.

N. "Child care facility" means a licensed or approved child care center, day care home or outside-school-hours care center under the auspices of a sponsoring organization.

O. "Children" means:

(1) persons 12 years of age and under;

(2) persons aged 15 and under who are children of migrant workers;

(3) persons with mental or physical handicaps, as defined by NM law, enrolled in an institution or a child care facility serving a majority of persons 18 years of age and under;

(4) for emergency shelters, persons age 18 and under; and

(5) for at-risk after school care centers, persons age 18 and under at the start of the school year.

P. "Component" means one of four food categories of the USDA meal pattern requirements arranged by age group, including:

(1) milk;

(2) meat/meat alternates;

(3) bread/bread alternates; and

(4) fruits/vegetables.

Q. "Creditable foods" means foods used to meet the requirements for a reimbursable meal. Foods are creditable based on the following:

(1) nutrient content;

(2) customary function in a meal;

(3) listed in the US department of agriculture ("USDA") food buying guide for child nutrition programs;

(4) listed in the food and drug administration’s ("FDA) standards of identity; and

(5) is not listed in the children youth and families department ("CYFD") non creditable foods list.

R. "Current income" means income received during the month prior to application for free or reduced-price meals and multiplied by 12. If such income does not accurately reflect the household's annual income, income shall be based on the projected annual household income. If the prior year’s income provides an accurate reflection of the household's current annual income, the prior year may be used as a base for the projected annual income.

S. "CYFD" means the New Mexico children, youth and families department.

T. "Day care home" means an organized nonresidential child care program for children enrolled in a private home licensed or approved as a family or group day care home and under the auspices of a sponsoring organization.

U. "Disallowed claims" requires the monetary repayment to the state agency resulting from a meal or meals that have been determined ineligible for reimbursement due to, among other things:

(1) failure to record meals, types of food served or amounts prepared, in the menu record book as defined herein at AX;

(2) meals which lack one or more required components;

(3) meals which contain a non creditable food as a required component; or

(4) the menu records and food receipts indicate that not enough food was served, or recorded as served, to have given each participant the required minimum portion size of each component; CYFD uses the USDA food buying guide to determine how many servings of each component were available.

V. "Disclosure" means individual children's program eligibility information obtained through the free and reduced-price meal eligibility process that is revealed or used for a purpose other than for the purpose for which the information was obtained. The term refers to access, release, or transfer of personal data about children by means of print, tape, microfilm, microfiche, electronic communication or any other means.

W. "Disqualified" means the status of an institution, a responsible principal or responsible individual, or a day care home that is ineligible for participation.

X. "Documentation" means the completion of information to determine the eligibility of free and reduced price meals as required in 7 CFR Part 226.2 (definition of "documentation").

Y. "Eligible area" means: (a) for the purpose of determining the eligibility of at-risk afterschool care centers, the attendance area of an elementary, middle, or high school in which at least 50 percent of the enrolled children are certified eligible for free or reduced-price school meals; or (b) for the purpose of determining the tiering status of day care homes the area served by an elementary school in which at least 50 percent of the total number of children are certified eligible to receive free or reduced-price meals, or the area based on census data in which at least 50 percent of the children residing in the area are members of households that meet the income standards for free or reduced price meals.

Z. "Emergency shelter" means a public or private nonprofit organization or its site that provides temporary shelter and food services to homeless children, including a residential child care institution ("RCCI") that serves a distinct group of homeless children who are not enrolled in the RCCI's regular program.

AA. "Enrolled child" means a child whose parent or guardian has submitted to an institution a signed document which indicates that the child is enrolled for child care. In addition, for the purposes of calculations made by sponsoring organizations of family day care homes in accordance with 7 CFR 226.13(d)(3)(ii) and 226.13(d)(3)(iii), "enrolled child" (or "child in attendance") means a child whose parent or guardian has submitted a signed document which indicates the child is enrolled for child care; who is present in the day care home for the purpose of child care; and who has eaten at least one meal during the claiming period. For at-risk afterschool care centers, outside-school-hours care centers, or emergency shelters, the term "enrolled child" or "enrolled participant" does not apply.

AB. "Enrolled participant" means an "enrolled child" as defined herein at AA or "adult participants" as defined herein at H.

AC. "Facility" means a sponsored center or a family day care home.

AD. "Family" means, in the case of children, a group of related or non related individuals, who are not residents of an institution or boarding house, but who are living as one economic unit or, in the case of adult participants, the adult participant, and if residing with the adult participant, the spouse and dependent(s) of the adult participant.

AE. "Family style meal service" means a style of meal service in which both adults and children participate in setting the table, serving the food, eating together and cleaning up after the meal.

AF. "FDPIR" means food distribution programs on Indian reservations.

AG. "Fiscal year" means a period of 12 calendar months beginning October 1 of any year and ending with September 30 of the following year.

AH. "FNS" means the food and nutrition service of USDA.

AI. "FNSRO" means the appropriate regional office of the food and nutrition service of USDA.

AJ. "Food service management company" means an organization other than a public or private nonprofit school, with which an institution may contract for preparing and, unless otherwise provided for, delivering meals with or without milk for use in the program.

AK. "Food stamp household" means any individual or group of individuals which is currently certified to receive assistance as a household under the food stamp program.

AL. "For profit center" means a child care center, outside-school-hours care center, or adult day care center providing nonresidential care to adults or children that does not qualify for tax-exempt status under the Internal Revenue Code of 1986, and meets the criteria of 7 CFR Part 226.2 (definition of "for profit center").

AM. "Free meal" means a meal served under the program to a participant from a family which meets the income standards for free school meals; or to a child who is automatically eligible for free meals by virtue of food stamp, FDPIR or TANF recipiency; or to a child who is a head start participant; or to a child who is receiving temporary housing and meal services from an approved emergency shelter; a child participating in an approved at-risk afterschool care program; or to an adult participant who is automatically eligible for free meals by virtue of food stamp or FDPIR recipiency, or is a SSI or medicaid participant. Regardless of whether the participant qualified for free meals by virtue of meeting one of the criteria of this definition, neither the participant nor any member of their family shall be required to pay or to work in the food service program in order to receive a free meal.

AN. "Functionally impaired adult" means chronically impaired disabled persons 18 years of age or older, including victims of Alzheimer’s disease and related disorders with neurological and organic brain dysfunction, who are physically or mentally impaired to the extent that their capacity for independence and their ability to carry out activities of daily living is markedly limited. Activities of daily living include, but are not limited to, adaptive activities such as cleaning, shopping, cooking, taking public transportation, maintaining a residence, caring appropriately for one's grooming or hygiene, using telephones and directories, or using a post office. Marked limitations refer to the severity of impairment, and not the number of limited activities, and occur when the degree of limitation is such as to seriously interfere with the ability to function independently.

AO. "Household contact" means a contact made by a sponsoring organization or CYFD to an adult member of a household with a child in a family day care home or a child care center in order to verify the attendance and enrollment of the child and the specific meal service(s) which the child routinely receives while in care.

AP. "Income standards" means the family size and income standards prescribed annually by USDA for determining eligibility for free and reduced-price meals under the national school lunch program and the school breakfast program.

AQ. "Income to the program" means any funds used in an institution's food service program, including, but not limited to all monies, other than program payments, received from other federal, state, intermediate, or local government sources; participant's payments for meals and food service fees; income from any food sales to adults; and other income, including cash donations or grants from organizations or individuals.

AR. "Independent center" means a child care center, at-risk afterschool care center, emergency shelter, outside-school-hours care center or adult day care center which enters into an agreement with CYFD to assume final administrative and financial responsibility for program operations.

AS. "Infant cereal" means any iron-fortified dry cereal specially formulated for and generally recognized as cereal for infants that is routinely mixed with formula or milk prior to consumption.

AT. "Infant formula" means any iron-fortified infant formula intended for dietary use solely as a food for normal, healthy infants; excluding those formulas specifically formulated for infants with inborn errors of metabolism or digestive or absorptive problems. Infant formula, as served, must be in liquid state at recommended dilution.

AU. "Institution" means a sponsoring organization, child care center, outside-school-hours care center, emergency shelter or adult day care center which enters into an agreement with CYFD to assume final administrative and financial responsibility for program operations.

AV. "Meals" means food which is served to enrolled participants at an institution, child care facility or adult day care facility and which meets the nutritional requirements set forth in this part.

AW. "Medicaid participant" means an adult participant who receives assistance under Title XIX of the Social Security Act, the grant to states for medical assistance programs-medicaid.

AX. "Menu record book" means the official record which is used to document the types of food served and the quantities used to meet USDA meal pattern

requirements by sponsoring organizations of child care centers, adult day care centers, outside school hours programs and head starts.

AY. "Milk" means pasteurized fluid types of flavored or unflavored whole milk, low-fat milk, skim milk, or cultured buttermilk which meet NM state and local standards for such milk except that, in the meal pattern for infants (0 to 1 year of age), milk means breast milk or iron-fortified infant formula. All milk should contain vitamins A and D at levels specified by the food and drug administration and be consistent with NM state and local standards for such milk.

AZ. "National disqualified list" means the list, maintained by the US department of agriculture, of institutions, responsible principals and responsible individuals, and day care homes disqualified from participation in the program.

BA. "Non creditable foods" means foods that do not meet the criteria for a creditable food, as determined by CYFD, and appear on the CYFD non-creditable foods list. A meal may contain both creditable and non-creditable foods. Non-creditable foods are allowed to supply calories to meet the energy needs of growing children or to improve acceptability of the rest of the meal. However, non-creditable foods may not be used to meet the meal pattern requirements.

BB. "Non pricing program" means an institution in which there is no separate identifiable charge made for meals served to participants.

BC. "Non profit food service" means all food service operations conducted by the institution principally for the benefit of enrolled participants for which all of the program reimbursement funds are used solely for the operations or improvements of such food service.

BD. "Nonresidential" means that the same participants are not maintained in care for more than 24 hours on a regular basis.

BE. "Notice" means a letter sent by certified mail, return receipt (or the equivalent private delivery service), by facsimile, or by email, that describes an action proposed or taken by CYFD or FNS with regard to an institution’s program reimbursement or participation. Notice also means a letter sent by certified mail, return receipt (or the equivalent private delivery service), by facsimile, or by email, that describes an action proposed or taken by a sponsoring organization with regard to a day care home’s participation. The notice must specify the action being proposed or taken and the basis for the action, and is considered to be received by the institution or day care home when it is delivered, sent by facsimile, or sent by email. If the notice is undeliverable, it is considered to be received by the institution, responsible principal or responsible individual, or day care home five days after being sent to the addressee’s last known mailing address, facsimile number, or email address.

BF. "Operating costs" means expenses incurred by an institution in serving meals to participants under the program, and allowed by CYFD.

BG. "Outside-school-hours care center" means a public or private nonprofit institution or facility (except day care homes) or a for profit center, as defined herein at AL, that is licensed or approved in accordance with 7 CFR Part 226.6(d)(1) to provide organized nonresidential child care services to children during hours outside of school. Outside-school-hours care centers may participate in the program as independent centers or under the auspices of a sponsoring organization.

BH. "Participants" means "children" or "adult participants" as defined herein at Subsections O and H.

BI. "Pricing program" means an institution in which a separate identifiable charge is made for meals served to participants.

BJ. "Principal" means any individual who holds a management position within, or is an officer of, an institution or a sponsored center, including all members of the institution’s board of directors or the sponsored center’s board of directors.

BK. "Program" means the child and adult care food program authorized by section 17 of the National School Lunch Act, as amended.

BL. "Program payments" means financial assistance in the form of start-up payments, advance payments, expansions funds or reimbursement paid or payable to institutions for operating costs and administrative costs.

BM. "Proprietary Title XIX center" means any private, for-profit center (a) providing non-residential adult day care services for which it receives compensation from amounts granted to the states under title XIX of the Social Security Act and (b) in which Title XIX beneficiaries were not less than 25 percent of enrolled eligible participants in the calendar month preceding initial application or annual re-application for program participation.

BN. "Proprietary Title XX center" means any private, for-profit center (a) providing non-residential child or adult day care services for which it receives compensation from amounts granted to the states under Title XX of the Social Security Act and (b) in which Title XX beneficiaries or enrolled participants eligible for free or reduced price meals were not less than 25 percent of total enrolled eligible participants or licensed capacity, whichever is less, in the calendar month preceding initial application or annual re-application for program participation.

BO. "Reduced-price meal" means a meal served, and reimbursed, under the program to a participant from a family that meets the income standards for reduced-price school meals, and as defined in 7 CFR Part 226.2.

BP. "Reimbursement" means federal financial assistance paid or payable to institutions for program costs within the rates assigned by CYFD.

BQ. "Renewing institution" means an institution that is participating in the program at the time it submits a renewal application.

BR. "Responsible principal or responsible individual" means:

(1) a principal, whether compensated or uncompensated, who CYFD or FNS determines to be responsible for an institution's serious deficiency;

(2) any other individual employed by, or under contract with, an institution or sponsored center, who CYFD or FNS determines to be responsible for an institution's serious deficiency; or

(3) an uncompensated individual who the CYFD or FNS determines to be responsible for an institution's serious deficiency.

BS. "SSI participant" means an adult participant who receives assistance under Title XVI of the Social Security Act, the supplemental security income (SSI) for the aged, blind and disabled program.

BT. "Seriously deficient" means the status of an institution or a day care home that has been determined to be non-compliant in one or more aspects of its operation of the program.

BU. "Sponsoring organization" means a public or nonprofit private organization that is entirely responsible for the administration of the food program in:

(1) one or more day care homes;

(2) a child care center, emergency shelter, at-risk after school care center outside-school-hours care centers, or adult day care center which is a legally distinct entity from the sponsoring organization;

(3) two or more child care centers, emergency shelters, at-risk after school care centers, outside-school-hours care centers, or adult day care centers; or

(4) any combination of child care centers, emergency shelters, at-risk after school care centers, outside-school-hours care centers, adult day care centers and day care homes; the term "sponsoring organization" also includes an organization that is entirely responsible for administration of the program in any combination of two or more child care centers, at-risk after school care centers, adult day care centers or outside-school-hours care centers, which meet the definition of "for profit center" herein at Subsection AL and are part of the same legal entity as the sponsoring organization.

BV. "Start-up payments" means financial assistance made available to a sponsoring organization for its administrative expenses associated with developing or expanding food service program in day care homes and initiating successful program operations.

BW. "State agency list" means an actual paper or electronic list, or the retrievable paper records, maintained by CYFD, that includes a synopsis of information concerning seriously deficient institutions and providers terminated for cause in the state of New Mexico. The list must be made available to FNS upon request, and must include the items listed in 7 CFR 226.2 (definition of "state agency list").

BX. "Suspended" means the status of an institution or day care home that is temporarily ineligible for participation (including program payments).

BY. "Suspension review" means the review provided, upon the institution's request, to an institution that has been given a notice of intent to suspend participation (including program payments), based on a determination that the institution has knowingly submitted a false or fraudulent claim.

BZ. "Suspension review official" means the independent and impartial official from CYFD who conducts the suspension review.

CA. "Termination for cause" means the termination of a day care home's program agreement by the sponsoring organization due to the day care home's violation of the agreement.

CB. "Termination for convenience" means termination of a day care home's program agreement by either the sponsoring organization or the day care home, due to considerations unrelated to either party's performance of program responsibilities under the agreement.

CC. "Tier I day care home" means (a) a day care home that is operated by a provider whose household meets the income standards for free or reduced price meals, as determined by the sponsoring organization based on a completed free and reduced price application, and whose income is verified by the sponsoring organization of the home in accordance with 7 CFR Part 226.23(h)(6); (b) a day care home that is located in an area served by a school enrolling elementary students in which at least 50 percent of the total number of children enrolled are certified eligible to receive free or reduced price meals; or (c) a day care home that is located in a geographic area, as defined by FNS based on census data, in which at least 50 percent of the children residing in the area are members of households which meet the income standards for free or reduced price meals.

CD. "Tier II day care home" means a day care home that does not meet the criteria for a Tier I day care home.

CE. "Title XIX" means Title XIX of the Social Security Act which authorizes the grants to states for medical assistance program-medicaid.

CF. "Title XX" means Title XX of the Social Security Act.

CG. "Verification" means a review of the information reported by institutions to CYFD regarding the eligibility of participants for free or reduced-price meals in accordance with 7 CFR 226.2 (definition of "verification") and with 226.23(h)(1).

[8.2.2.7 NMAC - Rp, 8.2.2.7 NMAC, 06-15-09]

8.2.2.8 APPLICATION APPROVAL, RENEWAL AND TERMINATION:

A. The children, youth and families department (CYFD) may enter into an agreement for participation in the program with any non-profit 501 (c)(3) organization, government agency or proprietary Title XX organization which meets the established criteria and requirements according to 7 CFR 226.6(b)(1)-(b)(3).

(1) Child care centers must be state licensed, or have tribal approval or military approval if located on a military base and shall comply with 7 CFR Part 226.17.

(2) Adult day care centers must be state licensed, or have tribal approval or military approval if located on a military base and comply with 7 CFR Part 226.19(a).

(3) Outside-school-hours care centers must be state licensed, or have tribal approval or military approval if located on a military base and comply with 7 CFR Part 226.19.

(4) Family day care homes must be state licensed or registered, or have tribal approval or military approval if located on a military base and comply with 7 CFR Part 226.18.

(5) At risk programs must be state licensed or approved, or have tribal approval or have military approval if located on a military base and comply with 7 CFR Part 226.17a.

B. CYFD shall not enter into an agreement with any new applicant sponsoring organization of family day care homes which does not meet the new sponsor criteria. The criteria are as follows: The new applicant must:

(1) demonstrate the need for a new sponsorship by supplying a list of eligible family child care homes which have expressed an interest in participating in the program;

(2) submit documents to establish financial stability and accountability;

(3) demonstrate their method for covering non-program related costs;

(4) document an adequate level of staffing to administer the program and to provide a responsible sponsor representative and an office in the service area within the state of New Mexico, for program clients and state agency staff during normal working hours;

(5) submit a training plan, describing how the sponsor ensures administrative staff is trained in program requirements;

(6) provide assurance that they will not employ an individual in a responsible administrative capacity who is listed on the national disqualified list or is otherwise ineligible for program duties based on requirements in 7 CFR 226.6(b)(1) through (b)(3).

(7) submit a copy of the organization's by-laws, detail of the organization's structure, officers of the organization and a list of their responsibilities;

(8) submit information about the organization's board of directors, including their responsibility in program management, their role in approving or determining fiscal actions and the relationship of board members to others in the organization;

(9) provide assurance that they will not recruit or allow participation of any child care provider who, is on the national disqualified list or is otherwise ineligible to participate,

(10) submit a complete and accurate application for sponsorship.

C. Any non-profit organization, or proprietary Title XX center, wishing to participate as a sponsoring organization in the program shall complete and submit an application packet that includes at a minimum: a management plan, an administrative budget, non-discrimination and non-pricing policy statement, signed agreement, certificate of authority, copy of current letter to households, civil rights questionnaire, certification regarding lobbying, copy of appeal procedures and internal policies and procedures, public release statement, an affidavit or certification statement that the organization has not been terminated from any publicly funded program for failure to comply with that program's requirements and documentation that all institutions under the sponsor are in compliance with licensing, registration and other approval provisions. In addition, all current and prospective sponsoring organizations must be able to demonstrate that they are financially viable, administratively capable, and have internal controls in place to ensure accountability.

(1) Proprietary Title XX centers shall submit documentation that they are currently providing non residential day care services for which they receive compensation under Title XX, and certification that not less than 25 percent of the enrolled participants in each such center during the most recent calendar month were

Title XX beneficiaries or were eligible for free or reduced price meals according to school lunch guidelines.

(2) CYFD shall notify new or renewing institutions of approval or denial of their application for sponsorship in writing within 30 days of filing a complete and correct application. If an institution submits an incomplete application, CYFD will notify the institution of the incomplete application and provide technical assistance.

(3) Renewal applications for continued participation in the program shall be submitted annually. CYFD may grant approval for up to thirty six months. In such cases, the institution shall submit a media release, a management plan and a budget on an annual basis to CYFD.

(4) Renewal applications for the fiscal year beginning October 1 shall be submitted to CYFD by August 15. In its discretion, CYFD may accept late renewals after August 15. Renewal applications submitted after September 30, if approved, will be effective the date all required documents are submitted and may result in loss of reimbursement.

D. CYFD shall not approve an institution's application if, during the past seven years, the institution or any of its principals have been declared ineligible for any other publicly funded program by reason of violating that program's requirements. However, this prohibition does not apply if the institution or the principal has been fully reinstated in, or determined eligible for that program, including the payment of any debts owed, in accordance with 7 CFR Part 226.6(b)(2)(iii)(A).

E. CYFD will notify an institution that it proposes to terminate its program agreement with any institution which fails to satisfactorily and permanently correct a serious deficiency by the date prescribed by CYFD.

(1) CYFD shall not allow more than 90 days for corrective action from the date the institution receives the serious deficiency notice.

(2) CYFD notifies FNS within 15 days of the termination of an institution for failure to correct a serious deficiency. The institution is placed on a national disqualified list.

(3) Serious deficiencies which are grounds for denial of applications and for proposed termination of program participation include, but are not limited to, any of the following:

(a) non-compliance with the applicable bid procedures and contract requirements of federal child nutrition program regulations;

(b) submission of false information to CYFD on the institution’s application, including, but not limited to, a determination that the institution has concealed a

conviction for any activity that occurred during the past seven years and that indicates a lack of business integrity; a lack of business integrity includes, but is not limited to, fraud, antitrust violations, embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, receiving stolen property, making false claims, obstruction of justice or any other activity indicating a lack of business integrity as defined by the state agency;

(c) failure to return to CYFD any advance payments which exceeded the amount earned for serving eligible meals or failure to return disallowed start-up or expansion payments;

(d) failure to maintain adequate records;

(e) failure to adjust meal orders to conform to variations in the number of participants;

(f) claiming reimbursement for meals not served to participants;

(g) claiming reimbursement for a significant number of meals that do not meet program requirements;

(h) use of a food service management company that is in violation of health codes;

(i) failure of a sponsoring organization to disburse payments to its facilities within five days of receipt from CYFD as required by 7 CFR Part 226.16 (h);

(j) failure by a sponsoring organization of day care homes to properly classify day care homes as Tier I or Tier II in accordance with 7 CFR Part 226.15(f);

(k) claiming reimbursement for meals served by a for profit child care center or a for profit outside-school-hours center during a calendar month in which less than 25 percent of the children in care (enrolled or licensed capacity, whichever is less) were eligible for free or reduced price meals or were Title XX beneficiaries;

(l) failure to properly implement and administer the day care home termination and administrative review provisions set forth in 7 CFR Part 226.6(l) and Part 226.16(l);

(m) permitting an individual who is on the national disqualified list to serve in a principal capacity with the institution or, if a sponsoring organization, permitting such an individual to serve as a principal in a sponsored center or as a day care home;

(n) failure to operate the program in conformance with the performance standards set forth in paragraphs 7 CFR Part 226.6(b)(1)(xvii) and Part 226.6(b)(2)(vii);

(o) failure by a sponsoring organization to properly train or monitor sponsored facilities in accordance with 7 CFR Part 226.16(d);

(p) use of day care home funds by a sponsoring organization to pay for the sponsoring organization's administrative expenses;

(q) the fact the institution or any of the institution's principals have been declared ineligible for any other publicly funded program by reason of violating that program's requirements; however, this prohibition does not apply if the institution or the principal has been fully reinstated in, or is now eligible to participate in, that program, including the payment of any debts owed;

(r) conviction of the institution or any of its principals for any activity that occurred during the past seven years and that indicates a lack of business integrity; a lack of business integrity includes, but is not limited to, fraud, antitrust violations, embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, receiving stolen property, making false claims, obstruction of justice, or any other activity indicating a lack of business integrity as defined by the state agency; or

(s) any other action affecting the institution's ability to administer the program in accordance with program requirements, and

(t) failure to respond to CYFD requests for investigations of integrity report findings.

F. Sponsoring organizations of family day care home providers shall ensure that all family day care home providers are registered, licensed or tribal or military approved prior to signing an agreement with the sponsoring organization to participate in the program.

G. Sponsoring organizations of family day care homes must initiate action to terminate the agreement of a family day care home for cause if the sponsoring organization determines the family day care home has committed one or more serious deficiency listed in paragraph 7 CFR Part 226.16(l)(2). Serious deficiencies for family day care homes include the following:

(1) submission of false information on the application;

(2) submission of false claims for reimbursement;

(3) simultaneous participation under more than one sponsoring organization;

(4) non-compliance with the program meal pattern;

(5) failure to keep required records;

(6) conduct or conditions that threaten the health or safety of a child(ren) in care, or the public health or safety;

(7) a determination that the day care home has been convicted of any activity that occurred during the past seven years and that indicated a lack of business integrity; a lack of business integrity includes, but is not limited to, fraud, antitrust violations, embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, receiving stolen property, making false claims, obstruction of justice, or any other activity indicating a lack of business integrity as defined by CYFD, or the concealment of such a conviction;

(8) failure to participate in training; or

(9) any other circumstance related to non-performance under the sponsoring organization-day care home agreement, as specified by the sponsoring organization or CYFD, including, but not limited to:

(a) the provider is found not at home during stated hours of meal service on two or more consecutive visits and has not notified the sponsoring organization of the intended absence ahead of time;

(b) chronic non compliance with program menu and record keeping requirements;

(c) serving meals outside of the provider's required time frame as documented on the application for participation;

(d) whenever a block claim submitted by the provider cannot be validated by an unannounced visit or parent audits conducted by the sponsor.

H. Sponsoring organizations shall send a notice to family day care home providers advising them of the serious deficiencies in accordance with 7 CFR 226.16(l)(3). Family day care home providers must complete corrective action as soon as possible but no later than 30 days after receipt of the seriously deficient notice.

I. Sponsoring organizations shall notify CYFD within 30 days of terminating a family day care home provider.

J. Terminated providers are placed on a national disqualified list. Once included on the national disqualified list, a family day care home will remain on the list until such time as CYFD determines that the serious deficiency(ies) that led to its placement on the list has(ve) been corrected, or until seven years have elapsed since its agreement was terminated for cause. However, if the day care home has failed to repay debts owed under the program, it will remain on the list until the debt has been repaid.

[8.2.2.8 NMAC - Rp, 8 2.2.8 NMAC, 06-15-09]

8.2.2.9 ADMINISTRATIVE REVIEW PROCESS:

A. The children, youth and families department will follow the administrative appeal process as described in 8.8.4 NMAC and as required in 7 CFR Part 226.6(k) and for the following state actions:

(1) application denial: denial of a new or renewing institution's application for participation;

(2) denial of sponsored facility application: denial of an application submitted by a sponsoring organization on behalf of a facility;

(3) notice of proposed termination: proposed termination of an institution's agreement (see 7 CFR Part 226.6(c)(2)(iii)(C), Part 226.6(c)(3)(iii)(C), and Part 226.6(c)(5)(i)(B) dealing with proposed termination of agreements with renewing institutions, participating institutions, and participating institutions suspended for health or safety violations);

(4) notice of proposed disqualification of a responsible principal or responsible individual: proposed disqualification of a responsible principal or responsible individual (see 7 CFR Part 226.6 (c)(1)(iii)(C), Part 226.6(c)(2)(iii)(C), Part 226.6(c)(3)(iii)(C), and Part 226.6(c)(5)(i)(B) dealing with proposed disqualification of responsible principals or responsible individuals in new, renewing, and participating institutions, and participating institutions suspended for health or safety violations;

(5) suspension of participation: suspension of an institution's participation;

(6) start-up or expansion funds denial: a denial of an institution’s application for start up or expansion payments;

(7) advance denial: a denial of a request for an advance payment;

(8) recovery of advances: recovery of all or part of an advance in excess of the claim for the applicable period; the recovery may be through a demand for full repayment or an adjustment of subsequent payments;

(9) claim denial: a denial of all or part of a claim for reimbursement, except for late submission as stated in 7 CFR 226.10(e);

(10) claim deadline exceptions and requests for upward adjustments to a claim: decision by CYFD not to forward to FNS an exception request by an institution for payment of a late claim, or a request for an upward adjustment to a claim;

(11) overpayment demand: a demand for the remittance of an overpayment, or any other action affecting the participation of an institution in the program or the institution’s claim for reimbursement;

(12) other actions: any other CYFD action affecting an institution's participation or its claim for reimbursement.

B. The administrative review process procedures are made available in writing each year to all institutions at the time of application for participation in the program and when CYFD takes any action which requires an administrative review as set forth herein.

C. Appellants shall receive adequate notice of the administrative review date and of the right to be represented by legal counsel.

D. Decisions are rendered within sixty days of the administrative review.

E. The determination by the state administrative review official is the final administrative determination afforded to the appellant.

F. Actions not subject to administrative review include FNS decisions on claim deadline exceptions and requests for upward adjustments to a claim, and other situations as per 7 CFR 226.6(k)(3)(ii-iv).

[8.2.2.9 NMAC - Rp, 8 2.2.9 NMAC, 06-15-09]

8.2.2.10 PROGRAM ASSISTANCE AND REVIEW:

A. CYFD provides at least annual training and technical assistance, as needed, to participating institutions and sponsoring organizations.

(1) CYFD conducts ongoing program reviews of institutions to assess compliance with state and federal guidelines for operating the program. CYFD may conduct a review of any institution, at any time, without prior notification in order to ascertain program compliance.

(2) CYFD annually reviews at least one-third of all sponsoring organizations.

(3) Independent centers, sponsoring organizations of centers, and sponsoring organizations of day care homes with 1 to 200 providers will be reviewed at least once every three years. Reviews of sponsoring organizations will include reviews of at least 15 percent of their childcare, adult day care and outside-school-hours care centers and at least 10 percent of their day care homes.

(4) Sponsoring organizations with more than 200 homes will be reviewed at least once every two years. Reviews of such sponsoring organizations will include reviews of at least 10 percent of the first 200 homes, 5 percent of the next 800 homes, and 2.5 percent of all homes in excess of 1,000 homes.

B. CYFD conducts reviews for newly participating sponsoring organizations with five or more child care or adult day care facilities, and all home sponsoring organizations, within the first 90 days of program operations.

(1) CYFD conducts pre-approval visits to all newly participating institutions prior to approval of their applications.

(2) CYFD conducts initial reviews of all newly participating center institutions within three to six months of program approval.

(3) CYFD conducts additional reviews of any institution participating in the program which CYFD has determined to have a history of serious deficiencies.

C. CYFD reviews and validates at least one full month of an institution's claim as a sample during program reviews.

D. CYFD conducts follow up visits of institutions found to be seriously deficient within 90 days of the notification to the sponsor of a seriously deficient status.

E. CYFD provides technical assistance to institutions upon request.

[8.2.2.10 NMAC - Rp, 8 2.2.10 NMAC, 06-15-09]

8.2.2.11 COMPLAINT AND REFERRAL PROVISIONS:

A. CYFD promptly investigates complaints received by the public or other state offices in connection with the operation of the program, and takes appropriate action to correct any program non-compliance or deficiency.

B. CYFD maintains a file of all such investigations and related actions taken.

C. Institutions found to be non-compliant or seriously deficient receive written notice and are required to correct all violations. CYFD makes the determination about the institution's correction of all violations.

D. CYFD will issue a proposal to terminate the program agreement with institutions if serious deficiencies are not corrected within 90 or fewer calendar days of written notification to the institution.

E. CYFD shall suspend an institution's participation when there is an imminent threat to the health and safety of participants, as per 7 CFR Part 226.6 (c)(5)(i)(A).

F. When CYFD, family nutrition bureau staff observes, during investigations, violations of applicable health, safety, or staff-child ratio standards, or attendance in excess of licensed or other approved capacity, CYFD family nutrition bureau staff shall promptly refer any such violations to CYFD's child care services bureau.

G. CYFD denies reimbursement to providers for program meals served to attending children in excess of the licensed or other approved capacity.

[8.2.2.11 NMAC - Rp, 8 2.2.11 NMAC, 06-15-09]

8.2.2.12 FINANCIAL MANAGEMENT:

A. CYFD reviews and approves all institution administrative budgets submitted with the application.

(1) CYFD reviews and approves all budget adjustment requests with adequate justification.

(2) CYFD reviews and approves all changes made to the management plan.

(3) Institutions are responsible for accounting for costs correctly and for maintaining sufficient supporting documentation to demonstrate that costs claimed have been incurred, are allowable to the program and comply with CYFD policies, financial management requirements and with USDA's FNS instruction 796-2, Revision 3 which is distributed to all institutions upon approval to participate in the program.

B. CYFD approves applications and issues start-up payments to eligible institutions, and monitors the use of these payments.

C. CYFD approves applications and issues advance payments to eligible institutions and monitors the use of these payments.

(1) CYFD recovers, from future claims for reimbursement, outstanding start-up and advance payments from institutions which, in CYFD's opinion, are not able to earn these payments.

(2) Institutions, upon CYFD's written approval, may claim reimbursement for the necessary and reasonable costs of ceasing program participation in accordance with USDA's FNS Instruction 796-2, Revision 3, Section VIII(l)(38).

D. Claims for reimbursement are submitted by institutions by the tenth of the month following the month being claimed and report information in accordance with the financial management system established by CYFD.

(1) Each institution certifies that the claim is correct and that records are available to support the claim.

(2) Independent proprietary Title XX centers shall document that not less that 25 percent of enrolled participants were Title XX beneficiaries in the month claimed. Alternatively, the center shall document that it has valid free or reduced price meal applications on file for at least 25 percent of the enrolled children or 25 percent of the

licensed capacity, whichever is less. CYFD will review and validate during on site reviews the Title XX documentation or free or reduced meal applications of eligible children claimed to validate the 25 percent requirement.

(3) CYFD shall pay all valid claims within 45 calendar days of receipt. Within 15 calendar days of receipt of any incomplete or incorrect claim which must be revised for payment, CYFD shall notify the institution as to why and how such claim must be revised.

(4) The institution shall retain all records to support the claim for a period of three years after the submission of the final claim for the fiscal year to which they pertain.

(5) All accounts and records pertaining to the program are made available, upon request, to representatives of CYFD, USDA and of the US general accounting office for audit or review.

E. CYFD ensures that payment is not made for meals served to participants attending in excess of the authorized capacity of the institution.

[8.2.2.12 NMAC - Rp, 8 2.2.12 NMAC, 06-15-09]

8.2.2.13 AUDIT REQUIREMENTS:

A. Institutions shall conduct financial audits of their program in accordance with the office of management and budget circulars A-133 and A-110 and the U.S. department of agriculture's uniform federal assistance regulations (7 CFR Part 3015). CYFD instructs institutions of the audit requirements during annual training.

B. Institutions not subject to the OMB A-133 or A-110 audit requirements will have a financial review conducted by CYFD during administrative program reviews which will be conducted no less than every three years and upon any referral or complaint regarding financial operations.

C. Audits are due to CYFD no later than nine months after the close of the institution's fiscal year.

[8.2.2.13 NMAC - Rp, 8 2.2.13 NMAC, 06-15-09]

8.2.2.14 PAYMENT PROVISION:

A. Congress assigns rates of reimbursement for meals, annually.

B. Institutions shall submit to CYFD each month's counts for meals served daily to participants from families meeting the eligibility standards for free meals, participants

from families meeting the eligibility standards for reduced-price meals, and participants from families not meeting such guidelines.

C. CYFD uses the meals times rates payment method to reimburse institutions participating in the program.

[8.2.2.14 NMAC - Rp, 8 2.2.14 NMAC, 06-15-09]

8.2.2.15 CLAIMS AGAINST INSTITUTIONS:

A CYFD shall recover any payment made to an institution for disallowed claims. CYFD identifies disallowed claims during program reviews and considers payments made for such claims as over payments. CYFD shall notify all institutions of the reasons for the disallowed claim and demand reimbursement. The institution may request an administrative review of CYFD's decision as provided in Paragraph (11) of Subsection A of 8.2.2.9 NMAC.

B. Disallowed claims include the following for independent centers:

(1) lack of documentation to verify sufficient milk purchases to meet the required portion size for each age group, as documented in the menu record book and claimed for any month reviewed;

(2) reimbursement for meals, or snacks, claimed which lack required components;

(3) reimbursement for meals or snacks claimed which include non creditable foods as one of the required meal components;

(4) reimbursement for meals claimed when food production observed or recorded indicate there was not enough food prepared to provide the minimum serving size for the meals claimed for eligible children; food production is calculated using the USDA food buying guide;

(5) reimbursement for meals claimed when there is insufficient, or lack of, documentation to support the quantity and types of foods served;

(6) reimbursement for meals claimed in excess of two main meals and one supplement, or two supplements and one main meal per child, per day;

(7) reimbursement for meals claimed when meal count records do not support the meals claimed, or when any other required documentation to support the meals claimed, is not available;

(8) reimbursement for meals served during unapproved meal time periods;

(9) reimbursement for individual meals claimed in excess of recorded attendance or authorized capacity;

(10) reimbursement for all meals claimed for any month by for-profit Title XX centers when less than 25 percent of enrolled participants are Title XX beneficiaries or eligible for free or reduced price meals.

C. Disallowed claims for sponsoring organizations of day care homes include the following:

(1) reimbursement paid for meals served to ineligible children;

(2) reimbursement paid for ineligible meals or meals served during unapproved time periods;

(3) reimbursement paid for meals served that do not follow the USDA meal pattern as described in 7 CFR 226.20, and the state agency non creditable foods list;

(4) reimbursement for meals served to children not properly enrolled;

(5) reimbursement paid for meals served to providers' own children without current and complete income eligibility applications on file;

(6) reimbursement paid for meals at Tier 1 rates to providers who are incorrectly classified as Tier 1; the difference between Tier 1 and Tier 2 reimbursement paid to providers, is considered an over payment;

(7) reimbursement paid for meals at Tier I rates served by Tier II providers who do not have adequate Tier I eligibility documentation for non resident children.

D. Sponsoring organizations of day care homes shall recover payments from family day care home providers for the following disallowed claims:

(1) failure to maintain daily menu and attendance records;

(2) claiming meals when eligible enrolled children are not present;

(3) claiming meals which do not meet meal pattern requirements;

(4) claiming more than 2 main meals and a snack or two snacks and a main meal per child per day;

(5) claiming provider's own children when non resident children are not present at the meal service;

(6) program participants not found at the family day care home during stated hours of care on two consecutive visits; in such cases, the sponsoring organization shall dis-enroll these participants from the program and shall disallow any future claims concerning such participants until the sponsor verifies attendance.

E. Sponsoring organizations of family day care homes shall notify providers of disallowed claims and afford an opportunity for an administrative review in accordance with 7 CFR Part 226.6(l)(2).

[8.2.2.15 NMAC - Rp, 8 2.2.15 NMAC, 06-15-09]

8.2.2.16 INSTITUTION OPERATIONAL PROVISIONS:

A. Each institution is solely responsible for the administrative and financial management of the program, including the actions of their employees. Institutions may not use independent contractors to manage the program.

B. Each institution shall provide adequate supervisory and operational personnel for monitoring and management of the program.

C. Each institution shall establish procedures to collect and maintain all necessary program records as described in the Code of Federal Regulations, 7 CFR 226.15 e(1), (3), (4), (7), (8), (9), (10), (11), and (12).

D. Sponsoring organizations of day care homes shall maintain their provider, participant, meal attendance, monitoring visits and claim payment records in an electronic format using a state agency approved computer data base program. Sponsors submit their data electronically on a regular basis and as requested by CYFD in a format compatible with CYFD's electronic data base program.

E. Each institution shall maintain appropriately staffed offices and phone lines for access by program clients and CYFD staff.

[8.2.2.16 NMAC - Rp, 8.2.2.16 NMAC, 06-15-09]

8.2.2.17 SPONSORING ORGANIZATION PROVISIONS:

A. Sponsoring organizations of day care homes shall monitor the program at all day care homes under their respective jurisdiction according to requirements in 7 CFR 226.16(d) (1), (2), (3), and (4). Additionally, sponsors are required to review each day care home participating with the organization at least four times during the provider's application year and follow the review elements and reconciliation of meal count requirements listed in 7 CFR 226.16(d)(4)(i-ii).

B. Sponsoring organizations of day care homes shall maintain information concerning dates and amount of disbursement to each day care home and information concerning the dates and location of each day care home review.

C. Sponsoring organizations of day care homes shall provide payments of claim reimbursement funds to their day care home providers within five working days of receipt of funds from CYFD.

D. Sponsoring organizations of day care homes shall maintain their data on providers, program participants, monitoring visits, meal attendance and claim payments made to providers, in a child and adult care food program software system approved by CYFD in order to provide consistent data reporting. Sponsoring organizations of day care homes shall respond to CYFD inquiries regarding possible duplicate participants or providers, and any other program integrity questions in a timely manner.

E. Sponsoring organizations of child care and adult day care facilities shall provide adequate supervision and monitoring of the program at all child care and adult day care facilities under their jurisdiction and according to 7 CFR Part 226.16(d).

[8.2.2.17 NMAC - Rp, 8.2.2.17 NMAC, 06-15-09]

8.2.2.18 REQUIREMENTS FOR MEALS:

A. Each meal served in the program shall comply with USDA meal patterns as outlined in federal regulations 7 CFR Part 226.20 and with the CYFD creditable foods list.

(1) Non-creditable foods shall not be used to meet the meal pattern component requirement. Some foods which are non-creditable include but are not limited to: hot dogs, doughnuts, and processed lunch meats that do not appear in the USDA food buying guide or do not have a child nutrition (CN) label. All items which are listed as "not reimbursable" or "not allowable" on the non creditable list supplied by CYFD are not reimbursable, and their purchase price is subtracted from total food costs by CYFD review staff during program and other on site reviews.

(2) Infants shall be provided meals which follow USDA meal pattern for infants. The provider/center is responsible for providing one milk or soy-based house formula only. The parent shall be notified in writing of the availability of this formula. If the parent elects to have the center/provider use a different formula which the parent provides, the infant may still be claimed for reimbursement. Care givers may not deviate from the infant meal pattern without a doctor’s written statement which specifies what foods to allow or not allow for the individual infant.

B. Special dietary needs and requirements of children shall be met. Special dietary needs include, but are not limited to, diabetic diets, high calorie, lower calorie, mechanically altered, and substitutions for food allergies or intolerance. Special dietary

needs shall be expressed in an order from a medical authority which specifies any texture modifications, foods to be eliminated and which foods to substitute for the eliminated food, and other diet modifications. They do not include enteral or parenteral formulas which may be covered by medical insurance or medicare/medicaid.

C. Child nutrition ("CN") labeled products are not required for CACFP programs, and do not necessarily meet the meal requirements for CYFD's creditable foods list. Combination food items purchased which do not have a CN label must have a product analysis sheet from the manufacturer.

D. Family style meal service ("FSMS") or a modified version thereof, where all required components of the meal are placed on the table at the start of the meal and children are encouraged to take a portion from each meal component, is required at all participating centers and homes, unless there is a documented reason why FSMS cannot be implemented.

E. Institutions, with the exception of family day care homes, shall document on a daily basis the type and production elements of meals served in the menu record book which is provided by CYFD at the time of program approval.

(1) Family day care home providers document on a daily basis the types and number of meals served to enrolled children on an approved attendance sheet.

(2) Meals served by family day care home providers, including components, are recorded on the menu records which are approved by CYFD and provided by the sponsoring organization.

(3) Family day care home providers are not required to document quantities served, but are required to offer at least the minimum required portion size of each component for each meal.

(4) Family day care home providers are required to specify the times when approved meals are regularly served. Meal service is required to begin within fifteen minutes before or after the specified meal times as documented on the provider-sponsor agreement.

[8.2.2.18 NMAC - Rp, 8.2.2.18 NMAC, 06-15-09]

8.2.2.19 FOOD SERVICE MANAGEMENT COMPANIES:

A. Institutions which contract with a food service management company remain responsible for ensuring that the food service operation conforms to all requirements herein.

B. All procurement of meals from food service management companies shall adhere to the procurement standards set forth in 7 CFR 226.22, Procurement Standards.

C. Institutions with program meal contracts of an aggregate value in excess of $10,000 shall formally advertise such contracts and comply with the federal procedures in 7 CFR 226.21(a)(1-8), which are intended to prevent fraud, waste and program abuse.

D. The institution and the food service management company shall enter into a standard contract as required in 7 CFR 226.6(l).

E. The institution shall submit to CYFD a copy of its contract with the food service management company prior to the beginning of program operations under the subject contract.

F. Proposed additional provisions to the standard contract are submitted to CYFD for approval.

[8.2.2.19 NMAC - Rp, 8.2.2.19 NMAC, 06-15-09]

8.2.2.20 FREE AND REDUCED-PRICE MEALS:

A. Each institution shall submit to CYFD, at the time it applies for program participation, a written policy statement concerning free and reduced-price meals to be uniformly used in all child care and adult day care facilities under its jurisdiction.

B. Institutions are not approved for participation unless CYFD approves the free and reduced price policy statement. CYFD provides the free and reduced price policy statement with each initial application.

C. Each institution annually shall provide a public release to the local media to inform the public of the program's availability.

(1) For all institutions, other than sponsoring organizations of day care homes, the public release shall include the USDA income eligibility guidelines for free and reduced-price meals.

(2) The public release issued by sponsoring organizations of day care homes shall include the USDA income eligibility guidelines for reduced-price meals.

(3) The public release issued by all institutions shall announce the availability of meals at no separate charge and state that meals are available to all participants without regard to race, color, national origin, sex, age or disability.

D. All institutions, other than sponsoring organizations of day care homes, distribute applications for free and reduced-price meals to the families of participants enrolled in the institution.

(1) Sponsoring organizations of day care homes distribute free and reduced-price applications to day care home providers who wish to enroll their own children in the program and, upon request, to parents of children in Tier 2 homes wishing to receive Tier 1 rates.

(2) Applications for free and reduced price meals are made available by CYFD. Institutions shall complete the applications according to 7 CFR Part 226.23(e)(1) and Parts 226.23 (j), (k), (l), (m) and (n).

(3) Completed applications for free and reduced-price meals are valid for 12 months and shall be completed annually.

(4) Free and reduced price applications shall include:

(a) names of all household members;

(b) the signature of an adult member of the household;

(c) social security number of the adult household member signing the application or an indication that the adult household member does not possess one;

(d) household income received by each household member, identified by source of income (such as earnings, wages, pensions, support payments, unemployment compensation, and social security) and total household income.

(5) For a child who is a TANF recipient or a member of a food stamp or FDPIR household only the following is required:

(a) the name(s) and appropriate TANF, food stamp or FDPIR case number(s);

(b) the signature of an adult member of the household;

(c) the name(s) of the enrolled child(ren).

(6) For a child in a Tier II day care home who is a member of a household participating in a federally or state supported child care or other benefit program with an income eligibility limit that does not exceed the eligibility standard for free and reduced price meals, the following is required:

(a) the name(s), appropriate case number(s) (if the program utilizes case numbers), and the name(s) of the qualifying program(s) for the child(ren), and the signature of an adult member of the household; or

(b) if the sponsoring organization or day care home possesses it, official evidence of the household’s participation in a qualifying program (submission of a free and reduced price application by the household is not required in this case).

(7) For a child who participates in head start, only the official head start enrollment document which certifies that the child is eligible based on income guidelines, is required.

(8) For an adult participant who is a member of a food stamp or FDPIR household or is an SSI or medicaid participant, as defined in this section, only the following is required:

(a) the name(s) and appropriate food stamp or FDPIR case number(s) for the participants or the adult participant's SSI or medicaid identification number, as defined in this section; and

(b) the signature of an adult member of the household.

(9) Additional documentation requirements for Tier 1 classifications as required in 7 CFR Part 226.15(f).

E. Institutions shall distribute a letter to households or guardians of enrolled participants in order to inform them of the procedures regarding eligibility for free and reduced-price meals.

[8.2.2.20 NMAC - Rp, 8.2.2.20 NMAC, 06-15-09]

8.2.2.21 VERIFICATION OF PROVIDER ELIGIBILITY:

A. CYFD verifies eligibility for free and reduced-price meals on an annual basis, in accordance with federal regulations 7 CFR 226.23(h).

B. Sponsoring organizations of family day care homes are responsible for verifying the income eligibility for providers who are classified as Tier 1 based on household income.

[8.2.2.21 NMAC - Rp, 8.2.2.21 NMAC, 06-15-09]

8.2.2.22 OTHER NUTRITION PROVISIONS:

A. CYFD provides nutrition education and training to all institutions and participants as an integral part of the child and adult care food program administration in New Mexico.

(1) Nutrition education activities shall be conducted by center staff in child care centers on a monthly basis. Center staff shall document these activities on CYFD forms and maintains such forms for CYFD's review.

(2) Family day care home providers are encouraged to provide nutrition education activities to children as part of their developmentally appropriate program.

B. Centers and family day care home providers are discouraged from utilizing disposable dishes and plastic ware at meal services.

C. CYFD annually reviews a sample of center menus to ensure nutritional quality and variety of meals served.

(1) Menu reviews which identify significant poor quality or lack of variety may require the center to utilize CYFD menus or to contract for services with a licensed or registered dietician/nutritionist to correct the deficient menus.

(2) CYFD provides sample menus to assist participating centers in providing varied and nutritious meals.

[8.2.2.22 NMAC - Rp, 8.2.2.22 NMAC, 06-15-09]

PART 3: REQUIREMENTS FOR PARTICIPATION IN THE SUMMER FOOD SERVICE PROGRAM

8.2.3.1 ISSUING AGENCY:

Children Youth and Families Department (CYFD).

[8.2.3.1 NMAC – Rp 8 NMAC 2.3.1 NMAC, 11-30-01]

8.2.3.2 SCOPE:

This policy applies to all CYFD staff who work with the Summer Food Service Program and to participating sponsoring organizations.

[8.2.3.2 NMAC – Rp 8 NMAC 2.3.2, 11-30-01]

8.2.3.3 STATUTORY AUTHORITY:

Code of Federal regulations, 7 CFR Part 225, Section 13 of the National School Lunch Act.

[8.2.3.3 NMAC – Rp 8 NMAC 2.3.3, 11-30-01]

8.2.3.4 DURATION:

Permanent

[8.2.3.4 NMAC – Rp 8 NMAC 2.3.4 , 11-30-01

8.2.3.5 EFFECTIVE DATE:

November 30, 2001

[8.2.3.5 NMAC – Rp 8 NMAC.2.3.5, 11-30-01]

8.2.3.6 OBJECTIVE:

To establish regulations for administration of the Summer Food Service Program, including requirements for participating sponsoring organizations.

[8.2.3.6 NMAC – Rp 8 NMAC 2.3.6, 11-30-01]

8.2.3.7 DEFINITIONS:

A. "Academic-Year NYSP" means that portion of the National Youth Sports Program operating drug awareness and counseling programs during the months October through April, as authorized under Public Law 100-690, the Anti-Drug Abuse Act of 1988.

B. "Act" means the National School Lunch Act, as amended.

C. "Administrative costs" means costs incurred by a sponsor related to planning, organizing, and managing a food service under the Program, and excluding interest costs and operating costs.

D. "Adult" means, for the purposes of the collection of social security numbers as a condition of eligibility for Program meals, any individual 21 years of age or older.

E. "Advance payments" means financial assistance made available to a sponsor for its operating costs and/or administrative costs prior to the end of the month in which such costs will be incurred.

F. "Areas in which poor economic conditions exist" means (a) the local areas from which a site draws its attendance in which at least 50 percent of the children are eligible for free or reduced price school meals under the National School Lunch Program and the School Breakfast Program, as determined (1) by information provided from departments of welfare, education, zoning commissions, census tracts, and organizations determined by the State agency to be migrant organizations, (2) by the number of free and reduced price lunches or breakfasts served to children attending public and nonprofit private schools located in the areas of Program sites, or (3) from other appropriate sources, or (b) an enrollment program in which at least 50 percent of the enrolled children at the site are eligible for free or reduced price school meals as determined by approval of applications in accordance with 7 CFR Part 225.15(f).

G. "Camps" means residential summer camps and nonresidential day camps which offer a regularly scheduled food service as part of an organized program for enrolled

children. Nonresidential camp sites shall offer a continuous schedule of organized cultural or recreational programs for enrolled children between meal services.

H. "Children" means (a) persons 18 years of age and under, and (b) persons over 18 years of age who are determined by a state educational agency or a local public educational agency of a state to be mentally or physically handicapped and who participate in a public or non profit private school program established for the mentally or physically handicapped.

I. "Component" means one of four food categories of the USDA Meal Pattern Requirements arranged by age group, including: 1) Milk, 2) Meat/Meat Alternates, 3) Bread/Bread Alternates, and 4) Fruits and Vegetables.

J. "Continuous school calendar" means a situation in which all or part of the student body of a school is (a) on a vacation for periods of 15 continuous school days or more during the period October through April and (b) in attendance at regularly scheduled classes during most of the period May through September.

K. "Costs of obtaining food" means costs related to obtaining food for consumption by children. Such costs may include, in addition to the purchase price of agricultural commodities and other food, the cost of processing, distributing, transporting, storing, or handling any food purchased for, or donated to, the Program.

L. "Creditable foods" means foods used to meet the requirements for a reimbursable meal. Foods are creditable based on the following: 1) Nutrient content, 2) Customary function in a meal, 3)USDA regulations, 4) Food and Drug Administration’s (FDA) Standards of Identity, and 5) State agency policies, which include non-creditable foods list as defined in subsection DD of 8.2.3.7 NMAC.

M. "Department" means the NM Children, Youth and Families Department

N. "Disallowance" means the monetary repayment to CYFD resulting from a meal or meals that have been determined ineligible.

O. "Documentation" means the completion of the following information on a free meal application:

(1) Free and reduced priced applications will include:

(a) Names of all household members;

(b) The signature of an adult member of the household;

(c) Social security number of the adult household member signing the application or an indication that the adult household member does not possess one;

(d) Household income received by each household member, identified by source of income (such as earnings, wages, welfare, pensions, support payments, unemployment compensation, and social security) and total household income.

(2) For a child who is a member of a food stamp household or Food Distribution Programs on Indian Reservations (FDPIR), only the following is required;

(a) The name(s) and appropriate food stamp or FDPIR case number(s), and,

(b) The signature of an adult member of the household.

P. "Family" means a group of related or unrelated individuals who are not residents of an institution or boarding house but who are living as one economic unit.

Q. "Fiscal year" means a period of 12 calendar months beginning October 1 of any year and ending September 30 of the following year.

R. "FNS" means the Food and Nutrition Service of USDA.

S. "FNSRO" means the appropriate Regional Office of the Food and Nutrition Service.

T. "Food service management company" means any commercial enterprise or nonprofit organization with which a sponsor may contract for preparing unitized meals, with or without milk, for use in the Program, or for managing a sponsor's food service operations in accordance with the limitations set forth in 7 CFR Section 225.15. Food service management companies may be:

(1) public agencies or entities;

(2) private, nonprofit organizations; or

(3) private, for-profit companies.

U. "Food stamp household" means any individual or group of individuals which is currently certified to receive assistance as a household under the Food Stamp Program.

V. "Homeless feeding site" means a feeding site whose primary purpose is to provide shelter and one or more regularly scheduled meal services per day to homeless families and which is not a residential child care institution as defined in paragraph (c), definition of "school", 7 CFR Section 210.2 of the National School Lunch Program regulations.

W. "Household" means "family" as defined in this Section.

X. "Income accruing to the Program" means all funds used by a sponsor in its food service program, including but not limited to all monies, other than program payments, received from federal, state and local governments, from food sales to adults, and from any other source including cash donations or grants. Income accruing to the Program is deducted from combined operating and administrative costs.

Y. "Income standards" means the family-size and income standards prescribed annually by the Secretary of USDA for determining eligibility for reduced price meals under the National School Lunch Program and the School Breakfast Program.

Z. "Meals" means food which is served to children at a food service site and which meets the nutritional requirements set out in this Part.

AA. "Menu record book" means the official record which is used to document the types of food served and the quantities used to meet the USDA Meal pattern requirements by sponsors participating in the Summer Food Service Program.

BB. "Milk" means whole milk, low-fat milk, skim milk, and buttermilk. All milk must be fluid and pasteurized and must meet State and local standards for the appropriate type of milk. Milk served may be flavored or unflavored. All milk should contain Vitamins A and D at the levels specified by the Food and Drug Administration and at levels consistent with State and local standards for such milk.

CC. "Needy children" means children from families whose incomes are equal to or below USDA’s Guidelines for Determining Eligibility for Reduced Price School Meals.

DD. "Non creditable foods" (also called "other foods" or "extras") means foods that do not meet the criteria for a creditable food, as determined by the state agency, and appear on the CYFD/FNB Non Creditable Foods list. A meal may contain both creditable and non creditable foods. Non creditable foods may be served to supply calories to meet the energy needs of growing children, or to improve acceptability of the rest of the meal. However, non creditable foods may not be used to meet the meal pattern requirements.

EE. "NYSP" means the National Youth Sports Program administered by the National Collegiate Athletic Association.

FF."NYSP feeding site" means a site which qualifies for Program participation on the basis of free meal applications taken from enrolled children and at which all of the children receiving Program meals are enrolled in the NYSP.

GG. "OIG" means the Office of the Inspector General, which is the federal enforcement agency of the Department of Justice.

HH. "Operating costs" means the cost of operating a food service under the Program.

(1) Operating costs include; the cost of obtaining food , labor directly involved in the preparation and service of food, cost of non food supplies, rental and use allowances for equipment and space and cost of transporting children in rural areas to feeding sites in rural areas.

(2) Operating costs exclude; the cost of the purchase of land, acquisition or construction of buildings, alteration of existing buildings, interest costs, the value of in-kind donations and administrative costs.

II. "Private non profit" means tax exempt under the Internal Revenue Code of 1986, as amended.

JJ. "Private non profit organization" means an organization (other than private nonprofit residential camps, school food authorities, or colleges or universities participating in the NYSP) which meets the definition of "private nonprofit" in this Section, and which:

(1) Administers the Program at no more than 25 sites, with not more than 300 children being served at any approved meal service at any one site or, with a waiver granted by the State in accordance with 7 CFR Section 225.6(b)(6)(iii) of this Part, not more than 500 children being served at any approved meal service at any one site;

(2) Operates in areas where a school food authority or the local, municipal, or county government has not indicated by March 1 of the current year that such authority or unit of government will operate the Program in the current year except that, if a school food authority or local, municipal, or county government has served that area in the prior year's Program, the private nonprofit organization may only sponsor the Program in that area if it receives a waiver from the state agency in accordance with 7 CFR Section 225.6(a)(3)(iv)(13));

(3) Exercises full control and authority over the operation of the Program at all sites under its sponsorship;

(4) Provides ongoing year-round activities for children or families;

(5) Demonstrates that it possesses adequate management and the fiscal capacity to operate the Program; and

(6) Meets applicable state and local health, safety, and sanitation standards.

KK. "Program" means the Summer Food Service Program for Children authorized by Section 13 of the National School Lunch Act.

LL. "Program funds" means federal financial assistance made available to state agencies for the purpose of making Program payments.

MM. "Program payments" means financial assistance in the form of start-up payments, advance payments, or reimbursement paid to sponsors for operating and administrative costs.

NN. "Rural" means (a) any area in a county which is not a part of a Metropolitan Statistical Area or (b) any "pocket" within a Metropolitan Statistical Area which, at the option of the state agency and with FNSRO concurrence, is determined to be geographically isolated from urban areas.

OO. "School food authority" means the governing body which is responsible for the administration of one or more schools and which has the legal authority to operate a lunch program in those schools. In addition, for the purpose of determining the applicability of food service management company registration and bid procedure requirements, 'school food authority' also means any college or university which participates in the Program.

PP. "Self-preparation sponsor" means a sponsor which prepares the meals that will be served at its site(s) and does not contract with a food service management company for unitized meals, with or without milk, or for management services.

QQ. "Session" means a specified period of time during which an enrolled group of children attend camp.

RR. "Site" means a physical location at which a sponsor provides a food service for children and at which children consume meals in a supervised setting.

SS. "Special account" means an account which a state agency may require a vended sponsor to establish with the state agency or with a federally insured bank. Operating costs payable to the sponsor by the state agency are deposited in the account and disbursement of monies from the account must be authorized by both the sponsor and the food service management company.

TT."Sponsor" means a public or private non-profit school food authority, a public or private non profit residential summer camp, a unit of local, municipal, county or state government, a public or private non profit college or university currently participating in the NYSP, or a private non profit organization which develops a special summer or other school vacation program providing food service similar to that made available to children during the school year under the National School Lunch and School Breakfast Programs and which is approved to participate in the Program. In addition "sponsor" may also mean a public or private non-profit college or university which participates in the NYSP during the months of October through April and is approved to participate in the Program. Sponsors are referred to in the Act as "service institutions".

UU. "Start-up payments" means financial assistance made available to a sponsor for administrative costs to enable it to effectively plan a summer food service, and to establish effective management procedures for such a service. These payments are deducted from subsequent administrative cost payments.

VV. "State" means the state of New Mexico.

WW. "State agency" means the New Mexico Children, Youth and Families Department.

XX. "TANF assistance unit" means any individual or group of individuals which is currently certified to receive assistance under the Temporary Assistance to Needy Families program in a state where the standard of eligibility for TANF benefits does not exceed the income standards for free meals under the National School Lunch Program (7 CFR Part 245).

YY. "Vended sponsor" means a sponsor which purchases from a food service management company the unitized meals, with or without milk, which it will serve at its site(s); or a sponsor which purchases management services, subject to the limitations set forth in Section 7 CFR 225.15, from a food service management company.

[8.2.3.7 NMAC – Rp 8 NMAC 2.3.7, 11-30-01]

8.2.3.8 APPLICATION APPROVAL, RENEWAL AND DENIAL:

A. CYFD/Family Nutrition Bureau (FNB) enters into agreement with any non profit (501-c-3) organization which meets the established USDA program criteria in 7 CFR 225 and subsection B of 8.2.3.8 NMAC.

B. Any non-profit organization wishing to participate as a sponsoring organization in the Summer Food Service Program completes and submits annually an application that includes at a minimum: a management plan, an administrative and operational budget, a non-discrimination statement, non-pricing policy statement, certificate of authority, civil rights questionnaire, certification regarding lobbying, signed agreement to participate, meal site information and public release statement.

(1) CYFD informs all of the previous year’s sponsors which meet current eligibility requirements and all other potential sponsors by February 1 of the deadline date for submitting a written application for participation in the Program.

(2) CYFD informs all applicant sponsoring organizations by February 1 of the procedure for applying for advance operational and administrative costs payments.

(3) Within 30 days of receiving a complete and correct application, CYFD notifies the applicant of its approval or disapproval. If an incomplete application is received, CYFD notifies the applicant within 30 days of receipt of an incomplete

application and provides technical assistance for the purpose of completing the application.

C. CYFD uses the following order of priority in approving applicants to operate sites which propose to serve the same area of enrolled children:

(1) Applicants which are public or non-profit school food authorities;

(2) All other government sponsors and private nonprofit organizations that successfully administered the program in a prior year;

(3) New government sponsors; and

(4) New private non profit organizations.

D. CYFD reviews each applicant's administrative budget as a part of the application approval process in order to assess the applicant's ability to operate in compliance within the federal regulations and within its projected reimbursement.

[8.2.3.8 NMAC – Rp 8 NMAC 2.3.8, 11-30-01]

8.2.3.9 PROGRAM MONITORING AND REVIEW:

A. CYFD conducts Program monitoring and provides Program assistance to sponsors during on site reviews.

(1) Pre-approval visits are conducted by CYFD staff for all new sponsors and sites, to assess the applicant's site potential for successful Program operations and to verify information provided in the application.

(2) Sponsor and site reviews of sponsors are conducted to ensure compliance with Program regulations, USDA's nondiscrimination regulations and any other applicable Department requirements.

(3) Follow-up reviews of sponsors and sites are conducted as necessary.

(4) CYFD develops and implements a monitoring system to ensure that sponsors, site personnel, and any applicable food service management company receive a copy of all review reports which indicate Program violations and which could result in any Program meal disallowance or over claim.

B. Documentation of Program assistance and the results of such assistance are maintained by CYFD in the sponsor program file.

C. As a part of the review of any vended sponsor which contracts for the preparation of meals, CYFD inspects the food service management company's facilities for compliance with applicable laws.

D. CYFD develops monitor review forms and distributes them to all approved sponsors during the annual spring sponsor training.

E. CYFD may also conduct, or arrange to have conducted, inspections of self-preparation and vended sponsors' food preparation facilities, inspections of food service sites, and meal quality tests.

F. CYFD establishes a financial management system in accordance with the Department's Uniform Financial Assistance Regulations and Food and Nutrition Service guidance. CYFD provides guidance on these financial management standards to all sponsors during the annual spring training.

[8.2.3.9 NMAC – Rp 8 NMAC 2.3.9, 11-30-01]

8.2.3.10 PROGRAM ASSISTANCE TO SPONSORS:

A. Prior to the beginning of Program operations, CYFD provides training in all applicable areas of Program administration to sponsor personnel, food service management company representatives, auditors, and health inspectors who will participate in the Program.

B. CYFD develops and makes available to sponsors, prior to program operation, all necessary Program materials, during the annual spring training, to enable applicant sponsors to prepare adequately for the Program.

C. CYFD, with the assistance USDA, develops and makes available to all sponsors minimum food specifications and model meal quality standards which are to be part of all contracts between vended sponsors and food service management companies.

[8.2.3.11 NMAC – Rp 8 NMAC 2.3.11, 11-30-01]

8.2.3.11 AUDIT REQUIREMENTS:

A. Audits of Sponsoring Organizations shall be conducted in accordance with the Office of Management and Budget Circulars A-133 and A-110 and the U.S. Department of Agriculture's Uniform Federal Assistance Regulations (7 CFR Part 3015).

B. Audits are due to CYFD no later than nine months after the close of the sponsoring organization's fiscal year.

[8.2.3.11 NMAC – Rp 8 NMAC 2.3.11, 11-30-01]

8.2.3.12 CORRECTIVE ACTION AND COMPLAINT INVESTIGATIONS:

A. CYFD promptly investigates complaints received or irregularities noted in conjunction with the operation of the Program and takes appropriate action to correct any irregularity or deficiency. CYFD maintains a file of all such investigations and related actions taken.

B. Whenever CYFD observes violations during the course of a site review, the sponsor is required to take corrective action. A high level of meal service violations requires specific immediate corrective action to be followed by the sponsor. CYFD conducts a follow-up visit to assess if specified corrective action has been taken.

C. CYFD may terminate the participation of a sponsor site if the sponsor fails to take action to correct Program violations cited in a state agency review report within the time frames established by the corrective action plan.

D. CYFD immediately terminates the participation of a sponsor's site if, during a review, a determination is made that the health or safety of the participating children is imminently threatened. If the site is vended, CYFD notifies the food service management company providing meals to the site within 48 hours of the termination action.

E. Except for residential camps, sponsors are restricted to one meal service per day when

any food service site is determined to be in violation of the time restrictions for meal service and corrective action is not taken within a reasonable time as determined by CYFD.

F. Sponsors who fail to plan, prepare or order meals with the objective of serving only one meal per child per site at each meal service may result in CYFD disallowing the number of meals prepared or ordered in excess of the number of children normally served at each site.

G. Meal service violations observed during the conduct of an site review may result in disallowance of all meals observed to be in violation and served to children.

H. CYFD disallows meals which are served in excess of a site's approved level.

[8.2.3.12 NMAC – Rp 8 NMAC 2.3.12, 11-30-01]

8.2.3.13 CLAIMS AGAINST SPONSORS:

CYFD disallows any portion of a claim for reimbursement and recovers any payment to a sponsor not properly payable under 7 CFR 225.12. CYFD may consider claims for reimbursement not properly payable if a sponsor's records do not justify all costs and

meals claimed. CYFD notifies sponsors of the reasons for any disallowance or demand for repayment and notifies all sponsors of the CYFD right to hearing process.

[8.2.3.13 NMAC – Rp 8 NMAC 2.3.13, 11-30-01]

8.2.3.14 REQUIREMENTS FOR SPONSOR PARTICIPATION:

A. Sponsors submit a written application to CYFD for participation in the Program in accordance with federal and state requirements by April 15 and no later than June 15.

B. Applicants eligible to participate as sponsoring organizations include:

(1) Public or nonprofit private school food authorities;

(2) Public or nonprofit private residential summer camps;

(3) Units of local, municipal, county, or State governments;

(4) Public or private nonprofit colleges or universities which are currently participating in the National Youth Sports Program; and

(5) Private nonprofit organizations.

C. No applicant sponsor shall be eligible to participate in the Program unless it:

(1) Demonstrates financial and administrative capability for Program operations and accepts final financial and administrative responsibility for total Program operations at all sites at which it proposed to conduct a food service;

(2) Can demonstrate it has not been found to be seriously deficient in operating the Program or has not been terminated from any federal, state or local program for non compliance with that program's requirements.

(3) Conducts a regularly scheduled food service for children from areas in which poor economic conditions exist, or qualifies as a camp or homeless feeding site;

(4) Provides adequate supervisory and operational personnel for overall monitoring and management of each site;

(5) Provides an ongoing year-round service to the community which it proposes to serve under the Program;

(6) Certifies that all sites have been visited and have the capability and the facilities to provide the meal service planned for the number of children anticipated to be served; and

(7) Enters into a written agreement with the State Agency upon application approval.

[8.2.3.14 NMAC – Rp 8 NMAC 2.3.14, 11-30-01]

8.2.3.15 MANAGEMENT RESPONSIBILITIES OF SPONSOR:

A. Sponsors operate the food service in accordance with provisions set forth in federal regulations, any instructions and handbooks issued by FNS, and any instructions and handbooks issued by the state agency.

B. Each sponsoring organization is solely responsible for the administrative and financial management of the program. Sponsoring organizations may not contract out for management of the program.

C. Sponsors, to the maximum extent feasible, utilize their own food service facilities or obtain meals from a school food service facility.

D. Based on approval of its application, or any adjustment in the approved levels of meal service for its sites, vended sponsors shall inform their food service management company of the approved level at each site for which the food service management company will provide meals.

E. Sponsors plan for and prepare, or order, meals on the basis of participation trends with the objective of providing only one meal per child at each meal service. In recognition of the fluctuation in participation levels which makes it difficult to estimate precisely the number of meals needed, and to reduce the resultant waste, sponsors may claim reimbursement for second meals which do not exceed two percent of the number of first meals served to children for each meal type during the claiming period.

F. Sponsors maintain accurate records which justify all costs and meals claimed. The sponsor’s records are available at all times for inspection and audit by representatives of USDA, the Inspector General of the United States, and CYFD for a period of three years following the date of submission of the final claim for reimbursement for the fiscal year. All final claims are submitted to CYFD within 60 days following the last day of the month covered by the claim.

G. Sponsors conduct Program training sessions for administrative and site personnel and do not allow any site to operate until personnel have attended at least one of these training sessions.

(1) Sponsors visit each of their sites at least once during the first week of Program operation and promptly take actions that are necessary to correct any site deficiencies.

(2) Sponsors review food service operations at each site at least once during the first four weeks of Program operations, and thereafter maintain a reasonable level of site monitoring.

(3) When a site is approved for more than one meal service, such as breakfast and lunch, the sponsor shall follow the requirements of paragraph one and two of subsection G of 8.2.3.15 NMAC for the lunch meal service and conduct one additional monitoring visit for the other meal service within the first four weeks of that meal service operation.

H. Sponsors annually announce in the media serving the area from which it draws its attendance, the availability of free meals.

I. Each sponsoring organization must provide adequate supervisory and operational personnel for monitoring and management of the program.

J. Each sponsoring organization must establish procedures to collect and maintain all necessary program records as described in 7 CFR 225.15 (c).

K. Each sponsoring organization is required to maintain appropriately staffed offices and phone lines to permit accessibility by program clients and CYFD staff.

[8.2.3.15 NMAC – Rp 8 NMAC 2.3.15, 11-30-01]

8.2.3.16 MEAL SERVICE REQUIREMENT:

A. Each meal served in the Program complies with USDA meal patterns as outlined in federal regulations 7 CFR 225.16 (d) and with CYFD/FNB creditable foods list.

(1) Non-creditable foods are not used to meet the meal pattern component requirement. Some foods which are non creditable are: hot dogs, sausage, bologna, salami, and other sausage type lunch meats, and doughnuts. Designated items on the non creditable list supplied by CYFD are also not reimbursable and their purchase price is subtracted from total food costs during administrative reviews.

(2) Infants may be served and claimed only with prior approval from CYFD.

B. Special dietary needs and requirements of children with special dietary requirements are met, with approval by medical authority. This includes, but is not limited to: diabetic diets, high calorie, lower calorie, mechanically altered, and substitutions for food allergies and/or intolerance. This does not include enteral/parenteral formulas which may be covered by medical insurance or Medicare/Medicaid.

C. Child Nutrition (CN) Labeled products are not required for the Summer Food Service Program and do not necessarily meet the meal requirements as established by

the state agency. However, if CN products are used, a copy of the CN label must be maintained in the sponsor menu record file:

(1) For combination food items purchased which do not have a CN label, the sponsor must provide a product analysis sheet from the manufacturer indicating the amount of each food component per serving.

(2) Pizza products with a CN label that identifies the food components, including the meat alternate, are acceptable.

D. Breading on creditable meat items, such as chicken nuggets, is not counted as a bread alternate unless a CN label identifies that the breading meets the required bread alternate amount.

E. Institutions will document on a daily basis the type of meals and amounts of food used to prepare the meals, in the Menu Record Book provided by CYFD.

F. Milk invoices will indicate that sufficient milk was purchase to provide 8 ounces of milk for at least 90% of the meals claimed which required milk to be served.

[8.2.3.16 NMAC – Rp 8 NMAC 2.3.16, 11-30-01]

8.2.3.17 NUTRITION EDUCATION REQUIREMENT:

Sponsoring organizations provide nutrition education activities at each meal site and submit copies of the activities with their claims for reimbursement.

[8.2.3.17 NMAC – Rp 8 NMAC 2.3.17, 11-30-01]

8.2.3.18 SANCTIONS AND PENALTIES:

A. CYFD does not enter into an agreement with any applicant sponsor identifiable through its corporate organization, officers, employees, or otherwise, as an institution which participated in any federal child nutrition program and was seriously deficient in its operation of any such program.

B. CYFD terminates the Program agreement with any sponsor which it determines to be seriously deficient in its operation of the Program.

C. CYFD imposes sanctions in the form of a meal disallowance for the following;

(1) Failure to record meals, types of food and amounts prepared, in the Menu Record Book;

(2) Meals which lack one or more required components;

(3) Meals which contain non creditable foods as a required component; or

(4) The menu records and/or food receipts indicate that not enough food was served, or recorded as served, to have given each participant the minimum portion size of each component. The State agency uses the USDA Food Buying Guide to determine how many servings of each component were available. If the number of servings available is less than the number of participants served as listed on the Menu Record Book, the difference is the number of meals disallowed.

(5) Lack of CN labels or Product Analysis sheets for commercially prepared food products.

[8.2.3.18 NMAC – Rp 8 NMAC 2.3.18, 11-30-01]

8.2.3.19 APPEALS AND HEARINGS:

A. CYFD has established general fair hearing and appeals procedures to be followed by sponsors appealing:

(1) A denial of an application for participation,

(2) A denial of a sponsor's request for an advance payment,

(3) A denial of a sponsor's claim for reimbursement,

(4) CYFD's refusal to forward to Food and Nutrition Service an exception request by the sponsor for payment of a late claim or a request for an upward adjustment to a claim.

(5) A claim against a sponsor for remittance of a payment,

(6) The termination of the sponsor or a site; a denial of a sponsor's application for a site,

(7) A denial of a food service management company's application for registration, or

(8) The revocation of a food service management company's registration.

B. Appeal procedures are made available in writing annually to all sponsoring organizations at the time of application for participation in the Program, and are included with the approval letters for participation, claims for reimbursement, at the time of a meal.

CHAPTER 3-5: [RESERVED]

CHAPTER 6: CLOTHING ASSISTANCE AND SUPPORT [RESERVED]

CHAPTER 7: [RESERVED]

CHAPTER 8: CHILDREN, YOUTH AND FAMILIES GENERAL PROVISIONS

PART 1: GENERAL PROVISIONS [RESERVED]

PART 2: PROTECTIVE SERVICES GENERAL POLICIES

8.8.2.1 ISSUING AGENCY:

Children, Youth and Families Department (CYFD), Protective Services Division (PSD).

[8.8.2.1 NMAC - Rp, 8.8.2.1 NMAC, 03/31/10]

8.8.2.2 SCOPE:

Protective services staff and the general public.

[8.8.2.2 NMAC - Rp, 8.8.2.2 NMAC, 03/31/10]

8.8.2.3 STATUTORY AUTHORITY:

Children, Youth and Families Department Act, Section 9-2A-7 D, NMSA 1978; New Mexico Children's Code, Section 32A-1-1, NMSA 1978 (Cum. Supp. 2009); and New Mexico Children's Court Rules SCRA 10-1 et seq.

[8.8.2.3 NMAC - Rp, 8.8.2.3 NMAC, 03/31/10]

8.8.2.4 DURATION:

Permanent.

[8.8.2.4 NMAC - Rp, 8.8.2.4 NMAC, 03/31/10]

8.8.2.5 EFFECTIVE DATE:

March 31, 2010 unless a later date is cited at the end of a section.

[8.8.2.5 NMAC - Rp, 8.8.2.5 NMAC, 03/31/10]

8.8.2.6 OBJECTIVE:

To establish policies for the administrative functioning of the protective services division.

[8.8.2.6 NMAC - Rp, 8.8.2.6 NMAC, 03/31/10]

8.8.2.7 DEFINITIONS:

A. "Administrative hearing" in PSD, administrative hearings are used in the circumstances described herein at Paragraphs (1) through (3) of Subsection B of 8.8.2.13 NMAC.

B. "Administrative review" is an informal process, which may include an informal conference or may include only a record review. The administrative review does not create any substantive rights for the client.

C. "AFCARS" refers to the federally-required automated foster care and adoptions reporting system. States are required to submit AFCARS data semi-annually. This includes case level information on all children in PSD custody, children who are adopted under the auspices of PSD, and information on foster and adoptive parents.

D. "Child abuse and neglect check" is a review of the PSD family automated client tracking system, also known as FACTS, or another state's central abuse or neglect registry to determine if there have been any previous referrals on the family to this state's or any other state's child protective services division.

E. "Children's Code" refers to the New Mexico Children's Code, Section 32A-1-1, et. seq., NMSA 1978.

F. "Client" means a person who is receiving services from PSD.

G. "Communicable disease" means any infectious disease that is both potentially communicable through common social or sexual contact and poses a significant health risk if contracted.

H. "Criminal records check (CRC)" as discussed herein, means federal, state or local checks for criminal offenses conducted on PSD employees as well as volunteers and students working in a PSD office. The level of CRC depends on duties performed, as per 8.8.2.22 NMAC herein. Requirements for CRC in reference to foster or adoptive parents are outlined in "Licensing Requirements for Foster and Adoptive Homes," 8.26.4.10 NMAC.

I. "CYFD" refers to the children, youth and families department.

J. "FACTS" refers to the family automated client tracking system (FACTS), the official data management system for CYFD.

K. "NCANDS" refers to the national child abuse and neglect data system (NCANDS), a voluntary national data collection and analysis system created in response to the requirements of the Child Abuse Prevention and Treatment Act.

L. "Need to know" is the standard by which individual(s) are identified as required to receive confidential information, based upon risk of transmission of a specific disease.

M. "NYTD" refers to the national youth in transition (NYTD) database, a national data collection and analysis system created in response to the requirements of the Foster Care Independence Act of 1999.

N. "Policies" are those regulations that govern CYFD activities and have the force of law.

O. "Procedures" direct PSD staff in how to implement policies.

P. "Protective services division (PSD)" refers to the protective services division of the children, youth and families department, and is the state's designated child welfare agency.

Q. "Provider" refers to foster care and adoptive families.

R. "RMS" means random moment sample and is the process used by CYFD to collect information to support claims for reimbursement from the state and federal funding sources.

S. "SACWIS" means the statewide automated child welfare information systems (SACWIS), a comprehensive automated case management tool that supports foster care and adoptions assistance case management practice. FACTS is the state of New Mexico's SACWIS system.

T. "Secretary" means the secretary of CYFD.

U. "Stipend students" are students in an undergraduate or graduate social work program in New Mexico who have been selected to receive stipends to support their education in return for working for PSD for a specified period of time.

V. "Supervision" is the formal, professional relationship in which the supervisor has oversight responsibility of the work duties and work life of the designated supervisee. Supervision is to be provided under the three functions of the supervisory framework.

W. "Supervisor" is an individual within the agency that are identified as responsible for assigned employee's execution of job duties within the agency.

X. "Supervisee" is the employee assigned and reports directly to their designated supervisor.

Y. "Universal precautions" are the standardized protocols for the prevention of communicable disease.

Z. "Vendor" refers to individuals or businesses from which PSD purchases goods and services for the needs of our clients.

[8.8.2.7 NMAC - Rp, 8.8.2.7 NMAC, 3/31/2010; A, 2/29/2012; A; 5/25/2021]

8.8.2.8 PROTECTIVE SERVICES DIVISION:

The protective services division is New Mexico's officially designated child welfare agency, responsible for providing child protective services to individuals and families.

A. PSD shall be responsible for administering and supervising the state of New Mexico's child welfare services plan pursuant to Section 422(a) of the Social Security Act, 42 U.S.C. 622(a), and the agency responsible for the state plans under Title IV-B and IV-E of the Social Security Act and the social services block grant program pursuant to Title XX.

B. The protective services division shall maintain community based offices and maintains a toll free number that is posted in protective services division offices. Access to emergency protective services is available 24 hours a day, seven days a week.

[8.8.2.8 NMAC - Rp, 8.8.2.8 NMAC, 03/31/10; A, 02/29/12]

8.8.2.9 LEGAL AUTHORITY AND GUIDELINES:

PSD and its contractors shall provide services and issue licenses and certifications in accordance with federal and state constitutional, statutory and regulatory requirements, without regard to race; ethnicity; creed; color; age; religion; sex or gender; gender identity; gender expression; sexual orientation; marital status or partnership; familial or parental status; pregnancy and breastfeeding or nursing; disability; genetic information; intersex traits; medical condition, including HIV/AIDS; citizenship or immigration status; national origin; tribal affiliation; ancestry; language; political affiliation; military or veteran status; status as a survivor of domestic violence; sexual assault, or stalking; or any other non-merit factor in accordance with law.

[8.8.2.9 NMAC - Rp, 8.8.2.10 NMAC, 3/31/2010; A, 5/25/2021]

8.8.2.10 INTERAGENCY AND INTEROFFICE COLLABORATION AND COOPERATION:

A. PSD shall work with the other service areas within CYFD and other state and local agencies to enhance the provision of services to clients.

B. PSD county offices shall work together to provide one another with mutual support and assistance, including, but not limited to, providing cross-county interviews, home studies and supervision.

[8.8.2.10 NMAC - Rp, 8.8.2.19 NMAC, 03/31/10]

8.8.2.11 POLICY AND PROCEDURES DEVELOPMENT AND REVIEW:

A. PSD shall hold a public hearing prior to the inclusion, amendment or repeal of any portion of the New Mexico administrative code in accordance with the State Rules Act.

B. PSD shall file policies with the New Mexico state records center and archives in accordance with the State Rules Act.

C. Emergency rules:

(1) For good cause, PSD may issue rules on an emergency basis without notice or hearing if the secretary determines that the immediate implementation is necessary for public peace, health, safety, or general welfare. An emergency rule is effective for no longer than 30 days unless published in the New Mexico register in accordance with 1.24.20 NMAC. Upon publication in the New Mexico register, emergency rules are converted to regular rules with such duration as stated in the published rule.

(2) Under CYFD's enabling statute, 9-2A-2(E) NMSA, PSD may also engage in "interim rule making," if the CYFD secretary certifies to the department of finance and administration that the CYFD has insufficient state funds to operate any of the programs it administers and that reductions in services or benefit levels are necessary.

D. Maintenance of policies: PSD shall regularly review policies and make revisions as necessary to reflect changes in practice to comply with federal and state laws as well as changes in CYFD standards of practice and funding. PSD shall consider requests for revisions to policies by any individual. Revisions to policies shall be made as provided by statute and regulations.

E. PSD policies are published in the New Mexico administrative code, which is available at http://www.nmcpr.state.nm.us/NMAC under Title 8, Social Services. Copies of policies and procedures are available for public inspection in PSD county offices; reasonable copying charges are assessed for duplication.

[8.8.2.11 NMAC - Rp, 8.8.2.11 NMAC, 03/31/10; A, 02/29/12]

8.8.2.12 PROVISION OF SERVICES:

A. PSD shall make reasonable efforts to protect reported children from abuse and neglect, and when safely possible, to preserve the integrity of the family unit.

B. Provision of services is based upon the results of the assessment of the safety of the child, an assessment of the risk to the child, the protective capacities of the parent or guardian, and the availability of services.

C. Services shall be provided in a setting most consistent with the least restrictive alternatives and the case plan developed.

D. Provision of services shall not be dependent upon income certification or recertification for persons receiving the following services:

(1) child protective services;

(2) youth services;

(3) in-home services;

(4) child protective services childcare;

(5) permanency planning service for children; or

(6) adoption services for children.

E. PSD shall provide services in accordance with the Americans with Disabilities Act (ADA).

F. There shall be no residency or citizenship requirements for the provision of protective services.

G. Protective services shall be provided when indicated (see Subsection B above) to children who are infected with a communicable disease. PSD staff and providers use universal precautions for the prevention of communicable disease.

[8.8.2.12 NMAC - Rp, 8.8.2.13 NMAC, 03/31/10; A, 02/29/12]

8.8.2.13 ADMINISTRATIVE REVIEWS AND APPEALS:

PSD shall provide a client with either an administrative review or an administrative hearing to appeal a PSD decision, as outlined below. The outcome of an administrative review or hearing is final except as otherwise provided by law or these policies.

A. Administrative review:

(1) An administrative review shall be used in the following instances:

(a) removal of children in foster care when the children have been in placement with the family for longer than six months;

(b) removal of adoptive children prior to finalization;

(c) denial of a resource family license application;

(d) denial of the resource family's request to adopt foster children placed in their home, if the children have been placed with the resource family for longer than six months;

(e) denial of transition support services;

(f) the substantiation of an abuse or neglect investigation unless the issue is in litigation in a pending children's court case;

(g) the substantiation of a past abuse or neglect investigation that has been revealed by a present criminal record check where the records fails to show that PSD provided notice or an opportunity for a review, unless the issue was litigated in a children's court case; or

(h) denial of certification as an independent investigator or adoption counselor.

(2) A client seeking an administrative review shall request the review in writing to PSD within ten days of the action or notice of the proposed action.

(3) The decision to initially place children with an adoptive family is not subject to an administrative review, but is made at PSD's sole discretion.

B. Administrative hearing: An administrative hearing shall be used only in the following instances:

(1) the revocation, suspension, or non-renewal of a foster home licensed by PSD (as specified in 8.26.4 NMAC);

(2) the denial, non-renewal, probation, suspension, or revocation of a child placement agency license (as specified in 8.26.5 NMAC); or

(3) the substantiation of an abuse or neglect investigation after it has been upheld in an administrative review, unless the issue is in litigation in a pending children's court case.

C. PSD shall comply with the administrative appeals process governed by 8.8.4 NMAC, Administrative Appeals.

D. A client seeking an administrative hearing shall request the hearing in writing to the PSD director's office within 10 days of the action or notice of proposed action.

[8.8.2.13 NMAC - Rp, 8.8.2.17 NMAC, 3/31/2010; A, 4/29/2011; A, 2/29/2012; A, 5/25/2021]

8.8.2.14 DATA COLLECTION AND MANAGEMENT INFORMATION:

PSD shall collect client and services information and records that information in the agency's management information system, family automated client tracking system (FACTS).

A. FACTS is the state of New Mexico's SACWIS system and shall be used to conform with federal NCANDS and AFCARS reporting requirements.

B. PSD shall produce reports containing statewide or county-based data for use in monitoring and tracking performance and outcomes.

[8.8.2.14 NMAC - N, 03/31/10]

8.8.2.15 CONFIDENTIALITY:

All PSD staff and CFYD contractors shall maintain confidentiality of records and information in accordance with the laws and regulations that apply to specific services.

A. Abuse and neglect records: Abuse and neglect records are confidential pursuant to the New Mexico Children's Code 32A-4-33(A) NMSA. CYFD may release the identity of a reporting party only with the reporting party's consent or with a court order (See Protective Services Legal Policies, Subsection A of 8.10.7.10 NMAC).

B. Foster care and adoption records: Under CYFD's general rulemaking authority Section 9-2A-7 NMSA, the confidentiality provisions of the Children's Code, Sections 32A-3B-22 and 32A-4-33 NMSA, the specific authority related to certification of foster homes, Section 40-7-4 (D) and the Adoption Act, Sections 32A-5-6 and 32A-5-8 NMSA, all client case records and client identifying information including foster and adoptive families, and applicant files are confidential and may not be publicly disclosed. PSD may release such files only upon a valid court order provided that confidential criminal and abuse and neglect information may not be released, unless a court order specifically orders such a release.

C. Records related to an adoption proceeding: Records related to an adoption proceeding are confidential pursuant to the Children's Code, Section 32A-5-8 NMSA. Post decree adoption records: Guidance on obtaining access of post decree adoption

records by an adult adoptee, biological parent of an adult adoptee, sibling of an adoptee, or adoptive parent of a minor adoptee is outlined in the Adoption Act Regulations, Subsection C of 8.26.3.41 NMAC.

D. Social security administration electronic records: Any information obtained through the social security administration (SSA) data system, ISD2, either directly or from another individual with access to the ISD2, is confidential. Improper access, use or disclosure of ISD information is a violation of the Privacy Act of 1974 (5 U.S.C. Section 552a, Public Law No 93-579), and could result in civil and criminal sanctions pursuant to applicable federal statutes. When a PSD worker becomes aware of a loss or suspected loss of any file containing ISD information (whether a hard copy file, or on a laptop, removable drive, etc.), that worker shall notify CYFD office of the general counsel (OGC) within one hour of the discovery of the loss.

[8.8.2.15 NMAC - Rp, 8.8.2.18 NMAC, 03/31/10; A, 02/29/12]

8.8.2.16 VENDOR AND PROVIDER PAYMENTS:

A. PSD shall collect social security or tax identification numbers for all vendors and providers.

B. PSD seeks recovery of all overpayments made.

C. Any demands for payments shall be submitted within 45 days of the service delivery or the date the charges were incurred or else payment is denied.

[8.8.2.16 NMAC - N, 03/31/10; A, 02/29/12]

8.8.2.17 CRITICAL INCIDENT REVIEW:

A. CYFD office of the general counsel (OGC) may direct PSD to conduct an internal review of any critical incident which may include, but is not limited to:

(1) a serious injury or death of a child in PSD custody or with a PSD history;

(2) high profile cases with PSD history or involvement;

(3) abuse or neglect allegations involving a foster or adoptive parent; and

(4) allegations involving PSD employees, stipend students, or volunteers.

B. Critical incident reviews are confidential, as described herein at Subsections A and B of 8.8.2.15 NMAC, and are not for publication or release.

[8.8.2.17 NMAC - Rp, 8.8.2.24 NMAC, 03/31/10; A, 02/29/12]

8.8.2.18 QUALITY ASSURANCE:

A. PSD's quality assurance unit shall provide regularly scheduled case reviews of a sample of cases in PSD county offices to evaluate the provision of services in the areas of safety, permanency and well-being.

(1) The purpose of the quality assurance unit shall be to provide reliable and valid performance and outcome data that will be used to improve safety, permanency and well-being outcomes for children and families.

(2) The quality assurance unit shall use the federally approved child and family services (CFSR) instrument.

(3) The quality assurance unit shall review in-home and foster care cases.

(4) The quality assurance unit shall notify the county office manager and deputy director immediately about specific cases that have safety issues identified during the county office quality assurance review.

B. The results of the county-based quality assurance review shall be provided in writing to PSD management. The overall results of the county based quality assurance review may be made public upon request. However, information about the specific cases that were the basis of the findings is confidential as described herein at Subsections A and B of 8.8.2.15 NMAC.

C. The PSD management at the county office develops and implements a plan to improve outcomes based upon the results of the report.

D. The quality assurance unit shall conduct other quality assurance activities upon the direction of PSD management. The results of these quality assurance activities shall be provided in writing to PSD management. The overall results of these quality assurance reviews may be made public upon request. However, specific case information that provided for the basis for any finding shall be confidential as outlined herein at Subsections A and B of 8.8.2.15 NMAC.

[8.8.2.18 NMAC - Rp, 8.8.2.28 NMAC, 03/31/10; A, 02/29/12]

8.8.2.19 FOSTER CARE GOALS:

No more than 22% of the total number of children in foster care will have been in foster care for over 24 months at any given point during the fiscal year.

[8.8.2.19 NMAC - N, 03/31/10; 8.8.2.19 NMAC - Repealed; 02/29/12; 8.8.2.19 NMAC – Rn & A, 8.8.2.26 NMAC, 02/29/12]

8.8.2.20 FAMILY CENTERED MEETINGS:

The family-centered meeting (FCM) is a facilitated meeting where PSD workers and supervisors shall meet with parents, guardians, and other for the purpose of safety planning, case planning and decision making.

[8.8.2.20 NMAC - N, 03/31/10; A, 02/29/12]

8.8.2.21 QUALIFICATIONS AND TRAINING OF STAFF:

Protective services division staff shall meet minimum qualifications as determined by their positions and job functions, and participate in formal pre-service and annual training as required by CYFD.

A. All PSD staff shall be trained in their legal duties to protect the constitutional and statutory rights of children and families from the initial time of contact, during the investigation and throughout the provision of services.

B. All PSD staff shall receive training in carrying out the provision of services to children and families in a manner that is respectful of race; ethnicity; creed; color; age; religion; sex or gender; gender identity; gender expression; sexual orientation; marital status or partnership; familial or parental status; pregnancy and breastfeeding or nursing; disability; genetic information; intersex traits; medical condition, including HIV/AIDS; citizenship or immigration status; national origin; tribal affiliation; ancestry; language; political affiliation; military or veteran status; status as a survivor of domestic violence; sexual assault, or stalking; or any other factor.

C. Protective services supervisors and county office managers shall receive training in supervision as soon as possible of commencing supervision or employment as a supervisor or county office manager.

D. All PSD field staff child protective services social and community services coordinators shall receive formal pre-service training as soon as possible after employment. Staff shall not be assigned primary case assignment until they have completed all pre-service training requirements, including on the job training.

E. All PSD field staff, supervisors, and county office managers shall participate in in-service training as required by PSD management.

[8.8.2.21 NMAC - Rp, 8.8.2.26 NMAC, 3/31/2010; A, 2/29/2012; A; 5/25/2021]

8.8.2.22 EMPLOYEE AND STUDENT BACKGROUND CHECKS:

PSD requires that employees, as well as volunteers and students working in PSD offices, submit to criminal records checks (CRC) and abuse and neglect background checks prior to beginning employment or other assignment.

A. Level 1: Level 1 background checks shall involve a state CRC only. This level shall be required for administrative staff and management where duties do not include direct client contact or providing direct client service.

B. Level 2: Level 2 background checks shall involve a state CRC and a FACTS child abuse or neglect check. This level shall be required for volunteers and students (excluding stipend students in practicum placements, for whom Level 3 checks shall be required) who provide services to clients and are supervised by a PSD employee.

C. Level 3: Level 3 background checks shall involve state and FBI CRCs and a FACTS child abuse or neglect check. This level shall be required for employees who will have unsupervised direct contact with clients as well as for stipend students in practicum placements, see herein at Subsection T of 8.8.2.7 NMAC.

D. Disqualifiers: If a CRC or FACTS check reveals a criminal record or a substantiated abuse or neglect referral, the application shall be reviewed by CYFD human resources division to determine whether or not that record or referral disqualifies the applicant from employment, service as a volunteer, or student placement.

[8.8.2.22 NMAC - N, 03/31/10]

8.8.2.23 EMPLOYEE SAFETY:

A. PSD requires pre-service training and encourages practice which helps protect the safety of its employees.

B. Workers shall report to management any situations or circumstances that they believe are unsafe. PSD management shall assist the worker in structuring the situation to enhance the safety for the worker.

[8.8.2.23 NMAC - Rp, 8.8.2.25 NMAC, 03/31/10]

8.8.2.24 CONFLICT OF INTEREST:

PSD employees shall not have primary responsibility for cases in which the employee has a close personal relationship with the client or a principal in the case or in which the client is a relative. In the event of the above, the employee will immediately report the relationship to the supervisor and another employee will be assigned to the case.

[8.8.2.24 NMAC - Rp, 8.8.2.20 NMAC, 03/31/10]

8.8.2.25 STATE AND FEDERAL REQUIREMENTS:

A. Audits: PSD shall participate in required state and federal audits including but not limited to the federal Title IV-E foster care eligibility review, the federal child and family services review, and state audits.

B. Federal reports: PSD shall complete federal reporting requirements, including but not limited to, include the child and family services plan, the annual progress and services report, Title XX of the social security block grant, the national youth in transition database, AFCARS, and NCANDS.

[8.8.2.25 NMAC - N, 03/31/10]

8.8.2.26 RANDOM MOMENT SAMPLING (RMS):

PSD shall participate in RMS consistent with CYFD's federally approved cost allocation plan.

[8.8.2.26 NMAC - N, 03/31/10; 8.8.2.26 NMAC - N, 02/29/12]

8.2.2.27 CYFD SUPERVISORY FRAMEWORK:

New Mexico's children, youth and families department seeks to ensure quality supervision is provided to staff across all child welfare services and managerial levels within protective services that aligns with the mission and values of the agency, as well as to ensure that supervisory practice is conducted within the mandatory framework. The supervisory framework includes educational, administrative and supportive functions. The following statements reflect the agency's best practice standards regarding families, how the case process should work, where children should live, working in teams, importance of families' culture, collaboration and partnerships.

A. Regarding families, best practices include:

(1) children, youth, young adults and parents are the experts on their own lives, are motivated to recognize their strengths and needs, and must have a lead role in working toward change that matches their developmental abilities;

(2) caseworkers must base their relationships with children, youth, young adults and parents on mutual trust and respect, using open, honest, skillful, informed and transparent communication;

(3) networks of support (extended family, other fictive kin and naturally occurring support systems) and all resource families are vital to the wellbeing and success of the people served by the New Mexico CYFD;

(4) it is essential to maintain parent, sibling, and extended family connections through frequent family visitation in safe and natural settings;

(5) children, youth, young adults, and parents are full partners who bring a unique perspective that must be heard and valued; as such, CYFD strives to engage them in all aspects of practice and system improvements.

B. Regarding how the case process should work, best practices include:

(1) effective practice is strength-based using assessments and case plans to build on the strengths of children, youth, young adults, parents and communities in a collaborative, solution-focused way;

(2) practice is individualized and assessments, services, and supports enhance and address each person's strengths and needs;

(3) frequent and purposeful contacts, and visits by caseworkers, support families in achieving their goals;

(4) when interventions and culturally appropriate services are limited or not available, caseworkers and leadership must work collaboratively with families and communities to identify creative solutions that resolve the need;

(5) child welfare staff and providers must receive the training and support needed to ensure best practice, and caseload assignments that permit the integration of guiding values and beliefs in their daily work.

C. Regarding where children should live, best practices include:

(1) children, youth and young adults need to remain safely at home in their families and communities whenever possible;

(2) services must occur in the least restrictive, most family-like setting appropriate for the child's and family's needs;

(3) when children are placed in out-of-home care, placements should be with relatives or fictive kin, geographically close to their family, with siblings safely placed together;

(4) when non-kin caregivers must be used, they should be licensed, competent, informed, supported, and promote permanency for the child or youth;

(5) children, youth, and young adults need and deserve a permanent family;

(6) children at risk of disruptions should receive services as soon as possible to stabilize placements;

(7) congregate care is an intervention for behavioral or mental health challenges, services must match the needs of the child, youth or young adult and be provided for only as long as necessary.

D. Regarding working in teams, best practices include:

(1) the team process values multiple perspectives and is often capable of creative and high quality decision-making than an individual;

(2) assessments, completed in partnership with children, youth, young adults, and parents, need to include suggestions and contributions from the full family team;

(3) children, youth, young adults, and family team members provide valuable ideas for identifying resources, keeping children and youth safe, reviewing progress on the service plan, and recognizing what is needed;

(4) staff are the agencies greatest asset and all staff members in the agency play a part in supporting staff retention;

(5) creating a culture that nurtures creative and critical thought, embraces diversity, and unties the agency's shared skills, knowledge, and experience in support of one team is vital.

E. Regarding the importance of families' culture, best practices include:

(1) children, youth, young adults, and parents have the right to define and be understood within the contact of their own culture;

(2) the agency strives to eliminate racial and ethnic disparities and dismantle structural inequity experienced by children, youth, young adults, and parents;

(3) the agency has a responsibility to convey information and implement services in a manner that is developmentally, culturally, and linguistically appropriate and respectful;

(4) Native American families are entitled to receive active efforts to prevent the removal of their children and to reunify them if separation is necessary. Staff play a crucial role in ensuring that Native American families receive the support needed to keep their families intact through skilled case interventions.

F. Regarding collaboration and partnership, best practices include:

(1) the agency supports a collaborative approach to coordinating care and services with individuals, families, providers, systems, and community stakeholders;

(2) collaboration with all divisions, across all levels, strengthens our practice and expands the services and supports available to meet the needs of children, youth, young adults, and parents;

(3) the agency commits to working with community stakeholders to reduce disproportionality and disparities within the child welfare system, including outreach and

engagement strategies to share information, obtain feedback, solicit buy-in, share resources and develop collaborative solutions with the broader community;

(4) the use of disaggregated data is key to assessing needs and ensuring the equitable distribution of child welfare resources across communities to reduce disproportionality and disparities.

[8.8.2.27 NMAC - N; 5/25/2021]

PART 3: GOVERNING BACKGROUND CHECKS AND EMPLOYMENT HISTORY VERIFICATION

8.8.3.1 ISSUING AGENCY:

Children, Youth and Families Department.

[8.8.3.1 NMAC - Rp, 8.8.3.1 NMAC, 11/20/2024]

8.8.3.2 SCOPE:

This rule applies to CYFD-contracted, direct care providers and their employees, sub-contractors, volunteers, and student interns. This rule applies to all operators, employees, and volunteers; and prospective operators, employees, and volunteers of all CYFD-contracted programs and facilities that have primary custody of children for 20 hours or more per week, including juvenile treatment facilities.

[8.8.3.2 NMAC - Rp, 8.8.3.2 NMAC, 11/20/2024]

8.8.3.3 STATUTORY AUTHORITY:

The statutory authority for these rules is contained in the Criminal Offender Employment Act Section 28-2-1 NMSA 1978 to 28-2-6 NMSA 1978 and in the New Mexico Children's and Juvenile Facility Criminal Records Screening Act Section 32A-15-1 NMSA 1978 to 32A-15-4 NMSA 1978.

[8.8.3.3 NMAC - Rp, 8.8.3.3 NMAC, 11/20/2024]

8.8.3.4 DURATION:

Permanent.

[8.8.3.4 NMAC - Rp, 8.8.3.4 NMAC, 11/20/2024]

8.8.3.5 EFFECTIVE DATE:

November 20, 2024, unless a later date is cited at the end of a section.

[8.8.3.5 NMAC - Rp, 8.8.3.5 NMAC, 11/20/2024]

8.8.3.6 OBJECTIVE:

A. The purpose of these rules is to set out general provisions regarding background checks and employment history verification required in settings to which these rules apply.

B. Background checks are conducted to identify information in applicants' backgrounds bearing on whether they are eligible to provide services in settings to which these rules apply.

C. Abuse and neglect screens of databases in New Mexico are conducted by CYFD Background Check Unit (BCU) employees to identify those persons who pose a threat of abuse or neglect to care recipients in settings to which these rules apply.

[8.8.3.6 NMAC - Rp, 8.8.3.6 NMAC, 11/20/2024]

8.8.3.7 DEFINITIONS:

A. "Administrative Review" means an informal process of reviewing a decision that may include an informal conference, hearing, or a review of written records.

B. "Administrator" means the manager in charge of the day-to-day operation of a facility. The administrator may be the licensee or an authorized representative of the licensee and be at least 18 years of age.

C. "Adult" means a person who has a chronological age of 18 years or older, except for persons under Medicaid certification up to the age of 21.

D. "Appeal" means a review of a determination made by the BCU, which may include a record review or a hearing.

E. "Applicant" means any person who is required to obtain a background check under these rules and Section 32A-15-3 NMSA 1978.

F. "Arrest" means notice from a law enforcement agency about an alleged violation of law.

G. "Background Check" means a screen of CYFD's information databases, state and federal criminal records, and any other reasonably reliable information about an applicant.

H. "Care Recipient" means any person under the care of a licensee.

I. "Child" means a person who has a chronological age of less than 18 years, and persons under applicable Medicaid certification up to the age of 21 years.

J. "Criminal History" means information possessed by law enforcement agencies of arrests, indictments, or other formal charges, as well as dispositions arising from these charges.

K. "Direct, Physical Supervision" means continuous visual contact or live video observation by a direct care provider who has been found eligible by a background check of an applicant during periods when the applicant is in immediate physical proximity to care recipients.

L. "Direct Care Provider" means any individual who, as a result of employment, contractual service, or volunteer service (including student interns) has direct care responsibilities or potential unsupervised physical or virtual access to any child or care recipient in the settings to which these rules apply.

M. "Eligibility" means the determination that an applicant does not pose an unreasonable risk to care recipients after a background check is conducted.

N. "Employment History" means a written summary of the most recent three-year period of employment with names, addresses, and telephone numbers of employers, including dates of employment, stated reasons for leaving employment, and dates of all periods of unemployment with stated reasons for periods of unemployment, and verifying references.

O. "Licensed" means authorized to operate by the licensing authority by issuance of an operator's license or certification certificate.

P. "Licensee" means the holder of, or applicant for, a license, certification, or registration pursuant to 7.20.11 NMAC, 7.20.12 NMAC, 7.8.3 NMAC, or other program or entity within the scope of these rules.

Q. "Licensing Authority" means CYFD or entity having authority over the licensee.

R. "Relevant Conviction" means a plea, judgment or verdict of guilty, no contest, nolo contendere, conditional plea of guilty, or any other plea that would result in a conviction for a crime in a court of law in New Mexico or any other state. The term "Relevant Conviction" also includes decrees adjudicating juveniles as serious youthful offenders or youthful offenders, or convictions of children who are tried as adults for their offenses. Successful or pending completion of a conditional discharge under Section 31-20-13 NMSA 1978, or Section 30-31-28 NMSA 1978, or a comparable provision of another state's law, is not a relevant conviction for purposes of these rules, unless or until such time as the conditional discharge is revoked or rescinded by the issuing court. The term "Relevant Conviction" does not include any of the foregoing if a court of competent jurisdiction has overturned the conviction or adjudicated decree and

no further proceedings are pending in the case or if the applicant has received a legally effective executive pardon for the conviction. The burden is on the applicant to show that the applicant has a pending or successful completion of any conditional discharge or consent decree or that the relevant conviction has been overturned on appeal or has received a legally effective pardon.

S. "Unreasonable Risk" means the level of risk that a reasonable person would be unwilling to take with the safety or welfare of care recipients.

[8.8.3.7 NMAC - Rp, 8.8.3.7 NMAC, 11/20/2024]

8.8.3.8 APPLICABILITY:

These rules apply to all licensees and direct care providers in the following settings:

A. behavior management skills development;

B. case management services;

C. group home services;

D. day treatment services;

E. residential treatment services;

F. treatment foster care services agencies;

G. licensed shelter care;

H. comprehensive community support services;

I. contractors and any programs or facilities receiving CYFD funding or reimbursement; and

J. supervised visitation and safe exchange programs.

[8.8.3.8 NMAC - Rp, 8.8.3.8 NMAC, 11/20/2024]

8.8.3.9 NON-APPLICABILITY:

A. These rules do not apply to the following settings, except when otherwise required by applicable certification requirements for child and adolescent behavioral health services 7.20.11 NMAC or to the extent that such a program receives funding or reimbursement from CYFD:

(1) hospitals or infirmaries;

(2) intermediate care facilities;

(3) children's psychiatric centers;

(4) home health agencies;

(5) diagnostic and treatment centers; and

(6) childcare centers and homes.

B. These rules do not apply to the following adults:

(1) treatment foster care parents;

(2) relative care providers who are not otherwise required to be licensed or registered;

(3) foster grandparent volunteers; and

(4) all other volunteers for any program or entity within the scope of these rules if the volunteer spends less than six hours per week at the program, is under direct physical supervision, and is not counted in the facility ratio.

[8.8.3.9 NMAC - Rp, 8.8.3.9 NMAC, 11/20/2024]

8.8.3.10 COMPLIANCE:

A. Compliance with these rules is a condition of licensure, registration, certification or renewal, or continuation of same or participation in any other program or contract within the scope of these rules.

B. The licensee is required to:

(1) submit an electronic fingerprint submission receipt and the required forms for all direct care providers, or any employee, contractor, volunteer, or student intern present while care recipients are present, or other adult as required by the applicable rules prior to the commencement of service, whether as employee, contractor, or volunteer;

(2) verify the employment history of any prospective direct care provider by contacting references and prior employers/agencies to elicit information regarding the reason for leaving prior employment or service; the verification shall be documented and available for review by the licensing authority;

(3) provide such other information BCU employees determine to be necessary; and

(4) maintain documentation of all applications, correspondences, and eligibility relating to the required background checks; in the event that the licensee does not have a copy of an applicant's eligibility documentation and upon receipt of a written request for a copy, the BCU may issue duplicate eligibility documentation to the original licensee provided that the request for duplicate eligibility documentation is made within one year of the applicant's eligibility date.

C. If there is a need for any further information from an applicant at any stage of the process, the BCU shall request the information in writing from the applicant. If the BCU does not receive the requested information within 15 calendar days of the date of the request, the BCU shall deny the application and send a notice of background check denial for failure to respond.

D. Any person who knowingly makes a materially false statement in connection with these requirements will be denied eligibility.

[8.8.3.10 NMAC - Rp, 8.8.3.10 NMAC, 11/20/2024]

8.8.3.11 COMPLIANCE EXCEPTIONS:

A. An applicant may not begin providing services prior to obtaining background check eligibility unless all of the following requirements are met:

(1) the licensee shall send the BCU a completed application form and an electronic fingerprint submission receipt;

(2) until receiving background eligibility, the applicant shall at all times be under direct, physical supervision; and

(3) no more than 45 days shall have passed since the date of the initial application unless the BCU documents good cause shown for an extension.

B. If a direct care provider has a break in employment or transfers employment more than 180 days after the date of an eligibility letter from the BCU, the direct care provider must re-comply with 8.8.3.10 NMAC. A direct care provider may transfer employment for a period of 180 days after the date of an eligibility letter from the BCU without complying with 8.8.3.10 NMAC only if the direct care provider submits a preliminary application that meets the following conditions:

(1) the direct care provider submits a statement swearing under penalty of perjury that they have not been arrested or charged with any crimes, have not been an alleged perpetrator of abuse or neglect, and have not been a respondent in a domestic violence petition;

(2) the direct care provider submits an application that describes the prior and subsequent places of employment and their registration or certification with sufficient

detail to allow the BCU to determine if further background checks or a new application is necessary; and

(3) the BCU determines within 15 days that the direct care provider's prior background check is sufficient for the employment or position the direct care provider is going to take.

[8.8.3.11 NMAC - Rp, 8.8.3.11 NMAC, 11/20/2024]

8.8.3.12 PROHIBITIONS:

A. Any CYFD licensee who violates these rules is subject to revocation, suspension, sanctions, denial of licensure, certification, or registration; or termination of participation in any other program within the scope of these rules.

B. Licensure, certification, registration, or participation in any other program within the scope of these rules is subject to receipt by the licensing authority of a satisfactory background check for the licensee or the licensee's administrator.

C. Except as provided in 8.8.3.13 NMAC, licensure, certification, registration, or participation in any other program within the scope of these rules may not be granted by the licensing authority if a background check of the licensee or the licensee's administrator reveals an unreasonable risk.

D. A licensee may not retain employment, volunteer service or contract with any direct care provider for whom a background check reveals an unreasonable risk. The BCU shall deliver one copy of the notice of unreasonable risk to the facility or program by U.S. mail and to the licensing authority by facsimile transmission, e-mail, or hand delivery.

E. A licensee shall be in violation of these rules if it retains a direct care provider for more than ten working days following the mailing of a notice of background check denial for failure to respond by the BCU.

F. A licensee shall be in violation of these rules if it retains any direct care provider inconsistent with Subsection A of 8.8.3.11 NMAC.

G. A licensee shall be in violation of these rules if it hires, contracts with, uses in volunteer service, or retains any direct care provider for whom information received from any source including the direct care provider, indicates the provider poses an unreasonable risk to care recipients.

H. Any firm, person, corporation, individual, or other entity that violates this section shall be subject to appropriate sanctions up to and including immediate emergency revocation of license or registration pursuant to the rules applicable to that entity or termination of participation in any other program within the scope of these rules.

[8.8.3.12 NMAC - Rp, 8.8.3.12 NMAC, 11/20/2024]

8.8.3.13 ARRESTS, CONVICTIONS AND REFERRALS:

A. For the purpose of these rules, the following information shall result in a conclusion that the applicant is an unreasonable risk:

(1) a conviction for a felony and the criminal conviction directly relates to whether the applicant can provide a safe, responsible, and morally positive setting for care recipients;

(2) a conviction, regardless of the degree of the crime or the date of the conviction, of human trafficking, criminal sexual penetration or related sexual offenses, or child abuse;

(3) a substantiated referral, regardless of the date, for sexual abuse;

(4) the applicant's child is currently in CYFD's or another state's custody; or

(5) a registration, or a requirement to be registered, on a state sex offender registry or repository or the national sex offender registry established under the Adam Walsh Child Protection and Safety Act of 2006.

B. A disqualifying conviction may be proven by:

(1) a copy of the judgment of conviction from the court;

(2) a copy of a plea agreement filed in court in which a defendant admits guilt;

(3) a copy of a report from the federal bureau of investigation, criminal information services division, or the national criminal information center, indicating a conviction;

(4) a copy of a report from the state of New Mexico, department of public safety, or any other agency of any state or the federal government indicating a conviction; or

(5) any writing about the applicant indicating that such person has been convicted of the disqualifying offense, provided; however, if that is potentially the sole basis for denial, the applicant shall be given an opportunity to show that they have successfully completed or are pending completion of a conditional discharge for the disqualifying conviction.

C. If a background check shows pending charges for a felony offense, regardless of the degree of the crime, of human trafficking, criminal sexual penetration or related sexual offenses, or child abuse; or an arrest but no disposition for any felony offense,

there shall be a determination of unreasonable risk if a conviction as charged would result in a determination of unreasonable risk.

D. If a background check shows a pending child protective services referral or any other CYFD investigation of abuse or neglect, there shall be a determination of unreasonable risk.

E. If a background check shows that an applicant has an outstanding warrant, there shall be a determination of unreasonable risk.

[8.8.3.13 NMAC - Rp, 8.8.3.13 NMAC, 11/20/2024]

8.8.3.14 UNREASONABLE RISK:

A. The BCU may, in its discretion, use all reasonably reliable information about an applicant and weigh the evidence about an applicant to determine whether the applicant poses an unreasonable risk to care recipients. The BCU may also consult with the office of general counsel, treatment, assessment, or other professionals in the process of determining whether the cumulative weight of credible evidence establishes unreasonable risk.

B. In determining whether an applicant poses an unreasonable risk, the BCU need not limit its reliance on formal convictions or substantiated referrals, but nonetheless must only rely on evidence with indications of reliability such as:

(1) reliable disclosures by the applicant or a victim of abuse or neglect;

(2) orders of protection from domestic abuse (note: circumstances indicating an applicant is or has been a victim of domestic violence may be used as a mitigating factor in assessing risk);

(3) child or adult protection investigative evidence that indicates a likelihood that an applicant engaged in inappropriate conduct but there were reasons other than the credibility of the evidence to not substantiate; or

(4) any other evidence with similar indications of reliability.

[8.8.3.14 NMAC - Rp, 8.8.3.14 NMAC, 11/20/2024]

8.8.3.15 REHABILITATION PETITION:

Any applicant whom the BCU concludes may be an unreasonable risk, as identified in Subsection A (1) of 8.8.3.13 NMAC, may submit to the BCU a rehabilitation petition describing with specificity all information that tends to demonstrate that the applicant is not an unreasonable risk. The petition may include a description of what actions the applicant has taken subsequent to any events revealed by the background check to

reduce the risk that the same or a similar circumstance will recur. The BCU may consider the age of the applicant at conviction, time since conviction, and participation and completion in mitigating programs, treatment, and education.

[8.8.3.15 NMAC - Rp, 8.8.3.15 NMAC, 11/20/2024]

8.8.3.16 ELIGIBILITY SUSPENSIONS, REINSTATEMENTS AND REVOCATIONS:

A. An applicant's background check eligibility may be suspended for the following:

(1) an arrest or criminal charge for any felony offense, as charged would result in a determination of unreasonable risk;

(2) a pending child protective services referral or any other CYFD investigation of abuse or neglect;

(3) an outstanding warrant; or

(4) any other reason that creates an unreasonable risk determination pursuant to these rules.

B. It is the duty of the administrator of a facility or the licensee and the background check eligibility holder, upon learning of any of the above, to notify the licensing authority immediately. Failure to immediately notify the licensing authority may result in the revocation of background check eligibility.

C. A suspension of background check eligibility shall have the same effect as a determination of unreasonable risk until the matter is resolved and eligibility is affirmatively reinstated by the BCU.

D. Background check eligibility may be reinstated or revoked as follows:

(1) If the applicant can provide information relating to the disqualifying criminal charge that would show that a criminal conviction as charged would not lead to an unreasonable risk.

(2) If the matter causing the suspension is resolved within six months of the suspension, the applicant may provide documentation to the BCU showing how the matter was resolved and requesting reinstatement of background check eligibility. After review, the BCU may reinstate background check eligibility or may revoke eligibility. If, the applicant's eligibility is revoked, the applicant may appeal the revocation.

(3) If the matter causing the suspension is resolved after six months of the suspension, the applicant may reapply for clearance for the same licensee by submitting an electronic fingerprint submission receipt and the required forms. After

review, the BCU may reinstate background check eligibility or may revoke eligibility. If the applicant's eligibility is revoked, the applicant may appeal the revocation.

[8.8.3.16 NMAC - Rp, 8.8.3.16 NMAC, 11/20/2024]

8.8.3.17 APPEAL RIGHTS:

A. Denials: Any applicant who is found ineligible after completion of background check may request an administrative review from the CYFD. The request for an administrative review shall be in writing and the applicant shall cause the BCU to receive it within 15 days of the date of the BCU's written notice of a determination of unreasonable risk. If the request is mailed, three days are added after the period would otherwise expire. The administrative review shall be completed by a review of the record by a hearing officer designated by the CYFD cabinet secretary. The hearing officer's review is limited to:

(1) whether the BCU's conclusion of unreasonable risk is supported by any section of these rules; and

(2) whether the applicant has been erroneously identified as a person with a relevant conviction or substantiated referral. The review will be completed on the record presented to the hearing officer and includes the applicant's written request for an administrative review and other relevant evidence provided by the applicant. The hearing officer conducts the administrative review and submits a recommendation to the cabinet secretary no later than 60 days after the date the request for administrative review is received unless CYFD and the applicant agree otherwise.

B. Suspensions and revocations: A previously cleared applicant whose eligibility has been suspended or revoked may appeal that decision to CYFD and shall be entitled to a hearing pursuant to 8.8.4 NMAC. The request for appeal shall be in writing and the applicant shall cause the BCU to receive it within 15 days of the date of the BCU's written notice of suspension. If the request is mailed, three days are added after the period would otherwise expire.

[8.8.3.17 NMAC - Rp, 8.8.3.17 NMAC, 11/20/2024]

PART 4: ADMINISTRATIVE APPEALS

8.8.4.1 ISSUING AGENCY:

Children, Youth and Families Department.

[8.8.4.1 NMAC - Rp, 8.8.4.1 NMAC, 3/15/2016]

8.8.4.2 SCOPE:

Department staff and the general public.

[8.8.4.2 NMAC - Rp, 8.8.4.2 NMAC, 3/15/2016]

8.8.4.3 STATUTORY AUTHORITY:

Subsection D of 9-2A-7 NMSA 1978 provides that the secretary may make and adopt such reasonable procedural rules and regulations as may be necessary to carry out the duties of the department and its divisions.

[8.8.4.3 NMAC - Rp, 8.8.4.3 NMAC, 3/15/2016]

8.8.4.4 DURATION:

Permanent.

[8.8.4.4 NMAC - Rp, 8.8.4.4 NMAC, 3/15/2016]

8.8.4.5 EFFECTIVE DATE:

March 15, 2016, unless a later date is cited at the end of a section.

[8.8.4.5 NMAC - Rp, 8.8.4.5 NMAC, 3/15/2016]

8.8.4.6 OBJECTIVE:

The objective of this rule is to implement the department’s policy on administrative appeals hearings consistent with federal and state constitutions and laws.

[8.8.4.6 NMAC - Rp, 8.8.4.6 NMAC, 3/15/2016]

8.8.4.7 DEFINITIONS:

A. "Administrative hearing" means the process to address appeals, protests, and disputes dealing with substantiations of abuse and neglect, licensing, certification, procurement, contracts, termination or modification of existing services, or any other action that warrants the commencement of a formal hearing.

B. "Appellant" means the party seeking administrative appeal of a decision of a division of the department.

C. "Burden of proof" means the burden of persuasion, the onus on the party to convince the hearing officer of all elements of the case.

D. "Cease and desist order" means a formal, enforceable order issued when a facility is found to be operating without a license.

E. "Certification" means the determination which is conveyed to the appropriate oversight body as to whether a facility or agency complies with all federal or state regulations and conditions of participation to provide services. Certification of noncompliance may be the basis for a denial or termination of provider participation in a program.

F. "Department" means the New Mexico children, youth and families department.

G. "Director" means the director of any division of the children, youth and families department.

H. "Emergency suspension" means the prohibition of operation of a facility for a stated period of time by the temporary withdrawal of the license or certification, prior to a hearing on the matter, when immediate action is required to protect human health and safety. The emergency suspension is carried out by personal service of an emergency suspension order and a notice of hearing.

I. "Facility" means any facility or agency required to be licensed or certified under state or federal law or regulation.

J. "Final decision" means the written document following a hearing, stating the final determination of the secretary made after review of the hearing officer's report and recommendation.

K. "Five-day hearing" means the hearing noted in the emergency suspension order and notice of hearing.

L. "Hearing" means a proceeding in which legal rights, duties or privileges of a party are at issue which includes an opportunity for the parties to present testimony and evidence.

M. "Hearing officer" means an individual designated by the secretary to conduct pre-hearing conferences and hearings and to make reports and recommendations, based on the evidence taken, to the secretary.

N. "Hearing office administrator" means an individual who assists the hearing officer with administrative tasks.

O. "IFB" means an invitation to bid and is used to initiate a competitive procurement contract.

P. "Intervenor" means a party permitted to intervene in the hearing proceeding by written order of the hearing officer and includes the department.

Q. "Official notice" means administrative notice, the act by which the hearing officer, in conducting the hearing or framing his/her decision, recognizes the existence and truth of certain facts without the production of evidence by the parties.

R. "Party" or "parties" means the persons, entities, or agencies with a direct interest and participation in the subject matter of a hearing and such intervenors permitted to intervene by written order of the hearing officer.

S. "Person" means an individual, partnership, proprietorship, agency, corporation, company, association, tribal government or tribal organization, state or local government entity, or similar legal entity and the legal successor thereof.

T. "RFP" means a request for proposals and is used to initiate a competitive proposal procurement.

U. "Secretary" means the secretary for the children, youth and families department.

V. "Service" means a notification by personal delivery, fax or certified mail.

W. "Subpoena" means a written command issued by the hearing officer to appear at a certain time and place to give testimony upon a certain matter. The subpoena may include a command to produce books, papers, documents and other things.

X. "Working days" means, when determining compliance with various deadlines in these regulations, Monday through Friday of each calendar week, excluding state observed holidays.

[8.8.4.7 NMAC - Rp, 8.8.4.7 NMAC, 3/15/2016]

8.8.4.8 HEARING OFFICER:

A. All administrative hearings are conducted by a hearing officer appointed by the secretary or his/her designee. The hearing officer may be assisted by a hearing office administrator in completing mailings, notices of hearings, subpoenas, and other administrative tasks.

B. Qualifications of the hearing officer:

(1) The hearing officer may be an employee of the children, youth and families department, but has not been involved, directly or indirectly, with the administrative decision at issue.

(2) The hearing officer need not be a licensed attorney. However, he or she shall be familiar with the applicable law, regulations, procedures, and constitutional requirements related to the administrative decision at issue.

C. Disqualification of the hearing officer:

(1) A hearing officer shall not participate in any proceeding if, for any reason, the hearing officer cannot afford a fair and impartial hearing to either party.

(2) The hearing officer can only be removed for good cause. Any party seeking to recuse the hearing officer must file a motion with the officer within seven days of receipt of the initial communication from the hearing officer, setting forth the grounds for disqualification and accompanied by all supporting reasons, affidavits, and authorities. The hearing officer rules on the request to disqualify, and an appeal of the ruling may be made to the secretary within seven days of the ruling. The secretary promptly determines the validity of the grounds alleged and takes any appropriate action.

(3) A written request to disqualify and an appeal of the hearing officer's ruling on the matter tolls any applicable timetable for completion of the proceedings.

D. The hearing officer may not dismiss a hearing and must submit all recommended decisions to the secretary upon completion of proceedings except as outlined in Subsection J of 8.8.4.9 NMAC.

[8.8.4.8 NMAC - Rp, 8.8.4.8 NMAC, 3/15/2016]

8.8.4.9 PRE-HEARING:

A. Within five business days of receipt of the request for administrative hearing, the division director, or his/her designee, submits a memorandum of information to the hearing office, with a copy of the notice of contemplated action, cease and desist order, or emergency suspension order and a copy of the notice of appeal included. An additional copy of those items will be forwarded to the department's office of general counsel.

B. Unless otherwise agreed, the hearing officer and all parties will confer within 30 days from the date the memorandum of information is received in the hearing office to choose an agreeable date for hearing.

C. The hearing shall be held within 180 days from the date the memorandum of information is received in the hearing office. Extensions may only be granted under extenuating circumstances as determined by the hearing officer.

D. Upon receipt of the memorandum of information, cease and desist order, or emergency suspension order and copy of the notice of appeal, the hearing officer or hearing office administrator establishes an official record which will contain all the filed notices, pleadings, briefs, recommendations, correspondence, documents or items admitted into evidence, recordings of the proceedings, and decisions. The hearing

officer will make contact with the parties as soon as practicable, but in any case, no later than seven days from the date the appeal is filed in the hearing office.

E. No person may discuss the merits of any pending adjudicatory proceeding with the designated hearing officer or the secretary, unless both parties or their representatives are present.

F. The hearing officer may consolidate or join cases if there is commonality of legal issues or parties and if it would expedite final resolution of the cases and would not adversely affect the interests of the parties. The hearing officer may join the appeals of an appellant who has two or more appeals pending.

G. The hearing officer may permit a person to enter into a proceeding as an intervenor only when the intervention is necessary to protect some right or interest of that person which may be directly affected by the proceedings. The purpose of an intervention is to prevent delay and unnecessary duplication. A request may be denied, however, if it interferes with the rights of the original parties to conduct their cause on their own terms.

H. Upon request of a party or upon the hearing officer's own motion, a pre-hearing order may be required or a pre-hearing conference may be scheduled by the hearing officer at a time and place reasonably convenient to all parties to:

(1) limit and define issues;

(2) discuss possible pre-hearing dispositions;

(3) set a discovery plan;

(4) consider possible admissions of fact or stipulations;

(5) identify and limit the number of witnesses; and

(6) discuss such other matters as may aid in the simplification of evidence and disposition of the proceedings.

I. A pre-hearing conference is an informal proceeding and may occur telephonically. The pre-hearing conference may or may not be recorded, at the discretion of the hearing officer.

J. No offer of settlement made in a pre-hearing conference is admissible as evidence at a later hearing. Stipulations and admissions are binding and may be used as evidence at the hearing. Any stipulation, settlement or consent order reached between the parties is written and signed by the hearing officer and the parties or their attorneys.

K. The hearing officer may dismiss an appeal with prejudice in accordance with the provisions of a settlement agreement approved by the hearing officer, upon a motion to withdraw the appeal at any time before the deadline for the completion of discovery, or for failure to prosecute.

M. Upon request of a party or upon the hearing officer's own motion, a status conference may be held to assess pre-hearing issues and progression of the case. A status conference is an informal proceeding and may occur telephonically. The status conference may or may not be recorded, at the discretion of the hearing officer.

N. The hearing officer has the power to compel the appearance of witnesses and the production of written materials or other evidence the hearing officer may deem relevant or material. The hearing officer, upon request by a party, may issue subpoenas and subpoenas *duces tecum*. The parties have a right to discovery limited to depositions or interviews of named witnesses, interrogatories, requests for production, and requests for admission. The parties shall confer in good faith to schedule requested interviews or depositions. All discovery is subject to the control of the hearing officer and may be made a part of the pre-hearing order.

[8.8.4.9 NMAC - Rp, 8.8.4.9 NMAC, 3/15/2016]

8.8.4.10 HEARING ON IMMEDIATE SANCTIONS:

A. An immediate sanction affecting a child care license or registration requires that a hearing is held within five working days of the effective date of the immediate sanction as noticed in the immediate sanction order and notice of hearing *unless*, no later than 24 hours prior to the expiration of the five-day period, the right to a five-day hearing is waived and a request for a hearing at a later date is made. An appeal of an immediate sanction does not stay the sanction. This section does not apply to actions against a foster care license.

B. If the person affected intends to appear for the five-day hearing noticed in the emergency suspension order and notice of hearing, a request for hearing need not be made.

C. If the person affected timely waives the five-day hearing and requests a hearing to be held at a later date, the extension is provided. Pre-hearing discovery can occur; however, an extension of the five-day hearing date does not stay the immediate sanctions.

D. A person or facility is operating illegally if operations continue after the effective date of an immediate suspension or revocation and is subject to appropriate administrative and judicial sanctions and criminal charges.

[8.8.4.10 NMAC - Rp, 8.8.4.10 NMAC, 3/15/2016]

8.8.4.11 CONDUCT OF THE HEARING:

A. Notice of a hearing is made by certified mail with return receipt requested at least 14 calendar days prior to the hearing unless prior agreement of the time and manner of the hearing has been agreed to in the pre-hearing order or otherwise agreed to by the parties and the hearing officer.

B. Failure of a party to appear on the date and time set for hearing, without good cause shown, constitutes a default, and the hearing officer so notifies the parties in writing.

C. The hearing is open to the public unless the hearing officer directs that the hearing be closed.

D. A party may appear at the hearing through a legal representative, provided such representative has made a written entry of appearance prior to the hearing date.

E. The hearing officer may clear the room of witnesses not under examination, if either party so requests, and of any person who is disruptive. The department is entitled to have a person, in addition to its attorney, in the hearing room during the course of the hearing, even if the person will also testify in the hearing.

F. The hearing is conducted in an orderly and informal manner without strict adherence to the rules of evidence that govern proceedings in the courts of the state of New Mexico. However, in order to support the secretary's decisions, there must be a residuum of legally competent evidence to support a verdict in a court of law.

G. Both parties have certain procedural due process rights during the hearing.

(1) Each party may make opening and closing statements.

(2) Each party may call and examine witnesses and introduce exhibits.

(3) Each party may cross-examine witnesses.

(4) Each party may re-direct their witnesses following cross-examination.

(5) Each party may impeach any witness.

(6) Each party may rebut any relevant evidence.

(7) Each party may introduce evidence relevant to the choice of sanction if it was raised as an issue in the pre-hearing order.

H. Oral evidence is taken only under oath or affirmation.

I. Generally, except as provided in the following subsection, the order of presentation for hearings is as follows:

(1) opening of proceeding and taking of appearances by the hearing officer;

(2) disposition of preliminary and pending matters;

(3) opening statement of the department;

(4) opening statement of the appellant;

(5) department's case-in-chief;

(6) appellant's case-in-chief;

(7) department's rebuttal;

(8) department's closing argument;

(9) appellant's closing argument;

(10) department's rebuttal argument; and

(11) losing of the proceedings by the hearing officer.

J. The order of presentation in a denial of an initial annual license or certification, denial of an award in an RFP or IFB, or cease and desist order matters, will vary from the general order of presentation in that appellant will make an opening statement before the department makes its opening statement, will present a case-in-chief before the department presents its case-in-chief, will make a closing argument before the department makes its closing argument, and will have the option to make a rebuttal argument following the department's closing argument

K. The burden of proof in matters arising from substantiation of abuse or neglect, suspension, revocation, denial of renewal of a license, certification, or registration, denial or termination of subsidies or monetary benefits, intermediate sanctions, emergency suspension, or emergency intermediate sanctions lies with the department. The burden of proof in matters arising from a denial of an initial annual license or certification, denial of an award in an RFP or IFB, or cease and desist orders lies with the appellant. In all cases the parties must prove their case by a preponderance of the evidence.

L. The technical rules of evidence are generally not applicable but will be used as a guide and may be considered in determining the weight to be given any item of evidence. The hearing officer admits all evidence, including affidavits, if it is the sort of evidence upon which responsible persons are accustomed to rely in the conduct of

serious affairs. The hearing officer may exclude, with or without formal objection, immaterial, irrelevant, unreliable or unduly cumulative testimony. The hearing officer may question witnesses.

M. The hearing officer may take official notice of those matters in which courts of this state may take judicial notice.

N. The rules of privilege are effective to the extent that they are required to be recognized in civil actions in the district courts of the state of New Mexico.

O. The hearing officer admits evidence relevant only to those allegations against the appellant included in the notice of results of investigation, notice of contemplated action, notice of revocation of foster care license, or which are contested issues as set forth in the pre-hearing order.

P. The hearing is recorded by a sound-recording device under the supervision of the hearing officer. No other recording of the hearing, by whatever means, is permitted without the approval of the hearing officer.

[8.8.4.11 NMAC - Rp, 8.8.4.11 NMAC, 3/15/2016]

8.8.4.12 POST-HEARING:

A. The hearing officer may require or permit written closing arguments, post-hearing briefs and proposed findings of facts and conclusions of law according to a scheduling order issued by the hearing officer. If case law is cited, a copy of the case will be provided to the hearing officer.

B. After the expiration of any time set for the submittal of the last post-hearing requests of documents, findings and conclusions, arguments or briefs, the hearing officer submits a recommended decision to the secretary as soon as practicable, but no later than 25 working days for regular hearings and five working days for immediate suspensions and immediate revocations.

C. As a general rule, the secretary will only consider the hearing officer's recommended decision, post-hearing briefs, proposed findings of fact and conclusions of law. Where circumstances warrant, the secretary or designee may review all or a portion of the record before the hearing officer.

(1) The secretary or designee will not consider any additional evidence or affidavits not in the official record of the hearing or in pleadings not filed in accordance with the hearing officer's scheduling order.

(2) If the secretary or designee agrees with the findings and conclusions of the hearing officer, the secretary or designee will sign the decision as prepared by the hearing officer.

(3) If the secretary or designee disagrees with the findings and conclusions of the hearing officer, a separate order is issued which defines the findings and conclusions at issue and the reasons a different decision is warranted.

D. The secretary or designee renders a final determination as soon as practicable but no later than 20 working days after submission of the hearing officer's recommended decision. The hearing officer or hearing office administrator will notify parties of the final decision personally, by telephone, regular mail or electronic mail, and a copy of the final decision is mailed to each party or attorney of record as soon as practicable but no later than 15 working days from receipt of the secretary's final decision.

[8.8.4.12 NMAC - Rp, 8.8.4.12 NMAC, 3/15/2016]

8.8.4.13 JUDICIAL REVIEW:

A. An appeal of final decisions by the secretary must be made to the appropriate district court pursuant to Rules 1-074 or 1-075, NMRA.

B. The hearing officer or hearing office administrator is responsible for creating the record proper.

C. All exhibits admitted into evidence, orders, submissions or motions filed and tapes or other transcripts of the hearing compose the record proper.

D. The expense of copying tape recorded testimony and any other expense of preparing the record, including accompanying costs, are the appealing party's responsibility.

E. Filing for judicial review does not stay enforcement of the final decision. A motion in state district court is filed concerning any issuance of a stay. Health and safety of department clients is the primary consideration when a stay is requested.

[8.8.4.13 NMAC - Rp, 8.8.4.13 NMAC, 3/15/2016]

8.8.4.14 PROCUREMENT PROTESTS:

Any bidder or offeror that falls within the scope and authority of the Procurement Code will have the right to protest as provided in 1 NMAC 5-2-80 through 5-2-93.

[8.8.4.14 NMAC - Rp, 8.8.4.14 NMAC, 3/15/2016]

PART 5: PRIVACY OFFICE

8.8.5.1 ISSUING AGENCY:

Children, Youth and Families Department.

[8.8.5.1 NMAC - N, 4/30/2003]

8.8.5.2 SCOPE:

Department staff and the general public.

[8.8.5.2 NMAC - N, 4/30/2003]

8.8.5.3 STATUTORY AUTHORITY:

Section 9-2A-7(D) NMSA 1978 provides that the secretary of the children, youth and families department (the department) may make and adopt such reasonable procedural rules and regulations as may be necessary to carry out the duties of the department and its divisions. The secretary has determined an operational need to comply with the privacy provisions of the Health Insurance Portability and Accountability Act of 1996 (HIPAA), 42 USCS 1320d *et seq.*

[8.8.5.3 NMAC - N, 4/30/2003]

8.8.5.4 DURATION:

Permanent.

[8.8.5.4 NMAC - N, 4/30/2003]

8.8.5.5 EFFECTIVE DATE:

April 30, 2003.

[8.8.5.5 NMAC - N, 4/30/2003]

8.8.5.6 OBJECTIVE:

The objective of this rule is to implement the department's policy in compliance with privacy related requirements of the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and accompanying regulations, 45 CFR Part 164, Subpart E.

[8.8.5.6 NMAC - N, 4/30/2003]

8.8.5.7 DEFINITIONS:

A. "Citizen review board" means a body appointed pursuant to 32A-8-1 *et seq.* NMSA 1978 to review dispositional children's court orders and the department's progress report and to submit its own reports to the court.

B. "Court appointed special advocate" means a person appointed by the children's court judge to assist in any children's court proceeding.

C. "Covered" means department components or workforce whose activities and job duties are within the purview of a HIPAA health plan or health care provider.

D. "De-identified information" means health information that is *not* individually identifiable and is being used by the department for allowable purposes in an aggregated data set.

E. "Disclosure" means the release, transfer, provision of access to or divulging in any other manner of protected health information outside the department's covered components.

F. "Guardian ad litem" means a person who is appointed by the court to represent a minor or legally incompetent person in legal proceedings.

G. "Health care operations" means conducting quality assessment and improvement activities; population-based activities relating to improving services, costs or mandated reporting activities; reviewing worker competence or qualifications, evaluating performance and conducting training; conducting or arranging for case review, legal services and auditing functions; strategic planning and development; and management and general administrative activities of the department, including, but not limited to implementation and compliance with HIPAA requirements, customer service, resolutions of internal grievances and creating de-identified health information for allowable purposes for which an individual authorization is not required.

H. "Individual" means the person who is the subject of protected health information.

I. "Individually identifiable health information" means information that is created or received by the department, that relates to the past, present or future physical or mental condition of an individual, provision of health care to an individual or the past, present or future payment for health care and that either identifies the individual or can reasonably be believed to identify the individual.

J. "Law enforcement official" means an officer or employee of any agency or authority of the United States, a state, a territory, a political division of a state or territory or an Indian tribe who is empowered by law to investigate or conduct an official inquiry into a potential violation of law or prosecute or otherwise conduct a criminal, civil, or administrative proceeding arising from an alleged violation of law.

K. "Minimum necessary" means the standard adopted by the department when using or disclosing protected health information or when requesting protected health information from another entity in covered circumstances, to make reasonable efforts to limit protected health information to the minimum necessary to accomplish the intended purpose of the use, disclosure or request.

L. "Personal representative" means (1) a person who has legal authority under applicable law to act on behalf of an individual adult or emancipated minor, and (2) a parent, guardian or other person acting in *loco parentis* who is authorized by law to act on behalf of an individual unemancipated minor, except where the minor is authorized by law to act on his own behalf or via court approval or where the parent guardian or person acting in *loco parentis* has assented to an agreement of confidentiality between the provider and the minor.

M. "Protected health information" or "PHI" means individually identifiable health information that is transmitted by electronic media, maintained in any medium described in the definition of electronic media at 45 CFR Section 162.103 or transmitted or maintained in any other form or medium. PHI excludes individually identifiable health information in education records covered by the Family Educational Rights and Privacy Act at 20 USC 1232g, records described at 20 USC 1232g(a)(4)(B)(iv) and employment records held by the department in its role as employer.

N. "Psychotherapy notes" means notes recorded (in any medium) by a health care provider who is a mental health professional, documenting or analyzing the contents of conversation during a private counseling session or a group, joint, or family counseling session and that are separated from the rest of the individual's medical record. Psychotherapy notes excludes medication prescription and monitoring, counseling session start and stop times, the modalities and frequencies of treatment furnished, results of clinical tests, and any summary of the following items: diagnosis, functional status, the treatment plan, symptoms, prognosis, and progress to date.

O. "Records custodian" means the person designated by the department to respond to public records requests pursuant to the Public Records Act, 14-2-1 *et seq.* NMSA 1978.

P. "Required by law" means a mandate contained in law that compels an entity to make a use or disclosure of protected health information and that is enforceable in a court of law. Required by law includes, but is not limited to,

(1) court orders and court-ordered warrants,

(2) subpoenas or summons issued by a court, grand jury, a governmental or tribal inspector general or an administrative body authorized to require the production of information,

(3) a civil or an authorized investigative demand,

(4) medicare conditions of participation with respect to health care providers participating in the program, and

(5) statutes or regulations that require the production of information, including statutes or regulations that require such information if payment is sought under a government program providing public benefits.

Q. "Research" means a systematic investigation, including research development, testing, and evaluation, designed to develop or contribute to generalizable knowledge.

R. "Treatment" means the provision, coordination, or management of health care and related services by one or more health care providers, including the coordination or management of health care by a health care provider with a third party; consultation between health care providers relating to an individual; or the referral of a individual for health care from one health care provider to another.

S. "Use" means, with respect to individually identifiable health information, the sharing, employment, application, utilization, examination or analysis of such information within an entity that maintains such information.

T. "Workforce" means employees, volunteers, trainees, and other persons whose conduct, in the performance of work for the department, is under the direct control of the department, whether or not they are paid by the department.

[8.8.5.7 NMAC - N, 4/30/2003]

8.8.5.8 PRIVACY OFFICER:

The secretary designates a privacy officer who is responsible for the development and implementation of the department's policies and procedures providing for compliance with the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and who is responsible for receiving complaints under 45 CFR Section 164.530(d). The secretary may also designate such other personnel as necessary to support the efforts of the privacy office. The secretary's personnel designations are documented in written or electronic form.

[8.8.5.8 NMAC - N, 4/30/2003]

8.8.5.9 NOTICE OF PRIVACY PRACTICES:

A. Persons receiving covered health care or health-related services from the department receive written or electronic notice of the department's privacy practices for Protected Health Information (PHI) in accordance with 45 CFR Section 164.520.

B. Notice is provided no later than the date of first delivery of services, except that persons receiving health-related services under the small health plan administered by the prevention and intervention division prior to April 14, 2004 shall receive notice on or before April 14, 2004. Persons deemed eligible for such services after April 14, 2004 shall receive notice on the date of first delivery of service. In an emergency treatment

situation, notice will be given as soon as reasonably practicable after the emergency treatment situation.

C. The department makes a good faith effort to obtain written acknowledgement of an individual's receipt of Notice, and if not obtained, will document said good faith efforts.

D. The department will retain copies of all versions of its notice of privacy practices, including dates and scope of use.

E. Persons held in lawful custody by the juvenile justice division do not have a right to receive notice of privacy practices.

[8.8.5.9 NMAC - N, 4/30/2003]

8.8.5.10 INDIVIDUAL RIGHTS RELATED TO PROTECTED HEALTH INFORMATION:

The Health Insurance Portability and Accountability Act of 1996 and children, youth and families department policies, 8.8.5.1 through 8.8.5.20 NMAC, provide that individuals have certain rights with respect to their protected health information. Any requests to avail themselves of those rights, as enumerated herein, must be in writing.

A. Individuals or their personal representatives have a right to inspect and copy their own PHI as follows:

(1) Access is denied, with no right of review, if:

(a) the individual is a resident in a department correctional facility and obtaining such access would jeopardize the health, safety, security, custody, or rehabilitation of the individual or of other residents, or the safety of any officer, employee, or other person at the correctional institution or responsible for the transporting of the resident;

(b) the information was compiled in reasonable anticipation of, or for use in, a civil, criminal, or administrative proceeding;

(c) the information is contained in psychotherapy notes;

(d) the PHI was obtained from someone other than a health care provider under a promise of confidentiality and the access requested would be reasonably likely to reveal the source of the information, or

(e) any circumstances where access to PHI is restricted by federal or state statute or regulation not otherwise pre-empted by HIPAA.

(2) Access is denied, with right of review, if:

(a) the access to the PHI requested is determined by a licensed health care professional to be likely to endanger the life or physical safety of the individual or another person; and such determination is documented;

(b) the access is requested by a personal representative and a licensed health care professional determines that such access is reasonably likely to cause substantial harm to the individual or another person, or

(c) the PHI makes reference to another person (unless such person is a health care provider) and a licensed health care professional has determined that granting the access requested is reasonably likely to cause substantial harm to such other person.

(3) If the basis for the denial of access provides for a right of review, the individual or his/her personal representative has a right to have the denial reviewed by another licensed health care professional who did not participate in the original denial decision. Such review must be completed within a reasonable period of time, and the department must promptly provide the individual or his/her personal representative with notice of the reviewer's decision and comply with the determination to provide or deny access.

B. Individuals or their personal representatives have a right to submit a written request for an amendment to their own PHI for as long as the department maintains the PHI.

(1) The department must act on the request within sixty (60) days of receipt of the request by the privacy office or within ninety (90) days if the privacy office notifies the individual or his/her personal representative within the first sixty (60) days of the reasons for delay and the date by which action on the request will be taken. Requests to amend the individual's record may be denied for the following reasons:

(a) PHI contained in the record is deemed to be accurate and complete;

(b) PHI contained in the record was not created by department employees, (unless the individual or his/her personal representative provides reasonable basis to believe that the originator of the records is no longer available to act on the request), or

(c) the information that is the subject of the request for amendment is not part of the designated record set.

(d) would not be available for inspection under Section 8.8.5.10(A)(1) above.

(2) Approved amendments will become incorporated into the individual's record and the department will make reasonable efforts to provide the amended

information to those persons and others, including business associates, that the department knows to have the affected PHI and that may have relied, or be foreseen to rely, on that information to the detriment of the individual. If the department rejects the amendment, the individual or his/her personal representative will be provided an opportunity to submit a written letter of disagreement that shall be appended or otherwise linked to the part of the record containing the disputed information.

C. Individuals or their personal representatives have a right to request receipt of the department's communications containing PHI by alternative means or at alternative locations by submitting a request in writing to the department's privacy officer. The department routinely accommodates all reasonable requests.

D. Individuals or their personal representatives have a right to submit a written request for a written accounting of disclosures made by the department within the previous six years as provided in Section 8.8.5.17 herein. The department acts on the request no later than 60 days after receipt, and the time may be extended for a 30 day period if the department provides a written statement of the reasons for the delay. Health oversight agencies and law enforcement officials may require, under certain circumstances provided in 45 CFR Section 164.528(a)(2), a suspension of the right to an accounting for a specified time. An accounting does not include disclosures made:

(1) to carry out treatment, payment and health care operations;

(2) to the individual or to the individual's personal representative of his or her own PHI;

(3) incident to certain uses or disclosures permitted or required pursuant to 45 CFR Section 164.502;

(4) pursuant to a written authorization;

(5) to correctional institutions or law enforcement officials pursuant to 45 CFR Section 164.512(k)(5);

(6) prior to the compliance date for providers of April 14, 2003 or for the small health plan administered by the prevention and intervention division of April 14, 2004.

(7) that are otherwise excepted in 45 CFR Section 164.528(a)(1).

E. Individuals have a right to complain to the department concerning the department's policies and procedures implementing HIPAA. The complaint is made in writing either to the department privacy office and/or to the secretary of the United States department of health and human services. The complaint must be filed within 180 days of when the complainant knew or should have known that the alleged violation occurred, unless this time limit is waived for good cause shown. The complaint must

name the entity or person that is the subject of the complaint, describe the alleged violation and the applicable requirements of the code or regulation.

[8.8.5.10 NMAC - N, 4/30/2003]

8.8.5.11 USES AND DISCLOSURES:

A. The department uses PHI for purposes of treatment, payment, and health care operations and as required by law. Written authorization is not required for these uses.

B. Any request for, or need to use, PHI for any purpose other than those specified in paragraph A of this section, such as research or marketing, is forwarded to the privacy office for response. The records custodian will also forward any Public Records Act requests involving PHI to the privacy office. The privacy office will determine whether written authorization is required for the requested use pursuant to 45 CFR Section 164.508.

C. Individuals have a right to request restrictions on uses or disclosures of PHI. The department may accept or deny such restrictions, at its discretion.

D. Pursuant to 45 CFR Section 164.502(b) and 164.514(d), uses and disclosures are limited to the minimum necessary information to accomplish the purpose intended, except that the following uses and disclosures are not subject to minimum necessary requirements:

(1) uses and disclosures for purposes of treatment;

(2) certain uses and disclosures to the individual or his/her personal representative, pursuant to 45 CFR Section 164.502(b)(2)(ii);

(3) uses and disclosures made pursuant to an authorization;

(4) disclosures made to the secretary of the United States health and human services department, pursuant to 45 CFR Section 160.300 *et seq.*;

(5) uses and disclosures required by law, pursuant to 45 CFR Section 164.512(a)(2), (c),(e) and (f), and

(6) uses and disclosures required for compliance with applicable federal HIPAA regulations.

E. The department is required by law to provide certain PHI to designated persons pursuant to court order, including court appointed special advocates, special masters, and guardians ad litem. The department is also required to provide certain PHI to the citizen review board pursuant to 32A-8-1 *et seq.* NMSA 1978.

[8.8.5.11 NMAC - N, 4/30/2003]

8.8.5.12 PERSONAL REPRESENTATIVE:

The department generally recognizes the legal authority of a personal representative to act on behalf of an individual. However, the department will decline to treat a person as a personal representative in the following circumstances:

A. The person does not present sufficient documentation or other evidence of authority to represent the individual;

B. There is a reasonable belief that the individual has been or may be subjected to domestic violence, abuse or neglect by such person and that treating the person as the personal representative could endanger the individual or that, in the department's professional judgment, it is not in the best interest of the individual to treat the person as the individual's personal representative, or

C. The individual is an unemancipated minor but is authorized to give lawful consent or authorization or may obtain health care without consent of the personal representative, and the minor has not requested that the person be treated as the minor's personal representative, or the personal representative has assented to agreement of confidentiality between the department and the minor.

[8.8.5.12 NMAC - N, 4/30/2003]

8.8.5.13 DE-IDENTIFICATION OF AGGRAGATED DATA:

The department may use PHI to create de-identified information for purposes such as research, quality control and reporting to various federal and state agencies. Health information that does not identify an individual is not individually identifiable health information as defined in HIPAA. A person with appropriate knowledge of, and experience with, generally accepted statistical and scientific principles and methods for rendering information not individually identifiable applies such principles and methods to determine if the information, in combination with other information could identify the individual to the anticipated recipient. The method and results of the analysis are documented.

[8.8.5.13 NMAC - N, 4/30/2003]

8.8.5.14 SAFEGUARDING PHI:

The department takes reasonable precautions to safeguard PHI from any intentional or unintentional use or disclosure that would violate the provisions of HIPAA.

[8.8.5.14 NMAC - N, 4/30/2003]

8.8.5.15 TRAINING AND PERSONNEL PRACTICES:

A. The department provides HIPAA training to all covered workforce within a reasonable period of time after initial employment and will provide notice and training, if necessary, of material changes in HIPAA policies and procedures within a reasonable time after the change occurs. All training is documented in written or electronic form and retained by the department for six years.

B. The department's policies regarding employee discipline for HIPAA violations and prohibiting retaliation are contained in its code of conduct. The privacy office will investigate all alleged violations and initiate any appropriate disciplinary action.

[8.8.5.15 NMAC - N, 4/30/2003]

8.8.5.16 MITIGATION:

The department mitigates, to the extent practicable, any harmful effect known to the department resulting from a use or disclosure of PHI in violation of this policy or the requirements of HIPAA by the department or its business associates. Measures taken will depend on individual circumstances.

[8.8.5.16 NMAC - N, 4/30/2003]

8.8.5.17 DOCUMENT RETENTION:

The department retains certain documents for six years from the date of creation or the date the document was last in effect, whichever is later, as provided in 45 CFR Section 164.500 *et seq.*

[8.8.5.17 NMAC - N, 4/30/2003]

8.8.5.18 RIGHTS NOT WAIVED:

The department does not require individuals to waive their rights to complain to the secretary of the United States health and human services department or any other rights under 45 CFR Part 164 Subpart E as a condition of the provision of treatment, payment, enrollment in a health plan or eligibility for benefits.

[8.8.5.18 NMAC - N, 4/30/2003]

8.8.5.19 PROCEDURES:

The department will develop all procedures, guidelines and protocols necessary to implement these policies.

[8.8.5.19 NMAC - N, 4/30/2003]

PART 6: [RESERVED]

PART 7: COURT ORDERED DOMESTIC VIOLENCE OFFENDER TREATMENT OR INTERVENTION PROGRAMS

8.8.7.1 ISSUING AGENCY:

New Mexico Children, Youth and Families Department.

[8.8.7.1 NMAC - Rp, 8.8.7.1 NMAC, 05/29/09]

8.8.7.2 SCOPE:

General public, providers of domestic violence offender treatment or intervention programs, persons convicted of domestic violence, courts, and attorneys.

[8.8.7.2 NMAC - Rp, 8.8.7.2 NMAC, 05/29/09]

8.8.7.3 STATUTORY AUTHORITY:

NMSA 1978 Sections 30-3-15 and 30-3-16 (2007).

[8.8.7.3 NMAC - Rp, 8.8.7.3 NMAC, 05/29/09]

8.8.7.4 DURATION:

Permanent.

[8.8.7.4 NMAC - Rp, 8.8.7.4 NMAC, 05/29/09]

8.8.7.5 EFFECTIVE DATE:

May 29, 2009, unless a later date is cited at the end of a section.

[8.8.7.5 NMAC - Rp, 8.8.7.5 NMAC, 05/29/09]

8.8.7.6 OBJECTIVE:

The objective of Chapter 8, Part 7 is to establish the manner in which the department will approve programs to provide court-ordered domestic violence offender treatment or intervention, and will identify approved programs to court personnel.

[8.8.7.6 NMAC - Rp, 8.8.7.6 NMAC, 05/29/09]

8.8.7.7 DEFINITIONS:

A. "Approved DVOTI program list" means the list compiled by the department consisting of approved DVOTI programs for use by New Mexico courts in ordering domestic violence offenders to complete domestic violence offender treatment or intervention pursuant to NMSA 1978 Sections 30-3-15 and 30-3-16 (2008).

B. "Approved DVOTI program" means a domestic violence offender treatment or intervention program that has been approved by the department to provide domestic violence offender treatment or intervention pursuant to the NMSA 1978 Sections 30-3-15 and 30-3-16 (2008).

C. "Court-ordered domestic violence offender treatment or intervention" means domestic violence offender treatment or intervention ordered by a court pursuant to NMSA 1978 Sections 30-3-15 or 30-3-16 (2007).

D. "Department" means the children, youth and families department.

E. "Domestic violence offender" means a person convicted under NMSA 1978 Section 30-3-15 or 30-3-16 (2008) regardless of whether or not the person received a suspended sentence, a deferred sentence, or a conditional discharge.

F. "Domestic violence offender treatment or intervention (DVOTI)" means services, approved by the department, that address and seek to ameliorate domestic violence perpetration. Such services may, but need not, be provided by licensed therapists.

[8.8.7.7 NMAC - Rp, 8.8.7.7 NMAC, 05/29/09]

8.8.7.8 APPROVAL OF DVOTI PROGRAMS TO PROVIDE DVOTI SERVICES:

A. Approval is based upon the provider's submission of a formal application to the department, demonstrating the operation of a functioning program that uses evidence-based techniques and effectively serve the target population.

B. In granting approval for the list, the department may rely in part upon its knowledge of services the provider has supplied whether pursuant to contract with the department, or otherwise.

C. The department shall distribute the approved DVOTI program list to New Mexico tribunals. The department shall notify courts of any additions or deletions to the approved DVOTI program list.

[8.8.7.8 NMAC - Rp, 8.8.7.8 NMAC, 05/29/09]

8.8.7.9 LIST OF APPROVED DVOTI PROGRAMS TO BE COMPILED ANNUALLY:

A. The department shall compile a list of approved DVOTI programs to be distributed to sentencing tribunals annually on or about January 1.

B. DVOTI providers that wish to be included in the approved DVOTI program list must comply with the application and renewal procedures set forth in this regulation.

[8.8.7.9 NMAC - Rp, 8.8.7.9 NMAC, 05/29/09]

8.8.7.10 CRITERIA FOR APPROVED DVOTI PROGRAMS:

The department shall approve DVOTI programs that include the following criteria and features:

A. an initial assessment to determine if the domestic violence offender will benefit from participation in the program and a policy in place for notification to the court if a determination is made that an offender will not benefit from the program; the program will provide recommendations for alternative offender treatment to the court pursuant to section 15;

B. a written contract, which must be signed by the domestic violence offender, that sets forth:

(1) attendance and participation requirements;

(2) consequences for failure to attend or participate in the program;

(3) consequences of reoffending while enrolled in the program;

(4) a requirement that a domestic violence offender not be under the influence of alcohol or drugs during a session;

C. strategies to hold domestic violence offenders accountable for their violent behavior;

D. a requirement for group discussions that the participants be limited to members of the same gender;

E. a requirement that offenders under the age of 18 may be enrolled in intervention groups so long as they are separate from adult groups;

F. goals that focus on the cessation of abuse or violence, whether physical or non-physical, and that is mindful of the safety of the victim, current partner and children;

G. ongoing process of assessing for danger during the time the offender is enrolled in the program;

H. a written policy requiring a duty to warn potential victims of threats of imminent harm and other mandatory reporting requirements designed to protect victim, potential victims and children;

I. an education component for treatment that:

(1) defines physical, emotional, sexual, economic and verbal abuse and techniques for stopping those forms of abuse; and

(2) examines gender roles, socialization, the nature of violence, the dynamics of power and control and the effects of domestic violence on children;

(3) facilitates the offender acknowledging responsibility for abusive actions and consequences of actions;

(a) identifies and offers alternatives to the offender's belief system that facilitate abusive behaviors;

(b) increases the offender's empathic skills to enhance ability to empathize with the survivor/victim;

(c) assures that the offender history of trauma never takes precedence over his/her responsibility to be accountable for violent behavior and potential offense, or be used as an excuse, rationalization, or distraction from being held accountable;

(d) educates the offender on the potential for re-offending and signs of abuse escalation;

(e) assists the offender in developing a written re-offense prevention plan;

(f) increases the offender's understanding of the impact violence on adult intimate victims and children;

(g) educates the offender on the legal ramifications of his/her violence; and

(h) teaches the offender self-management techniques to avoid abusive behavior.

J. a requirement that the program provide monthly written reports to the presiding judge or the domestic violence offender's probation or parole officer regarding:

(1) proof of the domestic violence offender's enrollment in the program;

(2) progress reports that address the domestic violence offender's attendance, fee payments and compliance with other program requirements; and

(3) evaluations of progress made by the domestic violence offender and recommendations as to whether or not to require the offender's further participation in the program;

K. a requirement that all approved domestic violence offender treatment or intervention programs must consist of at least 52 weeks of group sessions lasting no less than ninety minutes each; individual sessions to address crisis management or case management issues will not replace group sessions; and

L. a requirement that all approved domestic violence offender treatment or intervention programs must maintain a staff to client ratio of 1:12 with the group size limited to no more than 20; and

M. Marriage counseling, family therapy and counseling for couples shall not be a component of an approved domestic violence offender treatment or intervention program.

N. a requirement that DVOTI staff working with offenders receive the following training:

(1) a requirement that prior to facilitating, all group facilitators demonstrate that they have received at least 40 hours of training which includes the dynamics of domestic violence, tactics of abuse, the effects of domestic violence on victims and their children, the relationship between domestic violence and substance abuse, best practices in performing ongoing danger assessments, state and federal laws against domestic violence, cultural diversity, group facilitation skills, and best practices for working with offenders;

(2) a requirement that prior to facilitating, facilitators observe a group by a seasoned facilitator with five or more years of experience.

(3) a requirement that all group facilitators receive a minimum of 8 hours of CYFD approved annual retraining on advanced issues related to offender treatment;

(4) a requirement that the DVOTI maintain documentation that personnel have received the required training.

O. the DVOTI shall make a good faith effort to establish a cooperative working relationship with a local domestic violence victim services provider and that the DVOTI participate to the extent possible in the local coordinated community response team working to reduce domestic violence.

P. a requirement that the group be strictly limited to domestic violence offenders and cannot include other classes of offenders.

[8.8.7.10 NMAC - Rp, 8.8.7.10 NMAC, 05/29/09]

8.8.7.11 APPLICATION PROCEDURES FOR INCLUSION IN THE APPROVED DVOTI PROGRAM LIST:

A. Application packets for inclusion in the annual approved DVOTI program list will be available from the department. Providers must submit a completed application packet for inclusion in the approved DVOTI program list.

B. The application process for inclusion in the annual approved DVOTI list shall be separate from, and shall not be influenced by, any requests for proposals or contractual awards issued by the department.

[8.8.7.11 NMAC - Rp, 8.8.7.11 NMAC, 05/29/09]

8.8.7.12 EVALUATION OF APPLICATIONS FOR INCLUSION IN THE APPROVED DVOTI PROGRAM LIST:

A. Applications shall be evaluated for approval by the department.

B. The evaluation process may include a component based upon prior years' performance, and whether or not concerns from prior years have been satisfactorily addressed and corrected.

C. The evaluation process may include a component based upon feedback from local courts and DVOTI program participants.

D. Geographic coverage areas. The department shall seek to identify providers who can provide approved DVOTI treatment at locations within a reasonable commute for all geographic areas within the state. However all approved DVOTI programs must satisfy the minimum criteria.

E. The evaluation shall not include any preference based on the provider's current or prior contractual agreements with the department, nor absence thereof.

[8.8.7.12 NMAC - Rp, 8.8.7.12 NMAC, 05/29/09]

8.8.7.13 NOTIFICATION TO PROGRAMS OF EVALUATION RESULTS:

A. DVOTI program applicants shall be notified by the department whether they have been selected for inclusion on the annual approved DVOTI program list. If the provider is not selected, the notification shall state the reasons for non-selection.

B. A DVOTI program whose application was not selected for inclusion on the annual approved DVOTI program list may re-apply for inclusion after correcting the deficiencies identified by the department. The program must establish that the reasons for non-selection have been satisfactorily corrected.

C. The department will evaluate re-submitted applications as promptly as possible; however, staffing priority will be given to the evaluation and maintenance of programs already identified on the current approved DVOTI provider list.

[8.8.7.13 NMAC - Rp, 8.8.7.13 NMAC, 05/29/09]

8.8.7.14 DISTRIBUTION OF APPROVED DVOTI PROVIDER LIST:

A. The department shall distribute the approved DVOTI program list annually on or about January 1, to sentencing courts, public defenders, district attorneys, DVOTI providers, and other interested parties.

B. The department shall promptly update the approved DVOTI program list to identify newly-approved providers and providers who have been removed from the list.

C. The approved DVOTI provider list, as updated, shall be available on the department's website: www.cyfd.org.

[8.8.7.14 NMAC - Rp, 8.8.7.14 NMAC, 05/29/09]

8.8.7.15 SERVICES PURSUANT TO COURT ORDER:

A. Approved DVOTI programs are to provide domestic violence offender treatment or intervention in accordance with the rule. Court orders should specify that the domestic violence offender complete the approved DVOTI program.

B. If the approved DVOTI program assesses that alternative services are appropriate for an offender, the program shall notify the court so that the court order may be amended. The recommended alternative services shall be deemed to constitute the approved DVOTI program for that offender.

C. In the event a program is de-listed, domestic violence offenders should be re-directed to complete treatment or intervention with another approved DVOTI program.

[8.8.7.15 NMAC - Rp, 8.8.7.15 NMAC, 05/29/09]

8.8.7.16 MONITORING OF APPROVED DVOTI PROGRAMS:

A. The department shall conduct ongoing monitoring of approved DVOTI programs.

B. Approved DVOTI programs must allow the department to conduct site visits during regular business hours, to determine compliance with approved criteria.

C. The department shall establish a schedule by which it will conduct site visits. In no event shall site visits be conducted less than one time during any two-year period.

D. Approved providers will be required to report and verify recommendations for alternative offender treatment or intervention.

E. Approved DVOTI providers must maintain data and records as required by the department.

F. Judges, district attorneys, public defenders, other court personnel, domestic violence offenders, their attorneys and families, victim advocates and domestic violence service providers will be encouraged to provide feedback regarding the efficacy of approved DVOTI programs, to the programs and to the department.

G. The department will investigate complaints as promptly as possible.

H. The department may require approved DVOTI providers to take corrective action in response to the department's ongoing monitoring and evaluation of feedback and complaints. Failure to implement corrective action may result in de-listing of the DVOTI program.

[8.8.7.16 NMAC - Rp, 8.8.7.16 NMAC, 05/29/09]

8.8.7.17 DE-LISTING OF PROGRAMS; APPEAL RIGHTS:

A. Programs may be removed from the approved DVOTI provider list upon a determination by the department that:

(1) the program is not providing the services substantially as described in its approved application for inclusion in the annual approved DVOTI provider list;

(2) the program has requested to be removed from the list;

(3) failure to update information; or

(4) failure to implement corrective action required by the department.

B. A program that is involuntarily removed from the annually-approved DVOTI provider list, and which wishes to appeal its removal, must request an administrative hearing within 10 business days of receipt of the notice of removal. An appeal hearing shall be conducted by an administrative hearing officer appointed by the department secretary in the manner prescribed by, 8.8.4 NMAC.

[8.8.7.17 NMAC - Rp, 8.8.7.17 NMAC, 05/29/09]

8.8.7.18 ANNUAL RENEWAL:

Renewal shall not be automatic from year to year. Each approved DVOTI program must submit an annual application packet and data report, which may be obtained from the department.

[8.8.7.18 NMAC - Rp, 8.8.7.18 NMAC, 05/29/09]

CHAPTER 9: EARLY CHILDHOOD EDUCATION AND CARE

PART 1: GENERAL PROVISIONS [RESERVED]

PART 2: [RESERVED]

PART 3: CHILD CARE ASSISTANCE; REQUIREMENTS FOR CHILD CARE ASSISTANCE PROGRAMS

8.9.3.1 ISSUING AGENCY:

Early Childhood Education and Care Department ("ECECD").

[8.9.3.1 NMAC - N, 11/1/2022]

8.9.3.2 SCOPE:

This policy applies to all clients seeking child care assistance benefits, all child care providers who provide services to clients qualifying for assistance benefits, and employees of the department who determine eligibility for child care assistance benefits. (See 8.9.3.8 NMAC for detailed list.)

[8.9.3.2 NMAC - N, 11/1/2022]

8.9.3.3 STATUTORY AUTHORITY:

Subsection E of Section 9-29-6 NMSA 1978; Section 7-9-77.2 NMSA 1978.

[8.9.3.3 NMAC - N, 11/1/2022; A, 10/8/2024]

8.9.3.4 DURATION:

Permanent.

[8.9.3.4 NMAC - N, 11/1/2022]

8.9.3.5 EFFECTIVE DATE:

November 1, 2022, unless a later date is cited at the end of section.

[8.9.3.5 NMAC - N, 11/1/2022]

8.9.3.6 OBJECTIVE:

A. To establish standards and procedures for the provision of child care assistance benefits to eligible clients and to establish the rights and responsibilities of child care providers who receive payment for providing child care services to clients receiving benefits. To establish minimum requirements for eligibility for program participation and for the provision of child care services to children whose families are receiving benefits and to allow children receiving these benefits access to quality child care settings that promote their physical, mental, emotional, and social development in a safe environment. To establish standards and procedures that promote equal access to services and prohibit discrimination based on race, color, religion, sex (including pregnancy, sexual orientation, or gender identity), national origin, disability, or age (40 or older).

B. To establish child care assistance rates in accordance with the requirements of the Child Care and Development Block Grant (CCDBG) and the Child Care Development Fund (CCDF), which is the primary federal funding source of child care assistance to enable parents to work or pursue education and training so that they may better support their families while at the same time promoting the learning and development of their children. The CCDBG requires every state to submit an updated CCDF plan every three years. A key requirement of the CCDBG Act is that lead agencies establish subsidy payment rates that ensure equal access to child care for children receiving child care assistance. States have two options to establish subsidy payment rates that ensure equal access: lead agencies must collect and analyze data through either a statistically valid and reliable market rate survey, or through an ACF pre-approved alternative methodology, such as a cost estimation model. New Mexico's rates, as set forth herein, and effective August 1, 2023, were informed by a cost estimation model and with extensive statewide stakeholder engagement. This new cost estimation model was developed in collaboration with fiscal experts and local stakeholders to set subsidy rates at a level that supports the true cost of delivering high quality early childhood education to New Mexico's children and families. The child care subsidy rates set forth herein are designed to ensure equal access to child care for children on child care assistance and ensure parental choice by offering a full range of child care services.

C. Permissive language such as "may or may be" when referring to actions taken by the department, address situations where it is not always prudent or practical to apply these actions. It is not meant to reduce the weight of these actions nor should the intent of the policies be circumvented due to this wording. This language is intended to be construed in a fiscally responsible and equitable manner, keeping in mind that consistency in application is the ultimate goal.

[8.9.3.6 NMAC - N, 11/1/2022; A, 8/1/2023]

8.9.3.7 DEFINITIONS:

A. Terms beginning with the letter "A":

(1) **"Attending a job training or educational program"** means actively participating in an in-person or online job training or educational program.

(2) **"At-risk child care"** means a program for families at-risk as determined by the department.

B. Terms beginning with the letter "B": [RESERVED]

C. Terms beginning with the letter "C":

(1) **"CACFP"** means the child and adult care food program, administered by the Early Childhood Education and Care Department.

(2) **"Child with a disability or special needs"** means a child with an identified disability, health, or mental health conditions requiring early intervention, special education services, under an individualized education plan (IEP) or an individualized family service plan (IFSP), or other specialized services and supports; or children without identified conditions, but requiring specialized services, supports, or monitoring.

(3) **"Client"** means the parent or legal guardian of the child that the department has determined is eligible for child care assistance benefits.

(4) **"Closure"** means the client's child care case is closed with the department.

(5) **"Copayment"** means the portion of the approved and agreed upon monthly child care cost for clients receiving child care assistance that the client is required to pay to the child care provider. The department's payment to the provider is reduced by the copayment amount.

D. Terms beginning with the letter "D":

(1) **"Demonstration of incapacity"** means written documentation that an individual is unable to fulfill an eligibility requirement, such as work, school, or the ability to provide child care, and should otherwise be excluded, in whole or in part, from the determination of eligibility. Written documentation of incapacity includes, but is not limited to, the following: statements or letters on a physician's/medical professional's/treatment provider's letterhead stationary; statements, records or letters from a federal government agency that issues or provides disability benefits; statements, records or letters from a state vocational rehabilitation agency counselor;

records or letters from a treatment facility/counselor; certification from a private vocational rehabilitation or other counselor that issues or provides disability benefits.

(2) **"Department"** means the New Mexico Early Childhood Education and Care Department ("ECECD").

E. Terms beginning with the letter "E":

(1) **"Earned income"** means income received as gross wages from employment or as profit from self-employment.

(2) **"Essential worker"** means those who conduct a range of operations and services in industries that are essential to ensure the continuity of critical functions in the economy of our nation and state. During this period of economic recovery and subject to budgetary considerations, the presumption is that all workers are essential to the well being of the state's economy.

F. Terms beginning with the letter "F":

(1) **"Federal poverty level"** means a measure of income issued every year by the U.S. Department of Health and Human Services (HHS) that is used to determine eligibility for various programs and benefits, including New Mexico's Child Care Assistance Program.

(2) **"Fluctuation of earnings"** means a family with inconsistent or variable income

Throughout the year. To calculate fluctuation of earning the department may:

(a) average family earnings over a period of time (e.g., 12 months); or

(b) choose to discount temporary increases in income provided that a family demonstrates an isolated increase in pay (e.g., short-term overtime pay, temporary increase to pay, etc.) and is not indicative of a permanent increase in income.

G. Terms beginning with the letter "G": [RESERVED]

H. Terms beginning with the letter "H":

(1) **"Homeless children and youth"** means individuals who lack a fixed, regular, and adequate nighttime residence, which includes:

(a) Children and youth who are temporarily sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks (excludes mobile homes), or camping ground due to the

lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals; or are awaiting foster care placement;

(b) children and youth who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;

(c) children and youth who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and

(d) migratory children who qualify as homeless for the purposes of this subtitle because the children are living in circumstances described in Subparagraphs (a) through (c) of this Paragraph.

(2) **"Household"** means the household as defined below in Paragraph (1) of Subsection C of 8.9.3.11 NMAC.

(3) **"Household income"** means household income as defined below in Paragraph (3) of Subsection C of 8.9.3.11 NMAC.

I. Terms beginning with the letter "I":

(1) **"Incidental money"** means earnings of a minor child for occasional work performed such as baby-sitting, cutting lawns, and other similar activities.

(2) **"Infant, toddler, preschool, school age"** means the age categories used for assigning child care provider reimbursement rates, defined as follows:

(a) infant: zero - 23 months;

(b) toddler: 24 -35 months;

(c) preschool: three to five year olds; and

(d) school age: six year olds and older.

J. Terms beginning with the letter "J": "Job training and educational program" means participation in a short or long term educational or training program, including online programs that provide specific job skills which allow the participant to enter the workforce and directly relates to enhancing job skills, including but not limited to the acquisition of a general equivalency diploma (GED), English as a second language, literacy training, vocational education training, secondary education including adult basic education and accredited high school programs, and post-secondary institutions. Educational programs include graduate and post graduate programs or classes.

K. Terms beginning with the letter "K": [**RESERVED**]

L. Terms beginning with the letter "L": [**RESERVED**]

M. Terms beginning with the letter "M": [**RESERVED**]

N. Terms beginning with the letter "N":

(1) **"National accreditation status"** means the achievement and maintenance of accreditation status by an accrediting body that has been approved by ECECD. ECECD determines the program criteria and standards to evaluate and approve accrediting bodies.

(a) The following are the only national accrediting bodies that are approved by ECECD:

(i) the association of Christian schools international (ACSI);

(ii) the council on accreditation (COA) for early childhood education and after school programs;

(iii) the international Christian accrediting association (ICAA);

(iv) the national accreditation commission for early care and education programs (NAC);

(v) the national association for the education of young children (NAEYC) academy for early childhood program accreditation;

(vi) the national association of family child care (NAFCC); or

(vii) the national early childhood program accreditation (NECPA).

(b) Effective July 15, 2014 accrediting bodies that have been previously approved that are not on the above list will no longer be ECECD approved national accrediting bodies.

(2) **"Non-temporary change in activity"** means the family has experienced a change in activity that does not meet the definition of a "temporary change in activity" as defined in Paragraph (3) of Subsection T of 8.9.3.7 NMAC.

(3) **"Non-traditional hours of care"** means care provided between the afterhours of 7:00 p.m. and 7:00 a.m. Monday through Friday or care provided during weekend hours between 12:00 a.m. Saturday morning and 12:00 a.m. Monday morning.

O. Terms beginning with the letter "O":

(1) **"Open case"** means a case that has not been closed as a result of a failure to recertify, or that has not been closed due to becoming otherwise ineligible for child care assistance benefits.

(2) **"Overpayment"** means a payment of child care assistance benefits received by a client or provider for which they are ineligible based on incomplete or inaccurate information provided by either the client or the provider, or agency error.

P. Terms beginning with the letter "P": "Provider types" means the characteristics of child care providers, which determine their approved reimbursement rate, capacity, staffing levels etc. as follows:

(1) **"In-home"** care means care provided in the child's own home.

(2) **"Registered home"** means child care provided in the home of a provider who is registered with the department to care for up to four children. All registered homes receiving child care assistance subsidies must be enrolled and participate in the child and adult care food program (CACFP), unless they are exempt.

(3) **"Licensed family child care home"** means child care provided in the home of a provider who is licensed by the department to care for up to six children.

(4) **"Licensed group child care home"** means child care provided in the home of a provider who is licensed by the department to care for up to 12 children.

(5) **"Licensed center"** means child care provided in a non-residential setting, which is licensed by the department to provide such care.

(6) **"Out-of-school time care"** means child care provided to a kindergartner or school age child up to age 13 immediately before or immediately after a regularly scheduled school day or when regular school is not in session.

(7) **"Family, friend, or neighbor (FFN)"** means care provided temporarily in a home and only in the case of a public health emergency.

Q. Terms beginning with the letter "Q": [RESERVED]

R. Terms beginning with the letter "R":

(1) **"Recertification"** means the process by which a client's eligibility to continue to receive child care assistance benefits are determined.

(2) **"Registration/educational fee"** means a fee charged to private pay and families receiving child care assistance for materials and supplies.

S. Terms beginning with the letter "S":

(1) **"Sanctions"** means a measure imposed by the department for a violation or violations of applicable regulations.

(2) **"SNAP"** means the supplemental nutrition assistance program administered by the U.S. department of agriculture, which helps low-income families purchase healthy food. SNAP was previously referred to as food stamps employment and training program.

(3) **"Special supervision"** means the special supervision for child(ren) as defined below in Subsection G of 8.9.3.11 NMAC.

(4) **"Star level"** means a license indicating the level of quality of an early childhood program. A greater number of stars indicates a higher level of quality.

(5) **"Suspension"** means the voluntary cessation of child care benefits at the client's request, during which the client remains eligible.

T. Terms beginning with the letter "T":

(1) **"TANF"** means the temporary assistance to needy families program administered by the U.S. department of health and human services. TANF is the successor to the aid to families with dependent children (AFDC) program and provides cash assistance to qualified low-income families with dependent children.

(2) **"Teen parent"** means a biological parent under the age of 20 who is attending high school, working towards a general equivalency diploma (GED) or attending any other job skills training or educational programs directly related to enhancing employment opportunities.

(3) **"Temporary change of activity"** means one of the following events:

(a) limited absence from work for employed parents or legal guardians for periods of family leave (including parental leave) or sick leave;

(b) interruption in work for a seasonal worker who is not working between regular industry work seasons;

(c) student holiday or break for a parent or legal guardian participating in training or education;

(d) reduction in work, training or education hours, as long as the parent or legal guardian is still working or attending training or education; and

(e) cessation of work or attendance at a training or education program less than three months.

(4) **"Termination"** means the client's child care case will be closed due to cause.

(5) **"Tribal per capita payments"** means cash distributions from tribal trust funds or casino revenues to individual tribal members.

U. Terms beginning with the letter "U":

(1) **"Underpayment"** means a payment made by the department for services provided which did not fully reimburse the client or provider.

(2) **"Unearned income"** means income in the form of benefits such as TANF, workmen's compensation, social security, supplemental security income; child support, pensions, contributions, gifts, loans, grants and other income which does not meet the definition of earned income.

V. Terms beginning with the letter "V": [RESERVED]

W. Terms beginning with the letter "W": "Working" means employment of any type, including self-employment and teleworking. For TANF recipients, this includes work experience or community service or any other activity that meets the TANF work activity requirements.

X. Terms beginning with the letter "X": [RESERVED]

Y. Terms beginning with the letter "Y": [RESERVED]

Z. Terms beginning with the letter "Z": [RESERVED]

[8.9.3.7 NMAC - N, 11/1/2022; A, 8/1/2023]

8.9.3.8 TYPES OF CHILD CARE:

These policies apply to child care assistance benefits provided to eligible children for the following types of child care to ensure that parents or legal guardians have a variety of child care services from which to choose:

A. licensed child care programs administered by public schools and post-secondary institutions that provide on-site care for the children of students;

B. licensed child care programs administered by tribal entities;

C. licensed child care programs administered by church or religious organizations;

D. in-home care;

E. licensed child care centers;

F. registered family childcare homes;

G. licensed family and group childcare homes;

H. licensed out of school time programs;

I. licensed programs operated by employers for their employees; and

J. FFN.

[8.9.3.8 NMAC - N, 11/1/2022]

8.9.3.9 PRIORITIES FOR ASSISTANCE:

Any funds received by the department under the child care development fund and other sources are expended for child care assistance pursuant to the following priorities:

A. Priority one: Clients receiving temporary assistance to needy families (TANF) benefits to include TANF diversionary payment, are considered priority one clients.

(1) Participation exemption: The human services department (HSD) grants participation exemptions to TANF clients who cannot locate child care. The Early Childhood Education and Care Department is responsible for the verification of the TANF participant's inability to locate child care. Reasons for a participation exemption due to lack of child care are as follows:

(a) the unavailability of appropriate child care within a reasonable distance from the individual's home or work site;

(b) the unavailability or unsuitability of informal child care by a relative or under other arrangements; or

(c) the unavailability of appropriate and affordable formal child care by a relative or under other arrangements.

(2) A person who applies for participation exemption for any or all of the above reasons is referred to the Early Childhood Education and Care Department child care resource and referral. The child care resource and referral assists the client with location of child care. The final validation/verification of a client's inability to locate child care is determined by the child care services bureau supervisor in conjunction with his/her supervisor. A client who receives a participation exemption due to lack of child care is required to re-apply for the exemption every six months. If a person disagrees with the determination of their eligibility for a participation exemption, they may apply for

a fair hearing with HSD. HSD is responsible for providing notice of the approval or denial of a participation exemption.

B. Priority one A: [RESERVED]

C. Priority one B: Child care assistance for income eligible families whose income is at or below one hundred percent of the federal poverty level, adjusted annually in accordance with federal guidelines. The department prioritizes child care services within priority one B for children with special needs, disabilities, homeless families, and for teen parents.

D. Priority two: Families transitioning off TANF and clients who have received a TANF diversionary payment. Clients must have received TANF for at least one month, or a diversionary payment, in the past 12 months in order to qualify for priority two. Only clients transitioning off TANF whose TANF cases are closed at least in part due to increased earnings or loss of earned income deductions or disregards are eligible for priority two. Priority two clients do not have to meet income eligibility requirements during their 12 consecutive month period of eligibility for priority two child care.

E. Priority three: [RESERVED]

F. Priority four: Child care assistance for families whose income is above one hundred percent of the federal poverty level but at or below two hundred percent of the federal poverty level, adjusted annually in accordance with federal guidelines. These families are certified for a 12 month block of time and will remain eligible at or below two hundred fifty percent of the federal poverty level. Exceptions to the 12 month certification period are included in 8.9.3.11 NMAC. The department prioritizes child care services within priority four for children with special needs, disabilities, homeless families, and for teen parents.

G. Priority four plus: During this period of economic recovery and subject to budgetary considerations, child care assistance for essential workers whose income is above two hundred percent of the federal poverty level but at or below four hundred percent of the federal poverty level, adjusted annually in accordance with federal guidelines. These families are certified for a 12 month block of time and will remain eligible at or below four hundred and twenty-five percent of the federal poverty level. Exceptions to the 12 month certification period are included in 8.9.3.11 NMAC. The department prioritizes child care services within priority four plus for children with special needs, disabilities, homeless families, and for teen parents.

H. Priority five: In addition to these priorities, the department pays for at-risk child care as approved by the department. Child care benefits are provided for a minimum of six months to support the family. Income, work and education requirements and copayments are waived for clients in this priority.

[8.9.3.9 NMAC - N, 11/1/2022]

8.9.3.10 APPLICATION PROCESS:

A. Clients apply for child care assistance benefits by presenting the following documents to establish eligibility:

(1) a completed signed application form;

(2) documentation of current countable earned and unearned income as listed below and defined in Paragraph (5) of Subsection C of 8.9.3.11 NMAC;

(3) documentation of the applicant's TANF eligibility or participation, if applicable, and can include applicant's social security number or assigned TANF identification number;

(4) school schedule or verification of educational activity, if applicable;

(5) demonstration of incapacity for parent or legal guardian, if applicable;

(6) verification of birth for all applicant's household children;

(7) documentation of qualifying immigration status, as defined by the United States department of health and human services, administration for children and families, office of child care, for all children requesting child care assistance;

(8) verification of custody of children, if applicable;

(9) verification of dependency of a child or adult household member, if applicable;

(10) documentation of New Mexico residency;

(11) identification for parent/guardian; and

(12) department approved provider.

B. The following are acceptable documents to use to verify eligibility. Other documents may be considered and taken to the supervisor to be reviewed for eligibility.

Verification Type	Acceptable documentation or information (examples)
Verification of Birth	-Birth certificate -Hospital or public health records -Certificate of Indian blood -Birth center records

Countable Earned Income	-Paystubs -Employer statement/verification of work form (for new employment) -Client statement, if earning wages from various odd jobs/day labor -Employer contract/work agreement -Payroll/gross wage history For self-employed individuals: -Income tax return -Profit and loss (must be verified by a bookkeeper or accountant) -Common reporting standard (CRS) statements from New Mexico taxation and revenue department
Countable Unearned Income	-Benefit award letter (i.e. – social security, veteran administration (VA)) -Letter or document from agency making payment -Court records or other legal documents -Statement from tribal agency -Bank or other financial statement -Divorce or separation decree -Trust documents -Workers' compensation documents -Rental income information
Qualifying Activity	-Proof of TANF participation (example: work participation agreement (WPA)) -School schedule -Statement from educational institution -Work schedule -Paystubs -Employer statement -Client statement -Contract/work agreement -Proof of new business registration with state
Documentation of Incapacity	-Statement or letter from medical professional on letterhead/stationary -Statement/record/letter from a federal government agency that issues or provides disability benefits -Statement/records/letters from a state vocational rehabilitation agency counselor -Records/letters from a treatment facility/counselor -Certification from a private vocational rehabilitation or other counselor that issues or provides disability benefits
Custody	-Court order, or other legal records -Adoption records -Statement signed under penalty of perjury -Attorney records

Dependency	-Court order -Notarized statement -Divorce papers -Durable power attorney -Guardianship documentation -Federal tax documents verifying person is claimed as a dependent -Written statement with supervisor's approval
New Mexico Residency	-Lease/rental agreement -Utility bill -Mortgage receipt -Written statement from person you are residing with -Current New Mexico driver's license -Statement from landlord -Other records that provide a name and address
Identification for Parent/Guardian	-Current or expired government issued photo identification/passport -School photo identification -Government issued immigration document with photo -Employer identification with photo
Citizenship/Immigration Verification	-United States birth certificate -Military identification -Passport -Naturalization certificate -Permanent resident card -ASPEN/HSD verification (client must be listed as "eligible child") (example: refugees/other qualified aliens may receive services through HSD but also may have United States department of state form) -Numident (from social security office) -Refugee/asylee letter from United States secretary of state or from homeland security -Any document from the immigration and naturalization services (INS), department of homeland security (DHS), or other authoritative document showing a child's immigration status that qualifies the child for assistance

C. The department may approve a client to submit their initial application by fax, email, electronic submission, or mail. Clients shall have 14 calendar days after initial submission of an application to submit all other required forms. Upon approval from the child care regional manager, clients may be given longer than 14 calendar days, but no more than 30 calendar days, to submit required documentation.

D. Assistance is provided effective the first day of the month of application if all of the following apply:

(1) the client is utilizing child care services;

(2) the client is employed, attending school or a training program or seeking employment. In the case of a public health emergency, the department secretary may waive the requirement for employment, attending school or a training program; and

(3) the provider is eligible to be paid.

[8.9.3.10 NMAC - N, 11/1/2022]

8.9.3.11 ELIGIBILITY REQUIREMENTS:

Clients are eligible for child care assistance benefits upon meeting the requirements for eligibility as determined by the department and federal regulation.

A. Child care staff will initiate communication at the initial determination of their eligibility period to provide outreach and consumer education with a case management approach and coordination of services to support families.

B. Eligibility period: Based upon the client meeting all eligibility requirements, a 12-month certification period will be granted.

(1) Eligibility may be granted for less than 12 months at the parent or legal guardian's request. The parent or legal guardian will, however, remain eligible for the approved 12-month eligibility period.

(2) At-risk child care may be granted for less than 12 months as determined by the department.

(3) Eligibility may be granted for up to three months for seeking employment. The eligibility may be closed if the client fails to obtain a qualifying activity within three months. The department has the discretion to extend the job search period.

(4) The client will remain eligible if a temporary change of activity occurs.

(5) If a client experiences a non-temporary change in activity, the child care placement agreement may close; however, the client will remain eligible for the approved 12-month eligibility period.

C. Income eligibility determination:

(1) The household: The household includes biological parents, stepparents, legal guardians of the child(ren) for whom child care assistance is sought, and any legal dependents of the aforementioned, living in the household, thereby constituting an economic unit. Grandparents who are not legal guardians living in the household are counted as members of the household, but their earned and unearned income is excluded from the eligibility calculations. Periods of absences: A household member may be absent from the home and will be considered as living in the home and be

counted in the household composition as long as the absent household member plans to return to the home. Any parent or legal guardian who remains in the home must be working, attending school, or participating in a job training or educational program. Temporary absence may include, but are not limited to, attending school, working, training, medical or other treatment, or military service.

(2) Legal guardians who are not the parents of the child(ren) for whom child care assistance is sought, are required to qualify for child care assistance as per Paragraph (3) below and, upon qualification, have the required copayment waived.

(3) Household income: The household's gross monthly or annual average countable earned and unearned income, taking into account any fluctuation(s) of earnings, and will always be calculated in favor of eligibility as paragraphs (7) and (8) of Subsection C of 8.9.3.11 NMAC. Household income does not include any earned and unearned income received by grandparents who are not legal guardians, and any legal dependents of the biological parents, stepparents, or legal guardians of the child(ren) for whom child care assistance is sought, living in the household.

(4) Family assets: A family's assets may not exceed one million dollars.

(5) Countable earned and unearned income: The following sources of income are counted when computing a family's eligibility for assistance and for determining the copayment (if applicable): income from employment by working for others or from self-employment; alimony payments; veterans administration (VA) payments except VA payments that are specifically exempted in Paragraph (6) of Subsection C of 8.9.3.11 NMAC; workman's compensation; railroad retirement benefits; pensions; royalties; income from rental property; social security benefits except social security payments that are specifically exempted in Paragraph (6) of Subsection C of 8.9.3.11 NMAC; overtime shall be counted at ECECD's discretion if ECECD determines that the applicant is paid overtime on a regular basis.

(6) Exempt income: The types of income not counted when computing eligibility or copayments include but are not limited to: earnings of household dependents; earnings of household grandparents who are not the legal guardians of the child(ren) for whom child care assistance is sought; SNAP; TANF benefits, including diversion payments; supplemental security income (SSI); social security disability insurance (SSDI); social security benefits received by household children; any VA payments made on behalf of the child(ren); VA benefits for educational purposes or for disability; unemployment benefits; work study income; child support payments; military food and housing allowances; an increase in military salary or allowances due to "temporary national emergency status beginning September 11, 2001"; third party payments; energy assistance benefits; foster care payments; adoption subsidies; loans; child or adult nutrition programs; income tax refunds; payments for educational purposes including graduate and other educational stipends; compensation under the Domestic Volunteer Services Act and the volunteers in service to America (VISTA) program or AmeriCorps; Work Investment Act (WIA) payments made to dependent

children; relocation payments; department of vocational rehabilitation (DVR) training payments; in-kind gifts; cash gifts; employer reimbursements; overtime, unless ECECD determines that the applicant is paid overtime on a regular basis; payments from special funds such as the agent orange settlement fund or radiation exposure compensation settlement fund; lump sum payments such as those resulting from insurance settlements and court judgments; Tribal per capita payments; or other resources such as savings, individual retirement accounts (IRAs), vehicles, certificates of deposits (CDs) or checking accounts. In the case of an emergency, or under extenuating circumstances, the department secretary may disregard certain temporary income, such as federal stimulus payments or hazard pay.

(7) Verification of household countable earned and unearned income: Clients applying for child care assistance benefits are required to verify household countable earned and unearned income by providing current documentation of income for biological parents, stepparents, and legal guardians of the child(ren) for whom child care assistance is sought, living in the household, who receive such income. A self-employed individual who does not show a profit that is equal to federal minimum wage times the amount of hours needed per week within 24 months from the start date of receiving child care assistance will be evaluated by the child care assistance supervisor, at which point services may be reduced or discontinued.

(8) **Calculating income:**

(a) Current income provided to determine eligibility shall be used as an indicator of the income that is and shall be available to the household during the certification period. Fluctuation(s) of earnings may be taken into account as specified in Paragraph (3) of Subsection C of 8.9.3.11 NMAC.

(b) **Conversion factors:** When income is received on a weekly, biweekly, or semimonthly basis, the income shall be converted to monthly amount as follows:

(i) Income received on a weekly basis is averaged and multiplied by four and three-tenths. Weekly income is defined as income received once per week.

(ii) Income received on a biweekly basis is averaged and multiplied by two and fifteen one-hundredths. Biweekly income is defined as income received once every two weeks. Income is received on the same day of the week each pay period, therefore receiving 26 payments per year.

(iii) Income received on a semimonthly basis is averaged and multiplied by two. Semimonthly income is defined as income received twice per month every month of the year. Income is received on specific dates of the month, therefore receiving 24 payments per year.

(iv) Income received on a monthly basis is averaged and multiplied by one. Monthly income is defined as income received once per month.

D. Residency requirement: An applicant of child care assistance and a child care provider must be a resident of the state of New Mexico. Proof of residency is required.

E. Citizenship and eligible immigration status: Any child receiving child care assistance must be a citizen or legal resident of the United States; or a qualified immigrant as defined by the United States department of health and human services, administration for children and families, office of child care.

F. Age requirement: Child care benefits are paid for children between the ages of six weeks up to the day in which the child turns 13 years old. Eligibility determinations made prior to a child turning 13 years old may be granted a 12-month eligibility period or a lesser period of time as determined by the department for at-risk child care.

G. Special supervision: Children between the ages of 13 and 18 who are under the supervision of a court of law, or who are determined by a medical or treatment professional to require supervision.

H. Work/education requirement: Child care benefits are paid only for families who are working, attending school or participating in a job training or educational program and who demonstrate a need for care during one or more of these activities. Clients who are receiving TANF are required to submit verification of the TANF approved activity unless they are exempt by TANF. The department may, in its discretion, exempt a client or applicant from the work/education requirement upon submission of a demonstration of incapacity.

I. Calculating Need for Care: The department determines the number of hours of care needed in consultation with the parent or legal guardian at the time of certification and approved hours are reflected in the child care placement agreement covering the certification period. The department determines the number of hours of care needed based on the qualifying activity of the parent or legal guardian and physical custody of the child, as applicable. Clients and caseworkers shall negotiate a reasonable amount of study and travel time, which is an individualized determination based on each client's specific needs, during the application process and special attention shall be paid to the child's specific needs. The department determines the number of hours of care needed based on a maximum weekly need and approved based on the units of service set forth below in Subsection E and F of 8.9.3.17 NMAC.

J. Children enrolled in head start, kindergarten, school or other programs: Child care benefits are not paid during the hours that children are attending head start, kindergarten, New Mexico pre-k, school or other programs, such as online or home-schooling. Child care benefits are paid during the hours that children are attending a dedicated Early Head Start-Child Care Partnerships Program funded by the U.S. Department of Health and Human Services, Administration for Children and Families, Office of Child Care.

[8.9.3.11 NMAC - N, 11/1/2022; A, 8/1/2023]

8.9.3.12 RECERTIFICATION:

Clients must recertify for services at the end of their eligibility period by complying with all requirements of initial certification. Clients who recertify will qualify at or below two hundred and fifty percent of the federal poverty level. Clients above two hundred and fifty percent of the federal poverty level must qualify as an essential worker as defined in Paragraph (2) of Subsection E of 8.9.3.7 NMAC. Clients designated as essential workers who recertify must be at or below four hundred and twenty-five percent of the federal poverty level. If recertification is not completed in a timely manner, the case may be closed on the last day of the month for which assistance is provided under the previous child care placement agreement. At time of recertification, clients must provide documentation of income, or proof of school enrollment. Changes in income, household size, employment, training or educational status are noted in the client's record. Copayment, if applicable, is re-determined at the time of recertification. A 12-month certification period will be granted in accordance with eligibility requirements outlined in Subsection B of 8.9.3.11 NMAC.

[8.9.3.12 NMAC - N, 11/1/2022; A, 8/1/2023]

8.9.3.13 CLIENT RESPONSIBILITIES:

Clients must abide by the regulations set forth by the department and utilize child care assistance benefits only while they are working, seeking employment, attending school or participating in a training or educational program.

A. Copayments: Copayments are paid by all clients receiving child care assistance benefits, except for at-risk child care and qualified grandparents or legal guardians. Copayments are determined by income and household size. The copayment schedule is published yearly at https://www.nmececd.org/child-care-assistance/. In the case of an emergency, or under extenuating circumstances, the department secretary may waive copayments for families receiving child care, during which period, the department will pay providers the client's approved rate, including required copayments. If copayments are waived, three months notice will be given to providers and families prior to reinstatement.

B. Copayments described in Subsection A of 8.9.3.13 NMAC, are used for determining the base copayment for the first eligible child. The formula for determining the copayment amount based on the copayment schedule is the gross monthly household income multiplied by the applicable percent of the federal poverty level percentage (FPL) for family size (see, Subsection D of 8.9.3.13 NMAC), which will equal the monthly copayment. The base copayments for the second child in the family is determined at one half of the copayment for the previous child. If there are more than two children in the household accessing child care assistance, the copayment will be waived for any additional children.

(1) The first child is identified as the child requiring the most hours of child care.

(2) The second child is identified as the child with the second most number of hours needed for child care.

C. Each child's copayment will be adjusted based on the units of services described in Subsection E of 8.9.3.17 NMAC, as follows:

(1) full time care will be based on one hundred percent of the base copayment;

(2) part time 1 care will be based on seventy-five percent of the base copayment;

(3) part time 2 care will be based on fifty percent of the base copayment; and

(4) part time 3 care will be based on twenty-five percent of the base copayment.

D. Below is the cost sharing chart with the formula used to determine child care copayments as set forth immediately above and as published yearly at https://www.nmececd.org/child-care-assistance/:

FPL Percent Income Increments	Percent of Gross Income (Monthly) to Determine Copay
0.00 to 185.00	0.00%
185.01 to 200	0.29%
200.01 to 210	0.59%
210.01 to 220	0.88%
220.01 to 230	1.18%
230.01 to 240	1.47%
240.01 to 250	1.76%
250.01 to 260	2.06%
260.01 to 270	2.35%
270.01 to 280	2.65%
280.01 to 290	2.94%
290.01 to 300	3.24%
300.01 to 310	3.53%
310.01 to 320	3.82%
320.01 to 330	4.12%
330.01 to 340	4.41%
340.01 to 350	4.71%
350+	5.00%

E. Clients pay copayments directly to their child care provider and must remain current in their payments. A client who does not pay copayments may be subject to sanctions.

F. In-home providers: Parents or legal guardians who choose to use an in-home provider become the employer of the child care provider and must comply with all federal and state requirements related to employers, such as the payment of all federal and state employment taxes and the provision of wage information. Any parent or legal guardian who chooses to employ an in-home provider releases and holds the department harmless from any and all actions resulting from their status as an employer. Payments for in-home provider care are made directly to the parent or legal guardian.

G. Notification of changes: Clients must provide notification of changes via fax, e-mail, or telephone that affect the need for care to their local child care assistance office.

(1) A client must notify the department of any non-temporary change in activity or changes to household composition. Notifications must be provided within 14 calendar days of the change.

(2) A client must notify the department when their household income exceeds eighty-five percent of the state median income, taking into account any fluctuation(s) of income.

(3) A client must notify the department of any changes to their contact information.

(4) A client who changes a provider must notify the department and the current provider 14 calendar days prior to the expected last day of enrollment. If this requirement for notification is met by the client, the current provider will be paid through the 14th calendar day. If this notification requirement is not met, the current provider will be paid 14 calendar days from the last date of nonattendance. The child care placement agreement with the new provider shall become effective when payment to the previous provider ceases. The client will be responsible for payment to the new provider beginning on the start date at the new provider and until the final date of payment to the former provider.

(5) If the client has not used the authorized provider for 14 consecutive calendar days, the child will be disenrolled from that provider and the client will remain eligible for the remainder of their eligibility period.

(6) Clients who do not comply with this requirement may be sanctioned.

[8.9.3.13 NMAC - N, 11/1/2022; A, 8/1/2023]

8.9.3.14 CASE SUSPENSIONS AND CLOSURES:

A. A case may be suspended at the request of the client if child care benefits are not being utilized with payment being discontinued to the provider. The client will remain eligible for child care assistance through the remainder of their eligibility period.

B. If the client experiences a non-temporary change of activity including the loss of employment, no longer attending school, or no longer participating in a job training or education program, the child care placement agreement may close; however, the client will remain eligible for the approved 12-month eligibility period.

C. A case will be closed if the following conditions apply:

(1) income in excess of two hundred and fifty percent federal poverty level or a client designated as an essential worker, as defined in Paragraph (2) of Subsection E of 8.9.3.9 NMAC, with an income in excess of four hundred and twenty-five percent of the federal poverty level;

(2) failing to recertify at the end of approved eligibility period; or

(3) being disqualified from participation in the program.

[8.9.3.14 NMAC - N, 11/1/2022]

8.9.3.15 PROVIDER REQUIREMENTS:

Child care providers must abide by all department regulations. Child care provided for recreational or other purposes, or at times other than those outlined in the child care placement agreement, are paid for by the client.

A. All child care providers who receive child care assistance reimbursements are required to be licensed or registered by the department and meet and maintain compliance with the appropriate licensing and registration regulations in order to receive payment for child care services. Beginning July 1, 2012, child care programs holding a 1-star license are not eligible for child care assistance subsidies. The department honors properly issued military child care licenses to providers located on military bases and tribal child care licenses properly issued to providers located on tribal lands.

B. Signed child care placement agreements (including electronically signed child care placement agreements) must be returned by hand delivery, mail, email, fax, or electronic submission to the local child care office within 30 calendar days of issuance. Failure to comply may affect payment for services and the child care placement agreement will be closed. The department will provide reasonable accommodations to allow a client or provider to meet this requirement.

C. Child care providers collect required copayments from clients and provide child care according to the terms outlined in the child care placement agreement.

D. Notification of changes: Child care providers must notify the department if a child is disenrolled or child care has not been used for 14 consecutive calendar days without notice from the client. If a client notifies the provider of non-attendance beyond 14 consecutive calendar days, the department will continue to pay the provider for the period of non-attendance, not to exceed six weeks following the first date of nonattendance.

(1) If the provider notifies the department of the above, the provider will be paid through the period of nonattendance, not to exceed six weeks.

(2) If a provider does not notify the department of disenrollment or of non-use for 14 consecutive calendar days, the provider will be paid through the last date of attendance.

(3) If a child was withdrawn from a provider because the health, safety, or welfare of the child was at risk, as determined by a substantiated compliant against the child care provider, payment to the former provider will be made through the last day that care was provided.

(4) Providers who do not comply with this requirement are sanctioned and may be subject to recoupment or disallowance of payments as provided in 8.9.3.21 NMAC.

E. Child care providers accept the rate the department pays for child care and are not allowed to charge families receiving child care assistance above the department rate for the hours listed on the child care placement agreement. Failure to comply with this requirement may result in sanctions.

(1) Providers are not allowed to charge clients a registration/educational fee for any child who is receiving child care assistance benefits as listed under 8.9.3 NMAC. The rates set forth below are informed by a cost estimation model and include expenses for registration/educational fees per child and child and family activities on behalf of clients under 8.9.3 NMAC.

(2) In situations where an incidental cost may occur such as field trips, special lunches or other similar situations, the child care provider is allowed to charge the child care assistance family the additional cost, provided the cost does not exceed that charged to private pay families.

(3) Child care providers are not allowed to charge child care assistance families the gross receipts tax for the sum of the child care assistance benefit and copayment. Child care providers may claim the gross receipts tax deduction pursuant to Section 7-9-77.2 NMSA 1978, as applicable.

F. Under emergency circumstances, when ECECD has reason to believe that the health, safety or welfare of a child is at risk, the department may immediately suspend

or terminate assistance payments to a licensed or registered provider. The child care resource and referral will assist clients with choosing another ECECD approved provider.

G. Owners and licensees may not receive child care subsidy payments to provide care for their own children.

H. Providers who are found to have engaged in fraud relating to any state or federal programs, or who have pending charges for or convictions of any criminal charge related to financial practices will not be eligible to participate in the subsidy program.

I. Providers must promote the equal access of services for all children and families by developing and implementing policies and procedures that prohibit discrimination based on race, color, religion, sex (including pregnancy, sexual orientation, or gender identity), national origin, disability, or age (40 or older).

[8.9.3.15 NMAC - N, 11/1/2022; A, 8/1/2023; A 10/8/2024]

8.9.3.16 DEPARTMENT RESPONSIBILITIES:

A. The department pays child care providers who provide child care services to department clients in a timely manner.

B. Child care assistance workers perform all casework functions in a timely manner, including the processing of payments and notifications of case actions.

C. Child care assistance workers will perform all eligibility and recertification determinations within 10 working days upon receipt of all required documentation from the client.

D. Child care assistance workers notify clients and providers in writing of all actions, which affect services, benefits, or provider payments or status, citing the applicable policy.

E. Child care assistance workers determine eligibility for all child care assistance programs except for TANF. Eligibility for TANF is determined by the New Mexico human services department.

F. Child care assistance workers must inform parents or legal guardians of their right to choose their child care providers and provide information on how to look for quality child care in a provider.

G. The department and other organizations approved by the department provide information and orientation programs regarding child care assistance benefits, quality child care issues, and the impact of child care on the child's physical, mental, social and emotional development to parents or legal guardians and providers.

H. The department and other organizations approved by the department offers provider education programs consisting of training on program participation requirements, parent or legal guardian and provider responsibilities, licensing and registration requirements, payment issuance and background check processing, the competency areas for child care providers as outlined by the office of child development, or the department, the importance of providing quality child care, and other topics of interest to parents or legal guardians and providers. These education programs count toward the continuing education hours required of providers by registration and licensing regulations.

[8.9.3.16 NMAC - N, 11/01/2022]

8.9.3.17 PAYMENT FOR SERVICES:

The department pays child care providers on a monthly basis, according to standard practice for the child care industry. Payment is based upon the child's enrollment with the provider as reflected in the child care placement agreement, rather than daily attendance. As a result, most placements reflect a month of service provision and are paid on this basis. However, placements may be closed at any time during the month. A signed child care placement agreement must be returned to the department for payment to be issued to the provider. The following circumstances under which the department may close placements or discontinue payment at a time other than the end of the month:

A. When the child care placement agreement expires during the month, or when the provider requests that the client change providers or the provider discontinues services; payment will be made through the last day that care is provided.

B. Payment for notification of changes:

(1) If a client fails to notify the department within 14 calendar days of their expected last day of enrollment, the department will pay the provider 14 calendar days from the last day of nonattendance. The child care placement agreement with the new provider shall become effective when payment to the previous provider ceases.

(2) If the provider notifies the department of a child who is disenrolled or child care has not been used for 14 consecutive calendar days, the provider will be paid through the 14th calendar day following the last day of attendance.

(3) If a provider does not notify the department of disenrollment or of nonattendance for 14 consecutive calendar days, the provider will be paid through the last date of attendance.

(4) If a provider notifies the department that it has received notification from a client of non-attendance beyond 14 consecutive calendar days, the department will continue to pay the provider for the period of non-attendance, not to exceed six weeks,

following the period of non-attendance. The provider must submit documentation of the client notification and reasoning to the department.

(5) If a child was withdrawn from a provider because the health, safety, or welfare of the child was at risk, as determined by a substantiated complaint against the child care provider, payment to the former provider will be made through the last day that care was provided.

C. The rates set forth below are informed by a cost estimation model and include expenses for registration/educational fees per child and child and family activities on behalf of clients under 8.9.3 NMAC.

D. The amount of the payment is based upon the age of the child and average number of hours per week needed per child during the certification period. The number of hours of care needed is determined with the parent or legal guardian at the time of certification and is reflected in the provider agreement. Providers are paid according to the units of service needed which are reflected in the child care placement agreement covering the certification period.

E. The department pays for care based upon the following units of service:

Full time	Part time 1	Part time 2 (only for split custody or in cases where a child may have two providers)	Part time 3
Care provided for an average of 30 or more hours per week per month	Care provided for an average of 8-29 hours per week per month	Care provided for an average of 8-19 hours per week per month	Care provided for an average of 7 or less hours per week per month
Pay at 100% of full time rate	Pay at 75 % of full time rate	Pay at 50 % of full time rate	Pay at 25% of full time rate

F. Hours of care shall be rounded to the nearest whole number. Hours for seeking employment is set at full-time.

G. Monthly reimbursement rates:

Licensed child care centers			
Infant	Toddler	Pre-school	School-age
$1,075.00	$775.00	$700.00	$500.00

Licensed group homes (capacity: 7-12)			
Infant	Toddler	Pre-school	School-age
$1,040.00	$1,000.00	$830.00	$475.00
Licensed family homes (capacity: 6 or less)			
Infant	Toddler	Pre-school	School-age
$1,100.00	$1,075.00	$870.00	$530.00
Registered homes, in-home child care, and FFN			
Infant	Toddler	Pre-school	School-age
$425.00	$425.00	$375.00	$350.00

H. The department pays a differential rate according to the license or registration status of the provider, national accreditation status of the provider if applicable, and star level status of the provider if applicable. In the case of a public health emergency, the department secretary may approve a differential rate be paid to licensed providers.

I. Providers holding and maintaining ECECD approved national accreditation status will receive the differential rate listed in Subsection I below, per child per month for full time care above the base rate for type of child care (licensed center, group home or family home) and age of child. All providers who maintain ECECD approved national accreditation status will be paid at the accredited rates for the appropriate age group and type of care. In order to continue at this accredited reimbursement rate, a provider holding national accreditation status must meet and maintain licensing standards and maintain national accreditation status without a lapse. If a provider holding national accreditation status fails to maintain these requirements, this will result in the provider reimbursement reverting to a lower level of reimbursement. The licensee shall notify the licensing authority within 48 hours of any adverse action by the national accreditation body against the licensee's national accreditation status, including but not limited to expiration, suspension, termination, revocation, denial, nonrenewal, lapse or other action that could affect its national accreditation status. All providers are required to notify the department immediately when a change in accreditation status occurs.

J. The department will pay a differential rate per child per month for full time care above the base reimbursement rate to providers achieving higher Star levels by meeting FOCUS essential elements of quality as follows:

Licensed Child Care Centers			
2+ Star FOCUS			
Infant	Toddler	Pre-school	School-age
$75.00	$90.00	$100.00	$50.00
3 Star FOCUS			
Infant	Toddler	Pre-school	School-age
$75.00	$90.00	$100.00	$50.00
4 Star FOCUS			

Infant	Toddler	Pre-school	School-age
$425.00	$325.00	$300.00	$150.00
5 Star FOCUS or ECECD approved national accreditation			
Infant	Toddler	Pre-school	School-age
$850.00	$725.00	$425.00	$250.00

Licensed Family and Group Homes			
2+ Star FOCUS			
Infant	Toddler	Pre-school	School-age
$75.00	$50.00	$80.00	$70.00
3 Star FOCUS			
Infant	Toddler	Pre-school	School-age
$75.00	$50.00	$80.00	$70.00
4 Star FOCUS			
Infant	Toddler	Pre-school	School-age
$175.00	$175.00	$205.00	$150.00
5 Star FOCUS or ECECD approved national accreditation			
Infant	Toddler	Pre-school	School-age
$275.00	$250.00	$290.00	$195.00

K. In order to continue at the FOCUS reimbursement rates, a provider must meet and maintain the most recent FOCUS eligibility requirements and star level criteria. If the provider fails to meet the FOCUS eligibility requirements and star level criteria the provider reimbursement will revert to the FOCUS criteria level demonstrated.

L. The department pays a differential rate equivalent to five percent, ten percent or fifteen percent of the applicable full-time/part-time rate to providers who provide care during non-traditional hours. Non-traditional care will be paid according to the following charts:

	1-10 hrs/wk	11-20 hrs/wk	21 or more hrs/wk
After hours	5%	10%	15%

	1-10 hrs/wk	11-20 hrs/wk	21 or more hrs/wk
Weekend hours	5%	10%	15%

M. If a significant change occurs in the client's circumstances, (see Subsection F of 8.9.3.13 NMAC) the child care placement agreement may be modified and the rate of payment is adjusted. The department monitors attendance and reviews the placement at the end of the certification period when the child is re-certified.

N. The department may conduct provider, parent, or legal guardian, audits to assess that the approved service units are consistent with usage. Providers found to be defrauding the department are sanctioned. Providers must provide all relevant information requested by the department during an audit.

O. Payments are made to the provider for the period covered in the child care placement agreement or based on the availability of funds.

[8.9.3.17 NMAC - N, 11/01/2022; A, 8/1/2023]

8.9.3.18 UNDER PAYMENTS:

If a client or provider is underpaid for child care services, the department may issue a one-time payment within 15 calendar days of the department's knowledge or receipt of notification. Notification of the department by the client or provider must occur within three months of the occurrence of alleged underpayment or underpayment may be denied.

[8.9.3.18 NMAC - N, 11/01/2022]

8.9.3.19 OVER PAYMENT AND RECOUPMENT:

If a provider receives payment for services for which he/she is not entitled, or a client receives benefits on behalf of their child for which he/she is not entitled, and this results in an overpayment, the child care worker will initiate recoupment procedures unless the early childhood services director deems otherwise in exceptional circumstances. Recoupments will only be sought from providers. The department will not seek a recoupment from a client unless substantiated fraud by that client has been determined. The client or provider must repay the amount of the overpayment to the department within 30 calendar days of notification, unless the department determines that the amount is so large that it cannot be paid in one lump sum. In this case, the department may allow the client or provider to repay the amount over a payment period, negotiated between the client and the department, usually not to exceed four months. Failure to pay the overpayment within 30 days of the notice or failure to make regular payments under an agreed upon payment schedule may result in sanctions including termination of benefits or referral of the account to a collection agency or legal action.

[8.9.3.19 NMAC - N, 11/01/2022]

8.9.3.20 FRAUD:

The purposeful misrepresentation of facts relating to eligibility for benefits, or knowingly omitting information that affects eligibility is fraud and appropriate sanctions, including recoupment, termination of benefits, and referral to law enforcement, are initiated by the department. Fraudulent cases are reported to the department, which will take such action as is deemed necessary. The case remains open at the same rate of benefits until the investigation is concluded and disposition is determined. In cases where substantiated fraud has been determined, the department may disqualify a client or provider until their debt has been paid in full.

[8.9.3.20 NMAC - N, 11/01/2022]

8.9.3.21 SANCTIONS:

Sanctions may be imposed according to the severity of the infraction as determined by the department as detailed below.

A. Providers or clients who fail to make timely payments in the case of recoupment of overpayments may be referred to a collection agency.

B. The department may initiate the recoupment process against any provider who fail to report in a timely manner that a child has not been in attendance for 14 consecutive calendar days.

C. Providers who allow their registration or license to lapse without renewal will not be paid during the periods for which the license or registration is not current. Providers who lose national accreditation status or lose eligibility for payment at any level of reimbursement for failure to maintain the standards required to be paid at that level of reimbursement, will not be paid at that level of reimbursement beginning with the first day of the month during which the loss of accreditation or eligibility occurred. Payment recoupment will be sought for any period for which excessive benefits have been paid.

D. Clients who fail to pay copayments may be disqualified until the copayment is paid or until an agreement is made between the client and the provider to bring the copayment current.

[8.9.3.21 NMAC - N, 11/01/2022; A, 8/1/2023]

8.9.3.22 FAIR HEARINGS:

Clients who have been denied benefits, whose benefits have been reduced, terminated, or who have been sanctioned or disqualified from the program, or providers who have been sanctioned, disqualified from the program, had assistance payments suspended or terminated, or from whom a payment recoupment is being sought may request a fair hearing. The request for a fair hearing must be made in writing within 30 calendar days from the date the department took the adverse action affecting the claimant's benefits.

A. The department reviews the request for hearing and determines if the matter can be resolved without proceeding to a fair hearing. If the matter cannot be resolved without a fair hearing, the department conducts the fair hearing within 60 calendar days of receipt of the letter requesting the hearing and notifies the claimant of the date of the hearing no less than 14 calendar days prior to the hearing. The location of the hearing must be easily accessible to the claimant. Conducting the fair hearing by telephone is permitted. The claimant may request a change of date, provided that the 60 calendar day time limit is not exceeded.

B. The department appoints a hearing officer. The department is not responsible or liable for a claimant's travel costs, legal costs, or any other costs associated with the claimant's request for a fair hearing.

C. The hearing officer reviews all of the relevant information and makes a final decision within 30 calendar days of the hearing. The final decision is binding upon the department and claimant and implemented within 14 calendar days of the hearing decision. The claimant is notified in writing of the hearing officer's decision within 14 calendar days of the hearing decision.

D. At the claimant's option the case may remain open at the same benefit level until disposition. If the decision is in favor of the department, the claimant is responsible for repayment of all monies received to which the claimant was not entitled, unless the hearing decision provides otherwise or the early childhood services director authorizes otherwise in exceptional circumstances. The fair hearing process is not intended as a means to extend the time for receipt of child care assistance payments to which the recipient is not otherwise entitled, and therefore exceptional circumstances must be explicitly stated.

E. Child care assistance workers determine eligibility for all child care assistance programs except for TANF. Eligibility for TANF is determined by the New Mexico human services department. If TANF benefits are modified or terminated by HSD, then the client applies for a fair hearing to HSD.

[8.9.3.22 NMAC - N, 11/01/2022]

8.9.3.23 COMPLAINTS:

Clients or providers who are dissatisfied with the services provided by the department may express their complaints orally or in writing to the local field office, the central office, the director's office or the office of the department secretary. The department's toll free number is posted in each office and made available to clients and providers upon request. The local supervisor, bureau chief, director or secretary responds to complaints by clients or providers orally or in writing as is deemed appropriate in each case.

[8.9.3.23 NMAC - N, 11/01/2022]

8.9.3.24 COPAYMENT SCHEDULE:

The department will develop and publish an annual schedule based on the federal poverty guidelines.

[8.9.3.24 NMAC - N, 11/01/2022; A, 8/1/2023]

8.9.3.25 CONFIDENTIALITY:

Client files are established and maintained solely for use in the administration of the child care assistance program. Information contained in the records is confidential and is released only in the following limited circumstances:

A. to the client upon request;

B. to an individual who has written authorization from the client;

C. to department employees and agents who need it in connection with program administration, including program auditors; or

D. to other agencies or individuals including law enforcement officers who satisfy the following conditions:

(1) agency or individual is involved in the administration of a federal or a federally-assisted program, which provides assistance in cash, in kind or in services directly to individuals on the basis of need;

(2) information is to be used for the purpose of establishing eligibility, determining amount of assistance or for providing services for applicants or recipients;

(3) agency or individual is subject to standards of confidentiality comparable to those contained herein; and

(4) agency or individual has actual or implied consent of the applicant or recipient to release the information; in an emergency, information may be released without permission, but the client must be informed of its release immediately thereafter; consent may be considered as implied if the client has made application to the inquiring agency for a benefit of service;

E. as requested in a subpoena or subpoena duces tecum.

[8.9.3.25 NMAC - N, 11/01/2022]

PART 4: CHILD CARE LICENSING; CHILD CARE CENTERS, OUT OF SCHOOL TIME PROGRAMS, FAMILY CHILD CARE HOMES, AND OTHER EARLY CARE AND EDUCATION PROGRAMS

8.9.4.1 ISSUING AGENCY:

Early Childhood Education and Care Department ("ECECD").

[8.9.4.1 NMAC - N, 11/1/2022]

8.9.4.2 SCOPE:

All child care centers, out of school time programs, family child care homes, and other early care and education programs within the state of New Mexico.

[8.9.4.2 NMAC - N, 11/1/2022]

8.9.4.3 STATUTORY AUTHORITY:

The regulations set forth herein, which govern the licensing of facilities providing child care to children, have been promulgated by the secretary of the New Mexico Early Childhood Education and Care Department, by authority of the Early Childhood Education and Care Department Act, Section 9-29-1 to 9-29-12 NMSA 1978, and Subsection D of Section 24-1-2 NMSA 1978, Subsection I of Section 24-1-3 NMSA 1978 and Section 24-1-5 NMSA 1978 of the Public Health Act, Sections 24-1-1 to 24-1-22, NMSA 1978, as amended.

[8.9.4.3 NMAC - N, 11/1/2022]

8.9.4.4 DURATION:

Permanent.

[8.9.4.4 NMAC - N, 11/1/2022]

8.9.4.5 EFFECTIVE DATE:

November 1, 2022, unless a later date is cited at the end of a section.

[8.9.4.5 NMAC - N, 11/1/2022]

8.9.4.6 OBJECTIVE:

The objective of 8.9.4 NMAC is to establish standards and procedures for the licensing of facilities and educators who provide child care to children within New Mexico. These standards and procedures are intended to: establish minimum requirements for licensing facilities providing non-residential care to children in order to protect the health, safety, and development of the children; monitor facility compliance with these regulations through surveys to identify any areas that could be dangerous or harmful to the children or staff members; monitor and survey out of school time programs; and encourage the establishment and maintenance of child care centers, homes and facilities for children that provide a humane, safe, and developmentally appropriate environment. These regulations apply during all hours of operation for child care centers, homes and out of school time programs. The objective of 8.9.4 NMAC is also to establish standards and procedures that promote equal access to services and prohibit discrimination based on race, color, religion, sex (including pregnancy, sexual orientation, or gender identity), national origin, disability, or age (40 or older).

[8.9.4.6 NMAC - N, 11/1/2022]

8.9.4.7 DEFINITIONS:

A. Terms beginning with the letter "A":

(1) "Abuse" means any act or failure to act, performed intentionally, knowingly or recklessly, which causes or is likely to cause harm to a child, including:

(a) physical contact that harms or is likely to harm a child;

(b) inappropriate use of a physical restraint, isolation, medication or other means that harms or is likely to harm a child; and

(c) an unlawful act, a threat or menacing conduct directed toward a child that results or might be expected to result in fear or emotional or mental distress to a child.

(2) "Activity area" means space for children's activities where related equipment and materials are accessible to the children.

(3) "Adult" means a person who has a chronological age of 18 years or older.

(4) "Assessment of children's progress" means children's progress is assessed informally on a continuous basis using a series of brief anecdotal records (descriptions of the child's behavior or skills in given situations). Children's progress also can be assessed formally at least twice a year using a developmental checklist (checklist of behaviors that indicate physical, motor, language, cognitive, social and emotional development/progress).

(5) "Attended" means the physical presence of a staff member or educator supervising and actively engaging children under care. Merely being within eyesight or hearing of the children does not meet the intent of this definition (See definition of "Supervision", Paragraph (12) of Subsection S of 8.9.4.7 NMAC).

B. Terms beginning with the letter "B": [RESERVED]

C. Terms beginning with the letter "C":

(1) "Capacity" means the maximum number of children a licensed child care facility can care for at any one time.

(2) "Cease and desist letter" means a formal letter from the licensing authority outlining any ongoing violation of applicable regulations and providing 24 to 72 hours, depending on the circumstances, to rectify the violation(s) before additional action, including suspension or revocation, is taken by the licensing authority. A cease and desist letter is usually issued when a provider violates applicable regulations, but there is not an immediate threat to the health and safety of children in care, and seeks

to compel compliance before more serious action is taken. A cease and desist letter must provide the specific deadline to rectify the violation(s), 24 to 72 hours, and specify the subsequent action the licensing authority will take if the violation(s) is not corrected by that deadline.

(3) "Child" means a person who is under the chronological age of 18 years.

(4) "Child care center" means a facility required to be licensed under these regulations that provides care, services, and supervision for less than 24-hours a day to children. A child care center is in a non-residential setting and meets the applicable state and local building and safety codes.

(5) "Child with a disability or special needs" means a child with an identified disability, health, or mental health conditions requiring early intervention, special education services, or other specialized services and support; or children without identified conditions, but requiring specialized services, supports, or monitoring.

(6) "Class A deficiency" means any abuse or neglect of a child by a facility employee or volunteer for which the facility is responsible, which results in death or serious physical or psychological harm; or a violation or group of violations of applicable regulations, which results in death, serious physical harm, or serious psychological harm to a child.

(7) "Class B deficiency" means any abuse or neglect of a child by a facility employee or volunteer for which the facility is responsible; or a violation or group of violations of applicable regulations which present a potential risk of injury or harm to any child.

(8) "Class C deficiency" means a violation or group of violations of applicable regulations as cited by surveyors from the licensing authority which have the potential to cause injury or harm to any child if the violation is not corrected.

(9) "Clean" means to physically remove all dirt and contamination.

(10) "Conditions of operation" means a written plan that applies to a licensed facility and is developed by the licensing authority when the licensing authority determines that provisions within these regulations have been violated. The plan addresses corrective actions that the licensee must take within a specified timeframe in order to come into compliance with licensing requirements. During this timeframe the licensing authority may increase its level of monitoring.

(11) "Core hours" means the daily hours of operation of the child care facility.

(12) "Corrective action plan" means the plan submitted by the licensee addressing how and when identified deficiencies will be corrected.

(13) "Curriculum" is what happens every day in the classroom and on the playground. It includes every aspect of the daily program. Curriculum derives from the program's mission statement, philosophy (which, in turn, is based on assumptions about young children's development and learning), and program goals and objectives. It includes how materials and equipment are used, activities that children and adults participate in, and interactions among children and between children and adults.

D. Terms beginning with the letter "D":

(1) "Deficiency" means a violation of these regulations.

(2) "Direct provider of care" means any individual who, as a result of employment or contractual service or volunteer service has direct care responsibilities or potential unsupervised physical access to any care recipient in the settings to which these regulations apply.

(3) "Director" means the person in charge of the day-to-day operation and program of a child care center.

(4) "Disinfect" means to destroy or inactivate most germs on any inanimate object, but not bacterial spores. Mix four tablespoons of bleach with one gallon of cool water or use an environmental protection agency (EPA) registered disinfectant.

(5) "Drop-in" means a child who attends a child care facility on an occasional or unscheduled basis.

E. Terms beginning with the letter "E":

(1) "Educator" means an adult who directly cares for, serves, and supervises children in a licensed child care facility. Educators are considered staff members.

(2) "Environment" means that the environment meets all required local, state, and federal regulations. It includes space (both indoors and outdoors) with appropriate equipment and materials that encourage children to engage in hands-on learning.

(3) "Exploitation" of a child consists of the act or process, performed intentionally, knowingly, or recklessly, of using a child's property for another person's profit, advantage or benefit without legal entitlement to do so.

(4) "Expulsion" means the involuntary termination of the enrollment of a child or family.

F. Terms beginning with the letter "F":

(1) "Facility" means any premises licensed under these regulations where children receive care, services, and supervision. A facility can be a center, home, program, or other site where children receive childcare.

(2) "Family child care home" means a private dwelling required to be licensed under these regulations that provides care, services and supervision for a period of less than 24 hours of any day for no more than six children. The licensee will reside in the home and be the primary educator.

(3) "FOCUS" is a voluntary tiered quality rating and improvement program that is open to all registered and licensed child care programs.

G. Terms beginning with the letter "G":

(1) "Group child care home" means a home required to be licensed pursuant to these regulations, which provides care, services, and supervision for at least seven but not more than 12 children. The licensee will reside in the home and be the primary educator.

(2) "Group size" is the number of children assigned to an educator or team of educators occupying an individual classroom or well-defined space within a larger room.

(3) "Guidance" means fostering a child's ability to become self-disciplined. Guidance shall be consistent and developmentally appropriate.

H. Terms beginning with the letter "H":

(1) "Home" means a private residence and its premises licensed under these regulations where children receive care, services, and supervision. The licensee will reside in the home and be the primary educator. A home will be considered a building or fixed dwelling that can be occupied for living purposes if it provides complete independent living facilities, including permanent provisions for plumbing and electricity. Special consideration will be made for homes on tribal lands.

(2) "Homeless children and youth" means individuals who lack a fixed, regular, and adequate nighttime residence, which includes:

(a) Children and youth who are temporarily sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks (excludes mobile homes), or camping ground due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals; or are awaiting foster care placement;

(b) children and youth who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;

(c) children and youth who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and

(d) migratory children who qualify as homeless for the purposes of this subtitle because the children are living in circumstances described in Subparagraphs (a) through (c) of this Paragraph.

I. Terms beginning with the letter "I": "Infant" means a child age six weeks to 12 months.

J. Terms beginning with the letter "J": [RESERVED]

K. Terms beginning with the letter "K": [RESERVED]

L. Terms beginning with the letter "L":

(1) "License" means a document issued by ECECD to a child care facility licensed and governed by these regulations and granting the legal right to operate for a specified period of time, not to exceed one year.

(2) "Licensee" means the person(s) who, or organization which, has ownership, leasehold, or similar interest in the child care facility and in whose name the license for the child care facility has been issued and who is legally responsible for compliance with these regulations.

(3) "Licensing authority" means the child care services bureau – regulatory oversight unit of the early education, care and nutrition division of the New Mexico Early Childhood Education and Care Department which has been granted the responsibility for the administration and enforcement of these regulations by authority of Early Childhood Education and Care Department Act, Sections 9-29-1 to 9-29-12 NMSA 1978, as amended.

M. Terms beginning with the letter "M":

(1) "Media" means the use of televisions, video games, and non-educational online streaming such as video and social media.

(2) "Mission statement" describes what the program aspires to do and whom the program aspires to serve.

N. Terms beginning with the letter "N":

(1) "National accreditation status" means the achievement and maintenance of accreditation status by an accrediting body that has been approved by ECECD. ECECD determines the program criteria and standards to evaluate and approve accrediting bodies. The following are the only national accrediting bodies that are approved by ECECD:

(a) the association of Christian schools international (ACSI);

(b) the council on accreditation (COA) for early childhood education and after school programs;

(c) the international Christian accrediting association (ICAA);

(d) the national accreditation commission for early care and education programs (NAC);

(e) the national association for the education of young children (NAEYC) academy for early childhood program accreditation;

(f) the national association of family child care (NAFCC); or

(g) the national early childhood program accreditation (NECPA).

(2) "Night care" means the care, services and supervision provided by a licensed child care facility to children between the hours of 10:00 p.m. to 6:00 a.m.

(3) "Neglect" means the failure to provide the common necessities including but not limited to: food, shelter, a safe environment, education, emotional well-being and healthcare that may result in harm to the child.

(4) "Notice of provisional employment" means a written notice issued to a child care center or home applicant indicating the Background Check Unit reviewed the applicant's fingerprint based federal or New Mexico criminal record and made a determination that the applicant may begin employment under direct physical supervision until receiving background eligibility. A notice may also indicate the applicant must receive a complete background eligibility prior to beginning employment.

(5) "Notifiable diseases" means confirmed or suspected diseases/conditions as itemized by the New Mexico department of health which require immediate reporting to the office of epidemiology which include but are not limited to: measles, pertussis, food borne illness, hepatitis and acquired immune deficiency syndrome.

O. Terms beginning with the letter "O":

(1) "Orientation" means a process by which the employer informs each new employee, volunteer and substitute, in advance of assuming their duties, of the mission,

philosophy, policies, and procedures of the program, including clear direction about performance expectations.

(2) "Out of school time program" means a school age program at a specific site, usually a school or community center, offering on a consistent basis a variety of developmentally appropriate activities that are both educational and recreational.

P. Terms beginning with the letter "P":

(1) "Pacifier" means a rubber or plastic device, often shaped into a nipple, for an infant to suck or bite.

(2) "Parent handbook" is a written communication tool that provides valuable information to families of the children the program serves. It includes all matters of relevance to family members regarding the program and is updated annually, or as needed.

(3) "Pest" means any living organism declared a pest pursuant to the Pesticide Control Act.

(4) "Pesticide" means any chemical substance or mixture of substances intended for preventing, destroying, repelling or mitigating any pest.

(5) "Philosophy statement" describes how the program's mission will be carried out. It reflects the values, beliefs, and convictions of the program about how young children learn and describes the components of the program that contribute to that learning. It provides the program's perspective on early care and education and the nature of how children learn. The program's philosophy is implemented through the curriculum.

(6) "Policy" is a written directive that guides decision-making. Policies form the basis for authoritative action.

(7) "Premises" means all parts of the buildings, grounds, and equipment of a child care facility licensed pursuant to these regulations.

(8) "Procedure" is a series of steps to be followed, usually in a specific order, to implement policies.

(9) "Professional development" is an on-going plan for continued professional development for each educator, including the director.

(10) "Program administrator" means the person responsible for planning or implementing the care of children in the program. This includes but is not limited to making contact with parents, keeping appropriate records, observing and evaluating the child's development, supervising staff members and volunteers, and working

cooperatively with the site director and other staff members toward achieving program goals and objectives. This definition applies to out of school time programs only.

(11) "Punishment" means the touching of a child's body with the intent of inducing pain. This includes but is not limited to pinching, shaking, spanking, hair or ear pulling. It also includes any action which is intended to induce fear, shame or other emotional discomfort.

Q. Terms beginning with the letter "Q": [RESERVED]

R. Terms beginning with the letter "R":

(1) "Ratio" is the maximum number of children one educator can be responsible for.

(2) "Requirements" means the criteria and regulations developed by Early Childhood Education and Care Department in 8.9.4 NMAC; to set minimum standards of care, education and safety for the protection and enhancement of the well-being of children receiving care, services or supervision.

(3) "Restriction" means to control enrollment, service type, capacity, activities, or hours of operation.

(4) "Revocation" means the act of making a license null and void through its cancellation.

S. Terms beginning with the letter "S":

(1) "Sanction" means a measure imposed by the licensing authority for a violation(s) of these standards.

(2) "Sanitize" means to reduce germs on inanimate surfaces to levels considered safe by public health codes or regulations. Mix one and one-half teaspoons of bleach with one gallon of cool water or use an EPA registered sanitizer.

(3) "Serious injury" means the death of a child or accident, illness, or injury that requires treatment by a medical professional or hospitalization.

(4) "School-age" means a child in care who is age five to 18 years.

(5) "Staff evaluation" means that each staff member is evaluated by the director, using criteria from the individual's job description. The individual being evaluated knows ahead of time the criteria and procedures (which may include self-evaluation) for which they are being evaluated. The director discusses evaluation results with each staff member, and results are considered when determining salary increments and are incorporated into the individual's professional development plan.

(6) "Staff member" means any person, including educators, who are employed by the licensee and who are present at any time when children are present.

(7) "Substitute" means an adult who directly cares for, serves, and supervises children in a licensed child care facility, who works in place of the regular educator, and who works less than an average of 40 hours per month in a six month period.

(8) "Suspension" means a temporary cancellation of a license pending an appeal hearing or correction of deficiencies.

(9) "Site director" means the person at the site having responsibility for program administration and supervision of an out of school time program. This definition applies to out of school time programs only.

(10) "Star level" means a license indicating the level of quality of an early childhood program. A greater number of stars indicates a higher level of quality.

(11) "Substantiated complaint" means a complaint determined to be factual, based on an investigation of events.

(12) "Supervision" means the direct observation and guidance of children at all times and requires being physically present with them. The only exception is school-age children who will have privacy in the use of bathrooms.

(13) "Survey" means a representative of the licensing authority enters a child care facility, observes activity, examines the records and premises, interviews parents and staff members and records deficiencies.

T. Terms beginning with the letter "T": "Toddler" means a child age 12 months to 24 months.

U. Terms beginning with the letter "U":

(1) "U/L" means the underwriters laboratory, which is a standards organization which tests electrical and gas appliances for safety.

(2) "Unattended" means an educator is not physically present with a child or children under care.

(3) "Unsubstantiated complaint" means a complaint not determined to be factual based on an investigation of events.

V. Terms beginning with the letter "V":

(1) "Variance" means an allowance granted by the licensing authority to permit non-compliance with a specified regulation for the period of licensure. The granting of variances is at the sole discretion of the licensing authority.

(2) "Volunteer" means any person who is not employed by the child care facility, spends six hours or less per week at the facility, is under direct physical supervision and is not counted in the facility ratio. Anyone not fitting this description must meet all requirements for staff members or educator.

W. Terms beginning with the letter "W": "Waiver" means an allowance granted by the licensing authority to permit non-compliance with a specified regulation for a specified, limited period of time. The granting of waivers is at the sole discretion of the licensing authority.

[8.9.4.7 NMAC - N, 11/1/2022]

8.9.4.8 RELATED REGULATIONS AND CODES:

Facilities subject to these regulations are also subject to the current versions of the following regulations and codes:

A. New Mexico health department regulations, control of disease and conditions of public health significance, 7.4.3 NMAC.

B. New Mexico health department regulations, governing public access to information in the department records, 7.1.3 NMAC.

C. New Mexico department of health regulations, health facility licensure fees and procedures, 7.1.7 NMAC.

D. New Mexico department of health regulations, health facility sanctions and civil monetary penalties, 7.1.8 NMAC.

E. New Mexico Early Childhood Education and Care Department regulations, governing background check and employment history of licensees and staff of child care facilities, 8.9.6 NMAC.

F. New Mexico environment department, food service and food processing, 7.6.2 NMAC.

G. Latest edition adopted by the New Mexico state fire board of the national fire protection association life safety code handbook 101.

H. Latest edition adopted by the New Mexico state fire board of the international fire code.

I. Latest edition adopted by the New Mexico construction industries division of the uniform building code enacted by the international conference of building officials.

J. Latest edition of the New Mexico building, plumbing/mechanical and electrical codes adopted by the New Mexico construction industries division.

K. New Mexico department of health regulations governing immunizations required for school attendance immunization requirement, 7.5.2 NMAC.

L. Federal Americans with Disabilities Act (ADA).

M. New Mexico department of agriculture Regulations Pesticide Control Act, Chapter 76, Article 4, Sections 1 through 39, NMSA 1978 and 21.17.50 NMAC.

N. Latest edition of critical heights of playground equipment for various types and depths of resilient surfaces based on information from the U.S. consumer product safety commission (CPSC Publication No.325), handbook for public playground safety.

O. Any code, ordinance, or rule of a governing body, including but not limited to cities, towns, or counties having jurisdiction over the area in which the facility is situated.

[8.9.4.8 NMAC - N, 11/1/2022]

8.9.4.9 APPLICATION:

These regulations apply to public or private facilities and homes that provide care, education, services, and supervision to children less than 24 hours of any day, come within the statutory definition of "health facilities" set out in Subsection D of Section 24-1-2 of the Public Health Act, Section 24-1-1 to 24-1-22 NMSA 1978 as amended, and are required to be licensed by the licensing authority. These regulations do not apply to any of the following.

A. Facilities providing child care for 24 hours on a continuous basis. Such facilities are covered by other regulations promulgated by the children, youth and families department that are available upon request from the licensing authority.

B. Child care facilities operated by the federal government or a tribal government.

C. Child care facilities operated by a public school system and governed by the local school board.

D. Private schools accredited or recognized by the New Mexico department of education, operated for educational purposes only for children age five years or older.

E. Child care facilities provided exclusively for children of parents who are simultaneously present in the same premises.

F. Summer religious schools held on a church, religious building or house of worship premises.

G. Summer camps, wilderness camps, and programs operated for recreational purposes only by recognized organizations such as churches, schools, and the boy and girl scouts, provided such camps and programs are not conducted in private residences.

H. Any individual who in their own home provides care, services and supervision to four or fewer nonresident children.

I. Parent's day out programs held in a church, religious building or house of worship, or public building operating for no more than eight hours per week and no more than four hours on any given day. The program will be staffed by parents participating in the program, or by others who are members of the church or public affiliation.

[8.9.4.9 NMAC - N, 11/1/2022]

8.9.4.10 LICENSING AUTHORITY (ADMINISTRATION AND ENFORCEMENT RESPONSIBILITY):

The child care services bureau regulatory oversight unit of the early education, care and nutrition division of the New Mexico Early Childhood Education and Care Department, hereafter called the licensing authority, has been granted the responsibility for the administration and enforcement of these regulations by authority of Early Childhood Education and Care Department Act, Section 9-29-1 to 9-29-12, NMSA 1978, as amended.

[8.9.4.10 NMAC - N, 11/1/2022]

8.9.4.11 LICENSING:

A. TYPES OF LICENSES:

(1) ANNUAL LICENSE: An annual license is issued for a one-year period to a child care facility that has met all requirements of these regulations.

(a) 1-star level is designated for programs not receiving child care subsidy. 1-star level requires meeting and maintaining licensing requirements at all times, except for the requirements outlined in the following items: Items (i), (ii) and (iii) of Subparagraph (a) of Paragraph (1) of Subsection A of 8.9.4.11 NMAC.

(i) for centers: Paragraph (17) of Subsection G of 8.9.4.22 NMAC, Paragraphs (5) through (9) of Subsection G of 8.9.4.24 NMAC, and Subsection H of 8.9.4.24 NMAC;

(ii) for licensed family and group child care homes: Paragraph (4) of Subsection E of 8.9.4.32 NMAC, Paragraph (15) of Subsection F of 8.9.4.32 NMAC, Paragraphs (4) through (8) of Subsection G of 8.9.4.34 NMAC, and Subsection H of 8.9.4.34 NMAC;

(iii) for licensed out of school time programs: Subparagraph (k) of Paragraph (1) of Subsection E of 8.9.4.41 NMAC, Paragraph (14) of Subsection F of 8.9.4.41 NMAC, Paragraphs (5) through (9) of Subsection B of 8.9.4.43 NMAC and Subsection C of 8.9.4.43 NMAC.

(b) 2-star level requires meeting and maintaining licensing requirements at all times.

(c) 2+ star level is voluntary and requires meeting and maintaining licensing requirements as well as meeting the most recent FOCUS eligibility requirements and 2+ star criteria.

(d) 3-star level is voluntary and requires meeting and maintaining licensing requirements and FOCUS level 3 quality criteria at all times.

(e) 4-star level is voluntary and requires meeting and maintaining licensing requirements and FOCUS levels 3 and 4 quality criteria at all times.

(f) 5-star level is voluntary and requires meeting and maintaining licensing requirements, FOCUS levels 3, 4 and 5 quality criteria at all times and maintaining ECECD approved national accreditation status.

(2) TEMPORARY LICENSE: The licensing authority will, at its discretion, issue a temporary license when it finds the child care facility in partial compliance with these regulations.

(a) A temporary license can, at the discretion of the licensing authority, be issued for up to 120 days, during which time the child care facility will correct all specified deficiencies.

(b) The licensing authority will not issue more than two consecutive temporary licenses.

(c) After a second temporary license has been issued, a new application and the required application fee must be submitted within 30 days in order to renew the license for the remainder of that one year period.

(3) AMENDED LICENSE: A child care facility will submit a new notarized application to the licensing authority before modifying information required to be stated on the license. Examples of such modifications include dates, capacity, director and number of stars.

(a) A child care facility will apply to the licensing authority for an amended license in order to change the director. The child care facility must notify the licensing authority within 24 hours after the child care facility becomes aware of the need to name a new director, submit an application (fee $20) and, if necessary, appoint a temporary acting director with the minimum requirements of a high school diploma or GED and three years of experience. The temporary acting director's appointment is valid for 90 days.

(b) A notarized application must be submitted for a change of capacity (fee $20). Application for an increase or decrease of capacity will not be approved nor an amended license issued until an on-site visit has been made by the licensing authority to determine that the child care facility meets all applicable codes and regulations. A child care facility must not accept additional children or change the layout of the child care facility until the licensing authority has approved and issued the amended license.

(c) A child care facility will apply to the licensing authority for an amended license in order to change the number of stars. An application for a different star level will not be approved nor an amended license issued until on-site visits have been made and it has been determined that the child care facility meets all applicable criteria.

(4) PROVISIONAL 2-STAR LICENSE: Newly licensed programs receiving child care subsidy will be given a provisional 2-star license for up to three months, pending observation by the licensing authority of the interactions between teachers and children in the classrooms.

(5) MILITARY LICENSE:

(a) Centers on military installations are governed and inspected by the United States department of defense (DoD) and obtain national accreditations. Therefore, such centers do not require an inspection by the New Mexico licensing authority.

(b) In order to participate in the child care assistance program, providers licensed by the DoD must submit the following:

(i) Licensing application

(ii) Annual submission of a letter or memo detailing the approved DoD background clearance status for the director and all staff members in accordance with 8.9.6 NMAC, to include the individual's name, date of birth, and home address;

(iii) DoD annual certification;

(iv) DoD approved accreditation, if applicable; and

(v) W-9 form and supporting documentation, if applicable.

(6) TRIBAL GOVERNMENT LICENSE:

(a) Centers and homes operating on sovereign tribal lands are governed and inspected by the federal Tribal Child Care and Development Fund (CCDF) Lead Agency. Therefore, such centers and homes do not require an inspection by the New Mexico licensing authority.

(b) Providers licensed by the Tribal CCDF Lead Agency program must submit the following to obtain licensure from ECECD:

(i) Licensing application;

(ii) Proof of Tribal CCDF Lead Agency approval;

(iii) Annual submission of a letter or memorandum attesting that the Tribal CCDF's programs' director and all staff are in compliance with state, federal or Tribal background check clearances;

(iv) Annual submission of a list of the director and all staff employed by the Tribal CCDF program, listing each individual staff member's name, date of birth, and home address; and

(v) W-9 form and supporting documentation, if applicable.

B. RENEWAL OF LICENSE:

(1) A licensee will submit a notarized renewal application, indicating the number of stars requested, on forms provided by the licensing authority, along with the required fee, at least 30 days before expiration of the current license. ECECD-approved nationally accredited centers, homes and out of school time programs will submit copies of their current accreditation certificates along with their renewal application. Applications postmarked less than 30 days prior to the expiration date will be considered late and a $25 late fee must be submitted with the renewal fee.

(2) All licensed facilities must maintain an original background check eligibility letter for all current employees and applicable volunteers, including a signed statement annually by each staff person certifying that they would or would not be disqualified as a direct provider of care under the most current version of the background checks and employment history verification provisions pursuant to 8.9.6 NMAC. This will include all adults and teenage children living in a family child care or group child care home operated in a private residence. The teenage child's guardian shall sign the annual statement on behalf of the teenage child.

(3) Upon receipt of a notarized renewal application, the required fee and the completion of an on-site survey, the licensing authority will issue a new license effective

the day following the date of expiration of the current license, if the child care facility is in compliance with these regulations.

(4) If a licensee fails to submit a notarized renewal application with the required fee before the current license expires, the licensing authority may require the agency to cease operations until all licensing requirements are completed.

C. POSTING OF LICENSE: A child care facility will post the license on the licensed premises in an area readily visible to parents, staff members, and visitors.

D. NON-TRANSFERABLE RESTRICTIONS OF LICENSE: A licensee will not transfer a license by assignment or otherwise to any other person or location. The license will be void and the licensee will return it to the licensing authority when:

(1) the owner of the child care facility changes;

(2) the child care facility moves;

(3) the licensee of the child care facility changes; or

(4) the child care facility closes.

E. AUTOMATIC EXPIRATION OF LICENSE: A license will expire automatically at midnight on the expiration date noted on the license unless earlier suspended or revoked, or:

(1) on the day a child care facility closes;

(2) on the day a child care facility is sold, leased, or otherwise changes ownership or licensee;

(3) on the day a child care facility moves.

F. ACCREDITED PROGRAMS: Accredited programs must meet and maintain all licensing standards and their ECECD-approved national accreditation without a lapse in order to be designated as a 5-star facility. The licensing authority may, at its option, notify the program's accrediting body of the program's failure to meet and maintain licensing standards.

[8.9.4.11 NMAC - N, 11/1/2022]

8.9.4.12 LICENSING ACTIONS AND ADMINISTRATIVE APPEALS:

A. The licensing authority may revoke, suspend, or restrict a license, reduce star status, deny an initial or renewal license application, impose monetary sanctions pursuant to 7.1.8 NMAC, put in place conditions of operation, issue a cease and desist

letter, impose other sanctions or requirements against a licensee, or reduce to a base level of child care assistance reimbursement a licensee who is in receipt of a higher than base level of child care assistance reimbursement, for any of the following reasons:

(1) violation of any provision of these regulations, especially when the licensing authority has reason to believe that the health, safety or welfare of a child is at risk, or has reason to believe that the licensee cannot reasonably safeguard the health and safety of children;

(2) failure to allow access to the licensed premises by authorized representatives of the licensing authority;

(3) misrepresentation or falsification of any information on an application form or any other form or record required by the licensing authority;

(4) allowing any person to be active in the child care facility who is or would be disqualified as a direct provider of care under the most current version of the background checks and employment history verification provisions pursuant to 8.9.6 NMAC; this will include all adults and teenaged children living in a family child care or group child care home operated in a private residence whether or not they are active in the child care operation;

(5) failure to timely obtain required background checks;

(6) failure to properly protect the health, safety and welfare of children due to impaired health or conduct or hiring or continuing to employ any person whose health or conduct impairs the person's ability to properly protect the health, safety, and welfare of the children;

(7) allowing the number of children in the child care facility to exceed its licensed capacity;

(8) substantiated abuse or neglect of children by an educator, staff member, volunteer, or household member as determined by ECECD, CYFD, or a law enforcement agency;

(9) failure to comply with provisions of the other related regulations listed in these regulations;

(10) discovery of repeat violations of the regulations or failure to correct deficiencies of survey findings in current or past contiguous or noncontiguous licensure periods;

(11) discovery of prior revocations or suspensions that may be considered when reviewing a facility's application for licensure or license renewal;

(12) loss of accreditation, regardless of reason, will result in a reduction in star status;

(13) possessing or knowingly permitting non-prescription controlled substances or illegal drugs to be present or sold on the premises at any time, regardless of whether children are present;

(14) making false statements or representations to the licensing authority with the intent to deceive, which the licensee knows, or should know to be false; or

(15) background clearance suspension or denial.

B. Commencement of an ECECD, CYFD or law enforcement investigation may be grounds for immediate suspension of licensure pending the outcome of the investigation. Upon receipt of the final results of the investigation, the department my take such further action as is supported by the investigation results.

C. A suspension, revocation, or conditions of operations imposed pursuant to Subsection A of this Section may take effect immediately if in the discretion of the department that the health, safety or welfare of a child is at risk, or has reason to believe that the caregiver cannot reasonably safeguard the health and safety of children.

D. The Early Childhood Education and Care Department notifies the licensee in writing of any action taken or contemplated against the license/licensee. The notification shall include the reasons for the department's action.

E. The licensee may obtain administrative review of any action taken or contemplated against the license/licensee.

F. The administrative review shall be conducted by a hearing officer appointed by the department's secretary.

G. If the action is to take effect immediately, the department affords the licensee the opportunity for an administrative appeal within five working days. If the license is suspended pending the results of an investigation, the licensee may elect to postpone the hearing until the investigation has been completed.

H. If after the imposition of an immediate suspension the department takes additional actions including additional suspension, revocation, or conditions of operations, the immediate action will stay in effect until the following action goes into effect or an appeal of the following action is concluded and the action is either upheld or overturned.

I. If the contemplated action does not take immediate effect, and the licensee is given advance notice of the contemplated action, the licensee is allowed 10 working days from date of notice to request an administrative appeal.

J. In circumstances in which Public Health Act, Subsection N of Section 24-1-5 NMSA 1978 (2005) may apply, and in which other provisions of this regulation are not adequate to protect children from imminent danger of abuse or neglect while in the care of a licensee, the provisions of Subsection N of Section 24-1-5 shall apply as follows.

(1) The department shall consult with the owner or operator of the child care facility.

(2) Upon a finding of probable cause, the department shall give the owner or operator notice of its intent to suspend operation of the child care facility and provide an opportunity for a hearing to be held within three working days, unless waived by the owner or operator.

(3) Within seven working days from the day of notice, the secretary shall make a decision, and, if it is determined that any child is in imminent danger of abuse or neglect in the child care facility, the secretary may suspend operation of the child care facility for a period not in excess of 15 days.

(4) Prior to the date of the hearing, the department shall make a reasonable effort to notify the parents of children in the child care facility of the notice and opportunity for hearing given to the owner or operator.

(5) No later than the conclusion of the 15 day period, the department shall determine whether other action is warranted under this regulation.

(6) Nothing in Subsection J of 8.9.4.12 NMAC shall be construed to require licensure that is not otherwise required in this regulation.

K. The licensing authority may require a direct provider of care to undergo an additional background check if information shows any of the following:

(1) that the direct provider of care has pending charges for any criminal offense;

(2) that the direct provider of care has a pending or substantiated CYFD protective services or juvenile justice service referral;

(3) that the direct provider of care has any criminal history or history of a referral to CYFD protective services or juvenile justice services discovered after the most recent background check; or

(4) that the direct provider of care is the subject of an allegation of abuse and neglect in any licensed facility.

L. There shall be no right to administrative review for reduction in star level resulting from loss of, or failure to maintain, national accreditation status. The licensee shall be bound by the rules, regulations, policies and procedures implemented by the national accreditation body that governs its accreditation process.

M. There shall be no right to an appeal or administrative review when the licensing authority issues a cease and desist letter; provided, however, that the licensee shall have the right to an appeal or administrative review of any subsequent action taken by the licensing authority as set forth herein.

N. The licensee shall notify the licensing authority within 48 hours of any adverse action by the national accreditation body against the licensee's national accreditation status, including but not limited to expiration, suspension, termination, revocation, denial, nonrenewal, lapse or other action that could affect its national accreditation status. The licensing authority shall reduce the star level of a provider granted national accreditation status by the department to star level 2 until the licensee regains national accreditation status, or until the facility can be verified at a level higher than star level 2. If a provider holding accreditation from an accrediting body no longer approved by ECECD fails to maintain these requirements, this will result in the provider reimbursement reverting to the base reimbursement rate. The provider may increase their star level only by meeting FOCUS criteria or by attaining ECECD approved national accreditation status. Child care subsidies shall be adjusted to correspond with any reductions or increases to star level.

[8.9.4.12 NMAC - N, 11/1/2022]

8.9.4.13 CIVIL MONETARY PENALTIES:

A. The following factors shall be considered by the licensing authority when determining whether to impose civil monetary penalties:

(1) death or serious injury to a child;

(2) abuse, neglect or exploitation of a child;

(3) regulatory violations which immediately jeopardize the health and safety of a child;

(4) numerous violations, which combined, jeopardize the health and safety of a child;

(5) repetitive violations of the same nature found during two or more consecutive on-site visits or surveys of a child care facility;

(6) failure of a child care facility to correct violations found during previous surveys or visits;

(7) intentional misrepresentation regarding condition of the facility;

(8) effect of a civil monetary penalty on financial viability of the facility; or

(9) extenuating circumstances, which allow the licensing authority greater discretion to consider both mitigating and exacerbating circumstances not specifically defined.

B. An initial base penalty amount is assessed when a civil monetary penalty is imposed. The base penalty amount is calculated at the rate of the most serious deficiency. For example, the base penalty amount is assessed at the rate applicable to a class A deficiency when the survey or investigation results in citation of regulatory violations comprising class A, class B, and class C deficiencies, because the most serious regulatory violation is the class A deficiency. The base penalty is assessed once for the deficiencies cited by the licensing authority during any particular survey or investigation.

C. The licensing authority has the discretion to impose an initial base penalty at any amount within the range for each deficiency level.

(1) Class A deficiency: not less than $500 and not greater than $5,000.

(2) Class B deficiency: not less than $300 and not greater than $3,000.

(3) Class C deficiency: not less than $100 and not greater than $500.

[8.9.4.13 NMAC - N, 11/1/2022]

8.9.4.14 WAIVERS:

A. Programs, facilities or homes licensed under these regulations may request a waiver from any of the requirements of these regulations by applying, in writing, to the licensing authority for a waiver. The request should identify the regulatory requirement for which a waiver is requested, the reason for the waiver, and any action proposed to meet the intent of the regulation.

B. Requests for waivers that involve construction of any type on a current licensed premise must be reviewed and approved by the licensing authority prior to the initiation of the construction.

C. Requests for waivers will be reviewed and approved or denied within 30 calendar days of receipt by the licensing authority.

D. Requests for waivers may include temporary operating standards following an ECECD recognized disaster.

[8.9.4.14 NMAC - N, 11/1/2022]

8.9.4.15 VARIANCES - CURRENTLY LICENSED FACILITIES:

A. If a child care facility licensed on the date these regulations are promulgated provides the services prescribed but fails to meet all building requirements, the licensing authority will grant a variance, provided that the variances granted:

(1) will not create a hazard to the health, safety, or welfare of children and staff members; and

(2) is for building requirements that cannot be corrected without an unreasonable expense to the child care facility.

B. Variances granted will continue in force as long as the child care facility continues to provide services pursuant to these regulations and will not violate the criteria of Subsection A of this section.

C. The licensing authority will grant a variance for those requirements contained in 8.9.4.8 NMAC related regulations and codes if the licensee provides written documentation from the relevant authority identified in these regulations that the licensee complies with those requirements or has been granted a waiver or variance from them.

[8.9.4.15 NMAC - N, 11/1/2022]

8.9.4.16 VARIANCES - NEW CHILD CARE FACILITY:

A new child care facility may be located in an existing building or a newly constructed building.

A. If opened in an existing building, the licensing authority may grant a variance for those building requirements the child care facility cannot meet provided any variance is not in conflict with existing building and fire codes.

B. A new child care facility opened in a newly constructed building will meet all requirements of these regulations.

C. The licensing authority will make all variances granted a permanent part of the child care facility file.

D. The licensing authority may grant a variance for those requirements contained in 8.9.4.8 NMAC related regulations and codes if the licensee provides written

documentation from the relevant authority identified in these regulations that the licensee complies with those requirements or has been granted a waiver or variance from them.

[8.9.4.16 NMAC - N, 11/1/2022]

8.9.4.17 SURVEYS FOR CHILD CARE FACILITIES:

A. The licensing authority will conduct a survey at least twice a year in each child care facility using these regulations as criteria. The licensing authority will conduct additional surveys or visit the child care facility additional times to provide technical assistance, to check progress on correction of deficiencies found on previous surveys, or to investigate complaints.

B. Upon the completion of a survey, the licensing authority will discuss the findings with the licensee or their representative and will provide the child care facility with an official written report of the findings and a request for a plan or plans of correction, if appropriate.

C. The licensee, director, or operator, will submit within 10 working days after the date of the survey, a corrective action plan to the licensing authority for deficiencies found during the survey. The corrective action plan will be specific on how and when the child care facility will correct the deficiency or deficiencies.

D. The licensing authority may accept the corrective action plan as written or require modifications of the plan.

E. By applying for either a new license or a license renewal, the licensee grants the licensing authority representative the right to enter the premises and survey the child care facility, including inspection and copying of child care facility records, both while the application is being processed and, if licensed, at any time during the licensure period.

F. The licensing authority may or may not announce a survey. The licensee must grant immediate access upon the licensing authority's arrival. At all times, a person who is knowledgeable in the daily operations, has access to all records and locked areas, and can represent the licensee or director for survey purposes will be present in the child care facility.

G. If a facility has video cameras on the premises that has recording capabilities, footage must be accessible to the licensing authority upon request.

[8.9.4.17 NMAC - N, 11/1/2022]

8.9.4.18 COMPLAINTS:

A. The licensing authority will process any complaint regarding any child care facility licensed or required to be licensed under these regulations. The investigatory authority of the licensing authority is limited to matters pertaining to these regulations.

B. A licensing authority representative receiving complaints will ask complainants to identify themselves and provide all information necessary to document the complaint.

C. The licensing authority will investigate any complaint in which the health, safety, or welfare of a child could be in danger. The complaint will be reviewed and prioritized immediately according to the nature and severity of the complaint. The licensing authority follows established protocols and procedures for prioritizing, tracking, initiating and reporting of complaints and complaint investigations. Complaints will be investigated in a timely manner as follows.

(1) Priority 1 complaints: investigation will be initiated within 24 hours.

(2) Priority 2 complaints: investigation will be initiated within three working days.

(3) Priority 3 complaints: investigation will be initiated within five working days.

(4) Initiation timeframes for investigations may be shortened based on the severity and nature of the complaint, but timeframes may not be extended.

D. The licensee shall cooperate in good faith with any investigation by the licensing authority. Obstruction of an investigation may subject the licensee to sanctions, up to revocation.

E. Action by the licensing authority:

(1) The licensing authority will provide a written letter on the results of the investigation to both the licensee of the child care facility that is the subject of the complaint and the complainant.

(2) If the licensing authority finds the complaint is unsubstantiated, it will be so designated and the licensing authority will take no further action.

(3) If the licensing authority finds that a complaint is substantiated, it will make the complaint part of the licensing authority's file on the child care facility. The following additional actions will, at the discretion of the licensing authority, be taken:

(a) the licensing authority will require the child care facility to submit and comply with a written corrective action plan; or

(b) the licensing authority will sanction the child care facility administratively including, without limitation, suspension, revocation, or restriction of a license; or

(c) the licensing authority will file criminal charges or pursue civil remedies.

F. The licensing authority will report all cases of suspected child abuse and neglect to both CYFD's children's protective services and the local law enforcement agency.

[8.9.4.18 NMAC - N, 11/1/2022]

8.9.4.19 BACKGROUND CHECKS:

Background checks will be conducted in accordance with the most current regulations related to background checks and employment history verification provisions as promulgated by the Early Childhood Education and Care Department pursuant to 8.9.6 NMAC. All licensed child care facilities must adhere to these provisions to maintain their licensing status. Prior to a staff member's employment, a staff member must receive a notice of provisional employment or obtain a background check in accordance with 8.9.6 NMAC. A background check must be conducted in accordance with 8.9.6 NMAC on all required individuals at least once every five years from the original date of eligibility regardless of the date of hire or transfer of eligibility. A direct provider of care may request a transfer of background check eligibility if:

A. the staff member was found eligible as a direct provider of care in a child care center, licensed child care, home licensed group home, or registered home within the past five years and has not been separated from employment for more than 180 days; and

B. submits an application for transfer and is found eligible pursuant to 8.9.6.11 NMAC.

[8.9.4.19 NMAC - N, 11/1/2022]

8.9.4.20 CHILD CARE CENTER REGULATIONS:

A. APPLICABILITY TO CHILD CARE CENTERS: A center required to be licensed under regulations in 8.9.4.21 NMAC through 8.9.4.29 NMAC is one that provides care, education, services and supervision to children for less than 24 hours a day to children in a non-residential setting, and is not exempted from regulation under any of the exceptions listed in 8.9.4.9 NMAC.

B. NEW OR INNOVATIVE PROGRAMS FOR PROVIDING CHILD CARE TO CHILDREN: A new or innovative service for child care that is typically not governed by these regulations will be licensed if there is a substantiated need for the service and if it meets all requirements outlined in Paragraphs (1), (2) and (3) of Subsection C. New or innovative programs shall adhere to all basic licensing standards regulations except that

the licensing authority may grant waiver(s) to the extent necessary to accommodate new and innovative services which may conflict with any regulations pertaining to curriculum and environment.

C. SPECIAL REQUIREMENTS FOR NEW OR INNOVATIVE CHILD CARE CENTERS: Applicants for new or innovative child-care services that do not fit under these regulations will submit a proposal to the licensing authority for review and approval. Applications shall be presented to the department for review. The proposal will include:

(1) an explanation of any special needs or modifications for the children who will be receiving these services;

(2) identification of those portions of the proposed program that would conflict with these regulations; and

(3) statement of how the proposed center will modify or provide alternative measures, policies and procedures that meet the intent of these regulations.

D. SPECIAL REQUIREMENTS FOR CENTERS LOCATED ON OR NEAR THE PREMISES OF CORRECTIONAL FACILITIES: Applicants for centers located on or near correctional facilities will submit a proposal to the licensing authority for review and approval. The proposal will include:

(1) an explanation of security modifications that are deemed necessary to ensure the safety of the staff, parents, and children using the child care center; and

(2) statement of how the proposed center will modify or provide alternative measures, policies and procedures that meet the intent of these regulations if the proposed program is in conflict with these regulations.

[8.9.4.20 NMAC - N, 11/1/2022]

8.9.4.21 LICENSURE REQUIREMENTS FOR CENTERS:

A. LICENSING REQUIREMENTS:

(1) APPLICATION FORM: An applicant will complete an application form provided by the licensing authority and include payment for the non-refundable application fee. Applications will be rejected unless all supporting documents are received within six months of the date indicated on the application. A 45 day extension will be granted if the licensee provides documentation to the licensing authority that documents were submitted to the appropriate agencies in a timely manner but, through no fault of their own, they have not received responses from these agencies.

(2) BACKGROUND CHECK: The licensing authority will provide a copy of the most current version of the department's background check and employment history verification provisions, fingerprint instructions, and forms for recording an employment history. The licensee will be responsible for obtaining background checks on all staff members, educators, volunteers, and prospective staff members, educators, volunteers or any person who may have unsupervised physical access to children as per the requirements outlined in the department's most current version of the background check and employment history verification provisions. All requirements of the current background check and employment history verification provisions pursuant to 8.9.6 NMAC must be met prior to the issuance of an initial license. Prior to a staff member's employment, a staff member must receive a notice of provisional employment or obtain a background check in accordance with 8.9.6 NMAC. A background check must be conducted in accordance with 8.9.6 NMAC at least once every five years on all required individuals.

(3) ZONING, BUILDING AND OTHER APPROVALS: An applicant will have: current written finalized zoning approval from the appropriate city, county or state authority; current written building approval, such as a certificate of occupancy, from the appropriate city, county or state authority; current written approval of the state fire marshal office or other appropriate city, county or state fire-prevention authority; current written approval from the New Mexico environment department or other environmental health authority for:

(a) a kitchen, if meals are prepared on site and served in the center;

(b) private water supply, if applicable;

(c) private waste or sewage disposal, if applicable; and

(d) a swimming pool, if applicable.

(4) ACCESS REQUIREMENTS FOR INDIVIDUALS WITH DISABILITIES IN NEW CENTERS:

(a) Accessibility to individuals with disabilities is provided in all new centers and will include the following:

(i) main entry into the center is level or has a ramp to allow for wheelchair access;

(ii) building layout allows for access to the main activity area;

(iii) access to at least one bathroom is required to have a door clearance of 32 inches; the toilet unit also provides a 60-inch diameter turning radius;

(iv) if ramps are provided to the building, the slope of each ramp is at least a 12-inch horizontal run for each inch of vertical rise; and

(v) ramps exceeding a six-inch rise are provided with handrails.

(b) Requirements contained herein are minimum and additional disability requirements may apply depending on the size and complexity of the center.

(5) SCHEDULE: All applications for a new license will include a description of the center's proposed activities and schedule.

(6) INITIAL SURVEY: The licensing authority will schedule a survey for a center when it receives a complete application with all supporting documents.

B. CAPACITY OF CENTERS:

(1) The number of children in a center, either in total or by age, will not exceed the capacity stated on the license.

(2) The licensing authority will count all children in the care of the licensed facility, including school-age children and the children of staff members and volunteers, in the capacity of the facility, even if the children are on a field trip or other outing outside the licensed premises. The licensed capacity must not be exceeded by the presence of school-age children.

(3) Children shall not be cared for in unlicensed areas of the facility.

(4) A center must meet the following space requirements.

(a) 35 square feet of indoor activity space measured wall to wall on the inside for each child in a center, excluding single-use areas, such as restrooms, kitchens, halls and storage areas, and excluding offsets and built-in fixtures.

(b) 75 square feet of outdoor activity space for each child using the area at one time. The center will post on the doors to the playground the maximum capacity of the playground.

(c) Centers must post classroom capacities, ratios, and group sizes in an area of the room that is easily visible to parents, staff and visitors.

C. INCIDENT REPORTING REQUIREMENTS:

(1) The licensee will report to the appropriate authorities the following incidents. After making a report to the appropriate authorities, the licensee shall notify the licensing authority of the incident giving rise to its report as soon as possible but no later than 24 hours after the incident occurred. A report should first be made by

telephone and followed with written notification. The licensee shall report any incident that has threatened or could threaten the health and safety of children and staff members, such as, but not limited to:

(a) a lost, missing or unattended child;

(b) a serious injury;

(c) the abuse or neglect of a child;

(d) fire, flood, or other natural disaster that creates structural damages to a center or poses a health hazard;

(e) any of the illnesses on the current list of notifiable diseases and communicable diseases published by the office of epidemiology of the New Mexico department of health;

(f) any legal action against a center or staff members;

(g) any incident that could affect the background check eligibility of any cleared person related to this license;

(h) any declaration of intention or determination to inflict punishment, loss, injury or pain on child or staff member by the commission of an unlawful act, such as, but not limited to, a bomb threat;

(i) the use of physical or mechanical restraints, unless due to documented emergencies or medically documented necessity; or

(j) any known change in an educator's health condition or use of medication that impairs his or her ability to provide for the health, safety or welfare of children in care.

(2) A center will notify parents or guardians in writing of any incident, including notifiable illnesses, that have threatened the health or safety of children in the center. The licensee shall ensure that it obtains parent or guardian signatures on all incident reports within 24 hours of the incident. The licensee shall immediately notify the parent or guardian in the event of any head injury. Incidents include, but are not limited to, those listed in Paragraph (1) of Subsection C of 8.9.4.21 NMAC.

(3) Incident reports involving suspected child abuse and neglect must be reported immediately to children's protective services and local law enforcement. The licensing authority follows written protocols/procedures for the prioritization, tracking, investigation and reporting of incidents, as outlined in the complaint investigation protocol and procedures.

[8.9.4.21 NMAC - N, 11/1/2022]

8.9.4.22 ADMINISTRATIVE REQUIREMENTS FOR CENTERS:

A. ADMINISTRATION RECORDS: A licensee will display in a prominent place that is readily visible to parents, staff and visitors:

(1) all licenses, certificates, and most recent inspection reports of all state and local government agencies with jurisdiction over the center;

(2) the current child care regulations;

(3) dated weekly menus for meals and snacks;

(4) the guidance policy; and

(5) the current list of notifiable diseases and communicable diseases published by the office of epidemiology of the New Mexico department of health.

B. MISSION, PHILOSOPHY AND CURRICULUM STATEMENT: All licensed facilities must have a:

(1) mission statement;

(2) philosophy statement; and

(3) curriculum statement.

C. POLICY AND PROCEDURES: All facilities using these regulations must have written policies and procedures covering the following areas:

(1) actions to be taken in case of accidents or emergencies involving a child, parents or staff members;

(2) policies and procedures for admission and discharge of children;

(3) policies and procedures for expulsion of children. Policies and procedures shall include how the center will maintain a positive environment and will focus on preventing the expulsion of children age birth to five. The center must develop policies that include clear, appropriate, consistent expectations, and consequences to address disruptive student behaviors; and ensure fairness, equity, and continuous improvement;

(4) policies and procedures for the handling of medications;

(5) policies and procedures for the handling of complaints received from parents or any other person;

(6) policies and procedures for actions to be taken in case a child is found missing from the center;

(7) policies and procedures for the handling of children who are ill;

(8) an up to date emergency evacuation and disaster preparedness plan, which shall include steps for evacuation, relocation, shelter in place, lock-down, communication, reunification with parents, individual plans for children with special needs and children with chronic medical conditions, accommodations of infants and toddlers, and continuity of operations (see waivers, Subsection D of 8.9.4.14 NMAC). The plan shall be approved annually by the licensing authority and the department will provide guidance on developing these plans and

(9) policies and procedures that promotes the equal access of services for all children and families and prohibits discrimination based on race, color, religion, sex (including pregnancy, sexual orientation, or gender identity), national origin, disability, or age (40 or older).

D. FAMILY HANDBOOK: All facilities using these regulations must have a parent handbook. Upon updating the family handbook, changes must be approved and submitted to the licensing authority. After any changes, notice must be sent out to families, parents, or guardians and posted in a common area. The handbook will include the following:

(1) GENERAL INFORMATION:

(a) mission statement;

(b) philosophy statement;

(c) program information (location, license information, days and hours of operation, services offered);

(d) name of director and how he/she may be reached;

(e) meals, snacks and types of food served (or alternatively, guidelines for children bringing their own food);

(f) daily schedule;

(g) a statement supportive of family involvement that includes an open door policy to the classroom;

(h) appropriate dress for children, including request for extra change of clothes;

(i) celebrating holidays, birthdays and parties; and

(j) disclosure to parents that the licensee does not have liability or accident insurance coverage.

(2) POLICIES AND PROCEDURES:

(a) enrollment procedures;

(b) disenrollment procedures;

(c) expulsion procedures;

(d) fee payment procedures, including penalties for tardiness;

(e) notification of absence;

(f) fee credits, if any (e.g. for vacations, absences, etc.);

(g) field trip policies;

(h) health policies (program's policies on admitting sick children, when children can return after an illness, administering medication, and information on common illnesses);

(i) emergency procedures, safety policies, and disaster preparedness plan;

(j) snow days and school closure;

(k) confidentiality policy;

(l) child abuse/neglect reporting procedure;

(m)guidance policy;

(n) anti-discrimination policy that promotes the equal access of services for all children and families and prohibits discrimination based on race, color, religion, sex (including pregnancy, sexual orientation, or gender identity), national origin, disability, or age (40 or older); and

(o) employee cellular telephone usage policy that directs and defines safe and appropriate use.

E. CHILDREN'S RECORDS: A center will maintain a complete record for each child, including drop-ins, completed before the child is admitted. Records will be kept at

the center for 12 months after the child's last day of attendance. Records will contain at least:

(1) PERSONAL INFORMATION:

(a) name of the child; date of birth, gender, home address, mailing address and telephone number;

(b) names of parents or guardians, parents or guardians current places of employment, addresses, pager, cellular and work telephone numbers;

(c) a list of people authorized to pick up the child and an authorization form signed by parent or guardian; identification of person authorized by the parent or guardian to pick up the child shall be verified at pick up;

(d) date the child first attended the center and the date of the child's last day at the center;

(e) a copy of the child's up-to-date immunization record or a public health division approved exemption from the requirement. A grace period of a maximum of 30 days will be granted for children in foster care, homeless children and youth, or at-risk children and youth as determined by the department;

(f) a record of any accidents, injuries or illnesses which require first aid or medical attention which must be reported to the parent or guardian;

(g) a record of observations of recent bruises, bites or signs of potential abuse or neglect, which must be reported to CYFD and ECECD;

(h) written authorization from the child's parent or guardian to remove a child from the premises to participate in off-site activities; authorization must contain fieldtrip destination, date and time of fieldtrip and expected return time from fieldtrip;

(i) written authorization from the child's parent or guardian for the educator to apply sunscreen, insect repellent and, if applicable, diaper cream to the child.

(j) a record of the time the child arrived and left the center and dates of attendance initialed by a parent, guardian, or person authorized to pick up the child;

(k) an enrollment agreement form which must be signed by a parent or guardian with an outline of the services and the costs being provided by the facility; and

(l) a signed acknowledgment that the parent or guardian has read and understands the parent handbook.

(2) EMERGENCY INFORMATION:

(a) information on any allergies or medical conditions suffered by the child.

(b) the name and telephone number of two people in the local area to contact in an emergency when a parent or guardian cannot be reached. Emergency contact numbers must be kept up to date at all times.

(c) the name and telephone number of a physician or emergency medical center authorized by a parent or guardian to contact in case of illness or emergency.

(d) a document giving a center permission to transport the child in a medical emergency and an authorization for medical treatment signed by a parent or guardian.

(e) if applicable, legal documentation regarding the child, including but not limited to: restraining orders, guardianship, powers of attorney, court orders, and custody by children's protective services.

F. PERSONNEL RECORDS:

(1) A licensee will keep a complete file for each staff member, including substitutes and volunteers working more than six hours of any week and having direct contact with the children. A center will keep the file for one year after the staff member's last day of employment. Records will contain at least the following:

(a) name, address and telephone number;

(b) position;

(c) current and past duties and responsibilities;

(d) dates of hire and termination;

(e) documentation of a background check and employment history verification; if background check is in process then documentation of the notice of provisional employment showing that it is in process, must be placed in file. A background check must be conducted at least once every five years on all required individuals;

(f) an annual signed statement that the staff member would or would not be disqualified as a direct provider of care under the most current version of the background checks and employment history verification provisions pursuant to 8.9.6 NMAC;

(g) documentation of current first-aid and cardiopulmonary resuscitation training;

(h) documentation of all appropriate training by date, time, hours and area of competency;

(i) emergency contact number;

(j) universal precaution acknowledgment form;

(k) confidentiality form;

(l) results of performance evaluations;

(m) administrative actions or reprimands;

(n) written plan for ongoing professional development for each educator, including the director, that is based on the seven areas of competency, consistent with the career lattice, and based on the individual's goals; and

(o) signed acknowledgment that the staff have read and understand the personnel handbook;

(p) signed acknowledgement that all staff have reviewed and are aware of the center's disaster preparedness plan and evacuation plan; and

(q) form I-9, employment eligibility verification.

(2) A center will maintain dated weekly work schedules for the director, all staff, all educators and volunteers and keep the records on file for at least 12 months. The record will include the time the workers arrived at and left work and include breaks and lunch.

G. PERSONNEL HANDBOOK: The center will give each employee a personnel handbook that covers all matters relating to employment. Upon updating the personnel handbook, changes must be approved and submitted to the licensing authority. After any changes, notice must be sent out to families, parents, or guardians and posted in a common area. The handbook will include the following critical contents:

(1) organizational chart;

(2) job descriptions of all employees by title;

(3) benefits, including vacation days, sick leave, professional development days, health insurance, break times, etc.;

(4) code of conduct;

(5) training requirements, career lattice, professional development opportunities;

(6) procedures and criteria for performance evaluations;

(7) policies on absence from work;

(8) grievance procedures;

(9) procedures for resignation or termination;

(10) copy of licensing regulations;

(11) policy on parent involvement;

(12) health policies related to both children and staff;

(13) policy on sexual harassment;

(14) child guidance policy;

(15) anti-discrimination policy that promotes the equal access of services for all children and families and prohibits discrimination based on race, color, religion, sex (including pregnancy, sexual orientation, or gender identity), national origin, disability, or age (40 or older);

(16) confidentially statement; and

(17) a plan for retention of qualified staff.

[8.9.4.22 NMAC - N, 11/1/2022]

8.9.4.23 PERSONNEL AND STAFFING REQUIREMENTS FOR CENTERS:

A. PERSONNEL AND STAFFING REQUIREMENTS:

(1) An employer will not allow any employee involved in an incident which would disqualify that employee under the department's most current version of the background check and employment history verification provisions pursuant to 8.9.6 NMAC to continue to work directly or unsupervised with children.

(2) All educators will demonstrate the ability to perform essential job functions that reasonably ensure the health, safety and welfare of children in care.

(3) Educators who work directly with children and who are counted in the staff/child ratios must be 18 years of age or older.

(4) Clerical, cooking and maintenance personnel who also care for children and are included in the staff/child ratio will have a designated schedule showing their normal hours in each role. Educators counted in the staff/child ratios will not have as their primary responsibility cooking, clerical or cleaning duties while caring for children.

(5) Volunteers shall not be counted in the staff/child ratios or left alone with children unless they meet all requirements for an educator.

(6) Substitutes and part-time educators counted in the staff/child ratios will meet the same requirement as regular educators except for training requirements, professional development plan and evaluations. Substitutes, volunteers, and educators routinely employed in a center but working 20 hours or fewer a week, will complete half the required training hours. Such employees working more than 20 hours a week will meet full training requirements and have professional development plans and evaluations. See Paragraph (2) of Subsection B of 8.9.4.23 NMAC for additional training requirements.

(7) A director is responsible for one center only. Directors who are responsible for more than one center on the date these regulations are promulgated shall continue in that capacity. The director or co-director must be on the site of the center for a minimum of fifty percent of the center's daily core hours of operation. The licensing authority may require proof of the director's time on-site. See Paragraph (2) of Subsection F of 8.9.4.22 NMAC.

(8) During any absence, the director will assign a person to be in charge and will post a notice stating the assignment.

(9) A program will maintain staff/child ratios and group sizes at all times based on the age of the majority of children in the group. Children must never be left unattended whether inside or outside the facility. Staff will be onsite, available and responsive to children during all hours of operation. All educators shall perform head counts at regular intervals throughout the day.

(10) A center will have a minimum of two staff members present at all times, with one being an educator. If the center has fewer than seven children, the second staff member may conduct other activities such as cooking, cleaning, or bookkeeping.

(11) A center will keep a list of people who can substitute for any staff member. The list will include the people's names, telephone numbers, background check, health certificates and record of orientation.

(12) Each room of the center and its premises shall be inspected at closing time on a daily basis to assure the center is secure, free of hazards, and that no child has been left unattended.

B. STAFF QUALIFICATIONS AND TRAINING:

(1) DIRECTOR QUALIFICATIONS:

(a) Unless exempted under Subparagraph (b) below, a child care center will have a director who is at least 21 years old and meets the requirements outlined in the table below.

<table>
<tr><td colspan="3">Professional Preparation</td><td rowspan="5">and</td><td>Experience</td></tr>
<tr><td>Program Administration

</table>

The Child Development Associate (CDA) certificate		
The Child Care Professional (CCP) certificate		
The New Mexico Early Childhood Program Administration Certificate		
Montessori Teacher Certification		
The New Mexico One-Year Vocational Certificate		
Associate of Arts (AA) or Applied Sciences (AA or AAS) in child development or early childhood education		
Or		
A bachelor's degree or higher in early childhood education or a related field. Related fields include: early childhood special education, family studies, family and consumer sciences, elementary education with early childhood endorsement or any bachelor's degree with a transcript containing two or more Early Childhood courses.	and	One year of experience in an early childhood growth and development setting

*The NAC and two years of experience in an early childhood growth and development setting will be accepted as sufficient qualification for a director under the following conditions: a) The NAC was received prior to November 30, 2012 and b) the NAC has been maintained and has not expired subsequent to November 30, 2012.

**Directors shall be given until the end of the first full academic semester following their start date to successfully complete this course.

(b) Current directors in a licensed center not qualified under these regulations will continue to qualify as directors as long as they continuously work as a director. Current directors having a break in employment of more than one year must meet the requirements as specified in Subparagraph (a) above.

(2) TRAINING:

(a) The director will develop and document an orientation and training plan for new staff members and volunteers and will provide information on training opportunities. The director will have on file a signed acknowledgment of completion of orientation by employees, volunteers and substitutes as well as the director. New staff members will participate in an orientation before working with children. Initial orientation will include training on the following:

(i) scope of services, activities, and the program offered by the center;

(ii) emergency first aid procedures, recognition of childhood illness and indicators of child abuse;

(iii) fire prevention measures, emergency evacuation plans and disaster preparedness plans;

(iv) review of licensing regulations;

(v) policies regarding guidance, child abuse and neglect reporting, and handling of complaints;

(vi) review of written policies and procedures as defined in Subsection C of 8.9.4.22 NMAC;

(vii) center/parental agreement;

(viii) sanitation procedure;

(ix) written goals of the program;

(x) personnel handbook;

(xi) parent handbook;

(xii) names and ages of children;

(xiii) names of parents;

(xiv) tour of the facility; and

(xv) introduction to other staff and parents.

(b) All new staff members working directly with children regardless of the number of hours employed per week shall complete the following training within three months of their date of hire. Training must be approved by ECECD to fulfill the following requirements. Approved trainings and substitutions will be listed on the ECECD's

website. All current educators will have three months to comply with the following training from the date these regulations are promulgated:

(i) prevention and control of infectious diseases (including immunization);

(ii) prevention of sudden infant death syndrome and use of safe sleeping practices;

(iii) administration of medication, consistent with standards for parental consent;

(iv) prevention of and response to emergencies due to food or other allergic reactions;

(v) building and physical premises safety, including identification of and protection from hazards that can cause bodily injury such as electrical hazards, bodies of water, and vehicular traffic;

(vi) prevention of shaken baby syndrome and abusive head trauma;

(vii) emergency preparedness and response planning for emergencies resulting from natural or man-caused disasters;

(viii) handling and storage of hazardous materials and the appropriate disposal of bio contaminants;

(ix) precautions in transporting children (if applicable);

(x) first aid and cardiopulmonary resuscitation (CPR) awareness with a pediatric component;

(xi) recognition and reporting of child abuse and neglect; and

(xii) a child development course that addresses all major domains of child development, including cognitive, social emotional, physical development and approach to learning as defined by the federal Child Care and Development Fund (https://www.ecfr.gov/current/title-45/subtitle-A/subchapter-A/part-98.98.44.b.ii), or approved three-credit early care and education course or an equivalent approved by the department.

(c) New staff members working directly with children regardless of the number of hours employed per week will complete the following, or a three-credit early care and education course or an equivalent approved by the department prior to or within twelve months of employment or the effective date of these regulation amendments. Substitute educators are exempt from this requirement. Training must be

approved by ECECD to fulfill the requirements. Approved trainings and substitutions will be listed on ECECD's website.

(i) Learning Environment: How Classroom Arrangement Impacts Behavior

(ii) Challenging Behavior: Reveal the Meaning

(iii) Building Strong Relationships with Families

(iv) Honoring All Families

(d) Each staff person working directly with children and more than 20 hours per week, including the director, is required to obtain at least 24 hours of training each year. For this purpose, a year begins and ends at the anniversary date of employment. Training must address all seven competency areas within two years. The competency areas are:

(i) child growth, development and learning;

(ii) health, safety, nutrition and infection control;

(iii) family and community collaboration;

(iv) developmentally appropriate content;

(v) learning environment and curriculum implementation;

(vi) assessment of children and programs; and

(vii) professionalism.

(e) Training must be provided by individuals who are registered on the New Mexico trainer registry.

(f) Training provided by center employees, directors, owners, and direct affiliates of the provider shall count for no more than half of the required 24 hours of training each year.

(g) Online first aid and CPR training will not be approved, unless there is a hands-on component included. In-person requirements may be waived in case of an emergency.

(h) Identical trainings shall not be repeated for the purpose of obtaining credit.

(i) Directors may count hours in personnel and business training toward the training requirement.

(j) Infant and toddler educators must have at least four hours of training in infant and toddler care annually and within three months of starting work. The four hours will count toward the 24-hour requirement.

(k) A center will keep a training log on file for all staff with the employee's name, date of hire, and position. The log must include date of training, clock hours, competency area, source of training, and training certificate.

(l) A college credit hour in a field relevant to the competency areas listed above will be considered equivalent to a minimum of 15 clock hours. Basic level pre-requisites, such as math and English courses, leading to a degree in early childhood development will be considered equivalent to a minimum of 15 clock hours per credit hour.

(m)See Paragraph (6) of Subsection A of 8.9.4.23 NMAC for requirements for centers that operate less than 20 hours per week.

C. STAFF/CHILD RATIOS AND GROUP SIZES:

(1) Ratios and group sizes shall be observed as outlined in the tables below:

Centers where children are grouped by age		
Age Group	Adult to child ratio	Maximum group size
Infants	1:6 or fraction of group thereof	12*
Toddlers	1:6 or fraction of group thereof	12*
two years	1:10 or fraction of group thereof	20
three years	1:12 or fraction of group thereof	24
four years	1:12 or fraction of group thereof	24
five years	1:15 or fraction of group thereof	30

six years and older	1:15 or fraction of group thereof	30

Centers Where Age Groups Are Combined		
Age Group	Adult to child ratio	Maximum group size
six weeks through 24 months	1:6 or fraction of group thereof	12*
two through four years	1:12 or fraction of group thereof	24
three through five years	1:14 or fraction of group thereof	28
six years and older	1:15 or fraction of group thereof	30
18 to 24 months with children ages 24 through 35 months	1:6 or fraction of group thereof	12*

*Providers whose group size exceeds the maximum group size for infants and toddlers indicated above prior to the date these regulations are promulgated shall continue with their current group size as long as ratios are maintained at all times. Providers whose group size meets the maximum group size for infants and toddlers indicated above prior to the date these regulations are promulgated must continue to meet the maximum group size. All new licensed providers and those requesting an infant or toddler capacity change after the date these regulations are promulgated must meet the maximum group size as indicated above.

(2) The number of children who may be in a group and the number of caregivers is specified in Paragraph (1) of Subsection C of 8.9.4.23 NMAC. More than one group of children may occupy a room, provided the following conditions are met:

(a) the room is divided so that different activity/interest areas are well-defined (i.e. creative art, dramatic play, books, manipulatives, blocks, science, and math);

(b) each activity/interest area will have a posted capacity, which may vary according to the activity and size of the space, and will not exceed the group size requirement as specified in Paragraph (1) of Subsection C of 8.9.4.23 NMAC;

(c) placement of cabinets, tables, carpeting, room-dividers, or shelving clearly define the different activity/interest areas;

(d) individual children may freely move from one activity/interest area at their own pace as long as the capacity of any individual interest area is not exceeded;

(e) a single educator is responsible for supervising up to the number of children allowed in the adult to child ratio age grouping specified in Paragraph (1) of Subsection C of 8.9.4.23 NMAC in one or more interest area as long as every child is in direct eyesight of the educator; and

(f) the total number of children in a larger room must not exceed the room capacity based on activity space. For example, if a three to five year old classroom has a capacity of 40, and the maximum group size is 28, the room must be divided by at least two well-defined spaces that include various activity/interest areas and be supervised by at least three educators, who are spread out so that every child is "attended."

(3) Child care facilities not meeting the requirements as specified in Paragraph (1) of Subsection C of 8.9.4.23 NMAC, must be able to clearly demonstrate the intent of group sizing through written procedures that must be approved by ECECD. The written procedures will address the following:

(a) maintenance of adult to child ratio within the group size in Paragraph (1) of Subsection C of 8.9.4.23 NMAC. to facilitate adult to child interaction and constructive activity among children;

(b) assignment of a group of children to an educator or team of educators; and

(c) demonstrate how the educators will meet the needs of all children in the assigned classroom and account for all children at all times.

(4) A center will schedule staff to minimize the number of primary educators a child has during the day and the week. A child will have no more than three primary, consecutive educators in any day including educators in the early morning and late afternoon. Each child must have an educator who is aware of details of the child's habits, interests, and any special concerns.

(5) The same educator who cares for the children under age two years will supervise those children when they play with children over two years.

[8.9.4.23 NMAC - N, 11/1/2022; A, 10/8/2024]

8.9.4.24 SERVICES AND CARE OF CHILDREN IN CENTERS:

A. GUIDANCE:

(1) A center will have written policies and procedures clearly outlining guidance practices. Centers will give this information to all parents and staff who will sign a form to acknowledge that they have read and understand these policies and procedures.

(2) Guidance will be consistent and age appropriate.

(3) Guidance shall be positive and include redirection and clear limits that encourage the child's ability to become self-disciplined. The use of physical or mechanical restraints is prohibited unless due to documented emergencies or medically documented necessity.

(4) A center will not use the following disciplinary practices:

(a) physical punishment of any type, including shaking, biting, hitting, pinching or putting anything on or in a child's mouth;

(b) withdrawal of food, rest, bathroom access, or outdoor activities;

(c) abusive or profane language, including yelling;

(d) any form of public or private humiliation, including threats of physical punishment; or

(e) unsupervised separation.

(5) Children will not be lifted by the arms, hands, wrist, legs, feet, ankles, or clothing.

B. NAPS OR REST PERIOD: A center will provide physical care appropriate to each child's developmental needs that will include a supervised rest period.

(1) Children under the age of six years in the centers for more than five hours will have a rest period.

(2) A center will allow children who do not sleep to get up and participate in quiet activities that do not disturb the other children.

(3) Cribs, cots or mats shall be spaced at least 30 inches apart to permit easy access by adults to each child. If the room used for sleeping cannot accommodate 30

inches of spacing between children, educators shall space children as far as possible from one another. There must be enough room to permit easy access to all children without moving cribs, cots or mats. Cribs which have sneeze guards installed may be placed end-to-end as long as they remain easily accessible.

(4) Each child will have an individual bed, cot, or mat clearly labeled to ensure each child uses the same items between washing.

(5) Cots or mats will have a nonabsorbent, cleanable surface. Mats will be at least three-fourths of an inch thick. Mats and cots shall be cleaned and sanitized after each use regardless of the same child using the mat or cot. Linens may be used multiple times over the course of a week but must be laundered before being used by another child.

(6) Educators shall ensure that nothing covers the face or head of a child aged 12 months or younger when the child is laid down to sleep and while the child is sleeping. Educators shall not place anything over the head or face of a child over 12 months of age when the child is laid down to sleep and while the child is sleeping.

(7) Children with disabilities or medical conditions that require unusual sleeping arrangements will have written authorization from physician justifying the sleeping arrangement. A physician's note must contain a timeframe for the specific sleep arrangement. The facility shall adhere to the timeframe recommended by the doctor.

(8) Staff must be physically available to sleeping children at all times. Children must not be isolated for sleeping or napping in an un-illuminated room unless attended by an educator.

(9) Illumination equivalent to that cast by a soft night light shall be operational in areas that are occupied by children who are napping or sleeping. Illumination must be enough to see the entire room, clearly observe sleeping children and allow for quiet activities for non-sleeping children.

(10) Staff/child ratios and group sizes shall be maintained at naptime.

C. ADDITIONAL REQUIREMENTS FOR INFANTS AND TODDLERS

(1) The center will provide a crib for each infant and, when appropriate, for a toddler.

(2) Cribs will meet federal standards and be kept in good repair. The center will not use plastic bags or lightweight plastic sheeting to cover a mattress and will not use pillows in cribs. Stacking cribs is prohibited. Cribs will not be used for storage. Animals and pets will not be allowed in cribs or on sleeping materials.

(3) No child will be allowed to sleep in a playpen, pack and play, car seat, stroller, swings, bouncers or high chairs, or other equipment not intended for sleep purposes.

(4) Children under the age of 12 months shall be placed on their backs when sleeping unless otherwise authorized in writing by a physician.

(5) Toys that are mouthed by infants and toddlers will be cleaned after mouthing by one child before other children do the same.

(6) A center will not admit any child under the age of six weeks except with the written approval of a licensed physician.

(7) A center will care for children under age two years in self-contained rooms separate from those used by older children. Children age six weeks to 12 months may be in the same room with children age 13 to 24 months, when they are physically separated from the older children. A center may group toddlers ages 18 to 24 months with children ages 24 through 35 months.

(8) Throughout the day, an educator will give each infant and toddler physical contact and attention. A caregiver will hold, talk to, sing to and take inside and outside walks with the child. A caregiver will respond immediately to all cries of infants and to the cries of all children within two minutes.

(9) An educator will use routine activities such as nap time, feeding, diapering and toileting as opportunities for language development and other learning.

(10) Infants shall not be allowed to be confined to one area for prolonged periods of time unless the infant is content and responsive. Children that are awake should be moved every 30 minutes to offer new stimulation.

(11) Each infant shall be allowed to form and observe his/her own pattern of feeding, sleeping and waking periods.

(12) A center will arrange the sleeping and play areas so that children in the play area do not disturb sleeping children. Infant rooms shall be arranged so that placement of cribs in an area used by other children does not encroach upon the minimum usable floor space requirements.

(13) Infants shall either be held or fed sitting up for bottle-feeding. Infants unable to sit shall always be held for bottle-feeding. Infants and toddlers shall not be placed in a laying position while drinking bottles or sippy cups. The carrying of bottles and sippy cups by young children throughout the day or night shall not be permitted.

(14) Children will not be allowed to walk or run with pacifiers. Pacifiers will not be used outside of cribs in rooms with mobile infants or toddlers. Pacifiers will be

labeled and not shared. Pacifiers will not be tied to the child. Pacifiers that contact the floor or ground will be cleaned and sanitized appropriately.

(15) Foods served will meet the nutritional needs of the infant or toddler. Foods will be developmentally appropriate for each infant served.

(16) A center shall provide an evacuation crib with wheels suitable for the surfaces around the facility and placed closest to the means of egress (exit).

D. DIAPERING AND TOILETING:

(1) An educator will plan toilet training with a parent so the toilet routine is consistent. A center will not attempt to toilet train a child who is not developmentally ready.

(2) A center will change wet and soiled diapers and clothing promptly. Staff members will wear non-porous, single-use gloves when changing a diaper and wash their hands after changing a diaper. Food service gloves are not permissible for diaper changing.

(3) A center will have a change of clothes on hand, including dry, clean clothing and diapers sufficient to meet the needs of each child. A center will label diapers and diapering supplies for each child and store them properly. Diaper bags will be inaccessible to children. Soiled diapers will be stored in a secure container with a tight-fitting lid to assure proper hygiene and control of odors.

(4) An educator will change a child's diaper on a clean, safe, waterproof surface and discard any disposable cover and disinfect the surface after each diaper change.

E. ADDITIONAL REQUIREMENTS FOR CHILDREN WITH SPECIAL NEEDS:

(1) Child care facilities are responsible for staff awareness of community resources for families of children with disabilities, including children under the age of five years as well as those of school age. If center staff believe that a child may have a delay or disability, possible resources for referral and assistance are provided to parents when appropriate. No referral for special needs services to an outside agency will be made without a parent's consent. Family Education Right and Privacy Act (FERPA) will be respected at all times.

(2) Child care facilities are responsible for staff awareness of the Americans with Disabilities Act (ADA) as it relates to enrolling and caring for children with disabilities.

F. ADDITIONAL REQUIREMENTS FOR NIGHT CARE:

(1) A center that provides night care will have 50 square feet of activity area per child for night care.

(2) Staff will be awake and immediately available to children who need attention during the night.

(3) The beds and cots provided for children shall be completely furnished with mattress, waterproof mattress protectors, sheets under and over the child, blanket, pillow and pillowcase and will meet all requirements for nap or rest period in accordance with Paragraphs (3) through (10) of Subsection B of 8.9.4.24 NMAC.

(4) Linens shall be changed immediately in case of soiling.

(5) The same menu shall not be used for lunch and supper.

G. PHYSICAL ENVIRONMENT:

(1) Environment shall be organized into age appropriate functional identifiable learning areas. If any of the selected learning areas are not represented at a given time, the areas shall be rotated to provide children with the opportunity to gain skills supported by a variety of learning experiences. The areas may include:

(a) dramatic play;

(b) creative art;

(c) books;

(d) blocks and accessories;

(e) manipulatives;

(f) music;

(g) science;

(h) math/number; and

(i) sensory.

(2) Each center is clearly defined, using shelves and furniture.

(3) Adults can visually supervise all centers at all times.

(4) The capacity of each room will be posted in an area of the room that is readily visible to parents, staff members and visitors.

(5) Learning areas have adequate space and noisy and quiet areas are arranged so that children's activities can be sustained without interruption.

(6) Materials are well cared for and organized by type. Where appropriate, materials are labeled with words or pictures. Adaptations to materials are made when needed to accommodate various abilities of all children. Unused materials are stored in inaccessible storage.

(7) Examples of children's individually expressed artwork are displayed in the environment at the children's eye level.

(8) Floor surface is suitable for activities that will occur in each learning area.

(9) File and storage space is available for educators' materials.

H. SOCIAL-EMOTIONAL RESPONSIVE ENVIRONMENT:

(1) Educators remain calm in stressful situations.

(2) Educators are actively engaged with children. Educators talk, actively listen and respond to children appropriately by responding to children's questions and acknowledging their comments, concerns, emotions and feelings.

(3) Educators help children communicate their feelings by providing them with language to express themselves.

(4) Educators model appropriate social behaviors, interactions and empathy. Educators respond to children that are angry, hurt, or sad in a caring and sensitive manner. Educators make appropriate physical contact to comfort children who are distressed.

I. EQUIPMENT AND PROGRAM:

(1) Toys and equipment must be safe, durable, and easy to clean, non-toxic and sanitized daily. Toys will be disinfected, at a minimum of, once per week. Frequency of disinfection of toys must be increased in the event of a communicable disease, following appropriate guidance.

(2) A center will not use accordion-style baby gates.

(3) A child care center will provide activities that encourage children to be actively involved in the learning process and to experience a variety of developmentally appropriate activities and materials.

(4) A center will provide sufficient equipment, materials, and furnishings for both indoor and outdoor activities so that at any one time, each child can be individually involved.

(5) Each child at a center will have a designated space for storage of clothing and personal belongings.

(6) A center will store equipment and materials for children's use within easy reach of the children, including those with disabilities. A center will store the equipment and materials in an orderly manner so children can select and replace the materials by themselves or with minimal assistance.

(7) A center will provide children with toys and other materials that are safe and encourage the child's creativity, social interaction, and a balance of individual and group play.

(8) A center will post a daily activity schedule. A center will follow a consistent pattern for routine activities such as meals, snacks and rest.

(9) Media viewing will not be permitted for children under two years of age. Non-educational viewing for children two years and older will be limited to six hours per month, but not to exceed one full length film in one day. Programs, movies, music and music programs shall be age appropriate and shall not contain adult content. Media viewing includes all of the above as well as computers, tablets, phones, smart devices and screen-based learning equipment. An exception is media that is used for curriculum-based purposes or led by an educator.

(10) Children and family members shall be acknowledged upon arrival and departure.

(11) Full-time children shall have a minimum of 60 minutes of physical activity daily, weather permitting, preferably outside. Part-time children shall have a minimum of 30 minutes of physical activity daily, preferably outside. The center will ensure drinking water is available and maintained at a cool temperature while playing outside.

(12) Equipment and program requirements apply during all hours of operation of the licensed facility.

J. OUTDOOR PLAY AREAS:

(1) Outdoor play equipment used in child care centers shall be:

(a) intended for public (non-residential) use and installed and maintained according to the manufacturer's instructions; or

(b) if intended for residential use, shall be safe and securely anchored.

(2) A center will enclose the outdoor play area with a fence at least four feet high and with at least one latched gate available for an emergency exit. Outside play areas must be on the premises and approved by the licensing authority.

(3) A center will place sufficient energy absorbing surfaces beneath climbing structures, swings, and slides (as determined by Subsection N of 8.9.4.8 NMAC). Based on the consumer product safety commission (CPSC) playground guidelines, grass, artificial turf, and rubber play mats are not energy absorbent material.

Critical Heights of Playground Equipment for Various Types and Depths of Resilient Surfaces Based on Information from the U.S. CONSUMER PRODUCT SAFETY COMMISSION (CPSC Publication No. 325), Handbook for Public Playground Safety.
When no requirement is provided for a specific height of equipment, we have used the requirement for the next higher height, so requirements are conservative, erring on the side of safety.

Equipment Height	Wood Chips	Double Shredded Bark	Uniform Wood Chips	Fine Sand	Coarse Sand	Fine Gravel
	Uncompressed Depths of Materials In Fall Zone					
Five feet or less	s inches	6 inches	6 inches	6 inches	6 inches	6 inches
Six feet	6 inches	6 inches	6 inches	12 inches	12 inches	6 inches
Seven feet	6 inches	9 inches	9 inches	12 inches	12 inches	9 inches
Eight feet	9 inches	9 inches	12 inches	12 inches	12 inches	12 inches
Nine Feet	9 inches	9 inches	12 inches	12 inches	N/A	12 inches
Ten Feet	9 inches	9 inches	12 inches	N/A	N/A	12 inches

For poured or installed foam or rubber surfaces, the materials must meet the ASTM F1292 requirements with written verification from the manufacturer.

(4) Playground equipment shall be inspected and inspections documented weekly.

(5) An outdoor play area for children under age two years will have an area protected from the general traffic where the children can crawl in safety.

(6) The use of a trampoline is prohibited at any time during the hours of operation or by any children receiving care at the facility.

(7) Children shall be protected from the sun during outdoor play by providing shade (as necessary), sunscreen, proper attire and limiting the time of exposure to the elements. The center must also consider instructions by the child's parent or guardian. Drinking water should be available as needed and outlined in Paragraph (11) of Subsection I of 8.9.4.24 NMAC.

K. SWIMMING, WADING AND WATER:

(1) Each child will have written permission from a parent or guardian before the child enters the pool.

(2) If a center has a portable wading pool:

(a) a center will drain and fill the wading pool with fresh water daily and disinfect pool before and after each use;

(b) a center will empty a wading pool when it is not in use and remove it from areas accessible to children; and

(c) a center will not use a portable wading pool placed on concrete or asphalt.

(3) If a center has a built in or above ground swimming pool, ditch, fishpond or other water hazard:

(a) the fixture will be constructed, maintained and used in accordance with applicable state and local regulations;

(b) the fixture will be constructed and protected so that, when not in use, it is inaccessible to children; and

(c) when in use, children will be constantly supervised and the number of adults present will be proportional to the ages and abilities of the children and type of water hazard in use.

(4) The following ratios shall be observed for swimming pools more than two feet deep:

	Ratio for swimming pools more than two feet deep	
Age of the youngest child	Number of educators, lifeguards or volunteers	Number of children
0-23 months	1	1
2 years	1	2
3 years	1	6
4 years	1	8
5 years	1	10
6 years and older	1	12

L. FIELD TRIPS:

(1) A center will ensure the children's safety on field trips and excursions. See Subparagraph (h) of Paragraph (1) of Subsection E of 8.9.4.22 NMAC for requirements for permission slips.

(2) Children will not go to a private residence unless accompanied by two adults.

[8.9.4.24 NMAC - N, 11/1/2022]

8.9.4.25 FOOD SERVICE REQUIREMENTS FOR CENTERS:

A. MEAL PATTERN REQUIREMENTS: All foods prepared by the center will conform to the guidelines from United States department of agriculture's (USDA's) child and adult care food program (CACFP) for foods, meal patterns and serving sizes.

B. MEALS AND SNACKS:

(1) A center will provide a child a meal or snack at least every three hours except when the child is sleeping at night.

(2) A center will serve, if necessary, a child a therapeutic or special diet with written prescription/diet orders from a physician or a recognized medical authority. Diet orders must be complete and descriptive, and not subject to interpretation by the center staff.

(3) A center shall make water freely available to children.

(4) A center that provides daily meals and snacks shall plan these to meet the minimum standards in the CACFP and to be consistent with the USDA's current dietary guidelines for Americans, to include the following. Parents of children who have special dietary needs may provide written permission to the child care program to exempt their child from the following requirements if necessary due to such special dietary needs.

(a) Only one hundred percent fruit or vegetable juice shall be served. The use of fruit drinks containing less than one hundred percent juice or artificially flavored drinks for meals or snacks is prohibited. One hundred percent or vegetable juice may be diluted with water.

(b) Only whole, pasteurized fluid milk shall be served to children between 12 and 24 months of age; reduced fat, low fat, or skim milk may be served to children who are two years and older.

(c) A wide variety of fruits and vegetables shall be served, with a preference for fresh or frozen fruits and vegetables over canned.

(5) A center shall vary snacks each day and shall include a selection of two different food group components from the four food group components.

C. MENUS:

(1) Menus shall include a variety of foods. The same menu will not be served twice in one week.

(2) Posted menus shall be followed. Substitutions shall be of equivalent nutritional value and shall be recorded on the posted menu.

(3) Dated weekly menus shall be posted at least one week in advance, in a conspicuous place, for review by parents, educators and children.

D. KITCHENS: Centers shall comply with current New Mexico environment department requirements regarding food service.

(1) A center will not allow children in the kitchen except under careful supervision.

(2) A food preparer will thoroughly wash all raw fruits and vegetables before cooking or serving.

(3) A center will serve food promptly and refrigerate immediately after use.

(4) A center will protect food and drink from insects, rodents, and other vermin by properly storing items in an airtight container or by tightly wrapping them. A center will label and date all leftover food.

(5) If food is brought from the child's home, a center will label it with the child's name and refrigerate if necessary. A center will label and refrigerate bottles of infant formula or breast milk. The center must ensure children are fed the food or bottle provided by their parent/guardian and as instructed by them.

(6) A center's refrigerators and separate freezers will have working internal thermometers and keep food requiring refrigeration, including formula, at 41 degrees Fahrenheit or below, and frozen food at zero degrees Fahrenheit or below.

(7) A center will discard any leftover milk or formula, rinse bottles after use and sanitize bottles before reuse.

(8) A center will sanitize eating utensils, dishes and cups before re-use by washing them in a dishwasher or by completing the following steps: a) wash with soapy water; b) rinse with clean warm water; and c) sanitize. Disposable plates and cups and plastic utensils of food-grade, medium weight may be used for single service, but Styrofoam cups may not be used.

(9) A center will use cleaning materials for the kitchen and food preparation areas only in the kitchen and will store the materials separately from food.

(10) A center shall thoroughly sanitize food preparation surfaces before and after each use.

E. MEAL TIMES:

(1) A center will equip dining areas with tables, chairs, eating utensils and dishes appropriate to the age of the children served and sanitize the areas before and after use.

(2) Staff/child ratios and group size must be maintained at meal times.

(3) Adults must sit with the children at meal and snack times to assist children with eating, drinking, and self-feeding and to encourage family-style dining and socialization.

(4) Time allowed for meals shall enable the children to eat at reasonable rate.

(5) A center will provide sanitary cups or glasses or a drinking fountain for drinking water. Infants and toddlers shall be offered water from a cup. Toddlers shall be encouraged to hold and drink from a cup, use a spoon, and to use their fingers for self-feeding. A center will not allow children to share drinking or eating utensils.

[8.9.4.25 NMAC - N, 11/1/2022]

8.9.4.26 HEALTH AND SAFETY REQUIREMENTS FOR CENTERS:

A. HYGIENE:

(1) Children and staff members will wash their hands with soap and warm running water as needed. Water basins shall not be used as an alternative to running water. Staff and children will wash their hands whenever hands are contaminated with body fluids and always:

(a) after using a toilet, assisting a child with toilet use, or changing a diaper;

(b) before and after caring for a sick child;

(c) before any food service activity, including setting the table;

(d) before and after eating;

(e) before and after feeding a child;

(f) after handling pets or animals or items used by animals such as water and food bowls; and

(g) after handling trash.

(2) A center will label with the child's name and store separately any item used for an individual child's personal hygiene.

(3) If a center promotes tooth brushing activities, the center will store toothbrushes so that they do not drip on other toothbrushes and so that they are separate from one another, with bristles exposed to the air to dry, labeled and not in contact with any other surface.

B. FIRST AID REQUIREMENTS:

(1) All educators, staff, and management in direct contact with children must be certified in first aid and cardiopulmonary resuscitation (CPR) with a pediatric component. From the date of hire, staff will have three months to obtain the first aid and CPR certification. All staff must maintain first aid and CPR certification with a pediatric component. Prior to licensure, at a minimum, the director will have first aid and CPR certification.

(2) A center will keep a first-aid kit and a first-aid manual together in the center in a location inaccessible to children and easily accessible to adults. The first aid kit will contain, at a minimum, band aids, gauze pads, adhesive tape, scissors, soap, nonporous gloves, and a thermometer.

(3) A center will treat blood spills cautiously and promptly disinfect the area. Staff members will wear non-porous, single-use gloves when handling a blood spill, bloody diarrhea, bloody nose, or any other blood. A center will clean contaminated surfaces first with hot soapy water then with a disinfecting solution effective against HIV and hepatitis B.

C. MEDICATION:

(1) All staff and children's medications must be labeled. A center will keep all medications in a locked and identified container inaccessible to children and will refrigerate medications when necessary. If the refrigerator is inaccessible to children, medications do not need to be in a locked container in the refrigerator.

(2) Facilities will give medication only with written permission from a parent or guardian, to be administered according to written directions from the prescribing physician. In the case of non-prescription medication, written instructions must be provided by the parent or guardian. For the purpose of this requirement only, non-prescription medications include sunscreen, insect repellent and diaper creams or other over the counter medications. With written authorization from the child's parent or guardian, sunscreen and insect repellant may be shared. Diaper cream shall not be shared.

(3) A designated staff member will be responsible for giving medication to children. The designated staff member will ensure non-prescription and prescription medications have a label with the child's name and the date the medication was brought to the center. A center will keep non-prescription and prescription medication in the original container with written instructions, including the name of medication, the dosage, and the hours and dates the child should receive the medicine.

(4) The designated staff member will keep and sign a written record of the dosage, date and time a child is given medication with the signature of the staff who administered the medication. This information will be provided to the parent or guardian who will initial/date acknowledgment of information received on the day the medication is given.

(5) When the medication is no longer needed, it shall be returned to the parents or guardians or destroyed. The center shall not administer expired medication.

[8.9.4.26 NMAC - N, 11/1/2022]

8.9.4.27 ILLNESS REQUIREMENTS FOR CENTERS:

A. Children or staff members absent due to any notifiable disease will not return to the center without a signed statement from a physician.

B. A center will separate and constantly observe a child who becomes sick at the center and promptly notify a parent or guardian of the child's illness.

C. A center will send a child home when:

(1) the child's oral temperature is 101 degrees Fahrenheit or greater or armpit temperature is 100.4 degrees Fahrenheit or greater and the child shows signs of illness or behavior changes; or

(2) an educator observes signs of contagious disease or severe illness.

D. The center will have a cot or mat available for sick children and it will be disinfected thoroughly after each use.

E. The center must perform daily health check/screenings of all children in care. Findings will be documented and maintained for review.

[8.9.4.27 NMAC - N, 11/1/2022]

8.9.4.28 TRANSPORTATION REQUIREMENTS FOR CENTERS:

A. When a center provides transportation to children, it is responsible for the care of children from the time of pick up to delivery to a responsible adult. All vehicles used for

transportation of children will have an operable fully-charged fire extinguisher, first-aid kit, first-aid manual, water and blanket.

B. A center will license all vehicles used for transporting children and will meet all applicable state vehicle laws. A child shall be transported only if the child is properly secured in a child passenger restraint device or by a safety belt as follows. School buses that are not equipped with passenger restraint devices are exempt from this requirement.

(1) Children less than one year of age shall be properly secured in a rear-facing child passenger restraint device that meets federal standards, in the rear seat of a vehicle that is equipped with a rear seat. If the vehicle is not equipped with a rear seat, the child may ride in the front seat of the vehicle if the passenger-side air bag is deactivated or if the vehicle is not equipped with a deactivation switch for the passenger-side air bag.

(2) Children one year of age through four years of age, regardless of weight, or children who weigh forty pounds, regardless of age, shall be properly secured in a child passenger restraint device that meets federal standards.

(3) Children five years of age through six years of age, regardless of weight, or children who weigh less than 60 pounds, regardless of age, shall be properly secured in either a child booster seat or an appropriate child passenger restraint device that meets federal standards.

(4) Children seven years of age through 12 years of age shall be secured in a child passenger restraint device or by a seat belt.

C. Vehicles used for transporting children will be enclosed and properly maintained. Vehicles shall be cleaned and inspected inside and out.

D. Vehicles operated by the center to transport children shall be air-conditioned whenever the outside air temperature exceeds 82 degrees Fahrenheit. If the outside air temperature falls below 50 degrees Fahrenheit the center will ensure the vehicle is heated.

E. A center will load and unload children at the curbside of the vehicle or in a protected parking area or driveway. The center will ensure children do not cross a street unsupervised after leaving the vehicle.

F. No one will smoke, use e-cigarettes or vaporizers in a vehicle used for transporting children.

G. A second adult will accompany the driver of the vehicle when a center transports five or more children under age five years.

H. Children may be transported only in vehicles that have current registration and insurance coverage. All drivers must have current driver's license and comply with motor vehicle and traffic laws. Persons who have been convicted in the last seven years of a misdemeanor or felony DWI/DUI cannot transport children under the auspices of a licensed facility/program.

I. At least one adult transporting children, shall be currently certified in first aid and cardiopulmonary resuscitation (CPR) with a pediatric component.

J. At all times, drivers will have a way to communicate to the facility the number of children being transported. Drivers will maintain a log to include the name of child, drop off and pick up times of all children being transported. The log will be kept for a minimum of 12 months for review.

[8.9.4.28 NMAC - N, 11/1/2022]

8.9.4.29 BUILDING, GROUNDS AND SAFETY REQUIREMENTS FOR CENTERS:

A. HOUSEKEEPING:

(1) A center will keep the premises, including furniture, fixtures, floors, drinking fountains, toys and equipment clean, safe, and in good repair. The center and premises will be free of debris and potential hazards.

(2) Materials dangerous to children must be secured in a manner making them inaccessible to children and away from food storage or preparation areas.

(3) All garbage and refuse receptacles in kitchens and in outdoor areas will be durable, constructed of materials that will not absorb liquids and have tight fitting lids.

B. PEST CONTROL:

(1) All licensed child care centers must use a New Mexico licensed applicator whenever applying pesticides on the center's buildings or grounds.

(2) The licensed applicator may not apply pesticides when children are on the premises.

(3) Parents, guardians, and staff must be notified at least two days prior to spraying or applying pesticides.

(4) All food storage, preparation, and serving areas must be covered and protected from spraying or application of pesticides, herbicides, and other natural repellants and kept out of reach of children.

C. MECHANICAL SYSTEMS:

(1) A center will maintain comfortable temperatures (68 degrees through 82 degrees Fahrenheit) in all rooms used by children. A center may use portable fans if the fans are secured and inaccessible to children and do not present any tripping, safety or fire hazards. In the event air temperature in a center exceeds the 82 degrees Fahrenheit in the summer months because of evaporative cooler temperature limitations, it will be verified that cooling equipment is functioning, is being maintained, and that supplemental aides have been employed, such as, but not limited to: ceiling fans, portable fans, or portable evaporative coolers.

(2) A center must maintain all heating and cooling equipment so that it is in good working order.

(3) A center will not use un-vented heaters, open flame heaters or portable heaters. A center will install barriers or take other steps to ensure heating units are inaccessible to children. Heating units include hot water pipes, hot water baseboard heaters hotter than 110 degrees Fahrenheit, infrared heaters, ceramic heaters, fireplaces, fireplace inserts and wood stoves.

(4) A center will provide fresh air and control odors by either mechanical or natural ventilation. If a center uses a window for ventilation, it will have a screen. If a door is used for fresh air ventilation, it must have a screen door.

(5) Water coming from a faucet will be below 110 degrees Fahrenheit. A center will install a tempering valve ahead of all domestic water-heater piping.

D. WATER AND WASTE: All food preparation areas, sinks, washrooms, laundries, bathrooms and any self-contained area for infants and toddlers in diapers will have hot and cold running water pressure.

E. LIGHTING, LIGHTING FIXTURES AND ELECTRICAL:

(1) All areas will have sufficient glare-free lighting with shatterproof or shielded bulbs.

(2) A center will have emergency lighting that turns on automatically when electrical service is disrupted.

(3) Use of electrical cords and outlets:

(a) A center will use U/L approved equipment only and will properly maintain this equipment.

(b) All electrical outlets within reach of children will be safety outlets or will have protective covers.

(c) The use of multi-prong or gang plugs is prohibited. Surge protectors are not gang plugs under these regulations.

F. EXITS AND WINDOWS:

(1) When an activity area does not have a door directly to the outside, at least one window in each activity area must be able to be opened for emergency egress with a minimum net clear opening of 5.7 square feet. The minimum net clear opening for height dimension must be 24 inches. The minimum net clear opening width dimension must be 20 inches, and the finished sill height must not be more than 44 inches above the floor.

(2) There must be at least two exits remote from each other in each activity area of the center.

(a) All exits must be marked, including fire exits, by signs having letters at least six inches high whose principal strokes are at least three-fourths of an inch wide.

(b) When illuminated exit signs are installed they must be maintained in operable condition.

(c) All activity spaces for children under the age of two and a half years shall be on the "level of exit discharge" or ground floor.

(3) Exit ways must be kept free from obstructions at all times.

(4) Activity areas for children must have windows or skylight area of at least one-twentieth of the floor area. A skylight means an opening in a roof or ceiling, framed, and fitted with glass for admitting natural light. A skylight is also a tubular skylight, solar tube, or light tunnel. Tubular skylights are devices which uses a rooftop dome to transfer light indoors through reflective tubing running from the roof to the ceiling. Natural lighting received from an adjacent room will not meet the natural lighting requirements.

G. TOILET AND BATHING FACILITIES:

(1) A center shall have one sink in any room for infants, toddlers, and combination thereof. Centers licensed after November 30, 2012 shall have one sink and one toilet in any room that has children ages 24 - 35 months, which shall be used exclusively by the children in this room. All sinks referred to in this paragraph shall have permanent plumbing, hot and cold running water, and shall not be used for food preparation or bottle cleaning. A basin with multiple compartments with a shared faucet will be considered one sink.

(2) All toilet rooms will have toilet paper, soap and disposable towels at a height accessible to children. A center will not use a common towel or wash cloth.

(3) All closets and bathroom locks must have an outside release. A center will enclose all bathrooms. Bathrooms must be accessible and functional.

(4) Toilets and lavatories must be provided in the following ratios. These ratios also apply to programs that share lavatories with unlicensed facilities.

(a) one toilet and one lavatory for one to 12 children;

(b) two toilets and two lavatories for 13 through 25 children;

(c) one toilet and one lavatory for each additional 15 children or fraction thereof; or

(d) when a center's capacity exceeds 30 children a separate toilet room must be provided for staff.

H. SAFETY COMPLIANCE:

(1) A center will conduct emergency preparedness practice drills at least quarterly beginning January of each calendar year.

(2) A center will conduct at least one fire drill each month.

(3) A center will:

(a) hold the drills at different times of the day;

(b) use the fire alarm or detector system;

(c) emphasize an orderly rather than a speedy evacuation;

(d) a center will keep a record of the fire drills and emergency preparedness practice drills with the date, time, number of adults and children participating, and any problems encountered during the fire drill on file for at least 12 months;

(e) a center shall request an annual fire inspection from the fire authority having jurisdiction over the center; if the policy of the fire authority having jurisdiction does not provide for an annual inspection of the center, the center must document the date the request was made and to whom; a copy of the latest inspection must be posted in the center;

(f) a center will post an evacuation plan in each room used by children;

(g) a center will keep a telephone in an easily accessible place for calling for help in an emergency and will post emergency phone numbers for fire, police, ambulance and the poison control center next to the phone; a center will not use a pay

phone to fulfill this requirement; if cordless phones or cellular telephones and devices are used, emergency numbers shall be posted on the phone itself; facilities shall post the center's telephone number and address in a conspicuous location next to the emergency phone numbers; a center shall have at least one corded phone or cell phone for use in the case of a power outage;

(h) a center must be equipped with an approved, manually operated alarm system or other continuously sounding alarm approved in writing by the fire authority having jurisdiction;

(i) a center must be equipped with smoke detectors approved in writing by the fire authority having jurisdiction as to number, type, and placement;

(j) a center must be equipped with carbon monoxide detectors to cover all licensed areas of the center if the child care program uses any sources of coal, wood, charcoal, oil, kerosene, propane, natural gas, or any other product that can produce carbon monoxide indoors. Carbon monoxide detectors should be installed and maintained according to the manufacturer's instructions.

(k) a center must have a minimum of two 210ABC fire extinguishers, one located in the kitchen or food preparation area, and one centrally located in the center; and

(l) fire extinguishers, alarm systems, automatic detection equipment, and other firefighting must be properly maintained and inspected on a least yearly basis; fire extinguishers must be tagged noting the date of inspection; see Paragraph (2) of Subsection E of 8.9.4.29 NMAC for emergency lighting requirements.

I. SMOKING, FIREARMS, ALCOHOLIC BEVERAGES, ILLEGAL DRUGS AND CONTROLLED SUBSTANCES: A center will prohibit smoking, e-cigarettes, and vaporizers in all areas, including vehicles, and will not allow any alcoholic beverages, firearms, lethal or non-lethal weapons or non-prescription controlled substances (drugs) on the premises or in vehicles. Possessing or knowingly permitting illegal drugs, paraphernalia, or non-prescription controlled substances to be possessed or sold on the premises at any time regardless of whether children are present is prohibited.

J. PETS:

(1) A center will inform parents or guardians in writing before pets are allowed in the center.

(2) A center will not allow pets in the kitchen, food serving, food storage areas, bathrooms, or infant room.

(3) A center will inoculate any pets as prescribed by a veterinarian and keep a record of proof of inoculation prior to the pet's presence in the center.

(4) A center will not allow on the premises pets or other animals that are undomesticated, dangerous, contagious or vicious in nature.

(5) Areas of confinement, such as cages and pens, and outdoor areas are cleaned of excrement daily. Animals shall be properly housed, fed and maintained in a safe, clean sanitary and humane condition at all times.

(6) A staff member must be physically present during the handling of all pets or other animals.

[8.9.4.29 NMAC - N, 11/1/2022]

8.9.4.30 FAMILY CHILD CARE HOME AND GROUP CHILD CARE HOME REGULATIONS; APPLICABILITY:

A private dwelling required to be licensed under regulations in 8.9.4.31 NMAC through 8.9.4.38 NMAC which meets one of the following criteria.

A. Family child care home - A private dwelling required to be licensed pursuant to these regulations which provides care, services, and supervision to at least five but no more than six children for a period of less than 24 hours of any day. The licensee will reside in the home and be the primary educator. A family day care home intending to provide care for more than two but not to exceed four children under the age of two must be specifically licensed for this purpose.

B. Group child care home - A private dwelling or other building on the premises required to be licensed pursuant to these regulations which provides care, services, and supervision for at least seven but not more than 12 children for a period of less than 24 hours of any day. The licensee will reside in the home and be the primary educator. A group day care home intending to provide care for more than two but not to exceed four children under the age of two must be specifically licensed for this purpose.

[8.9.4.30 NMAC - N, 11/1/2022]

8.9.4.31 LICENSURE REQUIREMENTS FOR HOMES:

A. LICENSING REQUIREMENTS:

(1) APPLICATION FORM: An applicant will complete an application form provided by the licensing authority and include payment for the non-refundable application fee. Applications will be rejected unless all supporting documents are received within six months of the date indicated on the application. A 45 day extension will be granted if the licensee provides documentation to the licensing authority that documents were submitted to the appropriate agencies in a timely manner but, through no fault of their own, they have not received responses from these agencies.

(2) A home will submit a new application to the licensing authority before changing anything required to be stated on the license such as dates, capacity, operator, or address.

(3) BACKGROUND CHECK: In addition to the basic requirements at 8.9.4.19 NMAC of the general provisions an applicant will apply for a national criminal records check. The licensing authority will provide a copy of the most current version of the department's background check and employment history verification provisions (8.9.6 NMAC), regulations, fingerprint instructions, and forms for recording an employment history. The licensee will be responsible for obtaining background checks on all staff members, educators, volunteers, and prospective staff members, educators, volunteers, any person who may have unsupervised physical access to children, and all adults residing in the home as per the requirements outlined in the department's most current version of the background check and employment history verification provisions. A household member reaching the age of 18 must submit their background check in accordance with the most current provisions of 8.9.6 NMAC within 30 days after their eighteenth birthday. All requirements of the current background check and employment history verification provisions pursuant to 8.9.6 NMAC must be met prior to the issuance of an initial license. Prior to a staff member's employment, a staff member must receive a notice of provisional employment or obtain a background check in accordance with 8.9.6 NMAC. A background check must be conducted in accordance with 8.9.6 NMAC at least once every five years on all required individuals.

(4) ZONING AND OTHER APPROVALS: An applicant will have:

(a) current written zoning approval from the appropriate city, county or state authority;

(b) current written approval of the state fire marshal office or other appropriate city, county or state fire-prevention authority if applicable;

(c) current written approval from the New Mexico environment department or other environmental health authority for: (i) Private water supply, if applicable; (ii) Private waste or sewage disposal, if applicable; and (iii) A swimming pool, if applicable.

(5) SCHEDULE: All applications for a new license will include a description of the home's proposed activities and schedule.

(6) INITIAL SURVEY: The licensing authority will schedule a survey for a home when it receives a complete application with all supporting documents.

B. CAPACITY OF A HOME:

(1) The number of children in a home, either in total or by age, will not exceed the capacity stated on the license.

(2) The licensing authority will count all children in the care of the licensed home, including the educator's own children under the age of six, in the capacity of a home, even if the children are on a field trip or other outing outside the home. The licensed capacity must not be exceeded by the presence of non-residential school age children.

(3) A home may be licensed for up to 12 children.

(4) A home licensed as a family day care home under these regulations providing care for a maximum capacity of six children may care for up to four children under the age of two providing a second educator is present in the home and the home is licensed to provide such care. A home licensed as a group day care home under these regulations providing care for a maximum of 12 children may care for up to four children under age two providing a second educator is present in the home and the home is licensed to provide such care.

(5) A home must have 35 square feet of activity and sleeping space per child, excluding bathrooms, kitchens, halls and other built-in fixtures and offsets, with total capacity limited to no more than 12 children. A home must have at least one bathroom with a toilet and sink. For a home licensed for no more than six children, one activity room will be measured. For a home licensed for 12 children, no more than two rooms will be measured. Children shall not be cared for in unlicensed areas of the home.

(6) The home will have an outdoor play area, which must be contained by a fence. Outside play areas must be on the premises or approved by the licensing authority.

C. INCIDENT REPORTING REQUIREMENTS:

(1) The licensee will report to the appropriate authorities the following incidents. After making a report to the appropriate authorities, the licensee shall notify the licensing authority of the incident giving rise to its report as soon as possible but no later than 24 hours after the incident occurred. A report should first be made by telephone and followed with written notification. The licensee shall report any incident that has threatened or could threaten the health and safety of children and staff members, such as, but not limited to:

(a) a lost, or missing or unattended child;

(b) a serious injury;

(c) the abuse or neglect of a child;

(d) fire, flood, or other natural disaster that creates structural damages to a home or poses a health hazard;

(e) any of the illnesses on the current list of notifiable diseases and communicable diseases published by the office of epidemiology of the New Mexico department of health;

(f) any legal action against a home, household member, or staff members;

(g) any incident that could affect the background check eligibility of any cleared person related to this license;

(h) the use of physical or mechanical restraints, unless due to documented emergencies or medically documented necessity; or

(i) any known change in an educator's health condition or use of medication that impairs his or her ability to provide for the health, safety or welfare of children in care.

(2) A home will notify parents or guardians in writing of any incident, including notifiable illnesses, that has threatened the health or safety of children in the home. The licensee shall ensure that it obtains parent or guardian signatures on all incident reports within 24 hours of the incident. The licensee shall immediately notify the parent or guardian in the event of any head injury. Incidents include, but are not limited to, those listed in Paragraph (1) of Subsection C of 8.9.4.31 NMAC.

(3) Incident reports involving suspected child abuse and neglect must be reported immediately to children's protective services and local law enforcement. The licensing authority follows written protocols/procedures for the prioritization, tracking, investigation and reporting of incidents, as outlined in the complaint investigation protocol and procedures.

[8.9.4.31 NMAC - N, 11/1/2022]

8.9.4.32 ADMINISTRATIVE REQUIREMENTS FOR HOMES:

A. ADMINISTRATIVE RECORDS: A licensee will post the child care home license in an area readily visible to parents and visitors. The licensee will also keep on file:

(1) all licenses, certificates, and most recent inspection reports of all state and local government agencies with jurisdiction over the home;

(2) the current child care regulations;

(3) the guidance policy;

(4) the current list of notifiable diseases and communicable diseases published by the office of epidemiology of the New Mexico department of health; and

(5) an up to date emergency evacuation and disaster preparedness plan, which shall include steps for evacuation, relocation, shelter-in-place, lock-down, communication, reunification with parents, individual plans for children with special needs and children with chronic medical conditions, accommodations of infants and toddlers, and continuity of operations. The plan shall be approved annually by the licensing authority and the department will provide guidance on developing these plans.

B. MISSION, PHILOSOPHY AND CURRICULUM STATEMENT: All licensed facilities must have a:

(1) mission statement;

(2) philosophy statement; and

(3) curriculum statement.

C. PARENT HANDBOOK: All facilities using these regulations must have a parent handbook. Upon updating the parent handbook, changes must be approved and submitted to licensing and submitted to the licensing authority. After any changes, notices must be sent out to families, parents, or guardians and posted in a common area. The handbook will include the following:

(1) GENERAL INFORMATION:

(a) mission statement;

(b) philosophy statement;

(c) program information (location, license information, days and hours of operation, services offered);

(d) name of licensee and how he/she may be reached;

(e) meals, snacks and types of food served (or alternatively, guidelines for children bringing their own food);

(f) daily schedule;

(g) a statement supportive of family involvement that includes an open door policy to the family or group child care home;

(h) appropriate dress for children, including request for extra change of clothes;

(i) celebrating holidays, birthdays and parties; and

(j) disclosure to parents that the licensee does not have liability or accident insurance coverage.

(2) POLICIES AND PROCEDURES:

(a) enrollment procedures;

(b) disenrollment procedures;

(c) policies and procedures for expulsion of children. Policies and procedures shall include how the home will maintain a positive environment and will focus on preventing the expulsion of children age birth to five. The home must develop policies that include clear, appropriate, consistent expectations, and consequences to address disruptive student behaviors; and ensure fairness, equity, and continuous improvement;

(d) fee payment procedures, including penalties for tardiness;

(e) notification of absence;

(f) fee credits, if any (e.g. for vacations, absences, etc.);

(g) field trip policies;

(h) health policies (program's policies on admitting sick children, when children can return after an illness, administering medication, and information on common illnesses);

(i) emergency procedures, safety policies, and disaster preparedness plan;

(j) snow days and school closure;

(k) confidentiality policy;

(l) child abuse/neglect reporting procedure;

(m)guidance policy;

(n) anti-discrimination policy that promotes the equal access of services for all children and families and prohibits discrimination based on race, color, religion, sex (including pregnancy, sexual orientation, or gender identity), national origin, disability, or age (40 or older); and

(o) employee cellular telephone usage policy that directs and defines safe and appropriate use.

D. CHILDREN'S RECORDS: A home will maintain a complete record for each child, including drop-ins, completed before the child is admitted and kept at the home for 12 months after the child's last day of attendance. Records will contain at least:

(1) PERSONAL INFORMATION:

(a) name of the child, date of birth, gender, home address, mailing address and telephone number;

(b) names of the parents or guardians, the parents or guardians current places of employment, addresses, pager, cellular and work telephone numbers;

(c) a list of people authorized to pick up the child and an authorization form signed by parent or guardian; identification of person authorized by the parent or guardian to pick up the child shall be verified at pick up;

(d) date the child first attended the home and the date of the child's last day at the home;

(e) a copy of the child's up-to-date immunization record or a public health division approved exemption from the requirement. A grace period of a maximum of 30 days will be granted for children in foster care, homeless children and youth, or at-risk children and youth as determined by the department;

(f) a record of any accidents, injuries or illnesses that require first aid or medical attention and any observations of recent bruises, bites or potential signs of abuse or neglect, both of which must be reported to a parent or guardian;

(g) written authorization from the child's parent or guardian to remove a child from the premises to participate in off-site activities; authorization must contain fieldtrip destination, date and time of fieldtrip and expected return time from fieldtrip;

(h) written authorization from the child's parent or guardian for the educator to apply sunscreen, insect repellent and, if applicable, diaper cream to the child;

(i) a record of the time the child arrived and left the home and dates of attendance initialed by a parent, guardian, or person authorized to pick up the child;

(j) an enrollment agreement must be signed by a parent or guardian with an outline of the services and the costs being provided by the home; and

(k) a signed acknowledgement that the parent or guardian has read and understands the parent handbook.

(2) EMERGENCY INFORMATION:

(a) information on any allergies or medical conditions suffered by the child;

(b) the name and telephone number of two people to contact in the local area in an emergency when a parent or guardian cannot be reached; emergency contact numbers must be kept up to date at all times.

(c) the name and telephone number of a physician or emergency medical center authorized by a parent or guardian to contact in case of illness or emergency;

(d) a document giving a home permission to transport the child in a medical emergency and an authorization for medical treatment signed by a parent or guardian; and

(e) if applicable, legal documentation regarding the child, including but not limited to: restraining orders, guardianship, powers of attorney, court orders, and custody by children's protective services.

E. PERSONNEL RECORDS: A home will keep the following records on file and make them available to the licensing authority.

(1) Documentation of a background check and employment history verification for all staff members and all adults living in the home. If a background check is in process for a staff member, then documentation of the notice of provisional employment showing that it is in process must be placed in the file. A background check must be conducted at least once every five years on all required individuals.

(2) An annual signed statement that the staff member would or would not be disqualified as a direct provider of care under the most current version of the background checks and employment history verification provisions pursuant to 8.9.6 NMAC.

(3) A record of the time the second educators arrived at and left work, to include breaks and lunch.

(4) A written plan for ongoing professional development for each educator that is based on the seven areas of competency, consistent with the career lattice, and based on the individual's goals. Family child care homes who do not have employees are exempted from this requirement.

F. PERSONNEL HANDBOOK: The educator will give each non-resident employee a personnel handbook that covers all matters relating to employment. Upon updating the personnel handbook, changes must be approved and submitted to the licensing authority. After any changes, notices must be sent out to families, parents, or guardians and posted in a common area. The handbook will include the following critical contents:

(1) job description of second educator;

(2) benefits, if provided, including vacation days, sick leave, professional development days, health insurance, break times, etc.;

(3) code of conduct;

(4) training requirements, professional development opportunities;

(5) procedures and criteria for performance evaluations;

(6) policies on absence from work;

(7) procedures for resignation or termination;

(8) copy of licensing regulations;

(9) policy on parent involvement;

(10) health policies related to both children and staff;

(11) policy on sexual harassment;

(12) child guidance policy;

(13) anti-discrimination policy that promotes the equal access of services for all children and families and prohibits discrimination based on race, color, religion, sex (including pregnancy, sexual orientation, or gender identity), national origin, disability, or age (40 or older);

(14) confidentially statement;

(15) plan for retention of qualified staff; and

(16) employee cellular telephone usage policy that directs and defines safe and appropriate use.

[8.9.4.32 NMAC - N, 11/1/2022]

8.9.4.33 PERSONNEL AND STAFFING REQUIREMENTS FOR HOMES:

A. PERSONNEL AND STAFFING REQUIREMENTS:

(1) A licensee will not allow any staff member, including the licensee, or any other adult living in the home involved in an incident which would disqualify that staff member or other adult under the department's most current version of the background check and employment history verification provisions pursuant to 8.8.3 NMAC to continue to work directly or unsupervised with children or to reside in the home.

(2) All staff members will demonstrate the ability to perform essential job functions that reasonably ensure the health, safety and welfare of children in care.

(3) Educators who work directly with children and who are counted in the staff/child ratios must be 18 years of age or older.

(4) The licensee shall be in the licensed child care home during at least seventy-five percent of the home's core hours of operation.

(5) Substitutes, volunteers and part time second educators counted in the staff/child ratios shall meet the same requirements as regular staff members, except for training requirements. Substitutes and part time second educators routinely employed in the home but working 20 hours or less a week shall complete half the required training hours. Such employees working more than 20 hours per week shall complete all required training hours. The primary educator in a licensed home shall complete all required training hours, regardless of the number of hours worked.

(6) A home licensed to provide care for six or fewer children will have at least one educator in the home at all times. A home licensed to provide care for more than two children under the age of two will have at least two educators in the home at all times.

(7) A home licensed for seven to 12 children will have at least two educators at the home when more than six children are present or when more than two children under the age of two are present.

(8) Children will never be left unattended. An educator will be with the children at all times whether activities are inside or outside of the home. Educators will be onsite, available and responsive to children during all hours of operation. Providers and secondary caregivers shall perform head counts at regular intervals throughout the day.

B. STAFF QUALIFICATIONS AND TRAINING:

(1) All new staff members working directly with children regardless of the number of hours employed per week shall complete the following training within three months of their date of hire. Training must be approved to fulfill the following requirements. Approved trainings and substitutions will be listed on the ECECD's website. All current educators will have three months to comply with the following training from the date these regulations are promulgated:

(a) prevention and control of infectious diseases (including immunization);

(b) prevention of sudden infant death syndrome and use of safe sleeping practices;

(c) administration of medication, consistent with standards for parental consent;

(d) prevention of and response to emergencies due to food or other allergic reactions;

(e) building and physical premises safety, including identification of and protection from hazards that can cause bodily injury such as electrical hazards, bodies of water, and vehicular traffic;

(f) prevention of shaken baby syndrome and abusive head trauma;

(g) emergency preparedness and response planning for emergencies resulting from a natural disaster, or a man-caused;

(h) handling and storage of hazardous materials and the appropriate disposal of bio contaminants;

(i) precautions in transporting children (if applicable);

(j) first aid and cardiopulmonary resuscitation (CPR) awareness with a pediatric component;

(k) recognition and reporting of child abuse and neglect; and

(l) a child development course that addresses all major domains of child development, including cognitive, social emotional, physical development and approach to learning as defined by the federal Child Care and Development Fund (https://www.ecfr.gov/current/title-45/subtitle-A/subchapter-A/part-98.98.44.b.ii), or approved three-credit early care and education course or an equivalent approved by the department.

(2) New staff members working directly with children regardless of the number of hours employed per week will complete the following, or a three-credit early care and education course or an equivalent approved by the department prior to or within twelve months of employment or the effective date of these regulation amendments. Substitute educators are exempt from this requirement. Training must be approved by ECECD to fulfill the requirements. Approved trainings and substitutions will be listed on ECECD's website.

(a) Learning Environment: How Classroom Arrangement Impacts Behavior

(b) Challenging Behavior: Reveal the Meaning

(c) Building Strong Relationships with Families

(d) Honoring All Families

(3) A home will keep a training log on file including the date of the training, name of educator, hours earned, subject/competency area, source of training, and training certificates.

(4) Educators working for a home will receive at least 12 documented hours of training during each year, including six hours in child growth and development and three hours in health, safety, nutrition, and infection control. The three remaining training hours must be within the seven competency areas. The competency areas are:

(a) child growth, development and learning;

(b) health, safety, nutrition and infection control;

(c) family and community collaboration;

(d) developmentally appropriate content;

(e) learning environment and curriculum implementation;

(f) assessment of children and programs; and

(g) professionalism.

(5) An educator cannot count more than three hours in first aid or CPR training toward the total hours required. Online first aid and CPR training will not be approved unless there is a hands-on component included. In-person requirements may be waived in case of an emergency. For this purpose, a year begins and ends at the anniversary date of employment. Training must be provided by individuals who are registered on the New Mexico trainer registry. Identical trainings shall not be repeated for the purpose of obtaining credit.

(6) Infant and toddler educators must have at least two hours of training in infant and toddler care within six months of starting work. The two hours will count toward the 12-hour requirement in Paragraph (3).

(7) A home must have all educators certified in first aid and cardio-pulmonary resuscitation (CPR) with a pediatric component. Staff shall obtain the first aid and CPR certification within three months of being hired. All staff shall maintain current first aid and CPR certification. Prior to licensure, the primary caregiver shall have CPR certification.

[8.9.4.33 NMAC - N, 11/1/2022; A, 10/8/2024]

8.9.4.34 SERVICES AND CARE OF CHILDREN IN HOMES:

A. GUIDANCE:

(1) A home will have written policies and procedures clearly outlining guidance practices. Care-givers will give this information to all parents and staff who will sign a form to acknowledge that they have read and understand these policies and procedures.

(2) Guidance will be consistent and age appropriate.

(3) Guidance shall be positive and include redirection and clear limits that encourage the child's ability to become self-disciplined. The use of physical or mechanical restraints is prohibited unless due to documented emergencies or medically documented necessity.

(4) A home will not use the following disciplinary practices:

(a) physical punishment of any type, including shaking, biting, hitting, pinching or putting anything on or in a child's mouth;

(b) withdrawal of food, rest, bathroom access, or outdoor activities;

(c) abusive or profane language, including yelling;

(d) any form of public or private humiliation, including threats of physical punishment; or

(e) unsupervised separation.

(5) Children will not be lifted by the arms, hands, wrist, legs, feet, ankles, or clothing.

B. NAPS OR REST PERIOD:

(1) A home will provide physical care appropriate to each child's developmental needs that will include a supervised rest period.

(2) A home shall allow children who do not sleep to get up and participate in quiet activities that do not disturb the other children.

(3) Each child will have an individual bed, cot, or mat that is sanitized after each use, regardless of the same child using the mat or cot. Linens can be used multiple times over the course of a week but must be laundered before being used by another child.

(4) Cribs, cots or mats shall be spaced at least 30 inches apart to permit easy access by adults to each child. If the room used for sleeping cannot accommodate 30

inches of spacing between children, educators shall space children as far as possible from one another. There must be enough room to permit easy access to all children without moving cribs, cots or mats. Cots or mats will have a nonabsorbent, cleanable surface. Mats will be at least three-fourths of an inch thick. Mats and cots shall be cleaned and linens must be laundered before being used by another child.

(5) Educators shall ensure that nothing covers the face or head of a child aged 12 months or younger when the child is laid down to sleep and while the child is sleeping. Educators shall not place anything over the head or face of a child over 12 months of age when the child is laid down to sleep and while the child is sleeping.

(6) Children with disabilities or medical conditions that require unusual sleeping arrangements will have written authorization from physician justifying the sleeping arrangement. A physician's note must contain a timeframe for the specific sleep arrangement. The facility shall adhere to the timeframe recommended by the doctor.

(7) Illumination equivalent to that cast by a soft night light shall be operational in areas that are occupied by children who are napping or sleeping. Illumination must be enough to see the entire room, clearly observe sleeping children and allow for quiet activities for non-sleeping children.

(8) Children shall be directly supervised during naptime.

(9) All children shall sleep in the licensed area of the home. No children shall be allowed to sleep behind closed doors.

C. ADDITIONAL REQUIREMENTS FOR INFANTS AND TODDLERS:

(1) The home will provide a crib for each infant and, when appropriate, for a toddler.

(2) Cribs will meet the most current federal standards and be kept in good repair. A home will not use plastic bags or lightweight plastic sheeting to cover a mattress and will not use pillows in cribs. No child shall be allowed to sleep in a play pen, pack and play, infant swing, car seat and/or bouncer. Only a crib meeting the CPSC 16 CFR 1219 or 1220 guidelines will be allowed.

(3) No child will be allowed to sleep in a playpen, pack and play, car seat, stroller, swings, bouncers or highchairs, or other equipment not intended for sleep purposes.

(4) Children under the age of 12 months shall be placed on their backs when sleeping unless otherwise authorized in writing by a physician. Providers shall place infants in cribs for safe sleeping.

(5) A home will not admit any child under the age of six weeks except with the written approval of a licensed physician.

(6) Throughout the day, an educator will give each infant and toddler physical contact and attention. An educator will hold, talk to, sing to and take inside and outside walks with the child. An educator will respond immediately to all cries of infants and to the cries of all children within two minutes.

(7) An educator will use routine activities such as nap time, feeding, diapering and toileting as opportunities for language development and other learning.

(8) Infants shall not be allowed to be confined to one area for prolonged periods of time unless the infant is content and responsive. Children that are awake should be moved every 30 minutes to offer new stimulation.

(9) A home will arrange the sleeping and play areas so that children in the play area do not disturb sleeping children.

(10) Infants shall either be held or be fed sitting up for bottle-feeding. Infants unable to sit shall always be held for bottle-feeding. Infants and toddlers shall not be placed in a laying position while drinking bottles or sippy cups. The carrying of bottles and sippy cups by young children throughout the day or night shall not be permitted.

(11) Children will not be allowed to walk or run with pacifiers. Pacifiers will not be used outside of cribs in rooms with mobile infants or toddlers. Pacifiers will be labeled and not shared. Pacifiers will not be tied to the child. Pacifiers that contact the floor or ground will be cleaned and sanitized appropriately.

(12) Each infant shall be allowed to form and observe his or her own pattern of feeding, sleeping, and waking periods.

(13) Food served shall meet the nutritional needs of the infant or toddler. Foods shall be developmentally appropriate for each infant served.

D. DIAPERING AND TOILETING:

(1) An educator will plan toilet training with a parent so the toilet routine is consistent. A home will not attempt to toilet train a child who is not developmentally ready.

(2) A home will change wet and soiled diapers and clothing promptly. Staff members will wear non-porous, single use gloves when changing a diaper and wash their hands after changing a diaper. Food service gloves are not permissible for diaper changing.

(3) A home will have a supply of dry, clean clothing and diapers sufficient to meet the needs of the child. A home will label diapers and diapering supplies for each child and store them separately. Diaper bags will be inaccessible to children.

(4) An educator will change a child's diaper on a clean, safe, waterproof surface and discard any disposable cover and disinfect the surface after each diaper change. Soiled diapers shall be stored in a secure container with a tight-fitting lid to assure proper hygiene and control of odors.

E. ADDITIONAL REQUIREMENTS FOR CHILDREN WITH SPECIAL NEEDS:

(1) Child care facilities are responsible for staff awareness of community resources for families of children with disabilities, including children under the age of five years as well as those of school age. If family or group home educators believe that a child may have a delay or disability, possible resources for referral and assistance are provided to parents when appropriate. No referral for special needs services to an outside agency will be made without a parent's consent. Family Education Right and Privacy Act (FERPA) will be respected at all times.

(2) Child care facilities are responsible for staff awareness of the Americans with Disabilities Act (ADA) as it relates to enrolling and caring for children with disabilities.

F. NIGHT CARE: In addition to all other requirements, a home providing night care will have an educator onsite, physically available and responsive to children who need attention during the night.

G. PHYSICAL ENVIRONMENT:

(1) Environment shall be organized into functional identifiable learning areas. Family child care homes that have dedicated space shall have at least four of the following learning areas. Family child care homes that do not have dedicated space shall have at least three of the following learning areas:

(a) a place for messy play;

(b) a place for loud, active play;

(c) a place for playing quietly;

(d) a place to pretend; and

(e) a place to read.

(2) Each learning area is clearly defined, using shelves and furniture.

(3) Adults can visually supervise all centers at all times.

(4) Learning areas have adequate space and noisy and quiet areas are arranged so that children's activities can be sustained without interruption.

(5) Materials are well cared for and organized by type. Where appropriate, materials are labeled with words or pictures. Adaptations to materials are made when needed to accommodate various abilities of all children. Unused materials are stored in inaccessible storage.

(6) Examples of children's individually expressed artwork are displayed in the environment at the children's eye level.

(7) Floor surface is suitable for activities that will occur in each learning area.

(8) File and storage space is available for educators' materials.

H. SOCIAL-EMOTIONAL RESPONSIVE ENVIRONMENT:

(1) Educators remain calm in stressful situations.

(2) Educators are actively engaged with children. Educators talk, actively listen and respond to children appropriately by responding to children's questions and acknowledging their comments, concerns, emotions and feelings.

(3) Educators help children communicate their feelings by providing them with language to express themselves.

(4) Educators model appropriate social behaviors, interactions and empathy. Educators respond to children that are angry, hurt, or sad in a caring and sensitive manner. Educators make appropriate physical contact to comfort children who are distressed.

I. EQUIPMENT AND PROGRAM:

(1) Toys and equipment must be safe, durable, and easy to clean, non-toxic and sanitized daily. Toys shall be disinfected, at a minimum of, once per week. Frequency of disinfection of toys must be increased in the event of a communicable disease, following appropriate guidance.

(2) A home will not use accordion-style baby gates.

(3) A home will provide sufficient equipment, materials, and furnishings for both indoor and outdoor activities so that at any one time, each child can be individually involved.

(4) A home will store equipment and materials for children's use within easy reach of the children, including those with disabilities. A home will store the equipment and materials in an orderly manner so children can select and replace the materials by themselves or with minimal assistance.

(5) A home will provide children with toys and other materials that are safe, developmentally appropriate, and encourage the child's creativity, social interaction, and a balance of individual and group play.

(6) A home will post a daily activity schedule. A home will follow a consistent pattern for routine activities such as meals, snacks and rest.

(7) Media viewing will not be permitted for children less than two years of age. Media viewing for children two years and older will be limited to six hours per month, but not to exceed one full length film in one day. Programs, movies, music and music programs shall be age appropriate and shall not contain adult content. Media viewing includes all of the above as well as computers, tablets, phones, smart devices and screen-based learning equipment. An exception is media that is used for curriculum-based purposes or led by an educator.

(8) Children and family members shall be acknowledged upon arrival and departure.

(9) Full-time children shall have a minimum of 60 minutes of physical activity daily, preferably outside. Part time children shall have a minimum of 30 minutes of physical activity daily, preferably outside. The provider will ensure drinking water is available and maintained at a cool temperature while playing outside.

(10) Equipment and program requirements apply during all hours of operation of the licensed facility.

J. OUTDOOR PLAY:

(1) Outdoor play equipment used in child care homes shall be:

(a) intended for public (non-residential) use and installed and maintained according to the manufacturer's instructions; or

(b) if intended for residential use, shall be safe and securely anchored.

(2) A home will enclose the outdoor play area with a fence at least four feet high and with at least one latched gate available for an emergency exit.

(3) A home will place sufficient energy absorbing surfaces beneath climbing structures, swings and slides. Based on the consumer product safety commission

(CPSC) playground guidelines, grass, artificial turf, and rubber play mats are not energy absorbent material (as determined by Subsection N of 8.9.4.8 NMAC).

Critical Heights of Playground Equipment for Various Types and Depths of Resilient Surfaces Based on Information from the U.S. CONSUMER PRODUCT SAFETY COMMISSION (CPSC Publication No. 325), Handbook for Public Playground Safety. When no requirement is provided for a specific height of equipment, we have used the requirement for the next higher height, so requirements are conservative, erring on the side of safety.						
Equipment Height	Wood Chips	Double Shredded Bark	Uniform Wood Chips	Fine Sand	Coarse Sand	Fine Gravel
	Uncompressed Depths of Materials In Fall Zone					
Five feet or less	6 inches	6 inches	6 inches	6 inches	6 inches	6 inches
Six feet	6 inches	6 inches	6 inches	12 inches	12 inches	6 inches
Seven feet	6 inches	9 inches	9 inches	12 inches	12 inches	9 inches
Eight feet	9 inches	9 inches	12 inches	12 inches	12 inches	12 inches
Nine Feet	9 inches	9 inches	12 inches	12 inches	N/A	12 inches
Ten Feet	9 inches	9 inches	12 inches	N/A	N/A	12 inches
For poured or installed foam or rubber surfaces, the materials must meet the ASTM F1292 requirements with written verification from the manufacturer.						

(4) The use of a trampoline is prohibited at any time during the hours of operation or by any children receiving care at the facility.

(5) Children shall be protected from the sun during outdoor play by providing shade (as necessary), sunscreen, proper attire and limiting the time of exposure to the elements. The provider must also consider instructions by the child's parent or guardian. Drinking water should be available as needed and outlined in Paragraph (9) of Subsection I of 8.9.4.34 NMAC.

K. SWIMMING, WADING AND WATER:

(1) Each child will have written permission from a parent or guardian before the child enters a pool.

(2) If a home has a portable wading pool:

(a) a home will drain and fill the wading pool with fresh water daily and disinfect the pool regularly;

(b) a home will empty a wading pool when it is not in use and remove it from areas accessible to children; and

(c) a home will not use a portable wading pool placed on concrete or asphalt.

(3) If a home has a built in or above ground swimming pool, ditch, fishpond or other water hazard:

(a) the fixture will be constructed, maintained and used in accordance with applicable state and local regulations;

(b) the fixture will be constructed and protected so that, when not in use, it is inaccessible to children; and

(c) when in use, children will be constantly supervised and the number of adults present will be increased to ensure adequate safety for the ages, abilities and type of water hazard in use.

(4) The following ratios shall be observed for swimming pools more than two feet deep:

	Ratio for swimming pools more than two feet deep	
Age of the youngest child	Number of educators, lifeguards or volunteers	Number of children
0-23 months	1	1
2 years	1	2
3 years	1	6
4 years	1	8
5 years	1	10
6 years and older	1	12

L. FIELD TRIPS:

(1) A home will ensure the children's safety on field trips and excursions. See Subparagraph (g) of Paragraph (1) of Subsection D of 8.9.4.32 NMAC for information on permission slips.

(2) Children will not go to a private residence other than the licensed home unless accompanied by two adults.

[8.9.4.34 NMAC - N, 11/1/2022]

8.9.4.35 FOOD SERVICE REQUIREMENTS FOR HOMES:

A. MEAL PATTERN REQUIREMENTS: All foods prepared by the home will conform to the guidelines from United States department of agriculture's (USDA's) child and adult care food program (CACFP) for foods, meal patterns and serving sizes.

B. MEALS AND SNACKS:

(1) A home will provide a child a meal or snack at least every three hours except when the child is sleeping at night.

(2) A home will serve if necessary a child a therapeutic or special diet with a written prescription/diet order from a physician or a registered or licensed dietician. Diet orders must be complete and descriptive, and not subject to interpretation by the educators.

(3) A home shall make water freely available to children.

(4) A home that provides daily meals and snacks shall plan these to meet the minimum standards in the CACFP and to be consistent with the USDA's current dietary guidelines for Americans, to include the following. Parents of children who have special dietary needs may provide written permission to the child care program to exempt their child from the following requirements if necessary due to such special dietary needs.

(a) Only one hundred percent fruit or vegetable juice shall be served. The use of fruit drinks containing less than one hundred percent or artificially flavored drinks for meals or snacks is prohibited. one hundred percent fruit or vegetable juice may be diluted with water.

(b) Only whole, pasteurized fluid milk shall be served to children between 12 and 24 months of age; reduced fat, low fat, or skim milk may be served to children who are two years and older.

(c) A wide variety of fruits and vegetables shall be served, with a preference for fresh or frozen fruits and vegetables over canned.

(5) A home will vary snacks each day and will include a selection of two different food group components from the four food group components.

C. MENUS:

(1) Weekly menus must be dated and posted in an area easily visible to parents.

(2) Menus shall be posted at least one week in advance, in a conspicuous place, for review by parents, educators and children.

(3) Menus shall include a variety of foods. The same menu will not be served twice in one week.

D. KITCHENS:

(1) A home will not allow children in the kitchen except under careful supervision.

(2) A food preparer will thoroughly wash all raw fruits and vegetables before cooking or serving.

(3) A home will serve food promptly and refrigerate immediately after use. Foods served will meet the nutritional needs of the infant or toddler. Foods will have the proper texture and consistency for each infant served.

(4) A home will protect food and drink from insects, rodents, and other vermin by properly storing items in an airtight container or by tightly wrapping them. A home will label and date all leftover food.

(5) If food is brought from the child's home, a home will label it with the child's name and refrigerate if necessary. A home will label and refrigerate bottles of infant formula or breast milk. Labeling is not necessary if only one child is using bottles.

(6) A home will keep food requiring refrigeration, including formula, at 41 degrees Fahrenheit or below, and frozen food at zero degrees Fahrenheit or below.

(7) Refrigerators and separate freezers will have working internal thermometers.

(8) A home will discard any leftover milk or formula, rinse bottles after use and sanitize bottles before reuse.

(9) A home will sanitize eating utensils, dishes and cups before re-use by washing them in a dishwasher or by completing the following steps: (a) wash with soapy water; (b) rinse with clean warm water; and (c) sanitize.

(10) A home will use cleaning materials for the kitchen and food preparation areas only in the kitchen and will store the materials separately from food.

(11) A home shall thoroughly sanitize food preparation surfaces before and after each use.

E. MEAL TIMES:

(1) A home will equip dining areas with tables, chairs, eating utensils and dishes appropriate to the age of the children served. Areas will be sanitized before and after each use.

(2) A home will provide sanitary cups or glasses for drinking water. Infants and toddlers shall be offered water from a cup. Toddlers shall be encouraged to hold and drink from a cup, use a spoon, and to use their fingers for self-feeding. A home will

not allow children to share drinking or eating utensils. Disposable plates, cups and plastic utensils of food-grade, medium weight may be used for single service. Styrofoam cups may not be used at any time.

(3) Time allowed for meals shall enable children to eat at a reasonable rate.

[8.9.4.35 NMAC - N, 11/1/2022]

8.9.4.36 HEALTH AND SAFETY REQUIREMENTS FOR HOMES:

A. HYGIENE:

(1) Children and staff members will wash their hands with soap and warm running water as needed. Water basins shall not be used as an alternative to running water. Staff and children will wash their hands whenever hands are contaminated with body fluids and always:

(a) after using a toilet, assisting a child with toilet use, or changing a diaper;

(b) before and after caring for a sick child;

(c) before any food service activity, including setting the table;

(d) before and after eating or feeding a child;

(e) after handling pets or animals or items used by animals such as water and food bowls; and

(f) after handling trash.

(2) A home will label with the child's name and store separately any item used for an individual child's personal hygiene.

(3) If a home promotes tooth brushing activities, the provider will store toothbrushes so that they do not drip on other toothbrushes and so that they are separate from one another, with bristles exposed to the air to dry, labeled and not in contact with any other surface.

B. FIRST AID REQUIREMENTS:

(1) A home will keep a first-aid kit and a first-aid manual together in the home in a location inaccessible to children and easily accessible to adults. The first aid kit will contain, at a minimum: band aids, gauze pads, adhesive tape, scissors, soap, non-porous gloves, and a thermometer.

(2) A home will treat blood spills cautiously and promptly disinfect the area. Staff members will wear non-porous, single-use gloves when handling a blood spill, bloody diarrhea, bloody nose, or any other blood. A home will clean contaminated surfaces first with hot soapy water then with a disinfecting solution, which is effective against HIV and hepatitis B.

C. MEDICATION:

(1) A home will keep all medications in a locked and identified container inaccessible to children and will refrigerate medications when necessary. If the refrigerator is inaccessible to children, medications do not need to be in a locked container in the refrigerator.

(2) Homes will give medication only with written permission from parents or guardian, to be administered according to written directions from the prescribing physician. In the case of non-prescription medication, written instructions must be provided by the parent or guardian. For the purpose of this requirement (Paragraph (2) of Subsection C of 8.9.4.36 NMAC) only, non-prescription medications include sunscreen, insect repellent and diaper creams or other over the counter medications. With written authorization from the child's parent or guardian, sunscreen and insect repellant may be shared. Diaper cream shall not be shared.

(3) The licensee will be responsible for giving medication to children. The designated staff member will ensure non-prescription and prescription medications have a label with the child's name and the date the medication was brought to the home. A home will keep non-prescription and prescription medication in the original container with written instructions, including the name of medication, the dosage, and the hours and dates the child should receive the medicine.

(4) The licensee will keep and sign a written record of the dosage, date and time a child is given medication. This information will be provided to the parent or guardian who will initial/date acknowledgment of information received on the day the medication is given.

(5) When the medication is no longer needed, it shall be returned to the parents or guardians or destroyed. The home shall not administer expired medication.

D. ILLNESS AND NOTIFIABLE DISEASES:

(1) Children or staff members absent due to any notifiable disease will not return to the home without a signed statement from a physician.

(2) A home will separate and constantly observe a child who becomes sick at the home and promptly notify a parent or guardian of the child's illness.

(3) A home will send a child home when:

(a) the child's oral temperature is 101 degrees Fahrenheit or greater or armpit temperature is 100.4 degrees Fahrenheit or greater and the child shows signs of illness or behavior changes; or

(b) the educator observes signs of contagious disease or severe illness.

[8.9.4.36 NMAC - N, 11/1/2022]

8.9.4.37 TRANSPORTATION REQUIREMENTS FOR HOMES:

A. When a home provides transportation to children, it is responsible for the care of children from the time of pick up to delivery to a responsible adult. All vehicles used for transportation of children will have an operable, fully-charged fire extinguisher, first-aid kit, first-aid manual, water and blanket.

B. A home will license all vehicles used for transporting children and will meet all applicable state vehicle laws. A child shall be transported only if the child is properly secured in a child passenger restraint device or by a safety belt as follows.

(1) Children less than one year of age shall be properly secured in a rear-facing child passenger restraint device that meets federal standards, in the rear seat of a vehicle that is equipped with a rear seat. If the vehicle is not equipped with a rear seat, the child may ride in the front seat of the vehicle if the passenger-side air bag is deactivated or if the vehicle is not equipped with a deactivation switch for the passenger-side air bag.

(2) Children one year of age through four years of age, regardless of weight, or children who weigh forty pounds, regardless of age, shall be properly secured in a child passenger restraint device that meets federal standards.

(3) Children five years of age through six years of age, regardless of weight, or children who weigh less than 60 pounds, regardless of age, shall be properly secured in either a child booster seat or an appropriate child passenger restraint device that meets federal standards.

(4) Children seven years of age through 12 years of age shall be secured in a child passenger restraint device or by a seat belt.

C. Vehicles used for transporting children will be enclosed and properly maintained. Vehicles shall be cleaned and inspected inside and out.

D. A home will load and unload children at the curbside of the vehicle or in a protected parking area or driveway. The home will ensure children do not cross a street unsupervised after leaving the vehicle.

E. No one will smoke, use e-cigarettes or vaporizers in a vehicle used for transporting children.

F. Children may be transported only in vehicles that have current registration and insurance coverage. All drivers must have current driver's license and comply with motor vehicle and traffic laws. Persons who have been convicted in the last seven years of a misdemeanor or felony DWI/DUI cannot transport children under the auspices of a licensed facility.

G. At least one adult transporting children shall be currently certified in first aid and cardiopulmonary resuscitation with a pediatric component.

H. Vehicles operated by the home provider to transport children shall be air-conditioned whenever the outside air temperature exceeds 82 degrees Fahrenheit. If the outside air temperature falls below 50 degrees Fahrenheit the provider will ensure the vehicle is heated.

I. Providers will conduct frequent head counts on all trips and when loading and unloading the vehicle.

[8.9.4.37 NMAC - N, 11/1/2022]

8.9.4.38 BUILDING, GROUND AND SAFETY REQUIREMENTS FOR HOMES:

A. HOUSEKEEPING:

(1) An educator will keep the premises, including furniture, fixtures, toys and equipment clean, safe, and free of debris and potential hazards.

(2) Materials dangerous to children must be secured in a manner making them inaccessible to children and away from food storage or preparation areas.

(3) All garbage and refuse receptacles in kitchens and in outdoor areas will have a tight fitting lid, be durable and constructed of materials that will not absorb liquids.

B. PEST CONTROL:

(1) All licensed child care homes must use a New Mexico licensed pest applicator whenever applying pesticides on the home's buildings and grounds.

(2) The pest control company may not apply pesticides when children are on the premises.

(3) Parents, guardians, and staff must be notified at least two days prior to spraying or applying pesticides and insecticides.

(4) All food storage, preparation, and serving areas must be covered and protected from spraying or application of pesticides, herbicides, weed killer and other natural repellants.

C. MECHANICAL SYSTEMS:

(1) A home will maintain comfortable temperatures (68 degrees through 82 degrees Fahrenheit) in all rooms used by children. A home may use portable fans if the fans are secured and inaccessible to children and do not present any tripping, safety or fire hazards. In the event air temperature in a home exceeds the 82 degrees Fahrenheit in the summer months because of evaporative cooler temperature limitations, it will be verified that cooling equipment is functioning, is being maintained, and that supplemental aides have been employed, such as, but not limited to: ceiling fans, portable fans, or portable evaporative coolers.

(2) A home will not use unvented heaters, open flame heaters or portable heaters. A home will install barriers or take other steps to ensure heating units, are inaccessible to children. Heating units include hot water pipes, infrared heaters, ceramic heaters, hot water baseboard heaters hotter than 110 degrees Fahrenheit, fireplaces, fireplace inserts and wood stoves.

(3) A home must maintain all heating and cooling equipment so that it is in good working order.

(4) A home will provide fresh air and control odors by either mechanical or natural ventilation. If a home uses a window for ventilation, it will have a screen. If a door is used for fresh air ventilation, it must have a screen door.

(5) Water coming from a faucet will be below 110 degrees Fahrenheit. A home will install a tempering valve ahead of all domestic water-heater piping.

(6) All food preparation areas, sinks, washrooms, laundries and bathrooms will have hot and cold running water under pressure.

D. LIGHTING, LIGHTING FIXTURES AND ELECTRICAL:

(1) A home will use U/L approved equipment only and will properly maintain this equipment.

(2) All electrical outlets within reach of children will be safety outlets or will have protective covers.

(3) The use of multi-prong or gang plugs is not allowed. Surge protectors are not gang plugs under these regulations.

E. EXITS: When an activity area does not have a door directly to the outside, at least one window in each activity area must be useable for an emergency exit. All activity spaces for children under the age of two and a half years shall be on the "level of exit discharge" or ground floor.

F. TOILET AND BATHING FACILITIES:

(1) All toilet rooms will have toilet paper, soap and disposable towels at a height accessible to children. A home will not use a common towel or wash cloth.

(2) All closets and bathroom locks must have an outside release. A home will enclose all bathrooms. Bathrooms must be accessible to the children in care and fully functional.

G. SAFETY COMPLIANCE:

(1) A home will have an operating smoke detector in each child-activity room and in each room in which a child sleeps.

(2) A home must be equipped with carbon monoxide detectors to cover all licensed areas of the home if the child care program uses any sources of coal, wood, charcoal, oil, kerosene, propane, natural gas, or any other product that can produce carbon monoxide indoors. Carbon monoxide detectors should be installed and maintained according to the manufacturer's instructions.

(3) A home will have a fully-charged 210ABC extinguisher mounted in the kitchen in a visible and easily accessible place. A professional will inspect each fire extinguisher once a year and fire extinguishers will have official tags noting the date of inspection.

(4) A home will conduct at least one fire drill each month and an emergency preparedness practice drill at least quarterly beginning January of each calendar year. A home will hold the drills at different times of the day and will keep a record of the drills with the date, time, number of adults and children participating, and any problems.

(5) A home will keep a telephone in an easily accessible place for calling for help in an emergency and will post emergency phone numbers for fire, police, ambulance and the poison control center next to the phone. Emergency numbers shall be posted on any cordless or cellular telephones. A cellular telephone is acceptable as the only telephone in the home. The cellular telephone will remain in the same room, always charged and accessible to a caregiver.

H. SMOKING, FIREARMS, ALCOHOLIC BEVERAGES, ILLEGAL DRUGS AND CONTROLLED SUBSTANCES: A home will prohibit smoking, e-cigarettes, vaporizers, and the drinking of alcoholic beverages in all areas, including vehicles, when children are present. A home will unload all guns, such as pellet or BB guns, rifles and

handguns, lethal and non-lethal weapons and keep them in a locked area inaccessible to children. Possessing or knowingly permitting illegal drugs, paraphernalia, or non-prescription controlled substances to be possessed or sold on the premises at any time regardless of whether children are present is prohibited.

I. PETS:

(1) A home will inform parents or guardians in writing before pets are in the home.

(2) A home will inoculate any pets as prescribed by a veterinarian and keep a record of proof of inoculation prior to the pet's presence in the home.

(3) A home will not allow on the premises pets or other animals that are undomesticated, dangerous, contagious or vicious in nature.

(4) Areas of confinement, such as cages and pens, and outdoor areas are cleaned of excrement daily. Animals shall be properly housed, fed and maintained in a safe, clean sanitary and humane condition at all times.

(5) An educator must be physically present during the handling of all pets or other animals.

[8.9.4.38 NMAC - N, 11/1/2022]

8.9.4.39 REGULATIONS FOR PROGRAMS OFFERING ONLY OUT OF SCHOOL TIME CARE; APPLICABILITY:

A child care program required to be licensed under 8.9.4.40 NMAC through 8.9.4.47 NMAC of this regulation provides a variety of developmentally appropriate activities that are both educational and recreational at a specific site, usually a school, on a regular basis before or after school or when school is not in regular session to children age five to 18 years, and not exempted from regulation under any of the exceptions listed in 8.9.4.9 NMAC.

[8.9.4.39 NMAC - N, 11/1/2022]

8.9.4.40 LICENSURE REQUIREMENTS FOR OUT OF SCHOOL TIME CARE:

A. LICENSING REQUIREMENTS:

(1) APPLICATION FORM: An applicant will complete an application form provided by the licensing authority and include payment for the non-refundable application fee. Applications will be rejected unless all supporting documents are received within six months of the date indicated on the application. A 45 day extension will be granted if the licensee provides documentation to the licensing authority that

documents were submitted to the appropriate agencies in a timely manner but, through no fault of their own, they have not received responses from these agencies.

(2) A program will submit a new application to the licensing authority before changing anything that is stated on the license such as dates, capacity, director, address, etc.

(3) BACKGROUND CHECK: The licensing authority will provide a copy of the most current version of the department's background check and employment history verification provisions (8.9.6 NMAC), regulations, fingerprint instructions, and forms for recording an employment history. The licensee will be responsible for obtaining background checks on all staff members, educators, volunteers, and prospective staff members, educators, volunteers, any person who may have unsupervised physical access to children, and all adults residing in the home as per the requirements of the most current version of the department's background check and employment history verification provisions. All requirements of the current background check and employment history verification provisions pursuant to 8.9.6 NMAC must be met prior to the issuance of an initial license. Prior to a staff member's employment, a staff member must receive a notice of provisional employment or obtain a background check in accordance with 8.9.6 NMAC. A background check must be conducted in accordance with 8.9.6 NMAC at least once every five years on all required individuals.

(4) ZONING, BUILDING AND OTHER APPROVALS: An applicant will use the approvals provided to the schools and community centers as long as the approvals are current according to the applicable department's requirements. Acceptable documents will be provided to the licensing authority before licensure. Otherwise, an applicant will have:

(a) current written zoning approval from the appropriate city, county or state authority;

(b) current written building approval, such as a certificate of occupancy, from the appropriate city, county or state authority;

(c) current written approval of the state fire marshal office or other appropriate city, county or state fire-prevention authority; and

(d) current written approval from the New Mexico environment department or other environmental health authority for:

(i) a kitchen, if meals are prepared and served on site in the program;

(ii) private water supply, if applicable;

(iii) private waste or sewage disposal, if applicable; and,

(iv) a swimming pool, if applicable.

(5) ACCESS REQUIREMENTS FOR INDIVIDUALS WITH DISABILITIES IN NEW FACILITIES: Accessibility for individuals with disabilities is provided in all new facilities and will include the following.

(a) Main entry into the facility is level or has a ramp to allow for wheelchair access.

(b) Building layout allows for access to the main activity area.

(c) Access to at least one bathroom is required to have a door clearance of 32 inches. The toilet unit also provides a 60-inch diameter turning radius.

(d) If ramps are provided to the building, the slope of each ramp is at least a 12-inch horizontal run for each inch of vertical rise.

(e) Ramps exceeding a six-inch rise are provided with handrails.

(f) Requirements contained herein are minimum and additional disability requirements may apply depending on the size and complexity of the facility.

(6) SCHEDULE: All applications for a new license will include a description of the programs proposed activities and schedule.

(7) INITIAL SURVEY: The licensing authority will schedule a survey for a program when it receives a complete application with all supporting documents.

B. CAPACITY OF A PROGRAM:

(1) The number of children in a program, either in total or by age, will not exceed the capacity stated on the license.

(2) The licensing authority will count all children in the care of the program even if the children are on a field trip or other outing outside the program site. Children shall not be cared for in unlicensed areas of the facility.

(3) A program must meet the following space requirements:

(a) 35 square feet of indoor activity space measured wall to wall on the inside for each child in a program, excluding single-use areas, such as restrooms, kitchens, and storage areas, and excluding offsets and built-in fixtures.

(b) A program must have an outdoor activity space.

(4) The capacity of each room will be posted in an area of the room that is readily visible to parents, staff members and visitors.

C. INCIDENT REPORTING REQUIREMENTS:

(1) The licensee will report to the appropriate authorities the following incidents. After making a report to the appropriate authorities, the licensee shall notify the licensing authority of the incident giving rise to its report as soon as possible but no later than 24 hours after the incident occurred. A report should first be made by telephone and followed with written notification. The licensee shall report any incident that has threatened or could threaten the health and safety of children and staff members, such as, but not limited to:

(a) a lost, missing, or unattended child;

(b) a serious injury;

(c) the abuse or neglect of a child;

(d) fire, flood, or other natural disaster that creates structural damages to a program or poses a health hazard;

(e) any of the illnesses on the current list of notifiable diseases and communicable diseases published by the office of epidemiology of the New Mexico department of health;

(f) any legal action against a program or staff members;

(g) any incident that could affect the background check eligibility of any cleared person related to this license;

(h) the use of physical or mechanical restraints, unless due to documented emergencies or medically documented necessity; or

(i) any known change in an educator's health condition or use of medication that impairs his or her ability to provide for the health, safety or welfare of children in care.

(2) A program will notify parents and guardians in writing of any incident, including notifiable illnesses, that has threatened the health or safety of children in the program. Incidents include, but are not limited to, those listed in Paragraph (1) of Subsection C of 8.9.4.40 NMAC. The licensee shall ensure that it obtains parent or guardian signatures on all incident reports within 24 hours of the incident. The licensee shall immediately notify the parent or guardian in the event of any head injury.

(3) Incident reports involving suspected child abuse and neglect must be reported immediately to children's protective services and local law enforcement. The licensing authority follows written protocols/procedures for the prioritization, tracking, investigation and reporting of incidents, as outlined in the complaint investigation protocol and procedures.

[8.9.4.40 NMAC - N, 11/1/2022]

8.9.4.41 ADMINISTRATIVE REQUIREMENTS FOR OUT OF SCHOOL TIME CARE:

A. ADMINISTRATION RECORDS: A licensee shall display in a prominent place that is readily visible to parents, staff and visitors:

(1) all licenses, certificates, and most recent inspection reports of all state and local government agencies with jurisdiction over the program;

(2) the current child care regulations;

(3) dated weekly menus for meals and snacks;

(4) the guidance policy; and

(5) the current list of notifiable diseases and communicable diseases published by the office of epidemiology of the New Mexico department of health.

B. MISSION, PHILOSOPHY AND CURRICULUM STATEMENT: All licensed facilities must have a:

(1) mission statement;

(2) philosophy statement; and

(3) curriculum statement.

C. FAMILY HANDBOOK: All facilities using these regulations must have a family handbook. Upon updating the family handbook, changes must be approved and submitted to the licensing authority. After any changes, notice must be sent out to families, parents, or guardians and posted in a common area. The family handbook will include the following.

(1) GENERAL INFORMATION:

(a) mission statement;

(b) philosophy statement;

(c) program information (location, license information, days and hours of operation, services offered);

(d) name of director and how he/she may be reached;

(e) meals, snacks and types of food served (or alternatively, guidelines for children bringing their own food);

(f) daily schedule;

(g) a statement supportive of family involvement that includes an open door policy to the classroom;

(h) appropriate dress for children, including request for extra change of clothes;

(i) celebrating holidays, birthdays and parties; and

(j) disclosure to parents that the licensee does not have liability or accident insurance coverage.

(2) POLICIES AND PROCEDURES:

(a) enrollment procedures;

(b) disenrollment procedures;

(c) expulsion procedures;

(d) fee payment procedures, including penalties for tardiness;

(e) notification of absence;

(f) fee credits, if any (e.g. for vacations, absences, etc.);

(g) field trip policies;

(h) health policies (program's policies on admitting sick children, when children can return after an illness, administering medication, and information on common illnesses);

(i) emergency procedures and safety policies;

(j) snow days and school closure;

(k) confidentiality policy;

(l) child abuse/neglect reporting procedure;

(m) guidance policy;

(n) emergency procedures, safety policies, and disaster preparedness plan;

(o) anti-discrimination policy that promotes the equal access of services for all children and families and prohibits discrimination based on race, color, religion, sex (including pregnancy, sexual orientation, or gender identity), national origin, disability, or age (40 or older); and

(p) employee cellular telephone usage policy that directs and defines safe and appropriate use.

D. CHILDREN'S RECORDS: A program will maintain a complete record for each child, including drop-ins, to be completed before the child is admitted. Records will be kept at the program, unless otherwise indicated in the list below, for 12 months after the child's last day of attendance. Records will contain at least:

(1) PERSONAL INFORMATION:

(a) name of the child; date of birth, gender, home address, mailing address and telephone number;

(b) names of the parents or guardians, the parents or guardian's current places of employment, addresses, and pager, cellular and work telephone numbers;

(c) a list of people authorized to pick up the child and an authorized form signed by parent or guardian; identification of person authorized by the parent or guardian to pick up the child shall be verified at pick up;

(d) date the child first attended the program and the date of the child's last day at the program;

(e) a record of any accidents, injuries or illnesses that require first aid or medical attention and any observations of recent bruises, bites or signs of abuse or neglect, both of which must be reported to a parent or guardian; these records may be kept at a central location;

(f) written authorization from the child's parent or guardian to remove a child from the premises to participate in off-site activities; authorization must contain fieldtrip destination, date and time of fieldtrip and expected return time from fieldtrip;

(g) a record of the time the child arrived and left the program and dates of attendance initialed by a parent, guardian, or person authorized to pick up the child; and

(h) an enrollment agreement; this form will be signed by a parent or guardian with an outline of the services and the costs; these forms may be kept at a central location.

(2) EMERGENCY INFORMATION:

(a) information on any allergies or medical conditions suffered by the child; the name and telephone number of two people in the local area to contact in an emergency when a parent or guardian cannot be reached; emergency contact numbers must be kept up to date at all times;

(b) the name and telephone number of a physician or emergency medical facility authorized by a parent or guardian to contact in case of illness or emergency;

(c) a document giving a program permission to transport the child in a medical emergency and an authorization for medical treatment signed by a parent or guardian;

(d) if applicable, legal documentation regarding the child, including but not limited to: restraining orders, guardianship, powers of attorney, court orders, and custody by children's protective services.

E. PERSONNEL RECORDS:

(1) A licensee will keep a complete file for each staff member, including substitutes and volunteers having direct contact with the children. A program will keep the file for one year after the staff member's last day of employment. Unless otherwise indicated, a licensee may keep the items listed below in a central location except the following items which shall be kept on site: background clearances, abuse and neglect statements, staff emergency numbers and first aid/CPR certificates. Records will contain at least the following:

(a) name, address and telephone number;

(b) position;

(c) current and past duties and responsibilities;

(d) dates of hire and termination;

(e) documentation of a background check and employment history verification. If a background check is in process, then documentation of the notice of provisional employment showing that it is in process must be placed in the file. A background check must be conducted at least once every five years on all required individuals. A copy must be kept onsite;

(f) an annual signed statement that the staff member would or would not be disqualified as a direct provider of care under the most current version of the background checks and employment history verification provisions pursuant to 8.9.6 NMAC. A copy must be kept onsite;

(g) documentation of first-aid and cardiopulmonary resuscitation with a pediatric component. A copy must be kept onsite;

(h) documentation of all appropriate training by date, time, hours and area of competency;

(i) emergency contact number;

(j) universal precaution acknowledgement; and

(k) a written plan for ongoing professional development for each staff member, including the director, that is based on the seven areas of competency, consistent with the career lattice, and based on the individual's goals.

(2) A program will maintain current work schedules and daily sign in sheets for the director, all staff, all educators, and volunteers and keep the records on file for at least 12 months. The record will include the time the employee arrived at and left work and include breaks and lunch.

F. PERSONNEL HANDBOOK: The educator will give each employee a personnel handbook that covers all matters relating to employment. Upon updating the personnel handbook, changes must be approved and submitted to the licensing authority. After any changes, notice must be sent out to families, parents, or guardians and posted in a common area. The handbook will include the following critical contents:

(1) organizational chart;

(2) job descriptions of all employees by title;

(3) benefits, including vacation days, sick leave, professional development days, health insurance, break times, etc.;

(4) code of conduct;

(5) training requirements

(6) procedures and criteria for performance evaluations;

(7) policies on absence from work;

(8) grievance procedures;

(9) procedures for resignation or termination;

(10) copy of licensing regulations;

(11) policy on parent involvement;

(12) health policies related to both children and staff;

(13) policy on sexual harassment;

(14) plan for retention of qualified staff; and

(15) employee cellular telephone usage policy that directs and defines safe and appropriate use.

(16) anti-discrimination policy that promotes the equal access of services for all children and families and prohibits discrimination based on race, color, religion, sex (including pregnancy, sexual orientation, or gender identity), national origin, disability, or age (40 or older);

(17) child guidance policy;

(18) confidentiality statement;

(19) an up-to-date emergency evacuation and disaster preparedness plan, which shall include steps for evacuation, relocation, shelter in place, lock-down, communication, reunification with parents, individual plans for children with special needs and children with chronic medical conditions, and continuity of operations (see waivers, Subsection D of 8.9.4.14 NMAC). The plan shall be approved annually by the licensing authority and the department will provide guidance on developing these plans; and

(20) policies and procedures for expulsion of children. Policies and procedures shall include how the program will maintain a positive environment and will focus on preventing the expulsion of children age five. The program must develop policies that include clear, appropriate, consistent expectations, and consequences to address disruptive student behaviors; and ensure fairness, equity, and continuous improvement.

[8.9.4.41 NMAC - N, 11/1/2022]

8.9.4.42 PERSONNEL AND STAFFING REQUIREMENTS FOR OUT OF SCHOOL TIME CARE:

A. PERSONNEL AND STAFFING REQUIREMENTS:

(1) An employer will not allow any employee involved in an incident which would disqualify that employee under the department's most current version of the background check and employment history verification provisions pursuant to 8.9.6 NMAC to continue to work directly or unsupervised with children.

(2) All educators will demonstrate the ability to perform essential job functions that reasonably ensure the health, safety and welfare of children in care.

(3) Educators (staff members) who work directly with children and who are counted in the staff/child ratios must be 18 years of age or older.

(4) Clerical, cooking and maintenance personnel included in the staff/child ratio will have a designated schedule showing their normal hours in each role. Educators counted in the staff/child ratios will not be responsible for cooking, clerical or cleaning duties while caring for children.

(5) Substitutes, volunteers and part-time educators counted in the staff/child ratios will meet the same requirement as regular staff members except for training requirements. Substitutes and educators routinely employed in a facility but working 20 hours or fewer a week, will complete half the required training hours. Such employees working more than 20 hours a week will meet full training requirements. See Paragraph (4) of Subsection C of 8.9.4.42 NMAC for additional training requirements.

(6) Each site will have a site director. The site director or a designated co-director who meets the same qualifications as the site director will be on site 50 percent of the program's core hours of operation.

(7) A program will maintain staff/child ratios and group sizes at all times. Children must never be left unattended whether inside or outside the facility.

(8) A program will have a minimum of two staff members present at all times, with one being an educator. If the program has less than seven children, the second staff member may be engaged in other duties.

(9) Each site will have one adult for every 15 children age five or older. Maximum group size of 30.

(10) The number of children who may be in a group and the number of caregivers is specified in Paragraph (9) of Subsection A of 8.9.4.42 NMAC. More than one group of children may occupy a room, provided the following conditions are met:

(a) The room is divided so that different activity/interest areas are well-defined (i.e. art, dramatic play, fine motor, homework, science, math, and quiet homelike area);

(b) Each activity/interest area will have a posted capacity, which may vary according to the activity and size of the space, and will not exceed 30;

(c) Placement of cabinets, tables, carpeting, room-dividers, or shelving clearly define the different activity/interest areas;

(d) Individual children may freely move from one activity/interest area at their own pace as long as the capacity of any individual interest area is not exceeded;

(e) A single educator is responsible for supervising up to 15 children in one or more interest area as long as every child is in direct eyesight; and

(f) The total number of children in the larger room must not exceed the room capacity based on activity space. For example, if the larger room has a capacity of 90, and the maximum group size is 30, the room must be divided by at least three well-defined activity/interest areas and be supervised by at least six caregivers, who are spread out so that every child is "attended".

B. STAFF QUALIFICATIONS:

(1) Unless exempted under Paragraph (3) below, an out of school time program will have an administrator/director who is at least 21 years old and has proof of a current copy of:

(a) A child development associate (CDA) certificate, a certified child care professional credential (CCP), a Montessori teacher, a national administrator credential (NAC), or an associate of arts or applied science degree in child development or early childhood education and at least two years of experience in an early childhood growth and development setting; a school-age child care growth and development setting; or

(b) A bachelor's degree or higher in early childhood education or a related field with at least one year of experience in an early childhood growth and development setting or a school-age child care growth and development setting; early childhood growth and development settings include, but are not limited to, licensed or registered family child care programs, licensed center-based early childhood education and development programs, and family support programs.

(2) Every site of an out of school time program will have a site director who has at least a high school diploma or GED and proof of at least three years of experience working with children.

(3) Program administrators and site directors employed in a licensed program on the date these regulations become effective but who are not qualified will continue to qualify in their positions as long as they continuously work as program administrators or site directors. Current program administrators and site directors having a break in employment of more than one year must meet the requirements.

C. TRAINING:

(1) The program administrator will develop and document an orientation and training plan for new staff members and will provide information on training opportunities. New staff members will participate in an orientation before working with children. Initial orientation will include training on the following areas:

(a) Scope of services and activities offered by the program;

(b) Emergency first aid procedures;

(c) Indicators of child abuse and neglect;

(d) Fire prevention measures, emergency evacuation plan and disaster preparedness plan;

(e) Review of licensing regulations;

(f) Review of policies regarding guidance;

(g) Child abuse and neglect reporting;

(h) Handling of incidents and complaints; and

(i) Health and safety, including infection and injury prevention and control.

(2) All new staff members working directly with children regardless of the number of hours employed per week shall complete the following training within three months of their date of hire. Training must be approved to fulfill the following requirements. Approved trainings and substitutions will be listed on the ECECD's website. All current educators will have three months to comply with the following training from the date these regulations are promulgated:

(a) Prevention and control of infectious diseases (including immunization);

(b) Administration of medication, consistent with standards for parental consent;

(c) Prevention of and response to emergencies due to food or other allergic reactions;

(d) Building and physical premises safety, including identification of and protection from hazards that can cause bodily injury such as electrical hazards, bodies of water, and vehicular traffic;

(e) Abusive head trauma;

(f) Emergency preparedness and response planning for emergencies resulting from natural or man-caused disasters;

(g) Handling and storage of hazardous materials and the appropriate disposal of bio contaminants;

(h) Precautions in transporting children (if applicable);

(i) First aid and cardiopulmonary resuscitation (CPR) awareness with a pediatric component;

(j) Recognition and reporting of child abuse and neglect; and

(k) A child development course that addresses all major domains of child development, including cognitive, social emotional, physical development and approach to learning as defined by the federal Child Care and Development Fund (https://www.ecfr.gov/current/title-45/subtitle-A/subchapter-A/part-98.98.44.b.ii), or approved three-credit early care and education course or an equivalent approved by the department.

(3) New staff members working directly with children regardless of the number of hours employed per week will complete the following, or a three-credit early care and education course or an equivalent approved by the department prior to or within twelve months of employment or the effective date of these regulation amendments. Substitute educators are exempt from this requirement. Training must be approved by ECECD to fulfill the requirements. Approved trainings and substitutions will be listed on ECECD's website.

(a) Learning Environment: How Classroom Arrangement Impacts Behavior

(b) Challenging Behavior: Reveal the Meaning

(c) Building Strong Relationships with Families

(d) Honoring All Families

(4) A program will keep a training log on file with the employee's name, date of hire and position. The log must also include the date, hours of training, subject, training source and training certificate.

(5) All educators are required to obtain at least 24 hours of training each year. For this purpose, a year begins and ends at the anniversary date of employment. Training must address all seven competency areas within two years. Training shall be relevant to school age children. Identical trainings shall not be repeated for the purpose of obtaining credit. The competency areas are:

(a) Child growth, development, and learning;

(b) Health, safety, nutrition, and infection control;

(c) Family and community collaboration;

(d) Developmentally appropriate content;

(e) Learning environment and curriculum implementation;

(f) Assessment of children and programs; and

(g) Professionalism.

(6) Training must be provided by individuals who have education or experience in the competency area (or areas) in which they train. Employees or relatives of employees who provide training must have prior approval by the department.

(7) Program administrators may count hours in personnel and business training toward the training requirement.

[8.9.4.42 NMAC - N, 11/1/2022; A, 10/8/2024]

8.9.4.43 SERVICES AND CARE OF CHILDREN IN OUT OF SCHOOL TIME CARE:

A. GUIDANCE:

(1) A program will have written policies and procedures clearly outlining guidance practices. Facilities will give this information to all parents and staff who will sign a form to acknowledge that they have read and understand these policies and procedures.

(2) Guidance will be consistent and age appropriate.

(3) Guidance shall be positive and include redirection and clear limits that encourage the child's ability to become self-disciplined. The use of physical or mechanical restraints is prohibited unless due to documented emergencies or medically documented necessity.

(4) A program will not use the following disciplinary practices:

(a) physical punishment of any type, including shaking, biting, hitting or putting anything on or over a child's mouth;

(b) withdrawal of food, rest, bathroom access, or outdoor activities;

(c) abusive or profane language, including yelling;

(d) any form of public or private humiliation, including threats of physical punishment; or

(e) unsupervised separation.

(5) Children will not be lifted by the arms, hands, wrist, legs, feet, ankles, or clothing.

B. PHYSICAL ENVIRONMENT:

(1) Environment shall be organized into age appropriate functional identifiable learning areas. If any of the selected learning areas are not represented at a given time, the areas shall be rotated to provide children with the opportunity to gain skills supported by a variety of learning experiences. The areas may include:

(a) dramatic play;

(b) creative art;

(c) books;

(d) blocks and accessories;

(e) manipulatives;

(f) music;

(g) science;

(h) math/number; and

(i) sensory.

(2) Each center is clearly defined, using shelves and furniture.

(3) Adults can visually supervise all centers at all times.

(4) The capacity of each room will be posted in an area of the room that is readily visible to parents, staff members, and visitors.

(5) Learning areas have adequate space and quiet areas are arranged so that children's activities can be sustained without interruption.

(6) Materials are well cared for and organized by type. Where appropriate, materials are labeled with words or pictures. Adaptations to materials are made when needed to accommodate various abilities of all children. Unused materials are stored in inaccessible storage.

(7) Examples of children's individually expressed artwork are displayed in the environment at the children's eye level.

(8) The floor surface is suitable for activities that will occur in each learning area.

(9) File and storage space is available for educators' materials.

C. SOCIAL-EMOTIONAL RESPONSIVE ENVIRONMENT:

(1) Educators remain calm in stressful situations.

(2) Educators are actively engaged with children. Educators talk, actively listen and respond to children appropriately by responding to children's questions and acknowledging their comments, concerns, emotions and feelings.

(3) Educators help children communicate their feelings by providing them with language to express themselves.

(4) Educators model appropriate social behaviors, interactions and empathy. Educators respond to children that are angry, hurt, or sad in a caring and sensitive manner. Educators make appropriate physical contact to comfort children who are distressed.

D. EQUIPMENT AND PROGRAM:

(1) A program will provide sufficient equipment, materials, and furnishings for both indoor and outdoor activities so that at any one time each child can be individually involved. Toys shall be disinfected, at a minimum of, once per week. Frequency of disinfection of toys must be increased in the event of a communicable disease, following appropriate guidance.

(2) Each child at a program will have a designated space for storage of clothing and personal belongings.

(3) A program will store equipment and materials for children's use within easy reach of the children, including those with disabilities. A program will store the equipment and materials in an orderly manner so children can select and replace the materials by themselves or with minimal assistance.

(4) A program will provide children with toys, educational materials, equipment and other materials and activities that are safe, developmentally appropriate, and encourage the child's educational progress, creativity, social interaction, and a balance of individual and group activity. Program staff must be onsite, available and responsive to children during all hours of operation.

(5) A program will post a daily activity schedule. A program will follow a consistent pattern for routine activities such as meals, snacks and rest.

(6) Media viewing will be limited to six hours per month, but not to exceed one full length film in one day. Programs, movies, music and music programs shall be age appropriate and shall not contain adult content. Media viewing to include all of the above as well as computers, tablets, phones, smart devices and screen-based learning equipment. An exception is media that is used for curriculum-based purposes or led by an educator.

(7) Children and family members shall be acknowledged upon arrival and departure.

(8) Equipment and program requirements apply during all hours of program operation.

E. ADDITIONAL REQUIREMENTS FOR CHILDREN WITH SPECIAL NEEDS:

(1) Child care facilities are responsible for staff awareness of community resources for families of children with disabilities, including children under the age of five years as well as those of school age. If staff believe that a child may have a delay or disability, possible resources for referral and assistance are provided to parents when appropriate. No referral for special needs services to an outside agency will be made without a parent's consent. Family Education Right and Privacy Act (FERPA) will be respected at all times.

(2) Child care facilities are responsible for staff awareness of the Americans with Disabilities Act (ADA) as it relates to enrolling and caring for children with disabilities.

F. OUTDOOR PLAY AREAS:

(1) Outdoor play equipment used in out of school time programs shall be:

(a) intended for public (non-residential) use and installed and maintained according to the manufacturer's instructions; and

(b) if intended for residential use, shall be safe and securely anchored.

(2) A program will place sufficient energy absorbing surfaces beneath climbing structures, swings and slides. Based on the consumer product safety commission (CPSC) playground guidelines, grass, artificial turf, and rubber play mats are not energy absorbent material (as determined by Subsection N of 8.9.4.8 NMAC).

Critical Heights of Playground Equipment for Various Types and Depths of Resilient Surfaces Based on Information from the U.S. CONSUMER PRODUCT SAFETY COMMISSION (CPSC Publication No. 325), Handbook for Public Playground Safety.
When no requirement is provided for a specific height of equipment, we have used the requirement for the next higher height, so requirements are conservative, erring on the side of safety.

Equipment Height	Wood Chips	Double Shredded Bark	Uniform Wood Chips	Fine Sand	Coarse Sand	Fine Gravel
	Uncompressed Depths of Materials In Fall Zone					
Five feet or less	6 inches	6 inches	6 inches	6 inches	6 inches	6 inches
Six feet	6 inches	6 inches	6 inches	12 inches	12 inches	6 inches
Seven feet	6 inches	9 inches	9 inches	12 inches	12 inches	9 inches
Eight feet	9 inches	9 inches	12 inches	12 inches	12 inches	12 inches
Nine Feet	9 inches	9 inches	12 inches	12 inches	N/A	12 inches
Ten Feet	9 inches	9 inches	12 inches	N/A	N/A	12 inches
For poured or installed foam or rubber surfaces, the materials must meet the ASTM F1292 requirements with written verification from the manufacturer.						

(3) The use of a trampoline is prohibited at any time during the hours of operation or by any children receiving care at the facility.

(4) Licensees shall protect children from the sun during outdoor play by providing shade (as necessary), sunscreen, proper attire and limiting the time of exposure to the elements. The program must also consider instruction by the child's parent or guardian. Drinking water shall be available as needed and maintained at a cool temperature while children are playing outside.

G. SWIMMING, WADING AND WATER:

(1) Each child will have written permission from a parent or guardian before the child enters the pool.

(2) If a program has a portable wading pool:

(a) a program will drain and fill the wading pool with fresh water daily and disinfect the pool regularly;

(b) a program will empty a wading pool when it is not in use and remove it from areas accessible to children; and

(c) a program will not use a portable wading pool placed on concrete or asphalt.

(3) If a program has a built in or above ground swimming pool, ditch, fishpond or other water hazard:

(a) the fixture will be constructed, maintained and used in accordance with applicable state and local regulations;

(b) the fixture will be constructed and protected so that, when not in use, it is inaccessible to children; and

(c) when in use, children will be constantly supervised and the number of adults present will be proportional to the ages and abilities of the children and type of water hazard in use.

(4) The following ratios shall be observed for swimming pools more than two feet deep:

	Ratio for swimming pools more than two feet deep	
Age of the youngest child	Number of educators, lifeguards or volunteers	Number of children
5 years	1	10
6 years and older	1	12

H. FIELD TRIPS:

(1) A program will ensure the children's safety on field trips and excursions. See Subparagraph (f) of Paragraph (1) of Subsection D of 8.9.4.41 NMAC for requirements concerning field trip permission slips.

(2) Children will not go to a private residence unless accompanied by two adults.

[8.9.4.43 NMAC - N, 11/1/2022]

8.9.4.44 FOOD SERVICE REQUIREMENTS FOR OUT OF SCHOOL TIME CARE:

A. MEAL PATTERN REQUIREMENTS: All foods prepared by the program will conform to the guidelines from United States department of agriculture's (USDA's) child and adult care food program (CACFP) for foods, meal patterns and serving sizes.

B. MEALS AND SNACKS:

(1) A program will provide a child a meal or snack at least every three hours.

(2) A program will serve a child a therapeutic or special diet with a written prescription/diet order from a physician or a recognized medical authority. Diet orders must be complete and descriptive, and not subject to interpretation by the program staff.

(3) A program will serve snacks each day and will include a selection of two different food group components from the four food group components.

(4) A program shall serve only one hundred percent fruit or vegetable juice. The use of fruit drinks that contain less than one hundred percent juice or artificially flavored drinks for meals or snacks is prohibited. One hundred percent fruit or vegetable juice may be diluted with water.

(5) A program shall serve a wide variety of fruits and vegetables, with a preference for fresh or frozen fruits and vegetables over canned.

(6) A program shall make water freely available to children.

(7) Menus shall contain a variety of foods. The same menu must not be served twice in one week.

C. KITCHENS:

(1) A program will not allow children in the kitchen except under careful supervision.

(2) A food preparer will thoroughly wash all raw fruits and vegetables before cooking or serving.

(3) A program will serve food promptly and refrigerate immediately after use.

(4) A program will discard any leftover milk.

(5) A program will keep food requiring refrigeration, at 41 degrees Fahrenheit or below and frozen food at 0 degrees Fahrenheit or below.

(6) Refrigerators and separate freezers will have working internal thermometers.

(7) A program will protect food and drink from insects, rodents, and other vermin by properly storing items in an airtight container or by tightly wrapping them. A program will label and date all leftover food.

(8) A program will sanitize eating utensils, dishes and cups before re-use by washing them in a dishwasher or by completing the following steps:

(a) wash with soapy water;

(b) rinse with clean warm water; and

(c) sanitize

(9) A program will use cleaning materials for the kitchen and food preparation areas only in the kitchen and will store the materials separately from food.

(10) A program will equip dining areas with tables, chairs, eating utensils and dishes appropriate to the age of the children served and sanitize the areas before and after use.

(11) A program will provide sanitary cups or glasses or a drinking fountain for drinking water. A program will not allow children to share drinking or eating utensils.

(12) A program shall thoroughly sanitize food preparation surfaces before and after each use.

(13) Disposable plates, cups and plastic utensils of food-grade, medium weight may be used for single service. Styrofoam cups shall not be used at any time.

[8.9.4.44 NMAC - N, 11/1/2022]

8.9.4.45 HEALTH AND SAFETY REQUIREMENTS FOR OUT OF SCHOOL TIME CARE:

A. HYGIENE: Children and staff members will wash their hands with soap and warm running water as needed. Water basins shall not be used as an alternative to running water. Staff and children will wash their hands whenever hands are contaminated with body fluids and always:

(1) after using a toilet;

(2) before and after caring for a sick child;

(3) before any food service activity, including setting the table;

(4) before and after eating;

(5) after handling pets or animals or items used by animals such as water and food bowls; and

(6) after handling trash.

B. FIRST AID REQUIREMENTS:

(1) A program will have all educators certified in first aid and cardiopulmonary resuscitation (CPR) with a pediatric component. Online first aid and CPR training will not be approved, unless there is a hands-on component included. In-person requirements may be waived in case of an emergency. Staff shall obtain the first aid /CPR certification within three months of being hired. All staff shall maintain current first aid /CPR certification. Prior to licensure, at a minimum, the site director shall have first aid/CPR certification.

(2) A program will keep a first-aid kit and a first-aid manual together in the program in a location inaccessible to children and easily accessible to adults. The first aid kit will contain, as a minimum, band aids, gauze pads, adhesive tape, scissors, soap, non-porous gloves, and a thermometer.

(3) A program will treat blood spills cautiously and promptly decontaminate the area. Staff members will wear non-porous, single-use gloves when handling a blood spill, bloody diarrhea, bloody nose, or any other blood. A program will clean contaminated surfaces first with hot soapy water then with a disinfecting solution which is effective against HIV and hepatitis B.

C. MEDICATION:

(1) A program will keep all medications in a locked and identified container inaccessible to children and will refrigerate medications when necessary. If the refrigerator is inaccessible to children, medications do not need to be in a locked container in the refrigerator.

(2) Programs will give medication only with written permission from parents or guardian, to be administered according to written directions from the prescribing physician. In the case of non-prescription medication, written instructions must be provided by the parent or guardian.

(3) A designated staff member will be responsible for giving medication to children. The designated staff member will ensure non-prescription and prescription medications have a label with the child's name and the date the medication was brought to the program. A program will keep non-prescription and prescription medication in the original container with written instructions, including the name of medication, the dosage, and the hours and dates the child should receive the medicine.

(4) The designated staff member will keep a written record of the dosage, date, and time a child is given medication with the signature of the staff who administered the medication. This information will be provided to the parent or guardian

who will initial/date acknowledgment of the information received on the day the medication is given.

(5) When the medication is no longer needed, it shall be returned to the parents or guardians or destroyed. The program shall not administer expired medication.

D. ILLNESSES:

(1) Children or staff members absent due to any notifiable disease will not return to the program without a signed statement from a physician.

(2) A program will separate and constantly observe a child who becomes sick at the program and promptly notify a parent or guardian of the child's illness.

(3) A program will send a child home when:

(a) the child's oral temperature is 101 degrees Fahrenheit or greater or armpit temperature is 100.4 degrees Fahrenheit or greater and the child shows signs of illness or behavior changes; or

(b) an educator observes signs of contagious disease or severe illness.

(4) The program will have a cot or mat available for sick children and it will be cleaned and disinfected thoroughly after use.

[8.9.4.45 NMAC - N, 11/1/2022]

8.9.4.46 TRANSPORTATION REQUIREMENTS FOR OUT OF SCHOOL TIME CARE:

A. All vehicles used for transportation of children will have an operable, fully-charged fire extinguisher, first-aid kit, first-aid manual, water and blanket.

B. A program will load and unload children at the curbside of the vehicle or in a protected parking area or driveway. The program will ensure children do not cross a street unsupervised after leaving the vehicle.

C. No one will smoke, use e-cigarettes or vaporizers in a vehicle used for transporting children.

D. A program will license all vehicles used for transporting children and will meet all applicable state vehicle laws. A child shall be transported only if the child is properly secured in a child passenger restraint device or by a safety belt as follows. School buses that are not equipped with passenger restraint devices are exempt from this requirement.

(1) Children five years of age through six years of age, regardless of weight, or children who weigh less than 60 pounds, regardless of age, shall be properly secured in either a child booster seat or an appropriate child passenger restraint device that meets federal standards.

(2) Children seven years of age through 12 years of age shall be secured in a child passenger restraint device or by a seat belt.

E. Vehicles used for transporting children will be enclosed and properly maintained. Vehicles shall be cleaned and inspected inside and out at least weekly.

F. Vehicles operated by the program to transport children shall be air-conditioned whenever the outside air temperature exceeds 82 degrees Fahrenheit. If the outside air temperature falls below 50 degrees Fahrenheit the program will ensure the vehicle is heated.

G. Children may be transported only in vehicles that have current registration and insurance coverage. All drivers must have current driver's license and comply with motor vehicle and traffic laws. Persons who have been convicted in the last seven years of a misdemeanor or felony DWI/DUI cannot transport children under the auspices of a licensed facility/program.

H. At least one adult transporting children shall be currently certified in cardiopulmonary resuscitation (CPR) with a pediatric component.

I. Providers will conduct frequent head counts on all trips and when loading and unloading the vehicle.

[8.9.4.46 NMAC - N, 11/1/2022]

8.9.4.47 BUILDING, GROUND AND SAFETY REQUIREMENTS FOR OUT OF SCHOOL TIME CARE:

A. HOUSEKEEPING:

(1) A program will keep the premises, including furniture, fixtures, toys and equipment clean, safe, and free of debris and potential hazards.

(2) Materials dangerous to children must be secured in a manner making them inaccessible to children and away from food storage or preparation areas.

(3) All garbage and refuse receptacles in kitchens and in outdoor areas will be durable, and constructed of materials that will not absorb liquids.

B. PEST CONTROL:

(1) All licensed programs must use a New Mexico licensed applicator whenever applying pesticides in or on the program's buildings and grounds.

(2) The applicator may not apply pesticides when children are on the premises.

(3) Parents, guardians, and staff must be notified at least two days prior to spraying or applying pesticides.

(4) All food storage, preparation, and serving areas must be covered and protected from spraying or application of pesticides.

C. MECHANICAL SYSTEMS:

(1) A program will maintain comfortable temperatures (68 degrees Fahrenheit through 82 degrees Fahrenheit) in all rooms used by children. A program may use portable fans if the fans are secured and inaccessible to children and do not present any tripping, safety or fire hazards. In the event air temperature in a program exceeds the 82 degrees Fahrenheit in the summer months because of evaporative cooler temperature limitations, it will be verified that cooling equipment is functioning, is being maintained, and that supplemental aides have been employed, such as, but not limited to: ceiling fans, portable fans, or portable evaporative coolers.

(2) A program must maintain all heating and cooling equipment so that it is in good working order.

(3) A program will not use unvented heaters, open flame heaters or portable heaters. A program will install barriers or take other steps to ensure heating units, are inaccessible to children. Heating units include hot water pipes, infrared heaters, ceramic heaters, hot water baseboard heaters hotter than 110 degrees Fahrenheit, fireplaces, fireplace inserts and wood stoves.

(4) A program will provide fresh air and control odors by either mechanical or natural ventilation. If a program uses a window for ventilation, it will have a screen. If a door is used for ventilation, it must have a screen door.

(5) Water coming from a faucet will be below 110 degrees Fahrenheit. A program will install a tempering valve ahead of all domestic water-heater piping.

(6) All food preparation areas, sinks, washrooms, laundries and bathrooms will have hot and cold running water under pressure.

D. LIGHTING, LIGHTING FIXTURES AND ELECTRICAL:

(1) All areas will have sufficient glare-free lighting with shatterproof or shielded bulbs.

(2) A program will have emergency lighting that turns on automatically when electrical service is disrupted.

(3) Use of electrical cords and outlets:

(a) A program will use U/L approved equipment only and will properly maintain this equipment.

(b) The use of multi-prong or gang plugs is prohibited. Surge protectors are not gang plugs under these regulations.

E. EXITS AND WINDOWS: When an activity area does not have a door directly to the outside, at least one window in each activity area must be able to be opened for emergency egress with a minimum net clear opening of 5.7 square feet. The minimum net clear opening for height dimension must be 24 inches. The minimum net clear opening width dimension must be 20 inches, and the finished sill height must not be more than 44 inches above the floor.

(1) There must be at least two exits remote from each other in each activity area of the program.

(2) Exit ways must be kept free from obstructions at all times.

F. TOILET AND BATHING FACILITIES:

(1) All toilet rooms will have toilet paper, soap and disposable towels at a height accessible to children. A program will not use a common towel or wash cloth.

(2) All toilets and sinks must be accessible, functional, and located within 100 feet of the licensed area. The staff member shall maintain a direct line of sight of the child until the child enters the bathroom and from the time the child leaves the bathroom until the child returns. A staff member will accompany children to the bathroom door when maintaining a line of sight is impossible due to bathrooms being not located within a direct line of sight.

G. SAFETY COMPLIANCE:

(1) A program will conduct emergency preparedness practice drills at least quarterly beginning of each school calendar year.

(2) A program will conduct at least one fire drill each month. A program will:

(a) hold the drills at different times of the day;

(b) use the fire alarm, detector system or a simulated fire alarm;

(c) emphasize an orderly evacuation rather than speedy; and

(d) a program will keep on file a record of the drills with the date, time, number of adults and children participating, and any problems encountered during the drills. Records will be kept for one year.

(3) A program shall request an annual fire inspection from the fire authority having jurisdiction. If the policy of the fire authority having jurisdiction does not provide for an annual inspection of the program, the program must document the date the request was made and to whom. A copy of the latest inspection must be posted in the program.

(4) A program will post evacuation plans for each room used by children in the appropriate room.

(5) A program will keep a working telephone in an easily accessible place for calling for help in an emergency and will post emergency phone numbers for fire, police, ambulance and the poison control center next to the phone. A pay phone will not fulfill this requirement. If cordless phones are used, emergency numbers shall be posted on the phone itself. Facilities shall post the program's telephone number and address in a conspicuous location next to the emergency phone numbers.

(6) A program must be equipped with smoke detectors approved in writing by the fire authority having jurisdiction as to number, type, and placement.

(7) A program must have a minimum of two fully-charged 210ABC fire extinguishers, one located in the kitchen or food preparation area, and one centrally located in the program.

(8) Fire extinguishers, alarm systems, automatic detection equipment, and other firefighting must be properly maintained and inspected on at least a yearly basis; fire extinguishers must be tagged noting the date of inspection; see Paragraph (2) of Subsection D of 8.9.4.47 NMAC for emergency lighting requirements.

H. SMOKING, FIREARMS, ALCOHOLIC BEVERAGES, ILLEGAL DRUGS AND CONTROLLED SUBSTANCES: A program will prohibit smoking, use of e-cigarettes and vaporizers in all areas, including vehicles, and will not allow any alcoholic beverages, firearms, lethal or non-lethal weapons or non-prescription controlled substances (drugs) on the premises or in vehicles. Possessing or knowingly permitting illegal drugs, paraphernalia, or non-prescription controlled substances to be possessed or sold on the premises at any time regardless of whether children are present is prohibited.

I. PETS:

(1) A program will inform parents or guardians in writing before pets are at the program site.

(2) A program will not allow pets in the kitchen, food serving, food storage areas, or bathrooms.

(3) A program will inoculate any pets as prescribed by a veterinarian and keep a record of proof of inoculation prior to the pet's presence at the program.

(4) A program will not allow on the premises pets or other animals that are undomesticated, dangerous, contagious or vicious in nature.

(5) Areas of confinement, such as cages and pens, and outdoor areas are cleaned of excrement daily. Animals shall be properly housed, fed and maintained in a safe, clean sanitary and humane condition at all times.

(6) A staff member must be physically present during the handling of all pets or other animals.

[8.9.4.47 NMAC - N, 11/1/2022]

PART 5: NON-LICENSED CHILD CARE; REQUIREMENTS GOVERNING REGISTRATION OF NON-LICENSED FAMILY CHILD CARE HOMES

8.9.5.1 ISSUING AGENCY:

Early Childhood Education and Care Department ("ECECD").

[8.9.5.1 NMAC - N, 11/1/2022]

8.9.5.2 SCOPE:

All non-licensed family child care homes within the state of New Mexico who are intending to participate in the child and adult care food program or the child care services programs.

[8.9.5.2 NMAC - N, 11/1/2022]

8.9.5.3 STATUTORY AUTHORITY:

The requirements (regulations) set forth herein, are established pursuant to the federal regulations at 7 CFR Part 226 CACFP, 45 CFR Part 98 CCDBG, the New Mexico Public Health Act, Sections 24-1-2 and 24-1-5 NMSA 1978, and the New Mexico Children's Code, Section 32A-15-3 NMSA 1978. These regulations are promulgated by the authority set forth in Subsection E of Section 9-29-6 NMSA 1978. Child care homes registered pursuant to these regulations for participation in the child and adult care food

program (CACFP) and child care assistance programs (CCAP) with Early Child Education and Care Department, are health facilities within the scope of Sections 24-1-2, 24-1-5 NMSA 1978, and Section 32A-15-3 NMSA 1978. See also Paragraph (3) of Subsection (A) of Section 9-29-3 NMSA 1978.

[8.9.5.3 NMAC - N, 11/1/2022]

8.9.5.4 DURATION:

Permanent.

[8.9.5.4 NMAC - N, 11/1/2022]

8.9.5.5 EFFECTIVE DATE:

November 1, 2022, unless a later date is cited at the end of a section.

[8.9.5.5 NMAC - N, 11/1/2022]

8.9.5.6 OBJECTIVE:

The objective of 8.9.5 NMAC is to establish standards and procedures to permit independent caregivers who are not required to be licensed as family child care homes under state regulation 8.9.4 NMAC to participate in the federal child and adult care food program and the state and federal child care assistance programs through the registration process. The objective of 8.9.5 NMAC is also to establish standards and procedures that promote equal access to services and prohibit discrimination based on race, color, religion, sex (including pregnancy, sexual orientation, or gender identity), national origin, disability, or age (40 or older).

[8.9.5.6 NMAC - N, 11/1/2022]

8.9.5.7 DEFINITIONS:

A. Terms beginning with the letter "A":

(1) "Abuse" means any act or failure to act, performed intentionally, knowingly or recklessly, which causes or is likely to cause harm to a child, including:

(a) physical contact that harms or is likely to harm a child;

(b) inappropriate use of a physical restraint, isolation, medication or other means that harms or is likely to harm a child;

(c) punishment that is hazardous to the physical, emotional or mental state of the child; and

(d) an unlawful act, a threat or menacing conduct directed toward a child that results or might be expected to result in fear or emotional or mental distress to a child.

(2) "Adult" means a person who has a chronological age of 18 years or older.

(3) "Attended" means the physical presence of a staff member of educator supervising children under care. Merely being within eyesight of hearing of the children does not mean actively engaged or meet the intent of this definition.

B. Terms beginning with the letter "B": [RESERVED]

C. Terms beginning with the letter "C":

(1) "Care" means the provisions of what is necessary to meet the needs of the health, welfare, maintenance, and protection of a child.

(2) "Cease and desist letter" means a formal letter from the registered authority to a provider outlining any ongoing violation of applicable regulations and providing 24 - 72 hours, depending on the circumstances, to rectify the violation(s) before additional action, including suspension or revocation, is taken by the registered authority. A cease and desist letter is usually issued when a registered care giver violates applicable regulations, but there is not an immediate threat to the health and safety of children in care, and seeks to compel compliance before more serious action is taken. A cease and desist letter must provide the specific deadline to rectify the violation(s), 24 to 72 hours, and specify the subsequent action the registered authority will take if the violation(s) is not corrected by that deadline.

(3) "Child" means any person who is under the chronological age of 18 years.

(4) "Child and adult care food program (CACFP)" means the state of New Mexico's family nutrition bureau which administers the federal child and adult care food program.

(5) "Child care assistance program (CCAP)" means the state of New Mexico's child care services bureau (CCSB) which administers the federal child care and development fund (CCDF).

(6) "Child with a disability or special needs" means a child with an identified disability, health, or mental health conditions requiring early intervention, special education services, or other specialized services and support; or children without identified conditions, but requiring specialized services, supports, or monitoring.

(7) "Clean" means to physically remove all dirt and contamination.

(8) "Conditions of operation" means a written plan that applies to a registered home and is developed by the licensing authority when the registered authority determines that provisions within these regulations have been violated. The plan addresses corrective actions that the caregiver must take within a specified timeframe.

(9) "Corrective action plan" means the plan submitted by the caregiver addressing how and when identified deficiencies will be corrected.

D. Terms beginning with the letter "D":

(1) "Disinfect" means to destroy or inactivate most germs on any inanimate object, but not bacterial spores. Mix four tablespoons of bleach with one gallon of cool water or use an environmental protection agency (EPA) registered disinfectant.

(2) "Drop-in" means a child who attends a child care home on an occasional or unscheduled basis to include children who come to play with provider's children without parent being present.

E. Terms beginning with the letter "E":

(1) "Emergency caregiver" means someone 18 years of age or older who is authorized by the primary caregiver to provide care on an emergency basis, eight hours or less, on behalf of the primary caregiver.

(2) "Exempt caregiver" means a child care home primary caregiver who is exempt from participating in the CACFP because he or she is caring only for resident children or does not provide child care during the hours when a meal (breakfast, lunch or dinner) is served.

(3) "Exploitation" of a child consists of the act or process, performed intentionally, knowingly, or recklessly, or using a child's property for another person's profit, advantage or benefit without legal entitlement to do so.

(4) "Expulsion" means the involuntary termination of the enrollment of a child or family.

F. Terms beginning with the letter "F": "Family, friend or neighbor (FFN)" means care provided temporarily in a home and only in the case of a public health emergency.

G. Terms beginning with the letter "G": "Guidance" means fostering a child's ability to become self-disciplined. Guidance shall be consistent and developmentally appropriate.

H. Terms beginning with the letter "H":

(1) "Home" means a private residence and its premises registered under these regulations where children receive care, services, and supervision. The caregiver will reside in the home and be the primary caregiver. A home will be considered a building or fixed dwelling that can be occupied for living purposes if it provides complete independent living facilities, including permanent provisions for plumbing and electricity. Special considerations will be made for homes on tribal lands.

(2) "Homeless children and youth" means individuals who lack a fixed, regular, and adequate nighttime residence, which includes:

(a) children and youth who are temporarily sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks (excludes mobile homes), or camping ground due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals; or are awaiting foster care placement;

(b) children and youth who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;

(c) children and youth who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and

(d) migratory children who qualify as homeless for the purposes of this subtitle because the children are living in circumstances described in subparagraphs (a) though (c) of this Paragraph.

I. Terms beginning with the letter "I":

(1) "Infant" means a child from birth to 12 months.

(2) "In-home care" means care provided in the child's own home. In-home care registrations are limited to care of children with documented special needs or a medical condition, and the siblings of qualifying child. In-home care registrations must comply with the following:

(a) Parents or legal guardians who choose to use an in-home provider become the employer of the child care provider and must comply with all federal and state requirements related to employers, such as the payment of all federal and state employment taxes and the provision of wage information. Any parent or legal guardian who chooses to employ an in-home provider releases and holds the department harmless from any and all actions resulting from their status as an employer. Payments for in-home provider care are made directly to the parent or legal guardian.

(b) Parents or guardians are responsible for submitting documentation from a medical professional detailing the need for in-home care.

(c) Parent or guardians must consent to initial and annual inspections in accordance with 8.9.5.13 NMAC.

(d) In-home care registrations are exempt from the health and safety requirements outlined in Subsections C, D, E, F, G, H, I, J, R, T, U, V, W, X, Z of 8.9.5.22 NMAC; 8.9.5.23 NMAC; and Subsections D and I of 8.9.5.25 NMAC.

J. Terms beginning with the letter "J": [RESERVED]

K. Terms beginning with the letter "K": [RESERVED]

L. Terms beginning with the letter "L": [RESERVED]

M. Terms beginning with the letter "M": "Media" means the use of televisions, video games, and non-educational on-line streaming such as video and social media.

N. Terms beginning with the letter "N":

(1) "Neglect" means the failure to provide the common necessities including but not limited to: food, shelter, a safe environment, education, emotional well-being and healthcare that may result in harm to the child.

(2) "Non-resident child" means any child who does not reside in the primary caregiver's home.

(3) "Notice of Provisional Employment" means a written notice issued to a child care center or home applicant indicating the background check unit reviewed the applicant's fingerprint based federal or New Mexico criminal record and made a determination that the applicant may begin employment under direct physical supervision until receiving background eligibility. A notice may also indicate the applicant must receive a complete background eligibility prior to beginning employment.

(4) "Notifiable diseases" means confirmed or suspected diseases/conditions as identified by the New Mexico department of health which require immediate reporting to the office of epidemiology which include but are not limited to: measles, pertussis, food borne illness, hepatitis and acquired immune deficiency syndrome.

O. Terms beginning with the letter "O": [RESERVED]

P. Terms beginning with the letter "P":

(1) "Pacifier" means a rubber or plastic device, often shaped into a nipple, for an infant to suck or bite.

(2) "Premises" means all parts of the buildings, grounds, and equipment of a non-licensed home pursuant to these regulations.

(3) "Primary caregiver" means a registered child care home caregiver 18 years of age or older who is personally providing care to children, less than 24 hours a day, in his/her own residence and has completed the registration process, paid the required fee and has no other employment during hours of care. The primary caregiver must reside in the home.

Q. Terms beginning with the letter "Q": [RESERVED]

R. Terms beginning with the letter "R":

(1) "Registered authority" means the child care services bureau - regulatory oversight unit of the early education, care and nutrition division of the New Mexico Early Childhood Education and Care Department (ECECD).

(2) "Registered family child care home" means the residence of an independent primary caregiver who registers the home under these regulations to participate in the child and adult care food program or in the state and federal child care assistance programs.

(3) "Registered family child care food-only home" means the residence of an independent primary caregiver who registers the home under these regulation to participate in the child and adult care food program only and does not participate in the state and federal child care assistance program.

(4) "Resident child" means any child who resides in the home, such as the primary caregiver's own children by birth or adoption, foster children, grandchildren, or cohabitant's children who are part of the residential unit.

S. Terms beginning with the letter "S":

(1) "Serious injury" means the death of a child or accident, illness, or injury that requires treatment by a medical professional or hospitalization.

(2) "Significant amount of time" means someone who is on the premises for more than one hour per day during hours of care.

(3) "Substantiated" means an incident or complaint determined to factual, based on an investigation of events.

(4) "Substitute caregiver" means someone 18 years of age or older who is authorized by the primary caregiver and the registered authority to provide care in the absence of the primary caregiver and is required to complete all the items required of primary caregivers, including background check clearance in accordance with the most current provisions of 8.9.6 NMAC governing background checks and employment history verification provisions.

(5) "Supervision" means the direct observation and guidance of children at all times and requires being physically present with them.

(6) "Survey" means a representative of ECECD's authority to enter a home, observes activity, examine the records and premises, interviews parents and records deficiencies.

T. Terms beginning with the letter "T": "Toddler" means a child age 12 months to 24 months.

U. Terms beginning with the letter "U":

(1) "Unattended" means a caregiver is not physically present with a child or children under care.

(2) "Unsubstantiated" means an incident or complaint not determined to be factual based on an investigation of events.

V. Terms beginning with the letter "V": [RESERVED]

W. Terms beginning with the letter "W": [RESERVED]

X. Terms beginning with the letter "X": [RESERVED]

Y. Terms beginning with the letter "Y": [RESERVED]

Z. Terms beginning with the letter "Z": [RESERVED]

[8.9.5.7 NMAC - N, 11/1/2022]

8.9.5.8 APPLICATION:

A. An independent caregiver who wants to participate in the federal child and adult care food program and state and federal child care assistance programs must apply as a registered family child care home by submitting an application, receiving an on-site health and safety inspection by ECECD, completing the registration process and paying the processing charge. One primary caregiver per household can be registered or licensed with CCSB. All registered homes receiving child care assistance subsidies must be enrolled and participate in the CACFP, unless they are exempt. Primary caregivers must provide photo identification to prove identity and documentation of proof of address.

B. An applicant will complete an application form provided by the registered authority and include payment for the non-refundable application fee. Applications will be rejected unless all supporting documents are received within six months of the date indicated on the application. A 45 day extension will be granted if the applicant provides

documentation to the licensing authority that documents were submitted to the appropriate agencies in a timely manner but, through no fault of their own, they have not received responses from these agencies. In home care registrations are exempt from the application fee.

C. A home will submit a new application to the registered authority before changing anything required to be stated on the registration such as: change of name, dates, status or address.

[8.9.5.8 NMAC - N, 11/1/2022]

8.9.5.9 REGISTERED AUTHORITY (ADMINISTRATION AND ENFORCEMENT RESPONSIBILITY):

The child care services bureau - regulatory oversight unit of the early education, care and nutrition division of ECECD, hereafter called the registered authority, has been granted the responsibility by ECECD for the administration and enforcement of these regulations pursuant to the Early Childhood Education and Care Department Act, Sections 9-29-1 to 9-29-12 NMSA 1978, as amended.

[8.9.5.9 NMAC - N, 11/1/2022]

8.9.5.10 CAREGIVER REQUIREMENTS:

A. All child care primary caregivers who receive child care assistance reimbursements are required to be licensed or registered by the department and meet and maintain compliance with the appropriate licensing and registration regulations in order to receive payment for child care services. All registered homes receiving child care assistance subsidies must be enrolled and participate in a CACFP, unless they are exempt.

B. All caregivers, including primary, substitute and emergency caregivers must be at least 18 years of age, and must demonstrate the ability to perform essential job functions that reasonably ensure the health, safety and welfare of children in care.

C. Primary and substitute caregivers must comply with background check requirements in accordance with the most current provisions of 8.9.6 NMAC governing background checks and employment history verification provisions. A request for a background check must be submitted prior to a substitute caregiver employment. A substitute caregiver must receive a notice of provisional employment prior to beginning employment or obtain a background check in accordance with 8.9.6 NMAC.

D. Emergency caregivers may provide care on unforeseen, unforeseeable and rare occasions for up to eight hours per month on behalf of the primary caregiver. Emergency caregivers must comply with background check requirements, and be certified in first – aid and cardiopulmonary resuscitation (CPR) with a pediatric

component. Emergency caregivers may be exempted from all other training requirements. Anyone who provides care repeatedly or in reasonably foreseeable circumstances is a substitute caregiver and must have the required background checks and training.

E. A substitute caregiver is anyone who provides care repeatedly or in reasonably foreseeable circumstances and must have the required background checks and training.

F. In the event care is provided by a substitute or emergency caregiver, all parents/guardians must be notified as promptly as possible.

G. All caregivers are responsible for immediately reporting to the appropriate authorities any signs or symptoms of child abuse or neglect.

H. All new primary and substitute caregivers of registered family child care homes, with the exception of registered family child care food-only homes, must complete the following training within three months of their original date of initial registration. Training must be approved to fulfill the following requirements. Approved trainings and substitutions will be listed on the ECECD's website. All current primary and substitute caregivers in a registered family child care home will have three months to comply with the following training from the date these regulations are promulgated:

(1) prevention and control of infectious diseases (including immunization);

(2) prevention of sudden infant death syndrome and use of safe sleeping practices;

(3) administration of medication, consistent with standards for parental consent;

(4) prevention of and response to emergencies due to food or other allergic reactions;

(5) building and physical premises safety, including identification of and protection from hazards that can cause bodily injury such as electrical hazards, bodies of water, and vehicular traffic;

(6) prevention of shaken baby syndrome and abusive head trauma;

(7) emergency preparedness and response planning for emergencies resulting from a natural disaster, or a man-caused;

(8) handling and storage of hazardous materials and the appropriate disposal of bio contaminants;

(9) precautions in transporting children (if applicable);

(10) first aid and cardiopulmonary resuscitation (CPR) awareness with a pediatric component;

(11) recognition and reporting of child abuse and neglect; and

(12) a child development course that addresses all major domains of child development, including cognitive, social emotional, physical development and approach to learning as defined by the federal Child Care and Development Fund (https://www.ecfr.gov/current/title-45/subtitle-A/subchapter-A/part-98.98.44.b.ii), or approved three-credit early care and education course or an equivalent approved by the department.

I. Primary and substitute caregivers are required to attend six hours of training annually. Training documentation must be maintained for three years and include the caregiver's name, the date of training, instructor's name and signature, topic of training and number of hours completed.

J. Primary and substitute caregivers caring for infants shall receive two hours of infant or toddler specific training within six-months of registration.

K. If a registered home caregiver completes the 18-hour course, it will count toward the six-hour annual training requirement during the year in which the course was completed and the following year, exclusive of training required by CACFP.

L. Primary and substitute caregivers are required to obtain current first aid and CPR certification with a pediatric component prior to becoming registered and maintain this certification at all times. On-line first aid and CPR classes are not valid unless there is a hands-on component included. In-person requirements may be waived in case of an emergency. A caregiver cannot count more than four hours in first aid and CPR trainings toward their total hours of annual training requirements.

M. Training shall be within the seven competency areas. The competency areas are:

(1) child growth, development and learning;

(2) health, safety, nutrition and infection control;

(3) family and community collaboration;

(4) developmentally appropriate content;

(5) learning environment and curriculum implementation;

(6) assessment of children and programs; and

(7) professionalism.

[8.9.5.10 NMAC - N, 11/1/2022; A, 10/8/2024]

8.9.5.11 BACKGROUND CHECKS:

A. All background checks shall be conducted in accordance with the most current provisions of 8.9.6 NMAC governing background checks and employment history verification provisions as promulgated by ECECD. All non-licensed child care caregivers must adhere to these provisions to maintain their registration status. A background check must be conducted in accordance with 8.9.6 NMAC on all required individuals at least once every five years from the original date of eligibility regardless of the date of hire or transfer of eligibility. A direct provider of care may request a transfer of background check eligibility if:

(1) the staff member was found eligible as a direct provider of care in a child care center, licensed child care home, licensed group home, or registered home within the past five years and has not been separated from employment for more than 180 days; and

(2) submits an application for transfer and is found eligible pursuant to 8.9.6.11 NMAC.

B. The primary caregiver will be responsible for obtaining background checks on all adults residing in the home using the requirements outlined in the department's most current version of the background checks and employment history verification provisions (8.9.6 NMAC). A household member reaching the age of 18, must submit their background check in accordance with the most current provisions of 8.9.6 NMAC within 30 days after their eighteenth birthday. However, in the case of a registered family child care food-only home, all household members are only required to undergo a criminal history and child abuse and neglect screening.

C. Any adult who is present in the registered primary caregiver's home for significant periods while children are in care, or who commences being present in the registered primary caregiver's home for significant periods, may be required by the department to obtain either a background check or criminal history and child abuse and neglect screen. Family members or guests visiting for temporary periods (less than five days) are not considered as spending significant periods of time. However, such visiting family or guests must not have unsupervised access to the children in care at any time.

D. All requirements of the current background checks and employment history verification provisions pursuant to 8.9.6 NMAC must be met prior to the issuance of an initial registration.

E. The registered primary caregiver must maintain documentation of all applications, correspondence and clearances relating to the background checks

required in this section and make them available to the registered authority upon request.

F. The primary caregiver shall certify upon renewal that they, or any other adult living in the home have not been convicted of a disqualifying offense during the last twelve months.

[8.9.5.11 NMAC - N, 11/1/2022]

8.9.5.12 ANNUAL REGISTRATION:

An annual registration is issued for a one-year period to a child care home that has met all requirements of these regulations.

A. Primary caregivers must renew registration annually, and only after receiving an onsite inspection by ECECD, by submitting a registration application and paying the processing charge with cashier's check or a money order. In-home care registrations are exempt from the application fee.

B. Primary caregiver's who fail to renew registration by the expiration date will not be eligible to receive program benefits from either the child and adult care food program or the child care assistance program.

C. Primary caregivers shall ensure that all adults residing in the home, as well as secondary caregivers and adults spending a significant amount of time in the home, are listed on all documentation required by ECECD and sponsoring agencies.

[8.9.5.12 NMAC - N, 11/1/2022]

8.9.5.13 VISITS BY THE SPONSORING AGENCY AND REGISTERED AUTHORITY:

Caregivers will grant the registered authority representative the right to enter the premises and, conduct visits, including unannounced and complaint investigations when child care children are present and during the caregiver's stated normal hours of operation.

A. The registered authority will conduct a survey at least once a year at each registered residence using these regulations as the criteria. The registered authority will conduct additional surveys or visit the registered residence additional times to provide technical assistance, to check progress on correction of deficiencies found on previous surveys, or to investigate any complaints.

B. Upon the completion of a survey, the registered authority will discuss the findings with the caregiver or their substitute caregiver and will provide an official written report

of the findings and a request for a plan or plans of correction, if appropriate. Each survey will be made available for review on a public web portal.

C. By applying for either a new registration or a registration renewal, the caregiver grants the registering authority representative the right to enter the premises and survey the registered residence, including inspecting and copying of child care records, both while the application is being processed and, if registered, at any time during the registration period.

D. The registering authority may or may not announce a survey. A substitute caregiver knowledgeable in the daily operations, that has access to all records and locked areas, and can represent the caregiver for survey purposes, must be present in the residence if the primary caregiver is not present.

[8.9.5.13 NMAC - N, 11/1/2022]

8.9.5.14 NON-TRANSFERABILITY OF REGISTRATION:

A. The primary caregiver's registration agreement is personal, and not transferable to any other person or location.

B. A registration will expire automatically at midnight of the expiration date unless earlier suspended or revoked, or:

(1) if the primary caregiver moves; or

(2) changes their name.

C. If the primary caregiver moves to a new location or has a change of name, the primary caregiver must register again by submitting a new application and pay the processing charge. The caregiver must report a new location or change of name prior to the occurrence and receive a new on-site health and safety inspection by ECECD.

D. A caregiver with only a change in name will not need to pay an amended fee or processing charge.

[8.9.5.14 NMAC - N, 11/1/2022]

8.9.5.15 INCIDENT REPORTS:

Registered caregiver shall notify the appropriate authorities immediately by phone of any incident which results in significant harm to a child or which places the child in immediate danger. After making a report to the appropriate authorities, the caregiver shall notify ECECD of the incident giving rise to its report as soon as possible but no later than 24 hours after the incident occurred. A report shall first be made by telephone

and followed with written notification. The caregiver shall report to the appropriate authorities the following incidents, including but not limited to:

A. Any incident that has threatened or could threaten the health and safety of children, including but not limited to:

(1) a lost, missing child or unattended child;

(2) a serious injury;

(3) the suspected abuse or neglect of a child;

(4) fire, flood, or other natural disaster that creates structural damages to a home or poses a health hazard;

(5) any of the illnesses on the current list of notifiable diseases and communicable published by the office of epidemiology of the New Mexico department of health;

(6) any legal action against a caregiver or household member;

(7) any incident that could affect the background check eligibility of any cleared person related to this registration;

(8) the use of physical or mechanical restraints, unless due to documented emergencies or medically documented necessity; or

(9) any known change in a caregiver's health condition or use of medication that impairs his or her ability to provide for the health, safety or welfare of children in care.

B. A home will notify parents or guardians in writing of any incident, including notifiable illnesses that have threatened the health or safety of children in the home. The provider shall ensure that it obtains parent or guardian signatures on all incident reports within 24 hours of the incident. The provider shall immediately notify the parent or guardian in the event of any head injury. Incidents include, but are not limited to, those listed in Subsection A of 8.9.5.15 NMAC.

C. Incident reports involving suspected child abuse and neglect must be reported immediately to children's protective services and local law enforcement. The registered authority follows written protocols/procedures for the prioritization, tracking, investigation and reporting of incidents, as outlined in the complaint investigation protocol and procedures.

[8.9.5.15 NMAC - N, 11/1/2022]

8.9.5.16 COMPLIANCE:

By completing the ECECD registration process and annual renewals, the primary caregiver is agreeing to comply with these regulations to include the following:

A. The primary caregiver agrees to continue to meet these requirements, to correct deficiencies promptly and to take prompt action to resolve problems cited in complaints filed with state agencies and referred to the caregiver.

B. The caregiver must grant the registered authority the right to enter the premises and survey the caregiver's home and the inspection and copying of records. This includes any investigations which are announced or un-announced.

[8.9.5.16 NMAC - N, 11/1/2022]

8.9.5.17 NON-COMPLIANCE:

A. ECECD may deny, suspend, revoke or decline to renew registration at any time it is reasonably determined that the caregiver is not in compliance with these regulations, or is unable to maintain compliance with registration standards.

B. Violation of any provisions of these regulations, especially when the registered authority has reason to believe that the health, safety or welfare of a child is at risk, or has reason to believe that the caregiver cannot reasonably safeguard the health and safety of children may be grounds to suspend, revoke, issue a cease and desist letter or decline to renew registration include but are not limited to:

(1) failure to comply with the group composition requirement;

(2) any health and safety violations which place the children in immediate danger, including but not limited to:

(a) a dwelling infested with vermin, including rodents, with no effort to correct the problem;

(b) lack of basic sanitary facilities, such as an open cesspool or open sewer line draining onto the ground surface; and

(c) unlocked or unsecured firearms and weapons in the home;

(3) background check denial or suspension;

(4) failure to timely obtain required background checks;

(5) misrepresentation or falsification of any information given to ECECD or CACFP;

(6) failure to allow access to the registered home by authorized representatives of the department or sponsor, at any time that children are present in the registered home;

(7) failure to properly protect the health, safety and welfare of children due to impaired health or conduct or hiring or continuing to allow any person whose health or conduct impairs the person's ability to properly protect the health, safety, and welfare of the children;

(8) discovery of repeat violations of these regulations or failure to correct deficiencies of survey findings in current or past contiguous or noncontiguous certification periods;

(9) possessing or knowingly permitting non-prescription controlled substances or illegal drugs to be present on the premises at any time, regardless of whether children are present;

(10) substantiated non-compliance with caregiver requirements to care for children in the registered home as defined in these regulations;

(11) substantiated abuse or neglect of children by the caregiver or household member as determined by the Children, Youth and Families Department (CYFD), ECECD or a law enforcement agency;

(12) allowing any person to be active in the child care home who is or would be disqualified as a primary caregiver under the most current version of the background checks and employment history verification provisions pursuant to 8.9.6 NMAC; this will include all adults and teenaged children living in a family child care home operated in a private residence whether or not they are active in the child care operation;

(13) situations where the children in care are placed in unreasonable or unnecessary danger, including but not limited to: evidence of illegal drug use in the home, evidence of domestic violence in the home, a convicted sex offender maintaining residence in the home, a convicted sex offender in the home when children are present, accusations of sexual child abuse against a caregiver or household member, or pending the outcome of a child protective services referral; and

(14) any serious violation or other circumstance which reasonably leads the department to determine that the caregiver cannot reliably safeguard the health and safety of children.

C. Commencement of an ECECD, CYFD, or law enforcement investigation may be grounds for immediate suspension of registration pending the outcome of the investigation. Upon receipt of the final results of the investigation, the department may take such further action as is supported by the investigation results.

D. A suspension, revocation, or conditions of operations imposed pursuant to part A of this section may take effect immediately if in the discretion of the department that the health, safety or welfare of a child is at risk, or has reason to believe that the caregiver cannot reasonably safeguard the health and safety of children.

E. The Early Childhood Education and Care Department notifies the primary caregiver in writing when registration is denied, suspended or revoked, or if renewal is declined. The notification shall include the reasons for the department's action. The primary caregiver may obtain an administrative appeal of the department's action.

F. The child care services bureau notifies the family nutrition bureau of any revocation or suspension of registration for a primary caregiver participating in the child care assistance programs.

G. Primary caregivers whose registration has previously been suspended or revoked may re-apply for registration through the regular registration process. The child care services bureau may consider the reasons for the previous action, as well as changed and current circumstances, in determining whether to allow the new application. The Early Childhood Education and Care Department may require the registered caregiver to implement specific actions, or to agree to specific conditions, in order to obtain re-registration.

H. The Early Childhood Education and Care Department may require the registered caregiver to implement specific actions, or to agree to specific conditions, in order to maintain registered status. Such specific actions or conditions may be required if the department has reasonable grounds to determine they are needed to assure the continued safe operation of the primary caregiver's home. Examples:

(1) The department may require caregiver(s) to complete additional training if it appears that the caregiver has used inappropriate discipline, and revocation is not necessary under the circumstances.

(2) The department may require that certain person(s) not be permitted to enter the premises while care is being provided, if it reasonably appears that that person(s) may pose a threat to health or safety, or otherwise create a risk of harm to children.

I. Caregivers who are required to implement actions or to agree to conditions pursuant to Subsections G or H, are notified in writing, and shall have the opportunity for administrative appeal.

J. There shall be no right to an appeal or administrative review when the registered authority issues a cease and desist letter; provided, however, that the registered care giver shall have the right to an appeal or administrative review of any subsequent action taken by the registered authority as set forth herein.

[8.9.5.17 NMAC - N, 11/1/2022]

8.9.5.18 COMPLAINTS:

A. Complaints received by ECECD shall be investigated promptly.

B. An authorized ECECD representative receiving complaints will ask complainants to identify themselves and provide all information necessary to document the complaint.

C. The authorized ECECD representative will investigate any complaint in which the health, safety or welfare of a child could be in danger. The complaint will be reviewed and prioritized immediately according to the nature and severity of the complaint. The registered authority will follow established protocols and procedures for prioritizing, tracking, initiating and reporting of complaints and complaint investigations. Complaints will be investigated in a timely manner as follows:

(1) Priority 1 complaints: investigation will be initiated within 24 hours.

(2) Priority 2 complaints: investigation will be initiated within three working days.

(3) Priority 3 complaints: investigation will be initiated within five working days.

(4) Initiation timeframes for investigations may be shortened based on the severity and nature of the complaint, but timeframes may not be extended.

D. The caregiver shall cooperate in good faith with any investigation by the authorized ECECD authority. Obstruction of an investigation may subject the primary caregiver to sanctions, up to and including revocation.

E. Action by the authorized ECECD representative:

(1) The registered authority will provide a written letter on the results of the investigation to the registered home primary caregiver that is the subject of the complaint and the complainant if an action is taken.

(2) If the authorized ECECD representative finds the complaint is unsubstantiated, it will be so designated and the authorized ECECD representative will take no further action.

(3) If the authorized ECECD representative finds that a complaint is substantiated, it will make the complaint part of the authorized ECECD file on the child care registered home. The following additional actions will, at the discretion of the authorized ECECD representative, be taken:

(a) the ECECD authority will require the registered home caregiver to submit and comply with a written corrective action plan; or

(b) the ECECD authority will sanction the registered home administratively including, without limitation, suspension, revocation, or restriction of a registration; or

(c) the ECECD authority will pursue criminal charges or civil remedies.

F. The authorized ECECD representative will report all cases of suspected child abuse and neglect to both CYFD's protective services and the local law enforcement agency.

[8.9.5.18 NMAC - N, 11/1/2022]

8.9.5.19 ADMINISTRATIVE APPEAL RIGHTS:

A. Any primary caregivers who receives notice that registration is denied, revoked, suspended or that renewal is denied, has a right to an administrative appeal of the decision. Any primary caregiver who is required by the department to implement specific actions, or to agree to specific conditions, in order to maintain registered status, has a right to administrative appeal.

B. Administrative appeals shall be conducted by a hearing officer appointed by the department's secretary pursuant to ECECD's identified administrative hearing regulations.

C. If the suspension or revocation is to take effect immediately, or if required conditions of continued operation are to take effect immediately, the department affords the primary caregiver the opportunity for an administrative appeal within five working days. If registration is suspended pending the results of an investigation, the primary caregiver may elect to postpone the hearing until the investigation has been completed.

D. If after the imposition of an immediate suspension the department takes additional actions including additional suspension, revocation, or conditions of operations, the immediate action will stay in effect until the following action goes into effect or an appeal of the following action is concluded and the action is either upheld or overturned.

E. If the contemplated action does not take immediate effect, and the primary caregiver is given advance notice of the contemplated action, the primary caregiver is allowed 10 working days from date of notice to request an administrative appeal in writing.

F. For any action taken by the department pursuant to 8.9.5.20 NMAC of this regulation, the applicable hearing procedure shall be that contained in 8.9.5.20 NMAC.

[8.9.5.19 NMAC - N, 11/1/2022]

8.9.5.20 PROBABLE CAUSE OF IMMINENT DANGER:

A. In circumstances in which Public Health Act, Subsection (N) of Section 24-1-5 (2005) NMSA 1978 may apply, and in which other provisions of this regulation are not adequate to protect children from imminent danger of abuse or neglect while in the care of a provider, the provisions of Subsection (N) of Section 24-1-5 NMSA 1978 shall apply as follows:

(1) The department shall consult with the owner or operator of the child care facility.

(2) Upon a finding of probable cause, the department shall give the owner or operator notice of its intent to suspend operation of the child care facility and provide an opportunity for a hearing to be held within three working days, unless waived by the owner or operator.

(3) Within seven working days from the day of notice, the secretary shall make a decision, and, if it is determined that any child is in imminent danger of abuse or neglect in the child care facility, the secretary may suspend operation of the child care facility for a period not in excess of fifteen days.

(4) Prior to the date of the hearing, the department shall make a reasonable effort to notify the parents of children in the care of the registered home of the notice and opportunity for hearing given to the caregiver.

(5) No later than the conclusion of the 15 day period, the department shall determine whether other action is warranted under this regulation.

B. Nothing in this section of the regulation shall be construed to require registration that is not otherwise required in this regulation.

[8.9.5.20 NMAC - N, 11/1/2022]

8.9.5.21 GROUP COMPOSITION REQUIREMENTS:

A. A caregiver will care for no more than four non-resident children at any one time.

B. A caregiver will care for no more than two children under two years old at any one time, including the caregiver's own children.

C. A caregiver will care for no more than six children under six years old at any one time, including the caregiver's own children.

D. Drop-in children will be counted in the group composition requirements listed above.

E. Shifts are allowed provided there are never more than four non-resident children present at any one time, including change of shifts.

F. All caregivers will be physically present and actively involved in the care of all children during the designated hours of child care as noted in the child enrollment forms, except for short absences when another approved caregiver is present, or emergencies. Outside employment is not considered a short absence.

[8.9.5.21 NMAC - N, 11/1/2022]

8.9.5.22 HEALTH AND SAFETY REQUIREMENTS:

A. A caregiver will maintain the home, grounds and equipment in safe condition. The home and grounds must be clean and free of debris or other potentially dangerous hazards. All equipment must be in good repair.

B. All electrical outlets within reach of children will have safety outlets or have protective covers.

C. A caregiver will not use multiple plugs or gang plugs unless surge protection devices are used.

D. A caregiver will keep the temperature of inside areas used by children at no less than 68 degrees Fahrenheit and no more than 82 degrees Fahrenheit. A home may use portable fans if the fans are secured and inaccessible to children and do not present any tripping, safety or fire hazard.

E. The home must be adequately ventilated at all times.

F. A home will not use un-vented heaters or open flame heaters. Portable heaters will be used in accordance with manufacture instructions. A home will install barriers or take other steps to ensure heating units are inaccessible to children. Heating units include hot water pipes, infrared heaters, ceramic heaters, hot water baseboard heaters hotter than 110 degrees Fahrenheit, fireplaces, fireplace inserts and wood stoves.

G. All homes will have hot and cold running water. Water coming from a faucet will be below 110 degrees Fahrenheit in all areas accessible to children. A home may install a water tempering control valve ahead of all domestic water-heater piping.

H. A caregiver must provide safe playing areas inside and outside the home. A caregiver's inside and outside play areas must be safe, clean and free of any debris.

I. A caregiver's outside play area must be on the premises and approved by the registered authority. The caregiver will fence the outside play area when determined to be necessary for safety by the registered authority. The fence must be at least four feet high and will have one latched gate for emergency exits. For apartment buildings or residences with no outdoor play areas, a common park/playground can be used for outdoor play but will not be inspected or approved by the registered authority. The provider will ensure the play area is safe from hazards prior to allowing children to play.

J. The use of a trampoline is prohibited at any time during the hours of operation or by any children receiving care at the registered home.

K. A caregiver will keep all poisons, toxic materials, cleaning substances, alcohol, alcoholic beverages, prescriptions and over the counter medications, intoxicating substances, sharp and pointed objects or any other dangerous materials in a storage area inaccessible to children.

L. The primary caregiver must have a working telephone in the home and a valid working phone number on file with ECECD at all times. Emergency numbers will be posted on any cordless or cellular telephones. A cellular telephone is acceptable as the only phone in the home. The cellular telephone will remain in the same room, charged and accessible to the provider a caregiver at all times.

M. A caregiver will post emergency numbers for the police, fire department, ambulance, and poison control center in a visible location.

N. A caregiver will install at least one working smoke detector and a carbon monoxide detector in an appropriate area in the home.

O. A caregiver will unload all guns, such as pellet or BB guns, rifles and handguns, lethal and non-lethal weapons and keep them in a locked area inaccessible to children. For purposes of this regulation, a weapon is (including but not limited to): firearms, tasers and stun guns, pepper spray, knives, swords and other items designed or used for inflicting bodily harm or physical damage.

P. A caregiver, will prohibit smoking, the use of e-cigarettes/vaporizers and the drinking of alcoholic beverages in all areas, including vehicles, when children are present. Possessing or knowingly permitting illegal drugs, paraphernalia, or non-prescription controlled substances to be possessed or sold on the premises at any time regardless of whether children are present is prohibited.

Q. A home will have a fully - charged 2A-10B:C fire extinguisher in an easily accessible place. A fire extinguisher must be certified once a year and will have official tags noting the date of inspection.

R. A caregiver will store combustible and flammable materials in a safe area away from water heater rooms, furnace rooms, heaters, fireplaces or laundry rooms.

S. In case of a fire, the caregiver's first responsibility is to evacuate the children to safety. An up to date emergency evacuation and disaster preparedness plan must be available by the caregiver , which shall include steps for evacuation, relocation, shelter-in-place, lock-down, communication, reunification with parents, individual plans for children with special needs and children with chronic medical conditions, accommodations of infants and toddlers, and continuity of operations. The plans shall be approved annually by the registered authority and the department will provide guidance on developing these plans.

T. Caregiver's will conduct at least one fire drill each month and an emergency preparedness practice drill at least quarterly beginning January of each calendar year. A caregiver will hold the drills at different times of the day and will keep a record of the drills with the date, time, number of adults and children participating, and any problems.

U. A home will have two major exits readily accessible to children with no obstructions in the pathways of these exits.

V. Toys and objects (including high chairs, playpens and cribs) are safe, durable, easy to clean and nontoxic. Toys will be disinfected, at a minimum of, once per week. Frequency of disinfection of toys must be increased in the event of a communicable disease, following appropriate guidance.

W. Cribs will meet federal standards (CPSC 16 CFR1219,1220), be kept in good repair, and not be used for storage. A home will not use plastic bags or lightweight plastic sheeting to cover a mattress and will not use pillows in cribs. Animals and pets will not be allowed in cribs or on sleeping materials.

X. Children will not use a common towel or wash cloth. All toilet rooms used by children will have toilet paper, soap and disposable towels.

Y. The home will have a first aid kit stored in a convenient place inaccessible to children, but easily accessible by caregiver. The kit will contain at least band-aids, gauze pads, adhesive tape, scissors, soap, non-porous latex gloves, and a thermometer.

Z. A caregiver with pets will comply with the following requirements:

(1) A home will inform parents or guardians in writing before pets are allowed at the residence.

(2) A home will inoculate any pets as prescribed by a veterinarian and keep a record of proof of inoculation prior to the pet's presence at the residence.

(3) A home will not allow on the premises pets or other animals that are undomesticated, dangerous, contagious, or vicious in nature.

(4) Areas of confinement, such as cages and pens, and outdoor areas are cleaned of excrement daily.

(5) A caregiver must be physically present during the handling of all pets or other animals

AA. A caregiver will change wet and soiled diapers and clothing promptly. A caregiver will not change a diaper in a food preparation area. Caregivers will wash their hands and the child's hands after every diaper change. A caregiver will change a child's diaper on a clean, safe, waterproof surface and discard any disposable covers and disinfect the surface after each diaper change.

BB. Children may be transported only in vehicles that have current registration and insurance coverage. All drivers must have current driver's license and comply with motor vehicle and traffic laws. A child shall only be transported if the child is properly secured in an age appropriate restraining device. Persons who have been convicted in the last seven years of a misdemeanor or felony driving while intoxicated/driving under the influence cannot transport children under the auspices of a registered home certification.

CC. Children less than one year of age shall be properly secured in a rear-facing child passenger restraint device that meets federal standards in the rear seat of a vehicle that is equipped with a rear seat. If the vehicle is not equipped with a rear seat, the child may ride in the front seat of the vehicle if the passenger-side air bag is deactivated if the vehicle is equipped with a deactivation switch for the passenger-side air bag.

DD. Children one year of age through four years of age, regardless of weight, or children who weigh 40 pounds, regardless of age, shall be properly secured in a child passenger restraint device that meets federal standards.

EE. Children five years of age through six years of age, regardless of weight, or children who weigh less than 60 pounds, regardless of age, shall be properly secured in either a child booster seat or an appropriate child passenger restraint device that meets federal standards.

FF. Children seven years of age through 12 years of age shall be secured in a child passenger restraint device or by a seat belt.

GG. Vehicles used for transporting children will be enclosed and properly maintained. Vehicles shall be cleaned and inspected inside and out.

HH. Vehicles operated by the home to transport children shall be air-conditioned whenever the outside air temperature exceeds 82 degrees Fahrenheit. If the outside air temperature falls below 50 degrees Fahrenheit the center will ensure the vehicle is heated

II. A home will load and unload children at the curbside of the vehicle or in a protected parking area or driveway. The home will ensure children do not cross a street unsupervised after leaving the vehicle.

JJ. No one will smoke, use e-cigarettes or vaporizers - in a vehicle used for transporting children.

KK. Persons transporting children will also take the safe transportation practices training.

[8.9.5.22 NMAC - N, 11/1/2022]

8.9.5.23 MEAL REQUIREMENTS:

A. Children will not use shared eating or drinking utensils.

B. Children will not use common eating or drinking utensils.

C. A caregiver will provide readily accessible drinking water in sanitary cups or glasses.

D. Meals must meet age-appropriate USDA requirements.

E. A caregiver must keep a daily menu.

F. Caregivers will serve meals family style and allow children to assist in the preparation and serving of food and snacks.

G. Caregivers will feed children a meal or snack every three hours.

H. Caregivers and children will wash their hands regularly and before each meal time.

I. Caregivers will keep food requiring refrigeration, including formula, at 41 degrees Fahrenheit or below.

J. Refrigerators and freezers shall have working thermometers.

[8.9.5.23 NMAC - N, 11/1/2022]

8.9.5.24 RECORD KEEPING REQUIREMENTS:

Caregivers must keep an information card for each child (including drop-in children) with:

A. the child's full name;

B. the child's birth date;

C. any known food or drug allergies or unusual physical condition;

D. the name, telephone number, and location of a parent or other responsible adult to be contacted in any emergency;

E. the name and telephone number of the child's physician;

F. authorization from a parent or guardian for the caregiver to seek professional medical care in an emergency;

G. written permission from a parent or guardian for the caregiver to administer medication prescribed by a physician or requested by the parent;

H. an immunization record showing current, age-appropriate immunizations for each child or a written waiver for immunizations granted by the department of health. A grace period of a maximum of 30 days will be granted for children in foster care or homeless children and youth, or at-risk children and youth as determined by the department;

I. written permission from parent to transport children outside of the registered home; and

J. A record of the time the child arrived and left the home and dates of attendance initialed by a parent, guardian, or person authorized to pick up the child. The attendance log must be kept on file for 12 months.

[8.9.5.24 NMAC - N, 11/1/2022]

8.9.5.25 CAREGIVER'S RESPONSIBILITIES:

A. A caregiver will directly supervise and actively care for children at all times during hours of operation including outdoor playtime and naptime. Caregivers will interact with children and provide a safe and positive learning environment.

B. Children will never be left unattended. A caregiver will be with the children at all times whether activities are inside or outside of the home. Caregivers will be onsite, available and responsive to children during all hours of operation.

C. A caregiver will use guidance that is positive, consistent and age-appropriate. The caregiver will not use:

(1) physical punishment of any type, including shaking, biting, hitting, pinching or putting anything on or in a child's mouth;

(2) withdrawal of food, rest, bathroom access, or outdoor activities;

(3) abusive or profane language, including yelling;

(4) any form of public or private humiliation, including threats of physical punishment; or

(5) unsupervised separation; or

(6) children will not be lifted by the arms, hands, wrist, legs, feet, ankles, or clothing.

D. Each home must develop policies and procedures for expulsion of children. Policies and procedures shall include how the home will maintain a positive environment and will focus on preventing the expulsion of children age birth to five. The home must develop policies that include clear, appropriate, consistent expectations, and consequences to address disruptive student behaviors; and ensure fairness, equity, and continuous improvement.

E. Each home must develop an anti-discrimination policy that promotes the equal access of services for all children and families and prohibits discrimination based on race, color, religion, sex (including pregnancy, sexual orientation, or gender identity), national origin, disability, or age (40 and older).

F. Each home must offer children activities and experiences that are developmentally appropriate, allow children choices, and promote positive social, emotional, physical and intellectual growth and well-being. Caregivers will schedule activities in these areas. A caregiver will schedule routine activities such as meals, snacks, rest periods, and outdoor play to provide structure to the children's daily routine. Other activities should be flexible based on changes in the children's interests. A caregiver will also provide a variety of indoor and outdoor equipment to meet the children's developmental interests and needs. Equipment will encourage large and fine muscle activity, solitary and group play and active and quiet play. Television, videotapes and video games should be limited to two hours a day and should be age-appropriate.

G. Caregivers of infants will allow them to crawl or toddle. Infants shall not be confined to one area for prolonged periods of time unless the infant is content and responsive. Children that are awake should be moved every 30 minutes to offer new stimulation.

H. Infants shall either be held or be fed sitting up for bottle-feeding. Infants unable to sit shall always be held for bottle-feeding. Infants and toddlers shall not be placed in a laying position while drinking bottles or sippy cups. The carrying of bottles and sippy cups by young children throughout the day or night shall not be permitted. Caregivers will allow infants to eat and sleep on their own schedules. Children will not be allowed to walk/run with pacifiers. Pacifiers will not be used outside of cribs in rooms with

mobile infants or toddlers. Pacifiers will be labeled and not shared. Pacifiers will not be tied to the child. Dropped pacifiers shall be cleaned using warm water and soap.

I. Caregivers will ensure age appropriate naps or rest periods as follows:

(1) A home shall allow children who do not sleep to get up and participate in quiet activities that do not disturb the other children.

(2) Caregivers shall ensure that nothing covers the face or head of a child age 12 months or younger when the child is laid down to sleep and while the child is sleeping.

(3) Caregivers shall not place anything over the head or face of a child over 12 months of age when the child is laid down to sleep and while the child is sleeping.

(4) No child(ren) shall be allowed to sleep behind closed doors.

J. Swimming, wading and water:

(1) A caregiver must obtain written permission from a parent or guardian before a child enters a pool;

(2) If a home has a portable wading pool:

(a) a home will drain and fill the wading pool with fresh water daily and disinfect the pool regularly;

(b) a home will empty a wading pool when it is not in use and remove it from areas accessible to children; and

(c) a home will not use a portable wading pool placed on concrete or asphalt.

(3) If a home has a built in or above ground swimming pool, ditch, fish pond or other water hazard:

(a) the fixture will be constructed, maintained and used in accordance with applicable state and local regulations;

(b) the fixture will be constructed and protected so that, when not in use, it is inaccessible to children; and

(c) when in use, children will be constantly supervised and ensure adequate safety for the ages, abilities and type of water hazard in use.

[8.9.5.25 NMAC - N, 11/1/2022]

PART 6: GOVERNING BACKGROUND CHECKS AND EMPLOYMENT HISTORY VERIFICATION

8.9.6.1 ISSUING AGENCY:

Early Childhood Education and Care Department ("ECECD").

[8.9.6.1 NMAC - N, 11/01/2022]

8.9.6.2 SCOPE:

This rule has general applicability to operators, volunteers, including student interns, employees, and prospective operators, staff and employees, of child-care facilities, including every facility, ECECD contractor, program receiving ECECD funding or reimbursement, or other program that has or could have primary custody of children for twenty hours or more per week, and direct providers of care for children including, but not limited to the following settings: licensed and registered child care, home visiting programs, and Family Infant Toddler (FIT) programs.

[8.9.6.2 NMAC - N, 11/01/2022]

8.9.6.3 STATUTORY AUTHORITY:

The statutory authority for these regulations is contained in the Criminal Offender Employment Act, Section 28-2-1 to 28-2-6 NMSA and in the New Mexico Children's and Juvenile Facility Criminal Records Screening Act, Section 32A-15-1 to 32A-15-4 NMSA 1978 Amended. ECECD's rule making authority for this rule arises from Subsection E of Section 9-29-6 NMSA 1978; Subsection H of Section 9-29-8 NMSA 1978; and Section 9-29-8.1 NMSA 1978.

[8.9.6.3 NMAC - N, 11/01/2022]

8.9.6.4 DURATION:

Permanent.

[8.9.6.4 NMAC - N, 11/01/2022]

8.9.6.5 EFFECTIVE DATE:

November 1, 2022, unless a later date is cited at the end of a section.

[8.9.6.5 NMAC - N, 11/01/2022]

8.9.6.6 OBJECTIVE:

A. The purpose of these regulations is to set out general provisions regarding background checks and employment history verification required in settings to which these regulations apply.

B. Background checks are conducted in order to identify information in applicants' backgrounds bearing on whether they are eligible to provide services in settings to which these regulations apply.

C. Abuse and neglect screens of databases in New Mexico are conducted by BCU staff in order to identify those persons who pose a continuing threat of abuse or neglect to care recipients in settings to which these regulations apply. Applicants required to obtain background checks pursuant to 8.9.4 NMAC and 8.9.5 NMAC will also undergo a screen of abuse and neglect information and an inter-state criminal history check in each State where the applicant resided during the preceding five years.

[8.9.6.6 NMAC - N, 11/01/2022]

8.9.6.7 DEFINITIONS:

A. "Administrative review" means an informal process of reviewing a decision that may include an informal conference or hearing or a review of written records.

B. "Administrator" means the adult in charge of the day-to-day operation of a facility. The administrator may be the licensee or an authorized representative of the licensee.

C. "Adult" means a person who has a chronological age of 18 years or older, except for persons under medicaid certification as set forth in Subsection K below.

D. "Appeal" means a review of a determination made by the BCU, which may include an administrative review or a hearing.

E. "Applicant" means any person who is required to obtain a background check under these rules and Section 32A-15-3 NMSA 1978.

F. "Arrest" means notice from a law enforcement agency about an alleged violation of law.

G. "BCU" means the ECECD background check unit.

H. "Background check" means a screen of ECECD's information databases, state and federal criminal records and any other reasonably reliable information about an applicant.

I. "Care recipient" means any person under the care of a licensee.

J. "Child" means a person who has a chronological age of less than 18 years, and persons under applicable medicaid certification up to the age of 21 years.

K. "Conditional employment" means a period of employment status for a new applicant prior to the BCU's final disposition of the applicant's background check.

L. "Criminal history" means information possessed by law enforcement agencies of arrests, indictments, or other formal charges, as well as dispositions arising from these charges.

M. "Direct physical supervision" means continuous visual contact or live video observation by a direct provider of care who has been found eligible by a background check of an applicant during periods when the applicant is in immediate physical proximity to care recipients.

N. "Direct provider of care" means any individual who, as a result of employment or, contractual service or volunteer service has direct care responsibilities or potential unsupervised physical access to any care recipient in the settings to which these regulations apply.

O. "Eligibility" means the determination that an applicant does not pose an unreasonable risk to care recipients after a background check is conducted.

P. "Employment history" means a written summary of the most recent three-year period of employment with names, addresses and telephone numbers of employers, including dates of employment, stated reasons for leaving employment, and dates of all periods of unemployment with stated reasons for periods of unemployment, and verifying references.

Q. "Licensed" means authorized to operate by the licensing authority by issuance of an operator's license or certification certificate.

R. "Licensee" means the holder of, or applicant for, a license, certification, or registration pursuant to 8.9.4 NMAC, 8.9.5 NMAC or other program or entity within the scope of these regulations. ECECD LICENSEE means program or entity within the scope of these regulations.

S. "Licensing authority" means the ECECD division having authority over the licensee.

T. "Moral turpitude" means an intentional crime that is wanton, base, vile or depraved and contrary to the accepted rules of morality and duties of a person within society. In addition, because of the high risk of injury or death created by, and the universal condemnation of the act of driving while intoxicated, a crime of moral turpitude includes a second or subsequent conviction for driving while intoxicated or any crime involving the use of a motor vehicle, the elements of which are substantially the same

as driving while intoxicated. The record name of the second conviction shall not be controlling; any conviction subsequent to an initial one may be considered a second conviction.

U. "Notice of provisional employment" means a written notice issued to a child care center or home applicant indicating the BCU reviewed the applicant's fingerprint based federal or New Mexico criminal record and made a determination that the applicant may begin employment under direct physical supervision until receiving background eligibility. A notice may also indicate the applicant must receive a complete background eligibility prior to beginning employment.

V. "Relevant conviction" means a plea, judgment or verdict of guilty, no contest, nolo contendere, conditional plea of guilty, or any other plea that would result in a conviction for a crime in a court of law in New Mexico or any other state. The term RELEVANT CONVICTION also includes decrees adjudicating juveniles as serious youthful offenders or youthful offenders, or convictions of children who are tried as adults for their offenses. Successful or pending completion of a conditional discharge under Section 31-20-13 (1994) NMSA 1978, or Section 30-31-28 (1972) NMSA 1978, or a comparable provision of another state's law, is not a relevant conviction for purposes of these regulations, unless or until such time as the conditional discharge is revoked or rescinded by the issuing court. The term RELEVANT CONVICTION does not include any of the foregoing if a court of competent jurisdiction has overturned the conviction or adjudicated decree and no further proceedings are pending in the case or if the applicant has received a legally effective executive pardon for the conviction. The burden is on the applicant to show that the applicant has a pending or successful completion of any conditional discharge or consent decree, or that the relevant conviction has been overturned on appeal, or has received a legally effective pardon.

W. "Unreasonable risk" means the quantum of risk that a reasonable person would be unwilling to take with the safety or welfare of care recipients.

[8.9.6.7 NMAC - N, 11/01/2022]

8.9.6.8 APPLICABILITY:

These regulations apply to all licensees and direct providers of care in the following settings:

A. licensed child care homes;

B. licensed child care centers;

C. registered child care homes;

D. home visiting programs;

E. licensed before and after school care;

F. non-licensed or exempt after school programs participating in the at risk component of the child and adult care food program;

G. family infant toddler (FIT) programs;

H. ECECD contractors, and any other programs receiving ECECD funding or reimbursement, that:

(1) has or could have primary custody of children for twenty hours or more per week; or

(2) will have direct contact with children in the provision of ECECD sponsored services.

[8.9.6.8 NMAC - N, 11/01/2022]

8.9.6.9 NON-APPLICABILITY:

A. These regulations do not apply to the following settings, except to the extent that such a program receives funding or reimbursement from ECECD:

(1) hospitals or infirmaries;

(2) intermediate care facilities;

(3) children's psychiatric centers;

(4) home health agencies;

(5) diagnostic and treatment centers; and

(6) unlicensed or unregistered child care homes.

(7) behavior management skills development;

(8) case management services;

(9) day treatment services;

(10) residential treatment services;

(11) treatment foster care services agency staff;

(12) licensed shelter care;

(13) comprehensive community support services;

(14) AOC (administrative office of the courts) supervised visitation and safe exchange program providers.

B. These regulations do not apply to the following adults:

(1) treatment foster care parents;

(2) relative care providers who are not otherwise required to be licensed or registered;

(3) foster grandparent volunteers; and

(4) all other volunteers for any program or entity within the scope of these regulations if the volunteer spends less than six hours per week at the program, is under direct physical supervision, and is not counted in the facility ratio.

[8.9.6.9 NMAC - N, 11/01/2022]

8.9.6.10 COMPLIANCE:

A. Compliance with these regulations is a condition of licensure, registration, certification or renewal, or continuation of same or participation in any other program or contract within the scope of these regulations.

B. The licensee is required to:

(1) submit an electronic fingerprint submission receipt and the required forms for all direct providers of care, household members in licensed and registered child care homes, or any staff member, employee, or volunteer present while care recipients are present, or other adult as required by the applicable regulations prior to the commencement of service, whether employment or, contractual, or volunteer. In the case of a licensed child care home and a registered home, the licensee must submit an electronic fingerprint submission receipt and the required forms for new household members or for any adult who is required to obtain a background check pursuant to 8.9.4 NMAC or 8.9.5 NMAC as applicable. However, in the case of a registered family child care food-only home, all household members are only required to undergo a criminal history and child abuse and neglect screening.

(2) Applicants required to obtain background checks pursuant to 8.9.4 NMAC and 8.9.5 NMAC must indicate states where they resided during the preceding five years and obtain the following:

(a) a screen of abuse and neglect information in each state where the applicant resided during the preceding five years; and

(b) an inter-state criminal history check in each state where a new applicant resided during the preceding five years. An inter-state criminal history check is not required if a new applicant has resided in a state that participates in the federal bureau of investigation's national fingerprint file. All existing staff hired after October 1, 2016, must undergo an inter-state criminal history check in each state where the applicant resided during the preceding five years at the time of application. An inter-state criminal history check is not required if an applicant has resided in a state that participates in the federal bureau of investigation's national fingerprint file.

(3) Verify the employment history of any prospective direct provider of care by contacting references and prior employers/agencies to elicit information regarding the reason for leaving prior employment or service; the verification shall be documented and available for review by the licensing authority; EXCEPTION: verification of employment history is not required for registered home providers or child care homes licensed for six or fewer children.

(4) submit an adult household member written statement form for each adult household member in a registered family child care food-only home setting in order to conduct criminal history and child abuse and neglect screens on such household members; an adult household member is an adult living in the household or an adult that spends a significant amount of time in the home; the licensee must submit the required forms for new adult household members pursuant to 8.9.5 NMAC.

(5) provide such other information BCU staff determines to be necessary; and

(6) maintain documentation of all applications, correspondence and eligibility relating to the background checks required; in the event that the licensee does not have a copy of an applicant's eligibility documentation and upon receipt of a written request for a copy, the BCU may issue duplicate eligibility documentation to the original licensee provided that the request for duplicate eligibility documentation is made within one year of the applicant's eligibility date.

C. If there is a need for any further information from an applicant at any stage of the process, the BCU shall request the information in writing from the applicant. If the BCU does not receive the requested information within fifteen calendar days of the date of the request, the BCU shall deny the application and send a notice of background check denial.

D. Any person who knowingly makes a materially false statement in connection with these requirements will be denied eligibility.

[8.9.6.10 NMAC - N, 11/01/2022]

8.9.6.11 COMPLIANCE EXCEPTIONS:

A. An applicant may not begin providing services prior to obtaining background check eligibility unless all of the following requirements are met:

(1) the ECECD licensee may not be operating under a corrective action plan (childcare), sanctions, or other form of disciplinary action;

(2) the licensee or applicant shall send the BCU a completed application form and an electronic fingerprint submission receipt prior to employment;

(3) until receiving background eligibility, the applicant shall at all times be under direct physical supervision. See next paragraph for standards regarding applicants required to obtain a background check pursuant to 8.9.4 NMAC or 8.9.5 NMAC;

(4) a licensee or applicant required to obtain a background check pursuant to 8.9.4 NMAC or 8.9.5 NMAC must receive either a notice of provisional employment or background check eligibility prior to beginning employment. Applicants working after receipt of a notice of provisional employment shall at all times be under direct physical supervision until receiving background check eligibility. Upon completion of Paragraph 2 of this subsection, a notice of provisional employment decision will be provided to the child care center or home within five days unless the BCU determines there is good cause shown for an extension; and

(5) no more than 45 days shall have passed since the date of the initial application unless the BCU documents good cause shown for an extension.

B. With the exception of the provision under 8.9.4.19 NMAC and 8.9.5.11 NMAC, if a direct provider of care has a break in employment or transfers employment more than 180 days after the date of an eligibility letter from the BCU, the direct provider of care must re-comply with 8.9.6.10 NMAC. A direct provider of care may transfer employment, as permitted by 8.9.4.19 NMAC and 8.9.5.11 NMAC, or for a period of 180 days after the date of an eligibility letter from the BCU without complying with 8.9.6.10 NMAC only if the direct provider of care submits a preliminary application that meets the following conditions:

(1) the direct provider of care submits a statement swearing under penalty of perjury that he or she has not been arrested or charged with any crimes, has not been an alleged perpetrator of abuse or neglect and has not been a respondent in a domestic violence petition;

(2) the direct provider of care submits an application that describes the prior and subsequent places of employment, registration or certification with sufficient detail to allow the BCU to determine if further background checks or a new application is necessary; and

(3) the BCU determines within 15 days that the direct provider of care's prior background check is sufficient for the employment or position the direct provider of care is going to take.

[8.9.6.11 NMAC - N, 11/01/2022]

8.9.6.12 PROHIBITIONS:

A. Any ECECD licensee who violates these regulations is subject to revocation, suspension, sanctions, denial of licensure, certification, or registration or termination of participation in any other program within the scope of these regulations.

B. Licensure, certification, registration or participation in any other program within the scope of these regulations is subject to receipt by the licensing authority of a satisfactory background check for the licensee or the licensee's administrator.

C. Except as provided in 8.9.6.13 NMAC below, licensure, certification, registration or participation in any other program within the scope of these regulations may not be granted by the licensing authority if a background check of the licensee or the licensee's administrator reveals an unreasonable risk.

D. A licensee may not retain employment, volunteer service or contract with any direct provider of care for whom a background check reveals an unreasonable risk. The BCU shall deliver one copy of the notice of unreasonable risk to the facility or program by U.S. mail, facsimile transmission, secure (or encrypted) e-mail or hand delivery, and to the licensing authority by facsimile transmission, secure (or encrypted) e-mail or hand delivery.

E. A licensee shall be in violation of these regulations if it retains a direct provider of care for more than ten working days following the issuing of a notice of background check denial for failure to respond by the BCU.

F. A licensee shall be in violation of these regulations if it retains any direct provider of care inconsistent with Subsection A of 8.9.6.11 NMAC.

G. A licensee shall be in violation of these regulations if it hires, contracts with, uses in volunteer service, or retains any direct provider of care for whom information received from any source including the direct provider of care, indicates the provider of care poses an unreasonable risk to care recipients.

H. Any firm, person, corporation, individual or other entity that violates this section shall be subject to appropriate sanctions up to and including immediate emergency revocation of license or registration pursuant to the regulations applicable to that entity or termination of participation in any other program within the scope of these regulations.

[8.9.6.12 NMAC - N, 11/01/2022]

8.9.6.13 ARRESTS, CONVICTIONS AND REFERRALS:

A. For the purpose of these regulations, the following information shall result in a conclusion that the applicant is an unreasonable risk:

(1) a conviction for a felony, or a misdemeanor involving moral turpitude, and the criminal conviction directly relates to whether the applicant can provide a safe, responsible and morally positive setting for care recipients;

(2) a conviction for a felony, or a misdemeanor involving moral turpitude, and the criminal conviction does not directly relate to whether the applicant can provide a safe, responsible and morally positive setting for care recipients if the department determines that the applicant so convicted has not been sufficiently rehabilitated;

(3) a conviction, regardless of the degree of the crime or the date of the conviction, of trafficking in controlled substances, criminal sexual penetration or related sexual offenses or child abuse;

(4) a substantiated referral, regardless of the date, for sexual abuse or for a substantiation of abuse or neglect relating to a failure to protect against sexual abuse;

(5) the applicant's child is in New Mexico's Children, Youth, and Families Department (CYFD) or another state's custody; or

(6) a registration, or a requirement to be registered, on a state sex offender registry or repository or the national sex offender registry established under the Adam Walsh Child Protection and Safety Act of 2006.

B. A disqualifying conviction may be proven by:

(1) a copy of the judgment of conviction from the court;

(2) a copy of a plea agreement filed in court in which a defendant admits guilt;

(3) a copy of a report from the federal bureau of investigation, criminal information services division, or the national criminal information center, indicating a conviction;

(4) a copy of a report from the state of New Mexico, department of public safety, or any other agency of any state or the federal government indicating a conviction;

(5) any writing by the applicant indicating that such person has been convicted of the disqualifying offense, provided, however, that if this is the sole basis for

denial, the applicant shall be given an opportunity to show that the applicant has successfully completed or is pending completion of a conditional discharge for the disqualifying conviction.

C. If a background check shows pending charges for a felony offense, any misdemeanor offense involving domestic violence, child abuse, any other misdemeanor offense of moral turpitude, or an arrest but no disposition for any such crime, there shall be a determination of unreasonable risk if a conviction as charged would result in a determination of unreasonable risk.

D. If a background check shows a pending CYFD child protective services referral or any other investigation of abuse or neglect by ECECD, CYFD, or any other state or federal agency with authority to investigate, there shall be a determination of unreasonable risk.

E. If a background check shows that an applicant has an outstanding warrant, there shall be a determination of unreasonable risk.

[8.9.6.13 NMAC - N, 11/01/2022]

8.9.6.14 UNREASONABLE RISK:

A. The BCU may, in its discretion, use all reasonably reliable information about an applicant and weigh the evidence about an applicant to determine whether the applicant poses an unreasonable risk to care recipients. The BCU may also consult with legal staff, treatment, assessment or other professionals in the process of determining whether the cumulative weight of credible evidence establishes unreasonable risk.

B. In determining whether an applicant poses an unreasonable risk, the BCU need not limit its reliance on formal convictions or substantiated referrals, but nonetheless must only rely on evidence with indicia of reliability such as:

(1) reliable disclosures by the applicant or a victim of abuse or neglect;

(2) domestic violence orders that allowed an applicant notice and opportunity to be heard and that prohibits or prohibited them from injuring, harassing or contacting another;

(3) circumstances indicating the applicant is or has been a victim of domestic violence;

(4) child or adult protection investigative evidence that indicates a likelihood that an applicant engaged in inappropriate conduct but there were reasons other than the credibility of the evidence to not substantiate; or

(5) any other evidence with similar indicia of reliability.

[8.9.6.14 NMAC - N, 11/01/2022]

8.9.6.15 REHABILITATION PETITION:

Any applicant whom the BCU concludes is an unreasonable risk on any basis other than those described at Paragraphs (1), (3), (4), (5), or (6) of Subsection A of 8.9.6.13 NMAC, may submit to the BCU a rehabilitation petition describing with specificity all information that tends to demonstrate that the applicant is not an unreasonable risk. The petition may include, but need not be limited to, a description of what actions the applicant has taken subsequent to any events revealed by the background check to reduce the risk that the same or a similar circumstance will recur.

[8.9.6.15 NMAC - N, 11/01/2022]

8.9.6.16 ELIGIBILITY SUSPENSIONS, REINSTATEMENTS AND REVOCATIONS:

A. An applicant's background check eligibility may be suspended for the following:

(1) an arrest or criminal charge for any felony offense, any misdemeanor offense involving domestic violence, child abuse or any other misdemeanor offense of moral turpitude if a conviction as charged would result in a determination of unreasonable risk;

(2) a pending CYFD child protective services referral or any other investigation of abuse or neglect by ECECD, CYFD, or any other state or federal agency with authority to investigate allegations of abuse or neglect;

(3) an outstanding warrant; or

(4) any other reason that creates an unreasonable risk determination pursuant to these regulations.

B. It is the duty of the administrator of a facility or the licensee and the background check eligibility holder, upon learning of any of the above, to notify the licensing authority immediately. Failure to immediately notify the licensing authority may result in the revocation of background check eligibility.

C. A suspension of background check eligibility shall have the same effect as a determination of unreasonable risk until the matter is resolved and eligibility is affirmatively reinstated by the BCU.

D. Background check eligibility may be reinstated or revoked as follows:

(1) If the applicant can provide information relating to the disqualifying criminal charge that would show that a criminal conviction as charged would not lead to an unreasonable risk;

(2) If the matter causing the suspension is resolved within six months of the suspension, the applicant may provide documentation to the BCU showing how the matter was resolved and requesting reinstatement of background check eligibility. After review, the BCU may reinstate background check eligibility or may revoke eligibility. If, the applicant's eligibility is revoked, the applicant may appeal the revocation.

(3) If the matter causing the suspension is resolved after six months of the suspension, the applicant may reapply for clearance for the same licensee by submitting an electronic fingerprint submission receipt and the required forms. After review, the BCU may reinstate background check eligibility or may revoke eligibility. If the applicant's eligibility is revoked, the applicant may appeal the revocation.

[8.9.6.16 NMAC - N, 11/01/2022]

8.9.6.17 APPEAL RIGHTS:

A. Denials: Any applicant who is found ineligible after completion of background check may request an administrative review from ECECD. The request for an administrative review shall be in writing and the applicant shall cause the BCU to receive it within 15 days of the date of the BCU's written notice of a determination of unreasonable risk. If the request is mailed, three days are added after the period would otherwise expire. The administrative review shall be completed by a review of the record by a hearing officer designated by the cabinet secretary. The hearing officer's review is limited to:

(1) whether the BCU's conclusion of unreasonable risk is supported by any section of these regulations; and

(2) whether the applicant has been erroneously identified as a person with a relevant conviction or substantiated referral. The review will be completed on the record presented to the hearing officer and includes the applicant's written request for an administrative review and other relevant evidence provided by the applicant. The hearing officer conducts the administrative review and submits a recommendation to the cabinet secretary no later than 60 days after the date the request for administrative review is received unless ECECD and the applicant agree otherwise.

B. Suspensions and revocations: A previously cleared applicant whose eligibility has been suspended or revoked may appeal that decision to ECECD and shall be entitled to a hearing pursuant to ECECD's identified administrative hearing regulations. The request for appeal shall be in writing and the applicant shall cause the BCU to receive it within 15 days of the date of the BCU's written notice of suspension. If the request is mailed, three days are added after the period would otherwise expire.

[8.9.6.17 NMAC - N, 11/01/2022]

PART 7: [RESERVED]

PART 8: REQUIREMENTS FOR FAMILY INFANT TODDLER EARLY INTERVENTION SERVICES

8.9.8.1 ISSUING AGENCY:

Early Childhood Education and Care Department (ECECD).

[8.9.8.1 NMAC - N, 7/20/2021]

8.9.8.2 SCOPE:

These regulations apply to all entities in New Mexico providing early intervention services to eligible children birth to three years of age and their families.

[8.9.8.2 NMAC - N, 7/20/2021]

8.9.8.3 STATUTORY AUTHORITY:

Subsection E of Section 9-29-6 NMSA 1978.

[8.9.8.3 NMAC - N, 7/20/2021]

8.9.8.4 DURATION:

Permanent.

[8.9.8.4 NMAC - N, 7/20/2021]

8.9.8.5 EFFECTIVE DATE:

July 20, 2021, unless a later date is cited at the end of a section.

[8.9.8.5 NMAC - N, 7/20/2021]

8.9.8.6 OBJECTIVE:

These regulations are being promulgated to govern the provision of early intervention services to eligible children and their families and to assure that such services meet the requirements of state and federal statutes, in accordance with the Individuals with Disabilities Education Act.

[8.9.8.6 NMAC - N, 7/20/2021]

8.9.8.7 DEFINITIONS:

A. Definitions beginning with the letter "A":

(1) "Adaptive development" means the development of self-help skills, such as eating, dressing, and toileting.

(2) "Adjusted age (corrected age)" means adjusting / correcting the child's age for children born prematurely (i.e., born less than 37 weeks gestation). The adjusted age is calculated by subtracting the number of weeks the child was born before 40 weeks of gestation from their chronological age. Adjusted Age (Corrected Age) should be used until the child is 24 months of age.

(3) "Assessment" means the ongoing procedures used by qualified personnel to identify the child's unique strengths and needs and the early intervention services appropriate to meet those needs throughout the period of the child's eligibility for FIT services. Assessment includes observations of the child in natural settings, use of assessment tools, informed clinical opinion, and interviews with family members. Assessment includes ongoing identification of the concerns, priorities, and resources of the family.

B. Definitions beginning with the letter "B": "Biological/medical risk" means diagnosed medical conditions that increase the risk of developmental delays and disabilities in young children.

C. Definitions beginning with the letter "C":

(1) "Child find" means activities and procedures to locate, identify, screen and refer children from birth to three years of age with or at risk of having a developmental delay or developmental disabilities.

(2) "Child record" means the early intervention records (including electronic records) maintained by the early intervention provider and are defined as educational records in accordance with the Family Educational Rights and Privacy Act (FERPA). Early intervention records include files, documents, and other materials that contain information directly related to a child and family, and are maintained by the early intervention provider agency. Early intervention records do not include records of instructional, supervisory, and administrative personnel, which are in the sole possession of the maker and which are not accessible or revealed to any other person except to substitute staff.

(3) "Cognitive development" means the progressive changes in a child's thinking processes affecting perception, memory, judgment, understanding and reasoning.

(4) "Communication development" means the progressive acquisition of communication skills, during pre-verbal and verbal phases of development; receptive and expressive language, including spoken, non-spoken, sign language and assistive or augmentative communication devices as a means of expression; and speech production and perception. It also includes oral-motor development, speech sound production, and eating and swallowing processes. Related to hearing, communication development includes development of auditory awareness; auditory, visual, tactile, and kinesthetic skills; and auditory processing for speech or language development.

(5) "Confidentiality" means protection of the family's right to privacy of all personally identifiable information, in accordance with all applicable federal and state laws.

(6) "Consent" means informed written prior authorization by the parent(s) to participate in the early intervention system. The parent has been fully informed of all information relevant to the activity for which consent is sought in the parent's native language and mode(s) of communication and agrees to the activity for which consent is sought. The parent(s) shall be informed that the granting of consent is voluntary and can be revoked at any time. The revocation of consent is not retroactive.

D. Definitions beginning with the letter "D":

(1) "Days" means calendar days, unless otherwise indicated in these regulations.

(2) "Developmental delay" means an evaluated discrepancy between chronological age and developmental age of twenty-five percent, after correction for prematurity, in one or more of the following areas of development: cognitive, communication, physical/motor, social or emotional, and adaptive.

(3) "Developmental specialist" means an individual who meets the criteria established in these regulations and is certified to provide 'developmental instruction'. A developmental specialist works directly with the child, family and other personnel to implement the IFSP. The role and scope of responsibility of the developmental specialist with the family and the team shall be dictated by the individual's level of certification as defined in early childhood education and care department, family support and early intervention division policy and service standards.

(4) "Dispute resolution process" means the array of formal and informal options available to parents and providers for resolving disputes related to the provision of early intervention services and the system responsible for the delivery of those services.

(5) "Due process hearing" means a forum in which all parties present their viewpoint and evidence in front of an impartial hearing officer in order to resolve a dispute.

(6) "Duration" means the length of time that services included in the IFSP will be delivered.

E. Definitions beginning with the letter "E":

(1) "Early intervention services" means any or all services specified in the IFSP that are designed to meet the developmental needs of each eligible child and the needs of the family related to enhancing the child's development, as identified by the IFSP team. (Early intervention services are described in detail in the service delivery provisions of this rule.)

(2) "ECO (early childhood outcomes)" means the process of determining the child's development compared to typically developing children of the same age. The information is used to measure the child's developmental progress over time.

(3) "Eligible children" means children birth to three years of age who reside in the state and who meet the eligibility criteria within this rule.

(4) "Environmental risk" means the presence of adverse family factors in the child's environment that increases the risk of developmental delays and disabilities in young children.

(5) "Established condition" means a diagnosed physical, mental, or neurobiological condition that has a high probability of resulting in developmental delay or disability.

(6) "Evaluation" means the procedures used by qualified personnel to determine a child's initial and continuing eligibility for FIT services. It includes a review of records pertinent to the child's current health status and medical history; parent interview and parent report; observation of the child in natural settings; informed clinical opinion; use of FIT Program approved assessment tool(s); and identification of the level of functioning of the child in each developmental area -- cognitive, communication, physical/motor (including vision and hearing), social or emotional, and adaptive. An initial evaluation refers to the child's evaluation to determine his or her initial eligibility for FIT services.

F. Definitions beginning with the letter "F:

(1) "Family" means a basic unit of society typically composed of adults and children having as its nucleus one or more primary nurturing caregivers cooperating in the care and rearing of their children. Primary nurturing caregivers may include, but are not limited to, parents, guardians, siblings, extended family members, and others defined by the family.

(2) "Family infant toddler (FIT) program" means the program within state government that administers New Mexico's early intervention system for children (from

birth to age three) who have or are at risk for developmental delay or disability and their families. The FIT program is established in accordance with 28-18-1 NMSA, 1978, and administered in accordance with the Individuals with Disabilities Education Act (IDEA), Part C as amended, and other applicable state and federal statutes and regulations.

(3) "Family service coordinator" means the person responsible for coordination of all services and supports listed on the IFSP and ensuring that they are delivered in a timely manner. The initial family service coordinator assists the family with intake activities such as eligibility determination and development of an initial individualized family service plan (IFSP) The ongoing family service coordinator is selected at the initial IFSP meeting and designated on the IFSP form.

(4) "FIT-KIDS (key information data system)" means the online data collection and billing system utilized by the FIT program.

(5) "Frequency" means the number of times that a service is provided or an event occurs within a specified period.

G. Definitions beginning with the letter "G": [RESERVED]

H. Definitions beginning with the letter "H":

(1) "Head start/early head start" means a comprehensive child development program for children of low income families established under the Head Start Act, as amended.

(2) "Homeless" means lacking a fixed, regular, and adequate nighttime residence.

I. Definitions beginning with the letter "I":

(1) "IFSP team" means the persons responsible for developing, reviewing the IFSP. The team shall include the parent(s), the family service coordinator, person(s) directly involved in conducting evaluations and assessments, and, as appropriate, persons who will be providing services to the child or family, an advocate or other persons, including family members, as requested by the family.

(2) "Inclusive setting" means a setting where the child with a developmental delay or disability participates in a setting with typically developing children. A classroom in an early head start, child care or preschool classroom must have at least fifty-one percent non disabled peers in order to be considered an inclusive setting.

(3) "Indian tribe" means any federal or state recognized Indian tribe.

(4) "Individualized education program (IEP)" means a written plan developed with input from the parents that specifies goals for the child and the special

education and related services and supplementary aids and services to be provided through the public school system under IDEA Part B.

(5) "Individualized family service plan (IFSP)" means the written plan for providing early intervention services to an eligible child and the child's family. The plan is developed jointly with the family and appropriate qualified personnel involved. The plan is developed around outcomes and includes strategies to enhance the family's capacity to meet the developmental needs of the eligible child.

(6) "Individualized family service plan process (IFSP process)" means a process that occurs from the time of referral, development of the IFSP, implementation of early intervention services, review of the IFSP, through transition. The family service coordinator facilitates the IFSP process.

(7) "Individuals with Disabilities Education Act (IDEA) – Part C" means the federal law that contains requirements for serving eligible children. Part C of IDEA refers to the section of the law entitled "The Early Intervention Program for Infants and Toddlers with Disabilities".

(8) "Informed clinical opinion" means the knowledgeable perceptions of the evaluation team who use qualitative and quantitative information regarding aspects of a child's development that are difficult to measure in order to make a decision about the child's eligibility for the FIT program.

(9) "Intensity" means the length of time the service is provided during each session.

(10) "Interim IFSP" means an IFSP that is developed prior to the completion of the evaluation and assessments in order to provide early intervention services that have been determined to be needed immediately by the child and the child's family. Use of an Interim IFSP does not extend the 45-day timeline for completion of the evaluation process.

J. Definitions beginning with the letter "J": [RESERVED]

K. Definitions beginning with the letter "K": [RESERVED]

L. Definitions beginning with the letter "L":

(1) "Lead agency" means the agency responsible for administering early intervention services under the Individuals with Disabilities Education Act (IDEA) Part C. The early childhood education and care department, family infant toddler (FIT) program, is designated as the lead agency for IDEA Part C in New Mexico.

(2) "Local education agency (LEA)" means the local public school district.

(3) "Location" means the places in which early intervention services are delivered.

M. Definitions beginning with the letter "M":

(1) "Mediation" means a method of dispute resolution that is conducted by an impartial and neutral third party, who without decision-making authority will help parties to voluntarily reach an acceptable settlement on issues in dispute.

(2) "Medicaid" means the federal medical assistance program under Title XIX of the Social Security Act. This program provides reimbursement for some services delivered by early intervention provider agencies to medicaid-eligible children.

(3) "Method" means the way in which a specific early intervention service is delivered. Examples include group and individual services.

(4) "Multidisciplinary" means personnel from more than one discipline who work with the child and family, and who coordinate with other members of the team.

N. Definitions beginning with the letter "N":

(1) "Native language" with respect to an individual who is limited English proficient, means the language normally used by a child or their parent(s) or mode of communication normally used by a child or their parents. Native language when used with respect to evaluations and assessments is the language normally used by the child, if determined developmentally appropriate for the child by qualified personnel conducting the evaluation or assessment. Native language, when used with respect to an individual who is deaf or hard of hearing, blind or visually impaired, or for an individual with no written language, means the mode of communication that is normally used by the individual (such as sign language, braille, or oral communication).

(2) "Natural environments" means places that are natural or normal for children of the same age who have no apparent developmental delay, including the home, community and inclusive early childhood settings. Early intervention services are provided in natural environments in a manner/method that promotes the use of naturally occurring learning opportunities and supports the integration of skills and knowledge into the family’s typical daily routine and lifestyle.

O. Definitions beginning with the letter "O":

(1) "Other services" means services that the child and family need, and that are not early intervention services, but should be included in the IFSP. Other services does not mean routine medical services unless a child needs those services and the services are not otherwise available or being provided. Examples include, but are not limited to, child care, play groups, home visiting, early head start, WIC, etc.

(2) "Outcome" means a written statement of changes that the family desires to achieve for their child and themselves as a result of early intervention services that are documented on the IFSP.

P. Definitions beginning with the letter "P":

(1) "Parent(s)" means a biological or adoptive parent(s) of a child; a guardian; a person acting in the place of a parent (such as a grandparent or stepparent with whom the child lives, or a person who is legally responsible for the child's welfare); or a surrogate parent who has been assigned in accordance with these regulations. A foster parent may act as a parent under this program if the natural parents' authority to make the decisions required of parents has been removed under state law and the foster parent has an ongoing, long-term parental relationship with the child; is willing to make the decisions required of parents under the Federal Individual with Disabilities Education Act; and has no interest that would conflict with the interests of the child.

(2) "Participating agency" means any individual, agency, entity, or institution that collects, maintains, or uses personally identifiable information to implement the requirements of this rule with respect to a particular child.

(3) "Permission" means verbal authorization from the parents to carry out a function and shall be documented. Documentation of permission does not constitute written consent.

(4) "Personally identifiable information" means that information in any form which includes the names of the child or family members, the child's or family's address, any personal identifier of the child and family such as a social security number, or a list of personal characteristics or any other information that would make it possible to identify the child or the family.

(5) "Personnel" means qualified staff and contractors who provide early intervention services, and who have met state approved or recognized certification or licensing requirements that apply to the area in which they are conducting evaluations, assessments or providing early intervention services.

(6) "Physical/motor development" means the progressive changes to a child's vision, hearing, gross and fine motor development, quality of movement, and health status.

(7) "Primary referral source" means parents, physicians, hospitals and public health facilities (including prenatal and postnatal care facilities), child care programs, home visiting providers, schools, local education agencies, public health care providers, children's medical services, public agencies and staff in the child welfare system (including child protective service and foster care), other public health or social services agencies, early head start, homeless family shelters, domestic violence

shelters and agencies, and other qualified individuals or agencies which have identified a child as needing evaluation or early intervention services.

(8) "Prior written notice" means written notice given to the parents a reasonable time before the early intervention provider agency, either proposes or refuses to initiate or change the identification, evaluation, or placement of the child, or the provision of appropriate early intervention services to the child and the child's family. Prior notice must contain the action being proposed or refused, the reasons for taking the action and all procedural safeguards that are available.

(9) "Procedural safeguards" means the requirements set forth by IDEA, as amended, which specify families' rights and protections relating to the provision of early intervention services and the process for resolving individual complaints related to services for a child and family.

(10) "Provider agency" means a provider that meets the requirements established for early intervention services, and has been certified as a provider of early intervention services by the early childhood education and care department and that provides services through a provider agreement with the department.

(11) "Public agency" means the lead agency and any other political subdivision of the state government that is responsible for providing early intervention services to eligible children and their families.

Q. Definitions beginning with the letter "Q": [RESERVED]

R. Definitions beginning with the letter "R":

(1) "Referral" means the process of informing the FIT program regarding a child who may benefit from early intervention, and giving basic contact information regarding the family.

(2) "Reflective supervision" means planned time to provide a respectful, understanding and thoughtful atmosphere where exchanges of information, thoughts, and feelings about the things that arise around the person's work in supporting healthy parent-child relationships can occur. The focus is on the families involved and on the experience of the supervisee.

S. Definitions beginning with the letter "S":

(1) "School year" means the period of time between the fall and spring dates established by each public school district which mark the first and last days of school for any given year for children ages three through twenty-one years. These dates are filed each year with the public education department.

(2) "Scientifically based practices" means research that involves the application of rigorous, systematic, and objective procedures to obtain reliable and valid knowledge relevant to education activities and programs.

(3) "Screening" means the use of a standardized instrument to determine if there is an increased concern regarding the child's development when compared to children of the same age, and whether a full evaluation would therefore be recommended.

(4) "Significant atypical development" means the eligibility determination under developmental delay made using informed clinical opinion, when twenty-five percent delay cannot be documented through state approved evaluation tool, but where there is significant concern regarding the child's development.

(5) "Social or emotional development" the developing capacity of the child to: experience, regulate, and express emotion; form close and secure interpersonal relationships; explore the environment and learn.

(6) "State education agency" means the public education department responsible for administering special education and related serves under IDEA Part B.

(7) "Strategies" means the section of the IFSP that describes how the team, including the parents, will address each outcome. Strategies shall include the methods and activities developed by the IFSP team to achieve functional outcomes. Strategies shall include family routines, times and locations where activities will occur, as well as accommodations to be made to the environment and assistive technology to be used. Strategies shall also include how members of the team will work together to meet the outcomes on the IFSP.

(8) "Supervision" means defining and communicating job requirements; counseling, mentoring and coaching for improved performance; providing job-related instruction; planning, organizing, and delegating work; evaluating performance; providing corrective and formative feedback; providing consequences for performance; and arranging the environment to support performance.

(9) "Surrogate parent" means the person appointed in accordance with these regulations to represent the eligible child in the IFSP Process when no parent can be identified or located, or the child is a ward of the state. A surrogate parent has all the rights and responsibilities afforded to a parent under Part C of IDEA.

T. Definitions beginning with the letter "T":

(1) "Transition" means the process for a family and eligible child of moving from services provided through the FIT program at age three. This process includes discussions with, and training of, parents regarding future placements and other matters related to the child's transition; procedures to prepare the child for changes in service

delivery, including steps to help the child adjust to and function in a new setting; and with parental consent, the transmission of information about the child to a program into which the child might transition to ensure continuity of services, including evaluation and assessment information required and copies of IFSPs that have been developed and implemented.

(2) "Transition plan" means a component of the IFSP that addresses the process of a family and eligible child of moving from one service location to another. The plan defines the roles, responsibilities, activities and timelines for ensuring a smooth and effective transition.

U. Definitions beginning with the letter "U": [RESERVED]

V. Definitions beginning with the letter "V": [RESERVED]

W. Definitions beginning with the letter "W": "Ward of the state" means a child who is in foster care or in the custody of the child welfare agency.

[8.9.8.7 NMAC - N, 7/20/2021]

8.9.8.8 ADMINISTRATION:

A. Supervisory authority.

(1) Any agency, organization, or individual that provides early intervention services to eligible children and families shall do so in accordance with these regulations and under the supervisory authority of the lead agency for Part C of IDEA, the New Mexico early childhood education and care department.

(2) An agency that has entered into a contract or provider agreement or an inter-agency agreement with the New Mexico early childhood education and care department to provide early intervention services shall be considered an "early intervention provider agency" under these regulations.

B. Provider requirements.

(1) All early intervention provider agencies shall comply with these regulations and all other applicable state and federal regulations. All early intervention provider agencies that provide such services shall do so under the administrative oversight of the lead agency for IDEA, Part C, the New Mexico early childhood education and care department through the family infant toddler (FIT) program.

(2) All early intervention provider agencies shall establish and maintain separate financial reporting and accounting procedures for the delivery of early intervention services and related activities. They shall generate and maintain documentation and reports required in accordance with these regulations, the

provisions of the contract/provider agreement or an inter-agency agreement, medicaid rules and early childhood education and care department service definitions and standards. This information shall be kept on file with the early intervention provider agencies and shall be available to the New Mexico early childhood education and care department or its designee upon request.

(3) All early intervention provider agencies shall employ individuals who maintain current licenses or certifications required of all staff providing early intervention services. Documentation concerning the licenses and certifications shall be kept on file with the early intervention provider agency and shall be available to the New Mexico early childhood education and care department or its designee upon request. The provider of early intervention services cannot employ an immediate family member of an eligible and enrolled child to work directly with that child. Exceptions can be made with prior approval by the New Mexico early childhood education and care department.

(4) Early intervention provider agencies shall ensure that personnel receive adequate training and planned and ongoing supervision, in order to ensure that individuals have the information and support needed to perform their job duties. The early intervention provider agency shall maintain documentation of supervision activities. Supervision shall comply with requirements of appropriate licensing and regulatory agencies for each discipline.

(5) Early intervention provider agencies shall provide access to information necessary for the New Mexico early childhood education and care department or its designee to monitor compliance with applicable state and federal regulations.

(6) Failing to comply with these regulations on the part of early intervention provider agencies will be addressed in accordance with provisions in the contract/provider agreement or interagency agreement and the requirements of state and federal statutes and regulations.

C. Financial matters.

(1) Reimbursement for early intervention services to eligible children and families by the family infant toddler program shall conform to the method established by the New Mexico early childhood education and care department, as delineated in the early intervention provider agency's provider agreement and in the service definitions and standards.

(2) Early intervention provider agencies shall only bill for early intervention services delivered by personnel who possess relevant, valid licenses or certification in accordance with personnel certification requirements of this rule.

(3) Early intervention provider agencies shall enter delivered services data into the FIT-KIDS (key information data system), which is generated into claims for

medicaid, private insurance and invoices for the early childhood education and care department.

(4) Early intervention provider agencies shall maintain documentation of all services provided in accordance with service definitions and standards and provider agreement / contract requirements.

(5) The FIT program and early intervention provider agencies shall not implement a system of payments or fees to parents.

(6) Public and private insurance.

(a) The parent(s) will not be charged any co-pay or deductible related to billing their public insurance (including medicaid) and private insurance.

(b) The parent(s) shall provide written consent before personally identifiable information is disclosed for billing purposes to public insurance (including medicaid) and private insurance.

(c) The parent(s) may withdraw consent at any time to disclose personally identifiable information to public insurance (including medicaid) and private insurance for billing purposes.

(d) The parent(s) shall provide written consent to use their private insurance to pay for FIT program services. Consent shall be obtained prior to initial billing of their private insurance for early intervention services and each time consent for services is required due to an increase (in frequency, length, duration, or intensity) in the provision of services on the IFSP.

[8.9.8.8 NMAC - N, 7/20/2021]

8.9.8.9 PERSONNEL:

A. Personnel requirements.

(1) Early intervention services shall be delivered by qualified personnel. Personnel shall be deemed "qualified" based upon the standards of their discipline and in accordance with these regulations and shall be supervised in accordance with these regulations.

(2) Individuals who hold a professional license or certificate from an approved field as identified in this rule, and provide services in that discipline, do not require certification as a developmental specialist. However, individuals who hold a professional license or certificate in one of these fields and who spend sixty percent or more of their time employed in the role of developmental specialist must obtain certification as a developmental specialist.

(3) Personnel may delegate and perform tasks within the specific scope of their discipline. The legal and ethical responsibilities of personnel within their discipline cannot be delegated.

B. Qualified personnel may include individuals from the following disciplines who meet the state's entry level requirements and possess a valid license or certification:

(1) audiology;

(2) developmental specialist;

(3) early childhood development and education;

(4) education of the deaf/hard of hearing;

(5) education of the blind and visually impaired;

(6) family therapy and counseling;

(7) nutrition/dietetics;

(8) occupational therapy (including certified occupational therapy assistants);

(9) orientation and mobility specialist;

(10) pediatric nursing;

(11) physical therapy (including physical therapy assistants);

(12) physician (pediatrics or other medical specialty);

(13) psychology (psychologist or psychological associate);

(14) social work;

(15) special education; and

(16) speech and language pathology.

C. Certification of developmental specialist.

(1) Certification is required for individuals providing early intervention services functioning in the position of developmental specialist.

(2) A developmental specialist must have the appropriate certificate issued by the New Mexico early childhood education and care department in accordance with the developmental specialist certification policy and procedures.

(3) The term of certification as a developmental specialist is a three-year period granted from the date the application is approved.

D. Reciprocity of certification: An applicant for a developmental specialist certificate who possesses a comparable certificate from another state shall be eligible to receive a New Mexico developmental specialist certificate, at the discretion of the New Mexico early childhood education and care department.

E. Certification renewal: The individual seeking renewal of a developmental specialist certificate shall provide the required application and documentation in accordance with policy and procedures established by the FIT program.

F. Agency exemptions from personnel certification requirements.

(1) At its discretion, the FIT program may issue to an early intervention provider agency an exemption from personnel qualifications for a specific developmental specialist position. The exemption shall be in effect only for one year from the date it is issued.

(2) An exemption from certification is for a specific position and is to be used in situations when the early intervention provider agency can demonstrate that it has attempted actively to recruit personnel who meet the certification requirements but is currently unable to locate qualified personnel.

(3) Early intervention provider agencies shall not bill for early intervention services delivered by a non-certified developmental specialist unless the FIT program has issued an exemption for that position.

(4) Documentation of efforts to hire personnel meeting the certification requirements shall be maintained.

G. Family service coordinators.

(1) Family service coordinators shall possess a bachelor’s degree in health, education or social service field or a bachelor’s degree in another field plus two years’ experience in community, health or social services.

(2) If an early intervention provider agency is unable to hire suitable candidates meeting the above requirements, a person can be hired as a family service coordinator with an associate of arts degree and at least three years’ experience in community, health or social services.

(3) Early intervention provider agencies may request a waiver from the FIT program, to hire family service coordinators who do not meet the qualifications listed above but do meet cultural, linguistic, or other specific needs of the population served or an individual who is the parent of a child with a developmental delay or disability.

(4) All individuals must meet all training requirements for family service coordinators in accordance with FIT program standards within one-year of being hired.

H. Supervision of early intervention personnel providing direct services.

(1) Early intervention provider agencies shall ensure that developmental specialists and all other direct providers of early intervention (employees and subcontractors), and family service coordinators receive monthly planned and ongoing reflective supervision.

(2) The early intervention provider agency shall maintain documentation of supervision activities conducted.

(3) Supervision of other early intervention personnel shall comply with the requirements of other appropriate licensing and regulatory agencies for each discipline.

[8.9.8.9 NMAC - N, 7/20/2021]

8.9.8.10 CHILD IDENTIFICATION:

A. Early intervention provider agencies shall collaborate with the New Mexico early childhood education and care department and other state, federal and tribal government agencies in a coordinated child find effort to locate, identify and evaluate all children residing in the state who may be eligible for early intervention services. Child find efforts shall include families and children in rural and in Native American communities, children whose family is homeless, children in foster care and wards of the state, and children born prematurely.

B. Early intervention provider agencies shall collaborate with the New Mexico early childhood education and care department and shall inform primary referral sources regarding how to make a referral when there are concerns about a child's development. Primary referral sources include: hospitals; prenatal and postnatal care facilities; physicians; public health facilities; child care and early learning programs, school districts; home visiting programs; homeless family shelters; domestic violence shelters and agencies; child protective services, including foster care; other social service agencies; and other health care providers.

C. Early intervention provider agencies in collaboration with the New Mexico early childhood education and care department shall inform parents, medical personnel, local education agencies and the general public of the availability and benefits of early intervention services. This collaboration shall include an ongoing public awareness

campaign that is sensitive to issues related to accessibility, culture, language, and modes of communication.

D. Referral and intake:

(1) Primary referral sources shall inform parent(s) of their intent to refer and the purpose for the referral. Primary referral sources should refer the child as soon as possible, but in no case more than seven days after the child has been identified.

(2) Parents must give permission for a referral of their child to the FIT program.

(3) The child must be under three years of age at the time of the referral.

(4) If there are less than 45 days before the child turns three at the time of referral, the early intervention provider agency will not complete an evaluation to determine eligibility and will assist the family with a referral to Part B preschool special education and other preschool programs, as appropriate and with consent of the parent(s).

(5) The early intervention provider agency receiving a referral shall promptly assign a family service coordinator to conduct an intake with the parent(s).

(6) The family service coordinator shall contact the parent(s) to arrange a meeting at the earliest possible time that is convenient for the parent(s) in order to:

(a) inform the parent(s) about early intervention services and the IFSP process;

(b) review the FIT family handbook;

(c) explain the family's rights and procedural safeguards;

(d) if in a county that is also served by other FIT provider, inform the parent(s) of their choice of provider agencies and have them sign a "freedom of choice" form.

(e) provide information about evaluation options; and with the parent's consent, arrange the comprehensive multidisciplinary evaluation.

(7) If the child is found eligible for FIT services, the family service coordinator with parental consent shall schedule and facilitate the initial IFSP meeting to be completed within 45 days of referral to the FIT program for early intervention services.

(8) Exceptions to the 45-day timeline for completion of the initial IFSP due to exceptional family circumstances must be documented in the child's early intervention record. Exceptional family circumstances include:

(a) The child or parent is unavailable to complete the screening (if applicable), the initial evaluation the initial assessments of the child and family, or the initial IFSP meeting.

(b) The parent has not provided consent for the screening (if applicable) the initial evaluation, or the initial assessment of the child despite documented repeated attempts by the early intervention provider.

E. Screening.

(1) A developmental screening for a child who has been referred may be conducted using a standardized instrument to determine if there is an indication that the child may have developmental delay and whether an evaluation to determine eligibility is recommended.

(2) A developmental screening should not be used if the child has a diagnosis that would qualify them under established condition or biological medical risk or where the referral indicates a strong likelihood that the child has delay in their development, including when a screening has already been conducted.

(3) If a developmental screening is conducted:

(a) the written consent of the parent(s) must be obtained for the screening; and

(b) the parent must be provided written notice that they can request an evaluation at any point during the screening process.

(4) If the results of the screening:

(a) Do not indicate that the child is suspected of having a developmental delay, the parent must be provided written notice of this result and be informed that they can request an evaluation at the present time or any future date.

(b) Do indicate that the child is suspected of having a developmental delay, an evaluation must be conducted, with the consent of the parent(s). The 45-day timeline from referral to the completion of the initial IFSP and all of the referral and intake requirements of this rule must still be met.

F. Evaluation.

(1) A child who is referred for early intervention services, and whose parent(s) has given prior informed consent, shall receive a comprehensive multidisciplinary evaluation to determine eligibility, unless the child receives a screening in accordance with the screening requirements of this rule and the results do not indicate that the child is suspected of having a developmental delay. Exception: If the parent of the child

requests and consents to an evaluation at any time during the screening process, evaluation of the child must be conducted even if the results do not indicate that the child is suspected of having a developmental delay.

(2) The evaluation shall be:

(a) timely, multidisciplinary, evaluation;

(b) conducted by qualified personnel, in a nondiscriminatory manner so as not to be racially or culturally discriminatory; and

(c) shall include information provided by the parent(s).

(3) If parental consent is not given, the family service coordinator shall make reasonable efforts to ensure that the parent(s) is fully aware of the nature of the evaluation or the services that would be available; and that the parent(s) understand that the child will not be able to receive the evaluation or services unless consent is given.

(4) A comprehensive multidisciplinary evaluation shall be conducted by a multidisciplinary team consisting of at least two qualified professionals from different disciplines.

(5) The family service coordinator shall coordinate the evaluation and shall obtain pertinent records related to the child's health and medical history.

(6) The evaluation shall include information provided by the child's parents, a review of the child's records related to current health status and medical history and observations of the child. The evaluation shall also include an assessment of the child's strengths and needs and a determination of the developmental status of the child in the following developmental areas:

(a) physical/motor development (including vision and hearing);

(b) cognitive development;

(c) communication development;

(d) social or emotional development; and

(e) adaptive development.

(7) The evaluation team shall use the tool(s) approved by the FIT program. Other domain specific tools may be used in addition to the approved tool(s).

(8) The tool(s) used in the evaluation shall be administered by certified or licensed personnel who have received training in the use of the tool(s).

(9) The evaluation shall be conducted in the child and family's native language, in accordance with the definition of native language, unless it is clearly not feasible to do so.

(10) The evaluation team will collect and discuss all of the information obtained during the evaluation process in order to make a determination of the child's eligibility for the FIT program.

(11) An evaluation report shall be generated that summarizes the findings of the multidisciplinary evaluation team. The report shall summarize the child's level of functioning in each developmental area based on assessments conducted and shall describe the child's overall functioning and ability to participate in family and community life. The report shall include recommendations regarding approaches and strategies to be considered when developing IFSP outcomes. The report shall also include a statement regarding the determination of the child's eligibility for the FIT program.

(12) Parents shall receive a copy of the evaluation report and shall have the results and recommendations of the evaluation report explained to them by a member of the evaluation team or a member of the IFSP team, with prior consultation with the evaluation team.

(13) Information from the evaluation process and the report shall be used to assist in determining a rating for the initial early childhood outcome (ECO).

(14) If the child has a recent and complete evaluation current within the past six months from another Early Intervention Agency, the results may be used, in lieu of conducting an additional evaluation, to determine eligibility.

(15) If, based on the evaluation conducted the evaluation team determines that a child is not eligible, the evaluation team must provide the parent with prior written notice, and include in the notice information about the parent's right to dispute the eligibility determination through dispute resolution mechanisms such as requesting a due process hearing or mediation or filing a State complaint.

G. Eligibility.

(1) The child's eligibility for early intervention services shall be determined through the evaluation process as identified in Section F. A statement of the child's eligibility for the FIT Program shall be documented in the evaluation report.

(2) The child's age shall be adjusted (corrected) for prematurity for children born less than 37 weeks gestation. The adjusted age shall be used until a child is 24 months of age for the purpose of eligibility determination.

(3) Informed clinical opinion may be used by the evaluation team to establish eligibility when the approved evaluation tool(s) or other approved assessment tools are not able to establish developmental delay.

(a) If informed clinical opinion is used to determine the child's eligibility, documentation must be provided to justify the child's eligibility.

(b) A second level review and sign off shall occur within the early intervention provider agency by someone of equal or higher certification or licensure that was not part of the evaluation team.

(c) Informed clinical opinion may only be used to qualify a child for more than one year with review and approval of the FIT program.

(4) The child must be determined eligible under one of the following categories.

(a) Developmental delay: a delay of twenty-five percent or more, after correction for prematurity, in one or more of the following areas of development: cognitive; communication; physical/motor; social or emotional; adaptive.

(i) Twenty-five percent delay shall be documented utilizing the tool(s) approved by the FIT program.

(ii) If the FIT program approved tool does not indicate a twenty-five percent delay, a domain-specific tool may be used to establish eligibility if the score is one and one-half standard deviations below the mean or greater.

(iii) Developmental delay includes "significant atypical development" documented on the basis of informed clinical opinion.

(b) Established condition: a diagnosed physical, mental, or neurobiological condition that has a high probability of resulting in developmental delay. The established condition shall be diagnosed by a health care provider and documentation shall be kept on file. Established conditions include the following:

(i) genetic disorders with a high probability of developmental delay, including chromosomal anomalies including Down syndrome and Fragile X syndrome (in boys); inborn errors of metabolism including Hurler syndrome; and other syndromes, including Prader-Willi and Williams;

(ii) perinatal factors, including preterm newborn, 28 completed weeks or less

(iii) perinatal factors, including toxoplasmosis, rubella, CMV, and herpes (TORCH);

(iv) prenatal toxic exposures including fetal alcohol syndrome (FAS); and birth trauma, including neurologic sequelae from asphyxia;

(v) neurologic conditions, including congenital anomalies of the brain including holoprosencephaly lissencephaly, microcephaly, hydrocephalus; anomalies of spinal cord including meningomyelocele; degenerative or progressive disorders including muscular dystrophies, leukodystrophies, spinocerebellar disorders; cerebral palsy (all types), including generalized, hypotonic patterns; abnormal movement patterns including generalized hypotonia, ataxias, myoclonus, and dystonia; peripheral neuropathies; traumatic brain injury; and CNS trauma including shaken baby syndrome;

(vi) sensory abnormalities, including visual impairment or blindness; congenital impairments including cataracts; acquired impairments including retinopathy of prematurity; cortical visual impairment; and chronic hearing loss;

(vii) physical impairment, including congenital impairments including arthrogryposis, osteogenesis imperfecta, and severe hand anomalies; and acquired impairments including amputations and severe burns;

(viii) mental/psychosocial disorders, including autism spectrum disorders; and

(ix) conditions recognized by the FIT program as established conditions for purposes of this rule; a genetic disorder, perinatal factor, neurologic condition, sensory abnormality, physical impairment or mental/psychosocial disorder that is not specified above must be recognized by the FIT program in order to qualify as an established condition for purposes of this rule; physician, designated by the New Mexico early childhood education and care department, shall make a determination of whether a proposed condition will be recognized within seven days of the FIT program receipt of the request for review.

(c) Biological or medical risk for developmental delay: a diagnosed physical, mental, or neurobiological condition. The biological or medical risk condition shall be diagnosed by a health care provider and documentation shall be kept on file. Biological and medical risk conditions include the following:

(i) genetic disorders with increased risk for developmental delay, including chromosomal anomalies including Turner syndrome, Fragile X syndrome (in girls), inborn errors of metabolism including Phenylketonuria (PKU), and other syndromes including Goldenhar neurofibromatosis, and multiple congenital anomalies (no specific diagnosis);

(ii) perinatal factors, including prematurity (less than 35 weeks and more than 28 completed weeks gestation) or small for gestational age (less than 1750 grams); prenatal toxic exposures including alcohol, polydrug exposure, and fetal

hydantoin syndrome; and birth trauma including seizures, and intraventricular or periventricular hemorrhage;

(iii) neurologic conditions, including anomalies of the brain including the absence of the corpus callosum, and macrocephaly; anomalies of the spinal cord including spina bifida and tethered cord; abnormal movement patterns including severe tremor and gait problems; and other central nervous system (CNS) influences, including CNS or spinal cord tumors, CNS infections (e.g., meningitis), abscesses, acquired immunodeficiency syndrome (AIDS), and CNS toxins (e.g., lead poisoning);

(iv) sensory abnormalities, including neurological visual processing concerns that affect visual functioning in daily activities as a result of neurological conditions, including seizures, infections (e.g., meningitis), and injuries including traumatic brain injury (TBI); and mild or intermittent hearing loss;

(v) physical impairment, including congenital impairments including cleft lip or palate, torticollis, limb deformity, club feet; acquired impairments including severe arthritis, scoliosis, and brachial plexus injury;

(vi) mental/psychosocial disorders, including severe attachment disorder, severe behavior disorders, and severe socio-cultural deprivation;

(vii) other medical factors and symptoms, including growth problems, severe growth delay, failure to thrive, certain feeding disorders, and gastrostomy for feeding; and chronic illness/medically fragile conditions including severe cyanotic heart disease, cystic fibrosis, complex chronic conditions, and technology-dependency; and

(viii) conditions recognized by the FIT program as biological or medical risk conditions for purposes of this rule; a genetic disorder, perinatal factor, neurologic condition, sensory abnormality, physical impairment, mental/psychosocial disorder, or other medical factor or symptom that is not specified above must be recognized by the FIT program in order to qualify as an medical or biological risk condition for purposes of this rule; department of health physician, designated by the FIT program manager, shall make a determination of whether a proposed condition will be recognized within seven days of the FIT program manager's receipt of the request for review.

(d) Environmental risk for developmental delay: a presence of adverse family factors in the child's environment that increases the risk for developmental delay in children. Eligibility determination shall be made using the tool approved by the FIT program.

(5) The families of children who are determined to be not eligible for the FIT program shall be provided with prior written notice and informed of their rights to dispute the eligibility determination. Families shall receive information regarding other community resources, such as home visiting and how to access specific resources in their area. Families shall also be informed about how to request re-

evaluation at a later time should they suspect that their child's delay or risk for delay increases.

H. Redetermination of eligibility.

(1) The child's eligibility for the FIT program shall be re-determined annually in accordance with the eligibility determination requirements of this rule.

(2) The child's continued eligibility shall be documented on the IFSP.

(3) If the child no longer meets the requirements under the original eligibility category, the team will determine if the child meets the criteria for one of the other eligibility categories before exiting the child.

(4) If the child is determined to no longer be eligible for the FIT program the family shall be provided with prior written notice and informed of their rights to dispute the eligibility determination. The family service coordinator will assist the family, with their consent, with referrals to other agencies.

I. Ongoing assessment.

(1) Each eligible child shall receive an initial and ongoing assessment to determine the child's unique strengths and needs and developmental functioning. The ongoing assessment will utilize multiple procedures including the use of a tool that helps the team determine if the child is making progress in their development, to determine developmental levels for the IFSP and to modify outcomes and strategies, and to determine the resources, priorities, and concerns of the family.

(2) Assessment information shall be used by the team as part of the process of determining early childhood outcome (ECO) scores at the time of the initial IFSP and prior to the child exiting the FIT program.

(3) An annual assessment of the resources, priorities, and concerns of the family shall be voluntary on the part of the family. The IFSP shall reflect those resources, priorities and concerns the family has identified related to supporting their child's development.

[8.9.8.10 NMAC - N, 7/20/2021]

8.9.8.11 INDIVIDUALIZED FAMILY SERVICE PLAN (IFSP):

A. IFSP development.

(1) A written IFSP shall be developed and implemented for each eligible child and family.

(2) The IFSP shall be developed at a meeting. The IFSP meeting shall:

(a) take place in a setting and at a time that is convenient to the family;

(b) be conducted in the native language of the family, or other mode of communication used by the family, unless it is clearly not feasible to do so; and

(c) meeting arrangements must be made with, and written notice provided to, the family and other participants early enough before the meeting date to ensure that they will be able to attend.

(3) Participants at the initial IFSP and annual IFSP meeting shall include:

(a) the parent(s);

(b) other family members, as requested by the parent(s) (if feasible);

(c) an advocate or person outside of the family, as requested by the parent(s);

(d) a person or persons directly involved in conducting evaluations and assessments of the child;

(e) as appropriate, a person or persons who are or will be providing early intervention services to the child and family;

(f) the family service coordinator; and

(g) other individual(s) as applicable, such as personnel from: child care; early head start; home visiting; medically fragile; children's medical services; child protective services; physician and other medical staff, and with permission of the parent(s).

(4) If a person or persons directly involved in conducting evaluations and assessments of the child is unable to attend a meeting, the family service coordinator shall make arrangements for the person's participation through other means, including: participating by telephone; having a knowledgeable authorized representative attend; or submitting a report.

(5) The initial IFSP shall be developed within 45 days of the referral.

(6) Families shall receive prior written notice of the IFSP meeting.

(7) The family service coordinator shall assist the parent(s) in preparing for the IFSP meeting and shall ensure that the parent(s) have the information that they need in order to fully participate in the meeting.

B. Contents of the IFSP: The IFSP shall include:

(1) the child's name, address, the name and address of the parent(s) or guardian, the child's birth date and, when applicable, the child's chronological age and adjusted age for prematurity (if applicable);

(2) the date of the IFSP meeting, as well as the names of all participants in the IFSP meeting;

(3) the dates of periodic and annual reviews;

(4) a summary of the child's health (including vision and hearing) and the child's present levels of development in all domains (cognitive, communication, physical/motor, social and emotional and adaptive);

(5) with the approval of the parent(s), a statement of the family's concerns, priorities and resources that relate to enhancing the development of the infant or toddler as identified through the family assessment;

(6) the desired child and family outcomes developed with the family (including but not limited to pre-literacy and numeracy, as developmentally appropriate to the child), the strategies to achieve those outcomes and the timelines, procedures and criteria to measure progress toward those outcomes;

(7) a statement of specific early intervention services based on peer-reviewed research (to the extent practicable) that are necessary to meet the unique needs of the child and family to achieve the desired outcomes, and the duration, frequency, intensity, location, and the method of delivering the early intervention services;

(8) a parental signature, which denotes prior consent to the early intervention services on the IFSP; if the parent(s) does not provide consent for a particular early intervention service, then the service(s) to which the parent(s) did consent shall be provided;

(9) specific information concerning payment sources and arrangements;

(10) the name of the ongoing family service coordinator;

(11) a statement of all other services including, medical services, child care and other early learning services being provided to the child and family that are not funded under this rule;

(12) an outcome, including strategies the family service coordinator or family shall take to assist the child and family to secure other services not funded under this rule;

(13) a statement about the natural environments in which early intervention services shall be provided; if the IFSP team determines that services cannot be satisfactorily provided or IFSP outcomes cannot be achieved in natural environments, then documentation for this determination and a statement of where services will be provided and what steps will be taken to enable early intervention services to be delivered in the natural environment must be included;

(14) the projected start dates for initiation of early intervention services and the anticipated duration of those services; and

(15) at the appropriate time, a plan including identified steps and services to be taken to ensure a smooth and effective transition from early intervention services to preschool services under IDEA Part B and other appropriate early learning services.

C. Interim IFSP.

(1) With parental consent an interim IFSP shall be developed and implemented, when an eligible child or family have an immediate need for early intervention services prior to the completion of the evaluation and assessment.

(2) The interim IFSP shall include the name of the family service coordinator, the needed early intervention services, the frequency, intensity, location and methods of delivery, and parental signature indicating consent.

(3) The use of an interim IFSP does not waive or constitute an extension of the evaluation requirements and timelines.

D. Family service coordination.

(1) Family service coordination shall be provided at no cost to the family.

(2) The parent may choose the early intervention agency that will provide ongoing family service coordination.

(3) The parent may request to change the family service coordinator, at any time.

(4) The family service coordinator shall be responsible for:

(a) informing the family about early intervention and their rights and procedural safeguards;

(b) gathering information from the family regarding their concerns, priorities and resources;

(c) coordinating the evaluation and assessment activities;

(d) facilitating the determination of the child's eligibility;

(e) referring the family to other resources and supports;

(f) helping families plan and prepare for their IFSP meeting;

(g) organizing and facilitating IFSP meetings;

(h) arranging for and coordinating all services listed on the IFSP;

(i) coordinating and monitoring the delivery of the services on the IFSP to ensure that they are provided in a timely manner;

(j) conducting follow-up activities to determine that appropriate services are being provided;

(k) assisting the family in identifying funding sources for IFSP services, including medicaid and private insurance;

(l) facilitating periodic reviews of the IFSP; and

(m) facilitating the development of the transition plan and coordinating the transition steps and activities.

(5) Family service coordination shall be available to families upon their referral to the FIT program.

(6) Family service coordination shall be listed on the IFSP for all families of eligible children.

(7) Families may direct the level of support and assistance that they need from their family service coordinator and may choose to perform some of the service coordination functions themselves.

E. Periodic review of the IFSP.

(1) A review of the IFSP for a child and child's family must be conducted every six months, or more frequently if conditions warrant, or if the family requests such a review.

(2) The parent(s), the family service coordinator, and others as appropriate, shall participate in these reviews.

(3) A review can occur at any time at the request of the parent(s) or early intervention provider agency.

(4) Participants at a periodic review meeting shall include:

(a) the parent(s);

(b) other family members, as requested by the parent(s) (if feasible);

(c) an advocate or person outside of the family, as requested by the parent(s);

(d) the family service coordinator; and

(e) persons providing early intervention services, as appropriate.

F. Annual IFSP.

(1) The family service coordinator shall convene the IFSP team on an annual basis, to review progress regarding outcomes on the IFSP and to revise outcomes, strategies or services, as appropriate to the child's and family's needs and the annual re-determination of the child's eligibility for services.

(2) Attendance at the annual IFSP meeting shall conform to the requirements of the initial IFSP meeting.

(3) The team shall develop a new IFSP for the coming year; however, information may becarried forward from the previous IFSP if the information is current and accurate.

(4) Results of current evaluations and assessments and other input from professionals and parents shall be used in determining what outcomes will be addressed for the child and family and the services to be provided to meet these outcomes.

(5) The annual IFSP process shall include a determination of the child's continuing eligibility utilizing the tool(s) approved by the FIT program.

(6) At any time when monitoring of the IFSP by the family service coordinator or any member of the IFSP team, including the family, indicates that services are not leading to intended outcomes, the team shall be reconvened to consider revision of the IFSP. The IFSP team can also be reconvened if there are significant changes to the child's or family's situation, e.g., moving to a new community, starting child care or early head start, health or medical changes, etc.

(7) If there are significant changes to the IFSP, the revised IFSP can be considered a new annual IFSP with a new start and end date.

[8.9.8.11 NMAC - N, 7/20/2021]

8.9.8.12 SERVICE DELIVERY:

A. Early intervention services.

(1) Early intervention services shall be:

(a) designed to address the outcomes identified by the IFSP team (which includes parents and other team members);

(b) identified in collaboration with the parents and other team members through the IFSP process;

(c) listed on the IFSP if recommended by the team, including the family, even if a service provider is not available at that time;

(d) delivered to the maximum extent appropriate in the natural environment for the child and family in the context of the family's day to day life activities;

(e) designed to meet the developmental needs of the eligible child and the family's needs related to enhancing the child's development;

(f) delivered in accordance with the specific location, duration and method in the IFSP; and

(g) provided at no cost to the parent(s).

(2) Early intervention services (with the exception of consultation and evaluation and assessments) must be provided within 30 days of the start date for those services, as listed on the IFSP and consented to by the parent(s).

(3) If an early intervention service cannot be achieved satisfactorily for the eligible child in a natural environment, the child's record shall contain justification for services provided in another setting or manner and a description of the process used to determine the most appropriate service delivery setting, methodology for service delivery, and steps to be taken to enable early intervention services to be delivered in the natural environment.

(4) Early intervention services shall be provided, by qualified personnel, in accordance with an IFSP, and meet the standards of the state. Early intervention services include:

(a) Assistive technology services: services which directly assist in the selection, acquisition, or use of assistive technology devices for eligible children. This includes the evaluation of the child's needs, including a functional evaluation in the child's natural environment; purchasing, leasing, or otherwise providing for the acquisition of assistive technology devices for eligible children; selecting, designing,

fitting, customizing, adapting, applying, maintaining, repairing, or replacing assistive technology devices; coordinating and using other therapies, interventions, or services with assistive technology devices, such as those associated with existing developmental therapy, education and rehabilitation plans and programs; training or technical assistance for an eligible child and the child's family; and training or technical assistance for professionals that provide early intervention or other individuals who provide other services or who are substantially involved in the child's major life functions. Assistive technology devices are pieces of equipment, or product systems, that are used to increase, maintain, or improve the functional capabilities of eligible children. Assistive technology devices and services do not include medical devices that are implanted, including a cochlear implant, or the optimization, maintenance, or replacement of such a device.

(b) Audiological services: services that address the following: identification of auditory impairment in a child using at risk criteria and appropriate audiology screening techniques; determination of the range, nature, and degree of hearing loss and communication functions, by use of audiological evaluation procedures; referral for medical and other services necessary for the habilitation or rehabilitation of children with auditory impairment; provision of auditory training, aural rehabilitation, speech reading and listening device orientation and training; provision of services for the prevention of hearing loss; and determination of the child's need for individual amplification, including selecting, fitting, and dispensing appropriate listening and vibrotactile devices, and evaluating the effectiveness of those devices.

(c) Developmental instruction: services that include working in a coaching role with the family or other caregiver, the design of learning environments and implementation of planned activities that promote the child's healthy development and acquisition of skills that lead to achieving outcomes in the child's IFSP. Developmental instruction provides families and other caregivers with the information, skills, and support to enhance the child's development. Developmental instruction addresses all developmental areas: cognitive, communication, physical/motor, vision, hearing), social or emotional and adaptive development. Developmental instruction services are provided in collaboration with the family and other personnel providing early intervention services in accordance with the IFSP.

(d) Family therapy, counseling and training: services provided, as appropriate, by licensed social workers, family therapists, counselors, psychologists, and other qualified personnel to assist the parent(s) in understanding the special needs of their child, supporting the parent-child relationship, and to assist with emotional, mental health and relationship issues of the parent(s) related to parenting and supporting their child's healthy development.

(e) Family service coordination: services and activities as designated in the IFSP and performed by a designated individual to assist and enable the families of children from birth through age three years of age to access and receive early intervention services. The responsibilities of the family service coordinator include

acting as the single point of contact for: coordinating, facilitating and monitoring the delivery of services to ensure that services are provided in a timely manner; coordinating services across agency lines; assisting parents in gaining access to, and coordinating the provision of, early intervention services and other services as identified on the IFSP; explaining early intervention services to families, including family rights and procedural safeguards; gathering information from the family regarding their concerns, priorities and resources; coordinating the evaluation and assessment activities; facilitating the determination of the child's eligibility; referring the family to providers for needed services and supports; scheduling appointments for IFSP services for the child and their family; helping families plan and prepare for their IFSP meeting; organizing, facilitating and participating in IFSP meetings; arranging for and coordinating all services listed on the IFSP; conducting follow-up activities to determine that appropriate services are being provided; coordinating funding sources for services provided under the IFSP; facilitating periodic reviews of the IFSP; ensuring that a transition plan is developed at the appropriate time; and facilitating the activities in the transition plan to support a smooth and effective transition from FIT services.

(f) Health services: those health related services that enable an eligible child to benefit from the provision of other early intervention service during the time that the child is receiving the other early intervention services. These services include, but are not limited to, clean intermittent catheterization, tracheostomy care, tube feeding, the changing of dressings or colostomy collection bags, and other health services; and consultation by physicians with other service providers concerning the special health care needs of eligible children that will need to be addressed in the course of providing other early intervention services. Health services do not include surgery or purely medical services; devices necessary to control or treat a medical condition; medical-health services (such as immunizations and regular "well-baby" care) that are routinely recommended for all children; or services related to implementation, optimization, maintenance or replacement of a medical device that is surgically implanted.

(g) Medical services: those services provided for diagnostic or evaluation purposes by a licensed physician to determine a child's developmental status and other information related to the need for early intervention services.

(h) Nursing services: those services that enable an eligible child to benefit from early intervention services during the time that the child is receiving other early intervention services and include the assessment of health status for the purpose of providing nursing care; the identification of patterns of human response to actual or potential health problems; provision of nursing care to prevent health problems, restore or improve functioning, and promote optimal health and development; and administration of medication, treatments, and regimens prescribed by a licensed physician.

(i) Nutrition services: include conducting individual assessments in nutritional history and dietary intake; anthropometric biochemical and clinical variables; feeding skills and feeding problems; and food habits and food preferences. Nutrition

services also include developing and monitoring appropriate plans to address the nutritional needs of eligible children; and making referrals to appropriate community resources to carry out nutrition goals.

(j) Occupational therapy services: those services that address the functional needs of a child related to adaptive development, adaptive behavior and play, and sensory, motor, and postural development. These services are designed to improve the child's functional ability to perform tasks in a home, school, and community setting. Occupational therapy includes identification, assessment, and intervention; adaptation of the environment and selection, design and fabrication of assistive and orthotic devices to facilitate the development and promote the acquisition of functional skills, and prevention or minimization of the impact of initial or future impairment, delay in development, or loss of functional ability.

(k) Physical therapy services: those services that promote sensorimotor function through enhancement of musculoskeletal status, neurobehavioral organization, perceptual and motor development, cardiopulmonary status, and effective environmental adaptation. Included are screening, evaluation, and assessment of infants and toddlers to identify movement dysfunction; obtaining interpreting, and integrating information appropriate to program planning to prevent or alleviate movement dysfunction and related functional problems; and providing individual and group services to prevent or alleviate movement dysfunction and related functional problems.

(l) Psychological services: those services delivered as specified in the IFSP which include administering psychological and developmental tests and other assessment procedures; interpreting assessment results; obtaining, integrating, and interpreting information about child behavior, and child and family conditions related to learning, mental health, and development; and planning and management of a program of psychological services, including psychological counseling for children and parents, family counseling, consultation on child development, parent training, and education programs.

(m) Sign language and cued language services: services that include teaching sign language, cued language, and auditory/oral language, providing oral transliteration services (such as amplification), and providing sign and cued language interpretation.

(n) Social work services: those activities as designated in the IFSP that include identifying, mobilizing, and coordinating community resources and services to enable the child and family to receive maximum benefit from early intervention services; preparing a social or emotional developmental assessment of the child within the family context; making home visits to evaluate patterns of parent-child interaction and the child's living conditions, providing individual and family-group counseling with parents and other family members, and appropriate social skill-building activities with the child

and parents; and working with those problems in a child's and family's living situation that affect the child's maximum utilization of early intervention services.

(o) Speech and language pathology services: those services as designated in the IFSP which include identification of children with communicative or oral-motor disorders and delays in development of communication skills, including the diagnosis and appraisal of specific disorders and delays in those skills; provision of services for the habilitation or rehabilitation of children with communicative or oral-motor disorder and delays in development of communication skills; and provision of services for the habilitation, rehabilitation, or prevention of communicative or oral-motor disorders and delays in development of communication skills.

(p) Transportation services: supports that assist the family with the cost of travel and other related costs as designated in the IFSP that are necessary to enable an eligible child and family to receive early intervention services or providing other means of transporting the child and family.

(q) Vision services: services delineated in the IFSP that address visual functioning and ability of the child to most fully participate in family and community activities. These include evaluation and assessment of visual functioning including the diagnosis and appraisal of specific visual disorders, delays and abilities; referral for medical or other professional services necessary for the habilitation or rehabilitation of visual functioning disorder; and communication skills training. Vision services also include orientation and mobility training addressing concurrent motor skills, sensation, environmental concepts, body image, space/time relationships, and gross motor skills. Orientation and mobility instruction is focused on travel and movement in current environments and next environments and the interweaving of skills into the overall latticework of development. Services include evaluation and assessment of infants and toddlers identified as blind/visually impaired to determine necessary interventions, vision equipment, and strategies to promote movement and independence.

B. All services delivered to an eligible child shall be documented in the child's record and reported to the FIT program in accordance with policy and procedure established by the FIT program.

C. The family service coordinator shall review and monitor delivery of services to ensure delivery in accordance with the IFSP.

[8.9.8.12 NMAC - N, 7/20/2021]

8.9.8.13 TRANSITION:

A. Transition planning shall occur with the parent(s) of **all** children to ensure a smooth transition from the FIT program to preschool or other setting.

B. Notifications to the public education department and local education agency (LEA):

(1) The FIT program shall provide notification to the public education department, special education bureau, of all potentially eligible children statewide who will be turning three years old in the following 12-month period.

(2) The early intervention provider agency shall notify the LEA of all potentially eligible children residing in their district who will turn three years old in the following 12-month period. This will allow the LEA to conduct effective program planning.

(3) The notification from the early intervention provider agency to the LEA shall:

(a) include children who are potentially eligible for preschool special education services under the Individuals with Disabilities Education Act (IDEA) Part B; potentially eligible children are those children who are eligible under the developmental delay or established condition categories;

(b) include the child's name, date of birth, and contact information for the parent(s);

(c) be provided at least quarterly in accordance with the process determined in the local transition agreement; and

(d) be provided not fewer than 90 days before the third birthday of each child who is potentially eligible for IDEA Part B.

C. Transition plan:

(1) A transition plan shall be developed with the parent(s) for each eligible child and family that addresses supports and services after the child leaves the FIT program.

(2) The transition plan shall be included as part of the child's IFSP and shall be updated, revised and added as needed.

(3) The following is the timeline for developing the transition plan:

(a) at the child's initial IFSP meeting the transition plan shall be initiated and shall include documentation that the family service coordinator has informed the parent(s) regarding the timelines for their child's transition;

(b) by the time child is 24 months old, the transition plan will be updated to include documentation that the family service coordinator has informed the parent(s) of

the early childhood transition options for their child and any plans to visit those settings; and

(c) at least 90 days and not more than nine months before the child's third birthday, the transition plan shall be finalized at an annual IFSP or transition conference meeting that meets the attendance requirements of this rule.

(4) The transition plan shall include:

(a) steps, activities and services to promote a smooth and effective transition for the child and family;

(b) a review of program and service options available, including Part B preschool special education, head start, New Mexico school for the deaf, New Mexico school for the blind and visually impaired, private preschool, child care settings and available options for Native American tribal communities; or home if no other options are available;

(c) documentation of when the child will transition;

(d) the parent(s) needs for childcare if they are working or in school, in an effort to avoid the child having to move between preschool settings;

(e) how the child will participate in inclusive settings with typically developing peers;

(f) evidence that the parent(s) have been informed of the requirement to send notification to the LEA;

(g) discussions with and training of the parent(s) regarding future placements and other matters related the child's transition;

(h) procedures to prepare the child for changes in service delivery, including steps to help the child adjust to, and function in a new setting; and

(i) a confirmation that referral information has been transmitted, including the assessment summary form and most recent IFSP.

D. Referral to the LEA and other preschool programs:

(1) A transition referral shall be submitted by the family service coordinator, with parental consent, to the LEA at least 60 days prior to the transition conference. The transition referral shall include at a minimum the child's name, the child's date of birth, the child's address of residence, and the contact information for the parent(s), including name(s), address(es), and phone number(s).

(2) For children who enter the FIT program less than 90 days before their third birthday, the family service coordinator shall submit a referral, with parental consent, as soon as possible to the LEA. This referral shall serve as the notification for the child. No further notification to the LEA shall be required for the child.

(3) For children referred to the FIT program less than 45 days before the child's third birthday, the family service coordinator shall submit a referral to the LEA, with parent consent, but the early intervention provider agency will not conduct an evaluation to determine eligibility in accordance with the referral and intake provisions of this rule.

E. Invitation to the transition conference: The family service coordinator shall submit an invitation to the transition conference to the LEA and other preschool programs at least 30 days prior to the transition conference.

F. Transition assessment summary:

(1) The family service coordinator shall submit a completed transition assessment summary form to the LEA at least 30 days prior to the transition conference.

(2) Assessment results, including present levels of development, must be current within six months of the transition conference.

G. Transition conference: The transition conference shall:

(1) be held with the approval of the parent(s);

(2) be held at least 90 days and no more than nine months prior to the child's third birthday;

(3) meet the IFSP meeting attendance requirements of this rule;

(4) take place in a setting and at a time that is convenient to the family;

(5) be conducted in the native language of the family, or other mode of communication used by the family, unless it is clearly not feasible to do so;

(6) with permission of the parent(s), include other early childhood providers (early head start/head start, child care, private preschools, New Mexico school for the deaf, New Mexico school for the blind and visually impaired, etc.);

(7) be facilitated by the family service coordinator to include:

(a) a review of the parent(s)'s preschool and other service options for their child;

(b) a review of, and if needed, a finalization of the transition plan;

(c) a review of the current IFSP, the assessment summary; and any other relevant information;

(d) the transmittal of the IFSP, evaluation and assessments and other pertinent information with parent consent;

(e) an explanation by an LEA representative of the IDEA Part B procedural safeguards and the eligibility determination process, including consent for the evaluation;

(f) as appropriate, discussion of communication considerations (if the child is deaf or hard of hearing) and Braille determination (if the child has a diagnosis of a visual impairment), autism considerations, and considerations for children for whom English is not their primary language.

(g) discussion of issues including enrollment of the child, transportation, dietary needs, medication needs, etc.

(h) documentation of the decisions made on the transition page and signatures on the transition conference signature page, which shall be included as part of the IFSP. Copies of the transition conference page and signature page shall be sent to all participants.

H. Transition date:

(1) The child shall transition from the FIT program when the child turns three years old.

(2) For a child determined to be eligible by the LEA for preschool special education (IDEA Part B):

(a) if the child's third birthday occurs during the school year, transition shall occur by the first school day after the child turns three; or

(b) if the child's third birthday occurs during the summer, the child's IEP team shall determine the date when services under the IEP (or IFSP-IEP) will begin.

I. The individualized education program (IEP):

(1) The family service coordinator and other early intervention personnel shall participate in a meeting to develop the IEP (or IFSP-IEP) with parent approval.

(2) The family service coordinator, with parent consent, shall provide any new or updated documents to the LEA in order to develop the IEP.

J. Follow-up family service coordination: At the request of the parents, and in accordance with New Mexico early childhood education and care department policy, family service coordination shall be provided after the child exits from early intervention services for the purpose of facilitating a smooth and effective transition.

[8.9.8.13 NMAC - N, 7/20/2021]

8.9.8.14 PROCEDURAL SAFEGUARDS:

A. Procedural safeguards are the requirements set forth by IDEA, as amended, and established and implemented by the New Mexico early childhood education and care department that specify family's rights and protections relating to the provision of early intervention services and the process for resolving individual complaints related to services for a child and family. The family service coordinator at the first visit with the family shall provide the family with a written overview of these rights and shall also explain all the procedural safeguards.

B. The family service coordinator shall provide ongoing information and assistance to families regarding their rights throughout the period of the child's eligibility for services. The family service coordinator shall explain dispute resolution options available to families and early intervention provider agencies. A family service coordinator shall not otherwise assist the parent(s) with the dispute resolution process.

C. Surrogate parent(s).

(1) A surrogate parent shall be assigned when:

(a) no parent can be identified;

(b) after reasonable efforts a parent cannot be located; and

(c) a child is a ward of the state or tribe and the foster parent is unable or unwilling to act as the parent in the IFSP process.

(2) The family service coordinator shall be responsible for determining the need for the assignment of a surrogate parent(s) and shall contact the FIT program if the need for a surrogate is determined.

(3) The continued need for a surrogate parent(s) shall be reviewed regularly throughout the IFSP process.

(4) The FIT program shall assign a surrogate parent within 30 days after it is determined that the child needs a surrogate parent. A surrogate may also be appointed by a judge in case of a child who is a ward of the court, as long as the surrogate meets the requirements of this rule.

(5) The person selected as a surrogate:

(a) must not be an employee of the lead agency, other public agency or early intervention provider agency or provider of other services to the child or family; the person is not considered an employee if they solely are employed to serve as a surrogate;

(b) must have no personal or professional interest that conflicts with the interests of the child; and

(c) must have knowledge and skills that ensure adequate representation of the child.

(6) A surrogate parent has all of the same rights as a parent for all purposes of this rule.

D. Consent.

(1) The family service coordinator shall obtain parental consent before:

(a) administering screening procedures under this rule that are used to determine whether a child is suspected of having a disability;

(b) an evaluation conducted to determine the child's eligibility for the FIT program;

(c) early intervention services are provided;

(d) public or private insurance is used, in accordance with this rule; and

(e) personally identifiable information is disclosed, unless the disclosure is made to a participating agency.

(2) The family service coordinator shall ensure that the parent is fully aware of the nature of the evaluation and assessment or early intervention service that would be available and informed that without consent the child cannot receive an evaluation or early intervention services.

(3) The parent(s):

(a) may accept or decline any early intervention service at any time; and

(b) may decline a service after first accepting it, without jeopardizing other early intervention services.

(4) The FIT program may not use due process procedures of this rule to challenge a parent's refusal to provide any consent that is required by this rule.

E. Prior written notice and procedural safeguards notice.

(1) Prior written notice shall be provided at least five days before the early intervention provider agency proposes, or refuses, to initiate or change the identification, evaluation or placement of a child, including any changes to length, duration, frequency and method of delivering a service. Parent(s) may waive the five-day period in order for the change to be implemented sooner, if needed.

(2) The prior written notice must include sufficient detail to inform the parent(s) about:

(a) the action being proposed or refused;

(b) the reasons for taking the action; and

(c) all procedural safeguards available, including mediation, how to file a complaint and a request for a due process hearing, and any timelines for each.

(3) The procedural safeguards notice must be provided in the native language of the parent(s) or other mode of communication used by the parent, unless clearly not feasible to do so.

(4) If the native language of the parent(s) is not a written language, the early intervention provider agency shall translate the notice orally in their native language or other means of communication so that the parent understands the notice. The family service coordinator shall document that this requirement has been met.

F. No child or family shall be denied access to early intervention services on the basis of race, creed, color, sexual orientation, religion, gender, ancestry, or national origin.

G. Confidentiality and opportunity to examine records.

(1) Notice: Notice to the parent(s) shall be provided when a child is referred to the FIT program, and shall include:

(a) a description of the types of children that information is maintained on, the types of information sought, and method used in gathering the information, and the uses of the information;

(b) a summary of the policies and procedures regarding storage, disclosure to third parties, retention and destruction of personally identifiable information;

(c) a list of the types and locations of early intervention records collected, maintained or used by the agency;

(d) a description of the rights of the parent(s) and children regarding this information, including their rights under IDEA, Part C ("Confidentiality"); and

(e) a description of the extent to which the notice is provided in the native languages of the various population groups in the state.

(2) Confidentiality.

(a) All personally identifiable data, information, and records shall be protected, and confidentiality maintained in accordance with the Family Educational Rights and Privacy Act (FERPA).

(b) Personally identifiable data, information, and records shall be maintained as confidential from the time the child is referred to the FIT program until the point at which records are no longer required to be maintained in accordance with federal or state law.

(c) Prior consent from the parent(s) must be obtained before personally identifiable information is disclosed to anyone other than a participating agency or used for any purpose other than meeting a requirement of these regulations.

(d) The early intervention provider agency must protect the confidentiality of personally identifiable information at the collection, maintenance, use, storage, disclosure, and destruction stages.

(e) One official at each early intervention provider agency must assume responsibility for ensuring the confidentiality of all personally identifiable information.

(f) The early intervention provider agency must maintain for public inspection a current listing of names and positions of personnel who may have access to personally identifiable information.

(g) All personnel collecting or using personally identifiable information must receive training or instructions on the confidentiality requirements of this rule.

(3) Access to records.

(a) The early intervention provider agency must permit the parent(s) to inspect and review any early intervention records related to their child without unnecessary delay and before any IFSP meeting or due process hearing, and in no cases more than 10 days after the request has been made.

(b) The early intervention provider agency must respond to reasonable requests for explanations and interpretations of the early intervention records.

(c) The parent has the right to have a representative inspect and review the early intervention records.

(d) The early intervention provider agency must assume that the parent has the right to review the early intervention records unless they have been provided documentation that the parent does not have authority under state law governing such matters as custody, foster care, guardianship, separation and divorce.

(e) The early intervention provider agency must provide copies of evaluations and assessments, the IFSP as soon as possible after each meeting at no cost.

(f) The early intervention provider agency must provide one complete copy of the child's early intervention records at the request of the parent(s) at no cost.

(g) The early intervention provider agency may otherwise charge a fee for copies of records that are made for parents under this rule if the fee does not effectively prevent the parent(s) from exercising their right to inspect and review those records.

(h) The early intervention provider agency may not charge a fee to search for or to retrieve records to be copied.

(4) Record of access.

(a) The early intervention provider agency must keep a record of parties obtaining access to early intervention records (except access by the parent(s), authorized representatives of the lead agency and personnel of the FIT provider agency).

(b) The record must include the name of the party, the date access was given, and the purpose for which the party was authorized to access the record.

(c) If any early intervention record includes information on more than one child, the parents of those children have the right to inspect and review only the information relating to their child or to be informed of that specific information.

(5) Amendment of records at parent request.

(a) If the parent(s) believes that information in the child's records is inaccurate, misleading, or violates the privacy or other rights of the child or parent(s), they may request that the early intervention provider agency amend the information.

(b) The early intervention provider agency must decide whether to amend the information in accordance with the request within 14 days of receipt of the request.

(c) If the early intervention provider agency refuses to amend the information in accordance with the request, it must inform the parent(s) of the refusal and advise the parent(s) of their right to a hearing.

(6) Records hearing.

(a) The early intervention provider agency must, on request, provide parents with the opportunity for a hearing to challenge information in their child's record to ensure that it is not inaccurate, misleading, or violates the privacy or other rights of the child or parent(s).

(b) A parent may request a due process hearing under this rule to address amendment of records.

(c) If as a result of a hearing it is determined that information in the records is inaccurate, misleading, or violates the privacy or other rights of the child or parent(s), the early intervention provider agency must amend the information accordingly and inform the parents in writing.

(d) If as a result of a hearing it is determined that information in the records is not inaccurate, misleading, or violates the privacy or other rights of the child or parent(s), the early intervention provider agency must inform the parents of the right to place in the child's records a statement commenting on the information or setting forth any reasons for disagreeing with the decision of the agency.

(e) Any explanation placed in the child's records must be maintained by the early intervention provider agency as long as the record is contested or as long as the contested portion is maintained and if the contested portion is released to any party, the explanation must also be disclosed to the party.

(7) Destruction of records.

(a) Records shall be maintained for a minimum of six years following the child's exit from the early intervention services system before being destroyed. At the conclusion of the six year period, records shall be destroyed upon the request of the parent(s), or may be destroyed at the discretion of the early intervention provider agency.

(b) The early intervention provider agency must attempt to inform the parent(s) when personally identifiable information collected, maintained or used is no longer needed to provide services under state and federal regulations.

(c) Notwithstanding the foregoing, a permanent record of a child's name, date of birth, parent contact information, name of the family service coordinator, names of early intervention personnel, and exit data (year and age upon exit, and any programs entered into upon exit) may be maintained without time limitation.

H. Dispute resolution options.

(1) Parents and providers shall have access to an array of options for resolving disputes, as described herein.

(2) The family service coordinator shall inform the family about all options for resolving disputes. The family shall also be informed of the policies and procedures of the early intervention provider agency for resolving disputes at the local level.

I. Mediation.

(1) The mediation process shall be made available to parties to disputes, including matters arising prior to filing a complaint or request for due process hearing. The mediation:

(a) shall be voluntary on the part of the parties;

(b) shall not be used to deny or delay the parent(s)'s right to a due process hearing or to deny any other rights of the parent(s);

(c) shall be conducted by a qualified and impartial mediator who is trained in mediation techniques and who is knowledgeable in the laws and regulations related to the provision of early intervention services;

(d) shall be selected by the FIT program from a list of qualified, impartial mediators who are selected based on a random, rotational or other impartial basis; the selected mediator may not be an employee of the lead agency or the early intervention provider agency and they must not have a personal or professional interest that conflicts with the person's objectivity; and

(e) shall be funded by the FIT program.

(2) Sessions in the mediation process must be scheduled in a timely manner and must be held in a location that is convenient to the parties.

(3) If the parties resolve the dispute, they must execute a legally binding agreement that:

(a) states that all discussions that occurred during the mediation process will remain confidential and may not be used as evidence in any subsequent due process hearing or civil proceeding; and

(b) is signed by both parties.

(4) The mediation agreement shall be enforceable in a state or federal district court of competent jurisdiction.

J. Complaints.

(1) An individual or organization may file a complaint with the state director of the FIT program regarding a proposal, or refusal, to initiate or change the identification, evaluation, or placement of a child; or regarding the provision of early intervention services to a child and the child's family. The party submitting the complaint shall also forward a copy of the complaint to the FIT provider agency(ies) serving the child.

(2) The written complaint shall be signed by the complaining party and shall include:

(a) a statement that the FIT program or FIT provider agency(ies) serving the child have violated a requirement of this rule or Part C of the IDEA, and a statement of the facts on which that allegation is based;

(b) the signature and contact information of the complainant;

(c) if the complaint concerns a specific child:

(i) the name and address of the residence of the child, or if the child is homeless, the contact information for the child;

(ii) the name of the FIT provider agency(ies) serving the child;

(iii) a description of the nature of the dispute related to the proposed or refused initiation or change, including facts related to the dispute; and

(d) a proposed resolution of the dispute to the extent known and available to the party at the time.

(3) The complaint must allege a violation that occurred not more than one year prior to the date that the complaint is received by the FIT program.

(4) Upon receipt of a complaint, the early childhood education and care department shall determine if an investigation is necessary, and if an investigation is deemed necessary, within 60 calendar days after the complaint is received it shall:

(a) carry out an independent on-site investigation;

(b) give the complainant the opportunity to submit additional information, either orally or in writing, about the allegations in the complaint;

(c) provide an opportunity for the lead agency, public agency or early intervention provider agency to respond to the complaint, including at a minimum:

(i) at the discretion of the FIT program, a proposal to resolve the complaint; and

(ii) an opportunity for a parent who has filed a complaint and the FIT program or the FIT provider agency(ies) serving the child to voluntarily engage in mediation, consistent with this rule;

(d) give the parties the opportunity to voluntarily engage in mediation;

(e) review all relevant information and make an independent determination as to whether any law or regulation has been violated; and

(f) issue a written decision to the complainant and involved parties that addresses each allegation and details the findings of fact and conclusions and the reason for the complaint investigator's final decision. The written decision may include recommendations that include technical assistance activities, negotiations and corrective actions to be achieved.

(5) An extension of the 60 day investigation timeline will only be granted if exceptional circumstances exist with respect to a particular complaint or if the parties agree to extend the timeline to engage in mediation.

(6) If the complaint received is also the subject of a due process hearing or contains multiple issues, of which one or more are part of that hearing, the complaint investigator shall set aside any part of the complaint that is being addressed in a due process hearing until the conclusion of that hearing. Any issue in the complaint that is not part of the due process hearing must be resolved within the sixty-calendar day timeline.

(7) If an issue raised in a complaint is or was previously decided in a due process hearing involving the same parties, the decision from that hearing is binding on that issue, and the FIT program shall inform the complainant to that effect.

(8) A complaint alleging a failure to implement a due process hearing decision shall be resolved by the department.

(9) Except as otherwise provided by law, there shall be no right to judicial review of a decision on a complaint.

K. Request for a due process hearing.

(1) In addition to the complaint procedure described above, a parent, a participating FIT provider, or the FIT program may file a request for a hearing regarding a proposal, or refusal, to initiate or change the identification, evaluation, or placement of a child; or regarding the provision of early intervention services to a child and the child's family.

(2) A parent or participating FIT provider may request a hearing to contest a decision made by the FIT program pursuant to the complaints provisions above.

(3) A request for a hearing shall contain the same minimum information required for a complaint under this rule.

L. Appointment of hearing officer.

(1) When a request for a hearing is received, the FIT program shall assign an impartial hearing officer from a list of hearing officers maintained by the FIT program who:

(a) has knowledge about IDEA Part C and early intervention;

(b) is not an employee of any agency or entity involved in the provision of early intervention; and

(c) does not have a personal or professional interest that would conflict with their objectivity in implementing the process.

(2) The hearing officer shall:

(a) listen to the presentation of relevant viewpoints about the due process issue;

(b) examine all information relevant to the issues;

(c) seek to reach timely resolution of the issues; and

(d) provide a record of the proceedings, including a written decision.

M. Due process hearings.

(1) When a request for a hearing is received, a due process hearing shall be conducted.

(2) The due process hearing shall be carried out at a time and place that is reasonably convenient to the parents and child involved.

(3) The due process hearing shall be conducted and completed and a written decision shall be mailed to each party no later than 30 days after receipt of a parent's complaint. However, the hearing officer may grant specific extensions of this time limit at the request of either party.

(4) A parent shall have the right in the due process hearing proceedings:

(a) to be accompanied and advised by counsel and by individuals with special knowledge or training with respect to early intervention services for children and others, at the party's discretion;

(b) to present evidence and confront, cross examine, and compel the attendance of witnesses;

(c) to prohibit the introduction of any evidence at the hearing that has not been disclosed to the party at least five days before the hearing;

(d) to obtain a written or electronic verbatim record of the hearing, at no cost to the parent; and

(e) to obtain a written copy of the findings of fact and decisions, at no cost to the parent.

(5) Any party aggrieved by the findings and decision of the hearing officer after a hearing has the right to bring a civil action in a state or federal court of competent jurisdiction, within 30 days of the date of the decision.

N. Abuse, neglect, and exploitation.

(1) All instances of suspected abuse, neglect, and exploitation shall be reported in accordance with law and policies established through the New Mexico early childhood education and care department and the children, youth and families department.

(2) A parent's decision to decline early intervention services does not constitute abuse, neglect or exploitation.

[8.9.8.14 NMAC - N, 7/20/2021]

PART 9 REQUIREMENTS GOVERNING THE CHILD CARE FACILITY LOAN ACT

8.9.9.1 ISSUING AGENCY:

Early Childhood Education and Care Department (ECECD).

[8.16.3.1 NMAC - Rp, 8.9.9.1 NMAC, 12/23/2024]

8.9.9.2 SCOPE:

The Child Care Facility Loan Act fund program regulations shall apply to the use of funds by eligible applicants available pursuant to the Child Care Facility Loan Act, Sections 24-24-1 to 24-24-4 NMSA 1978.

[8.16.3.2 NMAC - Rp, 8.9.9.2 NMAC, 12/23/2024]

8.9.9.3 STATUTORY AUTHORITY:

The regulations (rules) set forth herein, have been promulgated by the secretary of the New Mexico Early Childhood Education and Care Department, by authority of the Early Childhood Education and Care Department Act, Sections 9-29-1 to 9-29-13 NMSA 1978, and the Child Care Facility Loan Act, Sections 24-24-1 to 24-24-4 NMSA 1978, in conjunction with the New Mexico Finance Authority.

[8.16.3.3 NMAC – Rp, 8.9.9.3 NMAC, 12/23/2024]

8.9.9.4 DURATION:

Permanent.

[8.16.3.4 NMAC - Rp, 8.9.9.4 NMAC, 12/23/2024]

8.9.9.5 EFFECTIVE DATE:

December 23, 2024, unless a later date is cited at the end of a section.

[8.16.3.5 NMAC - Rp, 8.9.9.5 NMAC, 12/23/2024]

8.9.9.6 OBJECTIVE:

A. The objective of 8.16.3 NMAC is to establish standards and procedures for administering loans under the Child Care Facility Loan Act. The Child Care Facility Loan Act directs the Early Childhood Education and Care Department (the Department) in conjunction with the New Mexico Finance Authority (the Authority) to adopt rules to administer and implement the Child Care Facility Loan Act.

B. The Child Care Facility Loan Act creates the child care facility revolving loan fund to provide long-term, low-interest funding for loans to providers to make health and safety improvements and for operating capital to maintain adequate and appropriate environments for their clients.

C. These rules establish eligibility guidelines, loan application requirements and evaluation procedures for loan applications. The authority will adopt a separate policy governing the structuring and parameters (including interest rates and terms), and financial monitoring of loans from the child care facility revolving loan fund.

[8.16.3.6 NMAC - Rp, 8.9.9.6 NMAC, 12/23/2024]

8.9.9.7 DEFINITIONS:

A. "Act" means the Child Care Facilities Loan Act (Sections 24-24-1 to 24-24-4 NMSA 1978).

B. "Agreement" means the document or documents signed by the Authority and the eligible applicant that specifies the terms and conditions of a loan provided under the program.

C. "Applicant" means a provider which has filed an application for a loan with the department and the authority.

D. "Application" means a written document filed with the Department and the Authority by an applicant for the purpose of obtaining a loan. An application may include a form prescribed by the department and the authority, written responses to requests for information by the department and the authority, or another format as determined by the department and the authority.

E. "Authority" means the New Mexico Finance Authority.

F. "Authorized representative" means one or more individuals authorized by the governing body of an applicant to act on behalf of the applicant in connection with its application. An authorized representative may act on behalf of the applicant to the extent provided by law.

G. "Board" means the New Mexico Finance Authority Board of Directors as created by the New Mexico Finance Authority Act, Sections 6-21-1 to 6-21-31 NMSA 1978.

H. "Department" means the New Mexico Early Childhood Education and Care Department.

I. "Facility" means a child care facility operated by a provider, including both family home-based and center-based programs, licensed by the department to provide care to infants, toddlers, and children.

J. "Fund" means the child care facility revolving loan fund held by the authority pursuant to the act.

K. "Loan" means a loan from the fund.

L. "Operating Capital" means funds needed to meet short-term obligations, such as accounts payable, wages, debt servicing, lease and income tax payments.

M. "Project" means health and safety improvements to a child care facility, including physical improvement, repair, maintenance, expansion and operation of a child care facility providing a healthy and safe teaching environment.

N. "Provider" means a person licensed by the department to provide child care to infants, toddlers and children pursuant to 8.9.4 NMAC.

O. "Rules" means these Child Care Facility Loan Act fund program regulations.

[8.16.3.7 NMAC - Rp, 8.9.9.7 NMAC, 12/23/2024]

8.9.9.8 ELIGIBILITY GUIDELINES FOR APPLICANTS AND PROJECTS:

A. An applicant is considered eligible if they meet the following eligibility requirements:

(1) is a provider as defined by the act and these rules; and is

(2) is verified as in good standing regarding its licensure by the department; and

(3) complies with all applicable federal, state and local laws and regulations.

B. A project is considered eligible if it meets the following eligibility requirements:

(1) is owned by an eligible applicant; and

(2) the project involves the physical improvement, repair, maintenance, expansion or operation of a facility, as defined by the act and these rules; and

(3) involves a facility licensed by the department under 8.9.4.11 NMAC; and

(4) is verified as supporting healthy and safe teaching environments by the department.

C. The department may give priority to eligible applicants that have facilities serving a proportionately high number of state-subsidized clients and low-income families (by statute, this factor has priority over all others) or based on other programmatic factors determined at discretion of the department.

[8.16.3.8 NMAC - Rp, 8.9.9.8 NMAC, 12/23/2024]

8.9.9.9 LOAN APPLICATION PROCEDURES:

A. Contingent upon a sufficient balance in the fund, the department and the authority will accept applications and award loans

B. The department and the authority will provide applications. Complete applications must be signed by an authorized representative of the provider. Only applications that are complete will be considered for a loan. The application shall include the following:

(1) evidence of the eligibility of the applicant and the project;

(2) proof of applicable licenses and certifications for the provider and the facility; and

(3) a detailed description of the circumstances that demonstrate the impact of the project, including a description of the need for child care services in the community in which the project is located, including data on licensed capacity and capacity to serve eligible children in the community;

(4) a description of how the project will benefit the health and safety of provider's clients; and provider's clients, the quality of the provider's program, or the operation of the facility; and number of state subsidized and low-income families total number of clients served;

(5) information on the current and proposed services of the applicant to state-subsidized clients and low-income families;

(6) a detailed description of the project to be financed, including:

(a) a description of the scope of work of the project;

(b) the estimated cost of the project;

(c) the target date for the initiation of the project and the estimated time to completion; and

(d) the estimated useful life of the project and selected components;

(7) a copy of the applicant's formation and governance documents (e.g., articles of incorporation and bylaws) identification of the source funds to complete the project if the loan requested is not sufficient to cover the full cost of the project;

(8) identification of the source of funds for repayment of the loan and the source of funds to operate and maintain the project over its useful life;

(9) the applicant's financial reports for the most recent three years and federal and state tax returns;

(10) the applicant's projected cash flows for at least 3 years;

(11) the applicant's business plan;

(12) the written assurance that the project is allowed by the owner of the facility, if the owner is not the applicant;

(13) any existing licenses or certifications that pertain to the business;

(14) any insurance documents pertaining to the business; and

(15) any additional information as requested by the department or authority.

[8.16.3.9 NMAC - Rp, 8.9.9.9 NMAC, 12/23/2024]

8.9.9.10 EVALUATION OF APPLICANT AND PROJECT:

A. Evaluations and determinations by department.

(1) Once an application is complete, the department will evaluate the applicant and the proposed project for eligibility and make a determination as to eligibility.

(2) If the department determines that an applicant is eligible, the department will determine the programmatic priority for each application.

(3) Upon completion of its evaluation of eligibility and determination of programmatic priority, the department will refer the applications to the authority.

B. Financing approval by the authority.

(1) Staff at the authority will perform an independent analysis of the financial feasibility of each application for a loan. In evaluating an application, staff of the authority will consider:

(a) the ability of the eligible applicant to secure financing from other sources;

(b) the terms of any other sources of funding;

(c) the applicant's ability to repay the loan; and

(d) the applicant's ability and agreement to satisfy any other requirements for approval of the loan as the authority requires by its policy or otherwise.

(2) Restrictions on loans:

(a) No more than twenty percent of the fund may be loaned to a single provider in a single project.

(b) Loans from the fund are to be made at an interest rate greater than zero.

(c) Loans from the fund are to be made for a term that does not exceed the useful life of the project being financed.

C. Approval by the authority. Staff of the authority may recommend applications for approval to the board. The board may approve all or part of any application recommended or may disapprove the application and deny funding at its sole discretion.

[8.16.3.10 NMAC - Rp, 8.9.9.10 NMAC, 12/23/2024]

8.9.9.11 RECONSIDERATION OF DECISIONS BY DEPARTMENT AND THE AUTHORITY:

A. Decision by department as to eligibility. An applicant may request reconsideration of a contrary decision by the department as to whether it is an eligible applicant under these regulations. Notice must be given to the department in writing within ten working days of receipt of the department's decision as to eligibility. A request for reconsideration not timely or properly made will be barred. The department's secretary or designee will promptly review each timely request for reconsideration. The decision of the department secretary or designee as to eligibility is final.

B. Decision by the authority as to financing. An applicant may request reconsideration of a decision by the authority denying a loan to an applicant by notifying the chief executive officer of the authority in writing within fifteen days of the date on which notice of an adverse decision is given by the authority to an applicant. The authority's chief executive officer will promptly review each timely request for reconsideration. The authority's chief executive officer will either consider the request for reconsideration or reject the appeal. The authority's chief executive officer will provide the applicant written notice of the rejection of a request for reconsideration within five business days following such decision. An applicant may appeal the authority's chief executive officer's decision by submitting a notice of appeal to the authority's board within 10 business days following receipt of the notice of that decision, which notice of appeal must include any reasons and documentation supporting the applicant's position. An applicant's appeal to the authority's board will be considered by the authority's board at its next regular meeting. The decision of the authority's board is final.

[8.16.3.11 NMAC - Rp, 8.9.9.11 NMAC, 12/23/2024]

8.9.9.12 LOAN AGREEMENTS:

A. The authority and the eligible applicant will enter into an agreement and any other applicable documentation to establish the terms and conditions of the loan from the authority. The agreement will include the terms of repayment and sanctions available to the authority in the event of a default.

B. The agreement will contain provisions that require loan recipients to comply with all applicable federal, state and local laws and regulations.

C. The agreement will contain a provision that the eligible applicant agrees that any contract or subcontract executed for the completion of any project shall contain a provision that there shall be no discrimination against any employee or applicant for employment because of race, color, creed, sex, religion, sexual preference, ancestry or national origin. The authority shall not be responsible for monitoring the contracts or subcontracts for inclusion of that provision or compliance with it.

D. The authority will monitor the financial covenants of the agreement and will enforce all terms and conditions thereof, including prompt notice and collection. The authority will take actions as necessary to ensure loan repayment and the integrity of the fund.

E. The department will monitor the performance of an eligible applicant under department licensure requirements and for programmatic requirements and will make the necessary site visits. The authority will not monitor the performance of an eligible applicant under department licensure requirements nor for programmatic requirements and will not make site visits. The authority will not be responsible for any act or omission of the applicant upon which any claim, by or on behalf of any person, firm, corporation or other legal entity, may be made, arising from the loan or any establishment or modification of the project or otherwise. The department will promptly notify the authority if a loan recipient falls out of compliance with any licensure or programmatic requirements.

F. In the event the loan recipient defaults, the authority may enforce its rights by suit or mandamus and may utilize all other available remedies under state and federal law.

G. If an eligible applicant that has received a loan ceases to maintain its provider status or ceases to provide child care to infants, toddlers and children, the state shall have the following remedies available to it:

(1) the acceleration of the loan requiring the immediate repayment of all amounts due, including all accrued and unpaid interest;

(2) any other remedies available at law or in equity.

[8.16.3.12 NMAC - Rp, 8.9.9.12 NMAC, 12/23/2024]

8.9.9.13 ADMINISTRATION OF THE FUND:

A. The fund is created in the authority consisting of appropriations, gifts, grants and donations to the fund, which shall be invested as provided in the New Mexico Finance Authority Act.

B. Money in the fund shall not revert.

C. Administrative costs of the authority may be paid from the fund.

D. The fund shall be administered by the authority as a separate account, but may consist of such sub-accounts as the authority deems necessary to carry out the purposes of the fund.

E. Money from repayments of loans or payments on securities held by the authority for projects authorized specifically by law shall be deposited in the fund. The fund shall also consist of any other money appropriated, distributed or otherwise allocated to the fund for the purpose of financing projects authorized specifically by law.

CHAPTER 10: CHILD PROTECTIVE SERVICES

PART 1: GENERAL PROVISIONS [RESERVED]

PART 2: PROTECTIVE SERVICES INTAKE

8.10.2.1 ISSUING AGENCY:

Children, Youth and Families Department (CYFD), Protective Services Division (PSD).

[8.10.2.1 NMAC - Rp, 8.10.2.1 NMAC, 03/31/10]

8.10.2.2 SCOPE:

Protective services employees and the general public.

[8.10.2.2 NMAC - Rp, 8.10.2.2 NMAC, 03/31/10]

8.10.2.3 STATUTORY AUTHORITY:

Children, Youth and Families Department Act, 9-2A-7 D, NMSA 1978; New Mexico Children’s Code, Section 32A-1-1, NMSA 1978 (2009 Cum. Supp.)

[8.10.2.3 NMAC - Rp, 8.10.2.3 NMAC, 03/31/10]

8.10.2.4 DURATION:

Permanent.

[8.10.2.4 NMAC - Rp, 8.10.2.4 NMAC, 03/31/10]

8.10.2.5 EFFECTIVE DATE:

March 31, 2010, unless a later date is cited at the end of a section.

[8.10.2.5 NMAC - Rp, 8.10.2.5 NMAC, 03/31/10]

8.10.2.6 OBJECTIVE:

To establish provisions for accepting reports of alleged child abuse or neglect.

[8.10.2.6 NMAC - Rp, 8.10.2.6 NMAC, 03/31/10]

8.10.2.7 DEFINITIONS:

A. "Caregiver" is an adult, parent, guardian or custodian in the household who provides care and supervision for the child.

B. "Child abuse and neglect check" is a review of the PSD family automated client tracking system, also known as FACTS, or another state's central abuse or neglect registry to determine if there have been any previous referrals on the family to this state's or any other state's child protective services division.

C. "Child," "children" or "youth" refers to a person who is one of the following:

(1) under the age of 18 years of age; or

(2) up to 21 years of age and participating in the extended foster care program.

D. "Children's Code" refers to the New Mexico Children's Code, Section 32A NMSA 1978.

E. "Child vulnerability" refers to conditions resulting in the child's ability to protect themself from identified danger indicators.

F. "Collateral contact" refers to any person who may be able to provide information to the PSD worker during an investigation of alleged abuse or neglect, concerning the alleged abuse or neglect that would be helpful in assessing child vulnerabilities, danger indicators and parent, guardian or custodian safety planning capacities.

G. "Complicating factors" are conditions that make it difficult for a caregiver to create safety for their child, but do not by themselves constitute imminent danger. Refer to the structure decision making manual to review the list of complicating factors protective services workers use in the New Mexico child safety and risk tool.

H. "Custodian" as defined in the Children's Code, Subsection E of Section 32A-1-4 NMSA 1978, means an adult with whom the child lives who is not a parent or guardian of the child.

I. "CYFD" is the New Mexico children, youth and families department.

J. "Danger indicators" are conditions resulting in a child being exposed to harm or injury and was placed at risk of harm or injury that could occur immediately. Refer to the structured decision making manual to review the list of the ten identified danger indicators protective services workers use in the New Mexico safety and risk assessment tool.

K. "FACTS" refers to the family automated client tracking system (FACTS), the official data and case management system for CYFD.

L. "Family" are caregivers, adults fullfilling the caregiver role, guardians, and others related by ancestry, adoption, or marriage, or as defined by the family itself.

M. "Guardian" as defined in the Children's Code, Subsection I of Section 32A-1-4 NMSA 1978, means a person appointed as guardian by a court or Indian tribal authority or a person authorized to care for the child by a parental power of attorney as permitted by law.

N. "Household" are all persons who have significant in-home contact with the child, including those who have a familial or intimate relationship with any person in the home. This may include persons who have an intimate relationship with a caregiver in the household (or partner/significant other) but may not physically live in the home, or a relative whom the caregiver allows authority in parenting and caregiving decisions.

O. "Impending danger" is when a child is living in a state of danger or position of continual danger due to a family circumstance or behavior. The threat caused by the circumstance or behavior is not presently occurring, but it can be anticipated to have severe effects on a child at any time.

P. "Indian child" means any unmarried person who is under age 18 and is either a member of an Indian tribe, or is eligible for membership in an Indian tribe and is the biological child of a member of an Indian tribe.

Q. "New Mexico Family Resource Connections (NMFRC)" is New Mexico's preventative program for differential response regarding screened out calls that do not meet criteria for an investigation.

R. "Intake" refers to the process by which intake workers receive, screen and prioritize reports of alleged child abuse or neglect.

S. "Parent" as defined in the Children's Code, Subsection P of Section 32A-1-4 NMSA 1978, includes a biological or adoptive parent if the biological or adoptive parent has a constitutionally protected liberty interest in the care and custody of the child.

T. "Placement" is an out of home residential arrangement for the care of children in PSD custody, which may include, but is not limited to, brief respite, resource family foster care, relative or fictive kin foster care and treatment foster care, or a facility such as residential treatment center, group home, or emergency shelter.

U. "Present danger" means immediate, significant and observable severe harm or threat of immediate and severe harm that is presently occurring to a child and requires an immediate protective services response.

V. "Prioritization" is the assignment of a time frame for PSD to initiate an investigation based upon the reported danger indicators to the child, the age of the child and the safety planning capacities identified in the report (See herein at 8.10.2.13 NMAC).

W. "REACH New Mexico" is a PSD confidential texting program available for all children and youth residing in the state of New Mexico.

X. "Safety planning capacities" are those assets possessed by the caregiver that reduce or control the identified danger indicators. Refer to the structured decision making manual to review the list of four identified safety planning capacities protective services workers use in the New Mexico child and safety risk assessment tool.

Y. "Protective services division (PSD)" refers to the division within the children, youth and families department, and is the state's designated child welfare agency.

Z. "PSD custody" means custody of children as a result of an action occurring pursuant to the Children's Code, Sections 32A-4-1 and 32A-3B-1NMSA 1978.

AA. "Report" is a verbal or written presentation of information alleging child abuse or neglect that is received by an intake worker.

BB. "Reporter" refers to any individual who has contacted statewide central intake (SCI) to make a report of alleged child abuse or neglect.

CC. "Safe Haven for Infants Act" means an Act, Section 24-22-1 NMSA 1978, to promote the safety of infants and to immunize a parent from criminal prosecution for leaving an infant, 90 days of age or less, at a safe haven site. This Act is not intended to abridge the rights or obligations created by the federal Indian Child Welfare Act of 1978 or the rights of the parents.

DD. "Safe haven site" as defined by Subsection F of Section 24-22-2 NMSA 1978 means a hospital, law enforcement agency, or fire station that has staff onsite at the time an infant, 90 days of age or less, is left at such site.

EE. "Screened in report" is a report that has met PSD's criteria for acceptance for investigation.

FF. "Screened out report" is a report that has not met PSD's criteria for acceptance for investigation.

GG. "Statewide central intake (SCI)" is the unit within PSD whose responsibilities may include, but are not limited to receiving and screening reports of alleged child abuse or neglect and prioritizing and assigning accepted reports to the appropriate county office for investigation.

HH. "Witness" refers to a person who has a firsthand account of an event that is relevant to a PSD abuse and neglect investigation.

[8.10.2.7 NMAC - Rp, 8.10.2.7 NMAC, 3/31/2010; A, 9/29/2015; A, 5/25/2021]

8.10.2.8 PURPOSE OF INTAKE SERVICES:

The purpose of child protective services intake is to:

A. receive reports of alleged child abuse or neglect;

B. determine if the situation reported may constitute abuse or neglect as defined by the Children's Code, Subsection B of Section 32A-4-2 and Subsection E of Section 32A-4 NMSA 1978;

C. determine if an investigation by PSD and a referral to another agency is warranted;

D. determine if a referral to the New Mexico family resource connection (NMFRC) program is warranted; and

E. receive reports of incidents involving children in placements and determine if such reports warrant an investigation.

[8.10.2.8 NMAC - Rp, 8.10.2.8 NMAC, 3/31/2010; A, 2/29/2012; A, 5/25/2021]

8.10.2.9 ELIGIBILITY:

A. Any child up to age 18, shall be eligible for protective services intake.

B. All individuals are required by the Children's Code, Section 32A-4-3(A) NMSA 1978 to report suspected child abuse or neglect to SCI or law enforcement if they know, or have a reasonable suspicion a child has been abused or neglected.

[8.10.2.9 NMAC - Rp, 8.10.2.9 NMAC, 3/31/2010; A, 2/29/2012; A, 9/29/2015; A, 5/25/2021]

8.10.2.10 PROVISION OF INTAKE SERVICES:

A. PSD intake workers shall be available to receive reports of suspected child abuse or neglect 24 hours a day, seven days a week, including reports involving suspected abuse or neglect of children in PSD custody.

B. PSD intake workers shall accept reports from individuals wishing to remain anonymous.

C. Intake services shall be conducted by CYFD employees designated as PSD intake workers.

D. PSD intake workers shall collect sufficient information from the reporter in order to make a screening decision.

E. PSD intake workers shall assign a priority to screened-in reports as outlined in 8.10.2.13 NMAC.

F. PSD intake supervisors shall review all screening and prioritization decisions.

G. Once approved by the PSD intake supervisor, the intake worker shall assign screened-in, prioritized reports to the appropriate county office for investigation within the timelines established by PSD.

H. Designated PSD intake workers may complete a national crime information center (NCIC) check on alleged perpetrators of child abuse or neglect.

I. PSD intake workers shall send all screened out reports to the New Mexico family resource connection (NMFRC) supervisor.

[8.10.2.10 NMAC - Rp, 8.10.2.10 NMAC, 3/31/2010; A, 2/29/2012; A, 5/25/2021]

8.10.2.11 PROTECTION OF THE IDENTITY OF REPORT SOURCES:

PSD workers shall ask the reporting source if they wish to remain anonymous. If so, the reporter's name shall be entered as anonymous and PSD shall protect the identity or identifying information of reporting sources and shall not disclose the reporter's identity, absent the consent of the reporter or a court order.

[8.10.2.11 NMAC - Rp, 8.10.2.11 NMAC, 3/31/2010; A, 2/29/2012; A, 5/25/2021]

8.10.2.12 INTAKE SCREENING DECISION:

A. PSD intake workers make screening decisions on all reports received. Screening decisions shall be made on all reports within established time frames. All screening decisions are staffed with an intake supervisor.

B. PSD intake workers shall use information received from the reporting source, information from collateral contacts as available, and results of the abuse and neglect check to assist in making the intake screening decision.

C. PSD intake workers utilize the New Mexico safety tool to determine the priority of the screened-in report.

D. PSD intake workers shall ask the reporting source for contact information and shall inform the reporting source of the intake screening decision, if requested by the reporting source.

[8.10.2.12 NMAC - Rp, 8.10.2.12 NMAC, 3/31/2010; A, 2/29/2012; A, 5/25/2021]

8.10.2.13 PRIORITIZATION:

Intake workers shall prioritize accepted reports as follows:

A. Emergency report (E): A report alleging a danger indicator involving a vulnerable child, including but not limited to an abandoned infant or child, any physical injury to an infant, a potentially life threatening situation, recent sexual abuse, a law enforcement request for immediate response, and recent serious trauma, such as a head injury, burns, or broken bones. An emergency report requires an investigation be initiated within three hours of the SCI supervisor's screening decision.

B. Priority one report (P1): A report alleging physical injury involving a vulnerable child who is in a safe environment at the time of the report, or a report alleging a danger indicator involving a vulnerable child but where the alleged perpetrator will not have access to the child for the next 24 hours. A priority one report requires an investigation be initiated within 24 hours of the SCI supervisor's screening decision.

C. Priority two report (P2): A report alleging danger indicators involving a vulnerable child with no immediate concern for the child's safety. This may include, but is not limited to, alleged physical abuse with no indication of injury or alleged abuse or neglect where the alleged perpetrator no longer has access to the child or a protective parent guardian or custodian has already intervened. A priority two report requires an investigation be initiated within five calendar days of the SCI supervisor's screening decision.

D. Custody of a safe haven infant: When SCI receives a report that an infant has been left under the provision of the Safe Haven Act at a safe haven site, as defined above at 8.10.2.7 NMAC, the children, youth and families department through its protective services division is deemed to have emergency custody of that infant. Law enforcement is not notified and a law enforcement investigation or 48 hour hold is not required.

[8.10.2.13 NMAC - Rp, 8.10.2.13 NMAC, 3/31/2010; A, 2/29/2012; A, 9/29/2015; A, 5/25/2021]

8.10.2.14 CROSS REPORTING AND NOTIFICATION:

A. PSD intake workers shall cross report all reports to the appropriate law enforcement agency pursuant to the New Mexico Children's Code Section 32A-4-3(B) NMSA 1978.

B. When the alleged perpetrator of abuse or neglect is not a parent, guardian or custodian, the PSD worker shall collect the information from the reporting source and informs them that they will refer the allegation to the appropriate local law enforcement agency.

C. When the report received involves an Indian child on a reservation or pueblo, PSD intake workers shall immediately transmit the information to the appropriate tribal authority, such as tribal law enforcement or tribal social services.

D. When SCI receives a report alleging abuse or neglect of a child residing in a facility, or a child not in custody residing outside of their home, the intake worker shall screen out the report and email the report to the CYFD licensing and certification authority and to the CYFD office of inspector general.

E. When the PSD intake worker receives a report that meets a screened-out criteria, they shall send the report to the New Mexico family resource connection program for further evaluation.

[8.10.2.14 NMAC - Rp, 8.10.2.14 NMAC, 3/31/2010; A, 2/29/2012; A, 9/29/2015; A, 5/25/2021]

8.10.2.15 HIGH PROFILE CASE, SERIOUS INJURY AND CHILD FATALITIES:

SCI shall initiate an internal notification protocol within CYFD when a SCI supervisor has determined a report involves a serious injury, child fatality or may be a high profile case.

[8.10.2.15 NMAC - N, 09/29/2015]

8.10.2.16 DOCUMENTATION REQUIREMENTS FOR INTAKE:

A. PSD intake workers shall make a record of all reports received regarding alleged child abuse or neglect.

B. PSD shall maintain records of all reports as follows:

(1) Screened out reports shall be maintained for one year after date of last activity concerning client, as required by Subsection D of 1.18.690.31 NMAC.

(2) Accepted reports shall be maintained as part of the investigation case record for 18 years after case closure, as required by Paragraph (2) of Subsection D of 1.18.690.30 NMAC.

[8.10.2.16 NMAC - Rp, 8.10.2.15 NMAC, 09/29/15]

8.10.2.17 NEW MEXICO FAMILY RESOURCE CONNECTIONS (NMFRC) PROCESS:

If a report alleging abuse or neglect meets the criteria established pursuant to section 32A-4-4.1 NMSA 1978, the department shall refer the case to the New Mexico family resource connection (NMFRC) program. The New Mexico family resource connection is a 30 day program within statewide central intake (SCI) that assists in coordinating prevention services to families who do not meet an investigation criteria. All screened out reports shall be referred to the NMFRC program. This program may include an alternative to investigation upon completion of an evaluation that may be completed at intake by the department, the results of which indicate there is no immediate concern for the child's safety.

A. The department may remove a case from the NMRC program if there are any danger indicators identified that place the child in immediate danger. Conversely, the department may reassign a case from investigations to the NMFRC program, at the department's discretion.

B. Each family participating in the NMFRC shall receive a family assessment. Based on the results of the assessment, the department may offer or provide referrals for service. A family member may choose to accept or decline any services or programs offered through the NMFRC program.

[8.10.2.17 NMAC – N, 5/25/2021]

8.10.2.18 REACH NEW MEXICO CHILD AND YOUTH TEXTING PROGRAM:

REACH New Mexico is a PSD confidential texting program available for all children and youth residing in the state of New Mexico. REACH NM is a program held within the statewide central intake division. The texting program allows for any child or youth in New Mexico to safely report to PSD if they are the victim of abuse or neglect in their household. A REACH worker shall engage in a text conversation with the child or youth to obtain information and provide support to the youth. After obtaining all of the information, the REACH worker shall either make a SCI report or refer the child or youth to the New Mexico family resource connections (NMFRC) program.

[8.10.2.18 NMAC - N, 5/25/2021]

PART 3: PROTECTIVE SERVICES INVESTIGATION

8.10.3.1 ISSUING AGENCY:

Children, Youth and Families Department (CYFD), Protective Services Division (PSD).

[8.10.3.1 NMAC - Rp, 8.10.3.1 NMAC, 09/29/15]

8.10.3.2 SCOPE:

Protective services employees and the general public.

[8.10.3.2 NMAC - Rp, 8.10.3.2 NMAC, 09/29/15]

8.10.3.3 STATUTORY AUTHORITY:

Children, Youth and Families Department Act, Section 9-2A-7 D, NMSA 1978; New Mexico Children's Code, Section 32A-1-1, NMSA 1978 (2009 Cum. Supp.)

[8.10.3.3 NMAC - Rp, 8.10.3.3 NMAC, 09/29/15]

8.10.3.4 DURATION:

Permanent.

[8.10.3.4 NMAC - Rp, 8.10.3.4 NMAC, 09/29/15]

8.10.3.5 EFFECTIVE DATE:

September 29, 2015 unless a later date is cited at the end of a section.

[8.10.3.5 NMAC - Rp, 8.10.3.5 NMAC, 09/29/15]

8.10.3.6 OBJECTIVE:

To establish guidelines for the investigation and disposition of cases of alleged abuse and neglect of children by their parent, guardian, custodian, other household members, or resource family.

[8.10.3.6 NMAC - Rp, 8.10.3.6 NMAC, 9/29/2012; A, 5/25/2021]

8.10.3.7 DEFINITIONS:

A. "Abandonment" as defined in the Children's Code, Section 32A-4-2(A) NMSA 1978, includes instances when the parent, without justifiable cause:

(1) left the child without provision for the child's identification for a period of 14 days; or

(2) left the child with other, including the other parent or an agency, without provision for support and without communication for a period of:

(a) three months if the child was under six years of age at the commencement of the three month period; or

(b) six months if the child was over six years of age at the commencement of the six month period.

B. "Abused child" as defined in the Children's Code, Subsection B of Section 32A-4-2 NMSA 1978, means a child:

(1) who has suffered or who is at risk of suffering serious harm because of the action or inaction of the child's parent, guardian or custodian;

(2) who has suffered physical abuse, emotional abuse or psychological abuse inflicted or caused by the child's parent, guardian or custodian;

(3) who has suffered sexual abuse or sexual exploitation inflicted by the child's parent, guardian or custodian;

(4) whose parent, guardian or custodian has knowingly, intentionally or negligently placed the child in a situation that may endanger the child's life or health; or

(5) whose parent, guardian or custodian has knowingly or intentionally tortured, cruelly confined or cruelly punished the child.

C. "Administrative hearing" means a formal process in which the client shall have an opportunity to present evidence to an impartial hearing officer in accordance with CYFD's administrative appeals regulations 8.8.4 NMAC.

D. "Administrative review" is an informal process which may include an informal conference or a record review, and does not create any substantive rights for the family.

E. "Accepted report" is a verbal or written presentation of information concerning the alleged abuse or neglect made to the protective services division (PSD) of child abuse or neglect that falls within PSD's legal authority to investigate.

F. "Brief respite" is a non-legal, voluntary placement of a child for a period of no longer than five days. Brief respite occurs when a caregiver has asked a family member, friend or other person in the family's life to care for the child during a safety plan.

G. "Caregiver" is a parent, guardian or custodian in the household who provides care and supervision for the child.

H. "Children's Code" refers to the New Mexico State Statute, Chapter 32A NMSA 1978.

I. "Child vulnerability" refers to conditions resulting in the child's ability to protect themselves from identified danger indicators.

J. "Collateral contact" refers to any person who may be able to provide information to the PSD worker during an investigation of alleged abuse or neglect, concerning the alleged abuse or neglect that would be helpful in assessing child vulnerabilities, danger indicators and parent, guardian or custodian safety planning capacities.

K. "Complicating factors" are conditions that make it difficult for a caregiver to create safety for their child, but do not by themselves constitute danger.

L. "Custodian" as defined in the Children's Code, Subsection E of Section 32A-1-4 NMSA 1978, means an adult with whom the child lives who is not a parent or guardian of the child.

M. "CYFD" refers to the New Mexico children, youth and families department.

N. "Danger indicators" are conditions resulting in a child being exposed to harm or injury or being placed at risk of harm or injury that could occur immediately.

O. "Exigent circumstances" means when there is credible information that a child is in danger of severe harm and requires immediate protective services.

P. "Emotional abuse" is an observable behavior, activity, or words to intimidate, threaten, deride or degrade the child that causes substantial impairment of the child's mental or psychological ability to function.

Q. "FACTS" refers to the family automated client tracking system (FACTS), the official data and case management system for CYFD.

R. "Family" are caregivers, adults fulfilling the caregiver role, guardians, children, and others related by ancestry, adoption, or marriage, or as chosen by the family or child.

S. "Fictive kin" is a person not related by birth or marriage who has a significant relationship with the child.

T. "Guardian" as defined in the Children's Code, Subsection I of Section 32A-1-4 NMSA 1978, means a person appointed as guardian by a court or Indian tribal authority

or a person authorized to care for the child by a parental power of attorney as permitted by law.

U. "Home school" is the operation of a home study program by a parent as filed with the public education department.

V. "Household members" are all persons who have significant in home contact with the child, including those who have a familial or intimate relationship with any person in the home. This may include persons who have an intimate relationship with a caregiver in the household (partner/significant other) but may not physically live in the home, or a relative whom the caregiver allows authority in parenting and caregiving decisions.

W. "Impending danger" is when a child is living in a state of danger or position of continual danger due to a family circumstance or behavior. The threat caused by the circumstance or behavior is not presently occurring, but it can be anticipated to have severe effects on a child at any time.

X. "Indian child" means any unmarried person who is under age 18 and is either a member of an Indian tribe, or is eligible for membership in an Indian tribe and is the biological child of a member of an Indian tribe.

Y. "Initiation" of an investigation is the face-to-face contact by a PSD worker with the alleged victim, or documented diligent efforts to establish face-to-face contact with the victim.

Z. "Investigative decision" is a determination of whether each allegation in the report is substantiated or unsubstantiated, as defined herein at 8.10.3.17 NMAC.

AA. "Investigation disposition" is the determination of the level of involvement, if any, of PSD with the family based upon an assessment of safety threats and protective capacities, and considering the ongoing risk to the child and the needs and strengths of the family.

BB. "Neglected child" as defined in the Children's Code, Subsection E Section 32A-4-2 NMSA 1978, means a child:

(1) who has been abandoned by the child's parent, guardian or custodian;

(2) who is without proper parental care and control or subsistence, education, medical or other care or control necessary for the child's well-being because of faults or habits of the child's parent, guardian or custodian, or the failure or refusal of the parent, guardian or custodian, when able to do so, to provide them;

(3) who has been physically or sexually abused, the child's parent, guardian or custodian knew or should have known of the abuse and failed to take reasonable steps to protect the child from further harm;

(4) whose parent, guardian or custodian is unable to discharge that person's responsibilities to and for the child because of incarceration, hospitalization or physical or mental disorder or incapacity; or

(5) who has been placed for care of adoption in violation of the law; provided that nothing in the Children's Code shall be construed to imply that a child who is being provided with treatment by spiritual needs alone through prayer, in accordance with the tenets and practices of a recognized church or religious denomination, by a duly accredited practitioner thereof is for that reason alone a neglected child within the meaning of the Children's Code; and further provided that no child shall be denied the protection afforded to all children under the Children's Code.

CC. "New Mexico child safety and risk assessment" is the research-based structured decision making tool child protective service workers use to gather information on an abuse or neglect or in-home services case by focusing on critical characteristics of a family to make informed safety decisions.

DD. "Parent" as defined in the Children's Code, Subsection P of Section 32A-1-4 NMSA 1978, includes a biological or adoptive parent if the biological or adoptive parent has a constitutionally protected liberty interest in the care and custody of the child.

EE. "Parental notice or notification" is an in-person or telephone notice to the parent or legal guardian that their child will be or has been interviewed as part of an investigation.

FF. "Permission" is the consent for the child to participate in an investigation.

GG. "Physical abuse" as defined in the Children's Code, Subsection F of Section 32A-4-2 NMSA 1978 includes, but is not limited to any case in which the child exhibits evidence of skin bruising, bleeding, malnutrition, failure to thrive, burns, fracture of any bone, subdural hematoma, soft tissue swelling or death and:

(1) there is not a justifiable explanation for the condition or death;

(2) the explanation given for the condition is at variance with the degree or nature of the condition;

(3) the explanation given for death is at variance with the nature of the death; or

(4) circumstances indicate that the condition or death may not be the product of an accidental occurrence.

HH. "Placement" is an out of home residential arrangement for the care of children in PSD custody, which may include, but is not limited to brief respite, resource family foster care, relative or fictive kin foster care and treatment foster care, or a facility such as residential treatment center, group home, or emergency shelter.

II. "Protective services division (PSD)" refers to the protective services division of the children, youth and families department, and is the state's designated child welfare agency.

JJ. "Provider" refers to a person or agency providing services to a PSD client.

KK. "Private school" is a public education department authorized school, including private childcare, other than a home school, that is not under the control, supervision or management of a local school board.

LL. "PSD custody" means custody of children as a result of an action occurring pursuant to the Children's Code, 32A-4 NMSA 1978 or 32A-3B and 34A-4 NMSA 1978.

MM. "PSD worker" refers to a person employed by the children, youth and families department, protective services division.

NN. "Public school" is a school that is under the control, supervision or management of a local school district or the state board of education, including charter schools.

OO. "Reasonable efforts" as used in this policy refers to the provision of services or other interventions to prevent the removal of the child from the home, or if removal is required, to return the child home as soon as possible.

PP. "Report" is a verbal or written presentation of information alleging child abuse or neglect that is received by an intake worker.

QQ. "Relative" means a person related to another person by birth, adoption or marriage, within the fifth degree of consanguinity or affinity.

RR. "Risk" is the term used to describe PSD's assessment, based on established criteria, of the likelihood that child will be abused or neglected by their parents, legal guardians or custodian.

SS. "Safe" as used in this policy means there are no danger indicators placing the child in a present or impending danger of serious harm.

TT. **"Safe Haven for Infants Act"** means an Act, Section 24-22-1 NMSA 1978, to promote the safety of infants and to immunize a parent from criminal prosecution for leaving an infant, 90 days of age or less, at a safe haven site. This Act is not intended to abridge the rights or obligations created by the federal Indian Child Welfare Act of 1978 or the rights of the parents.

UU. **"Safe haven site"** as defined by Subsection F of Section 24-22-2 NMSA 1978 means a hospital, law enforcement agency, or fire station that has staff onsite at the time an infant, 90 days of age or less, is left at such site.

VV. **"Safe with a plan"** is a New Mexico child safety assessment tool decision when one or more danger indicators are present, however, the child can safely remain in the home with a safety plan.

WW. **"Safety decision"** is based on the presence of danger indicators and safety planning capacities a family possesses that may offset, mitigate or control those danger indicators. Using the New Mexico child safety assessment tool, a child may be assessed to be safe, safe with a plan or unsafe.

XX. **"Safety plan"** is a detailed strategy that outlines immediate action steps the family and their network will take to help keep the child safe from the identified danger indicators.

YY. **"Safety Planning capacities"** are those assets possessed by the caregiver that reduce or control the identified danger indicators.

ZZ. **"Sexual abuse"** as defined in the Children's Code, Subsection J of Section 32A-4-2 NMSA 1978, includes but is not limited to criminal sexual contact, incest or criminal sexual penetration, as those acts are defined by state law.

AAA. **"Sexual exploitation"** as defined in the Children's Code, Subsection K of Section 32A-4-2 NMSA 1978 includes, but is not limited to:

(1) allowing, permitting or encouraging a child to engage in prostitution;

(2) allowing, permitting or encouraging a child in obscene or pornographic photographing; or

(3) filming or depicting a child for obscene or pornographic commercial purposes, as those acts are defined by state law.

BBB. **"Statewide central intake (SCI)"** is the unit within PSD whose responsibilities may include, but is not limited to receiving and screening reports of alleged child abuse or neglect and prioritizing and assigning accepted reports to the appropriate county office for investigation.

CCC. **"Unsafe"** is a New Mexico child safety assessment tool decision when one or more danger indicators are present and a safety plan cannot be created.

DDD. **"Witness"** refers to a person who has a firsthand account of an event that is relevant to a PSD abuse and neglect investigation.

[8.10.3.7 NMAC - Rp, 8.10.3.7 NMAC, 9/29/2015; A, 5/25/2021]

8.10.3.8 PURPOSE OF CHILD PROTECTIVE SERVICES INVESTIGATION:

A. The purpose of protective services investigation is to assess safety of children who are the subjects of reports of alleged abuse or neglect by:

(1) collecting and assessing information to determine whether the alleged child abuse or neglect occurred;

(2) determining whether any child in the home is vulnerable to danger indicators;

(3) assessing the parent, guardian or custodian safety planning capacities; and

(4) determining the need for additional services.

B. Investigations shall be conducted for children in the custody of their parents, guardians, or custodians and for children in PSD custody.

C. Reports of child abuse or neglect in schools, facilities, and childcare homes or centers shall be investigated by a local law enforcement agency. See 8.10.3.13 NMAC.

[8.10.3.8 NMAC - Rp, 8.10.3.8 NMAC, 9/29/2015; A, 5/25/2021]

8.10.3.9 ASSIGNMENT AND INITIATION OF INVESTIGATION:

A. Every accepted report concerning alleged child abuse or neglect shall be assigned for investigation according to the investigation priority as determined by statewide central intake (SCI).

B. Investigation priority: The PSD worker shall initiate the investigation within the time frames established by PSD as follows:

(1) An emergency report requires an investigation be initiated within three hours of the SCI supervisor’s screening decision.

(2) A priority one report requires an investigation be initiated within 24 hours of the SCI supervisor’s screening decision.

(3) A priority two report requires an investigation be initiated within five calendar days of the SCI supervisor's screening decision.

C. In cases when there has been a child fatality, the PSD worker shall not be required to make face to face contact with the deceased alleged victim for purposes of the initiation of the investigation.

[8.10.3.9 NMAC - Rp, 8.10.3.9 NMAC, 9/29/2015; A, 5/25/2021]

8.10.3.10 INVESTIGATION REQUIREMENTS - GENERAL:

A. The safety of the child is the overriding concern throughout the casework relationship with the family. If the safety of the child is ever in conflict with the preservation of a family unit, the child's need for protection always takes precedence. PSD shall request immediate assistance from law enforcement if necessary to assess and secure the safety of the child.

B. The PSD worker shall conduct the investigation in a manner that protects the privacy of the child and family.

C. The PSD worker shall make efforts to engage the family in the investigation and assessment process to gather the information required to identify the danger indicators, child vulnerabilities, safety planning capacities and ongoing risks to the child.

D. The PSD worker shall interview collateral contacts during the investigation.

E. The PSD worker shall visit the home during an investigation. This requirement may be waived in specific circumstances that include but are not limited to:

(1) the parent, guardian or custodian refuses the worker entrance;

(2) the home has been determined to be unsafe by law enforcement or public health; or

(3) the family is homeless.

F. The PSD worker shall complete the New Mexico child safety assessment and risk assessment tools in all investigations. These are tools used by the PSD worker in determining the investigation disposition.

G. The PSD worker shall make efforts to provide or arrange for services for the child and family during the investigation to enhance the family's capacity to safely care for their child.

[8.10.3.10 NMAC - Rp, 8.10.3.10 NMAC, 9/29/2015; A, 5/25/2021]

8.10.3.11 INVESTIGATION REQUIREMENTS - CHILD VICTIM AND OTHER CHILDREN:

A. The PSD worker shall interview and observe the alleged child victim and all other children in the household during the investigation. A parent, guardian or custodian may refuse the PSD worker permission to interview or observe the child. If access is denied, the PSD worker shall determine whether it is necessary to contact law enforcement or obtain a court order to ensure the safety of the child. The following applies based on the site at which the interview will take place.

(1) Interviews at home: Children contacted at home shall be interviewed only with the permission of the parent, guardian or custodian.

(2) Interviews at public schools: Public schools are required by the Children's Code, Section 32A-4-5 (C) NMSA 1978, to permit the PSD worker to interview children involved in a PSD investigation without obtaining the permission of the parent of guardian.

(3) Interviews at private schools or in childcare homes and facilities:

(a) a private school or childcare home or facility may deny permission for the PSD worker to interview the child on the facility grounds, and

(b) if permission is denied by the private school or childcare home and by the parent, guardian or custodian and exigent circumstances are believed to exist, PSD shall determine whether to contact law enforcement or obtain a court order.

B. The PSD worker shall conduct all interactions with alleged child victims and child witnesses in a child sensitive manner that takes into consideration the special needs of the child, the child's ability, age, language and intellectual maturity and protects the child's privacy.

C. The PSD worker shall inform all children that their participation in the interview is voluntary. Children 14 years of age and older must agree to participate in the interview even when the PSD worker has obtained permission from the parent, guardian, or custodian.

D. The PSD worker shall arrange for any medical, mental health, or other evaluations or examinations as required during the investigation. Consent is required from the parent, guardian or custodian for any non-emergency medical, mental health or other evaluations, examinations or assessments. Children 14 years of age or older must also consent to services.

[8.10.3.11 NMAC - Rp, 8.10.3.11 NMAC, 09/29/15]

8.10.3.12 INVESTIGATION REQUIREMENTS - PARENTS GUARDIANS AND CUSTODIANS:

A. The PSD worker shall notify the parent, guardian or custodian of the interview with the child in advance of the interview unless the worker has determined that notification could adversely affect the safety of the child about whom the report has been made or compromise the investigation.

B. If the PSD worker determines that notification could adversely affect the safety of the child or compromise the investigation, the worker may interview a child without prior notification to the parent, guardian, or custodian. In this situation, the PSD worker shall notify the parents, guardians or custodians of the interview within 24 hours.

C. The PSD worker shall identify all legal guardians of the child.

D. The PSD worker shall interview the parent, guardian or custodian and collateral contacts or witnesses during the investigation.

E. At the time of initial contact with the parents, guardian, custodian or alleged perpetrator the PSD worker shall inform them of the reported allegations in a manner consistent with laws protecting the rights of the reporter.

F. At the beginning of the investigation, or prior to beginning an interview with the parent, guardian, or custodian, the PSD worker shall inform the parents, guardians or custodian of the following:

(1) that prior to filing an abuse and neglect petition any PSD interaction with the parents, guardians, or custodians is voluntary;

(2) that PSD has received a report alleging child abuse or neglect and the nature of the allegations;

(3) that PSD is required by law to conduct an investigation of screened-in reports;

(4) that only law enforcement can remove a child who is not in PSD custody, if necessary to protect the child's health and safety, unless the district court issues an ex parte order allowing PSD to remove the child;

(5) that the investigation findings, decision, and disposition are confidential in accordance with the Children's Code, Section 32A-4-33 NMSA 1978;

(6) that information concerning the report and investigation has been entered into FACTS;

(7) that other people may be interviewed in order to complete the investigation; and

(8) children age 14 and older may consent to an interview away from the home even when the parent does not consent.

G. The PSD worker shall provide the parent, guardian or custodian with information regarding CYFD's complaint process should the parent, guardian, or custodian have any complaints.

[8.10.3.12 NMAC - Rp, 8.10.3.12 NMAC, 9/29/2015; A, 5/25/2021]

8.10.3.13 ALLEGATIONS OF ABUSE OR NEGLECT IN FACILITIES:

A. Law enforcement shall be responsible for conducting investigations of child abuse or neglect in schools, facilities and child care homes or centers. Upon request from law enforcement, PSD shall assist in the investigation.

B. When PSD is notified of any allegations in a school, facility or child care home or center in which a child in PSD custody is placed or receiving services:

(1) if the alleged victim is a child in PSD custody, PSD shall conduct an assessment of that child's safety and well-being; or

(2) if the alleged victim is not a child in PSD custody, PSD may, at its discretion, conduct an assessment of the safety and well-being of any children in PSD custody placed or receiving services there.

[8.10.3.13 NMAC - Rp, 8.10.3.13 NMAC, 09/29/15]

8.10.3.14 ALLEGATIONS OF ABUSE OR NEGLECT IN RESOURCE FAMILY HOMES, TREATMENT FOSTER HOMES, AND PRE-ADOPTIVE HOMES:

A. PSD shall investigate abuse or neglect allegations involving a PSD licensed resource family home, treatment foster home, or pre-adoptive home.

B. PSD shall notify law enforcement and coordinate the investigation with law enforcement when law enforcement is involved.

[8.10.3.14 NMAC - Rp, 8.10.3.14 NMAC, 9/29/2015; A, 5/25/2021]

8.10.3.15 INVESTIGATIONS INVOLVING INDIAN CHILDREN:

A. PSD shall investigate allegations of child abuse or neglect involving Indian children who reside off the reservation or pueblo.

B. PSD may assist in the investigation of allegations of child abuse or neglect involving children who reside on the reservation or pueblo, if requested by the Indian tribal government.

C. PSD shall make efforts to determine if the child who is subject of an investigation is an Indian child.

D. PSD shall notify the appropriate tribal authority of any investigations involving Indian children.

[8.10.3.15 NMAC - Rp, 8.10.3.15 NMAC, 09/29/15]

8.10.3.16 SEEKING OR ACCEPTING CUSTODY OF CHILDREN, INCLUDING INDIAN CHILDREN:

A. PSD shall make reasonable efforts to maintain the family unit and prevent the removal of a child from their home, as long as the child's safety is assured.

B. If temporary out-of-home placement is necessary to ensure the immediate safety of the child, PSD shall make reasonable efforts to effect the safe reunification of the child and family.

C. PSD shall seek custody of Indian children who are domiciled or residing off-reservation when continued custody of the child by the parent, guardian or custodian or Indian custodian is likely to result in serious emotional or physical harm to the child.

D. An Indian child who is domiciled on the reservation but temporarily located off the reservation may be removed by law enforcement from his parent, guardian or custodian in order to prevent imminent physical harm to the child. PSD shall notify the tribe as soon as possible and facilitates a transfer of the case to the tribe.

E. PSD shall notify the parent, guardian or custodian that their child is in custody within 24 hours of the child being taken into custody.

F. PSD shall make reasonable efforts to identify, locate and notify appropriate relatives or fictive kin for consideration of placement of a child in custody who requires out of home placement.

G. When a law enforcement agency seeks to place a child in the custody of PSD, then the PSD worker shall obtain a statement of reasonable grounds for temporary protective services division custody from the law enforcement officer making the request.

H. When SCI receives a report that an infant has been left under the provisions of the Safe Haven for Infants Act, the children, youth and families department through its

protective services division shall be deemed to have emergency custody of that infant. A law enforcement investigation and 48 hour hold is not required.

[8.10.3.16 NMAC - Rp, 8.10.3.16 NMAC, 9/29/2015; A, 5/25/2021]

8.10.3.17 COMPLETION OF AN INVESTIGATION AND INVESTIGATION DECISION:

A. The PSD worker shall complete the investigation and decide whether the report's allegations of abuse or neglect are substantiated or unsubstantiated within 45 days of SCI accepting the report for investigation, unless an extension is approved by the supervisor. Extensions are not to exceed an additional 30 days after the original 45 days have passed. Completion of the investigation includes, but is not limited to making the investigation decision, determining the investigation disposition and completing, sending out the notice of results of the investigation letter to the parent or guardian and completing all documentation in FACTS.

(1) Substantiated report: an allegation of child abuse or neglect in which a parent, guardian, resource family, pre-adoptive parent or treatment foster care parent has been identified as the perpetrator or as failing to protect the child and credible evidence exists to support the investigation worker's conclusion that the child has been abused or neglected, as defined in the Children's Code. Credible evidence upon which to base a finding of substantiation may include, but is not limited to:

(a) admission by the parent, guardian or custodian;

(b) physical evidence;

(c) collateral or witness statements and observations;

(d) a child's disclosure; or

(e) the investigation worker's observations.

(2) Unsubstantiated report: an allegation of child abuse or neglect in which the information collected during the investigation does not support a finding that the child was abused or neglected, as defined in the Children's Code by a parent, guardian, resource family, pre-adoptive parent or treatment foster parent, or that such a person failed to protect the child from abuse or neglect as defined by the Children's Code.

B. When there is clear evidence that a child has been abused or neglected while in the custody of the parent, guardian or custodian, but there is unclear information about who was the perpetrator, then the PSD worker shall substantiate the investigation on an unknown perpetrator. In addition to substantiation on the unknown perpetrator, the PSD worker shall substantiate the investigation on the parent, guardian or custodian because of the failure to protect the child by the parent, guardian or custodian.

C. The PSD worker shall document the investigation decision and the supervisory review and approval of the decision in FACTS within 45 days of the date the report was accepted by SCI, or if an extension was granted, by the end of the extension period.

[8.10.3.17 NMAC - Rp, 8.10.3.17 NMAC, 9/29/2015; A, 5/25/2021]

8.10.3.18 FAMILIES WITH MORE THAN TWO INVESTIGATIONS:

Any family that has been subject to a PSD abuse or neglect investigation, regardless of the decision to substantiate or un-substantiate, shall receive a higher level of case review upon the family's third instance of being investigated by PSD for alleged child abuse or neglect.

[8.10.3.18 NMAC - N, 09/29/15]

8.10.3.19 INVESTIGATION DISPOSITION:

A. PSD shall make an investigation disposition within 45 days of SCI accepting the report in every investigation PSD conducts, unless an extension is approved by the supervisor. Extensions are not to exceed an additional 30 days after the original 45 days have passed.

B. PSD shall determine the disposition of the investigation based upon the safety decision and whether a safety plan is required, the family's willingness to participate in services, and the assessment of risk.

C. Disposition options may include, but are not limited to closing the case, referring the family to community providers, providing in-home services (IHS), or referring the case to PSD legal for possible legal action.

D. PSD shall document the investigation disposition in FACTS and include the investigation disposition in the notice of results of investigation letter sent to the parent guardian or custodian.

[8.10.3.19 NMAC - Rp, 8.10.3.18 NMAC, 9/29/2015; A, 5/25/2021]

8.10.3.20 CHILD FATALITY INVESTIGATION WITH NO OTHER CHILDREN IN THE HOME:

PSD shall conduct an investigation of alleged child abuse or neglect resulting in a child fatality when there are no other remaining children residing in the home.

[8.10.3.20 NMAC - Rp, 8.10.3.19 NMAC, 09/29/15]

8.10.3.21 DOCUMENTATION:

A. PSD shall document investigation assignments and requirements, as described herein at 8.10.3.9, 8.10.3.10, 8.10.3.11, and 8.10.3.12 NMAC, and shall document the investigation decision, disposition and notice of results of the investigation letter in FACTS as described herein at 8.10.3.17 and 8.10.3.19 NMAC.

B. PSD shall document reasonable efforts made to prevent removal of a child from the home and efforts to reunify the child if removal was required during the investigation. Documentation shall be included in the case record and in the affidavit for custody.

C. All information obtained by PSD in an abuse and neglect investigation is confidential and may not be publically released. (See Protective Services General Policies, Subsection A of 8.8.2.15 NMAC).

[8.10.3.21 NMAC - Rp, 8.10.3.20 NMAC, 09/29/15]

8.10.3.22 NOTIFICATION OF THE INVESTIGATIVE DECISION AND RIGHT TO ADMINISTRATIVE REVIEW AND ADMINISTRATIVE HEARING:

A. The PSD worker shall provide parents, guardians, resource families, pre-adoptive parents and treatment foster parents who were the subject of the investigation the notice of results of the investigation letter. The PSD worker shall send the notice of the results of the investigation letter within the 45 day time frame, or with a possible 30 day extension. (See above at Subsection A of 8.10.3.17 NMAC).

B. The PSD worker shall notify parents, guardians, resource families, pre-adoptive parents and treatment foster parents who were the subject of a substantiated investigation, which is not the subject of a pending children's court case, in writing that the decision to substantiate the investigation may be reviewed through PSD's administrative review process. A client seeking an administrative review shall request the review in writing to PSD within 10 days of the action or notice of the proposed action.

C. If the investigation decision is upheld after being reviewed through PSD's administrative review process, then PSD shall send a formal letter to the parent, guardian, resource family, pre-adoptive parent or treatment foster parent, who was the subject of the investigation, notifying them of the decision to uphold the substantiation and that the upheld decision may be reviewed through CYFD's administrative hearing process. The parent, guardian, resource family, pre-adoptive parent or treatment foster parent shall request an administrative hearing in writing to the PSD director's office within 10 days of of the action.

[8.10.3.22 NMAC - Rp; 8.10.3.21 NMAC, 9/29/2015; A, 5/25/2021]

8.10.3.23 CHILD PROTECTIVE SERVICES CHILDCARE DURING THE CPS INVESTIGATION:

The PSD worker may offer child protective services childcare during an open investigation as part of an in home safety plan created for the child. Child protective services childcare may be provided during the investigation within the 45 day time frame, or with possibility of a 30 day extension, given to complete the investigation. (See above at Subsection A of 8.10.3.17 NMAC.)

[8.10.3.23 NMAC – Rp; 8.10.3.22 NMAC, 09/29/15]

PART 4: CHILD PROTECTIVE SERVICES VOLUNTARY FAMILY SERVICES [REPEALED]

[This part was repealed on November 15, 2005.]

PART 5: COMPREHENSIVE ADDICTIONS AND RECOVERY ACT (CARA) GUIDELINES

8.10.5.1 ISSUING AGENCY:

Children, Youth and Families Department (CYFD), Protective Services Division (PSD)

[8.10.5.1 NMAC – N, 2/22/2022]

8.10.5.2 SCOPE:

Protective services employees, New Mexico managed care organizations (MCO's), private insurance, children's medical services (CMS), New Mexico primary care offices, hospitals, supportive services providers, and substance exposed infants and their caregivers.

[8.10.5.2 NMAC – N, 2/22/2022]

8.10.5.3 STATUTORY AUTHORITY:

Children, Youth and Families Department Act, Subsection D of Section 9-2A-7, NMSA 1978.

[8.10.5.3 NMAC – N, 2/22/2022]

8.10.5.4 DURATION:

Permanent.

[8.10.5.4 NMAC – N, 2/22/2022]

8.10.5.5 EFFECTIVE DATE:

2/22/2022, unless a later date is cited at the end of a section.

[8.10.5.5 NMAC – N, 2/22/2022]

8.10.5.6 OBJECTIVE:

To establish guidelines for protective services division (PSD) staff, managed care organizations (MCOs), care coordinators, and other professionals who come into contact, or are working with, substance exposed infants and their caregivers to provide comprehensive plans of care and support to ensure the safety and wellbeing of the family.

[8.10.5.6 NMAC – N, 2/22/2022]

8.10.5.7 DEFINITIONS:

A. "Care coordination level (CCL)" identifies the level of support a member needs through care coordination services for the member to improve or maintain and manage their individual health needs effectively. Members are assigned to either care coordination level two (CCL2) or care coordination level three (CCL3) following the completion of a comprehensive needs assessment (CNA) for the member.

B. "Care coordinator (CC)" is the individual assigned to the newborn and the biological parents by the MCO, private insurer or children's medical services (CMS), to coordinate the care and services needed (to include such services as medical, behavioral health, infant mental health, early intervention, home visiting programs, family FIRST, long term care, prescriptions, medical equipment, and others).

C. "Caregiver" is a parent, guardian or custodian in the household who provides care and supervision for the child.

D. "Centennial care" was implemented on January 1, 2019 as a replacement to the outdated New Mexico Medicaid system. Centennial care aims to educate recipients to become savvy health care consumers, promote more integrated care, properly manage the most at-risk members, involve members in their own wellness, and pay providers for outcomes rather than process.

E. "Children's medical services (CMS)" provides care coordination and services for the prevention, diagnosis, and treatment of disabling conditions in children. It is a statewide program within the department of health, public health division. CMS serves children from birth to 21 with chronic illnesses or medical conditions that require surgical or medical treatment.

F. "Comprehensive addiction and recovery act (CARA)" is federal legislation signed into law in 2016. This legislation establishes a comprehensive, coordinated, balanced strategy for substance exposed infants and their caregivers, through

enhanced grant programs, that expands prevention and education efforts while also promoting treatment and recovery.

G. "Comprehensive addiction recovery act (CARA) Navigator" is an assigned position at children, youth and families department (CYFD) and another at the department of health (DOH). The positions assure compliance with the CARA state law and accept plans of care and notifications of substance exposed infants. They provide technical assistance and navigation to the entities and individuals involved in plans of care.

H. "Comprehensive care plan" (CCP) is a comprehensive plan of services that meets the member's physical, behavioral, and long-term needs based on information received during the comprehensive needs assessment.

I. "Comprehensive needs assessment (CNA)" an assessment of the member's physical, behavioral health, and long-term care needs; it will identify potential risks and provide social and cultural information. The results of the CNA shall be used to create the comprehensive care plan (CCP), which is based on the member's assessed needs. The CNA shall be used to determine the member's care coordination level (CCL).

J. "Fictive kin" means a person not related by birth, adoption or marriage with whom the child has an emotionally significant relationship.

K. "Health care professional" may be a physician, physician's assistant, medical assistant, nurse, midwife, or doula that is providing health care treatment and advice to expectant or new parents.

L. "Health risk assessment (HRA)" is an assessment the MCO shall conduct on all member's newly enrolled in centennial care and on members, not in CCL2 or CCL3, who have had a change in health condition that requires a higher level of care. The HRA shall introduce the member to the MCO, obtain basic health and demographic information and confirm the need for a CNA.

M. "Insurance-MCOs, private insurers, and CMS" are three entities that can assign a care coordinator for the substance exposed infant based on their parents' insurance coverage at the time of birth.

N. "Insurer" a company that underwrites an insurance risk; the party in an insurance contract undertaking to pay compensation.

O. "Key household members" is any individual who lives at the infant's discharge address who is 18 years or older and provides care for the infant listed on the plan of care.

P. "Managed care organization (MCO)" means an entity that participates in centennial care under contract with the New Mexico human services department (HSD)

to assist the State in meeting the requirements established under Section 27-2-12 NMSA 1978.

Q. "Member" refers to a person enrolled in Medicaid or a managed care organization.

R. "Parent" as defined in Subsection Q of Section 32A-1-4 NMSA 1978, includes a biological or adoptive parent if the biological or adoptive parent has a constitutionally protected liberty interest in the care and custody of the child.

S. "Plan of care (POC)" as defined in Subsection T of Section 32A-1-4 NMSA 1978 means a plan created by a health care professional intended to ensure the safety and well-being of a substance-exposed newborn by addressing the treatment needs of the child and any of the child's parents, relatives, guardians, family members or caregivers to the extent those treatment needs are relevant to the safety of the child.

T. "Primary care physician (PCP)" is a specialist in family medicine, general internal medicine or general pediatrics who provides definitive care to the undifferentiated patient at the point of first contact and takes continuing responsibility for providing the patient's comprehensive care.

U. "Private insurer" is any health insurance policy purchased by an employer or by an individual from a private insurance company.

V. "Substance exposed newborn" is any newborn exposed in utero to an illicit substance such as methamphetamine or heroin, prescribed medication such as opioids, methadone, buprenorphine, and marijuana.

W. "Statewide central intake (SCI)" is the unit within PSD whose responsibilities may include but are not limited to receiving and screening reports of alleged child abuse or neglect and prioritizing and assigning accepted reports to the appropriate county office for investigation.

[8.10.5.7 NMAC – N, 2/22/2022]

8.10.5.8 NOTIFICATION OF NEWBORN WITH SUBSTANCE EXPOSURE:

A. In accordance with Subsection H of Section 32A-4-3 NMSA 1978, when a newborn in New Mexico has been identified with substance exposure, as evidenced by toxicology results of the newborn or mother, or when a caregiver discloses substance use during the pregnancy, written notification shall be provided to CYFD and NMDOH by the newborn's healthcare provider prior to the newborn's discharge from the healthcare facility, or as soon as the exposure is identified if it occurs following the newborn's discharge. The notification of newborn substance exposure is documented in one of the following ways:

(1) submission of a CARA plan of care for the newborn and family; or

(2) submission of the notification of CARA newborn status form which documents that:

(a) substance exposure was identified by cord/meconium toxicology screening and the newborn was discharged from the health care facility before the family was informed;

(b) the newborn with substance exposure has transferred to a healthcare facility for a higher level of care; or

(c) the caregiver of the newborn with substance exposure has refused a CARA plan of care. Families shall be informed that they may request a referral for services at a later time, even if they have declined these services, by communicating with their health insurance care coordinator or the CARA navigator, whose contact information shall be provided by the health care provider.

B. The plan of care template and the notification of newborn status form shall be accessible by healthcare providers on the CARA provider resources webpage at sharenm.org/CARA, or via the CARA portal at NM healthy families, or by request.

[8.10.5.8 NMAC – N, 2/22/2022]

8.10.5.9 PLAN OF CARE (POC):

A. A plan of care with services is to be offered prior to a newborn's discharge from the hospital when substance exposure has been identified.

B. The purpose of POC is to ensure continuity and engagement of support services for the newborn and caregivers. A POC is the document completed by a healthcare professional with the family or designated caregiver(s) of the newborn when substance exposure has been identified. POCs are jointly created by the healthcare professional and the family to support them to obtain resources and services that sustain family relationships and support the health and well-being of the infant and family members. The implementation of services in the POC shall be modified and updated as often as required to address changes in the needs and circumstances of the family. All services in the plan are voluntary and at the option of the family. All POC's must include the following information:

(1) The newborn's birth information: This shall include date of hospital admission, birth date, discharge date, and name of infant.

(2) The identified key household members: All key household members over 18 years of age shall be documented in the POC and offered supportive services listed in the plan of care.

(3) The discharge address for the family: The discharge address shall be the physical address of the caregiver who will be taking the newborn home. This may include, but is not limited to:

(a) parents;

(b) relatives or fictive kin; or

(c) resource family.

(4) In-utero exposures: If a newborn is exposed to any substances during pregnancy, all exposures shall be documented in the POC and on the notification of CARA newborn status form when applicable. Documentation of exposures include exposures occurring during the timeframe in which the mother may not have known she was pregnant, and all substance exposures, including, but not limited to illicit and prescription drugs, alcohol, marijuana (medical or recreational), and medication assisted therapy such as methadone and buprenorphine.

(5) Substance use assessment: The parents, domestic partners and key household members shall also be assessed for substance use disorders. If it is determined they have a substance use disorder, it shall be documented in the POC. If there is substance use present, the parents, domestic partners and key household members shall be offered services to address treatment and recovery goals of each individual. A copy of the POC will be provided to individuals for whom such referrals are made.

(6) Services and referrals: The POC shall also include the services for which the family agrees to be referred as well as services the family is already participating in. If the family declines services in their community, the healthcare professional clearly documents this within the POC. Families shall be informed that they may request a referral for services at a later time, even if they have declined these services during the initial development of the POC, by communicating with their health insurance care coordinator or the CARA navigator(s) whose contact information shall be included on the POC.

(7) Health insurance and care coordinator information: The POC shall identify the managed care organization (MCO) or private insurer that the mother is enrolled with and include contact information for the assigned care coordinator (CC) when known at the initial creation of the POC. The initial POC shall specify if a CC has not yet been assigned or if the family has declined care coordination with their MCO or private insurer. children's medical services (CMS) shall serve as the care coordinator for the newborn if the newborn is uninsured, fee for service exempt (Medicaid), or military if care coordination is unavailable.

(8) Release of information: The POC shall include a release of information that includes an explanation of the entities with whom the information in the plan may be

shared. The parent or designated caregiver completing the initial POC shall sign the document to indicate informed consent for the release of information and referrals included in the plan. A POC shall be considered inactive until it has been signed by the parent or designated caregiver. The individual completing the POC shall document that they reviewed the release of information with the caregivers. Any person or agency receiving information from the POC shall be directed to treat it as a confidential document and only to be used for the purpose of collaboration on this POC. The release of information is valid for two years.

(9) Caregiver acknowledgment of notification to CARA program: The POC shall be submitted to the CARA program at New Mexico children youth and families department and New Mexico department of health per the requirement of the CARA Statute, this includes a POC that is unsigned by the caregiver. The health care provider who completes the form with the caregiver shall inform the caregiver of this requirement.

C. When a POC should be completed by and sent to the CARA Navigators: A POC shall be completed by the hospital staff with the parent or designated caregiver prior to the newborn's discharge from the hospital. In the case of births that occur without hospital admission, or when substance exposure has been identified after the newborn's discharge from the hospital, a POC may be created with the parent or designated caregiver by the infant's healthcare provider, or by the assigned insurance care coordinator or the CARA navigator. The POC shall be considered active upon the date of signature of the parent/designated caregiver. The individual who creates the plan with the family shall also sign and date the POC. Once the POC has been signed it shall be sent to the CARA navigators at CYFD and NMDOH by secure transmission or submitted through the CARA portal at New Mexico healthy families by the provider who has initiated the POC.

D. Unknown information: If the individual completing the POC does not have specific information necessary to complete the POC, they shall fill it out to the best of their ability and write unknown where the information is not known. The assigned care coordinator (CC) is responsible for completing the missing information once they receive the POC. If a caregiver declines care coordination, then a provider working with the family will complete the missing information.

E. Who receives copies of the POC: The caregiver, relative, guardian, fictive kin or resource family of the newborn, the parents, designated CARA navigators at department of health (DOH) and children, youth and families department (CYFD), the care coordinator (CC), the newborn's primary care provider (PCP), and the referred supportive service providers will each receive a copy of the completed POC.

F. Duration and Monitoring of Plans of Care: Once the CC has been assigned and has met with the family, the CC shall contact the newborn's primary care provider (PCP) and other referred providers to ensure that referrals have been received; to provide support for family engagement with the services on the POC; and to ensure that

providers have received a copy of the POC as permitted by the release of information (ROI) and informed consent signed by the caregiver. The POC shall remain in place for at least the first year of the child's life and shall remain active if continued services are needed for the child or caregivers after the first year. The implementation of services on the POC shall by monitored by the CC assigned under the newborn's MCO or private insurer; CMS when an infant lacks health insurance or is not eligible for CC; or by a designated CARA navigator or by a designated provider. The delivery of services and family engagement shall be monitored at the frequency and intensity needed to ensure the safety and well-being of the infant, and to support progress toward achieving the parents' or designated caregivers' expressed objectives for their POC. At one year from the child's birth, a re-assessment of the POC with the family by the assigned CC shall occur and, if necessary, the POC may be extended for a period of time to be determined jointly by the family and assigned CC, by a designated provider, or CARA navigator.

G. Plan of care modifications: A POC may be modified in the following situations, including but not limited to when:

(1) there is a change in caregivers during the active POC, the plan shall be adjusted, as needed, based on the new caregivers' location, and identified needs;

(2) a caregiver moves to a different city or town in the state of New Mexico;

(3) reunification of the child with their parents occurs during the first year, the POC shall remain active and can be modified if needed;

(4) the needs of the child have changed;

(5) a child comes into CYFD custody, and the caregiver needs to continue following the POC; or

(6) the needs of the caregiver change.

H. Notice of transfer of newborn between medical facilities:

(1) If a newborn is born outside of New Mexico and is a New Mexico resident, and an agreement has been made with that birthing hospital, then the out-of-state hospital shall complete a notification of CARA newborn status to alert the CARA navigators at DOH and CYFD.

(2) If a New Mexico hospital is transferring a newborn to another facility either in-state or out of state, the notification of CARA newborn status shall be sent to the receiving hospital/facility and the CARA Navigators.

(3) For in-state hospital transfers of a newborn, the receiving hospital shall create the POC and should be notified by the transferring hospital.

I. Late identification of substance use/exposure: Late identification is when substance use or newborn exposure to substances is not known or identified until the newborn has already been discharged. If late identification occurs:

(1) The notification of CARA newborn status shall be utilized to notify the CARA CYFD and DOH navigators. If the hospital notifies the caregiver of the positive result on the newborn, the hospital shall explain that the CARA navigators shall be notified, and that a CARA navigator shall contact the caregiver to offer a POC for their newborn.

(2) If the CC or another healthcare provider is informed of an exposure following the newborn's discharge from the hospital or birthing facility, they shall inquire if the caregiver has a POC. If not, they shall inform the caregiver of the newborn that the CARA navigators may be notified using the notification of CARA newborn status and may be contacting the caregiver to offer a POC for the child.

J. Open CYFD case or case needs to be opened:

(1) When hospital staff or other providers who are involved in creating a POC with the family have concerns about the safety of the newborn upon discharge, the individual shall make a report to CYFD statewide central intake (SCI). The referral to SCI shall be indicated on the POC when known by the professional completing the POC. Upon receipt of a POC, the CYFD CARA navigator shall review if there is current involvement of CYFD protective services with the parent or designated caregiver of the newborn. The CARA navigator shall provide a copy of the POC to assigned CYFD worker when CYFD involvement has been identified. The CARA navigator shall also notify the designated CC of the newborn when there is an investigation involving the caregiver(s) of the newborn. If the CC has concerns around the safety of the newborn, they shall contact the CYFD worker and the CARA navigators. If the CC or other providers have immediate concerns they shall immediately make a report to the CYFD SCI and notify this is a family that has an active POC.

(2) If a newborn enters CYFD custody after a POC has been created, the POC shall be modified by the CC or the CARA navigator to address the needs of the infant in the new setting. The new POC shall contain the resource family's information and shall be re-sent to all entities required to receive copies of the POC.

K. Implementation of the plan of care: Once the CC has been assigned and has met with the family, the CC shall contact the newborn's primary care provider (PCP) and other referred providers to ensure that referrals have been received and that the provider has a copy of the POC as permitted by the release of information (ROI) and informed consent signed by the caregiver. The CC shall periodically communicate with the family and review the family's engagement with the services on the POC. If the CC is unable to connect with the family and is not able to confirm the newborn is established with a PCP, along with other services, they will inform the CARA navigator,

and follow an internal process (within their MCO/agency) for potentially calling in a report to CYFD SCI.

[8.10.5.9 NMAC – N, 2/22/2022]

8.10.5.10 ROLES AND RESPONSIBILITIES OF DIFFERENT ENTITIES INVOLVED WITH THE PLAN OF CARE:

A. Children youth and families department (CYFD):

(1) Protective services division (PSD) statewide central intake (SCI): SCI shall complete the following with every hospital provider or call that involves a substance exposed newborn:

(a) Ask the reporter if a POC has been created and if there are any concerns for abuse or neglect of the child;

(b) Ask the reporter if the child is an Indian child or if the family is a member of any Tribe. If the child is an Indian child, then SCI cross reports with the identified Tribal social services/Indian Child Welfare Act (ICWA) coordinator and notifies the CARA navigator. If the child is an Indian child, then the POC is jointly created with the Tribal social services/ICWA coordinator;

(c) Explain to the provider that if there are concerns any time during the POC or if families disengage from services, the provider may make a report with SCI or consult the CARA navigators to determine next steps. If a family disengages, SCI will utilize their screening tool to further assess if an investigation is needed;

(d) Inform reporters that investigators receive a copy of the POC for families that have open CYFD investigations. If a POC does not exist on an open investigation, SCI shall notify the CARA navigators; and

(e) Inform providers that a SCI report shall be screened in by CYFD only if there is an immediate concern for abuse and neglect. The report shall not be screened in solely on the basis that a parent used substances during pregnancy.

(f) When a SCI supervisor reviews a report involving a CARA POC, they may decide between three different screening options depending on the reported information:

(i) Screen-out: The SCI supervisor may screen out the report when there is not enough information that warrants an investigation.

(ii) Screen-in: The SCI supervisor may screen in the report when there are concerning behaviors or information that warrant an investigation for abuse or neglect.

(iii) Family resource connection (FRC) referral: The SCI supervisor may refer the report to the family resource connections program if the report does not warrant an investigation, however the caregivers may benefit from referrals to services within their community.

(2) Licensed resource families:

(a) Licensed resource families shall ensure the newborn has a primary care provider (PCP) and attends all scheduled appointments for the newborn.

(b) Licensed resource families shall accept care coordination for the newborn and referrals for supportive services as recommended by the CC or PCP.

B. The CARA navigators:

(1) are children, youth, and families department (CYFD) or department of health (DOH) employees designated to oversee the CARA program and ensure plans of care are implemented. DOH and CYFD CARA navigators shall collaborate to ensure continuity of care and implementation of the CARA program.

(2) shall receive a copy of either the notification of newborn status form or the POC document for each newborn with substance exposure. If a family has agreed to services on a POC, but declined care coordination by their MCO, private insurer or CMS, the CARA navigator will assist in identifying an individual or agency to support implementation of the plan. When requested by the family, the CARA navigator shall fulfill the role of coordination of the POC.

(3) shall ensure that, if CYFD is involved, the POC is provided to the assigned investigator or other CYFD service provider working with the family.

(4) If, during the implementation of the POC, a CC or service provider has concerns regarding the safety or well-being of an infant that warrant a report to SCI, that individual shall inform the CARA navigator when a SCI report has been made. If modifications or revisions to the POC need to be made following a CYFD investigation, the CARA navigator shall assist the CYFD investigator or CYFD service provider to make the necessary changes.

(5) If the CARA navigator is notified by the CC that the family is difficult to engage or unable to be reached, and there is no evidence of involvement of the family with other service providers, the CARA navigator shall follow-up with families to support re-engagement. Other instances for check in with families would include modifying plans of care, perform a warm handoff with a service provider, and other situations deemed appropriate that requires family contact.

(6) The CARA navigator shall receive notification of new POC's. The CARA navigator reviews all plans of care for completeness, to assure that PCP is identified,

assure that correct insurance is on the plan, and that services referred to are complete. The CARA navigator serves as a consultant to assist with complex medical cases to assure that babies with plans of care are referred to appropriate providers for follow up. The DOH CARA navigator works with the CYFD CARA navigator on follow up for referrals and services on the POC. The CARA navigator will send POC's to MCO's, private insurances and CMS for care coordination, for those providers without access to the portal.

(7) The CARA navigator shall assist in identifying the CC's with the MCOs, CMS and private insurers if the newborn is discharged without notice; and

(8) DOH family health bureau shall collect data relevant to POC's as needed for evaluation and tracking purposes.

(9) CYFD shall collect data relevant to plans of care as needed for evaluation and tracking purposes.

(10) Out of state births: The CARA navigators shall notify the family that the insurance CC will create a POC on newborns that were born out of state and when families have moved to another city or town in New Mexico.

(11) Tribal members: If the newborn or family reside on Tribal land, then the CARA navigator notifies the identified Tribal social services/ICWA coordinator. If the newborn or family are identified tribal members and a report has been made to SCI, the CARA navigator or Tribal liaison shall notify the Tribal social services/ICWA coordinator.

C. Hospitals and birthing centers: Birthing hospitals and birth centers are responsible for ensuring staff are trained in the POC law and processes outlined in Subsection G of Section 32A-3A-13 of NMSA 2020. Hospital staff are responsible for offering a POC for every newborn who qualifies for one. The POC process shall be completed prior to the newborn's discharge from the hospital, which includes sending referrals to service providers for services for which consent has been provided on the POC.

(1) Prior to the offering and creation of the POC, the healthcare professional, social worker or discharge planner shall review with the infant's caregivers the CARA handouts that inform the caregivers what a POC is and what the involvement of CYFD, DOH and the insurance care coordinator (CC) will be.

(2) Hospital staff are responsible for making a referral to the MCO or private insurers for a CC prior to discharge (or a referral to CMS, if the infant is fee for service exempt or uninsured). Hospital staff shall refer to the instructions for each MCO in how to refer for a CC.

(a) If a CC has been assigned prior to the newborn's discharge from the hospital or birthing facility, the POC process shall be completed by collaboration of the caregiver, hospital staff and the assigned CC.

(b) Upon the newborn's discharge, if a CC has not yet been identified, the CARA navigators shall ensure the CC is provided a copy of the POC once assigned.

(c) Over the weekend and holidays: Upon admission and screening of the pregnant individual for substance use disorders, education on the POC shall be done with the family, along with a referral for a CC. Using the secured email links, referral for a CC shall be done and the insurance shall pick up the referral and make an assignment on Monday morning or the next business day, following a weekend or holiday discharge.

(3) If the hospital staff creating the POC does not identify any safety concerns, only a POC is needed. If there is an abuse or neglect concern, hospital staff shall make a report to CYFD SCI while continuing to support the parent(s) or designated caregiver(s) to develop a POC. The POC shall be submitted to the CARA navigators regardless of protective services involvement.

(4) A POC shall be offered with services to every family of a newborn exposed to substances, which includes medication assisted therapy and legal substances such as alcohol, regardless of families declining services or care coordination. The POC shall be integrated into the discharge plan for the mother and newborn. Referrals for services that are accepted are to be sent from the hospital prior to discharge as part of the POC process.

(5) A warm hand off from hospital staff to the CC during hospital stay is considered best practice. A warm hand off shall occur prior to the newborn's discharge either in person or by phone with the CC or identified supportive service provider.

(6) Hospital staff creating the POC shall document services declined or unavailable and current services caregivers are involved in. Further discussion regarding the reason for declining a service shall take place with the family and shall be documented in the POC.

(7) When a hospital screens a newborn by sending the umbilical cord or meconium for drug testing, the hospital staff is responsible for informing the patient if the results are positive and that the CARA navigator will be notified using notification of CARA newborn status form.

(8) If the hospital notifies the caregiver of the positive result on the newborn, the hospital shall explain that the CARA navigators shall be notified, and that a CARA navigator shall contact the caregiver to offer a POC for their newborn using the notification of CARA newborn status form. When a positive result is received, and the

family has been discharged, the notification of CARA newborn status form is to be completed and sent to the CARA navigators.

D. Emergency room and out of the hospital deliveries: The hospital staff shall fill out and send a notification of CARA newborn status form to the CARA navigators.

E. Medical professionals shall:

(1) participate in CARA training on definitions and evidence-based validated screening tools that shall be used to identify children exposed to substances in utero.

(2) complete the CARA on-line modules on the best practices regarding substance exposed infants and substance use disorder that providers may receive CME/CEU credits for completing.

(3) notify staff who complete a POC when an exposure has been identified by them.

(4) obtain the substance use history and provide education on treatment options.

F. Infant's primary care physician (PCP):

(1) PCP's shall receive a copy of the POC from the infant's CC.

(2) If PCP's have concerns regarding the infant related to their exposure, or regarding the disengagement of the caregivers in the services identified within the POC, they shall notify the CC or CARA navigators. If the PCP has immediate safety concerns, the PCP shall make a report to CYFD SCI.

G. MCOs, private insurers, and children's medical services:

(1) Children's medical services (CMS) shall serve as a CC for the newborn if the newborn is uninsured, fee for service exempt or military.

(2) For MCOs and private insurers, the same CC shall be assigned for the mother and newborn. A CC shall be assigned prior to discharge except weekend discharges (which shall be assigned on the Monday morning immediately following the weekend discharge) and have a warm hand off in person or by phone with the family.

(3) If the newborn enters CYFD custody, the assigned PSD worker shall sign a release of information for the CC to work with the resource family.

(4) Care coordination continues after the child reaches one year if services are still needed or if the POC is still being utilized.

(5) The MCOs, private insurers and CMS shall develop an internal quality assurance process to ensure the CCs meet the requirements regarding contact, timeframes, follow up with services and reporting to CARA navigators.

H. Care coordinators (CC):

(1) The CC shall send the POC to the newborn's PCP within five business days of receiving notification for a new POC.

(2) If a POC was not completed by the time of the newborn's hospital discharge, the CC shall complete one upon their initial contact.

(3) The CC shall follow their agencies' requirements regarding first face to face contact.

(4) The MCO's CC shall follow a "treat first model" to complete their comprehensive needs assessment (CNA) over the course of four appointments, with a maximum of 90 days to complete the CNA. CMS and private insurers shall follow their regulations and guidelines for assessments.

(5) Once the CC receives the POC, a letter to the caregivers shall be sent to the discharge address provided. The letter outlines the roles and contact information of the CC, DOH, CYFD and service providers to which referrals were made. The CC will contact agencies that referrals were made to on the POC to assure the referral was received. If referral was not received than the CC has permission with the POC/ROI to make the referral if this is on the POC.

(6) CC's shall ensure the newborn's primary care physician receives a copy of the POC.

(7) For families who are difficult to reach, unable to be reached, refuse care coordination, do not engage, disengage with CCs or providers, three attempts shall be made to engage as well as contact the referred supportive service providers and the infant's PCP to discuss their engagement with them prior to contacting the CARA navigators.

(8) CC's shall contact the CARA navigators when a family has moved to another city or town for a new POC to be created.

(9) If the CC has immediate concerns for abuse or neglect, the CC shall make a report to CYFD SCI.

(10) Prior to the MCO/private insurer/CMS CC closing a referral for non-engagement or non-compliance, they shall contact the PCP of the newborn by phone and by mail to notify them on closure.

(11) If a family has refused care coordination from their MCO/private insurer/CMS, the CC shall offer the family a check-in phone call every three months during the first year of the POC.

(12) If the CC has made final attempts to re-engage a family and notified the PCP, they shall then notify the CARA navigators.

[8.10.5.10 NMAC – N, 2/22/2022]

8.10.5.11 TIMELINE FOR ASSIGNMENT OF CC AT MCO AND PRIVATE INSURER LEVEL AND NEWBORN'S PCP:

A. Caregivers and the newborn shall have an assigned CC prior to the newborns discharge or within 24 to 48 hours after notification to the MCO or private insurer. Caregivers and newborn shall have the same CC when possible.

B. Caregivers shall identify a PCP and schedule appointments for the newborn prior to discharge from the hospital or within 24 hours of discharge.

[8.10.5.11 NMAC – N, 2/22/2022]

8.10.5.12 DISENGAGEMENT FROM SERVICES BY CAREGIVERS:

If after the POC is in place, the family disengages in services, the CC contacts the CARA navigators and shall follow internal processes regarding a report to SCI. SCI shall perform an assessment to determine if the disengagement warrants a CYFD investigation.

[8.10.5.12 NMAC – N, 2/22/2022]

8.10.5.13 NON-COMPLIANCE BY PROVIDERS:

A. If a hospital, birthing center, medical professional, MCO, private insurer or other provider is found by the CARA navigators to be out of compliance with the CARA rules, CYFD shall inform the oversight agency of that entity to ensure compliance is ensured.

B. Hospitals and birthing centers shall be considered out of compliance if a newborn is born with a positive substance and the hospital fails to create and submit a POC or fails to submit a notification of CARA newborn status form as required in the event of a transfer of the newborn, a delayed positive identification of substance exposure (after the newborn has been discharged), or when the family declines the POC.

[8.10.5.13 NMAC – N, 2/22/2022]

PART 6: IN-HOME SERVICES

8.10.6.1 ISSUING AGENCY:

Children, Youth and Families Department (CYFD), Protective Services Division (PSD).

[8.10.6.1 NMAC - Rp, 8.10.6.1 NMAC, 03/15/16]

8.10.6.2 SCOPE:

Protective services division employees and the general public.

[8.10.6.2 NMAC - Rp, 8.10.6.2 NMAC, 03/15/16]

8.10.6.3 STATUTORY AUTHORITY:

Children, Youth and Families Department Act, Subsection D of 9-2A-7 NMSA 1978; New Mexico Children's Code, Section 32A-1-1 NMSA 1978.

[8.10.6.3 NMAC - Rp, 8.10.6.3 NMAC, 03/15/16]

8.10.6.4 DURATION:

Permanent.

[8.10.6.4 NMAC - Rp, 8.10.6.4 NMAC, 03/15/16]

8.10.6.5 EFFECTIVE DATE:

March 15, 2016, unless a later date is cited at the end of a section.

[8.10.6.5 NMAC - Rp, 8.10.6.5 NMAC, 03/15/16]

8.10.6.6 OBJECTIVE:

To establish guidelines for the provision of in-home services to families at high or moderate risk, or with a child under the age of three, to reduce risk of maltreatment and to promote the continued safety of children.

[8.10.6.6 NMAC - Rp, 8.10.6.6 NMAC, 03/15/16]

8.10.6.7 DEFINITIONS:

A. "Abused child" as defined in the Children's Code, Subsection B of 32A-4-2 NMSA 1978, means a child:

(1) who has suffered or who is at risk of suffering serious harm because of the action or inaction of the child's parent, guardian or custodian;

(2) who has suffered physical abuse, emotional abuse or psychological abuse inflicted or caused by the child's parent, guardian or custodian;

(3) who has suffered sexual abuse or sexual exploitation inflicted by the child's parent, guardian or custodian;

(4) whose parent, guardian or custodian has knowingly, intentionally or negligently placed the child in a situation that may endanger the child's life or health; or

(5) whose parent, guardian or custodian has knowingly or intentionally tortured, cruelly confined or cruelly punished the child.

B. "Case management" is a service provided to the clients that includes, but is not limited to, assessment of needs, reports, monitoring of progress, coordination of services, facilitation of inter-agency collaboration and documentation of efforts to meet the client's needs.

C. "Client" means a person who is receiving services from PSD.

D. "Community resources" are agencies, contractors, individuals, and community organizers that deliver services or other support for clients during and after PS involvement.

E. "Conditionally safe" means that one or more safety threats have been identified that places the child in present or impending danger of serious harm, however one or more protective capacities has been identified to offset, mitigate or control the threat of present or impending danger of serious harm.

F. "Custodian" as defined in the Children's Code, Subsection E of 32A-1-4 NMSA 1978, means an adult with whom the child lives who is not a parent or guardian of the child.

G. "CYFD" refers to the New Mexico children, youth and families department.

H. "Direct service" is a service provided by PSD staff to an individual or family that supports one or more goals in the family plan.

I. "Emergency discretionary funds (EDF)" are funds used to secure services or items necessary to achieve goals of the family plan.

J. "Engagement" refers to the family's commitment to the PSD intervention and subsequent involvement of the family with PSD and community resources throughout the case.

K. "FACTS" refers to the family automated client tracking system (FACTS), the official data management system for CYFD.

L. "Family assessment" is a collaborative effort between PSD workers and the family to assess the family's needs and protective capacities based upon identified safety threats and risk factors.

M. "Family centered meeting" is a facilitated meeting where PSD workers and supervisors meet with parents, guardians and others for the purpose of safety planning, case planning and decision making.

N. "Family plan" is a plan developed by PSD in collaboration with each household member, based on the information collected through the family assessment, which identifies the specific changes in behaviors and circumstances that are expected as a result of the in-home services intervention.

O. "Foster care candidate" is a child who is at serious risk of removal from home where PSD is either pursuing the child's removal from the home or making reasonable effort to prevent the child's removal from the home.

P. "Guardian" as defined in the Children's Code, Subsection I of 32A-1-4 NMSA 1978, means a person appointed as guardian by a court or Indian tribal authority or a person authorized to care for the child by a parental power of attorney as permitted by law.

Q. "Impending danger" is when a child is living in a state of danger or position of continual danger due to a family circumstance or behavior. The threat caused by the circumstance or behavior is not presently occurring, but it can be anticipated to have severe effects on a child at any time.

R. "In-home services" (IHS) are services provided without court intervention that are expected to enhance the family's ability to function independently of PSD, improve safety for children, create stability within the home, and develop healthy and supportive on-going community relationships.

S. "Neglected child" as defined in the Children's Code, Subsection E of 32A-4-2 NMSA 1978, means a child:

(1) who has been abandoned by the child's parent, guardian or custodian;

(2) who is without proper parental care and control or subsistence, education, medical or other care or control necessary for the child's well-being because of faults or habits of the child's parent, guardian or custodian, or the failure or refusal of the parent, guardian or custodian, when able to do so, to provide them;

(3) who has been physically or sexually abused, the child's parent, guardian or custodian knew or should have known of the abuse and failed to take reasonable steps to protect the child from further harm;

(4) whose parent, guardian or custodian is unable to discharge that person's responsibilities to and for the child because of incarceration, hospitalization or physical or mental disorder or incapacity; or

(5) who has been placed for care of adoption in violation of the law; provided that nothing in the Children's Code, Section 32A-1-1 NMSA 1978, shall be construed to imply that a child who is being provided with treatment by spiritual needs alone through prayer, in accordance with the tenets and practices of a recognized church or religious denomination, by a duly accredited practitioner thereof is for that reason alone a neglected child within the meaning of the Children's Code; and further provided that no child shall be denied the protection afforded to all children under the Children's Code.

T. "Parent" as defined in the Children's Code, Subsection O of 32A-1-4 NMSA 1978, includes a biological or adoptive parent if the biological or adoptive parent has a constitutionally protected liberty interest in the care and custody of the child.

U. "Placement" is an out of home residential arrangement for the care of children in PSD custody, which may include, but is not limited to family foster care, relative foster care and treatment foster care, or a facility such as residential treatment center, group home, or emergency shelter.

V. "Present danger" means immediate, significant and observable severe harm or threat of severe harm that is presently occurring to a child and requiring an immediate protective services response.

W. "Protective capacities" are those assets possessed by the parent or guardian that help reduce, control or prevent present or impending danger of serious harm to a child.

X. "Protective services division (PSD)" refers to the protective services division of the children, youth and families department, and is the state's designated child welfare agency.

Y. "Risk" is the term used to describe PSD's assessment, based on established criteria, of the likelihood that child will be abused or neglected by his or her parent, guardian, or custodian.

Z. "Safe" as used in this policy means that there are no safety threats placing the child in present or impeding danger of serious harm.

AA. "Safety plan" is a document that identifies the strategy or group of strategies implemented to control a safety threat. It is the intrusion into family life in the form of ongoing assessment and specific strategies designed to match the duration and level of the safety threat up to including the removal of the child from the home.

BB. **"Structured decision making (SDM) instruments"** are standardized assessments located in FACTS that the worker completes to determine the child's safety and risk of abuse or neglect based upon the application of pre-determined criteria.

CC. **"Unsafe"** means that one or more safety threats have been identified that place the child in present or impending danger of serious harm and there are not sufficient protective capacities to offset, mitigate or control the threat of present or impeding danger of serious harm.

DD. **"Voluntary service intake (VSI)"** is the category under which an IHS case is opened in FACTS.

[8.10.6.7 NMAC - Rp, 8.10.6.7 NMAC, 03/15/16]

8.10.6.8 PURPOSE OF IN-HOME SERVICES:

A. The purpose of IHS is to promote the safety of children and reduce the risk of the recurrence of abuse or neglect of children by their parents, guardians or custodians without the intervention of the courts.

B. A child may not be determined to be safe or conditionally safe solely on the basis of the provision of IHS.

[8.10.6.8 NMAC - Rp, 8.10.6.8 NMAC, 03/15/16]

8.10.6.9 ELIGIBILITY:

A. A family is eligible to receive IHS without regard to income.

B. A family may be eligible to receive IHS when:

(1) the child has been determined to be conditionally safe and the risk of child abuse or neglect has been determined to be moderate or high; or

(2) the child has been determined to be unsafe and the risk of child abuse or neglect has been determined to be very low, low, moderate, or high.

C. Parents who are involved in an active legal case through an abuse or neglect petition or a voluntary placement are ineligible for IHS.

[8.10.6.9 NMAC - Rp, 8.10.6.9 NMAC, 03/15/16]

8.10.6.10 FOSTER CARE CANDIDACY DETERMINATION:

A. The IHS practitioner shall make a foster care candidacy determination for each child in a family receiving IHS. A child may be considered a foster care candidate when a child is determined to be conditionally safe and the risk of maltreatment is moderate or high, or when a child is determined to be unsafe.

B. A child may be determined to be a foster care candidate at any point during the IHS case when there has been a change in a family's circumstances that affects the safety of a child.

C. Once a child has been initially determined a foster care candidate, then the foster care candidacy is re-determined for the child every six months.

[8.10.6.10 NMAC - Rp, 8.10.6.10 NMAC, 03/15/16]

8.10.6.11 CASE TRANSFER TO IN-HOME SERVICES:

A. IHS are assigned within five calendar days of the disposition of the investigation.

B. The investigation is closed within five calendar days of case transfer to an IHS practitioner.

[8.10.6.11 NMAC - Rp, 8.10.6.11 NMAC, 03/15/16]

8.10.6.12 DURATION OF SERVICE DELIVERY:

IHS case interventions are provided for a maximum of 180 days, unless the IHS practitioner requests the county office manager grant a 45 day extension. The IHS practitioner documents that an extension of services would assist the family in achievement of goals, reduce the risk of recurrent abuse or neglect, and ensure the child is safe, conditionally safe. No more than three 45 day extensions will be granted.

[8.10.6.12 NMAC - N, 03/15/16]

8.10.6.13 PROVISION OF SERVICES:

A. No waiting list is established or maintained for IHS.

B. Families participate in safety related IHS without court intervention.

C. Services are provided to the family based on assessment of safety of the child and risk of abuse or neglect to the child by the parent, guardian or custodian. Services provided to the family utilize family strengths, family resources, community resources, and PSD resources.

D. PSD favors the use of family and community services over direct services whenever possible and appropriate.

E. IHS are delivered as a collaborative effort between PSD, the family, and community partners.

[8.10.6.13 NMAC - Rp, 8.10.6.12 NMAC, 03/15/16]

8.10.6.14 FAMILY CONTACT:

A. The IHS practitioner schedules the initial face-to-face contact with the family within 72 hours from transfer of the case to IHS.

B. The IHS practitioner shall meet with the family at least weekly through the duration of the case.

C. When determining the meeting frequency and other types of intervention, safety of the child is always the first consideration.

D. If the IHS practitioner identifies a non-participating or absent parent, guardian or custodian the practitioner shall meet with their supervisor.

[8.10.6.14 NMAC - Rp, 8.10.6.13 NMAC, 03/15/16]

8.10.6.15 IN-HOME FAMILY ASSESSMENT, SAFETY AND FAMILY PLANS:

A. The IHS practitioner, in collaboration with the family, completes a family assessment and develops a safety plan and family plan.

B. The IHS practitioner, in collaboration with the family, reviews and updates the family's safety plan, addressing all individuals in the family.

C. The IHS practitioner completes a family assessment and family plan for all IHS cases.

[8.10.6.15 NMAC - Rp, 8.10.6.14 NMAC, 03/15/16]

8.10.6.16 CASE STAFFING AND ON-GOING ASSESSMENT:

IHS practitioners utilize staffing and conferences to develop, assess, or review plans and to review services and the safety of a child.

[8.10.6.16 NMAC - Rp, 8.10.6.15 NMAC, 03/15/16]

8.10.6.17 EMERGENCY DISCRETIONARY FUNDS (EDF):

PSD may use EDF to assist the family with the goals identified in the family plan to reduce safety and risk factors for children in the home. EDF, when related to safety and risk, can be used to purchase products or services such as rent or rent deposits,

utilities, clothing, transportation, food, home or car repair, and appliance repair. EDF are dispersed according to the emergency discretionary fund manual.

[8.10.6.17 NMAC - Rp, 8.10.6.16 NMAC, 03/15/16]

8.10.6.18 SUBSEQUENT REPORTS OF ABUSE OR NEGLECT:

If a report is made to statewide central intake when there is reason to believe abuse or neglect has occurred subsequent to the original report that resulted in providing IHS, then a new investigation will occur. A new investigation does not disqualify a family from receiving IHS. PSD may continue to provide IHS during and after an investigation resulting from additional child abuse or neglect allegations if the safety of a child can be ensured.

[8.10.6.18 NMAC - Rp, 8.10.6.17 NMAC, 03/15/16]

8.10.6.19 FAMILY REFUSAL OF IN-HOME SERVICES:

A decision by the family to refuse or withdraw from services does not constitute abuse or neglect. When the family refuses IHS, the IHS practitioner, in consultation with the supervisor, reviews the results of the safety and risk assessments as well as other pertinent information to determine if PSD should pursue involuntary service through a court order.

[8.10.6.19 NMAC - Rp, 8.10.6.18 NMAC, 03/15/16]

8.10.6.20 FAMILY WITHDRAWAL FROM IN-HOME SERVICES:

When the family withdraws after beginning IHS, the practitioner shall conduct a safety assessment and a risk assessment and review the results. The practitioner also considers information from the investigation, as well as other pertinent information, to determine an appropriate course of action. Action may include, but is not limited to:

A. revision of the IHS family plan;

B. report of the family to statewide central intake (SCI);

C. case closure; or

D. pursuit of involuntary services through a court order.

[8.10.6.20 NMAC - Rp, 8.10.6.18 NMAC, 03/15/16]

8.10.6.21 CASE CLOSURE:

IHS cases may be closed with no further intervention from PSD when the structured decision making instruments are completed and:

A. the safety assessment instrument documents that the child is safe, or conditionally safe;

B. the safety assessment and risk assessment instruments document either no escalation of risk, or a decrease in the risk level;

C. the goals of the family plan have been achieved; or

D. the family withdraws from services.

[8.10.6.21 NMAC - Rp, 8.10.6.20 NMAC, 03/15/16]

8.10.6.22 CASE DOCUMENTATION:

Case plans, case contracts, and supervisory consultations are documented in FACTS.

[8.10.6.22 NMAC - Rp, 8.10.6.21 NMAC, 03/15/16]

PART 7: PROTECTIVE SERVICES LEGAL

8.10.7.1 ISSUING AGENCY:

Children, Youth and Families Department (CYFD), Protective Services Division (PSD).

[8.10.7.1 NMAC - Rp, 8.10.7.1 NMAC, 3/31/10]

8.10.7.2 SCOPE:

Protective services employees and the general public.

[8.10.7.2 NMAC - Rp, 8.10.7.2 NMAC, 3/31/10]

8.10.7.3 STATUTORY AUTHORITY:

Children, Youth and Families Department Act, Section 9-2A-7 D, NMSA 1978; New Mexico Children's Code, Section 32A-1-1, NMSA 1978 (Cum. Supp. 2009); and New Mexico Children's Court Rules SCRA 10-1 et seq.

[8.10.7.3 NMAC - Rp, 8.10.7.3 NMAC, 3/31/10]

8.10.7.4 DURATION:

Permanent.

[8.10.7.4 NMAC - Rp, 8.10.7.4 NMAC, 3/31/10]

8.10.7.5 EFFECTIVE DATE:

March 31, 2010, unless a later date is cited at the end of a section.

[8.10.7.5 NMAC - Rp, 8.10.7.5 NMAC, 3/31/10]

8.10.7.6 OBJECTIVE:

To establish parameters for the provision of legal services for children at significant risk of abuse or neglect and children in the custody of CYFD.

[8.10.7.6 NMAC - Rp, 8.10.7.6 NMAC, 3/31/10]

8.10.7.7 DEFINITIONS:

A. "Adjudication hearing" is the hearing that occurs within 60 days of service on the respondents at which the court determines whether the child is abused or neglected.

B. "Adjustment of status" is the application or procedure to obtain lawful permanent residency.

C. "Affidavit" means a sworn statement of facts and accompanies the petition for an ex-parte order. It is signed by any person who either has personal knowledge of the facts or has been informed of them and believes them to be true.

D. "Best interest of the child" is the standard that reflects the protection of the child from abuse and neglect. In motions to terminate parental rights and for permanent guardianship cases, the term encompasses stability and permanency in placement.

E. "Case planning issues" include placement decisions, permanency planning goals and treatment recommendations.

F. "Children's Code" refers to the New Mexico Children's Code, Section 32A-1-1, et. seq., NMSA 1978.

G. "Children's court attorneys" are the attorneys who have been given the authority and the responsibility to represent protective services division (PSD) in child abuse and neglect and family in need of services proceedings.

H. "Child's attorney" is a trained attorney appointed by the court to represent the child who is fourteen (14) years of age or older; also referred to as "youth attorney."

I. "Citizenship and immigration services (CIS)" is the bureau within the department of homeland security responsible for processing immigrant related services

and benefits, including special immigrant juvenile status (SIJS) and adjustment of status petitions.

J. "Constitutionally protected liberty interest," in terms of the parent-child relationship, refers to the right of parents to the care, custody and nurture of their children; a parent's constitutionally protected liberty interest includes retaining custody of one's children and, thus, a state may not interfere with a parent's custodial rights absent due process protections.

K. "Custodian" refers to an adult with whom the child lives who is not a parent or guardian.

L. "Custody hearing" is the hearing at which the court determines if probable cause exists for the child to remain in PSD's custody pending adjudication.

M. "Date child enters foster care" means the earlier of 60 days from the date of removal of the child or the date of the adjudication of child abuse or neglect.

N. "Disposition" means the court hearing which establishes custody and where the court may adopt a treatment plan for the child and family.

O. "Emergency custody" exists when a child is removed from the parent's home based upon a determination by law enforcement that the child is in need of protective custody or based upon an ex parte custody order.

P. "Ex parte custody order" is an order issued by the court pursuant to an ex parte affidavit that grants emergency custody to PSD.

Q. "Fictive kin" means a person not related by birth, adoption or marriage with whom the child has an emotionally significant relationship.

R. "Foreign national" or **"alien"** means a person who is not a United States citizen.

S. "Guardian ad litem" is a trained attorney appointed by the court to represent and protect the best interests of the child in a neglect and abuse proceeding when the child is less than 14 years old.

T. "Immigration and customs enforcement (ICE)" refers to the bureau within the department of homeland security that carries out investigation and enforcement functions. ICE has no authority over SIJS.

U. "Indian child" refers to an unmarried person who is

(1) under the age of 18 years old;

(2) a member of an Indian tribe or is eligible for membership in an Indian tribe; and

(3) the biological child of a member of an Indian tribe.

V. "Infant" means a child less than one year of age.

W. "Juvenile court" under federal immigration law, means a court with jurisdiction under state law to make determinations over the care and custody of children. In New Mexico, the term used is children's court rather than juvenile court.

X. "Lawful permanent resident" refers to a foreign national or alien with permission to live and work indefinitely in the United States, but who cannot vote (also known as a "green card holder").

Y. "Legal custody" means a legal status created by order of the children's court or other court of competent jurisdiction or by operation of the New Mexico Children's Code, Section 32A-4-1 et seq or 32A-3B-1 et seq, NMSA 1978, that vests in a person, department or agency the:

(1) right to determine where and with whom a child shall live;

(2) right and duty to protect, train and discipline the child and to provide the child with food, shelter, personal care, education and ordinary and emergency medical care;

(3) right to consent to major medical, psychiatric, psychological and surgical treatment and to the administration of legally prescribed psychotropic medications pursuant to the Children's Mental Health and Developmental Disabilities Act; and

(4) right to consent to the child's enlistment in the armed forces of the United States.

Z. "Party" in a neglect and abuse proceeding is any individual named in the petition or subsequently granted that status in the case by the court.

AA. "Periodic review" is a court hearing where the court reviews the treatment plan (case plan) and may modify the plan or adopt a new plan.

BB. "Permanency hearing" is a court hearing where the court reviews the progress made in the case, determines the permanency plan for the child and creates orders to expedite the achievement of permanency for the child.

CC. "Permanency review hearing" is a court hearing held within three months of the permanency hearing when the court has adopted a permanency plan of reunification and a transition plan or a court hearing held within 60 days of the

permanency hearing when the court has adopted a permanency plan other than reunification and has determined that reasonable efforts have not been made to identify or locate relatives or fictive kin or reasonable efforts have not been made to conduct home studies on appropriate relatives or fictive kin interested in providing permanency for the child.

DD. "Petition" means the document filed with the court setting forth the allegations of abuse or neglect and relief sought.

EE. "Protective services division (PSD)" refers to the protective services division of the children, youth and families department, and is the state's designated child welfare agency.

FF. "Protective supervision" is ordered by the court to allow PSD to visit the child in the home where the child resides, inspect the home, transport the child to court-ordered diagnostic examinations and evaluations and obtain information and records concerning the child.

GG. "Reasonable medical judgment" means a medical judgment that would be made by a reasonably prudent physician, knowledgeable about the case and treatment possibilities with respect to the medical conditions involved.

HH. "Relative" means a person related to another person by blood within the fifth degree of consanguinity or through marriage by the fifth degree of affinity.

II. "Respondent" refers to a parent, guardian or custodian of a child named in an abuse or neglect proceeding.

JJ. "Special immigrant juvenile status (SIJS)" refers to a status created by federal law that helps abused, neglected or abandoned a foreign national child in the juvenile court system to become lawful permanent residents where reunification and return to the country of origin are not viable options.

KK. "Stipulation" is an admission or a plea of no contest by the respondent to one or more of the allegations in the petition.

LL. "Trial home visit" means the period of time, not to exceed six months, in which a child with a plan of reunification resides with the parent or guardian while services are provided to the child and family to address risk factors and ensure safety of the child.

MM. "Undocumented foreign national" or "undocumented alien" refers to a foreign national or alien without lawful immigration status in the United States. This includes persons who may have entered without legal permission or entered legally and overstayed his or her visa.

NN. "United States citizen" refers to a person born in the United States, Guam, Puerto Rico or the U.S. Virgin Islands, or a person, who "naturalizes," i.e., becomes a United States citizen upon an application after five (5) years of being a permanent resident. This also generally includes children born abroad to United States citizen parents.

OO. "Use immunity" means that the in-court testimony, statements made in the course of court ordered psychological evaluation or treatment program, records, documents or other physical objects produced by a respondent who has been granted use immunity status by the court shall not be used against that respondent in a criminal prosecution.

PP. "Withholding medically indicated treatment" means the failure to respond to a child's life-threatening condition by providing treatment which, in the treating physician's reasonable medical judgment, will be most likely to be effective in ameliorating or correcting all such conditions.

[8.10.7.7 NMAC - Rp, 8.10.7.7 NMAC, 3/31/2010; A, 5/25/2021]

8.10.7.8 PURPOSE OF PROTECTIVE SERVICES LEGAL POLICIES:

The purpose of child protective legal services is to represent PSD's position in court with regard to the permanency plans for children, protect children through legal intervention and facilitate permanency in relevant cases.

[8.10.7.8 NMAC - Rp, 8.10.7.8 NMAC, 3/31/10]

8.10.7.9 THE CHILDREN'S COURT ATTORNEY:

A. Role of the children's court attorney: The children's court attorney shall provide information, interpretation of law and general assistance to PSD in the provision of child protective services and presents PSD's recommendations in a court of law.

B. Attorney-client relationship: The primary decision-maker on the case shall be the PSD worker for the purpose of the attorney-client relationship.

C. Differences of opinion: When the children's court attorney, PSD worker and supervisor cannot agree on the most appropriate course of action, the issues shall be resolved between the managing children's court attorney and county office manager. The protective services director shall be the final arbiter in a decision.

D. Attorney-client privileged communications: Written and verbal communications concerning PSD business between a children's court attorney and a PSD worker is privileged. Privileged communications may not be disclosed to a third party outside the department unless a specific decision with the appropriate approval has been made to waive such privilege.

E. No conversations concerning settlement or disposition shall occur in the absence the children's court attorney representing PSD in the case.

(1) Direct contact between PSD workers and respondent's counsel is limited to the exchange of routine information, such as, time for visitation and the name of psychologist to perform evaluation.

(2) PSD routinely informs the guardian ad litem or child's attorney about important decisions relating to the child.

[8.10.7.9 NMAC - Rp, 8.10.7.9 NMAC, 3/31/2010; A, 5/25/2021]

8.10.7.10 GENERAL PROVISIONS:

A. Confidentiality and access to abuse and neglect records: Protective services records and information incident to, or obtained as a result of an abuse or neglect investigation or proceeding are confidential and can only be inspected pursuant to a valid court order, except by those entities specifically entitled to access under the New Mexico Children's Code.

(1) When allowing access to an authorized entity, all attorney-client privileged information and all identifying information on the reporting source shall be stricken.

(2) Protective services records or information shall not be released pursuant to a subpoena because subpoenas do not reflect a determination by a children's court judge that the requesting party has a legitimate interest in the case or the work of the court.

B. PSD uses the best interest of the child as the standard to make decisions regarding planning and managing child protective services cases. Protection and the best interest of the child are of paramount concern, followed by the treatment needs of the family.

C. Change of venue or transfer of legal cases: A motion to change venue shall not initiate absent approval of the sending and receiving county protective services offices. Venue shall not be changed on cases where a consent decree has been entered or adjudication has not occurred.

D. Child support: PSD shall make a report for the collection of child support to the child support enforcement division for all children in custody.

E. Home studies in domestic relations cases: There shall be no legal authority for courts to order PSD to conduct home studies in New Mexico domestic relations cases to which PSD is not a party.

(1) Children's court attorneys shall object to requests for orders to conduct home studies in New Mexico domestic relations cases.

(2) PSD shall respond to a request for a home study as an abuse or neglect report, and screens and investigates in accordance with protective services policy.

F. Immigration status: Whenever the court adjudicates that a child is abused or neglected, PSD shall determine the child's immigration status.

[8.10.7.10 NMAC - Rp, 8.10.7.12 NMAC, 3/31/10]

8.10.7.11 PROCEDURAL PRINCIPLES:

A. PSD shall comply with the provisions of the New Mexico Children's Code and the children's court rules.

B. Emergency custody given to PSD by law enforcement shall not be extended.

C. When protective supervision has been ordered, the child shall not be removed from their home absent emergency custody granted by law enforcement, or by an order of the court.

D. Legal custody includes the right to place a child. If PSD has legal custody, the court shall only order a specific placement when PSD has abused its discretion in the placement or proposed placement of a child.

E. Allegations of abuse or neglect shall be made for each individual named as a respondent in a petition. To perfect PSD's custody, both parents may be named as respondents. If there are no allegations as to one parent, then that parent may generally receive custody.

F. A father who does not have parental rights to the child, i.e. a constitutionally protected liberty interest, may be excluded from the petition.

G. A custodian may be named as a respondent.

H. If allegations of abuse or neglect are proven as to only one child, and PSD makes the decision that other siblings in the household are at risk and should be placed in PSD custody, then the children's court attorney utilizes New Mexico case law to seek custody of those at-risk children.

I. A hearing on custody pending an adjudicatory hearing shall be held within 10 working days of the filing of the petition. A judgment granting custody to PSD remains in force for an indeterminate period not to exceed two years. If custody is still required to protect the child, then PSD shall request an extension of custody prior to the expiration.

J. An adjudicatory hearing shall be held in regard to the abuse or neglect of each parent. The time frame shall run separately based on the respective dates of service on each parent.

K. Parties shall not extend the time frame for "commencing" the adjudicatory hearing by agreement. Parties may seek an extension by filing a petition with the children's court judge or the supreme court, as specified in Children's Court Rules 10-343 (Adjudicatory hearing; time limits; continuances).

L. Prior to the adjudicatory hearing and permanency hearing, PSD shall meet with the other parties and shall attempt to settle issues attendant to the hearing and proposed treatment plan that serves the child's best interest.

M. Cases in which the child is removed from the home:

(1) In the first court order that sanctions the removal of a child from the home, PSD shall seek a judicial determination that continuing in the home would be contrary to the child's welfare, or that placement would be in the best interest of the child.

(2) PSD shall seek to obtain, within 60 days from the date the child is removed, a judicial determination that reasonable efforts were made, or were not required, to prevent removal.

(3) If feasible, both judicial determinations shall be sought simultaneously.

N. In those cases where a child remains in voluntary foster care longer than 180 days, PSD shall obtain a judicial determination prior to the one hundred eightieth (180th) day that the child's placement in voluntary foster care is in the best interest of the child.

O. At the first judicial review, PSD shall report the child's immigration status to the court.

[8.10.7.11 NMAC - Rp, 8.10.7.13 NMAC, 3/31/2010; A, 5/25/2021]

8.10.7.12 LITIGATION CONSIDERATIONS:

A. PSD shall make reasonable efforts to prevent removal of the child and, when removal is necessary, PSD shall make reasonable efforts to reunify the child, and to finalize the child's current permanency plan.

B. Reasonable efforts to prevent a child's removal from home, or to reunify the child and family shall not be required if PSD obtains a judicial determination that such efforts are not required because:

(1) a court of competent jurisdiction has determined that the parent has subjected the child to aggravated circumstances as set forth in the New Mexico Children's Code; or

(2) the parent or custodian has been convicted, by a court of competent jurisdiction, of murder or voluntary manslaughter of another child of the parent, or of aiding or abetting, attempting, conspiring, or soliciting to commit such a murder or voluntary manslaughter, or convicted of a felony assault that results in serious bodily injury to the child or another child of the parent.

C. The child or youth participates in court proceedings in their case unless it is determined not to be in the child's or youth's best interest. At the permanency hearing, the child is consulted, in an age-appropriate manner, about the permanency plan developed for the child.

D. PSD shall pursue obtaining use immunity when PSD's reunification efforts may conflict with a criminal prosecution.

E. The PSD worker is PSD's primary witness on case planning issues.

F. PSD shall give the children's court attorney advance notice of all witnesses, expert or otherwise, to be called to allow sufficient time to secure subpoenas and service by the sheriff's department or contracted process servers. PSD shall reimburse for expert testimony, time and travel according to established guidelines. Payments which exceed the established guidelines shall be approved by the chief children's court attorney.

G. In a case where a parent has a recognizable mental or physical disability, PSD shows how services provided were designed to address the disability within the context of the parenting plan.

H. PSD shall seek to obtain judicial determinations that are made on a case-by-case basis, and in which the court states the specific reasons for its determination.

I. When a court rules against PSD on a significant issue, the children's court attorney shall initiate a discussion with the child's worker and the appellate attorney to determine whether there are grounds to appeal and the ramifications of the appeal on the department.

[8.10.7.12 NMAC - Rp, 8.10.7.18 NMAC, 3/31/2010; A, 5/25/2021]

8.10.7.13 STIPULATION:

Settlement of a child abuse or neglect case at the adjudicatory stage involves a stipulation (admission or plea of no contest) as to the case-specific underlying factual basis of the allegation. In most cases, a stipulation to a lesser charge when there is an

allegation of sexual abuse or severe physical abuse is unacceptable based on treatment issues and protection of other potential victims. The managing children's court attorney shall approve any exceptions.

[8.10.7.13 NMAC - Rp, 8.10.7.14 NMAC, 3/31/10]

8.10.7.14 APPOINTMENT OF GUARDIAN AD LITEM (GAL) OR CHILD'S ATTORNEY:

PSD shall request that a GAL be appointed to represent and protect the best interests of the child in a abuse or neglect proceeding when the child is less than fourteen (14) years old. PSD shall request that an attorney be appointed to represent the child fourteen (14) years of age or older.

[8.10.7.14 NMAC - Rp, 8.10.7.17 NMAC, 3/31/10]

8.10.7.15 DOCUMENTATION TO COURT:

A. PSD shall complete and provide reports to the court and other parties as required by law.

B. The children's court attorney shall provide documentation and evidence so that the court may make specific factual findings in determinations of:

(1) reasonable efforts to prevent removal;

(2) reasonable efforts not required to prevent removal;

(3) reasonable efforts to finalize the permanency plan in effect; or

(4) reasonable efforts to place siblings together unless joint placement would be contrary to the safety or well-being of any of the siblings, and whether siblings not jointly placed together have been provided reasonable visitation or other ongoing contact unless contrary to the safety or well-being of any of the siblings.

C. The children's court attorney shall provide the court with a documented description of the child's current foster care placement, and whether it is appropriate in terms of the educational setting and proximity to the school the child was enrolled in at the time of the placement, including plans for travel for the child to remain in the school in which the child was enrolled at the time of placement, if reasonable and in the child's best interest.

D. The children's court attorney shall document to the court the compelling reasons for seeking placement in the legal custody of PSD under a planned permanent living arrangement as the child's permanency plan when PSD has considered reunification,

adoption, permanent guardianship, or placement with a fit and willing relative, or fictive kin and has concluded these are not the most appropriate permanent plans for the child.

E. If the court adopts a permanency plan other than reunification, the children's court attorney shall provide documentation and evidence so the court may make a specific factual finding in determinations of reasonable efforts to identify and locate relatives or fictive kin, and to conduct home studies on relatives or fictive kin expressing an interest in providing permanency for the child.

F. The Children's Code refers to three types of transition plans, with varying requirements depending on the case for review by the court.

(1) The transition plan designed to assist the youth in living independently: This plan, as defined in the Children's Code, Subsection I of Section 32A-4-2 NMSA 1978, is an individualized written plan based on the unique needs of the youth outlining services to be provided to increase the youth's independent living skills. PSD considers this plan the youth's life skills plan. The youth's life skills plan is required for each youth 16 years of age and older, and shall be included in the youth's pre-dispositional report as required in Children's Code, Paragraph (11) of Subsection B of Section 32A-4-21 NMSA 1978. The youth's life skills plan shall also be included in the youth's case plan, and reviewed by the court at every judicial review or permanency hearing. (See youth services policy, 8.10.9.11 NMAC.)

(2) The youth transition plan designed to assist the youth in transitioning to adult living: This plan, as described in the Children's Code, Subsection B of Section 32A-4-25.2 NMSA 1978, is required prior to the youth reaching age of 17. The plan is developed collaboratively at a transition meeting by the youth, the youth transition specialist, the youth's youth attorney, and whomever else the youth chooses to invite. The plan shall identify a youth's needs, strengths and goals in the areas of safety, housing, education, employment or income, health and mental health, local opportunities for mentors and continuing support services. In accordance with the Children's Code, Section 32A-4-25.3 NMSA 1978, the transition plan shall be reviewed and ordered by the court at the discharge hearing (see herein at 8.10.7.19 NMAC), the first hearing scheduled after the child's seventeenth (17th) birthday and at every subsequent review and permanency hearing (See youth services policy, 8.10.9.12 NMAC).

(3) The transition home plan designed to achieve successful reunification of a child: A transition home plan shall be developed and presented to the court at the time of the permanency hearing when PSD is proposing the court adopt a permanency plan of reunification. The transition home plan shall identify the steps that must be taken to achieve the child's successful transition home (see herein at 8.10.7.18 NMAC and the Children's Code, Subsection C of Section 32A-4-25.1 NMSA 1978).

[8.10.7.15 NMAC - Rp, 8.10.7.19 NMAC, 3/31/2010; A, 5/25/2021]

8.10.7.16 RIGHTS OF PARENTS AND RESPONDENTS:

A. Parent's rights: Mothers, fathers who are married to the child's mother, and adoptive parents have a constitutionally protected liberty interest in rearing the child. Additionally, those unmarried biological fathers who participate in the child's life as a parent have a similar constitutionally protected liberty interest. At the inception of the case, PSD identifies those parents with protected rights.

B. PSD shall inform parents of their rights at the commencement of the investigation.

C. The court shall inform the respondent of their rights at the respondent's first appearance. Under Children's Court Rule 10-314, those rights include:

(1) notice of the allegations of the petition;

(2) the right to trial on the petition;

(3) the right to be represented by an attorney; and

(4) the possible consequences if the allegations of the petition are found to be true.

D. Biological fathers who participate in the child's life have a constitutionally protected liberty interest and shall be accorded all of the notice and reasonable efforts protection under the Children's Code. Those biological fathers who do not participate in the child's life have no protected liberty interest and shall not be entitled to notice of the protections offered under the Children's Code.

E. PSD shall attempt to obtain a sworn statement from the mother on the identity of the father, or shall place the mother on the stand and ask questions concerning the father's identity.

F. PSD shall check the putative father registry if the mother does not identify any person as the father.

[8.10.7.16 NMAC - Rp, 8.10.7.15 NMAC, 3/31/2010; A, 5/25/2021]

8.10.7.17 NOTIFYING RELATIVES:

A. PSD shall exercise due diligence to identify and notify adult relatives of a child's removal within 30 days of the removal. The notice shall inform relatives or fictive kin of their option to become a placement resource for the child.

B. If the parent is unable or unwilling to provide the PSD worker with names and contact information of relatives or fictive kin, the children's court attorney shall inform

the court and ask the court to question the parents about relatives or fictive kin. The children's court attorney shall include in the court order that the parents will provide names of relatives or fictive kin, for possible relative or fictive kin placement, to PSD and attorneys of record five days from the date of the hearing.

C. At the permanency hearing, when the court adopts a plan other than reunification, the children's court attorney shall request the court determine whether or not the department has made reasonable efforts to identify and locate, and conduct home studies of any appropriate relative expressing an interest in providing permanency for the child.

[8.10.7.17 NMAC - N, 3/31/2010; A, 5/25/2021]

8.10.7.18 PERMANENCY HEARING REQUIREMENTS:

A. A permanency hearing shall be commenced within six months of the initial judicial review of a child's dispositional order or within 12 months from the date a child enters foster care, whichever occurs first.

B. If the court adopts a permanency plan of reunification at the permanency hearing, the court shall adopt a transition home plan for the child, and schedule a permanency review hearing within three months. If a child is reunified, the subsequent hearing may be vacated.

C. If the court adopts a permanency plan other than reunification at the permanency hearing, the court shall determine whether or not PSD has made reasonable efforts to identify and notify all grandparents, other relatives or fictive kin. The court shall also determine whether or not the department has made reasonable efforts to conduct home studies on any appropriate relatives or fictive kin interested in providing permanency for the child. If the court finds reasonable efforts have not been made to identify and locate relatives or fictive kin or to conduct home studies on relatives or fictive kin, the court shall schedule a permanency review hearing within 60 days to determine whether an appropriate relative or fictive kin placement has been made. If a relative or fictive kin placement is made, the subsequent hearing may be vacated.

D. The court shall hold permanency hearings every 12 months when a child is in the legal custody of PSD.

E. PSD shall provide the resource family of a child and any pre-adoptive parent(s), relative(s) or fictive kin providing care for the child with timely notice of permanency hearings and notice of their right to be heard in permanency hearings and permanency review hearings. The right to be heard does not confer the right to standing as a party to the case.

F. The children's court attorney shall ensure that PSD's report to the court for the permanency hearing documents that PSD has considered out-of state, as well as in-state permanent placements for the child.

G. If the child is in an out-of-state placement at the time of the permanency hearing, the children's court attorney shall request a finding that the out-of-state foster care placement continues to be appropriate and in the child's best interests.

[8.10.7.18 NMAC - Rp, 8.10.7.30 NMAC, 3/31/2010; A, 5/25/2021]

8.10.7.19 DISCHARGE HEARING AND CONTINUED JURISDICTION OF THE COURT:

A. The discharge hearing is the last review or permanency hearing held prior to the youth's eighteenth (18th) birthday at which the court shall review the youth's transition plan (see herein at Paragraph (2) of Subsection F of 8.10.7.15 NMAC) and shall determine whether or not PSD has made reasonable efforts to provide the youth with information and assistance as required in the Children's Code, Section 32A-4-25.3, NMSA 1978 (See youth services program, 8.10.9.17 NMAC).

B. If the court determines reasonable efforts were not made and that termination of jurisdiction would be harmful to the young adult, the court may continue to exercise its jurisdiction for a period not to exceed one (1) year from the youth's eighteenth (18th) birthday. The young adult may consent to continued jurisdiction of the court. The court may dismiss the case at any time after the youth's eighteenth (18th) birthday for good cause.

[8.10.7.19 NMAC - N, 3/31/10]

8.10.7.20 NOTICE AND OPPORTUNITY TO BE HEARD AT REVIEWS:

PSD shall give notice to all parties, the child's guardian ad litem or youth attorney if 14 years or older, the child's court appointed special advocate, the contractor administering the citizen review board, the child's resource family, pre-adoptive parents, or relative or fictive kin caregiver, of the time, place and purpose of any judicial review hearing held pursuant to the Children's Code, Subsections A or B of Section 32A-4-25 NMSA 1978, including hearings held after a termination of parental rights has occurred. Notice to the child's resource family, pre-adoptive parents, or relative or fictive kin caregiver shall include notice of the right to be heard at the review hearing. Such notice does not confer the right to standing as a party to the case.

[8.10.7.20 NMAC - Rp, 8.10.7.31 NMAC, 3/31/2010; A, 5/25/2021]

8.10.7.21 TERMINATION OF PARENTAL RIGHTS:

A. The children's court attorney shall attend the change of plan staffing when PSD is considering recommending to the court that a child's plan be changed to adoption. PSD shall pursue a motion to terminate parental rights within 45 days of the PSD staffing establishing a plan of adoption for the child, or when it is clinically indicated.

B. In the case of a child who has been in foster care 15 of the most recent 22 months, PSD shall pursue a motion to terminate parental rights by the end of the fifteenth (15th) month in foster care, unless the child is being cared for by a relative or fictive kin, or PSD has documented compelling reason(s) for not filing; or PSD has not provided to the family those services deemed necessary for the safe return of the child within the time period in the case plan. PSD calculates the 15 of the most recent 22 month period from the date the child entered foster care, uses a cumulative method of calculation when a child experiences multiple exits from and entries into foster care during the 22 month period, and excludes trial home visits and runaway episodes in calculating the 15 months. If there are compelling reasons for not seeking to terminate parental rights, those reasons shall be documented in the case plan.

[8.10.7.21 NMAC - Rp, 8.10.7.22 NMAC, 3/31/2010; A, 5/25/2021]

8.10.7.22 RELINQUISHMENT OF PARENTAL RIGHTS:

A. Relinquishments may only be taken in furtherance of a plan of adoption, or in cases where a severance of the parent-child relationship is therapeutically necessary for the child's emotional or physical well-being.

B. The children's court attorney shall create a record in the district court that the relinquishment is voluntary, and that no promises were made to the parent, no fraud was involved, that the parent understands the consequences and the finality of the decision, and unless the adoption is open, the court shall not enforce any agreements regarding contact with the child.

C. No one may relinquish parental rights to PSD without PSD's consent.

D. In any case involving an Indian child, the relinquishment shall only be taken in state court if the parent is domiciled off-reservation. Otherwise, the tribal court has exclusive jurisdiction.

(1) PSD shall make a record concerning the parent's domicile prior to the relinquishment being taken.

(2) PSD shall not accept the relinquishment of an Indian child until ten (10) days after the birth of the child.

E. PSD shall not accept the relinquishment of a child within until forty-eight (48) hours after the birth of the child.

F. Unconditional relinquishments are preferred. Conditional relinquishments must be for good cause and approved by the court.

(1) PSD may accept a conditional relinquishment when the relinquishing parent(s) designates an adoptive parent(s) whose homestudy has been approved, or when the relinquishment contemplates the termination of parental rights of the other parent.

(2) PSD shall not accept a conditional relinquishment with the condition that the relinquishing parent shall be a post-adoption contact.

[8.10.7.22 NMAC - Rp, 8.10.7.23 NMAC, 3/31/10]

8.10.7.23 PERMANENT GUARDIANSHIP:

PSD may move the court for an order establishing a permanent guardianship for the child.

[8.10.7.23 NMAC - Rp, 8.10.7.24 NMAC, 3/31/10]

8.10.7.24 MEDICAL NEGLECT:

A. PSD shall respond to reports of medical neglect of children (including instances of withholding of medically indicated treatment from disabled infants with life-threatening conditions) and shall take the necessary legal action to protect those children.

B. The term withholding medically indicated treatment shall not apply in the following circumstances:

(1) the child is chronically and irreversibly comatose;

(2) the provision of such treatment would merely prolong dying or otherwise be futile in terms of the survival of the child; or

(3) the provision of such treatment would be virtually futile in terms of survival of the child and the treatment itself under such circumstances would be inhumane.

C. Nothing in section shall limit existing protection available under state law regarding medical neglect of children over one (1) year of age.

[8.10.7.24 NMAC - Rp, 8.10.7.20 NMAC, 3/31/10]

8.10.7.25 REMOVING CHILD FROM LIFE SUPPORT SYSTEMS:

A. PSD shall seek parental consent to removing a child in PSD custody from life support systems.

B. When parents refuse consent, the children's court attorney shall request an emergency court setting on the issue and give notice to the parents.

C. PSD shall keep the guardian ad litem or youth attorney fully informed and shall seek their concurrence with PSD's recommendation.

[8.10.7.25 NMAC - Rp, 8.10.7.21 NMAC, 3/31/10]

8.10.7.26 MENTAL HEALTH:

Anytime a child in the custody of PSD is in need of placement in a mental health facility, the children's court attorney shall file an appropriate pleading with the district court.

[8.10.7.26 NMAC - Rp, 8.10.7.25 NMAC, 3/31/10]

8.10.7.27 FAMILY IN NEED OF COURT-ORDERED SERVICES:

PSD shall decide when it is appropriate to file a family in need of court-ordered services petition, in accordance with the Children's Code, Section 32A-3B et seq. NMSA 1978. Services to the child or family may be ordered when the child or family has refused services, or appropriate and available services have been exhausted and any of the following circumstances exist:

A. The child, subject to compulsory school attendance, is absent from school without an authorized excuse more than ten days during a school year.

B. The child has been absent from the child's place of residence for twelve hours or more without consent of the parent, guardian or custodian.

C. The child refuses to return home and there is good cause to believe the child will run away from home if forced to return to the parent, guardian or custodian.

D. The child's parent, guardian or custodian refuses to allow the child to return home and a petition alleging neglect of the child is not in the child's best interests.

[8.10.7.27 NMAC - Rp, 8.10.7.26 NMAC, 3/31/10]

8.10.7.28 INDIAN CHILD WELFARE ACT (ICWA):

The Indian Child Welfare Act of 1978 (25 U.S.C. 1901 et seq.), hereinafter referred to as "ICWA", was enacted to protect the best interests of Indian children and preserve tribal integrity by reducing the destruction of Indian culture caused by the removal of children from Indian homes and environments. The ICWA provides that the states and Indian tribes are authorized to enter into agreements with each other respecting care and custody of Indian children.

A. A tribe has exclusive jurisdiction over any child custody proceedings, as defined in 25 U.S.C. 1903, involving a child who resides or is domiciled within the tribe's reservation.

B. If a child is a ward of the tribal court, the tribe retains exclusive jurisdiction even if the child's residence changes to a location off-reservation. PSD acts in an emergency to protect the child, when the child is temporarily off-reservation. PSD shall notify the tribe as soon as possible and facilitates a transfer of the case to the tribe.

C. When a child is domiciled or resides off the reservation, the state and the tribe both have jurisdiction.

D. When an Indian child is the subject of an abuse or neglect, family in need of court ordered services, or adoption action under the New Mexico Children's Code, the tribe may intervene.

E. PSD supports requests to transfer to tribal court absent good cause to the contrary, objection by either parent or declination by the tribal court. Good cause not to transfer the proceeding may exist in any of the following circumstances:

(1) The proceeding was at an advanced stage when the request to transfer was received and the entity making the request did not file the request promptly after receiving notice of the hearing.

(2) The Indian child is over twelve years of age and objects to the transfer.

(3) The evidence necessary to decide the case could not be adequately presented in the tribal court without undue hardship to the parties or the witnesses.

(4) The parents of a child over five years of age are not available and the child has had little or no contact with the child's tribe or members of the child's tribe.

F. PSD shall receive and investigate reports of child abuse or neglect in conformance with ICWA and as outlined in PSD policy on intake and investigations.

G. If a child taken into custody is an Indian child and is alleged to be neglected or abused, PSD shall notify the child's tribe in accordance with ICWA.

H. PSD shall conform to the placement preferences set forth in ICWA and in the Children's Code, Section 32A-4-9 NMSA 1978.

I. PSD shall honor the request of a parent of an Indian child to remain anonymous insofar as it relates to the parent's extended family, as specified by the parent. However, PSD shall tell the parent about the requirement to notify the tribe, and explains to the parent that PSD cannot guarantee anonymity on the part of the tribe.

[8.10.7.28 NMAC - Rp, 8.10.7.27 NMAC, 3/31/10]

8.10.7.29 SPECIAL IMMIGRANT JUVENILE STATUS (SIJS):

A. In those cases in which a child is a foreign national child without legal permanent residency in the United States, and if the permanency plan does not include reunification with at least one parent and PSD does not recommend that the child be returned to the country of origin, PSD shall determine whether the child may be eligible for SIJS under federal law. Under federal law, in addition to legal requirements of being under court jurisdiction and the court making the necessary judicial determination, a child must be in the United States, unmarried and under the age of 21.

B. If the child is eligible for SIJS, PSD shall move the court for a SIJS order containing a judicial determination that the child is deemed unable to reunify with one or both parents due to abuse, neglect or abandonment, and that it is not in the child's best interest to return to the country of nationality or last habitual residence. PSD's motion shall include a statement of the express wishes of the child, as expressed by the child or the child's guardian ad litem or attorney.

C. If it has been determined that it is in the child's best interest to file a petition for SIJS and an application for adjustment of status, then within 60 days after an entry of the SIJS order, PSD shall file a petition for SIJS and an application for adjustment of status on behalf of the child.

D. The court order for SIJS must be filed and accepted by the court prior to the child turning age18.

E. The children's court attorney shall request court jurisdiction and set review hearings pending the granting of SIJS. The children's court attorney shall provide judicial review reports for a child for whom the court has granted the SIJS order, and shall advise the court of the status of the petition and application process concerning the child.

F. The court's jurisdiction terminates upon the final decision of the federal authorities, however the court may not retain jurisdiction of the case after the child's twenty first birthday.

[8.10.7.29 NMAC - Rp, 8.10.7.28 NMAC, 3/31/2010; A, 5/25/2021]

8.10.7.30 CONSULAR NOTIFICATION:

A. Foreign national child: When PSD is given custody of a foreign national child, that is, a child who is not a citizen of the United States, PSD shall notify that child's foreign national consulate in writing, without delay, after obtaining custody. When PSD is given custody of a child who has at least one parent who is a foreign national of any country other than Mexico, PSD shall notify the appropriate foreign consulate except in

cases in which notification may create a risk to the child's safety or may impede the goal of reunification of the child with their family.

B. Mexican national child: When PSD is given custody of a Mexican national child, that is, a child who is a national of Mexico or has at least one parent who is a national of Mexico, PSD shall notify the Mexican consulate without delay.

[8.10.7.30 NMAC - N, 3/31/2010; A, 5/25/2021]

PART 8: PERMANENCY PLANNING

8.10.8.1 ISSUING AGENCY:

Children, Youth and Families Department, Protective Services Division.

[8.10.8.1 NMAC - Rp, 8.10.8.1 NMAC, 09/29/15]

8.10.8.2 SCOPE:

Protective services employees and the general public.

[8.10.8.2 NMAC - Rp, 8.10.8.2 NMAC, 09/29/15]

8.10.8.3 STATUTORY AUTHORITY:

New Mexico Children's Code, Section 32A-1-1, NMSA 1978 (Repl. 2004).

[8.10.8.3 NMAC - Rp, 8.10.8.3 NMAC, 09/29/15]

8.10.8.4 DURATION:

Permanent.

[8.10.8.4 NMAC - Rp, 8.10.8.4 NMAC, 09/29/15]

8.10.8.5 EFFECTIVE DATE:

September 29, 2015, unless a later date is cited at the end of a section.

[8.10.8.5 NMAC - Rp, 8.10.8.5 NMAC, 09/29/15]

8.10.8.6 OBJECTIVE:

To establish parameters for the provision of permanency planning services to children in the custody of CYFD.

[8.10.8.6 NMAC - Rp, 8.10.8.6 NMAC, 09/29/15]

8.10.8.7 DEFINITIONS:

A. "Caregiver" is an adult, parent, guardian or custodian in the household who provides care and supervision for the child.

B. "Case plan" means a plan created jointly with clients for a child, youth, parent, guardian, custodian or respondent that identifies the appropriate services based on the needs identified to achieve the child's or youth's permanency plan and to promote the safety and well-being of each child or youth.

C. "Close proximity" means a location physically close enough to facilitate family visiting, consistent with the best interest and identified needs of the child.

D. "Community home" means a home which operates 24 hours a day and provides full time care, supervision and support to no more than 16 children in a single residential building, and which meets the definition of "group home" as outlined in the Human Services Department Act, Section 9-8-13 NMSA 1978.

E. "Complicating factors" are conditions that make it difficult for a caregiver to create safety for their child, but do not by themselves constitute imminent danger. Refer to the structure decision making manual to review the list of complicating factors protective services workers use in the New Mexico child safety and risk assessment tool.

F. "CYFD" refers to the New Mexico children, youth and families department.

G. "Danger indicators" are conditions resulting in a child being exposed to harm or injury and was placed at risk of harm or injury that could occur immediately. Refer to the structured decision making manual to review the list of ten identified factors protective services workers use in the New Mexico child safety and risk assessment tool.

H. "Early and periodic screening, diagnosis and treatment (EPSDT)," is a medicaid program designed to provide comprehensive and preventive health care services to medicaid-eligible children under age 21.

I. "Family" are caregivers, adults fulfilling the caregiver role, guardians, and others related by ancestry, adoption, or marriage, or as defined by the family or child.

J. "Fictive kin" means a person not related by birth, adoption or marriage with whom the child has an emotionally significant relationship.

K. "Foster child" or "child in foster care" as referred to as "child" herein, means a child who is placed in the care and custody of children, youth and families department

protective services division either under the legal authorization of the Children's Code or through a voluntary placement agreement signed by the parent or legal guardian, or a child who is placed with a licensed child placement agency under the authority of the Child Placement Agency Licensing Act. If the court orders legal custody to a relative, person, facility, or agency other than the children, youth and families department protective services division, the child is not a foster child of protective services division.

L. "Household" are all persons who have significant in-home contact with the child, including those who have a familial or intimate relationship with any person in the home. This may include persons who have an intimate relationship with a caregiver in the household (partner/significant other) but may not physically live in the home, or a relative whom the caregiver allows authority in parenting and caregiving decisions.

M. "Indian child" means any unmarried person who is under age 18 and is either a member of an Indian tribe, or is eligible for membership in an Indian tribe and is the biological child of a member of an Indian tribe.

N. "Maintenance payments" are payments designed to reimburse resource families for the cost of food, clothing, shelter, daily supervision, school supplies, a child's personal incidentals, and reasonable travel required to address the child's needs. Maintenance payments are not considered income.

O. "New Mexico Children's Code" refers to Section 32A-1-1 NMSA 1978.

P. "Needs" may refer to services and supports to address safety and the physical and emotional well-being of the child, parent, guardian, or resource parent. Needs may also include activities that promote the normalcy of the child.

Q. "Parent" as defined in the Children's Code, Subsection Q of Section 32A-1-4 NMSA 1978, includes a biological or adoptive parent if the biological or adoptive parent has a constitutionally protected liberty interest in the care and custody of the child.

R. "Permanency planning" is the systematic process of carrying out, within a time-limited period, a set of goal directed activities designed to help children live in families that offer continuity of relationships with nurturing parents or legal guardians and the opportunity to establish healthy and positive lifetime relationships that are in the best interest of the child or youth.

S. "Protective services division (PSD)" refers to the division within the children, youth and families department, and is the state's designated child welfare agency.

T. "Provider" refers to a person or agency providing services to a PSD client.

U. "PSD custody" means custody of children as a result of an action filed pursuant to the New Mexico Children's Code, 32A-4-1 NMSA 1978 or 32A-3B-1 NMSA 1978.

V. "Relative" means a person related to another person by birth, adoption or marriage within the fifth degree of consanguinity or affinity.

W. "Resource family" refers to a person or entity licensed by CYFD, licensed by another state's child welfare agency, or a licensed child placement agency to provide foster care services including respite, non-relative, relative, or treatment foster care. Resource family includes foster parents as defined by Subsection I of Section 32A-1-4 NMSA and pre-adoptive parents as defined by Subsection U of Section 32A-1-4 NMSA.

X. "Resource family license" is the document which bears the name or names and address or addresses of those who are resource parents for the protective services division or licensed child placement agency. The license displays the ages and number of children in foster care the licensees are authorized to care for and the date such authorization begins and ends. The license shall bear the signature of the authorized person who issued the license.

Y. "Resource parent" is the person named on the license issued by protective services division or a licensed child placement agency who is authorized to care for children in foster care. Resource parent includes foster parents as defined by Subsection I of Section 32A-1-4 NMSA and pre-adoptive parents as defined by Subsection U of Section 32A-1-4 NMSA.

Z. "Safe" is a New Mexico child safety tool decision when no danger indicators have been identified.

AA. "Safe with a plan" is a New Mexico child safety assessment tool decision when one or more danger indicators are present, however, the child can safely remain in the home with a safety plan.

BB. "Safety decision" is based on the presence of danger indicators and safety planning capacities a family possesses that may that offset, mitigate or control the identified danger indicators. Using the New Mexico child safety assessment tool, a child may be assessed to be safe, safe with a plan or unsafe.

CC. "Safety plan" is a detailed strategy that outlines immediate action steps the family and their network will take to help keep the child safe from the identified danger indicators.

DD. "Safety planning capacities" are those assets possessed by the caregiver that reduce or control the identified danger indicators. Refer to the structured decision making manual to review the list of four identified safety planning capacities protective services workers use in the New Mexico child safety and risk assessment tool.

EE. "Sex or human trafficking" consists of a child or youth who may have experienced being recruited, solicited, enticed, harbored, exploited or transported by another person whose intent is to exploit or use force, fraud, manipulation or coercion to subject the child or youth into labor, services or sexual activity.

FF. "Sibling" one of two or more children or offspring having one or both parents in common by birth or adoption.

GG. "Treatment foster care home" is a resource parent licensed by a child placement agency to provide intensive therapeutic support, intervention and treatment for a child who would otherwise require a more restrictive placement.

HH. "Trial home visit" is the period of time, not to exceed six months, in which a child with a plan of reunification resides with their parent or guardian while services are provided to the child and family to address risk factors and ensure safety of the child.

II. "Tribally licensed home" means a resource family home licensed or approved by an Indian tribe or pueblo.

JJ. "Unsafe" is a New Mexico child safety assessment tool decision when one or more danger indicators are present and a safety plan cannot be created.

[8.10.8.7 NMAC - Rp, 8.10.8.7 NMAC, 9/29/2015; A, 5/4/2021]

8.10.8.8 PURPOSE OF PERMANENCY PLANNING SERVICES:

A. The purpose of permanency planning services is to systematically carry out, within a time-limited period, a set of goal-directed activities designed to help children live in families that offer the continuity of relationships with nurturing parents or guardians and the opportunity to establish healthy and positive lifetime relationships.

B. PSD provides permanency planning services to children or youth who come into PSD custody:

(1) through an abuse or neglect petition, voluntary placement outside of the home, or a family in need of court ordered services (FINCOS) case;

(2) as an undocumented immigrant child or youth through an abuse or neglect petition;

(3) as an unaccompanied alien child or youth as provided for and defined by the department of health and human services, administration for children and families, office of refugee resettlement, or division of unaccompanied children services;

(4) as an infant left at a hospital as outlined in the Safe Haven for Infants Act, 24-22-1 NMSA 1978; and

(5) as children returned to the custody of the parent, guardian or custodian subject to any condition or limitations as the court may prescribe including protective supervision of the child by PSD.

[8.10.8.8 NMAC - Rp, 8.10.8.8 NMAC, 9/29/2015; A, 5/4/2021]

8.10.8.9 SAFETY ASSESSMENT IN PERMANENCY PLANNING:

A. The overriding concern throughout the life of a permanency planning case shall be the safety of the child. PSD shall be responsible for the continued assessment of the child's safety until case closure and shall determine:

(1) whether or not the responsibilities for care and protection of the child have been met by the parent, guardian or custodian; and

(2) if the child can safely return home to the parent, guardian or custodian.

B. PSD shall be responsible for assessing the child's safety during visitation with the parent, guardian, custodian or other family members, including the child's current living situation.

[8.10.8.9 NMAC - N, 09/29/15]

8.10.8.10 OUT OF HOME PLACEMENT:

When a child cannot safely remain in their home, PSD shall pursue legal custody of the child. When the court has determined it is contrary to the welfare of the child to remain in their home, PSD is awarded legal custody and the child shall be placed with a licensed resource family to ensure the child's safety and well-being. The placement of a child into foster care shall not be delayed or denied on the basis of the race; ethnicity; creed; color; age; religion; sex or gender; gender identity; gender expression; sexual orientation; marital status or partnership; familial or parental status; pregnancy and breastfeeding or nursing; disability; genetic information; intersex traits; medical condition, including HIV/AIDS; citizenship or immigration status; national origin; tribal affiliation; ancestry; language; political affiliation; military or veteran status; status as a survivor of domestic violence; sexual assault, or stalking; or any other factor unrelated to suitability to parent.

A. Entry into foster care: The child is considered to have entered foster care on the earlier of:

(1) the date of the first judicial finding that the child has been subjected to child abuse or neglect; or

(2) the date that is 60 days after the date on which the child is removed from the home.

B. Relative and relative notification:

(1) PSD shall give preference to relatives when making placement decisions. PSD considers fictive kin for placement if appropriate for best interest placement consideration.

(2) Within 30 days of the child's removal, PSD shall exercise due diligence to identify and notify the following relatives: all adult grandparents, all parents with legal custody of a sibling of the child, and other adult relatives of a child.

(3) When the court adopts a permanency plan other than reunification, and the child is not placed with a relative, PSD shall continue to make reasonable efforts to identify and locate appropriate and willing relatives to become licensed resource parents.

C. Placement types: When the court places a child in the legal custody of PSD, PSD shall be responsible for placing that child with a licensed resource family, which may include, but is not limited to:

(1) relative and non-relative foster care;

(2) treatment foster care;

(3) a licensed facility such as residential treatment center, group home, or emergency shelter; or;

(4) a licensed community home.

D. Indian child placement: PSD shall make active efforts to place an Indian child in accordance with the placement preferences of the Indian Child Welfare Act (ICWA.), which may include placement in tribally licensed homes.

E. Least restrictive environment and proximity of placement:

(1) Children are placed in the least restrictive setting consistent with the assessment of their individual needs.

(2) PSD shall make efforts to place children in close proximity to their home of origin; PSD shall document any reason as to why a child cannot be safely placed in close proximity to their home of origin.

F. Educational continuity: At the initial placement and any placement change thereafter, PSD shall develop plan for transportation for the child to remain in the same

education setting in which the child was enrolled at the time of placement, if reasonable in the child's best interest.

G. Level of care assessment: PSD shall determine level of care within 30 days of entry into custody and every six months thereafter at a minimum. In addition, a determination will be made regarding the appropriateness of applying for social security insurance (SSI) or the developmentally disabled (DD) waiver.

H. Change of placement:

(1) When a child's placement is changed, including a return to the child's home, PSD shall provide written notice to the child's guardian ad litem or attorney, all parties, the child's CASA, the child's resource parents and the court. This notice is required 10 days prior to the placement change, unless an emergency situation requires moving the child prior to the notice. When prior notice is not possible, written notice must be provided to the GAL or attorney, all parties, the CASA, the resource parents, and the court within three days after the placement change has occurred.

(2) Written notice is not required for removal of a child from respite. In respite situations, PSD shall provide verbal notification of the removal to the child's guardian ad litem or attorney.

(3) When a child, through their GAL or attorney, files a motion and requests a court hearing to contest the placement change, PSD shall not change the child's placement pending the results of the court hearing, unless an emergency requires changing the child's placement prior to the hearing.

I. Sibling continuity:

(1) PSD shall make reasonable efforts to place siblings together when possible.

(2) PSD shall document reasons for not placing siblings together, such as when there are safety concerns or placement together is not a viable option.

(3) PSD shall facilitate visitation, as appropriate, between siblings not placed together or siblings who are not placed in PSD custody, including any adult siblings.

[8.10.8.10 NMAC - N, 9/29/2015; A, 5/4/2021]

8.10.8.11 VOLUNTARY PLACEMENTS:

A. No parent may relinquish parental rights to PSD without PSD's consent.

B. When it has been determined to be in the best interest of the child parent, guardian or custodian, PSD may accept legal custody of a child placed voluntarily through a written agreement.

C. No child shall remain in voluntary placement for longer than one hundred eighty consecutive days or for more than one hundred eighty days in any calendar year; provided that a child may remain in voluntary placement up to an additional one hundred eighty consecutive days upon order of the court after the filing of a petition by PSD for extension of voluntary placement, a hearing and a finding that additional voluntary placement is in the best interests of the child.

D. In no event shall a child remain in voluntary placement for a period in excess of three hundred sixty-five days in any two-year period.

E. The PSD director or designee approves all voluntary placement agreements before accepting a voluntary placement.

F If the parent, guardian, or custodian requests PSD to return the child prior to the termination of the voluntary placement agreement, the child is returned within 72 hours of the request unless an abuse or neglect petition is filed concerning that child, and the court enters an order finding abuse or neglect, prior to the expiration of the 72 hours.

G. PSD develops a case plan with all families entering into a voluntary placement agreement.

[8.10.8.11 NMAC - N, 09/29/15]

8.10.8.12 THE PERMANENCY PLAN:

The permanency plan reflects the permanency goal within the child's case plan to be achieved by PSD's intervention with the family. Permanency goals include:

A. Reunification: The goal of reunification is to safely reunify the child to the home of the parent or legal guardian. Reunification is the preferred goal in all cases unless the court finds that aggravated circumstances exist.

B. Adoption: The goal of adoption is to judicially terminate the rights, privileges and duties as between the child and the biological parent, and to judicially establish in another family such rights, privileges and duties as between a child and heir, and the adoptive parent.

C. Permanent guardianship: The goal of permanent guardianship is to establish a court-sanctioned arrangement which vests in a guardian all rights and responsibilities of a parent without terminating the rights of the parent as set forth in the Children's Code, Section 32A-4-32 NMSA 1978.

D. Placement with a fit and willing relative: The goal of placement with a fit and willing relative is to establish a court sanctioned relationship between the child and the child's relative or fictive kin in order to maintain family or family-like relationships to the extent possible, consistent with the best interests of the child.

E. Planned permanent living arrangement: The goal of a planned permanent living arrangement is to establish a court sanctioned arrangement to provide physical and emotional permanency for the child when the court determines this is the most appropriate permanency plan for the child after considering all other permanency plans. Planned permanent living arrangement may only be used for youth over the age of 16.

[8.10.8.12 NMAC - N, 9/29/2015; A, 5/4/2021]

8.10.8.13 CASE PLANNING:

A. As part of the initial case planning process, PSD shall hold an initial assessment planning conference prior to the 10 day custody hearing. An initial assessment plan shall be developed at the assessment planning conference. The initial assessment plan is ordered at the custody hearing and remains in effect until a case plan is ordered at the dispositional hearing.

B. PSD shall develop a case plan to address the identified danger indicators and include plan-directed activities for both the child and parent, guardian or custodian to achieve permanency without the need for the PSD intervention.

C. At a minimum, the case plan shall be re-assessed prior to any court hearing.

D. For youth ages 14 and older, the case plan shall be developed in consultation with the youth and, at the option of the youth, with up to two members of the case planning team who are chosen by the youth and who are not a resource parent of or a caseworker for, the youth. PSD may reject an individual selected by the youth to be a member of the case planning team at any time if PSD has good cause to believe the individual would not act in the best interest of the youth. An individual shall be selected by the youth to be a member of the youth's case planning team, and may be designated to be the youth's advisor and, as necessary, advocate with respect to the application of the reasonable and prudent parent standard to the youth.

E. As part of the youth's case plan, PSD shall provide to the youth the New Mexico foster child and youth bill of rights and the New Mexico foster youth document of responsibilities.

(1) PSD shall provide a document that describes the rights of the child with respect to education, health, visitation, and court participation, the right to be provided with the documents and the right to stay safe and avoid exploitation.

(2) PSD shall obtain a signed acknowledgement that the child has received a copy of those documents and understands those rights and responsibilities; and

(3) PSD shall also provide and adhere to youth the youth grievance process.

F. Other plans within the case plan: As part of the case planning process the following plans shall be incorporated into the case plan as appropriate:

(1) Permanency plan: The permanency plan reflects the permanency goals to be achieved. Every child's case plan shall have a permanency plan, which may change throughout the life of the case.

(2) Transition home plan: A transition home plan shall be submitted to the court prior to or at the initial permanency hearing when the child's plan remains reunification. The plan shall be completed within 90 days of the initial permanency hearing. The plan results in the child being placed with their parent, guardian or custodian on a trial home visit.

(a) As part of the transition home plan, PSD shall set up a trial home visit in which the child resides with their parent, guardian or custodian until it has been determined no safety threats exist to the child and the case can be dismissed. If the trial home visit is unsuccessful, then the child shall be removed from the home of the parent, guardian or custodian and placed in the same or another out of home placement.

(b) A trial home visit normally does not exceed six months in duration.

(c) If a trial home visit exceeds six months in duration, or exceeds a longer time period deemed appropriate by the court, and the child is subsequently returned to foster care, the placement is considered a new placement and procedures must be followed to newly establish title IV-E eligibility.

(3) Life skills plan: PSD shall develop a life skills plan, using the life skills assessment, with youth age 14 or older who are in PSD custody. The life skills plan shall identify the activities, tasks, and services needed for the youth to develop the life skills necessary to safely transition into independent living as an adult, regardless of the youth's permanency plan.

(4) Transition plan: PSD shall begin developing a transition plan with the youth prior to their seventeenth birthday to identify needs, strengths and goals in the areas of safety, housing, education, employment or income, physical health and mental health, local opportunities for mentors and continuing support services. The plan shall identify activities, responsibilities and timeframes to address specified goals. PSD shall present the transition plan to the court at the first hearing scheduled after the youth's seventeenth birthday. The court shall order the transition plan for the

youth. The transition plan approved by the court shall be reviewed at every subsequent review and permanency hearing.

[8.10.8.13 NMAC - N, 9/29/2015; A, 5/4/2021]

8.10.8.14 ADJUDICATION AND DISPOSITION:

A. PSD shall schedule a mandatory pre-adjudicatory meeting prior to the adjudicatory hearing.

B. The adjudicatory hearing shall be held within 60 days after the date of service on the respondent.

C. Prior to the dispositional hearing, PSD shall prepare a pre-dispositional study and report.

D. The dispositional hearing may occur simultaneously with the adjudicatory hearing, but no later than 30 days after the conclusion of the adjudicatory hearing.

E. Resource parents, pre-adoptive parents, relatives or fictive kin providing care to the child shall be given notice and an opportunity to be heard at the dispositional hearing.

[8.10.8.14 NMAC - N, 9/29/2015; A, 5/4/2021]

8.10.8.15 INITIAL JUDICIAL REVIEW, FIRST PERMANENCY HEARING AND SUBSEQUENT HEARINGS:

A. The initial judicial review shall be held within 60 days of the dispositional hearing. PSD shall inform the court of the progress made toward the permanency plan.

B. The initial permanency hearing shall be commenced within six months of the initial judicial review of a child’s dispositional order or within 12 months of a child entering foster care, whichever occurs first.

C. Prior to the initial permanency hearing, PSD shall attend a mandatory meeting with all other parties to mediate issues attendant to the permanency hearing and to develop a case pan that services in the child’s best interest.

D. At the initial permanency hearing and subsequent hearings thereafter, PSD shall document the following:

(1) the efforts made to return the child home;

(2) the steps PSD has taken to ensure the child’s resource family is following the reasonable and prudent parent standard;

(3) the steps PSD has taken to ensure the child has regular, ongoing opportunities to engage in age and developmentally appropriate activities.

E. PSD evaluates the status of each child within six months of the conclusion of the permanency hearing or, if a motion has been filed for termination of parental rights or permanent guardianship, within six months of the decision on that motion, and re-evaluates the status every six months thereafter so long as the child remains in custody. The evaluation includes a determination of the safety of the child, the continuing necessity for and appropriateness of the placement, the extent of compliance with the case plan, and the extent of progress that has been made toward alleviating or mitigating the causes necessitating placement in foster care. The evaluation also projects a likely date by which the child may be returned to and safely maintained in the home or placed for adoption or legal guardianship.

[8.10.8.15 NMAC - N, 9/29/2015; A, 5/4/2021]

8.10.8.16 TERMINATION OF CUSTODY:

PSD's custody of a child shall terminate under the following circumstances:

A. the court dismisses or terminates PSD's custody of a child;

B. a voluntary placement agreement expires;

C. court ordered custody of the child expires;

D. the child reaches the age of 18; or

E. a child in PSD's custody marries or joins the armed forces.

[8.10.8.16 NMAC - Rp, 8.10.8.26 NMAC, 09/29/15]

8.10.8.17 MEDICAL AND BEHAVIORAL HEALTH:

A. Within the first 30 days of PSD custody, the child shall have a complete physical examination or, if medicaid eligible, an early and periodic screening, diagnostic and treatment services (EPSDT). The child shall receive an annual well-child check and dental and eye exam thereafter.

B. In order to support the child through the experience of foster care, in addition to supporting their history of possible trauma, PSD conducts both the crisis assessment tool (CAT) and child and adolescent needs and strengths-trauma (CANS) assessments to better understand the needs of the child and to make appropriate referrals to community providers. Once an abuse and neglect petition has been filed, all children in the case will have a CAT completed by the investigator and filed with the court 24 hours prior to the 10-day hearing. CANS assessments shall be completed by PSD, within 45

days of removal from the home. Children in care shall be reassessed prior to every subsequent court hearing to assess progress in treatment (or within six months, whichever comes first) or to adjust services and supports as results may indicate. CANS shall also be completed whenever any change in behavior is identified, and also after any significant emotional event. CANS shall also be updated upon discharge from CYFD custody.

C. While a child is in the custody of PSD and until parental rights have been terminated, the child's parent, guardian or custodian shall continue to be responsible for the child's medical needs. If support by the parent, guardian or custodian is not available, PSD shall seek to obtain other medical coverage or, if all other possibilities are exhausted, to qualify the child for medicaid through supplemental security income (SSI).

D. If available, PSD shall obtain and keep current the child's immunization records. In any case, where the parent, guardian, or custodian objects to immunizing the child, PSD shall inform the parent, guardian, or legal custodian that they may obtain a waiver from the department of health objecting to the immunizations.

E. PSD shall arrange for behavioral health services for children, parents, guardians or custodians to address identified needs and to move the case planning process along in order for the child to achieve permanency.

F. The use of psychotropic medication is one of several interventions used to address the emotional and behavioral needs of children in PSD custody and is used in concert with other interventions in accordance with the treatment plan. Children are to be free from unnecessary or excessive medication as expressed in the Children's Code 32A-6A-12A (12). PSD shall adhere to internal procedures regarding psychotropic medication (permanency planning procedure 17—mental and behavioral health).

(1) PSD shall ensure each child in PSD custody is not inappropriately medicated while ensuring timely access to medically necessary medication and treatment. Psychotropic medication shall only be prescribed by a person licensed by the State of New Mexico to prescribe psychotropic medications.

(2) PSD must first approve any medication, including medication changes, by consulting with the prescribing provider, parent, guardian or custodian, and their supervisor within seven calendar days of the medication recommendation. Psychotropic medication shall not be prescribed for a child in care unless the prescribed use of the psychotropic medication is for a medically accepted indication that is age-appropriate and its proposed beneficial properties outweigh any risks identified in peer-reviewed medical literature relating to the children's use of the psychotropic medication. Psychosocial interventions shall be the first intervention utilized prior to exploring psychotropic medication. PSD shall inquire about the most appropriate use of medication, dosage and ongoing monitoring. PSD must monitor

medication success and impacts on the child. PSD may seek a second opinion from a licensed prescriber if there are concerns regarding the recommended medication.

(3) Depending on the age of the child, type of medication and the number of medications prescribed, PSD shall request a higher level of monitoring and consultation with a PSD staff person or contracted provider licensed by the State of New Mexico to prescribe psychotropic medications to review the child's medications. This secondary review is to ensure medication is not misused as a primary response to trauma-related behaviors and to evaluate the effectiveness of the medication on the child's wellbeing and quality of life. The review in consultation with the PSD contracted provider licensed by the State of New Mexico will include a review of the polypharmacy, dosage and frequency for all prescribed medication, adverse side-effects and the use of any atypical antipsychotics.

(4) PSD shall document medication prescribed to the child in the case management system and in every court report. PSD must report any medications or changes in medications, impact and side effects to the court.

(5) PSD shall monitor any trends in psychotropic medications in relation to children in PSD care and appropriate PSD staff will provide training, consultation or other response depending on the trends identified.

(6) PSD shall be responsible for regularly assessing the impact the medication has on the child. PSD shall participate in medication management meetings with the child's treatment team. The meetings may occur with the prescribing physician at least monthly if the child is in treatment foster care or a residential treatment center or as recommended by the prescriber.

(7) CYFD shall consult with other state agencies to provide CYFD with information, training, data and support to monitor psychotropic medication trends and outliers.

[8.10.8.17 NMAC - N, 9/29/2015; A, 5/4/2021]

8.10.8.18 EDUCATION:

A. PSD shall develop a plan for transportation with the resource family and child, if age appropriate, in order for the child to remain in the same education setting in which the child was enrolled at the time of placement, if reasonable and in the child's best interest.

B. PSD shall work with the child's school to identify the child's educational needs and the need for an individualized education plan (IEP) and if appropriate, assist in the development of the IEP. For children with an IEP, the PSD worker shall assist the child and the child's school in implementing the IEP.

C. For children in eighth grade and older, PSD shall request and review the child's next step plan and actively participate in updating the plan each year with the child to prepare post-secondary educational goals.

D. An educational decision maker shall be appointed for every child in PSD custody. The educational decision maker shall be named prior to the custody hearing and shall be re-evaluated at every hearing thereafter.

[8.10.8.18 NMAC - N, 9/29/2015; A, 5/4/2021]

8.10.8.19 VISITATION:

A. Family visits: PSD shall arrange for visitation between the child and their family or fictive kin as appropriate.

B. Sibling visits: PSD shall arrange for and facilitate visitation, as appropriate, between children in PSD custody and their siblings who are either in PSD custody, but not in same out of home placement, or siblings who are not in PSD custody including adult siblings.

C. Worker-child visits: PSD shall visit each child at least monthly in the child's placement to assess the placement for appropriateness in meeting the child's safety, emotional and well-being needs.

D. Worker-parent visits: PSD shall arrange for visits at least monthly with the parent, guardian or custodian to share information about the child and discuss case plan progress.

[8.10.8.19 NMAC - Rp, 8.10.8.22 NMAC, 9/29/2015; 5/4/2021]

8.10.8.20 OUT-OF-STATE PLACEMENTS OF FOSTER CHILDREN:

PSD shall visit each child in an out-of-state placement in that placement at least every six months. PSD, in accordance with the Interstate Compact for the Placement of Children (ICPC), shall request other receiving state child welfare agencies to visit the child in their placement monthly and provide PSD with reports on those visits.

[8.10.8.20 NMAC - Rp, 8.10.8.14 NMAC, 9/29/2015; A, 5/4/2021]

8.10.8.21 INTERSTATE COMPACT FOR THE PLACEMENT OF CHILDREN (ICPC):

A. PSD may place children in custody in licensed out-of-state placements, and may accept children in the custody of another state for placement in New Mexico in accordance with the Interstate Compact for the Placement of Children (ICPC).

B. CYFD has no authority to license resource families in other states.

[8.10.8.21 NMAC - Rp, 8.10.8.27 NMAC, 9/29/2015; 5/4/2021]

8.10.8.22 SPECIAL IMMIGRANT JUVENILE STATUS (SIJS):

If a child is a foreign national child without legal permanent residency in the United States, PSD shall apply to the department of homeland security's (DHS) citizen and immigration services (USCIS) to obtain "special immigrant juvenile status" for the child.

A. In those cases in which a child is a foreign national child without legal permanent residency in the United States, and if the permanency plan does not include reunification with at least one parent and PSD does not recommend that the child be returned to the country of origin, PSD shall determine whether the child may be eligible for SIJS under federal law. Under federal law, in addition to legal requirements of being under court jurisdiction and the court making the necessary judicial determination, a child must be in the United States, unmarried and under the age of 21.

B. If the child is eligible for SIJS, PSD shall move the court for a SIJS order containing a judicial determination that the child is deemed unable to reunify with one or both parents due to abuse, neglect or abandonment, and that it is not in the child's best interest to return to the country of nationality or last habitual residence. PSD's motion shall include a statement of the express wishes of the child, as expressed by the child or the child's guardian ad litem or attorney.

C. If it has been determined that it is in the child's best interest to file a petition for SIJS and an application for adjustment of status, then within 60 days after an entry of the SIJS order, PSD shall file a petition for SIJS and an application for adjustment of status on behalf of the child.

D. The court order for SIJS must be filed and accepted by the court prior to the child turning age 18.

E. The children's court attorney shall request court jurisdiction and set review hearings pending the granting of SIJS. The children's court attorney shall provide judicial review reports for a child for whom the court has granted the SIJS order, and shall advise the court of the status of the petition and application process concerning the child.

F. The court's jurisdiction terminates upon the final decision of the federal authorities, however the court may not retain jurisdiction of the case after the child's twenty-first birthday.

[8.10.8.22 NMAC - N, 9/29/2015; A, 5/4/2021]

8.10.8.23 CONSULAR NOTIFICATION:

A. Foreign national children: When PSD is given custody of a foreign national child, that is, a child who is not a citizen of the United States, PSD shall notify that child's foreign national consulate in writing without delay after obtaining custody. When PSD is given custody of a child who has at least one parent who is a foreign national of any country other than Mexico, PSD shall notify the appropriate foreign consulate except in cases in which notification may create a risk to the child's safety or may impede the goal of reunification of the child with their family.

B. Mexican national children: When PSD is given custody of a Mexican national child, that is, a child who is a national of Mexico or has at least one parent who is a national of Mexico, PSD shall notify the Mexican consulate without delay.

[8.10.8.23 NMAC - N, 9/29/2015; A, 5/4/2021]

8.10.8.24 PREVENTING, IDENTIFYING AND REPORTING SEX AND HUMAN TRAFFICKING AND REPORTING RUNAWAYS:

A. PSD shall identify, document, and determine appropriate services for children or youth who have disclosed or who may be at risk of being the victim of human trafficking.

B. PSD shall immediately, but no later than 24 hours, notify law enforcement of children or youth who PSD has identified as victims of sex or human trafficking.

C. PSD shall make reasonable efforts to locate children or youth missing from foster care, including determining the factors that led to the child or youth being absent from foster care. PSD shall also assess the child or youth's experience while absent from foster care, including whether the child or youth is a victim of sex or human trafficking.

D. PSD shall report immediately, but no later than 24 hours, after receiving information on missing or abducted children or youth to law enforcement authorities for entry into national crime information center (NCIC) database of the federal bureau of investigation.

E. PSD shall report immediately, but no later than 24 hours, after receiving information on missing or abducted children or youth to the national center for missing and exploited children.

[8.10.8.24 NMAC - N, 9/29/2015; A, 5/4/2021]

8.10.8.25 INCIDENTS INVOLVING CHILDREN IN CUSTODY:

A. Incidents in foster care may refer to a broad spectrum of events which may include, but are not limited to, reports of:

(1) alleged policy or procedures violations by resource parents, including resource parents failure to comply with case plans or safety plan requirements;

(2) alleged violations of the New Mexico foster child and youth bill of rights or the New Mexico foster youth document of responsibilities;

(3) serious illness or accidental injury of a child in foster care; or

(4) resource parent reporting concerns related to parent-child or sibling visitation; or

(5) child in care running away.

B. Incidents in foster care shall not include reports of alleged abuse or neglect. Reports of alleged abuse or neglect are called in to statewide central intake (SCI) and if warranted, assigned for PSD investigation.

[8.10.8.25 NMAC - N, 9/29/2015; A, 5/4/2021]

8.10.8.26 TITLE IV-E AND MEDICAID ELIGIBILITY:

PSD shall determine funding eligibility for each child in PSD custody.

[8.10.8.26 NMAC - N, 09/29/15]

8.10.8.27 MAINTENANCE PAYMENTS AND INCIDENTALS:

A. Resource families are reimbursed for the care provided to children at rates established by the state legislature.

B. Requests from resource families for reimbursements for pre-approved purchases must be submitted within 45 days of the expenditure.

C. PSD is not liable and shall not reimburse any person for any loss or property damage, real or personal, in excess of $25,000, that is shown to be caused by a child in PSD custody.

[8.10.8.27 NMAC - N, 9/29/2015; A, 5/4/2021]

8.10.8.28 FINANCIAL RESPONSIBILITY:

Until parental rights have been terminated, the child’s parents continue to be financially responsible for the child. PSD establishes a children’s maintenance account for children in PSD custody who receive monetary benefits. Resources received on behalf of the child are used to reimburse PSD for the child’s care and to meet the needs of the child.

[8.10.8.28 NMAC - Rp, 8.10.8.15 NMAC, 9/29/15]

8.10.8.29 COURT APPOINTED SPECIAL ADVOCATE (CASA) AND SUBSTITUTE CARE ADVISORY COUNCIL (SCAC):

A. If the court has appointed a CASA, PSD shall involve and inform the CASA as required by the Children's Code.

B. PSD refers each child in custody to the SCAC as required by the New Mexico Children's Code. The SCAC provides the resource parent or relative providing care for the child with timely notice of and an opportunity to be heard before the SCAC. The notice and opportunity to be heard do not include the right to standing as a party in the case.

[8.10.8.29 NMAC - Rp, 8.10.8.25 NMAC, 9/29/2015; A, 5/4/2021]

8.10.8.30 CHILD PROTECTIVE SERVICES CHILD CARE:

A. PSD provides child protective services childcare as one part of a case for children and families receiving services to address child maltreatment safety and risk factors.

B. The purpose of protective services childcare is:

(1) to enable parents, guardians or custodians to participate in activities which are part of the comprehensive treatment plan;

(2) to enable resource parents to maintain employment, obtain job training and attend educational programs while children are in placement in the home; and

(3) to provide childcare as crisis intervention for those families who lack other resources, are at risk of child maltreatment, and unable to provide adequate care for their child.

C. PSD provides childcare:

(1) without regard to income eligibility;

(2) depending on the assessment of need for the child and family or resource family; and

(3) as appropriate and to maintain stability of a placement.

D. PSD arranges for childcare by providers who meet the requirements established by and who are licensed or certified by the New Mexico early childhood education and care department.

E. The child's worker determines an appropriate childcare provider in cooperation with the child's family or resource family.

F. PSD follows the service standards and payment rates for childcare that are established by the New Mexico early childhood education and care department.

G. PSD arranges child protective services childcare from any of the following approved provider types:

(1) licensed family child care;

(2) certified family child care; and

(3) licensed childcare center.

[8.10.8.30 NMAC - N, 9/29/2015; A, 5/4/2021]

8.10.8.31 DOCUMENTATION AND CONFIDENTIALITY:

A. Documentation: PSD shall maintain the case record, which consists of both the electronic record and the paper case record. The case record is a working tool and shall contain all documents necessary for the provision of services.

B. Confidentiality: All PSD staff and CYFD contractors shall maintain confidentiality of records and information in accordance with the laws and regulations that apply to specific services.

(1) Abuse and neglect records: Abuse and neglect records are confidential pursuant to the New Mexico Children's Code Subsection A of Section 32A-4-33 NMSA 1978. The name and information regarding the reporting party shall not be disclosed absent the consent of the reporting party or a court order.

(2) Foster care and adoption records: Under CYFD's general rulemaking authority Section 9-2A-7 NMSA 1978, the confidentiality provisions of the Children's Code, Sections 32A-3B-22 and 32A-4-33 NMSA 1978, the specific authority related to certification of foster homes, Subsection (D) of Section 40-7-4 and the Adoption Act, Sections 32A-5-6 and 32A-5-8 NMSA 1978, all client case records and client identifying information including resource and adoptive families, and applicant files are confidential and may not be publicly disclosed. PSD may release such files only upon a valid court order provided that confidential criminal and abuse and neglect information may not be released, unless a court order specifically orders such a release.

(3) Records related to an adoption proceeding: Records related to an adoption proceeding are confidential pursuant to the Children's Code, Section 32A-5-8 NMSA 1978. Post decree adoption records: Guidance on obtaining access of post decree adoption records by an adult adoptee, biological parent of an adult adoptee,

sibling of an adoptee, or adoptive parent of a minor adoptee is outlined in the Adoption Act Regulations, Subsection C of 8.26.3.41 NMAC.

(4) Social security administration electronic records: Any information obtained through the social security administration (SSA) data system, ISD2, either directly or from another individual with access to the ISD2, is confidential. Improper access, use or disclosure of ISD information is a violation of the Privacy Act of 1974 (5 U.S.C. Section 552a, Public Law No 93-579), and could result in civil and criminal sanctions pursuant to applicable federal statutes. When a PSD becomes aware of a loss or suspected loss of any file containing ISD information (whether a hard copy file, or on a laptop, removable drive, etc.), PSD shall notify CYFD office of the general counsel (OGC) within one hour of the discovery of the loss.

[8.10.8.31 NMAC - Rp, 8.10.8.28 NMAC, 9/29/2015; A, 5/4/2021]

PART 9: YOUTH SERVICES

8.10.9.1 ISSUING AGENCY:

Children, Youth and Families Department (CYFD), Protective Services Division (PSD).

[8.10.9.1 NMAC - Rp, 8.10.9.1 NMAC, 3/31/10]

8.10.9.2 SCOPE:

PSD employees and the general public.

[8.10.9.2 NMAC - Rp, 8.10.9.2 NMAC, 3/31/10]

8.10.9.3 STATUTORY AUTHORITY:

Children, Youth and Families Department Act, 9-2A-7 D, NMSA 1978; New Mexico Children's Code, Section 32A-1-1, NMSA 1978 (Cum. Supp. 2009).

[8.10.9.3 NMAC - Rp, 8.10.9.3 NMAC, 3/31/10]

8.10.9.4 DURATION:

Permanent.

[8.10.9.4 NMAC - Rp, 8.10.9.4 NMAC, 3/31/10]

8.10.9.5 EFFECTIVE DATE:

March 31, 2010, unless a later date is cited at the end of a section.

[8.10.9.5 NMAC - Rp, 8.10.9.5 NMAC, 3/31/10]

8.10.9.6 OBJECTIVE:

To establish standards and practices for the provision of services to older youth aged 14 or older in protective services division custody who are likely to age out of foster care at age 18, youth who have aged out from foster care at age 18, and youth who were adopted from foster care after the age of 16; to promote the safety of the youth, promote positive youth development; and assist the youth in successfully transitioning into adult living.

[8.10.9.6 NMAC - Rp, 8.10.9.6 NMAC, 3/31/10; A, 9/29/15]

8.10.9.7 DEFINITIONS:

A. "Case plan" means a plan created jointly with clients for a child, youth, parent, guardian, custodian or respondent that identifies the appropriate services based on the needs identified to achieve the child's or youth's permanency plan and to promote the safety and well-being of each child or youth.

B. "Chafee Act" refers to the John H. Chafee Foster Care Independence Act of 1999, which allows states to provide services and funds to youth likely to age out of foster care, youth adopted after the age of 16 from the foster care system, and youth who have aged out of foster care at the age of 18.

C. "Discharge hearing" is a hearing required by the New Mexico Children's Code, Section 32A-4-25.3 NMSA 1978, which takes place at the last judicial review or permanency hearing held prior to the youth's 18th birthday. At the discharge hearing the court reviews the youth's transition plan and determines whether or not PSD has made reasonable efforts to meet the requirements outlined in the New Mexico Children's Code, Section 32A-4-25.3(B) NMSA 1978. (See herein at 8.10.9.17 NMAC)

D. "Education and training voucher (ETV) program" is a Chafee Act program that provides financial assistance to eligible youth who are enrolled in an accredited post-secondary educational setting.

E. "FACTS" is the family automated client tracking system, PSD's information management system.

F. "Fictive kin" is a person not related by birth or marriage who has an emotionally significant relationship with the child.

G. "Foster care provider" refers to a person or entity licensed by CYFD, licensed by another state's child welfare agency, or a licensed child placement agency to provide foster care services including respite, non-relative, relative, or treatment foster care.

H. "Leaders uniting voices youth advocates of New Mexico" or "LUVYANM" is a non-governmental youth advocacy and advisory board composed of youth from around the state that represent current and former foster care youth. The board evaluates policies and practices of the child welfare system and advocates for system improvements. LUVYANM educates other youth, resource families, child welfare workers and the general public on issues related to youth in foster care.

I. "Life skills" are the skills that a youth must develop to safely transition into adulthood, as identified in the independent living assessment discussed herein at 8.10.9.10 NMAC.

J. "National youth transition database (NYTD)" is a database, required by the Chafee Act. It tracks and reports on both services provided to and outcomes for older youth.

K. "Permanency planning worker (PPW)" has primary responsibility for youth in custody and works in collaboration with the youth transition specialist (YTS) (herein defined at Subsection T of 8.10.9.7 NMAC) to promote the safety, permanency and well-being for the youth, promote positive youth development, and assist the youth in successfully transitioning into adult living.

L. "Planned permanent living arrangement (PPLA)" is a permanency plan established by the court for a youth in PSD custody who is age 16 or older once reunification, adoption, permanency guardianship and placement with a fit and willing relative have been ruled out.

M. "Positive youth development" is a set of practices in working with youth to provide the necessary supports as they build their capacities and strengths to meet their personal and social needs. Youth are viewed as partners in working toward a successful transition to adulthood.

N. "PSD" refers to the protective services division of the children, youth and families department, and is the state's designated child welfare agency.

O. "PSD custody" means custody of children as a result of an action filed under the New Mexico Children's Code, Sections 32A-4-1 or 32A-3B-1 NMSA 1978.

P. "Start-up funds" are funds available through the Chafee Act to assist eligible youth in purchasing the household items and services needed to establish a home or to support the youth's transition into adulthood.

Q. "Sex or human trafficking" consists of a child or youth who may have experienced being recruited, solicited, enticed, harbored, exploited or transported by another person whose intent is to exploit or use force, fraud, manipulation or coercion to subject the child or youth into labor, services or sexual activity.

R. "Transition plan" refers to the plan developed with the youth prior to the youth's 17th birthday to identify a youth's needs, strengths and goals in the areas of safety, housing, education, employment or income, physical and mental health, local opportunities for mentors and continuing support services.

S. "Youth" for the purposes of 8.10.9 NMAC, means youth age 14 and older in the legal custody of PSD through and abuse and neglect petition or family in need of services petition filed under the New Mexico Children's Code, Sections 32A-4-1 or 32A-3B-1 NMSA 1978.

T. "Youth services" means any independent living or transition service arranged or provided by a YTS (in collaboration with permanency planning services) to a youth in custody, a youth who has aged out of foster care at age 18, or a youth who was adopted after the age of 16 in order to promote the safety of the youth, promote positive youth development, and assist the youth in successfully transitioning into adult living.

U. "Youth transition specialist (YTS)" is a PSD worker who works in conjunction with the PPW with regard to all youth in custody age 14 or older, including youth age 18 who remain under the jurisdiction of the court, and youth who were adopted at age 16 and older. The YTS has primary responsibility for youth who have aged out of foster care at age 18 and are working with PSD on a voluntary basis.

[8.10.9.7 NMAC - Rp, 8.10.9.7 NMAC, 3/31/10; A, 9/29/15]

8.10.9.8 PURPOSE OF YOUTH SERVICES:

A. Youth services shall:

(1) assist youth in successfully transitioning into adult living;

(2) promote self-sufficiency;

(3) promote the safety, permanency and well-being of youth;

(4) promote positive youth development; and

(5) promote relationships with mentors and other supportive adults.

B. Youth services shall be provided to youth in custody, youth who have aged out of foster at age 18, and youth who were adopted from foster care after the age of 16.

[8.10.9.8 NMAC - N, 3/31/10; A, 9/29/15]

8.10.9.9 ELIGIBILITY FOR YOUTH SERVICES:

A. Youth services shall be provided to all youth in the custody of PSD through an abuse or neglect petition, or a family in need of court ordered services petition, including youth in residential treatment or incarcerated youth, runaway youth and youth with a partial or complete developmental, emotional or physical disability.

B. Eligibility requirements according are specific to services components within the youth services program. See 8.10.9.18-21 NMAC herein for eligibility requirements related to the specific service components.

[8.10.9.9 NMAC - N, 3/31/10; A, 9/29/15]

8.10.9.10 INDEPENDENT LIVING ASSESSMENT:

A. All youth age 14 and older in PSD custody shall complete the initial independent living assessment (IL assessment) with his or her PPW.

B. The initial IL assessment consists of two components:

(1) the Casey life skills assessment; and

(2) a current psychosocial history focused on the youth's strengths and goals.

C. The PPW shall prepare a written summary of the IL assessment. A copy of the IL assessment and summary are provide to the youth and his or her foster care provider.

D. A re-assessment shall be conducted every 18 months until the youth is dismissed from custody or ages out of foster care. The PPW may conduct or a youth may request a re-assessment at any time.

E. PSD shall complete a screening to determine whether a referral for adult protective services shall be warranted for youth age 16 and older.

[8.10.9.10 NMAC - N, 3/31/10; A, 09/29/15]

8.10.9.11 LIFE SKILLS PLAN:

The life skills plan shall be developed to assist the youth in successful transition to adulthood by establishing goals and addressing strengths and needs as a result of the IL assessment.

A. The life skills plan shall be included as part of the case plan for each youth aged 14 and older in PSD custody. PSD shall present the life skills plan to the court prior to the first hearing after the youth's 14th birthday and every subsequent hearing, regardless of the youth's permanency plan. The case plan shall be developed using the result of the IL assessment and in consultation with the youth, and at the option of the youth, with up to two members of the case planning team who are chosen by the youth

and who are not a foster parent of, or a caseworker for the youth. PSD may reject an individual selected by the youth to be a member of the case planning team at any time PSD has good cause to believe that individual would not act in the best interest of the youth. An individual selected by the youth to be a member of the youth's case planning team may be designated to be the youth's advisor, and as necessary, the youth's advocate with respect to the application of the reasonable and prudent parent standard to the youth. The PPW shall also solicit input from the YTS, the youth attorney, and the youth's foster care provider.

B. The life skills plan shall identify the activities, tasks, and services needed for the youth to develop the life skills necessary to safely transition into independent living as an adult regardless of whether the youth is reunified. The plan shall contain specific time frames and responsibilities for each activity included.

C. The plan shall be included in the youth's case plan and is reviewed by the court at every judicial review or permanency hearing.

[8.10.9.11 NMAC - N, 3/31/10; A, 9/29/15]

8.10.9.12 LIFE SKILLS DEVELOPMENT:

A. Life skills development shall be required for all youth in PSD custody regardless of permanency plan beginning no later than age 14. Life skills development is an individualized process of learning the knowledge and skills necessary to be successful in living as an adult. It may include, but is not limited to group learning, taking advantage of teachable moments, individual practice with out-of-home providers, and use of community resources.

B. The YTS shall assist each youth age 14 and older in obtaining a copy of his or her credit report at no cost to the youth. This process shall be completed on an annual basis until the youth is discharged from foster care.

[8.10.9.12 NMAC - N, 3/31/10; A, 9/29/15]

8.10.9.13 TRANSITION SUPPORT SERVICES:

Transition support services shall be provided by or arranged by the YTS for the purpose of preparing and assisting youth in their transition to adulthood. Services begin at the preparation for the transition meeting and may continue until the youth turns 21 years of age. Youth in PSD custody shall be eligible for transition support services. Youth who have aged out of foster care at age 18 and youth 18 and 21 years of age who were adopted after the age of 16 may request transition support services.

[8.10.9.13 NMAC - N, 3/31/10; A, 9/29/15]

8.10.9.14 YOUTH LEADERSHIP SKILLS:

PSD shall identify opportunities for youth in PSD custody to develop leadership skills including, but not limited to membership in LUVYANM, participation in the annual independent living youth conference, training and public speaking. Youth who have aged out of foster care at age 18, and youth who were adopted after the age of 16 may request to participate in youth leadership skills development opportunities.

[8.10.9.14 NMAC - N, 3/31/10; A, 9/29/15]

8.10.9.15 YOUTH TRANSITION MEETING (YTM):

Pursuant to the New Mexico Children's Code, Section 32A-4-25.2.A NMSA 1978, PSD shall conduct a transition meeting for each youth in custody prior to the youth's 17th birthday. The meeting shall include the youth, the YTS, the PPW and the youth attorney. The youth may choose to invite other participants, such as biological family members or foster care providers. The purpose of the meeting is to develop the youth's transition plan. (See 8.10.9.16 NMAC below.)

[8.10.9.15 NMAC - N, 3/31/10; A, 9/29/15]

8.10.9.16 TRANSITION PLAN:

A. Pursuant to the New Mexico Children's Code, Section 32A-4-25.2 A, B and C NMSA 1978, a written individualized transition plan shall be developed collaboratively with the participants present at the YTM.

B. The transition plan shall identify a youth's needs, strengths and goals in the areas of safety, housing, education, employment or income, health and mental health, local opportunities for mentors and continuing support services. The plan shall identify activities, responsibilities and timeframes to address the goals specified in the transition plan.

C. Pursuant to the New Mexico Children's Code, Section 32A-4-25.2 B and C NMSA 1978, PSD shall present the transition plan to the court at the first hearing scheduled after the child's 17th birthday. The court shall order the transition plan for the child. The transition plan approved by the court shall be reviewed at every subsequent review and permanency hearing.

D. The YTS shall review and update the youth's transition plan with the youth at least once, one month prior to the youth's 18th birthday.

[8.10.9.16 NMAC - Rp, 8.10.9.11 NMAC, 3/31/10; A, 9/29/15]

8.10.9.17 DISCHARGE HEARING:

A. Pursuant to the New Mexico Children's Code, Section 32A-4-25.3 NMSA 1978, at the last judicial review or permanency hearing held prior to the youth's 18th birthday, the court shall conduct the youth's discharge hearing.

B. At the discharge hearing the court shall review the youth's transition plan and determines whether or not the PSD has made reasonable efforts to:

(1) provide the youth with written information concerning the youth's family history, the whereabouts of any sibling, if appropriate, and education and health records;

(2) provide the youth with his or her health insurance information, medical, education and health records;

(3) provide the youth with his or her social security card, certified birth certificate, driver's license or state-issued identification card, death certificate of a parent and proof of citizenship or residence;

(4) assist the youth in obtaining medicaid, unless the youth is ineligible; and

(5) refer the youth for guardianship or limited guardianship if the youth is incapacitated.

C. If the court finds that PSD has not made reasonable efforts regarding all of the requirements in Paragraphs (1) - (5) of Subsection B of 8.10.9.17 NMAC above, and that termination of jurisdiction would be harmful to the young adult, the court may continue to exercise its jurisdiction for up to one year after the youth's 18th birthday, provided the youth consents.

[8.10.9.17 NMAC - N, 3/31/10; A, 9/29/15]

8.10.9.18 INDEPENDENT LIVING PLACEMENT STATUS (ILPS):

Independent living placement status allows an eligible youth to become his or her own vendor to receive monthly maintenance payments. The maintenance payment allows the youth to live as a boarder with a foster parent or to live independently with limited PSD supervision regarding safety and appropriate use of funds.

A. A youth age 18 up to age 21 who has aged out of foster care at age 18 may be eligible for an independent living placement as determined by the YTS with supervisory approval.

B. With the approval of the regional manager and the youth services bureau chief, a youth age 17 in PSD custody may be eligible for ILPS, with the monthly maintenance payment provided with state general funds.

C. To assess whether ILPS is appropriate for a youth age 17, the PPW shall review the IL assessment and all other relevant information and determine whether:

(1) the youth has the basic skills necessary to safely live independently; and

(2) sufficient supports are available to the youth while living independently.

D. The PPW shall prepare a memorandum for decision to the regional manager and youth services bureau chief about whether ILPS is appropriate for a youth age 17, discussing the IL skills assessment and describing the housing the youth will secure.

E. Eligibility for ILPS is reassessed on a continuing basis and may be revoked at PSD's discretion.

F. Under no circumstance, may a youth in custody on runaway status simultaneously be on ILPS.

[8.10.9.18 NMAC - Rp, 8.10.9.13 NMAC, 3/31/10; A, 9/29/15]

8.10.9.19 START-UP FUNDS:

Start-up funds shall be available for eligible youth to assist them in purchasing household items or services needed to establish a home or to further independence. Expenses which are eligible for the use of start-up funds are determined according to the standards of the Chafee Act.

[8.10.9.19 NMAC - Rp, 8.10.9.14 NMAC, 3/31/10; A, 9/29/15]

8.10.9.20 EDUCATION AND TRAINING VOUCHERS (ETV):

ETV funds shall be available to eligible youth to assist them in obtaining post-secondary education or vocational training. ETV may not cover expenses already paid by scholarships, grants, loans, work study, etc. Receipt of ETV funds shall not affect a student's eligibility for other federal assistance. ETV funds shall be paid to the provider and shall not be distributed through personal checks payable to the youth. The assigned YTS shall assist the youth in filling out the necessary application and gathering the appropriate supporting documentation.

[8.10.9.20 NMAC - Rp, 8.10.9.15 NMAC, 3/31/10]

8.10.9.21 MEDICAID:

Youth age 18 up to 26 who were in foster care and enrolled in medicaid on their 18th birthday shall be eligible for medicaid according to the provisions of the Affordable Care Act. Before the youth's 18th birthday, or upon the youth's request for medicaid benefits,

the youth shall complete and sign the application for medicaid. The youth shall complete a new application and submit it to the YTS each year thereafter.

[8.10.9.21 NMAC - Rp, 8.10.9.16 NMAC, 3/31/10; A, 9/29/15]

8.10.9.22 PREVENTING, IDENTIFYING AND REPORTING SEX AND HUMAN TRAFFICKING AND REPORTING RUNAWAYS:

A. PSD shall identify, document, and determine appropriate services for children or youth who have disclosed or who may be at risk of being the victim of human trafficking.

B. PSD shall immediately, but not later than 24 hours, notify law enforcement of children or youth who PSD has identified as victims of sex or human trafficking.

C. PSD shall make reasonable efforts to locate children or youth missing from foster care, including determining factors that led to the child or youth being absent from foster care and assessing the child or youth's experience while absent from foster care, including whether the child or youth is a victim of sex or human trafficking.

D. PSD shall report immediately, but no later than 24 hours, after receiving information on missing or abducted children or youth to law enforcement authorities for entry into national crime information center (NCIC) database of the federal bureau of investigation.

E. PSD shall report immediately, but no later than 24 hours, after receiving information on missing or abducted children or youth to the national center for missing and exploited children.

[8.10.9.22 NMAC - N, 9/29/15]

8.10.9.23 NATIONAL YOUTH IN TRANSITION DATATBASE (NYTD):

NYTD is a database required by the federal Chafee Act which tracks and reports on services provided to and outcomes for older youth. To ensure that data is accurately maintained for purposes of meeting NYTD requirements, the PPW shall update medical and education information in FACTS. Both the PPW and YTS shall document all services provided to the youth. The YTS shall work with the youth to complete the NYTD survey within 45 days of the youth's 17th birthday and at ages 19 and 21.

[8.10.9.23 NMAC - Rp, 8.10.9.22 NMAC, 9/29/15]

CHAPTER 11: ADULT PROTECTIVE SERVICES

PART 1: GENERAL PROVISIONS [RESERVED]

PART 2: [RESERVED]

PART 3: ADULT PROTECTIVE SERVICES INVESTIGATIONS

8.11.3.1 ISSUING AGENCY:

Aging and Long-Term Services Department, Adult Protective Services Division.

[8.11.3.1 NMAC - Rp, 8.11.3.1 NMAC, 6/1/2010]

8.11.3.2 SCOPE:

Adult protective services employees and the general public.

[8.11.3.2 NMAC - Rp, 8.11.3.2 NMAC, 6/1/2010]

8.11.3.3 STATUTORY AUTHORITY:

Adult Protective Services Act, Section 27-7-1 et seq. NMSA 1978, as amended; Public Health Act, Section 24-1-5L, as amended; Employee Abuse Registry Act, Section 27-7A-1 et seq. NMSA 2005; Uniform Health-Care Decisions Act, Section 27-7A-1 et seq. NMSA 1995, as amended; Residential Abuse and Neglect Act, Section 30-47-1 et seq. NMSA 1990, as amended; Aging and Long-Term Services Department Act, Section 9-23-1 et seq.

[8.11.3.3 NMAC - Rp, 8.11.3.3 NMAC, 6/1/2010]

8.11.3.4 DURATION:

Permanent.

[8.11.3.4 NMAC - Rp, 8.11.3.4 NMAC, 6/1/2010]

8.11.3.5 EFFECTIVE DATE:

June 1, 2010, unless a later date is cited at the end of a section.

[8.11.3.5 NMAC - Rp, 8.11.3.5 NMAC, 6/1/2010]

8.11.3.6 OBJECTIVE:

To establish guidelines for the provision of adult protective services investigations.

[8.11.3.6 NMAC - Rp, 8.11.3.6 NMAC, 6/1/2010]

8.11.3.7 DEFINITIONS:

A. "Ability to consent" means an adult's ability to understand and appreciate the nature and consequences of proposed protective services or protective placement, including benefits, risks and alternatives to the proposed services or placement and to make or communicate an informed decision.

B. "Abuse" means:

(1) knowingly, intentionally or negligently and without justifiable cause, inflicting physical pain, injury or mental anguish;

(2) the intentional deprivation by a caregiver or person of the services necessary to maintain the mental and physical health of an adult;

(3) sexual abuse including criminal sexual contact, incest and criminal sexual penetration.

C. "Administrative review" means a review of the department's records of a substantiated case for abuse, neglect or exploitation by the division director or the director's designee to determine if the notification process was performed and if the standard of preponderance of evidence was met in substantiating the allegation(s). An administrative review is not an administrative hearing before a hearing officer.

D. "Adult protective services (APS) attorney" is the attorney that represents the department in actions pursuant to the Adult Protective Services Act and federal and state constitutional, statutory and case law.

E. "Aggrieved person" means a person against whom a substantiation of abuse, neglect or exploitation has been substantiated. This does not include self neglect.

F. "Appropriate referral" is a report of adult abuse, neglect or exploitation received by the department which falls within the department's mandate to investigate.

G. "Assessment" means a process of completing structured and non-structured interviews to acquire an understanding of an adult's situation to determine if immediate protection or placement may be required.

H. "Care facility" means a hospital; skilled nursing facility; intermediate care facility; care facility for the mentally retarded; psychiatric facility; rehabilitation facility; kidney disease treatment center; home health agency; ambulatory surgical or outpatient facility; home for the aged or disabled; group home; adult foster care home; private residence that provides personal care; sheltered care or nursing care for one or more persons; adult day care center; boarding home; adult residential shelter care home; and any other health or resident care related facility or home but does not include a care facility located at or performing services for any correctional facility.

I. "Caretaker" means a facility, provider or individual that has assumed the responsibility for the care of an adult.

J. "Case disposition" means, upon completion of an investigation, whether to provide protective services for the purpose of alleviating or preventing further adult abuse, neglect or exploitation and ongoing risk to the incapacitated adult.

K. "Decisional capacity" means an adult's ability to understand and appreciate the nature and consequences of proposed protective services or protective placement, including benefits, risks and alternatives to the proposed services or placement and to make or communicate an informed decision.

L. "Department" is the aging and long-term services department.

M. "Emergency" means an adult is living in conditions that present a substantial risk of death or immediate and serious physical harm to the adult or others.

N. "Exploitation" means an unjust or improper use of an adult's resources for another's profit or advantage, pecuniary or otherwise.

O. "Incapacitated adult" means any adult with a mental, physical or developmental condition that substantially impairs the adult's ability to provide adequately for the adult's own care or protection.

P. "Investigation" means a systematic fact finding process, initiated within a prescribe timeframe, with the goal of gathering all information relevant to the making of a determination as to whether the alleged maltreatment occurred and assess whether the incapacitated adult remains at risk, has decisional capacity and if protective services are necessary to remediate risk.

Q. "Investigation determination" means whether adult abuse, neglect or exploitation is substantiated or unsubstantiated.

R. "Neglect" means the failure of the caretaker of an adult to provide for the basic needs of the adult such as clothing, food, shelter, supervision and care for the physical and mental health for that adult. Neglect includes self neglect.

S. "Orientation" means the degree to which a person is cognizant of the:

(1) "time" of day, date, month and year;

(2) "place" meaning that the adult knows where he is;

(3) "person" meaning that the adult knows who he is and who other people are;

(4) "purpose" means that the adult knows the reason for the visit from the APS worker.

T. "Preponderance of evidence" means the general standard of proof in civil cases. To support the finding, 51 percent or more of the relevant collected evidence must support that finding, determining it to be more likely than not.

U. "Protected adult" means an adult for whom a guardian or conservator has been appointed or other protective order has been made or an abused, neglected or exploited adult who has consented to protective services or protective placement.

V. "Reporting person" means a person who makes a referral to adult protective services staff about a situation of alleged abuse, neglect or exploitation of an elderly person or an adult with a disability.

W. "Self neglect" means an act or omission by an incapacitated adult that results in the deprivation of essential services or supports necessary to maintain the incapacitated adult's minimal mental, emotional or physical health and safety.

X. "Severity standard" means the determination of the severity of the substantiated complaint of abuse, neglect or exploitation for non-licensed health professionals based on the application of the severity standards in section 8.11.6 NMAC, Adult Protective Services Employee Abuse Registry.

Y. "Staffing" means conferences to internally review investigation progress and timelines, service needs and plans for the completion of the investigation.

Z. "Substantiation" means a determination, based upon a preponderance of collected and assessed credible information, that the abuse, neglect or exploitation of an incapacitated adult has occurred.

AA. "Substantiated registry referral" means a substantiated complaint that satisfies the severity standard for referral of the employee to the registry.

BB. "Unlicensed facility" means a facility, such as an assisted living home, which operates without a license from the department of health.

CC. "Unsubstantiated" means that the information collected during the investigation does not support a finding that the vulnerable adult was abused, neglected or exploited.

[8.11.3.7 NMAC - Rp, 8.11.3.7 NMAC, 6/1/2010]

8.11.3.8 PURPOSE OF ADULT PROTECTIVE SERVICES INVESTIGATION:

The adult protective services investigation collects and assesses information related to the following:

A. whether the incident(s) of adult abuse, neglect or exploitation more likely than not occurred;

B. whether the adult remains at risk for continuing abuse, neglect or exploitation;

C. the need for additional protective services; and

D. the need for coordination of appropriate and available short-term services for incapacitated adults who have suffered abuse, neglect or exploitation.

[8.11.3.8 NMAC - Rp, 8.11.3.8 NMAC, 6/1/2010]

8.11.3.9 ELIGIBILITY:

The department shall investigate allegations of abuse, neglect or exploitation of incapacitated adults by an individual, program or care facility without regard to family income. Services provided by adult protective services are intended for incapacitated adults. Only citizens and legal residents are eligible for services beyond an investigation or emergency services. Homelessness, in and of itself, does not constitute abuse, neglect or exploitation.

[8.11.3.9 NMAC - Rp, 8.11.3.9 NMAC, 6/1/2010]

8.11.3.10 RIGHT TO REFUSE AN INVESTIGATION:

An investigation may be terminated at the request of the referred adult after a determination is made by the adult protective services investigator, in consultation with the adult protective services supervisor, that the alleged victim appears to have the "ability to consent" and therefore, is able to refuse an investigation.

[8.11.3.10 NMAC - Rp, 8.11.3.10 NMAC, 6/1/2010]

8.11.3.11 PROVISION OF SERVICES DURING THE INVESTIGATION:

If, during the course of an investigation, the department determines that an adult who is incapacitated is in need of services, the department may provide short-term services using the least restrictive intervention necessary, with the consent of the person or surrogate decision maker or pursuant to a court order.

[8.11.3.11 NMAC - Rp, 8.11.3.11 NMAC, 6/1/2010]

8.11.3.12 INTAKE AND ASSIGNMENT:

The department is responsible for providing the public the means for making referrals at all times. Every appropriate referral is assigned to an adult protective services investigator for investigation in a reasonable timeframe determined by the department. Upon receipt of a referral alleging abuse, neglect or exploitation of an adult in a care facility, the department notifies any of the state agencies which hold an interest in the licensing, certification or monitoring of the care facility.

[8.11.3.12 NMAC - Rp, 8.11.3.12 NMAC, 6/1/2010]

8.11.3.13 INITIATING, INVESTIGATING, ASSESSING, DOCUMENTING, SERVICE PLANNING, STAFFING AND MAKING A DETERMINATION:

In accordance with department procedures, every case accepted by adult protective services shall be initiated, investigated, assessed, documented and staffed pursuant to this part. A determination of "substantiated" or "unsubstantiated" shall be made and, when appropriate, services will be offered to the incapacitated adult.

A. The department proceeds as follows:

(1) the department visits the residence of the referred adult(s) when investigating alleged abuse, neglect or exploitation;

(2) the department cannot enter a home without the permission of the resident;

(3) if the department is denied access to the home of an alleged victim, law enforcement or the adult protective services attorney may be contacted to assist in gaining access pursuant to APS Act 27-7-19.D NMSA 1978.

B. Anyone willfully interfering with an investigation of adult abuse, neglect or exploitation is guilty of a misdemeanor and subject to a civil penalty of not more than $10,000 per violation pursuant to APS Act 27-7-19.F.NMSA 1978.

C. The department conducts interviews with those individual(s) who potentially have knowledge of the alleged abuse, neglect or exploitation.

D. The department provides the following information to individuals being interviewed:

(1) the purpose of the department’s contact;

(2) if the person being interviewed is alleged to be the victim or perpetrator;

(3) the department’s intent to maintain confidentiality except when it becomes necessary to inform or collaborate with the district attorney, courts, law enforcement

officials or other appropriate agencies in accordance with the Adult Protective Services or Resident Abuse and Neglect Acts and other statutes; and

(4) their right to refuse to participate in the investigation.

E. The department establishes reasonable timeframes to complete investigations and collects evidence, records observations and other information that may be used in substantiating or un-substantiating the allegations in the report.

F. The department has the authority to intervene, when necessary, including emergency removal, initiating court petitions and providing short-term services when funds are available.

G. The department creates documentation on each case, staffs each case with an adult protective services supervisor and, when appropriate, creates a service plan.

H. The department uses a preponderance of evidence to make a determination in every case and substantiates or un-substantiates every allegation.

I. The department will notify the alleged perpetrator(s) of the determination of the case by mail. In the event the allegation is substantiated, the perpetrator may request an administrative review of the case within 10 days of the receipt of the letter in accordance with this part. Based upon the facts and circumstances of the investigation, the department need not send a letter in all cases of substantiated self neglect.

[8.11.3.13 NMAC - Rp, 8.11.3.13 NMAC, 6/1/2010]

8.11.3.14 CONFIDENTIALITY OF INVESTIGATION RECORDS:

Investigations completed by the department are confidential and are only released as allowed for by NMSA 1978 section 27-7-9. The department cooperates with the domestic violence homicide review team through the New Mexico Crime Reparations Act to the extent allowed by law. During an emergency, the department may release limited information, on a need to know basis, as allowed by law.

[8.11.3.14 NMAC - Rp, 8.11.3.20 NMAC, 6/1/2010]

8.11.3.15 NOTIFICATION OF AND THE RESULTS OF AN INVESTIGATION:

A. The department shall notify the alleged victim and the alleged perpetrator that an investigation has been initiated and that notification shall be documented in the case notes. The department has the option of notifying the reporting person if the case has been accepted or not accepted for investigation.

B. Unless otherwise provided for in this section, the department shall notify the alleged victim and perpetrator.

C. The department shall notify the perpetrator in writing of the department's substantiation of abuse, neglect or exploitation, the legal and factual basis for the substantiation and the aggrieved person's right to appeal the substantiation in accordance with 8.11.1.17.NMAC.

[8.11.3.15 NMAC - Rp, 8.11.3.21 NMAC, 6/1/2010]

8.11.3.16 ADMINISTRATIVE REVIEW:

A. An aggrieved person may request an administrative review of a decision made by the division regarding a substantiation of abuse, neglect or exploitation in accordance with the provisions set forth in this section. Administrative reviews are not available on any action that is currently or was previously the subject of a lawsuit.

B. Requests for administrative reviews must be made in writing to the adult protective services division director within ten calendar days of receipt of the letter of substantiation. The division director or their designee, may reverse the substantiation any time before the scheduled review.

C. Notification of substantiation, request for administrative reviews and administrative review process.

(1) Requests for administrative reviews must be made in writing to the adult protective services division director within ten calendar days of the receipt of the letter of substantiation. The division director or their designee may reverse the substantiation anytime before the scheduled review.

(2) Within 30 days of the receipt of the request for administrative review, the division notifies the aggrieved person requesting the administrative review of the time and date of the review, which may be no later than 60 days from the date of the request.

(3) The person conducting the review shall be neutral and have no direct involvement with the investigation or substantiation.

(4) The person conducting the administrative review issues a written decision within 30 days of the review, giving the reasons why the substantiation, by preponderance of evidence, is substantiated or reversed. The written decision is mailed to the aggrieved party and placed in the case record.

(5) The decision by the person conducting the administrative review is final and non-appealable except as otherwise provided for by the law.

[8.11.3.16 NMAC - N, 6/1/2010]

8.11.3.17 EMPLOYEE ABUSE REGISTRY:

The department abides by all the terms of the aging and long-term services department Employee Abuse Registry, 8.11.6 NMAC and the department of health Employee Abuse Registry 7.1.12 NMAC.

[8.11.3.17 NMAC - N, 6/1/2010]

PART 4: ADULT SERVICES

8.11.4.1 ISSUING AGENCY:

Aging and Long-Term Services Department, Adult Protective Services Division.

[8.11.4.1 NMAC - Rp, 8.11.4.1 NMAC, 3/1/2012]

8.11.4.2 SCOPE:

Protective services employees and contract providers and the general public.

[8.11.4.2 NMAC - Rp, 8.11.4.2 NMAC, 3/1/2012]

8.11.4.3 STATUTORY AUTHORITY:

Adult Protective Services Act, Section 27-7-15 et seq. NMSA 1978, as amended; Public Health Act, Section 24-1-5L NMSA 1978, as amended; Probate Code, Section 45-5-301 et seq. NMSA 1978, as amended; Resident Abuse and Neglect Act, Section 30-47-1 et seq. NMSA 1978, as amended, and State Agency on Aging, Section 28-4-6 NMSA, as amended.

[8.11.4.3 NMAC - Rp, 8.11.4.3 NMAC, 3/1/2012]

8.11.4.4 DURATION:

Permanent.

[8.11.4.4 NMAC - Rp, 8.11.4.4 NMAC, 3/1/2012]

8.11.4.5 EFFECTIVE DATE:

March 1, 2012, unless a later date is cited at the end of a section.

[8.11.4.5 NMAC - Rp, 8.11.4.5 NMAC, 3/1/2012]

8.11.4.6 OBJECTIVE:

To establish guidelines for the provision of adult services by the department that are consistent with statutory authority and legal mandates.

[8.11.4.6 NMAC - Rp, 8.11.4.6 NMAC, 3/1/2012]

8.11.4.7 DEFINITIONS:

A. "Ability to consent" means an adult's ability to understand and appreciate the nature and consequences of the proposed protective services or protective placement, including the benefits, risks and alternatives to the proposed services or placement and to make or communicate an informed decision.

B. "Administrative hearing" is a formal process whereby a client receiving adult services can appeal a decision made by the department to modify or terminate services prior to the service plan's expiration date.

C. "Administrative review" is an informal process, which may include an informal conference or may include only a review of the existing file. The administrative review does not create any substantive rights for the client.

D. "Adult day care" is the provision of contractual day care services for functionally impaired adults who have been abused, neglected or exploited or are at continued risk of being abused, neglected or exploited. Services are delivered in a licensed facility that provides structure and supervision.

E. "Aggrieved person" is someone who has been determined by the department to be abused, neglected or exploited and who has had his or her adult service plan for attendant care, home care or day care denied, modified or terminated.

F. "Assessment" is a process of completing structured and non structured interviews to acquire an understanding of multiple levels of the adult's need and developing interventions within available resources, if appropriate.

G. "Attendant care" is the provision of temporary, non-medical personal care to a functionally impaired adult in his or her own home by a caregiver when no other service options exist.

H. "Eligibility" means the adult meets necessary criteria for adult services under this part.

I. "Emergency shelter/caregiver" is the placement of an adult in an appropriate facility or the use of a caregiver in the adult's home to provide a temporary protected environment.

J. "Functional impairment" is the inability of an adult to perform independently some or most activities of daily living or instrumental activities of daily living.

K. "Home care services" are the provision of direct or contractual non-medical personal care and light housekeeping services for adults who have physical or mental

disabilities that cause a functional disability to meet their basic care or home maintenance needs and who otherwise meet the criteria established in these regulations.

L. "Incapacitated person" means any adult with a mental, physical, or developmental condition that substantially impairs the adult's ability to provide adequately for the adult's own care or protection.

M. "Secretary" is the secretary of the aging and long-term services department or the secretary's designee within the ALTSD.

N. "Service plan" a written, individualized plan defining specific services for a client in a specific timeframe.

[8.11.4.7 NMAC - Rp, 8.11.4.7 NMAC, 3/1/2012]

8.11.4.8 PURPOSE OF ADULT SERVICES:

The purpose of adult services is to mitigate adult abuse, neglect and exploitation, to prevent inappropriate or premature institutionalization and to assist clients to remain safely in their home or the least restrictive environment possible.

[8.11.4.8 NMAC - Rp, 8.11.4.8 NMAC, 3/1/2012]

8.11.4.9 TYPES OF ADULT SERVICES:

The department, based upon the adult's eligibility and the availability of resources, provides or arranges for the following services for adults:

A. emergency caregiver/shelter care services;

B. home care services;

C. attendant care services; and

D. adult day care.

[8.11.4.9 NMAC - Rp, 8.11.4.9 NMAC, 3/1/2012]

8.11.4.10 GENERAL PROVISIONS:

A. Any adult who is not determined to be decisionally incapacitated may refuse services.

B. The department determines eligibility for specific services based on client need, client income and the availability of resources and available funding for each type of service under this part.

(1) The department assesses and determines the adult's need for services.

(2) Adults who have been determined through a department investigation to have been abused, neglected or exploited and are assessed to continue to be at risk may be eligible to receive services on a short term basis without regard to income, as determined necessary by the department.

(3) Except for emergency shelter/caregiver services, the department utilizes the institutional medicaid income criteria for the determination of financial eligibility for services.

C. The department completes a recertification of income for adult services eligibility on an annual basis.

D. Any denial, modification or termination of adult services may be reviewed by the department pursuant to the administrative review process described in this part.

E. The department coordinates its adult protective services in order to ensure that there is no duplication of like services for the same hours of the same day.

F. Clients receiving APS adult services have the following responsibilities:

(1) assisting with applying for waiver services eligibility, including medicaid and financial eligibility;

(2) reporting on whether he or she needs help; and

(3) appropriately using services paid by state funds.

G. Clients may be terminated from APS services for the following reasons:

(1) moving out of the program service area;

(2) consistently not complying with the service plan and is a person with decision-making capacity;

(3) consistently refusing service or not allowing the agency to enter the home to provide services;

(4) posing a significant risk to self or others;

(5) demonstrating a pattern of verbal or physical abuse of attendants or agency personnel, i.e., use of vulgar or explicit language, verbal or physical sexual harassment, excessive use of force, verbal or physically intimidating threats, and illegal use of narcotics or alcohol abuse;

(6) refusing to provide accurate financial information, providing false information or illegally transferring assets to receive services under this part;

(7) ceasing to meet the financial or non-financial criteria; or

(8) ceasing to meet the level of care criteria.

[8.11.4.10 NMAC - Rp, 8.11.4.10 NMAC, 3/1/2012]

8.11.4.11 CASE MANAGEMENT:

A. The department provides short term case management of adult services.

B. The department conducts, and documents, at least quarterly, face-to-face visits with adults receiving home and attendant care services.

C. The department utilizes staffings and supervisory conferences to develop and review plans and to determine the need for continuation of services for each adult receiving services.

[8.11.4.11 NMAC - Rp, 8.11.4.11 NMAC, 3/1/2012]

8.11.4.12 SERVICE PLAN:

A. The department develops a written individualized service plan for each adult receiving services.

B. The department develops a service plan within 30 days of the dispositional staffing in which an APS supervisor and worker discuss the applicability of adult services to the client.

C. The department reassesses the service plan and the need for ongoing services within a minimum of 90 days after services commence.

[8.11.4.12 NMAC - Rp, 8.11.4.12 NMAC, 3/1/2012]

8.11.4.13 EMERGENCY SHELTER/CAREGIVER SERVICES:

A. Any adult who has been or is at continued risk of being abused, neglected or exploited may be eligible to receive emergency shelter/caregiver services if he or she requires a protected environment to maintain health and safety.

(1) Emergency shelter/caregiver services are provided without regard to income.

(2) Emergency shelter/caregiver services are utilized only in emergency situations and are temporary until a permanent safe environment can be located.

B. The adult may select his or her caregiver if the caregiver is a capable adult approved by the department prior to commencement of services.

C. The department may provide emergency shelter/caregiver services not exceeding 30 days unless an exception is approved by the department in writing for a specified longer period of time.

D. Placement is provided in the adult's home or an appropriate licensed facility or safe environment. Placement in a correctional facility is not permitted.

E. When the department enters into a written agreement with the facility or caregiver the agreement will include:

(1) the services to be provided;

(2) the rate of payment for the services; and

(3) the time frame that the service will be provided.

F. The department provides payment for placements based on the rate normally charged by the facility not to exceed the medicaid rate.

G. The department provides payment for caregivers at a predetermined rate.

H. The department places individuals pursuant to the Adult Protective Services Act.

[8.11.4.13 NMAC - Rp, 8.11.4.13 NMAC, 3/1/2012]

8.11.4.14 HOME CARE SERVICES:

A. Home care services may be provided or terminated by the department as resources and funding allows.

B. Any incapacitated adult who is substantiated for abuse, neglect or exploitation may be eligible for home care. On occasion, an incapacitated adult, who is not substantiated for abuse, neglect or exploitation, may be considered for home care services if the department determines that the adult remains at imminent risk of abuse, neglect or exploitation. The following criteria apply to adults considered for home care:

(1) the adult must meet institutional care medicaid eligibility; and

(2) the adult must have a documented medical incapacity that limits their activities of daily living and their ability to provide their own care at home.

C. The department, at its discretion, may provide home care by the department staff or through agencies under contract to the department.

D. Adults receiving home care through adult protective services shall apply for long term care services through the appropriate medicaid programs or waiver program and, when approved to receive medicaid or waiver services, the adult must transition to the waiver service and discontinue home care through adult protective services. Adult protective services will discontinue its home care when the client is approved to receive medicaid or waiver home care.

[8.11.4.14 NMAC - Rp, 8.11.4.14 NMAC, 3/1/2012]

8.11.4.15 ATTENDANT CARE SERVICES:

A. Attendant care may be provided by the department as resources and funding allows.

B. Attendant care is non-medical personal care provided to a functionally impaired adult in their own home by a caregiver. An adult who is substantiated for or is at imminent risk of abuse, neglect or exploitation may be eligible for attendant care if no other care options exist and if attendant care will reduce the likelihood of the adult being admitted to a nursing home.

(1) The adult must meet institutional care medicaid eligibility.

(2) The adult must have a documented medical incapacity that significantly limits their activities of daily living and their ability to provide all of their own care at home.

C. Attendant care services are considered a temporary intervention and shall be discontinued when long-term services become available.

D. Adults receiving attendant care shall apply for long-term care services through the appropriate medicaid or waiver and, when approved to receive those services, the adult must transition to the medicaid or waiver service and discontinue attendant care through adult protective services. Adult protective services can discontinue its attendant care when the client begins receiving medicaid waiver attendant care.

E. The department may provide attendant care services based upon its assessment of need. The adult seeking attendant care services provides a medical report to the department documenting the client’s medical condition and supporting the need for attendant care services.

F. The department approves the number of hours of service based upon the department adult protective service worker's assessment of the needs of the adult, the level of care criteria and the availability of funding.

G. Services are provided by individuals chosen and approved by the client and who are not department employees.

(1) The department requires a criminal background check on all attendant care providers as required by law; a review of any substantiations of abuse, neglect or exploitation; and a review of the employee abuse registry.

(2) Individuals selected by the recipient of attendance care services shall meet the following criteria established by the department:

(a) have the physical ability to provide the services;

(b) be age 18 or older;

(c) is not currently listed on the employee abused registry; and

(d) have been determined by APS, after consideration of the facts and circumstances, to be a safe and appropriate caregiver.

H. The department enters into a written agreement with the adult and the attendant care provider which specifies the following:

(1) the services provided by the attendant;

(2) the adult's/family's responsibilities;

(3) the time frames for the provision of the service; and

(4) that the failure of the attendant care provider to comply with the agreement will result in the termination of services or replacement of the provider.

I. The department makes payment at the established rates following the receipt of documentation of service delivery.

[8.11.4.15 NMAC - Rp, 8.11.4.15 NMAC, 3/1/2012]

8.11.4.16 ADULT DAY CARE:

A. Any incapacitated adult who has been substantiated for or is at risk of abuse, neglect or exploitation may be eligible for adult day care if adult day care will reduce the likelihood of future abuse, neglect or exploitation.

(1) the adult must meet the institutional medicaid income eligibility.

(2) the adult must have a documented medical incapacity that limits their activities of daily living or significantly limits their instrumental activities of daily living.

B. Adult day care services can only be delivered in a licensed facility that provides structure and supervision.

[8.11.4.16 NMAC - Rp, 8.11.4.16 NMAC, 3/1/2012]

8.11.4.17 DOCUMENTATION:

A. The department or contract provider documents case work activities and maintains records concerning services provided to all individuals receiving adult services.

B. The records created and maintained by the department or by the contract provider on behalf of the department are confidential and are only released as allowed for by law.

[8.11.4.17 NMAC - Rp, 8.11.4.18 NMAC, 3/1/2012]

8.11.4.18 ADMINISTRATIVE REVIEW:

The department will provide an informational administrative review of its decision to deny, modify or terminate the adult's services. The aggrieved party must request a review in writing to the adult protective services division director within 15 days of receiving notice of the department's intent to deny, modify or terminate services. The request for a hearing shall be mailed or hand delivered to the specific office of the adult protective division director or to an alternate address, if set forth in the notice.

A. In the written request for review, the aggrieved party shall state the reason(s) why he or she should be eligible to receive the services in question and include any supporting documentation that has not been previously provided or considered by the department.

B. Upon receipt of the aggrieved party's request for the review, the department will reconsider its decision and inform the aggrieved party within 15 business days of the decision to affirm or reverse the denial, modification or termination of the services in question. The department's decision will be in writing. Except for a denial of service, the department will inform the aggrieved party of their right to request an administrative hearing before the secretary in accordance with 8.11.4.19 NMAC for such modification or termination. An administrative review of a denial shall be final and is not appealable unless otherwise provided by law. In cases of modification or termination of services, the aggrieved party may file a written request for an administrative hearing within 10

business days after receipt of the department's letter of decision on the administrative review.

[8.11.4.18 NMAC - N, 3/1/2012]

8.11.4.19 ADMINISTRATIVE HEARING:

A. If services are modified or terminated prior to the expiration date of the service plan and an administrative review has not resolved the matter, the aggrieved party may submit a written appeal of the administrative reviewer's decision to the secretary within 15 calendar days after the decision is issued, in accordance with 8.11.4.18 NMAC.

B. If the aggrieved party timely appeals the reviewer's administrative decision pursuant to 8.11.4.18 NMAC, the office of the secretary shall docket the appeal on the date received and shall provide notice of the appeal within 15 days of its receipt to the aggrieved party and the adult protective services division director. The secretary may hear the appeal or designate a hearing officer to hear the appeal and make a recommended decision to the secretary.

C. The secretary or the secretary's designee shall prepare a notice of hearing setting forth the date, time and place of the hearing. The notice of hearing shall be sent to the parties by regular mail within 15 days of the

department sending notice of appeal to them. The hearing shall be held no sooner than 15 days and no later than 30 days of the date the notice of hearing is mailed to the parties. Either party may request a continuance of the hearing for good cause. If a hearing is continued it shall be rescheduled at the earliest date and time available to the parties.

[8.11.4.19 NMAC - N, 3/1/2012]

8.11.4.20 PRE-HEARING:

A. Upon receipt of the request for administrative hearing, the hearing officer shall establish an official record which contains all the filed notices, pleadings, briefs, recommendations, correspondence, documents and decisions.

B. No person may discuss the merits of any pending adjudicatory proceedings with the designated hearing officer or the secretary, unless both parties or their representatives are present.

C. The hearing officer may consolidate or join cases if there is commonality of legal issues or parties and if it would expedite final resolution of the cases and would not adversely effect the interests of the parties nor violate the confidentiality provisions of the Adult Protective Services Act. The hearing officer also may join the appeals of an appellant who has two or more appeals pending.

D. Upon request of either party or upon the hearing officer's own motion, the hearing officer may require a pre-hearing order or may schedule a pre-hearing conference at a time and place reasonably convenient to all parties to:

(1) limit and define issues;

(2) discuss possible pre-hearing dispositions;

(3) identify and limit the number of witnesses; and

(4) discuss such other matters as may aid in the simplification of evidence and disposition of the proceedings.

E. A pre-hearing conference is an informal proceeding and may occur telephonically. The pre-hearing conference may or may not be recorded, at the discretion of the hearing officer.

F. No offer of settlement made in a pre-hearing conference is admissible as evidence at a later hearing. Stipulation and admissions are binding and may be used as evidence at the hearing. Any stipulation, settlement or consent order reached between the parties must be in writing and must be signed by the hearing officer and the parties, and their attorneys if they are represented by counsel.

G. The hearing officer may dismiss an appeal with prejudice in accordance with the provisions of a settlement agreement approved by the secretary, upon a motion to withdraw the appeal by the aggrieved party or their legal representative at any time before the hearing.

[8.11.4.20 NMAC - N, 3/1/2012]

8.11.4.21 CONDUCT OF THE HEARING:

A. Failure of a party to appear on the date and time set for the hearing, without good cause shown, constitutes default and the hearing officer shall so notify the parties in writing and enter a default judgment against the party.

B. The hearing is open to the public unless the hearing officer directs that the hearing be closed.

C. Any party may appear at the hearing through a licensed attorney, provided the attorney has made a written entry of appearance within a reasonable period of time prior to the hearing date.

D. The hearing officer may clear the room of witnesses not under examination if either party so requests and of any person who is disruptive. The department is entitled

to have a representative of APS, in addition to its attorney, in the hearing room during the course of the hearing, even if the person will also testify in the hearing.

E. Oral evidence is to be taken only under oath or affirmation.

F. Generally, except as provided in the following subsection or waived by the party, the order of presentation for the hearing is as follows:

(1) opening of proceedings and taking of appearances by the hearing officer;

(2) disposition of preliminary and pending matters;

(3) opening statement of the department;

(4) opening statement of the appellant;

(5) department's case-in-chief;

(6) appellant's case-in-chief;

(7) department's rebuttal;

(8) department's closing argument;

(9) appellant's closing argument; and

(10) closing of the proceeding by the hearing officer.

G. The burden of proof in matters arising from denial, reduction or termination of adult services lies with the department, which must prove its case by a preponderance of evidence.

H. The hearing officer shall admit only evidence that is relevant to the issue appealed.

I. The hearing is to be recorded by a sound-recording device under the supervision of the hearing officer. No other recording of the hearing, by whatever means, is permitted without the approval of the hearing officer.

[8.11.4.21 NMAC - N, 3/1/2012]

8.11.4.22 POST-HEARING:

A. The hearing officer may require or permit written closing post-hearing briefs and proposed findings of facts and conclusions of law.

B. The hearing officer shall submit a recommended decision to the secretary as soon as practicable, but no later that 20 working days after the expiration of any time set for the submittal of any last post-hearing proposed findings of facts and conclusions of law, arguments or briefs.

C. As a general rule, the secretary will only consider the hearing officer's recommended decision, post-hearing briefs and proposed finding of fact and conclusions of law. Where circumstances warrant, the secretary may review all or a portion of the record before the hearing officer.

(1) The secretary will not consider any additional evidence or affidavits not in the official record of the hearing or in pleadings not filed in accordance with the hearing officer's scheduling order.

(2) If the secretary disagrees with the findings and conclusions of the hearing officer, the secretary shall issue a separate order which clarifies the findings and conclusions at issue and the reasons a different decision is warranted. An appeal of the final decision by the secretary may be made in accordance with applicable law.

D. The secretary shall render a final determination as soon as practicable but no later than 15 working days after submission of the hearing officer's recommended decision. A copy of the final decision shall be mailed or emailed to each party or attorney of record immediately upon entry of the secretary's final decision. The secretary's decision is final and non-appealable except as otherwise provided by law.

[8.11.4.22 NMAC - N, 3/1/2012]

PART 5: ADULT PROTECTIVE SERVICES LEGAL

8.11.5.1 ISSUING AGENCY:

Aging and Long-Term Services Department, Adult Protective Services Division.

[8.11.5.1 NMAC - Rp, 8 NMAC 11.5.1, 10/30/08]

8.11.5.2 SCOPE:

Protective services employees and general public.

[8.11.5.2 NMAC - Rp, 8 NMAC 11.5.2, 10/30/08]

8.11.5.3 STATUTORY AUTHORITY:

Adult Protective Services Act, Section 27-7-14 et seq. NMSA 1978, as amended; Public Health Act, Section 24-1-5L, as amended; Probate Code, Section 45-5-301 et seq. NMSA 1978, as amended; Resident Abuse and Neglect Act, Section 30-47-1 et seq.

NMSA 1978, as amended; Aging and Long-Term Services Act, Section 9-23-1 et seq. NMSA 1978, as amended.

[8.11.5.3 NMAC - Rp, 8 NMAC 11.5.3, 10/30/08]

8.11.5.4 DURATION:

Permanent.

[8.11.5.4 NMAC - Rp, 8 NMAC 11.5.4, 10/30/08]

8.11.5.5 EFFECTIVE DATE:

10/30/08, unless a later date is cited at the end of a section.

[8.11.5.5 NMAC - Rp, 8 NMAC 11.5.5, 10/30/08]

8.11.5.6 OBJECTIVE:

To establish guidelines for the provision of adult legal services by the department that are consistent with statutory authority and legal mandates.

[8.11.5.6 NMAC - Rp, 8 NMAC 11.5.6, 10/30/08]

8.11.5.7 DEFINITIONS:

A. "Ability to consent" means an adult's ability to understand and appreciate the nature and consequences of proposed protective services or protective placement, including benefits, risks and alternatives to the proposed services or placement and to make or communicate an informed decision.

B. The **"adult protective services (APS) attorney"** is the attorney that represents the department in actions pursuant to the Adult Protective Services Act and federal and state constitutional, statutory and case law.

C. "Advance directives" include powers of attorney, living wills and written statements appointing surrogate health care decision makers under the Uniform Health Care Decisions Act (Section 24-7A-1 et seq. NMAC 1978 as amended) and the Mental Health Care Treatment Decisions Act (Section 24-7B-1 et seq. NMAC 1978 as amended).

D. An **"affidavit"** is a sworn statement of facts and accompanies the petition for an order. It is signed by any person who either has personal knowledge of the facts or has been informed of them and believes them to be true.

E. "Conservator" is a person or entity appointed by the court to manage the property or financial affairs, or both, of an incapacitated adult.

F. "Department" means the aging and long-term services department.

G. "Division" means the adult protective services division of the aging and long-term services department.

H. "Guardian" is a person or entity who has qualified to provide for the care, custody, or control of an incapacitated adult pursuant to court appointment. Examples of a guardian's responsibilities may include making decisions about where the incapacitated person lives, making health care or treatment decisions for the incapacitated adult, and making decisions relating to the incapacitated adult's personal safety or care.

I. "Guardianship or conservatorship" is the appointment, by a court, of a person or entity to assume decision making responsibility and to handle the affairs of an individual the court has found to be "incapacitated" as defined in the Probate Code. A guardian and conservator may be the same person or institution or they may be two different persons or entities.

J. An **"incapacitated adult"** is defined in the Adult Protective Services Act as any adult with a mental, physical or developmental condition that substantially impairs the adult's ability to provide adequately for the adult's own care or protection.

K. A **"surrogate"** is a person legally authorized to act on an adult's behalf.

L. A **"visitor"** is a court appointed person, who is not a department employee, with no personal interest in the proceedings who is trained or possesses the expertise to evaluate the person's needs in a guardianship or conservatorship case.

[8.11.5.7 NMAC - Rp, 8 NMAC 11.5.7, 10/30/08]

8.11.5.8 PURPOSE OF ADULT PROTECTIVE LEGAL SERVICES:

The purpose of adult protective legal services is to protect incapacitated adults through legal intervention consistent with the adult's need for services and with the least possible restriction of the adult's liberty.

[8.11.5.8 NMAC - Rp, 8 NMAC 11.5.8, 10/30/08]

8.11.5.9 ROLE OF THE ADULT PROTECTIVE SERVICES ATTORNEY:

A. The adult protective services attorney provides information, interpretation of law and general assistance to the department in the provision of adult protective services.

B. When the adult protective services attorney, supervisor, and regional manager cannot agree on the most appropriate course of action to protect an incapacitated adult through legal intervention, the issues shall be resolved between the general counsel and adult protective services division director. If they cannot agree, the department's cabinet secretary is the final arbiter.

[8.11.5.9 NMAC - Rp, 8 NMAC 11.5.9, 10/30/08]

8.11.5.10 GENERAL PROVISIONS:

A. The department complies with the provisions of the Adult Protective Services (APS) Act and the Rules of Civil Procedures and the Rules of Evidence for the district courts.

B. Attorney-client relationship: The primary decision-maker on the case of an incapacitated adult is the caseworker for the purpose of the attorney-client relationship. If a conflict of opinion arises between the caseworker and his supervisor or a manager within the chain-of-command, the decision-maker becomes the highest ranking person making a determination in the matter up to and including the department's cabinet secretary.

C. Attorney-client privileged communications: Written and verbal communications concerning department business between an APS attorney and a department employee in anticipation of litigation or concerning on-going litigation is privileged. Privileged communication may not be disclosed to a third party without appropriate permission or by order of the court.

D. Confidentiality/access to records: Protective services division records are confidential and can only be inspected pursuant to a valid court order except by those entities specifically entitled to access under the Adult Protective Services Act.

(1) When allowing access to an authorized entity, all attorney-client privileged information and, where protected by law, all identifying information on the referral source on referrals is stricken.

(2) Unless approved by a department attorney, division records are not released pursuant to a subpoena because subpoenas do not reflect a court determination of legitimate interest in the case or the work of the court.

E. Notice requirements: The APS attorney is responsible for sending proceeding notifications to the appropriate persons.

F. Due process: APS attorneys are to provide procedural safeguards for all parties in all adult protective services legal cases filed by the department.

[8.11.5.10 NMAC - Rp, 8 NMAC 11.5.10, 10/30/08]

8.11.5.11 CIVIL OR CRIMINAL COURT:

The department may cooperate with parties and courts in criminal and other civil proceedings pursuant to applicable law.

[8.11.5.11 NMAC - Rp, 8 NMAC 11.5.11, 10/30/08]

8.11.5.12 CASES ON TRIBAL LANDS:

The department may not provide legal services on Indian tribal land unless allowed under federal law after written authorization is received from tribal leadership (tribal governor or president.)

[8.11.5.12 NMAC - Rp, 8 NMAC 11.5.12, 10/30/08]

8.11.5.13 EMERGENCY PROTECTIVE SERVICES OR PLACEMENT:

A. If an incapacitated adult is in an emergency situation and lacks the ability to consent to receive protective services and no other authorized person is available or willing to consent to protective services, the department may seek an emergency order from the district court for such services.

B. The department files an ex parte order based upon a petition and affidavit.

C. Within 24 hours, excluding weekends and legal holidays, from the time the ex parte order is issued or, if the ex-parte order authorizes forcible entry, from the time the ex-parte order is served upon the incapacitated adult, the department mails or delivers written notice, including a copy of the petition, the ex parte order, and the affidavit for the ex parte order, to:

(1) the adult;

(2) his or her spouse;

(3) adult children or next of kin;

(4) surrogate or guardian, if any; and

(5) the notice informs all parties that a hearing will be held no later than ten days after the date the petition is filed to determine whether the conditions creating the emergency have been removed and whether the adult should be released from the court’s order.

D. Limitations of an emergency ex parte order.

(1) The department cannot facilitate a change of residence or hospitalization unless the order requests it and identifies by name and location where the change of residence or hospitalization shall be.

(2) The adult loses no rights except those described in the emergency order.

(3) The court may authorize only those interventions which it finds to be least restrictive of the adult's liberty and civil rights, consistent with his or her welfare and safety.

(4) Neither the department nor its employees can be named as guardian or conservator for the adult, except when the department employee is related by blood or marriage to the incapacitated adult.

E. If the department determines that conditions creating the need for emergency protective services or placement cannot or have not been resolved within the ten day period, renewal of the emergency order may be requested, or discussed at the ten day ex parte hearing.

(1) The department supports the request for renewal with a comprehensive physical, mental and social evaluation of the adult.

(2) The original order can be renewed by the court, once for a maximum period of twenty days.

(3) The adult can petition the court to set aside the emergency order at any time.

F. The adult is present at the hearing unless the court determines it is not possible or not in his best interest because of a threat to the adult's health and safety.

(1) The adult has the right to an attorney, whether or not he is present at the hearing. If the person is indigent, the court must appoint him an attorney no later than the date the petition is filed.

(2) The adult may secure an independent medical, psychological or psychiatric examination and present a report of the independent evaluation or the evaluator's testimony as evidence at the hearing.

[8.11.5.13 NMAC - Rp, 8 NMAC 11.5.13, 10/30/08]

8.11.5.14 CONTINUING NEED FOR PROTECTIVE SERVICES OR PLACEMENT:

A. If the adult continues to need protective services or placement after the renewal order expires, the department is responsible for seeking appointment of a guardian or

conservator to assume responsibility for the adult's care or the department must petition for a non-emergency protective placement.

B. The department may file a petition for guardianship/conservatorship simultaneously with the application for renewal for continuity of services during the guardianship/conservatorship notice period of two weeks before the hearing on the merits can be held.

C. If a temporary guardian is appropriate, it may be possible to skip the renewal proceedings and immediately begin the guardianship.

[8.11.5.14 NMAC - Rp, 8 NMAC 11.5.14, 10/30/08]

8.11.5.15 EMERGENCY PLACEMENT BY A LAW ENFORCEMENT OFFICER:

A. The department may contact law enforcement to transport an incapacitated adult to an appropriate facility, without a court order, for an emergency placement.

(1) Law enforcement makes the determination that the emergency placement is required based upon law enforcement's personal observation and judgment in accordance with the Adult Protective Services Act.

(2) The department need not be present for the emergency removal to occur.

(3) The department is available upon request of law enforcement to accompany the officer to:

(a) help assess the adult's situation;

(b) assist in arranging suitable transporting; and

(c) help the officer locate and arrange an appropriate placement.

(4) Absent a court order allowing the caseworker to transport the adult, only a law enforcement officer is authorized to transport or delegate transport of an adult to an appropriate placement.

B. The APS attorney files a petition and affidavit in district court supporting the need for emergency placement within two working days following the emergency placement, and shall mail or deliver written notice to the person(s) specified in Subsection C of 8.11.5.13 NMAC, when the following conditions have been met:

(1) the department is informed of and concurs with the officer's decision to place the adult; and

(2) the department has determined the statutory requirements of the Adult Protective Services Act regarding emergency protective placements by law enforcement officer have been met.

C. A court hearing is held within ten days from the date the petition is filed to review the emergency removal and placement and to consider any department request for an extension or renewal of the original emergency order.

[8.11.5.15 NMAC - Rp, 8 NMAC 11.5.15, 10/30/08]

8.11.5.16 NON-EMERGENCY PROTECTIVE SERVICES/PLACEMENT:

A. The department may petition the court for a non-emergency protective services/placement of an adult. The court may issue a non-emergency protective services/placement order based upon a petition and supporting medical, psychological and social evaluations of the adult.

B. The APS attorney prepares the non-emergency protective services/placement petition based on information provided by the caseworker.

C. The department provides notice that a petition for non-emergency protective services/placement has been filed as follows:

(1) the adult receives written notice, in person, that a petition for non-emergency protective services/placement has been filed;

(2) notice is given at least 14 days prior to the scheduled hearing date;

(3) the adult's attorney and anyone who has physical custody of the adult is given notice; notice is also given to the adult's legal counsel, caretaker, guardian, conservator, surrogate, spouse, adult children or next of kin if such can be located with reasonable diligence.

D. The department conducts or arranges for a comprehensive mental, psychological and social evaluation for the adult in a non-emergency petition.

E. Prior to the expiration of the non-emergency protective services/placement, the department reviews the need for continued protective services/placement, including the need for a guardian or conservator. The department submits a report and recommendations to all persons who were served notice of the original petition, as appropriate.

F. The department may petition the court for an extension of the protective services/placement order for a period not to exceed six months.

[8.11.5.16 NMAC - Rp, 8 NMAC 11.5.16, 10/30/08]

8.11.5.17 GUARDIANSHIP AND CONSERVATORSHIP:

A. The department explores other options such as representative payee, power of attorney, surrogate decision-makers, trusts and living wills, prior to initiating guardianship or conservatorship proceedings.

B. The department recommends limiting the powers of a guardianship or conservatorship to only those areas necessary to accommodate the adult's limitations.

C. The APS attorney completes the guardianship/conservatorship petition based on information provided by the department caseworker.

D. The department provides written notice that a petition has been filed. A copy of the petition and any interim order is served personally on the alleged incapacitated adult and given to all interested parties at least 14 days before the date the hearing is scheduled. Interested parties entitled to notice include:

(1) the alleged incapacitated adult;

(2) the adult's spouse, parents and adult children;

(3) if there are no spouse, parents or adult children, at least one of his closest relatives;

(4) any person serving as the adult's guardian or conservator or who has primary responsibility for the person's care;

(5) any interested person who has filed a request for notice with the court; and

(6) any other person the court indicates.

E. Unless the adult has his own attorney, the court must appoint one to represent him.

F. The department recommends a qualified health care professional to examine the adult prior to the hearing.

G. The department provides the visitor a letter outlining the responsibilities of the visitor as per the Probate Code and the department and requests that the visitor sign a statement of confidentiality.

(1) The department caseworker negotiates a fee for the visitor not to exceed $60.00 an hour with a limit of six hours per client to perform all the visitor's duties. A higher fee may be paid if approved by the APS attorney.

(2) The department reimburses the visitor's mileage at the DFA rate (see 2.42.2 NMAC).

(3) The visitor must submit an itemized statement for his services prior to payment.

H. Department employees cannot serve as visitors in cases filed by the APS attorney.

[8.11.5.17 NMAC - Rp, 8 NMAC 11.5.17, 10/30/08]

8.11.5.18 TEMPORARY GUARDIANSHIP/CONSERVATORSHIP:

A. In emergency situations the court may appoint a temporary guardian/conservator prior to a hearing on a petition.

B. The department may petition the court to appoint a temporary guardian/conservator.

C. The adult is served within 24 hours of the appointment of a temporary guardian/conservator.

D. If subsequently granted to the temporary guardian/conservator by the court, the authority of any previously court appointed permanent guardian or conservator is suspended.

[8.11.5.18 NMAC - Rp, 8 NMAC 11.5.18, 10/30/08]

8.11.5.19 TERMINATION/REMOVAL OF A GUARDIAN OR CONSERVATOR:

The adult, his personal representative, the conservator or guardian or any other interested persons, including the department, can petition the court for removal of the guardian/conservator and request the appointment of a successor, if in the adult's best interest. The court can remove a guardian or conservator, modify, or terminate a guardianship or conservatorship on the basis that the guardian/conservator:

A. is incapacitated;

B. has abused, neglected or exploited the adult;

C. is unable or unwilling to carry out his statutory duties;

D. continued function as guardian/conservator is not in the adult's best interest; or

E. the adult is no longer incapacitated and is capable of managing his person or finances and property.

[8.11.5.19 NMAC - Rp, 8 NMAC 11.5.19, 10/30/08]

8.11.5.20 EXPERT WITNESSES:

A. The caseworker gives the APS attorney advance notice of all witnesses, expert or otherwise, to be called to allow sufficient time to secure subpoenas and service.

B. The department reimburses for expert testimony, time and travel.

(1) The APS attorney approves the expert witness services before they are rendered.

(2) The department has payment guidelines that are followed except in areas of the state where lower rates may be negotiated. APS attorneys may approve higher rates under exceptional circumstances, budget permitting.

[8.11.5.20 NMAC - Rp, 8 NMAC 11.5.20, 10/30/08]

8.11.5.21 PENALTIES:

The department may impose, after notice as described in Subsection A of 8.11.5.21 NMAC, civil penalties not to exceed $10,000 against a facility, provider, or individual who fails to provide documents or certain identifying information, interferes with an investigation, interferes with the provision of voluntary or involuntary protective services, breaches confidentiality, or fails to report abuse, neglect, or exploitation of an incapacitated adult.

A. Upon determination by the adult protective services division that there has been a violation of the particular statutory section of the APS Act that allows for a particular penalty, the department may deliver to the facility, provider, or individual charged with the violation a notice of civil penalty assessment. The notice shall be delivered in person or by certified mail, return receipt requested. The notice shall include:

(1) the name and address of the person or entity to whom the penalty assessment is directed;

(2) the date of the civil penalty assessment;

(3) the basis for the civil penalty assessment;

(4) the amount of the civil penalty assessment;

(5) the date the civil penalty assessment is due for payment;

(6) notice of the right to request an administrative hearing before the department to challenge the civil penalty assessment; and

(7) a statement that the request for administrative hearing must be made in writing to the department's adult protective services division director within ten days of the notification.

B. Unless a hearing is requested, the civil penalty assessment shall be paid to the department in the form of cash, cashier's check, or money order.

C. If a hearing is requested, the department secretary or his designee shall appoint a neutral hearing officer who shall schedule an administrative hearing to determine if the violation occurred and whether a penalty should be assessed. If a penalty shall be assessed, the hearing officer shall determine the amount of the penalty based on the following factors:

(1) the severity of the violation;

(2) the harm resulting from the violation;

(3) the number of times the violation has occurred and whether civil penalties have been assessed previously;

(4) whether the violation is willful or intentional;

(5) whether the facility, provider, or individual charged with the violation was following organizational policy or orders:

(6) whether there was threatened retaliation against a provider or employee for trying to comply with the requirements of the statutory sections of the adult protective services act allowing for penalties.

D. If the hearing officer determines that a facility, provider, or individual has committed the same violation more than once, a minimum of $1,000 per occurrence shall be assessed.

[8.11.5.21 NMAC - N, 10/30/08]

8.11.5.22 REPRESENTATION:

A. A person or entity may appear as a party on his or their own behalf or by an attorney licensed to practice law in New Mexico.

B. The department may be represented by a duly authorized employee of the department or by an attorney licensed to practice law in New Mexico.

C. An attorney for a party must file an entry of appearance at least ten (10) working days before the commencement of any hearing. The attorney of record for a party shall

be deemed to continue to be the attorney of record until written notice of withdrawal of representation is provided to the hearing officer and the parties.

[8.11.5.22 NMAC - N, 10/30/08]

8.11.5.23 REQUEST FOR HEARING:

An assessed party may request a hearing before the department. The request for hearing shall be in writing and received by the adult protective services division director no later than ten (10) working days from the date that the assessed party receives the civil penalty assessment. The request for hearing shall include:

A. the name and address of the assessed party;

B. a copy of the civil penalty assessment;

C. a brief statement of the factual or legal bases upon which the assessed party challenges the civil penalty assessment; and

D. a statement of the relief requested.

[8.11.5.23 NMAC - N, 10/30/08]

8.11.5.24 APPOINTMENT OF HEARING OFFICER:

Within five (5) working days of receipt of a timely request for hearing, the adult protective services division director shall appoint a hearing officer and shall send written notice of the appointment to the parties.

[8.11.5.24 NMAC - N, 10/30/08]

8.11.5.25 NOTICE OF HEARING AND TIME LIMITS FOR HOLDING HEARING:

A. Within ten (10) working days of appointment, the hearing officer shall establish the date, time and place of the hearing. The hearing shall be no more than one hundred twenty (120) calendar days from the date of the civil penalty assessment unless the parties agree otherwise.

B. The hearing officer shall issue a notice of hearing at least thirty (30) calendar days before the hearing date, unless the parties agree to a shorter timeframe. The notice shall be served on the parties by certified mail, return receipt requested. At the discretion of the hearing officer, the notice may be served by regular mail or other appropriate means on any other persons or entities that may have an interest in the proceedings.

C. The notice of hearing shall include:

(1) the name of the assessed party;

(2) the name and address of the adult protective services division director;

(3) the time, date, place, and nature of the hearing; and

(4) a statement of the legal authority under which the hearing is to be held.

8.11.5.25 NMAC - N, 10/30/08]

8.11.5.26 VENUE:

Unless the parties agree otherwise, the hearing shall be held in the county where the events allegedly occurred that gave rise to the civil penalty assessment.

[8.11.5.26 NMAC - N, 10/30/08]

8.11.5.27 POWERS AND DUTIES OF THE HEARING OFFICER:

The hearing officer shall have the authority to:

A. preside over hearings;

B. assure that hearings are properly recorded;

C. administer oaths and affirmations to the witnesses;

D. issue subpoenas and subpoenas *duces tecum*;

E. establish procedural schedules;

F. rule on motions and procedural requests;

G. require parties to attend hearings, pre-hearing conferences and settlement conferences;

H. require parties to produce for examination information or witnesses under their control;

I. require parties to express their positions on any issues in the proceedings;

J. require parties to submit legal briefs on any issues in the proceedings;

K. examine witnesses, and permit parties to examine witnesses;

L. determine the admissibility of evidence;

M. take official notice of any matter that is among the traditional matters of official or administrative notice in accordance with the terms of this rule;

N. recess any hearing from time to time;

O. regulate the course of the proceedings and the conduct of any participants;

P. take any action reasonably necessary to compel discovery or control the conduct of parties or witnesses;

Q. issue a recommended decision on the merits of a case, including findings of fact and conclusions of law;

R. approve settlements or other pre-hearing or post-hearing dispositions of cases by the parties, subject to final approval by the secretary; and

S. take any other action reasonably necessary to conclude the proceedings in a timely and fair manner.

[8.11.5.27 NMAC - N, 10/30/08]

8.11.5.28 APPLICABILITY OF RULES OF CIVIL PROCEDURE AND RULES OF EVIDENCE:

Although formal rules of civil procedure and evidence do not apply, the hearing officer may look to the New Mexico rules of civil procedure and the New Mexico rules of evidence for guidance during the course of the proceedings. In addition, the hearing officer's recommended decision and the secretary's final decision must be supported by a residuum of legally competent evidence as would support a verdict in a court of law.

[8.11.5.28 NMAC - N, 10/30/08]

8.11.5.29 COMMUNICATIONS WITH DEPARTMENT AND HEARING OFFICER:

A. No party, representative of a party, or other person shall communicate off the record about the merits of a case with the department or the hearing officer unless the communication is in writing and a copy is provided to all parties to the proceedings.

B. The department's employees and the hearing officer shall not communicate off the record about the merits of a case with any party, representative of a party, or other person unless the communication is in writing and a copy is sent to all parties to the proceedings.

[8.11.5.29 NMAC - N, 10/30/08]

8.11.5.30 PRE-HEARING DISCLOSURES AND DISCOVERY:

A. Upon written request of any party, the hearing officer may require parties to comply with reasonable discovery requests. Oral and written depositions are prohibited except to preserve the testimony of persons who are sick or elderly, or persons who shall not be able to attend the hearing.

B. At least fifteen (15) calendar days before the hearing, each party shall file the following information with the hearing officer and send copies to the other parties:

(1) the name of each witness that the party shall or may call at the hearing;

(2) a summary of the anticipated direct testimony of each witness and, if the testimony includes expert opinions, a list of documents or other information that provides the bases for those opinions;

(3) an estimate of the length of time for the direct testimony of each witness; and

(4) a list of exhibits that shall or may be offered into evidence at the hearing; in addition, each party shall provide the other parties, but not the hearing officer, with copies of all exhibits that are identified on the exhibit list but have not been provided previously.

C. Parties are encouraged to enter into stipulations of fact to expedite the hearing process. Any stipulations must be filed jointly with the hearing officer at least ten (10) working days before the hearing.

[8.11.5.30 NMAC - N, 10/30/08]

8.11.5.31 SUBPOENAS:

A. Pursuant to Section 28-17-19(C) NMSA 1978, upon the written request of a party, the hearing officer may issue subpoenas to compel attendance of witnesses or production of records in connection with proceedings before the department.

B. In order to subpoena a person who is not a party to the proceedings, or an agent or representative of a party, the party requesting the subpoena shall tender witness fees and mileage to the person subpoenaed in accordance with the terms of Rule 1-045 NMRA.

C. The hearing officer may condition a subpoena to permit the inspection and copying of records upon the party requesting the subpoena paying the person subpoenaed the reasonable cost of inspection and copying in advance.

[8.11.5.31 NMAC - N, 10/30/08]

8.11.5.32 EVIDENCE AND CONDUCT OF HEARING:

A. Hearings shall be conducted as follows:

(1) all hearings shall be open to the public, unless closing a hearing is necessary to protect the privacy of any person who is entitled to privacy protection under federal or state law;

(2) only relevant and material evidence is admissible at hearings; evidence shall be allowed if it is of a type commonly relied upon by reasonably prudent persons in the conduct of serious affairs;

(3) redundant evidence shall be excluded;

(4) witnesses shall be examined orally, under oath or affirmation; the parties and the hearing officer shall have the right to cross-examine witnesses; and

(5) the hearing officer may take official notice of any matter that is among the traditional matters of official or administrative notice, and may take official notice of any matter that is within the department's specialized knowledge; the hearing officer shall inform the parties of any matters officially noticed, and shall afford the parties an opportunity to contest any such matters.

B. The burden of persuasion at the hearing shall be on the adult protective services division, which must prove its case by a preponderance of the evidence unless the case involves allegations of fraud.

C. At the hearing, the adult protective services division shall present its evidence first. If the assessed party wishes to present evidence, it shall proceed second. Thereafter, only the adult protective services division may present rebuttal evidence. Rebuttal evidence shall be confined to the issues raised in the assessed party's presentation of evidence. Each party shall be given an opportunity to offer a final oral or written argument without additional presentation of evidence.

[8.11.5.32 NMAC - N, 10/30/08]

8.11.5.33 RECORD OF HEARING:

A. Unless a hearing is stenographically recorded and the hearing officer orders otherwise, all hearings shall be recorded electronically by audio or audio-video. Any party desiring a copy of the audio or audio-video shall make a written request to the hearing officer and shall pay the cost of preparing a copy.

B. No later than five working days before a hearing, a party may request that the hearing be stenographically recorded at the cost of the requesting party. The request shall be in writing to the hearing officer and shall certify that the party has hired a certified court reporter and made all necessary arrangements for the court reporter to perform his or her job. In addition, the requesting party shall arrange for the court

reporter to deliver two copies of the completed hearing transcript to the hearing officer. A court reporter's transcription becomes official when certified by the hearing officer. The requesting party shall pay the court reporter's fees, including any costs associated with providing the copies of the completed hearing transcript to the hearing officer.

C. Record. The record in a hearing shall consist of the following:

(1) the civil penalty assessment;

(2) the assessed party's request for hearing;

(3) the notice of appointment of the hearing officer;

(4) the notice of hearing;

(5) all pleadings and orders;

(6) any written information requested by the hearing officer and provided to him or her by the parties before the hearing;

(7) all exhibits;

(8) all stipulations;

(9) all statement of matters officially noticed by the hearing officer;

(10) the electronic audio or audio-video recording, or the court reporter's written transcription of the hearing prepared in accordance with this rule;

(11) the hearing officer's recommended decision;

(12) any motions for reconsideration and rulings thereon; and

(13) the secretary's final decision.

[8.11.5.33 NMAC - N, 10/30/08]

8.11.5.34 HEARING OFFICER'S RECOMMENDED DECISION:

A. The hearing officer shall present a written recommended decision to the secretary after the close of the hearing, and shall send copies to the parties. The recommended decision shall be based solely on the record and shall include proposed findings of fact and conclusions of law.

B. Any motions for reconsideration shall be submitted to the hearing officer within five working days from the date of service of the hearing officer's recommended

decision. Such motions shall be decided without a hearing unless the hearing officer orders otherwise.

[8.11.5.34 NMAC - N, 10/30/08]

8.11.5.35 SECRETARY'S FINAL DECISION:

A. The secretary shall issue a final written decision within 10 working days of the receipt of the hearing officer's recommended decision or ruling on a motion for reconsideration. Based upon the evidence in the record, the secretary may affirm, reverse or modify the hearing officer's recommended decision as modified by any subsequent rulings of the hearing officer. The secretary's final decision shall inform the parties of their right to seek judicial review.

B. The secretary shall send copies of the final decision to the parties by certified mail, return receipt requested.

C. When the secretary's final decision affirms a civil penalty assessment by the adult protective services division, the assessed party shall pay the civil penalty to the department within thirty (30) calendar days from the date of the decision. Payment shall be in the form of cash, cashier's check or money order.

[8.11.5.35 NMAC - N, 10/30/08]

8.11.5.36 APPEAL:

A person who is aggrieved by the secretary's final decision may appeal to the district court in accordance with the provisions of Section 39-3-1.1 NMSA 1978 and Rule 1-074 NMRA. The date of filing of the secretary's final decision starts the time limit for appeal.

[8.11.5.36 NMAC - N, 10/30/08]

8.11.5.37 NO AUTOMATIC STAY PENDING JUDICIAL REVIEW:

The filing of a notice of appeal shall not stay the enforcement of the secretary's final decision. Upon a showing of substantial hardship and irreparable harm, the secretary may grant a stay of the final decision pending appeal. The district court may also grant a stay in accordance with the provisions of Rule 1-074 NMRA.

[8.11.5.37 NMAC - N, 10/30/08]

8.11.5.38 ENFORCEMENT OF ORDERS AND PAYMENT IN DEFAULT:

Whenever an assessed party is in default of a civil penalty assessment, the adult protective services division may file an action in district court solely for the purpose of entry of judgment and enforcement of the civil penalty. The district court shall accept the

civil penalty assessment without reviewing the basis for it and shall enter an appropriate judgment or order to enforce the civil penalty assessment.

[8.11.5.38 NMAC - N, 10/30/08]

PART 6: EMPLOYEE ABUSE REGISTRY

8.11.6.1 ISSUING AGENCY:

Aging and Long-Term Services Department.

[8.11.6.1 NMAC - N, 4/28/2006]

8.11.6.2 SCOPE:

This rule applies to a broad range of New Mexico providers of health care and services and employees of these providers who are not licensed health care professionals or certified nurse aides. This rule requires that providers check with the registry and avoid employing any individual on the registry. This rule further requires listing employees with substantiated registry-referred abuse, neglect or exploitation on the registry, following an opportunity for a hearing. This rule supplements other pre-employment screening requirements currently applicable to health care providers, such as the requirement for criminal history screening of caregivers employed by care providers subject to the Caregiver Criminal History Screening Act, Sections 29-17-1 through 29-17-5 NMSA 1978 and that act's implementing rule, 7.1.9 NMAC. It also supplements requirements for pre-employment screening of certified nurse aides applicable to nursing facilities pursuant to 42 CFR Sections 483.75(e) and 488.335 and 16.12.20 NMAC. This rule does not address the consequences of abuse, neglect, or exploitation for which a provider, as distinguished from an employee, is responsible. This rule is meant to compliment department of health rule 7.1.12 NMAC.

[8.11.6.2 NMAC - N, 4/28/2006]

8.11.6.3 STATUTORY AUTHORITY:

This rule is adopted pursuant to the terms of Sections 9-23-6(E) and 28-4-6(B) NMSA 1978, the Adult Protective Services Act, Sections 27-7-1 through 27-7-31 NMSA 1978 and the Employee Abuse Registry Act, Sections 27-7A-1 through 27-7A-8 NMSA 1978.

[8.11.6.3 NMAC - N, 4/28/2006]

8.11.6.4 DURATION:

Permanent.

[8.11.6.4 NMAC - N, 4/28/2006]

8.11.6.5 EFFECTIVE DATE:

April 28, 2006, unless a later date is cited at the end of a section.

[8.11.6.5 NMAC - N, 4/28/2006]

8.11.6.6 OBJECTIVE:

The objective of this rule is to implement the Employee Abuse Registry Act. The rule is intended to provide guidance as to the rights and responsibilities under the Employee Abuse Registry Act of providers, employees of providers, the department of health and the adult protective services division of the aging and long-term services department, and the public including recipients of care and services from providers.

[8.11.6.6 NMAC - N, 4/28/2006]

8.11.6.7 DEFINITIONS:

A. "**Abuse**" means:

(1) knowingly, intentionally or negligently and without justifiable cause inflicting physical pain, injury or mental anguish, and includes sexual abuse and verbal abuse; or

(2) the intentional deprivation by a caretaker or other person of services necessary to maintain the mental and physical health of a person.

B. "**Adjudicated**" means with respect to a substantiated registry-referred complaint, a final determination by the secretary following a hearing, or by a court, that the employee committed abuse, neglect, or exploitation requiring the listing of the employee on the registry.

C. "**APS**" means the adult protective services division of the aging and long-term services department.

D. "**Behavioral change**" means an observable manifestation of psychological, emotional or mental harm, injury, suffering or damage, and includes, but is not limited to, crying, hysterical speech, or disruptions to sleeping, working, eating, speech, nonverbal communications, socially interacting, or other activities which were performed routinely before the harm, injury, suffering, or damage.

E. "**Complaint**" means a report of adult abuse, neglect or exploitation received by APS that falls within APS's mandate to investigate.

F. "**Custodian**" means the person assigned by the secretary of the department of health to maintain the registry in accordance with the Employee Abuse Registry Act.

G. "**Department**" means the aging and long-term services department.

H. "**Direct care**" means face-to-face services provided or routine and unsupervised physical or financial access to a recipient of care or services.

I. "**Employee**" means a person employed by or on contract with a provider, either directly or through a third party arrangement to provide direct care. "Employee" does not include a New Mexico licensed health care professional practicing within the scope of the professional's license or a certified nurse aide practicing as a certified nurse aide.

J. "**Exploitation**" means an unjust or improper use of a person's money or property for another person's profit or advantage, pecuniary or otherwise.

K. "**Investigation**" means a systematic fact finding process that has as its goal the gathering of all information relevant to making a determination whether an incident of abuse, neglect or exploitation occurred.

L. "**Licensed health care professional**" means a person who is required to be licensed, and is licensed, by a New Mexico health care professional licensing board or authority, and the issuance of whose professional license is conditioned upon the successful completion of a post secondary academic course of study resulting in a degree or diploma, including physicians and physician assistants, audiologists, acupuncture practitioners, dentists, registered nurses, licensed practical nurses, chiropractors, pharmacists, podiatrists, certified nurse-midwife, nurse practitioners, occupational therapists, optometrists, respiratory therapists, speech language pathologists, pharmacists, physical therapists, psychologists and psychologist associates, dietitians, nutritionists and social workers.

M. "**Manager**" means the person designated by the secretary of the department of health to manage the employee abuse registry program pursuant to the Employee Abuse Registry Act.

N. "**Mental anguish**" means a relatively high degree of mental pain and distress that is more than mere disappointment, anger, resentment or embarrassment, although it may include all of these and includes a mental sensation of extreme or excruciating pain.

O. "**Neglect**" means, subject to a person's right to refuse treatment and subject to a provider's right to exercise sound medical discretion, the failure of an employee to provide basic needs such as clothing, food, shelter, supervision, protection and care for the physical and mental health of a person or failure by a person that may cause physical or psychological harm. Neglect includes the knowing and intentional failure of an employee to reasonably protect a recipient of care or services from nonconsensual, inappropriate or harmful sexual contact, including such contact with another recipient of care or services.

P. "**Provider**" means an intermediate care facility for the mentally retarded; a rehabilitation facility; a home health agency; a homemaker agency; a home for the aged or disabled; a group home; an adult foster care home; a case management entity that provides services to elderly people or people with developmental disabilities; a corporate guardian; a private residence that provides personal care, adult residential care or natural and surrogate family services provided to persons with developmental disabilities; an adult daycare center; a boarding home; an adult residential care home; a residential service or habilitation service authorized to be reimbursed by medicaid; any licensed or medicaid-certified entity or any program funded by the aging and long-term services department that provides respite, companion or personal care services; programs funded by the children, youth and families department that provide homemaker or adult daycare services; and any other individual, agency or organization that provides respite care or delivers home- and community-based services to adults or children with developmental disabilities or physical disabilities or to the elderly, but excluding a managed care organization unless the employees of the managed care organization provide respite care, deliver home- and community-based services to adults or children with developmental disabilities or physical disabilities or to the elderly.

Q. "**Registry**" means the Employee Abuse Registry, an electronic database operated by the department of health that maintains current information on substantiated registry-referred employee abuse, neglect or exploitation, including the names and identifying information of all employees who, during employment with a provider, engaged in a substantiated registry-referred or an adjudicated incident of abuse, neglect or exploitation involving a recipient of care or services from a provider as established by department of health rule 7.1.12 NMAC.

R. "**Reporter**" means a person who or an entity that reports possible abuse, neglect or exploitation to APS.

S. "**Secretary**" means the secretary of the department.

T. "**Sexual abuse**" means the inappropriate touching of a recipient of care or services by an employee for sexual purpose or in a sexual manner, and includes kissing, touching the genitals, buttocks, or breasts, causing the recipient of care or services to touch the employee for sexual purpose, or promoting or observing for sexual purpose any activity or performance involving play, photography, filming or depiction of acts considered pornographic.

U. "**Substantiated**" means the verification of a complaint based upon a preponderance of reliable evidence obtained from an appropriate investigation of a complaint of abuse, neglect, or exploitation.

V. "**Substantiated registry-referred**" means a substantiated complaint that satisfies the severity standard for referral of the employee to the registry.

W. "**Unsubstantiated**" means that that the complaint's alleged abuse, neglect or exploitation did not or could not have occurred, or there is not a preponderance of reliable evidence to substantiate the complaint, or that there is conflicting evidence that is inconclusive.

X. "**Verbal abuse**" means profane, threatening, derogatory, or demeaning language, spoken or conveyed by an employee with the intent to cause pain, distress or injury, and which does cause pain, distress or injury as objectively manifested by the recipient of care or services.

[8.11.6.7 NMAC - N, 4/28/2006]

8.11.6.8 REGISTRY ESTABLISHED; PROVIDER INQUIRY REQUIRED:

The department of health has established and maintains an accurate and complete electronic registry that contains the name, date of birth, address, social security number, and other appropriate identifying information of all persons who, while employed by a provider, have been determined to have engaged in a substantiated registry-referred incident of abuse, neglect or exploitation of a person receiving care or services from a provider.

A. Provider requirement to inquire of registry. A provider, prior to employing or contracting with an employee, shall inquire of the registry whether the individual under consideration for employment or contracting is listed on the registry.

B. Prohibited employment. A provider may not employ or contract with an individual to be an employee if the individual is listed on the registry as having a substantiated registry-referred incident of abuse, neglect or exploitation of a person receiving care or services from a provider.

C. Applicant's identifying information required. In making the inquiry to the registry prior to employing or contracting with an employee, the provider shall use identifying information concerning the individual under consideration for employment or contracting sufficient to reasonably and completely search the registry, including the name, address, date of birth, social security number, and other appropriate identifying information required by the registry.

D. Documentation of inquiry to registry. The provider shall maintain documentation in the employee's personnel or employment records that evidences the fact that the provider made an inquiry to the registry concerning that employee prior to employment. Such documentation must include evidence, based on the response to such inquiry received from the custodian by the provider, that the employee was not listed on the registry as having a substantiated registry-referred incident of abuse, neglect or exploitation.

E. Documentation for other staff. With respect to all employed or contracted individuals providing direct care who are licensed health care professionals or certified nurse aides, the provider shall maintain documentation reflecting the individual's current licensure as a health care professional or current certification as a nurse aide.

F. Consequences of noncompliance. The department of health or other governmental agency having regulatory enforcement authority over a provider may sanction a provider in accordance with applicable law if the provider fails to make an appropriate and timely inquiry of the registry, or fails to maintain evidence of such inquiry, in connection with the hiring or contracting of an employee; or for employing or contracting any person to work as an employee who is listed on the registry. Such sanctions may include a directed plan of correction, civil monetary penalty not to exceed five thousand dollars ($5000) per instance, or termination or non-renewal of any contract with the department or other governmental agency.

[8.11.6.8 NMAC - N, 4/28/2006]

8.11.6.9 COMPLAINTS:

Section 27-7-30 NMSA 1978 requires anyone reasonably suspecting adult abuse, neglect or exploitation to immediately file a complaint with APS. APS has established a centralized intake system for receiving such complaints. A complaint may be made orally or in writing. To the extent possible, a complaint shall include the following information: the name, age and address of the adult; the name and address of any other person responsible for the adult's care; the nature and extent of the adult's condition; the basis of the reporter's knowledge; and other relevant information.

[8.11.6.9 NMAC - N, 4/28/2006]

8.11.6.10 COMPLAINT PROCESSING:

APS will investigate all complaints in accordance with its policies and procedures and render an investigative decision.

A. If a complaint relates to an employee of a provider that is not licensed by or covered under contract by the department of health, APS's investigative decision shall indicate whether the allegations against the employee are:

(1) unsubstantiated;

(2) substantiated; or

(3) substantiated registry-referred.

B. If a complaint relates to an employee of a provider that is licensed by or covered under contract by the department of health, APS shall not make a registry referral

determination. APS's investigative decision shall simply indicate whether the allegations against the employee are:

(1) unsubstantiated; or

(2) substantiated.

C. Nothing in this section shall be interpreted as precluding APS from contacting any other government agency about a complaint, including but not limited to contacting the department of health and initiating a report, or contacting law enforcement or the attorney general or a district attorney's office for criminal prosecution.

[8.11.6.10 NMAC - N, 4/28/2006]

8.11.6.11 SEVERITY STANDARD:

If a complaint relates to an employee of a provider that is not licensed by or covered under contract by the department of health, APS shall make a determination of the severity of substantiated complaints of abuse, neglect or exploitation for the purpose of deciding if the employee is to be referred for placement on the registry. The determination of the severity of the substantiated complaint of abuse, neglect or exploitation is based upon application of the severity standards in this section. A substantiated complaint that satisfies the severity standard in this section is a substantiated registry-referred complaint. A substantiated complaint that does not satisfy the severity standard in this section will not be referred to the registry. Severity is determined by assessing the impact of the substantiated abuse, neglect, or exploitation on the recipient of care or services, and by assessing the employee for aggravating factors.

A. Abuse. A substantiated complaint of abuse meets the severity standard if:

(1) the abuse results in, or is a contributing factor to, death;

(2) the abuse results in the infliction of a significant, identifiable physical injury that reasonably requires or results in medical or behavioral intervention or treatment;

(3) the abuse results in any injury for which criminal charges are brought against the employee resulting in a plea or conviction;

(4) the abuse results in the infliction of excruciating pain or pain that endures over a significant time period;

(5) the abuse causes significant mental anguish as evidenced by the victim's descriptions, or significant behavioral changes;

(6) the abuse is sexual abuse; or

(7) the abuse is verbal abuse that causes significant mental anguish, including psychological or emotional damage, and which is evidenced by significant behavioral changes or physical symptoms.

B. Neglect. A substantiated complaint of neglect meets the severity standard if:

(1) the neglect results in, or is a contributing factor to, death;

(2) the neglect results in the infliction of a significant, identifiable physical injury that reasonably requires or results in medical or behavioral intervention or treatment;

(3) the neglect results in any injury for which criminal charges are brought against the employee resulting in a plea or conviction;

(4) the neglect results in the infliction of excruciating pain or pain that endures over a significant time period; or,

(5) the neglect causes significant mental anguish as evidenced by the victim's descriptions, or significant behavioral changes.

C. Exploitation. A substantiated complaint of exploitation meets the severity standard where unjust or improper use of the money or property belonging to the recipient of care or services results in:

(1) a single instance of an objectively quantifiable loss, the value of which exceeds the lesser of either:

(a) twenty five dollars ($25); or,

(b) twenty five percent (25%) of the monthly income available to the recipient of care or services for purchasing personal items or discretionary spending; or

(2) a subjectively substantial loss to the recipient of care or services due to a special attachment to the property, as demonstrated by anger, fear, frustration, depression or behavioral changes caused by the loss.

D. Aggravating factors. A substantiated complaint of abuse, neglect or exploitation meets the severity standard requiring referral of the employee for placement on the registry where:

(1) the employee used alcohol or a controlled substance at or near the time of the substantiated abuse, neglect or exploitation; or

(2) the employee used, brandished or threatened to use, a weapon in connection with the substantiated abuse, neglect or exploitation.

[8.11.6.11 NMAC - N, 4/28/2006]

8.11.6.12 PROVIDER COOPERATION:

In accordance with Section 27-7-19 NMSA 1978 and as allowed by law or contract:

A. Access to provider. The provider shall provide APS investigators with immediate physical access to the provider's entire facility or its service delivery sites. The investigators may require such access during any or all shifts.

B. Access to provider records. The provider shall provide APS investigators with immediate access to all information obtained as a result of the provider's own internal investigation of the matters that form the basis of the complaint, including but not limited to written statements, interviews, affidavits, physical items, medical information, electronic and computer data, and photographic information.

C. Interviews. APS investigators shall have a reasonable opportunity to conduct confidential interviews with any person who may have relevant information relating to the complaint, including employees and other staff including licensed health care professionals and certified nurse aides, other licensed health care professionals and other provider staff, recipients of care or services from the provider and their family members, guardians, health care decision makers and friends.

D. Physical access to recipients of care and services. The provider shall allow APS investigators reasonable access to individuals receiving care or services from the provider when such investigators announce that they are investigating a complaint. Such access may be telephonic or face-to-face.

E. Access to the provider's records, patient trust accounts and patient property. The provider shall provide APS investigators with immediate access to the provider's billing records, patient trust accounts, representative payee records, patient care and medical records, and patient property. In addition the provider must assure access to employee and personnel records, including documentation showing provider inquiry to the registry.

F. Copying. The access required to be provided to APS investigators includes copying paper documents and printing and copying electronic and computer records or data. Copied documents shall be retained in accordance with applicable state retention policies.

G. Consequences of provider's denial of cooperation. The department of health shall administer sanctions for a provider's failure to comply with the Employee Abuse Registry Act, including failure to provide access as required herein to conduct investigations of complaints, and such sanctions include a directed plan of correction, a civil monetary penalty not to exceed five thousand dollars ($5,000), or such sanctions as are available under applicable contract or licensing provisions. Pursuant to Section

27-7-30 NMSA 1978, any person interfering with an APS investigation is guilty of a misdemeanor.

[8.11.6.12 NMAC - N, 4/28/2006]

8.11.6.13 NOTIFICATION FOLLOWING INVESTIGATION:

A. Notification to provider and employee. If APS determines, following an investigation, that an instance of either substantiated or substantiated registry-referred employee abuse, neglect, or exploitation has occurred, then APS shall promptly notify the employee and the provider.

B. Required information for substantiated registry-referred complaints. The notice to the provider and employee for substantiated registry-referred complaints shall be by certified mail and shall include the following information:

(1) the nature of the abuse, neglect, or exploitation;

(2) the date and time of the occurrence;

(3) whether the abuse, neglect or exploitation was the result of conduct by the employee, the provider or both;

(4) the right to request a hearing, and the time and manner for requesting a hearing;

(5) the fact that the substantiated registry-referred findings will be reported to the registry, once the employee has had an opportunity for a hearing; and

(6) the failure by the employee to request a hearing in writing within thirty (30) calendar days from the date of the notice shall result in the reporting of the substantiated findings to the registry and the provider.

C. Required information for substantiated complaints. The notice to the provider and employee for substantiated complaints may be by mail or by email and shall include the following information:

(1) the nature of the abuse, neglect, or exploitation;

(2) the date and time of the occurrence;

(3) whether the abuse, neglect or exploitation was the result of conduct by the employee, the provider or both;

(4) the fact that the substantiated complaint was not sufficiently severe to warrant reporting the employee to the registry; and

(5) the fact that the employee may not request a hearing.

D. Unsubstantiated complaints. Notice of a determination that an investigated complaint is unsubstantiated shall be mailed or emailed to the provider and employee following such determination.

E. APS notification to the department of health. APS shall notify the department of health of substantiated complaints of abuse, neglect and exploitation. APS shall also specifically notify the manager of substantiated registry-referred complaints of abuse, neglect and exploitation.

[8.11.6.13 NMAC - N, 4/28/2006]

8.11.6.14 HEARINGS:

Hearings are provided to employees by the department or the department of health, depending upon whether APS or the department of health made the registry referral determination. This section provides rules applicable to hearings held by the department.

A. Request for hearing. An employee may request an evidentiary hearing if the employee is notified that as a result of substantiated registry-referred findings of abuse, neglect, or exploitation the employee will be reported to the registry. The request for hearing shall be made to the department. A provider may not request a hearing pursuant to the Employee Abuse Registry Act. The following applies to hearings properly requested of the department.

(1) The request for a hearing shall be in writing and mailed or delivered to the Aging and Long-Term Services Department, Adult Protective Services Division, 625 Silver SW, Suite 400, Albuquerque, New Mexico 87102; or to an alternative address if set forth in the notice.

(2) The request for hearing shall include a copy of the notice.

(3) The request for hearing must be mailed or hand-delivered no later than thirty (30) calendar days after the date of the notice.

B. Scheduling order. The department, or the hearing officer, shall issue a scheduling order that sets the hearing at a location reasonably convenient for the employee and at a date and time reasonably convenient to the parties. The scheduling order shall establish deadlines for completion of discovery and provide for the filing of a confidentiality order. The hearing shall be scheduled within thirty (30) calendar days following the department’s receipt of the request for hearing. Either party may request a continuance of the hearing for good cause. If a hearing is continued it shall be rescheduled at the earliest date and time available to the parties.

C. Hearing officer. The hearing will be conducted before an impartial and independent hearing officer of the department. The hearing officer is not required to be an attorney. Upon appointment, the hearing officer shall establish an official file of the case. The hearing officer shall resolve all prehearing matters, including amendment of the scheduling order, schedule and conduct prehearing conferences, rule on prehearing motions, and resolve discovery disputes. The hearing officer will preside over the hearing and allow each party an opportunity to present its case, and shall resolve all motions, evidentiary issues and other matters as may be necessary. Within thirty (30) calendar days of the conclusion of the hearing the hearing officer will issue a report and recommended decision to the secretary.

D. Parties. The parties to the hearing are APS and the employee. Each party may be represented by an attorney.

E. Confidentiality. The hearing officer shall require the filing of an appropriate signed confidentiality order in which each party agrees to maintain and protect the confidentiality of all individually identifiable health information that is, or may be, used or disclosed at any time during the course of the entire proceeding in accordance with applicable state and federal law and regulations. Refusal or failure to sign an appropriate confidentiality order constitute grounds for denying discovery to the non-signing party, limiting the number and testimony of the non-signing party's witnesses, limiting the admission of evidence that discloses individually identifiable health information, and the imposition of other appropriate measures to limit the scope of disclosure of individually identifiable health information to the non-signing party.

F. Discovery.

(1) Exhibit and witness lists will be exchanged between the parties and provided to the hearing officer prior to the hearing by the parties in accordance with the scheduling order, any prehearing order, or by agreement of the parties. The witness list shall include a summary of the subject matter of the anticipated testimony of each witness listed.

(2) No depositions are allowed except by order of the hearing officer upon a showing that the deposition is necessary to preserve the testimony of persons who are sick or elderly, or persons who will not be able to attend the hearing. Pursuant to provisions in the scheduling order or upon agreement of the parties, and with the consent of the witness if the witness is not employed by the department or another governmental entity, a party may interview witnesses identified by the other party at a reasonable time and in a reasonable manner.

(3) Production of documents. Upon request by the employee, APS shall provide a copy of the investigation to the employee. The parties may request the production of other relevant documents in accordance with the scheduling order or other discovery order.

G. Hearing procedures. The hearing shall be closed to the public. The hearing officer shall conduct the hearing in an efficient and orderly manner that respects the rights of the parties to present their cases. The hearing officer shall maintain proper decorum and shall assure that all participants in the hearing are courteous to one another. The hearing officer is authorized to resolve motions and other disputes before and during the hearing.

(1) Recording. The hearing officer will cause a record to be made of the hearing and retained in the official file. Generally such record is made by use of commonly available audio recording technology. A log of the recording shall be maintained.

(2) Order of presentation at hearing. APS shall present its case, the employee shall present the employee's case, and APS may present its rebuttal case.

(3) Public. The hearing is a closed, nonpublic hearing.

(4) Evidence. The New Mexico Rules of Evidence do not apply, although they may be referred to for guidance as to type of evidence that may be admitted. Generally, evidence shall be admitted if is of a type relied upon by reasonable persons in the conduct of important affairs. Proffered evidence may be excluded if it is not relevant, or is repetitious or cumulative.

(5) Telephonic testimony. Upon timely notice to the opposing party and the hearing officer and with the approval of the hearing officer, the parties may present witnesses by telephone, or live video.

(6) Recommended decision. The hearing officer shall issue a recommended decision to the secretary within (30) days of the closing of the hearing.

(7) The department shall maintain the official record of the hearing, which shall include the recommendation of the hearing officer and the secretary's adjudicated decision.

(8) The department shall make available to the custodian a copy of the official record of the hearing upon request.

H. Secretary's decision. Within ten (10) business days of receipt of the hearing officer's recommendation, the secretary shall issue a final decision, and promptly provide the parties and the custodian with a copy. If the decision of the secretary finds that the employee was responsible for abuse, neglect or exploitation of sufficient severity for referral to the registry, it shall be the adjudicated decision of abuse, neglect or exploitation.

I. Judicial review. An employee may appeal the secretary's adjudicated decision of abuse, neglect or exploitation to the district court pursuant to the provisions of

Section 39-3-1.1 NMSA 1978. The custodian will enter the employee's name into the registry within two (2) working days following receipt of the adjudicated decision. The custodian shall promptly remove the employee from the registry upon the receipt of an order issued by the district court granting a stay pending the outcome of the appeal, or upon the receipt of a district court order reversing the adjudicated decision.

J. Court of Appeals. If the employee seeks review in the court of appeals by writ of certiorari, the employee shall remain on the registry, unless a stay is granted or the court of appeals reverses the district court. If a stay is granted or the court of appeals reverses, notification shall be made to the custodian who shall promptly remove the employee from the registry.

[8.11.6.14 NMAC - N, 4/28/2006]

8.11.6.15 NOTIFICATION TO THE CUSTODIAN:

APS shall promptly provide all required employee information to the custodian of the final disposition of complaints of substantiated registry-referred abuse, neglect or exploitation after the occurrence of each of the following.

A. No hearing requested. The employee has not requested an administrative hearing within thirty (30) calendar days after the date of the notice to the employee following an investigation resulting in the determination of substantiated registry-referred abuse, neglect, or exploitation.

B. Adjudication of abuse, neglect or exploitation. The employee has not filed for review in the district court pursuant to the provisions of Section 39-3-1.1 NMSA 1978 after thirty (30) calendar days following the date of the final administrative adjudication decision of employee abuse, neglect or exploitation of sufficient severity for registry referral.

C. Judicial decision. Upon the receipt by APS of a district court order or decision sustaining the administrative adjudication decision of abuse, neglect or exploitation of sufficient severity for registry referral, if an employee seeks judicial review in the district court.

D. Court of Appeals. If the employee seeks review in the court of appeals by writ of certiorari, the employee shall remain on the registry, unless a stay is granted or the court of appeals reverses the district court. If a stay is granted or the court of appeals reverses, then notification shall be made to the custodian who shall promptly remove the employee from the registry.

[8.11.6.15 NMAC - N, 4/28/2006]

8.11.6.16 ENTRY ON THE REGISTRY:

The custodian shall provide the employee and the provider for whom the employee worked with notice of the employee's listing on the registry. The following employees will be listed on the registry by the custodian.

A. No hearing requested. Any employee determined to have committed substantiated registry-referred abuse, neglect or exploitation who does not request an administrative hearing within thirty (30) calendar days after the date of the notice to the employee.

B. Adjudicated decision. Any employee who, after thirty (30) calendar days following the date of an adjudicated decision of abuse, neglect or exploitation, has not filed for review in the district court pursuant to the provisions of Section 39-3-1.1 NMSA 1978.

C. Judicial decision. Any employee for whom a district court has entered an order or decision sustaining an administrative adjudication of abuse, neglect or exploitation.

D. Court of Appeals. Any employee who seeks review in the court of appeals by writ of certiorari shall remain listed on the registry, unless a stay is granted pending the outcome of the case, or the court of appeals reverses the district court. If a stay is granted or the court of appeals reverses the district court, then the custodian shall promptly remove the employee from the registry.

[8.11.6.16 NMAC - N, 4/28/2006]

8.11.6.17 REMOVAL FROM THE REGISTRY:

After a period of three years from the effective date of placement on the registry, an individual on the registry may petition the department of health for removal from the registry in accordance with the terms of department of health rule 7.1.12 NMAC.

[8.11.6.17 NMAC - N, 4/28/2006]

8.11.6.18 CONFIDENTIALITY:

The department complies with all state and federal confidentiality requirements regarding information obtained in connection with the operation of the Employee Abuse Registry program, including the Health Insurance Portability and Accountability Act of 1996 (HIPAA).

A. Confidentiality of information. Information obtained by APS involving incidents or situations of suspected abuse, neglect or exploitation is confidential, and is not subject to public inspection until completion of all investigations and hearings, and then only to the extent specifically permitted by law and only such information that does not identify individuals who are receiving care or services from providers.

B. Unsubstantiated complaints. Complaints of suspected abuse, neglect or exploitation obtained by APS that are not substantiated following investigation are not public information, and are not subject to public inspection.

C. Substantiated complaints. Complaints of suspected abuse, neglect or exploitation obtained by APS that are substantiated following investigation are subject to public inspection only to the extent permitted by law and the disclosure may not include any identifying information about an individual who is receiving health care services from a provider.

D. Permitted disclosures. Nothing herein shall restrict an appropriate disclosure of information to the centers for medicare and medicaid services; nor shall any provision herein restrict disclosures to law enforcement officials, including the attorney general, district attorneys and courts, in accordance with the Adult Protective Services Act and the Resident Abuse and Neglect Act or other law.

[8.11.6.18 NMAC - N, 4/28/2006]

8.11.6.19 CONFLICTS WITH 7.1.12 NMAC:

To the extent any provisions of this rule conflict with department of health rule 7.1.12 NMAC, department employees shall be governed by the terms of this rule.

[8.11.6.19 NMAC - N, 4/28/2006]

CHAPTER 12: LEGAL ASSISTANCE [RESERVED]

CHAPTER 13: ASSISTANCE TO COMMUNITIES [RESERVED]

CHAPTER 14: JUVENILE JUSTICE

PART 1: GENERAL PROVISIONS

8.14.1.1 ISSUING AGENCY:

Children, Youth and Families Department.

[8.14.1.1 NMAC - Rp, 8.14.1.1 NMAC, 6/1/2010]

8.14.1.2 SCOPE:

This rule applies to clients and staff of the juvenile justice division, also referred to as juvenile justice services, of the CYFD.

[8.14.1.2 NMAC - Rp, 8.14.1.2 NMAC, 6/1/2010]

8.14.1.3 STATUTORY AUTHORITY:

Sections 32A-1-1 et seq., 32A-2-1 et seq., 32A-3-1 et seq., 32A- 4-1 et seq., 32A-11-1 et seq., 32A-15-1 et seq. NMSA 1978 Comp., as amended.

[8.14.1.3 NMAC - Rp, 8.14.1.3 NMAC, 6/1/2010]

8.14.1.4 DURATION:

Permanent.

[8.14.1.4 NMAC - Rp, 8.14.1.4 NMAC, 6/1/2010]

8.14.1.5 EFFECTIVE DATE:

June 1, 2010, unless a later date is cited at the end of a section.

[8.14.1.5 NMAC - Rp, 8.14.1.5 NMAC, 6/1/2010]

8.14.1.6 OBJECTIVE:

To establish standards and guidelines for programs which serve the best interest of the clients, persons and property under the supervision or in the custody of the department, including implementation of Cambiar New Mexico. This rule further establishes guidelines to address the safety of clients and staff and for the protection of department resources. This rule emphasizes the value and importance of staff in the delivery of services to our clients.

[8.14.1.6 NMAC - Rp, 8.14.1.6 NMAC, 6/1/2010]

8.14.1.7 DEFINITIONS:

A. "Cambiar (Change) New Mexico" refers to the name designated by the children, youth and families department (CYFD) for its juvenile justice reform initiative that focuses on rehabilitation and relationships. Clients and juvenile justice services' staff members build one-on-one relationships with each other and learn to interact in a completely different way then the old "correctional" model. Group building activities designed to build trust and communication are key components as well as family and community involvement.

B. "Client" refers to a person who is committed to the custody of CYFD's juvenile justice services or who is receiving services from juvenile justice services.

C. "Critical self analysis" refers to an office of general counsel (OGC) review of a specific serious client or staff related incident.

D. "Department" refers to the New Mexico children, youth and families department.

E. "Director" refers to the juvenile justice services director.

F. "Facility" refers to a facility operated by, or on behalf of CYFD's juvenile justice services, or any other facility or location designated by the juvenile justice services' director to house or provide care to clients committed to the custody of CYFD.

G. "Juvenile justice services" or "juvenile justice division" refers to the organizational unit within CYFD that operates juvenile justice facilities, and provides other services under the Delinquency Act, NMSA 1978 section 32A-2-1 et seq.

H. "Media" refers to representatives of general circulation newspapers or news magazines sold through newsstands or mail subscriptions to the general public; representatives of news programs of radio and television stations that hold federal communications commission licenses; or news services that provide material to these news outlets.

I. "Secretary" refers to the secretary of CYFD.

J. "Secure facility" refers to Camino Nuevo youth center, J. Paul Taylor center, youth diagnostic and development center or any other facility designated a secure facility by the director of juvenile justice services.

K. "Staff" refers to employee(s) of CYFD.

L. "Superintendent" refers to the chief administrator at a JJS facility.

M. "Youth care specialist" refers to juvenile justice services security employees whose primary duties include working directly with clients.

[8.14.1.7 NMAC - N, 6/01/2010]

8.14.1.8 GENERAL PROVISIONS:

Juvenile justice services maintains a body of policies and procedures that establishes its mission, goals, objectives, and standard operating practices.

[8.14.1.8 NMAC - N, 6/1/2010]

8.14.1.9 MISSION:

CYFD believes in the strengths and resiliency of families who are our partners and for whom we advocate to enhance their safety and well-being. CYFD respectfully serves and supports children and families and supervises youth in a responsive, community-based system of care that is client-centered, family-focused and culturally competent. CYFD partners with communities to strengthen families in New Mexico to be productive and self-sufficient. Juvenile justice services' focus is on rehabilitation and regionalization, and on Cambiar New Mexico, which emphasizes rehabilitation and regionalization.

[8.14.1.9 NMAC - N, 6/1/2010]

8.14.1.10 ORGANIZATION:

Juvenile justice services maintains an organizational structure providing a clear picture of its roles and responsibilities to the public and the roles and responsibilities of its employees. Juvenile justice services also groups similar functions together, establishes lines of authority, maintains an effective span of control, and promotes two-way channels of communication.

[8.14.1.10 NMAC - N, 6/1/2010]

8.14.1.11 NON-DISCRIMINATION:

All services and licenses are provided in accordance with federal and state constitutional, statutory and regulatory requirements. Except as otherwise stated, the department and any contract provided service and license shall be without regard to age, gender, race, religion, disability, marital status, or tribal affiliation in accordance with the law.

[8.14.1.11 NMAC - N, 6/1/2010]

8.14.1.12 INTERAGENCY RELATIONSHIPS:

Juvenile justice services works with, and when appropriate shares information with, other service programs within CYFD and other state agencies to enhance the provision of services to clients.

[8.14.1.12 NMAC - Rp, 8.14.1.9 NMAC, 6/1/2010]

8.14.1.13 REGULATIONS, POLICIES AND PROCEDURES:

Juvenile justice services maintains a manual of policies and procedures directing its operations, invites public comment as required by law, and conducts annual reviews on the effectiveness of its polices and procedures.

[8.14.1.13 NMAC - Rp, 8.14.1.11 NMAC, 6/1/2010]

8.14.1.14 PUBLIC INFORMATION AND MEDIA ACCESS:

The department's director of communications or public information officer respond to inquiries from the media. Unless authorized by the director or public information officer, staff members do not communicate with the media as a representative of the department regarding CYFD matters.

[8.14.1.14 NMAC - N, 6/1/2010]

8.14.1.15 POLITICAL ACTIVITIES:

Juvenile justice services guidelines for political activities is guided by CYFD's policy and procedure, State Personnel Act and state personnel board rules.

[8.14.1.15 NMAC - N, 6/1/2010]

8.14.1.16 CRITICAL SELF ANALYSIS:

CYFD may conduct an internal review of any critical situation in which self-analysis is determined to be appropriate. Critical self-analysis is confidential and privileged and not for publication or release. Unauthorized disclosure of critical self analysis documentation and content is grounds for discipline, including termination.

[8.14.1.16 NMAC - Rp, 8.14.1.35 NMAC, 6/1/2010]

8.14.1.17 LEGAL COUNSEL:

CYFD's office of general counsel is available to review policies, procedures and practices to ensure they are consistent with federal and New Mexico state statutes, regulations and relevant court decisions. The office of general counsel is also available to assist juvenile justice services employees as needed in the performance of their duties.

[8.14.1.17 NMAC - N, 6/1/2010]

8.14.1.18 CLEAN INDOOR AIR ACT:

Juvenile justice services buildings, offices and work areas comply with the Dee Johnson Clean Indoor Air Act. All employees, clients and visitors will be notified of any designated tobacco free or tobacco use zones.

[8.14.1.18 NMAC - N, 6/1/2010]

8.14.1.19 CHILD ADVOCACY GROUPS:

Approved advocacy personnel have access to staff members, administrators, clients and client records. Facility superintendents are responsible for ensuring that staff who have contact with clients sign a copy of the department approved form called "acknowledgement of receipt and understanding" pertaining to advocacy groups and that these signed forms become a part of the of the employee's personnel file.

[8.14.1.19 NMAC - Rp, 8.14.1.45 NMAC, 6/1/2010]

8.14.1.20 PROCEDURES:

The juvenile justice services director will make appropriate internal procedures available to the public but reserves the right to add, delete or modify internal procedures without notice or comment in furtherance of the mission and goals of the department or service area.

[8.14.1.20 NMAC - N, 6/1/2010]

PART 2: PROBATION AND AFTERCARE SERVICES

8.14.2.1 ISSUING AGENCY:

New Mexico Children, Youth and Families Department.

[8.14.2.1 NMAC - Rp, 8.14.2.1 NMAC, 07/31/2009]

8.14.2.2 SCOPE:

This rule applies to the youth and family services (YFS) employees of the children, youth and families department (CYFD) charged with the supervision and planning functions of probation and aftercare/ services for youth released from juvenile justice facilities. These employees are known as juvenile probation officers (JPO).

[8.14.2.2 NMAC - Rp, 8.14.2.2 NMAC, 07/31/2009]

8.14.2.3 STATUTORY AUTHORITY:

Chapters 32A-1-1, et seq., 32A-2-1 et seq., 32A-3-1, et seq., 32A-3A-1 et seq., 32A-4-1 et seq., 32A-6-1 et seq., 32A-7-1 et seq., 32A-9-1 et seq., 32A-10-1 et seq., 32A-11-1 et seq., 32A-12-1 et seq., 32A-13-1 et seq., 32A-17-1 et seq., 32A-21-1 et seq. NMSA 1978 Comp., as amended. Supreme Court Rules: 10-201, 10-202,10-203,10-206, 10-207,10-208, 10-209, 10-211, 10-229, 10-231.

[8.14.2.3 NMAC - Rp, 8.14.2.3 NMAC, 07/31/2009]

8.14.2.4 DURATION:

Permanent.

[8.14.2.4 NMAC - Rp, 8.14.2.4 NMAC, 07/31/2009]

8.14.2.5 EFFECTIVE DATE:

July 31, 2009 unless a later date is cited at the end of a section.

[8.14.2.5 NMAC - Rp, 8.14.2.5 NMAC, 07/31/2009]

8.14.2.6 OBJECTIVE:

To provide for a coordinated continuum of services for the client and family and to establish guidelines for juvenile probation and aftercare services for youth exiting a juvenile justice facility requiring supervision.

[8.14.2.6 NMAC - Rp, 8.14.2.6 NMAC, 07/31/2009]

8.14.2.7 DEFINITIONS:

A. Absconder refers to a client on probation or supervised release that leaves the jurisdiction without permission or an escapee or runaway from a placement.

B. Adjudication refers to a judicial determination that a juvenile has committed a delinquent act.

C. Adjudicatory hearing refers to children's court hearing to decide whether the evidence supports the allegations of a petition, i.e., whether a delinquent act has been committed.

D. Affidavit for warrant refers to a sworn statement submitted to the court detailing the basis for the warrant request including information regarding efforts to locate the subject of the warrant.

E. Aftercare refers to supervised release case management provided to clients released from juvenile justice facilities and treatment programs.

F. Arrest warrant refers to a warrant issued from district court ordering that a client be taken into custody.

G. Children's court attorney (CCA) refers to each district attorney who is the children's court attorney for the judicial district (Section 32A-1-6A NMSA 1978).

H. Classification refers to an assessment of the client's risk, needs and strengths to determine the level of supervision of clients receiving community supervision.

I. Client family baseline assessment refers to a written report by the juvenile probation officer that identifies the client's delinquent history and the strengths and needs of the client and family.

J. Conditional release refers to a client's release from detention under court ordered requirements related to behavior, activities or movement.

K. Delinquent act refers to an act committed by a juvenile that would be designated as a crime under the law if committed by an adult.

L. Detention refers to the temporary care of juveniles alleged to be delinquent who require secure custody in facility certified for that purpose by the department (Section 32A-2-4 NMSA 1978).

M. Electronic monitoring (EM) refers to the use of an electronic device to monitor the movement and location of an individual.

N. Facility release panel (panel) is the departmental secretary-designated releasing authority that considers juveniles for supervised release.

O. A FINS refers to families in need of services (Section 32A-3A-2 NMSA 1978).

P. Family automated client tracking (FACTS) refers to the CYFD computer database in which client information is maintained.

Q. Informal probation refers to a period of voluntary non-judicial supervision that does not exceed a specified duration. Conditions for successful completion of the period of informal supervision are defined in the individualized plan of care.

R. Intake refers to the assessment of services and supervision required for an individual referred to youth and family services and those activities associated with placing a client on probation, supervised release or receiving a client at a juvenile justice facility.

S. Interstate compact on juveniles refers to a voluntary agreement between the states and territories of the United States to provide for the welfare and protection of juveniles and the public with respect to supervision of delinquent juveniles on probation or supervised release, the return of delinquent juveniles who have escaped or absconded, the return of non-delinquent juveniles who have run away from home, and additional measures for the protection of juveniles and the public (Section 32A-10-1, NMSA, 1978).

T. Juvenile probation refers to a court-ordered sanction and disposition which places an adjudicated client under the supervision and care of a juvenile probation officer

U. Juvenile probation officer (JPO) refers to a department staff person whom provides court-ordered and informal supervision for clients.

V. Supervised release refers to the release of a juvenile, whose term of commitment has not expired, from a facility for the care and rehabilitation of adjudicated delinquent children, with specified conditions to protect public safety and promote successful transition and reintegration into the community. A juvenile on supervised release is subject to monitoring by the department until the term of commitment has expired, and may be returned to custody for violating conditions of release.

W. Petition refers to a legal document in which the state formally alleges the client to be a delinquent or a youthful offender due to the commission of a delinquent act(s), or of a family subject to FINS.

X. Plan of care refers to a plan for treatment or supervision of clients in the custody of, or under the supervision of, CYFD.

Y. Preliminary inquiry (PI) refers to a conference between the JPO, client, and parent or guardian to assess whether a referral to the CCA should be made to file a delinquency petition.

Z. Probation refers to a court-ordered sanction and disposition that places an adjudicated client under the, supervision and care of a juvenile probation officer.

AA. Referral refers to a report alleging delinquency or families in need of services (FINS) that comes from law enforcement, schools, department facilities, parents or citizens.

BB. Retake warrant refers to the document issued by youth and family services directed to law enforcement and department staff, to detain a client alleged to have violated conditions of supervised release and return the client to a detention facility.

CC. Supervision plan refers to the probation or supervised release agreement and the plan of care.

DD. Triage refers to a case staffing between the assigned JPO, JPO supervisor, and community behavioral health clinician (CBHC). The purpose of the case staffing is to review placement options and develop a treatment plan for clients that are at risk of out of home placement. The statewide entity managing behavioral health contracts (OptumHealth or its successor) are invited to attend triage meetings.

[8.14.2.7 NMAC - Rp, 8.14.2.7 NMAC, 07/31/2009]

8.14.2.8 SUPERVISION OF FIELD STAFF:

The department provides court ordered conditional release, probation, and supervised release services 24 hours a day, seven days a week.

[8.14.2.8 NMAC - Rp, 8.14.2.8 NMAC, 07/31/2009]

8.14.2.9 INTAKE AND DETENTION:

A. Youth and family services (YFS) staff screen, assess, and recommend disposition on referrals to the appropriate authority. Supervisors review staff referral decisions.

(1) YFS staff date stamps the referral when the office receives the referral from law enforcement.

(2) If the client is not detained, the (PI) shall be conducted within thirty calendar days of receipt of the referral from law enforcement. The thirty calendar day time period may be extended upon determination by the department that an extension is necessary to conduct a thorough preliminary inquiry and that the extension is not prejudicial to the best interests of the client. Within two business days of the completion of the preliminary inquiry, probation services shall forward information therein to the children's court attorney.

(3) If the client is detained prior to conducting a (PI), the juvenile probation staff gives reasonable notice to the client's parent, guardian or custodian and/or the child's attorney and an opportunity to be present at the preliminary inquiry.

B. At the commencement of the preliminary inquiry, the juvenile probation officer shall advise the client, parent, guardian, or custodian of the client's basic rights.

(1) The client has the right to remain silent. If the client is questioned, the client has the right to refuse to answer any questions and may stop answering questions at any time.

(2) A child alleged to be a delinquent or in need of supervision has a privilege to refuse to disclose and to prevent any other person from disclosing confidential communications, either oral or written, between the child, parent, guardian or custodian and a juvenile probation officer which is made during the course of a preliminary inquiry (Rules of Evidence 11-509B NMRA).

(3) The client has the right to be represented by an attorney present at the PI and have an attorney present at all court proceedings against the client. If the client does not have an attorney for court proceedings, an attorney will be appointed.

(4) If the client is thirteen years or older, a statement made by the client can be used against the client only if their constitutional rights have been explained to the client, and the client knowingly and voluntarily waived their constitutional rights.

(5) The state is not entitled to use or introduce in court against the client a statement made out of court which is constitutionally inadmissible; evidence illegally seized or obtained or a statement or admission made out of court, unless it is corroborated by other evidence; and any confession, statements, or admissions on the allegation of the petition against a child under the age of thirteen (13) years.

(6) If the client is under the age of thirteen (13) years and is charged or adjudicated as a delinquent child, the client may not be finger printed or photographed for identification purposes, without a court order.

(7) If the client does not have a parent, guardian or custodian appearing on the client's behalf or the client's interest are in conflict with his/her parent, guardian or custodian, the client may request appointment of a guardian by the court.

(8) If the child is taken into custody and detained, the client has a right to a judicial determination of probable cause by a judge, special master, or magistrate court within forty-eight (48) hours including Saturdays, Sundays and legal holidays.

(9) The client may introduce evidence on his/her own behalf, confront and cross-examine witnesses testifying against him, have witnesses of his/her choosing subpoenaed, and may admit or deny the charges in the petition.

C. After the completion of the preliminary inquiry on a delinquency complaint involving a misdemeanor, probation services may notify the children's court attorney and recommend an appropriate disposition for the case. If the child has been referred for three or more prior misdemeanors within two years of the instant offense, juvenile probation services shall notify the children's court attorney and recommend an appropriate disposition for the case.

D. Youth and family services shall notify the children's court attorney of the receipt of any complaint involving an act that constitutes a felony under the applicable criminal law (Section 32A-2-5, NMSA, 1978). Youth and family services shall also recommend a disposition to the children's court attorney.

E. An Indian child's tribe is notified when an Indian child is referred to the department. Staff consults and exchanges information with the tribe when preparing reports or when placement of an Indian child is contemplated or ordered.

F. Staff may provide informal probation supervision for clients.

G. The use of detention is limited to cases involving protection of the public, prevention of self injury, transfer to another jurisdiction, or the risk of the client absconding (Sections 32A-2-11 and 32A-2-12, NMSA 1978). If a child under the age of eleven poses a substantial risk to harm to themselves or others, a peace officer may transport the child for an emergency mental health evaluation and care. If the child is over the age of eleven and detained.

(1) Staff utilize the detention screening tool.

(2) Staff notifies the parents/guardians/custodians of a child's detention within 24 hours of detention and the children's court within 48 hours of detention.

(3) Staff releases a client from detention within the time frame and conditions defined in supreme court rules and state statute.

(4) If the client is detained prior to conducting a preliminary inquiry, the juvenile probation officer gives reasonable notice to the client's parent, guardian or custodian and the child's attorney and an opportunity to be present at the preliminary inquiry.

(5) Clients ordered detained are placed in department certified juvenile detention facilities.

(6) At the detention hearing, staff recommends conditional or unconditional release from detention for a client for whom the district attorney/children's court attorney has filed a petition.

(7) Staff reviews the need for continued detention of a client and makes recommendations to the children's court regarding the release of the client when detention is no longer required.

(8) JPO staff visits clients remaining in detention at least weekly. Such contacts are made in person, whenever possible, and documented.

(9) Release from detention is based on client needs, available resources and any applicable conditions.

[8.14.2.9 NMAC - Rp, 8.14.2.9 NMAC, 07/31/2009]

8.14.2.10 ELECTRONIC MONITORING:

Juvenile probation staff provides supervision and assistance to a child placed on electronic monitoring by a court order /supervised released youth as ordered by the department or probation/supervised release violators that meet graduation sanctions criteria approved by the chief juvenile probation officer/designee.

[8.14.2.10 NMAC - N, 07/31/2009]

8.14.2.11 FAMILIES IN NEED OF SERVICES:

Juvenile probation staff accesses available department and local resources for providing FINS services.

[8.14.2.11 NMAC - Rp, 8.14.2.10 NMAC, 07/31/2009]

8.14.2.12 PREDISPOSITION INVESTIGATION AND BASELINE ASSESSMENT:

A. After a petition has been filed and either a finding with respect to the allegations of the petition has been made or a notice of intent to admit the allegations has been filed, the court may direct youth and family services or an appropriate agency designated by the court to write a predisposition study and report. Juvenile probation staff provides court ordered predisposition reports to the parties and the court five business days before the actual disposition or sentencing (Section 32A-2-17, NMSA 1978). A predisposition report contains timely and accurate data.

B. The department shall prepare a predisposition report for:

(1) a serious youthful offender who is convicted of an offense other than first degree murder;

(2) a youthful offender concerning the youthful offender's amenability to treatment; or

(3) a delinquent offender when ordered by the court.

C. If the court does not order a pre-disposition report, juvenile probation may prepare a client family baseline assessment (CFBA) in circumstances outlined in procedures.

D. Baseline assessments, or any other reports used for compiling and reporting predisposition information, are not initiated until the client has been adjudicated delinquent, unless the client, with the advice of counsel, consents to the investigation prior to adjudication. Information from the report is not disclosed to the court before the adjudicatory hearing.

E. Documents not available in FACTS are delivered promptly to department when a client is committed. Whenever possible, staff accesses FACTS to obtain the most recent client information. Follow-up information such as home studies or updates is submitted to the facility at the earliest possible time after request.

F. Assessments, evaluations and other reports are confidential and released only as allowed for by law (Section 32A-2-32, NMSA 1978).

G. Staff other than juvenile probation staff may be used to collect information in the preparation of the predisposition report.

[8.14.2.12 NMAC - Rp, 8.14.2.11 NMAC, 07/31/2009]

8.14.2.13 SUPERVISION OF PROBATION AND SUPERVISED RELEASE CLIENTS:

A. The juvenile probation officer supervises and provides assistance to a child placed on probation by a court order or on supervised release as ordered by the department.

B. Classification of clients:

(1) Classification determines the level of supervision.

(2) Cases are reviewed at regular intervals and reclassified as warranted.

(3) In cases in which probation is a primary or alternative recommendation for disposition, staff identifies any special conditions needed to provide a rehabilitative supervision plan for the client and family, and recommends that the conditions be included along with the generally imposed conditions of probation.

C. Supervision plan:

(1) Supervision plans are developed by staff and include the input of the client and the parents/guardians/ custodians, and are considered part of the baseline assessment.

(2) The conditions of probation are furnished in writing to the client and his/her parent/guardian/custodian, and are acknowledged in writing.

(3) Clients are supervised by field staff according to the court order, probation /supervised release agreement, the classification tool, and the plan of care. The plan of care is developed by staff, together with the client and his/her family, when possible.

(4) Supervisors review cases and document the review.

(5) The client’s parent/guardian/custodian is notified in advance of a decision to institute a major change to the plan of care, unless emergency conditions necessitate immediate implementation of the changes.

(6) Reasonable efforts are made to utilize local services prior to recommending institutionalization to the court.

(7) Staff provides information to law enforcement agencies in apprehending juveniles known or suspected of being involved in delinquent or criminal activity.

D. Community placement programs:

(1) Staff refers clients to appropriate community programs for services identified in the plan of care, determine the availability of the treatment services and inform the court or department when services are unavailable.

(2) Juvenile probation officers meet regularly with treatment providers to review client progress.

E. Out of home placements:

(1) Staff recommends out-of-home placements to the court after efforts have been made to maintain or return the client to his home, or if required, to protect the community. Every reasonable effort is made to involve the client and the parent/guardian/custodian in any discussion regarding out-of-home placement.

(2) The department facilitates transition to the home.

(3) Staff continues face-to-face contact with clients who are in out-of-home placement, as long as necessary.

F. Termination of client supervision:

(1) Recommendations for early release or termination of supervision of a client under supervision are reviewed and approved by the chief juvenile probation officer or designee with notice to the courts or the department. Early termination of supervision may be recommended in the following cases:

(a) when progress toward rehabilitation is made and the goals as set forth in the plan of care are completed;

(b) when probation or supervised release is unsuccessful and because of age or status, commitment to a department facility is of no benefit to the client; or

(c) when public safety is not expected to be compromised by the termination or early release from supervision.

(2) Staff summarizes in writing client performance during the period of supervision and provides the report to the court or department.

(3) As a part of the plan of care, the juvenile probation officer develops, in collaboration with the client and service providers, a discharge plan. Juvenile probation staff invites the parent/guardian/custodian to participate. The discharge plan is prepared prior to the client’s termination from supervision.

[8.14.2.13 NMAC - Rp, 8.14.2.12 NMAC, 07/31/2009]

8.14.2.14 SEARCHES:

A. Authorized department personnel are allowed to conduct searches of a client's person and of property used by the client or under the client's control as provided for in orders of the court or department and as further provided for in procedures, where not inconsistent with orders of the court, the department, or federal or state law.

B. JPO staff conducting client searches must be the same gender as that of the client.

C. In accordance with procedures, all contraband that is prohibited material by an order of the court or department that is discovered during searches is confiscated, inventoried, and stored until it is no longer needed as evidence.

(1) The chief juvenile probation officer designates an evidence custodian to maintain contraband or prohibited material in accordance with procedures.

(2) Final disposition or destruction of contraband or prohibited material is performed in accordance with procedures.

(3) If staff confiscates or discovers a weapon or illegal drug, staff immediately informs the chief juvenile probation /supervised release officer and contacts law enforcement with jurisdiction. For weapons and illegal drugs that are seized by law enforcement, the staff member confiscating or discovering the contraband documents the item on the department approved chain of custody form and retains a copy of the chain of custody form.

(4) Juvenile probation shall not assist with searches by law enforcement officers of persons or their property who are not JPO clients. Juvenile probation officers may assist with searches by law enforcement of probation clients, their residences or their property only when such searches are specifically and directly related to the order of the court or department relating to the juvenile client.

(5) Each chief juvenile probation officer superintendent is responsible for ensuring that staff who have contact with clients sign a copy of the department approved form called acknowledgement of receipt and understanding and that these signed forms are part of the of the employee’s personnel file.

[8.14.2.14 NMAC - Rp, 8.14.2.12 NMAC, 07/31/2009]

8.14.2.15 TRANSFER:

A. Transfer of client supervision between counties can occur as defined in procedure PR8.14.2.13.8.

B. Client transfers to and from out of state jurisdictions occur; transfers are done according to the interstate compact on juveniles.

[8.14.2.15 NMAC - Rp, 8.14.2.12 NMAC, 07/31/2009]

8.14.2.16 PROBATION OR SUPERVISED RELEASE REVOCATION:

A. Clients alleged to have violated the conditions of supervision may be placed in detention, provided the detention screening tool so indicates and the criteria for detention in state statute are met.

B. Staff investigates arrests, complaints, and alleged violations of conditions of supervision.

C. Staff make and document recommendations to the district attorney/children's court attorney, department, and the court to revoke the client's probation or supervised release when the client has failed to comply with any part of the probation or supervised release agreement and it is in the best interest of the client's rehabilitation and the public safety to do so.

D. Staff utilize community resources and intervention measures before recommending out of home placements.

E. Staff aid in the location and recovery of absconders by initiating arrest or retake warrants, and notifying law enforcement authorities of the possible locations of absconders.

F. A recovered absconder who has not committed a new delinquent act, and who is not viewed as a danger to the community may be restored to active supervision.

G. When a client violates supervised release conditions, a preliminary supervised release revocation hearing is conducted by YFS, unless the client waives his/her right to the hearing. The hearing officer records and prepares a written summary of the major issues, findings and decisions of that hearing. The summary is provided to clients and the facility release panel.

H. Prior to initiating a preliminary hearing based upon alleged violations of supervised release conditions which are a manifestation of the juvenile's disability, the JPO makes a written finding that mental health services in the community that are available and appropriate to deal with the juvenile's mental disabilities were ineffective.

[8.14.2.16 NMAC - Rp, 8.14.2.12 NMAC, 07/31/2009]

8.14.2.17 SUPERVISED RELEASE:

Juvenile probation services provides supervision and services to supervised released youth and provides client information to the department in a timely manner.

[8.14.2.17 NMAC - Rp, 8.14.2.13 NMAC, 07/31/2009]

PART 3: FACILITY CLIENT EDUCATION

8.14.3.1 ISSUING AGENCY:

Children, Youth and Families Department.

[8.14.3.1 NMAC - Rp, 8 NMAC 14.3.1, 12/30/2005]

8.14.3.2 SCOPE:

This rule applies to clients and employees of the juvenile justice services of the children, youth and families department.

[8.14.3.2 NMAC - Rp, 8 NMAC 14.3.2, 12/30/2005]

[8.14.4.5 NMAC - Rp, 8.14.4.5 NMAC, 8/15/2008]

8.14.4.6 OBJECTIVE:

To establish standards for providing medical, dental and behavioral health care to clients in the facilities of juvenile justice services of the children, youth and families department and the operators of facilities contracted by CYFD.

[8.14.4.6 NMAC - Rp, 8.14.4.6 NMAC, 8/15/2008]

8.14.4.7 DEFINITIONS:

A. 15-day diagnostic evaluation refers to the court-ordered evaluation for purposes of diagnosing the child and preparing a report to the court indicating what disposition appears most suitable when the interests of the child and the public are considered. See, NMSA 1978, Section 32A-2-17(D) (2005).

B. 15-day diagnostic evaluation report refers to the written report prepared for the court incorporating the findings of the 15-day diagnostic evaluation.

C. Behavioral health authority refers to persons designated to direct the delivery of services for CYFD and facility level for behavioral health matters.

D. Behavioral health staff refers to employees assigned to the behavioral health unit of a facility, including appropriately licensed physicians, psychiatrists, psychologists, social workers and counselors.

E. Central intake refers to the entry point for clients committed to the custody of CYFD.

F. Classification refers to an assessment of the client's risk, needs and strengths by which facility staff determine the level of care and management of clients; the system and procedure through which new clients are assessed and assigned to the appropriate facility and living unit.

G. Client refers to a person who is committed to the custody of CYFD's juvenile justice services or who is receiving services from CYFD's juvenile justice services.

H. Clinically ordered mechanical restraints refers to devices used to limit the movement of a client's body for medical or behavioral health reasons.

I. Contract facilities refers to those facilities which contractually operate secure or non-secure facilities for CYFD. These facilities comply with JJS policies and procedures concerning client care.

J. Contract staff refers to a person who is under contract with CYFD to provide contractually specified medical or behavioral health care services to juvenile justice clients.

K. Counselor refers to an individual who has a master's degree in counseling, substance abuse or related field who is licensed by the New Mexico counseling and therapy practice board.

L. CYFD refers to the New Mexico children, youth and families department.

M. Emergency response plan refers to a written document that specifies what actions will be taken in the event of an emergency or disaster.

N. Facility refers to a facility operated by, or on behalf of, CYFD's juvenile justice services for purposes of housing and providing care for clients committed to the custody of CYFD.

O. First aid refers to care for a condition requiring immediate assistance from an individual trained in first aid care.

P. Food hygiene and safety refers to the handling, preparing, and storing of foods to assure compliance with federal, state and local codes and regulations regarding nutrition, safety and hygiene.

Q. Grievance system refers to systems and procedures available to clients and families to resolve grievances with facility operations and services.

R. Health insurance portability and accountability act (HIPAA) privacy officer refers to the person designated by the secretary to implement compliance with the privacy provisions of the Health Insurance Portability and Accountability Act of 1996.

S. Health promotion and disease prevention refers to health education, nutrition, and exercise, and personal hygiene services.

T. Incident reporting and review refers to procedures in place at facilities to report events requiring JJS or CYFD response.

U. Infection control program refers to standard precautions to minimize infectious and communicable diseases among clients and staff.

V. Intake behavioral health screening refers to a system of structured observation and initial behavioral health assessment of newly arrived clients, for purposes of determining behavioral health treatment needs and appropriate facility placement.

W. Intake medical screening refers to a system of structured observation of initial medical assessment of newly arrived clients.

X. Juvenile justice services (JJS) refers to the organizational unit within CYFD that operates juvenile justice facilities, and provides other services under the Delinquency Act, NMSA 1978, Section 32A-2-1 et seq. (2005).

Y. Licensed practical nurse (LPN) refers to an individual who is licensed by the New Mexico board of nursing as a licensed practical nurse.

Z. Living unit refers to an area in a CYFD facility where clients are assigned to perform activities of daily living and to sleep.

AA. Medical health authority refers to persons designated to direct the delivery of services at the CYFD, JJS, or facility level for medical matters.

BB. Medical staff refers to employees or contractors assigned to the medical unit of a facility, including appropriately licensed physicians, psychiatrists, physician's assistants, nurse practitioners (NPs), registered nurses (RNs), licensed practical nurses (LPNs), and emergency medical technicians (EMTs), dentists, dental hygienists, dental assistants, and optometrists.

CC. Mid-level provider refers to medical staff at the level of physician's assistant or nurse practitioner.

DD. Multi-disciplinary team (MDT) refers to the team that meets at the facility to develop, monitor, and revise client plans for placement and services. The team includes the client and family member(s), and behavioral health, education, medical, a security representative, the juvenile probation and parole officer and a transition coordinator.

EE. Multidisciplinary action plan (MAP) refers to the plan developed at the first multidisciplinary team (MDT) meeting following placement at the facility and reviewed and updated at each subsequent MDT. The plan included goals and objectives in all disciplines and is broadly available to all staff with client contact.

FF.Non-secure facility refers to a facility where the clients have attained a higher level of trust and responsibility. Clients in these facilities may be attending school or working in the community.

GG. Officer in charge (OIC) refers to the administrative officer who is in charge of the facility in the absence of the facility superintendent.

HH. Pharmaceutical refers to a medication of any chemical compound or narcotic listed in the United States pharmacopoeia and national formulary (USP-NF), that may be administered to humans as an aid in the diagnosis, treatment or prevention of disease or other abnormal condition, for the relief of pain or suffering, or to control or improve any medical or behavioral health condition.

II. Physical intervention refers to physical contact of a client by staff to control or restrict the movement of the client to protect the health or safety of the client, staff or another person, using a technique approved by CYFD and taught in a CYFD-approved course.

JJ. **Physician** refers to an individual with a medical degree (M.D. or D.O.) appropriately licensed to practice in New Mexico.

KK. **Primary care provider** refers to medical physicians, psychiatrists, dentists, mid-level provider and doctoral level licensed psychologists.

LL.Psychiatrist refers to a physician who is specialized to practice in the area of psychiatry and behavioral health, appropriately licensed to practice in New Mexico.

MM. **Psychologist** refers to an individual with a Ph.D. or Psy.D. in psychology who is licensed by the New Mexico board of psychologist examiners.

NN. **Quality assurance and continuous quality improvement systems** are programs that monitor and review health and behavioral health care access and delivery at facilities.

OO. **Receiving facility** refers to the facility to which a client is being transferred.

PP. **Registered nurse (RN)** refers to an individual who is licensed by the New Mexico board of nursing as a registered nurse.

QQ. **Sanitation and hygiene program** refers to services provided at the facility to ensure a clean, safe and healthy environment.

RR. **Secretary** refers to the secretary of CYFD.

SS. **Secure facility** refers to a facility that is either physically or staff-secure. Clients in secure facilities generally do not attend school or work in the community.

TT.Sending facility refers to the facility from which a client is being transferred.

UU. **Separation** refers to any instance in which a client is confined alone, either in a room other than the room in which the client usually sleeps, or in the client's room at a time when the client would otherwise be at liberty to leave the room or when the client is removed from regularly scheduled activities. This does not include protective isolation for injured clients or clients whose safety is threatened, nor routine isolation at the time of client admission, isolation for medical reasons, or removal from regularly scheduled activities to attend medical, behavioral health or other similar appointments.

VV. **Social worker** refers to a person who is licensed by the New Mexico board of social work examiners.

WW. **Special needs and services** refers to programs and services for clients requiring close medical supervision including chronic disease, serious infectious and

communicable disease, HIV/AIDS, terminal illness, mental illness, developmental disability, convalescent care, management of prostheses and orthodontic devices, care of clients in need of behavior management and crisis intervention, and care of clients in need of behavior management, crisis response, and suicide prevention.

XX. **Staff** refers to employee(s) of CYFD.

YY. **Standards of care** refer to standards developed or adopted by JJS that specify how care and treatment will be delivered to clients.

ZZ.Superintendent refers to the chief facility administrator for the secure and non-secure centers.

AAA. **Use of force** refers to those actions required for justifiable self defense, protection of the client or others, protection of property, and prevention of escapes.

[8.14.4.7 NMAC - Rp, 8.14.4.7 NMAC, 8/15/2008]

8.14.4.8 HEALTH SERVICES ORGANIZATION AND MANAGEMENT:

A. A medical health authority is established at the JJS level to oversee the provision of medical health care to all facility clients. A medical health authority may be appointed at the juvenile justice facility level to oversee the provision of medical services to clients at a specific JJS facility.

B. A behavioral health authority is established at the JJS level to oversee the provision of behavioral health care to all facility clients. A behavioral health authority at the juvenile justice facility level may be appointed to oversee the provision of behavioral health services to clients at a specific JJS facility.

C. Standards of care: Medical and behavioral health authorities are responsible for standards of care regarding access and quality of care.

D. Planning and monitoring: Medical, behavioral health and administrators at CYFD, JJS and facility levels jointly develop comprehensive plans for the delivery of medical and behavioral health services at juvenile justice facilities. Medical, behavioral health and administrators at CYFD, JJS and facility levels jointly monitor and resolve problems related to medical, dental and behavioral health care.

E. Quality assurance and continuous quality improvement systems are in place at CYFD, JJS and facility level to monitor and review health and behavioral health care access and delivery at facilities.

F. Emergency response plans are in place at all facilities to protect the health, safety and welfare of clients, staff and visitors during emergencies. Facility emergency response plans include medical and behavioral health components.

G. Grievance system: Clients have a right to question health care decisions and services. A grievance system is in place to process and resolve them.

H. Incident reporting and review: An incident reporting system is in place that identifies medical or behavioral health related events occurring at JJS facilities that must be reported to designated department level management.

I. Notification: Medical and behavioral health authorities, the OIC or designees notify the client's parent/guardian/custodian of any serious illness, surgery, injury, or death.

J. Prison Rape Elimination Act compliance: Each facility has written procedures regarding the detection, prevention, reduction and punishment of rape consistent with federal law.

K. Client and family participation; refusal of care; consent to care: Medical and behavioral health staff encourages client and family participation in medical and behavioral health care as indicated. Statutory requirements regarding informed consent for medical and behavioral health care are followed.

L. Any biomedical, behavioral, or other research using JJS clients as subjects shall be conducted only with the written informed consent of the client, and the written informed consent of the client's parent(s) or legal custodian or guardian if the client is a minor, and shall conform to established ethical, medical and regulatory standards for human research. Any person desiring to conduct biomedical, behavioral or other research using JJS clients as subjects must document to CYFD that the research project will conform to federal regulations that apply to persons who are incarcerated and to children, if the clients involved in the research project are minors. Any research project approved by appropriate external reviewers must then be reviewed and approved or disapproved by the JJS director to ensure that the project conforms with the policies of CYFD before the research project may begin.

M. Forensic information: The role of medical and behavioral health services staff is to serve the health needs of clients. Medical and behavioral health treatment staff is prohibited from participating in the collection of forensic information.

N. Deaths: The medical health authority reviews all deaths and findings are made regarding appropriateness of clinical care and need for corrective action.

O. Response to person hanging: Any facility staff member finding another person hanging by the neck places the highest priority on preserving the client's life.

[8.14.4.8 NMAC - Rp, 8.14.4.8 NMAC, 8/15/2008]

8.14.4.9 FACILITY MEDICAL AND BEHAVIORAL HEALTH OPERATIONS:

A. Space, equipment and supplies: Adequate space, equipment, supplies and materials are available for the facility's medical, dental and behavioral health services.

B. Pharmacy: Facility pharmacy operations are sufficient to meet the needs of the facility and are in accordance with legal requirements.

C. Diagnostic services: On-site diagnostic services are registered, accredited, or otherwise meet applicable state and federal laws.

D. Off-site hospital and specialty care: Arrangements are made to provide off-site hospitalization and specialty care to clients in need of these services.

[8.14.4.9 NMAC - N, 8/15/2008]

8.14.4.10 ENVIRONMENTAL HEALTH AND SAFETY AND INFECTION CONTROL:

A. Infection control program: There is an effective infection control program that minimizes the incidence of infectious and communicable diseases among clients and staff in facilities.

B. Sanitation and hygiene: Each facility ensures that clients are housed, work, study, recreate and receive health care in a clean, safe and healthy environment. Health staff works in safe and sanitary conditions. Each facility is in compliance with applicable federal, state and local sanitation and health codes.

C. Food hygiene and safety food storage, handling and preparation: Meals are nutritionally balanced, well-planned and prepared and served in a manner that meets all established federal, state and local codes and regulations regarding nutrition, safety and hygiene. Contract providers comply with CYFD rules.

[8.14.4.10 NMAC - N, 8/15/2008]

8.14.4.11 PERSONNEL AND TRAINING - JJS AND CONTRACT PROVIDERS:

A. Credentialing, licensure and certification of health care professionals: All medical, dental and behavioral health care personnel who provide services to clients are appropriately credentialed according to the licensure, certification and registration requirements of the state of New Mexico.

B. Physical examination: Applicants selected for security positions have a post-job offer pre-employment physical examination prior to final appointment to determine if staff is able to perform the essential functions of the position. Department medical staff will give PPD skin tests to all JJS employees. JJS will collect information on employee vaccinations for measles, mumps and rubella (MMR). JJS will offer hepatitis B vaccinations to employees.

C. Professional (peer) practice review of health care professionals: A clinical performance enhancement process evaluates the appropriateness of all primary care providers' services.

D. Continuing education for medical and behavioral health care professionals: All medical and behavioral health care professionals participate annually in continuing education appropriate to their positions.

E. Health related training for facility staff: A training program, established or approved by the medical and behavioral health authorities in cooperation with the superintendent, guides the health and behavioral health-related training of all facility staff who work with clients.

F. Training in medication self-administration: Facility staff who supervise client self-administration of prescription medications are trained in matters of security, accountability, common side effects and documentation of self-administration of medicines.

G. Role of clients working in health care program: Clients are prohibited from being used as health care workers.

H. Facility staffing plans: A written staffing plan assures that a sufficient number of health and behavioral health staff is available to provide adequate and timely evaluation and treatment consistent with contemporary standards of care.

[8.14.4.11 NMAC - N, 8/15/2008]

8.14.4.12 CLIENT CARE AND TREATMENT:

A. Clients information and access to services: Clients and families are given information about the availability of medical, dental, and behavioral health services at the facility upon arrival. Clients and families are also given information about how to access medical, dental, and behavioral health services. Information is provided in a form and language that the client and their family understands. All clients and families have the opportunity to request health care daily. All clients have the opportunity to grieve medical and behavioral health services. Client requests and grievances are documented and reviewed for immediacy of need and the intervention required.

B. 24-hour emergency care: Each facility has a written plan developed by the superintendent or program manager and approved by the JJS director and medical and behavioral health authorities to provide 24-hour medical, dental and behavioral health services. These plans include but are not limited to on-site emergency first aid, crisis intervention; emergency transport; use of local emergency medical services (EMS); use of one or more designated hospital emergency departments or other appropriate service providers; emergency on-call and on-site medical, dental or behavioral health services;

security procedures for the immediate transfer of clients when medically necessary; and emergency evacuation.

C. Transport of clients: Clients are transported safely and in a timely manner for medical, dental or behavioral health needs both inside and outside the facility.

D. Client transfers and continuity of care: When a client is transferred to another facility, the client's medical and behavioral health information is sent and arrangements are made between the sending and receiving facility to provide for continuity of care and updated screening.

E. Medical services at intake screening: All new and transferring clients receive a comprehensive intake medical screening performed by qualified health care professionals upon arrival at the facility. Findings are recorded on a screening form approved by the medical health authority.

F. Medical services involving the medical treatment plan: Clients are provided a medical treatment plan that outlines services to address medical and dental needs.

G. First aid: All facilities are equipped with first aid kits. Staff is trained to provide first aid.

H. General medical care: Clients are provided with medical care that is indicated.

(1) Staff and qualified health care professionals provide diagnostic and other health services at the facilities according to the orders written for the client by qualified healthcare professionals.

(2) Whenever necessary, clients are treated by community healthcare providers.

(3) Any questions about appropriate care in individual cases are referred to the medical health authority or medical director. However, this shall not be construed to prohibit staff from responding to inquiries from a client advocate, if the advocate has proper authorization and the staff member chooses to speak with the advocate.

(4) Diagnostic and treatment results are used by clinicians to modify the medical treatment plans as appropriate.

(5) Care is timely and includes immediate access for urgent or painful conditions.

I. Vision care: Clients are provided with vision care under the direction and supervision of an optometrist appropriately licensed in New Mexico.

(1) Care is timely and includes immediate access for urgent or painful conditions.

(2) Clients are provided with glasses as prescribed by licensed optometrist providers.

J. Oral care: Clients are provided with oral care under the direction and supervision of a dentist licensed in New Mexico. Care is timely and includes immediate access for urgent or painful conditions.

K. Pregnancy care: Pregnant clients are provided with routine pre-natal, post-partum care and high-risk treatment as necessary under the direction and supervision of an obstetrician, gynecologist or family practice physician appropriately licensed in New Mexico. Pregnant clients will be informed that family planning services, which include social services, educational services, informational services, will be provided to them upon request. Care is timely and includes immediate access for urgent or painful conditions.

L. Hospitalization: Hospitalization is provided when necessary for medical needs and conditions.

(1) Clients are accompanied to the hospital by a staff member.

(2) Staff remains with the client for as long as a security need exists.

M. Pharmaceuticals: Pharmaceuticals are administered according to the documented client treatment plan, pursuant to a drug administration protocol and are not administered solely for purposes of population management and control nor for purposes of experimentation or research.

N. Behavioral health services at intake screening: All new and transferring clients receive a comprehensive intake behavioral health screening performed by qualified behavioral health care professionals upon arrival at the facility. Findings are recorded on a screening form approved by the behavioral health authority. Clients with a positive screening receive a behavioral health evaluation

O. Behavioral health services involving the behavioral health treatment plan: Clients are provided a behavioral health treatment plan that outlines services to address behavioral health needs.

P. Behavioral health care: Clients are provided with behavioral health care that is indicated.

(1) Staff and qualified behavioral health care professionals provide diagnostic and other behavioral health services at the facility according to the client’s identified needs.

(2) Whenever necessary, clients are referred to and treated by community behavioral healthcare providers.

(3) Any questions about appropriate care in individual cases are referred to the behavioral health authority. However, this shall not be construed to prohibit staff from responding to inquiries from a client advocate, if the advocate has proper authorization and the staff member chooses to speak with the advocate.

(4) Diagnostic and treatment results are used by clinicians to modify behavioral health treatment plans as appropriate.

(5) Care is timely and includes immediate access for urgent conditions.

Q. Substance abuse and chemical dependency services: Clients are provided with detoxification and substance abuse treatment services under the direction and supervision of a qualified medical or behavioral heath professional appropriately licensed in New Mexico. Care is timely and includes immediate access for urgent conditions.

R. Discharge planning: Discharge planning is provided for clients whose release is imminent.

[8.14.4.12 NMAC - Rp, 8.14.4.12, 13, 15, 18, 21, 22, 23, 28 NMAC, 8/15/2008]

8.14.4.13 SPECIAL NEEDS AND SERVICES:

A. Clients needing close medical supervision: A proactive program exists that provides care for special needs clients who require close medical supervision or multidisciplinary care.

B. Chronic disease: Clients with chronic diseases are identified and provided medical and other services with the goal of decreasing the frequency and severity of symptoms, including preventing disease progression and fostering improvement in function.

C. Prostheses and orthodontic devices: Medical and dental orthoses or prostheses and other aids to impairment are supplied in a timely manner when the health of the client would otherwise be adversely affected, as determined by a qualified health or dental health care professional. Clients are provided with one prosthesis or orthodontic device as prescribed by licensed medical or dental provider. Replacements are the responsibility of the client or their family if they are purposefully damaged, destroyed or ruined due to inappropriate client behavior.

D. HIV/AIDS: Facilities have written plans regarding approved actions to be taken by health and facility staff concerning clients who have been diagnosed as HIV positive.

E. Serious, infectious and communicable disease: Facilities have written plans addressing the management of serious, infectious and communicable disease that include control, prevention and treatment strategies.

F. Clients with mental illness or developmental disability: Services are provided to clients with mental illness and developmental disabilities and referral sources are identified as needed.

G. Clients in need of behavior management and crisis intervention: Any time use of force is applied to a client, only approved methods in compliance with approved department intervention programs is enforced. The least restrictive element of the process is used in every situation.

H. Care of clients physically separated from population: Anytime separation is implemented, only approved methods are used, in compliance with approved department separation procedures. The least restrictive element of the process is used in every situation. When a client is physically separated from the rest of the population, medical and behavioral health staff monitor medical and behavioral health status and ensure that the client has the opportunity to request care for medical, dental, or behavioral health problems.

I. Clients with a terminal illness: The health and mental health needs of the terminally ill client are met.

J. Suicide prevention and crisis response: JJS facilities have a crisis response and suicide prevention protocol that provides for the identification and response to suicidal clients and clients in crisis; all staff are trained in the protocol as well as the identification of warning signs or indicators.

[8.14.4.13 NMAC - N, 8/15/2008]

8.14.4.14 HEALTH PROMOTION AND DISEASE PREVENTION:

A. Health education: Health education is offered to all clients; all patients are provided with individual health instruction.

B. Nutrition and medical diets: Nutrition and medical diets are provided that enhance clients' health and are modified when necessary to meet specific requirements related to clinical conditions.

C. Exercise and recreation: All clients are offered the health benefits of exercise.

D. Client personal hygiene: The facility provides sufficient services and supplies so that clients' personal hygiene needs are met.

E. Client screening: All clients are regularly screened for current health status.

F. Smoke free environment: Each facility is smoke-free for clients and staff.

(1) Clients may not use tobacco in any form.

(2) There are prevention and abatement activities regarding the use of all tobacco products.

[8.14.4.14 NMAC - Rp, 8.14.4.14 NMAC, 8/15/2008]

8.14.4.15 FIFTEEN (15) DAY DIAGNOSTIC EVALUATION:

CYFD ensures that clients who undergo a 15-day diagnostic evaluation, pursuant to Section 32A-2-17(D) of the Delinquency Act, receive a comprehensive diagnostic evaluation. A written report of the results of the diagnostic evaluation is provided to the court.

[8.14.4.15 NMAC - Rp, 8.14.4.9 NMAC, 8/15/2008]

8.14.4.16 HEALTH RECORDS:

Health records are maintained in a consistent manner between facilities. The confidentiality of a client's written or electronic health record, as well as verbally conveyed health information, is maintained. Health records are maintained under security and completely separate from clients' custody records.

[8.14.4.16 NMAC - N, 8/15/2008]

PART 5: SAFETY AND EMERGENCY OPERATIONS

8.14.5.1 ISSUING AGENCY:

Children, Youth and Families Department.

[8.14.5.1 NMAC - Rp, 8.14.5.1 NMAC, 7/1/2016]

8.14.5.2 SCOPE:

This rule applies to clients and staff of the juvenile justice division, also referred to as juvenile justice services, of the children, youth and families department.

[8.14.5.2 NMAC - Rp, 8.14.5.2 NMAC, 7/1/2016]

8.14.5.3 STATUTORY AUTHORITY:

Sections 32A-1-1 et seq., 32A-2-1 et seq., 32A-3-1 et seq., 32A-4-1 et seq., 32A-11-1 et seq., 32A-15-1 et seq. NMSA 1978 Comp., as amended.

[8.14.5.3 NMAC - Rp, 8.14.5.3 NMAC, 7/1/2016]

8.14.5.4 DURATION:

Permanent.

[8.14.5.4 NMAC - Rp, 8.14.5.4 NMAC, 7/1/2016]

8.14.5.5 EFFECTIVE DATE:

July 1, 2016 unless a later date is cited at the end of a section.

[8.14.5.5 NMAC - Rp, 8.14.5.5 NMAC, 7/1/2016]

8.14.5.6 OBJECTIVE:

To establish standards and guidelines for programs which serve the best interest of the clients, persons and property under the supervision or in the custody of the department including implementation of Cambiar New Mexico. This rule further establishes guidelines to address the safety of clients and staff and for the protection of department resources. This rule emphasizes the value and importance of staff in the delivery of services to clients.

[8.14.5.6 NMAC - Rp, 8.14.5.6 NMAC, 7/1/2016]

8.14.5.7 DEFINITIONS:

A. "Cambiar (Change) New Mexico" is the name designated by the children, youth and families department (CYFD) for its juvenile justice reform initiative that focuses on rehabilitation and relationships. Clients and juvenile justice services' staff members build relationships and learn to interact in a completely different way than the old "correctional" model. Group building activities designed to build trust and communication are key components as well as family and community involvement.

B. "Client" refers to a person who is committed to the custody of the CYFD juvenile justice services or who is receiving services from juvenile justice services.

C. "Delinquent act or delinquency" refers to an act committed by a juvenile that would be designated as a crime under the law if committed by an adult.

D. "Department" refers to the New Mexico children, youth and families department.

E. "Director" refers to the juvenile justice services director.

F. "Facility" refers to a facility operated by, or on behalf of the CYFD juvenile justice services, or any other facility or location designated by the juvenile justice services director to house or provide care to clients committed to the custody of CYFD.

G. "FACTS" (family automated client tracking system) refers to CYFD's mission critical electronic case management system supporting protective services, juvenile justice services, and early childhood services, which is accessed by CYFD staff and contractors while at CYFD locations. FACTS provides tracking of referrals for abuse/neglect and delinquency, investigation/preliminary inquiry, legal actions, placements, providers, and child care assistance.

H. "Incident" for purposes of this policy, refers to any non-routine or emergency action or occurrence that disrupts or is likely to disrupt the normal operation of the facility. This includes mechanical or physical restraint or other use of force.

I. "Juvenile justice services" or "juvenile justice division" refers to the organizational unit within CYFD that operates juvenile justice facilities, and provides other services under the Delinquency Act, NMSA 1978 section 32A-2-1 et seq.

J. "Mechanical restraint" is defined as a use of force with mechanical devices to physically restrict a client's freedom of movement, performance of physical activity, or normal access to his or her body. Only staff trained in the proper use of mechanical restraints may apply them. Approved mechanical restraint devices are handcuffs, leg irons, and belt cuffs.

K. "Pat down search" refers to a visual and manual search of a clothed client and the client's clothing for contraband without the removal of the client's clothing.

L. "Physical restraint" is the physical use of force on a client by staff to control or restrict the movement of the client using a technique approved by CYFD and taught in a CYFD approved course.

M. "Secretary" refers to the secretary of CYFD.

N. "Secure facility" refers to Camino Nuevo youth center, J. Paul Taylor center, youth diagnostic and development center or any other facility designated as a secure facility by the juvenile justice services director.

O. "Serious incident report (SIR)" refers to any occurrence which compromises the safety, security, or emotional well-being of clients, staff, and visitors or endangers the public. SIRs are completed by any facility discipline including medical, behavioral/mental health, education or any administrative discipline not involving potential client due process, using an approved form which is prepared and submitted to central office electronically within 24 hours of the occurrence.

P. "Staff" refers to employee(s) of CYFD.

Q. "Strip search" refers to a visual inspection of a client's body for weapons, contraband, and physical abnormalities requiring the client to remove their clothing. This also includes a thorough search of the client's clothing once it has been removed.

R. "Superintendent" refers to the chief administrator at a juvenile justice services facility.

S. "Youth care specialist" refers to juvenile justice services security staff members whose primary duties include working directly with clients.

[8.14.5.7 NMAC - Rp, 8.14.5.7 NMAC, 7/1/2016]

8.14.5.8 SECURITY MANUAL:

Juvenile justice services maintains a security manual that designates locations of staff, referenced as posts, with specific direction delineated through post orders that provide standard and emergency operating procedures to each staff member. The security manual shall not generally be made available to the public or clients.

[8.14.5.8 NMAC - Rp, 8.14.5.8 NMAC, 7/1/2016]

8.14.5.9 CONTROL CENTER FUNCTIONS:

To maintain the necessary security and control of the facility, to promote a primary communication vehicle, and to promote safe and orderly operations there shall be a designated control center at secure facilities, operating 24 hours per day to coordinate all security functions and emergency communications. Juvenile justice services shall designate space for these control centers in each of its secure facilities and provide a system that links the control center with all program, service, operational, and living areas of the facility.

[8.14.5.9 NMAC - Rp, 8.14.5.9 NMAC, 7/1/2016]

8.14.5.10 PERIMETER SECURITY:

Each juvenile justice services facility's perimeter shall be controlled by appropriate means to ensure that pedestrian and vehicle traffic enter and exit through designated points and to prevent unauthorized client movement outside of the perimeter or unauthorized access to the facility by the general public.

[8.14.5.10 NMAC - Rp, 8.14.5.10 NMAC, 7/1/2016]

8.14.5.11 SECURITY EQUIPMENT:

Juvenile justice services stores all security equipment and related items in a secured but accessible location outside of the client housing and activity areas and maintains a record of equipment distribution for both emergency and routine incidents.

[8.14.5.11 NMAC - Rp, 8.14.5.11 NMAC, 7/1/2016]

8.14.5.12 PERMANENT LOGS:

Youth care specialists maintain a permanent log and prepare shift reports that record routine information, emergency situations, and unusual incidents. These logs and reports are reviewed by designated staff and filed for future reference.

[8.14.5.12 NMAC - Rp, 8.14.5.12 NMAC, 7/1/2016]

8.14.5.13 CLIENT COUNT AND MOVEMENTS:

Juvenile justice services maintains a system of strict accountability for clients that includes maintaining an up-to-date and accurate master roster that accounts for client admissions, releases, transfers, escapes, absences from the facility, and transports. On-duty staff members are responsible for knowing where clients are at all times through formal and informal counts, physical proximity to clients, and continuous visual surveillance.

[8.14.5.13 NMAC - Rp, 8.14.5.13 NMAC, 7/1/2016]

8.14.5.14 GENERAL PATROLS AND INSPECTIONS:

Juvenile justice services youth care specialist supervisors shall conduct regular daily patrols and inspections, including weekend and holidays, of all areas occupied by clients, and submit daily reports for managerial review. Weekly inspections shall be conducted of unoccupied areas.

[8.14.5.14 NMAC - Rp, 8.14.5.14 NMAC, 7/1/2016]

8.14.5.15 ADMINISTRATIVE PATROLS AND INSPECTIONS:

The facility superintendent or designee, deputy superintendents, and designated supervisors shall conduct patrols and inspections of client living and activity areas on a weekly basis to encourage informal contact with staff and clients and informally observe living, working, and activity conditions.

[8.14.5.15 NMAC - Rp, 8.14.5.15 NMAC, 7/1/2016]

8.14.5.16 TOOL AND EQUIPMENT CONTROL:

Juvenile justice services monitors the use, storage, and accessibility to keys, tools, and equipment through a documented check-in and check-out procedure and regularly scheduled inventories.

[8.14.5.16 NMAC - Rp, 8.14.5.16 NMAC, 7/1/2016]

8.14.5.17 KEY AND LOCKS CONTROL:

Juvenile justice services governs the control and use of keys by designating an individual to maintain a facility key inventory which identifies the location of keys and associated locks. Facility keys are marked "do not duplicate" and can only be approved for duplication by the facility superintendent.

[8.14.5.17 NMAC - Rp, 8.14.5.17 NMAC, 7/1/2016]

8.14.5.18 USE OF VEHICLES:

Juvenile justice services shall allow only authorized drivers and authorized passengers to drive or be transported in a juvenile justice services vehicle. Vehicles shall only be driven or occupied for official state business. Staff members, the public, visitors, and clients are encouraged to report any misuse of a state vehicle to the juvenile justice services director.

[8.14.5.18 NMAC - Rp, 8.14.5.18 NMAC, 7/1/2016]

8.14.5.19 CLIENT TRANSPORTS:

Juvenile justice services shall transport its clients in a safe and secure manner that ensures control and maintenance of custody and supervision of the clients. Drivers shall be appropriately licensed for the vehicle and shall obey all traffic laws. Vehicles shall be properly equipped for the clients being transported, inspected to ensure compliance with applicable laws and regulations, and routinely maintained to ensure safe operating conditions. Clients shall be transported with appropriate security measures, and restraints shall be used according to client risk levels and other safety factors.

[8.14.5.19 NMAC - Rp, 8.14.5.19 NMAC, 7/1/2016]

8.14.5.20 SERIOUS INCIDENT REPORTING:

Juvenile justice services shall utilize a standardized process for reporting serious incidents that involve clients in their custody, employees, or visitors. All serious incidents are reviewed by the facility superintendent and if appropriate filed in the client’s permanent record.

[8.14.5.20 NMAC - Rp, 8.14.5.20 NMAC, 7/1/2016]

8.14.5.21 GANG MANAGEMENT:

Juvenile justice services provides for and engages clients in pro-social skills development programs and services that work toward diminishing and eliminating gang involvement. No client or group of clients shall be given authority over other clients through formal or informal mechanisms.

[8.14.5.21 NMAC - Rp, 8.14.5.21 NMAC, 7/1/2016]

8.14.5.22 USE OF FORCE:

Juvenile justice services restricts the use of physical force, including the use of physical and mechanical restraints, to instances of justifiable self-defense, protection of a client from hurting him or herself, protection of others, protection of property, and the prevention of escapes. Physical force is only used as a last resort in accordance with applicable law, statute and juvenile justice services' policy and procedure. In no event is physical force justifiable as punishment or may the force used exceed what is reasonably required to control the individual or situation.

[8.14.5.22 NMAC - Rp, 8.14.5.22 NMAC, 7/1/2016]

8.14.5.23 PROTECTION FROM HARM:

All instances or complaints of alleged or suspected abuse are reported to the appropriate local law enforcement agency, protective services or the juvenile justice services director or designee immediately upon knowledge of the incident (Section 32A-4-3 NMSA 1978). The notification must also be noted in FACTS.

[8.14.5.23 NMAC - Rp, 8.14.5.23 NMAC, 7/1/2016]

8.14.5.24 PRISON RAPE ELIMINATION ACT:

Juvenile justice services shall comply with the federal Prison Rape Elimination Act (PREA) and maintains an ongoing commitment to prevent, detect, and respond to all allegations of sexual misconduct – including sexual abuse and sexual harassment. Juvenile justice services is committed to providing a safe and secure environment, free from all forms of sexual misconduct and retaliation for clients and staff. To that end, juvenile justice services has a zero tolerance for sexual misconduct and maintains comprehensive procedures regarding prevention, detection, and response to such conduct. All sexual contact between staff and clients; contractors, volunteers, or student interns and clients; and clients and clients, regardless of consensual status, is prohibited and subject to disciplinary action and possible criminal prosecution. All staff, contractors, volunteers, and student interns are required to report any suspected or witnessed sexual misconduct.

[8.14.5.24 NMAC - Rp, 8.14.5.24 NMAC, 7/1/2016]

8.14.5.25 UNIT MANAGEMENT:

Juvenile justice services increases contact between staff and clients, fosters interpersonal relationships and promotes more knowledge-based decision making by subdividing facilities into manageably-sized units with multidisciplinary decision making authority in programming and services.

[8.14.5.25 NMAC - Rp, 8.14.5.25 NMAC, 7/1/2016]

8.14.5.26 DEPLOYMENT:

Staff to client ratios are assessed and maintained according to location, need, and safety. Juvenile justice services shall provide an environment that is safe, secure, and orderly by having sufficient staff, 24 hours a day, scheduled and located in client living and activity areas to provide for the safety and well-being of clients, staff, visitors, and the general public.

[8.14.5.26 NMAC - Rp, 8.14.5.26 NMAC, 7/1/2016]

8.14.5.27 GENDER RESPONSIVENESS:

Juvenile justice services and its contractors and service providers are gender responsive. Juvenile justice services shall maintain at least one staff member of the same gender as a client being supervised in the location of the client.

[8.14.5.27 NMAC - Rp, 8.14.5.27 NMAC, 7/1/2016]

8.14.5.28 CONTRABAND CONTROL:

Juvenile justice services considers any item found inside the perimeter of a facility or in possession of a client, staff member, or visitor inside the perimeter of a facility contraband if it is illegal to possess by law, illegal for minors to own or possess, or specifically listed in the department’s prohibited item list. Seized items of contraband will be disposed of in accordance to New Mexico state statute or as detailed in applicable procedures, and may be turned over to law enforcement for prosecution.

[8.14.5.28 NMAC - Rp, 8.14.5.28 NMAC, 7/1/2016]

8.14.5.29 SEARCHES:

Juvenile justice services staff, or if necessary supervisory staff or law enforcement personnel, may conduct or authorize pat down or strip searches anytime there is an articulated and documented safety or security issue. Staff may search clients, visitors, other staff, living units, program areas, and vehicles. Searches may be conducted to ensure health, safety, and security, to control contraband; or to recover missing persons or property. Upon entry or exit of a secure facility, all vehicles and personal belongings

are subject to being searched. If there is an articulated and documented safety or security issue with a JJS staff member, supervisory staff or law enforcement personnel will be called to search the subject of the concern.

[8.14.5.29 NMAC - Rp, 8.14.5.29 NMAC, 7/1/2016]

8.14.5.30 BODY CAVITY SEARCHES:

Juvenile justice services expressly prohibits manual or instrument inspections of body cavities without the execution of a warrant for probable cause by a sworn peace officer. If such a warrant is issued, such inspections shall only be conducted in an emergency room of a medical facility with a JJS medical staff member of the same gender as the client present to witness the search and record results.

[8.14.5.30 NMAC - Rp, 8.14.5.30 NMAC, 7/1/2016]

8.14.5.31 EVIDENCE DISPOSITION:

Juvenile justice services provides for the recording, preservation, control, and disposition of all physical evidence obtained in connection with a violation of the criminal code or juvenile justice services' policy and procedure. Evidence or property seized shall have a documented chain of custody and be handled, stored and disposed of in a lawful manner.

[8.14.5.31 NMAC - Rp, 8.14.5.31 NMAC, 7/1/2016]

8.14.5.32 EMERGENCY OPERATIONS:

Juvenile justice services' maintains written emergency plans and distributes and trains key personnel in the manner which these plans are to be carried out during an actual emergency. These plans also include specific information on a means to immediately release clients from locked areas and procedures to be followed in situations that threaten facility security. Emergency procedures shall include plans for work actions, strikes, or staff walkouts; facility disturbances or riot control; natural disasters or inclement weather; escapes; utility failures; bomb threats and explosions; hostages and negotiations; epidemics or pandemics; fire emergencies or mass evacuations; and a person found hanging by the neck.

[8.14.5.32 NMAC - Rp, 8.14.5.32 NMAC, 7/1/2016]

8.14.5.33 PROCEDURES:

The juvenile justice services director will make appropriate internal procedures available to the public but reserves the right to add, delete or modify internal procedures without notice or comment in furtherance of the mission and goals of the department or service area.

[8.14.5.33 NMAC- Rp, 8.14.5.33 NMAC, 7/1/2016]

PART 6: [RESERVED]

PART 7: SUPERVISED RELEASE AND DISCHARGE

8.14.7.1 ISSUING AGENCY:

New Mexico Children, Youth and Families Department.

[8.14.7.1 NMAC - N, 7/16/2009]

8.14.7.2 SCOPE:

This rule applies to clients who are committed to the custody of juvenile justice services pursuant to the Delinquency Act, staff of juvenile justice services of the children, youth and families department and the operators of facilities contracted by CYFD.

[8.14.7.2 NMAC - N, 7/16/2009]

8.14.7.3 STATUTORY AUTHORITY:

NMSA 1978 SECTION 9-2A-7(D) authorizes the secretary of the children, youth and families department to adopt regulations as necessary to carry out the duties of CYFD. NMSA 1978 section 32A-2-19 provides that delinquent children may be committed to the legal custody of CYFD who is then responsible for determining the appropriate placement, supervision and rehabilitation of committed children, and more generally NMSA 1978 section 32A-2-1 et seq., the Delinquency Act, contains various provisions relating to the commitment, custody, and release of adjudicated children.

[8.14.7.3 NMAC - N, 7/16/2009]

8.14.7.4 DURATION:

Permanent.

[8.14.7.4 NMAC - N, 7/16/2009]

8.14.7.5 EFFECTIVE DATE:

July 16, 2009, unless a later date is cited at the end of a section.

[8.14.7.5 NMAC - N, 7/16/2009]

8.14.7.6 OBJECTIVE:

To provide for the transition, release, and supervision of juvenile offenders from juvenile justice services facilities.

[8.14.7.6 NMAC - N, 7/16/2009]

8.14.7.7 DEFINITIONS:

A. Absconder refers to a client on probation or supervised release who leaves the jurisdiction without permission, or an escapee or runaway from a placement.

B. Aftercare refers to supervised release case management provided to clients released from juvenile justice facilities and treatment programs.

C. Arrest warrant refers to a warrant issued from district court ordering that a client be taken into custody.

D. Board means the juvenile public safety advisory board whose members are appointed pursuant to the Juvenile Public Safety Advisory Board Act, 1978 NMSA Sections 32A-7A-1 to 32A-7A-8.

E. Classification officer refers to a department employee who provides direct case management and client advocacy throughout the client's commitment. The classification officer provides assessment of the client's risk, needs and strengths by which the multi-disciplinary team will assign appropriate placement.

F. Client family baseline assessment refers to a written report by a juvenile probation officer that identifies the client's delinquent history and the strengths and needs of the client and family.

G. Delinquent act refers to an act committed by a juvenile that would be designated as a crime under the law if committed by an adult.

H. Department means the children, youth, and families department.

I. Detention refers to the temporary care of juveniles alleged to be delinquent who require secure custody in a facility certified for that purpose by the department (Section 32A-2-4 NMSA 1978).

J. Facility refers to a facility operated by, or on behalf of, CYFD's juvenile justice services for purposes of housing and providing care for clients committed to the custody of CYFD.

K. Facility release panel (panel) is the departmental secretary-designated releasing authority that considers juveniles for supervised release.

L. Facility transition coordinator (FTC) means a department employee who works with the client and the client's multi-disciplinary team, juvenile probation officer, classification officer, and regional transition coordinator to coordinate the client's care while in the facility and ensures that the required tasks of the client's supervised release or extension track are occurring in a timely manner.

M. Final supervised release violation hearing means a proceeding conducted by the department or its designated hearing officer, for the purpose of determining whether to revoke supervised release.

N. Home study means an assessment of the living environment where the juvenile offender may reside during the term of supervised release; the assessment is conducted by the department; specific strengths and weaknesses of the living environment are identified through the home study process.

O. JJS is juvenile justice services, a division of the children, youth and families department.

P. JPO is a juvenile probation officer.

Q. Juvenile public safety advisory board (JPSAB) will advise the department on release decisions and make recommendations regarding programs and facilities.

R. Juvenile offender means an individual committed to the custody of the department pursuant to the Delinquency Act, 1978 NMSA Section 32A-2-1 through 32A-2-32; the term "juvenile offender" in this regulation includes those individuals who are committed as youthful offenders or up to age 21.

S. Multi-disciplinary team (MDT) refers to the team that meets at the facility to develop, monitor, and revise client plans for placement and services. The team includes the client and family member(s), and behavioral health, education, medical, a security representative, the juvenile probation officer and a transition coordinator if assigned.

T. Plan of care (POC) refers to the plan developed at the first multidisciplinary team (MDT) meeting following placement at the facility and reviewed and updated at each subsequent MDT. The plan included goals and objectives in all disciplines and is broadly available to all staff with client contact.

U. Probation refers to a court-ordered sanction and disposition which places an adjudicated client under the supervision and care of a juvenile probation officer.

V. Regional transition coordinator (RTC) means a department employee whose duties may include coordination of community and aftercare services for a client.

W. Release agreement means the document stating the conditions of supervised release as established by the panel. The juvenile is required to agree in writing to the agreement conditions as a prerequisite to being placed on supervised release status.

X. Release consideration meeting means a proceeding conducted by the panel for purposes of deciding whether to grant, deny, defer or revoke supervised release.

Y. Retake warrant refers to the document issued by the department, directed to law enforcement and department staff to detain a client alleged to have violated conditions of supervised release, and return the client to a secure facility.

Z. Secretary means the secretary of the children, youth and families department.

AA. Supervised release refers to the release of a juvenile, whose term of commitment has not expired, from a facility for the care and rehabilitation of adjudicated delinquent children, with specified conditions to protect public safety and promote successful transition and reintegration into the community. A juvenile on supervised release is subject to monitoring by the department until the term of commitment has expired, and may be returned to custody for violating conditions of release.

BB. Supervised release plan means the department's recommendation for the conditions the juvenile offender should be required to fulfill if released, and presents workable methods of dealing with the juvenile offender's problems and needs through community intervention.

CC. Supervised release recommendation report is the report prepared by the FTC/designee to inform the panel of the juvenile's progress while committed and readiness for release through summaries of all the disciplines in the juvenile's plan of care and the plan for the juvenile if he or she is granted supervised release.

DD. Victim notification means notification to the district attorney of each district in the state of any supervised release of juvenile offenders pursuant to Section 31-26-12 NMSA 1978.

[8.14.7.7 NMAC - N, 7/16/2009]

8.14.7.8 FACILITY RELEASE PANEL:

A. The facility release panel will conduct release consideration meetings at a minimum of monthly intervals to consider whether to grant release to juvenile offenders who are identified on the agenda. In addition to the regularly scheduled release consideration meetings, the panel may conduct special release consideration meetings upon recommendation of a facility or as a result of any circumstances that warrant review and consideration for release. Release consideration meetings may be held at any of the department's facilities.

B. The facility release panel consists of the JJS director/deputy director, the superintendent/designee from each CYFD facility, a behavioral health supervisor from the client's facility, a representative from education administration, and a quorum of the JPSAB. Video or teleconferencing shall be arranged for any member of the panel who cannot attend in person. The JJS director/deputy director is the departmental representative of the panel for purposes of notifications and revocations.

(1) The JJS director/deputy director serves as the panel chairperson.

(2) Each member of the panel has one vote in release decisions, and decisions must be approved by a majority vote.

(3) The quorum of the board that participates in release consideration meetings confers on decisions and provides the panel with one vote for all of the board members.

[8.14.7.8 NMAC - N, 7/16/2009]

8.14.7.9 ELIGIBILITY FOR SUPERVISED RELEASE:

A. A juvenile is eligible for supervised release any time after commitment to the department. A juvenile's supervised release date and placement is tentatively determined at their initial MDT meeting, based on the juvenile's client family baseline assessment and other information presented at the meeting. The MDT shall provide the juvenile with a notice of tentative release date at the conclusion of the Initial MDT. Once a tentative release date is determined, the juvenile shall be scheduled for the agenda of the release consideration meeting that coincides with that date, and agendas shall be provided to the juvenile public safety advisory board on a monthly basis. If so warranted by the juvenile's behavior or for other good cause, the release date may be moved up and the panel may consider a juvenile at an earlier release consideration meeting.

B. If after a release date is determined the MDT recommends that the juvenile's supervised release needs to be deferred, the MDT shall make written findings detailing the reasons for the deferral and provide those to the juvenile and the panel. The juvenile shall then be rescheduled as soon as practically possible for a release consideration meeting.

C. The panel shall base a decision to grant or deny supervised release on the following, as determined by the application of the specific criteria in Subsection D and the MDT's recommendation for release, as determined at the MDT at least two months prior to the scheduled release date:

(1) the public safety of the community;

(2) the likelihood of successful reentry and reorientation to the community, based on the extent of the client's rehabilitation and the proposed supervised release plan;

(3) the best interests of the client; and

(4) the likelihood of further progress with the programs and services offered in the facility.

D. Specific criteria to be considered by the panel and the MDT include:

(1) the juvenile offender's preparedness and willingness to assume the obligations and responsibilities of the release agreement;

(2) the degree to which the proposed living arrangements and community are conducive to successful completion of release and reintegration into the community;

(3) the juvenile offender's progress, rehabilitation and conduct while in the facility, including as reflected through SDM information;

(4) the extent and nature of the juvenile offender's drug or other substance abuse, and his response to treatment;

(5) the juvenile offender's history of delinquency or previous commitment;

(6) the availability of community resources to assist the juvenile offender, especially those that are only available in the juvenile's community and not available in the facility;

(7) any behavioral health or medical needs that the juvenile may have that can be more appropriately addressed in the community;

(8) information supplied by victims; and

(9) the nature of the offense for which the juvenile offender is presently committed.

E. Any time the department modifies the release criteria, it must first confer with the juvenile public safety advisory board and consider the board's input. If criteria are changed, the board must be allowed to participate in the decision and if there are disagreements, the department and the board shall in good faith attempt to reconcile the disagreements. If the board and the department cannot reconcile, the reasons for disagreement shall be recorded and submitted to the director of facilities to make a final decision.

[8.14.7.9 NMAC - N, 7/16/2009]

8.14.7.10 CONDUCT OF RELEASE CONSIDERATION MEETINGS:

A. Each FTC submits a proposed list of names of juveniles to be placed on the agenda to the panel at least forty days prior to the next regularly scheduled release consideration meeting dates. The FTC shall provide the release panel with the release consideration summary at least ten (10) days before the release consideration meeting.

(1) A client may appear on the panels' agenda by:

(a) an MDT recommendation for release;

(b) personally petitioning the panel any time sixty days after commitment or after a denial of release;

(c) a board request to be placed on the agenda after a denial of release.

(2) The final agenda is prepared and approved by the JJS director/designee.

(3) The JJS director/designee distributes copies of the final agenda to the department's facilities sufficiently in advance so that the facilities may arrange for the juvenile offenders and the employees who will present their cases to be present.

(4) For purposes of victim notification and representation, the JJS director/designee notifies the administrative office of the district attorneys of the upcoming agenda at least ten days prior to the release consideration meeting and provides notice if there are changes made to the agenda. After the release consideration meeting, the AODA, the committing judge, and the NM public defender department are promptly notified of the juvenile offenders who were granted or denied supervised release and the reasons therefore.

(5) The JJS director/deputy director/designee provides a copy of the panel's agenda to the JPSAB at least thirty five (35) days before the release consideration meeting.

B. At least ten (10) days prior to a release consideration meeting, the members of the panel receive an updated supervised release recommendation report from the facility transition coordinator for each juvenile offender on the agenda. For special supervised release hearings or for juvenile offenders who are added to the agenda, the panel receives the updated supervised release recommendation report as soon as practicable. The updated supervised release recommendation report must include the following information:

(1) for the commitment period, summaries of:

(a) behavior at the facility, including any disciplinary actions;

(b) mental health/medical interventions;

(c) extra-curricular activity;

(d) academic/vocational progress;

(e) family involvement while in commitment, including family involvement in any community services offered or recommended;

(2) home study that includes the status of the juvenile offender's siblings and juvenile/adult relatives known to law enforcement authorities and includes the JPO's assessment of the juvenile offender's home situation, including an update if the home study is more than 60 days old or circumstances have changed significantly since the completion of the home study;

(3) for the proposed supervised release period, the plan for:

(a) living arrangements; if the supervised release plan involves independent living, a full description of the proposed living and financial arrangements, including a budget breakdown; if an out-of-state release is proposed, all information required under applicable interstate compact provisions; if RTC, foster care, or other alternative living arrangement is proposed, how the placement will be funded and the estimated length of stay;

(b) education, including but not limited to, written confirmation from school officials or the juvenile offender's JPO as to anticipated school acceptance and grade level; any special educational programs should be outlined in the home study update;

(c) employment, including a letter from an employer setting forth the place of work, the beginning date if known, the number of hours, work schedule and rate of pay; information about employment arrangements should be made in the home study update;

(d) community service, including the name and location of the program and the number of hours of service recommended; the panel may consider such service as a complement or alternative to employment;

(e) community resources to be utilized to help the juvenile offender, including but not limited to alcohol, substance, drug, individual therapy, group therapy, mental health, sex offenders and family counseling programs; the counseling information shall specify particular programs and costs when possible;

(f) court ordered restitution or community service, which is to be arranged and coordinated through the department prior to supervised release;

(g) information provided by the victim, if any; and

(h) such additional information that the panel or facility may request in the particular case.

C. The panel interviews each juvenile offender and the juvenile's primary caregiver(s), if in attendance, at the release consideration meeting at which his or her supervised release is under consideration before making a decision to grant or deny supervised release. If the juvenile or the primary caregivers are unavailable to attend the meeting in person, vide or teleconferencing may be arranged.

D. Juvenile offenders are permitted to have legal counsel present at release consideration meetings.

E. Other than the juvenile, the juvenile's primary caregivers, and department representatives, the panel has sole discretion and authority to determine who may be present at release consideration meetings, which are not open to the public.

F. Official minutes of release consideration meetings are prepared by the panel.

G. Any decision regarding supervised release shall be approved by a majority of the panel. If the action of the panel is not unanimous, the dissenting member may have the reasons for his or her dissent set forth in the official minutes of the release consideration meeting.

H. The panel shall grant release when:

(1) the client has reached, or will reach before the next regularly scheduled release consideration meeting, his or her 90 day mandatory release date, as determined by the length of commitment ordered by the court;

(2) the client meets release criteria;

(3) the purpose of the commitment has been achieved; or

(4) the department is unable to adequately meet the client's needs in any of its facilities or programs, a suitable facility or program is available in the community where the juvenile has been accepted for placement, and supervised release to that placement would not pose a substantial risk to the public safety.

I. The panel's decision is announced to the juvenile offender, the juvenile's family, and their placement (if out of home) within forty eight (48) hours of the conclusion of the release consideration meeting.

(1) If the panel decides to grant supervised release, the juvenile offender is immediately informed of the panel's decision and of the general and special conditions of release.

(a) The juvenile offender must agree and sign a written statement of the general and special conditions of release (the release agreement) in order for release to commence. The panel provides a copy of the proposed release agreement to the juvenile at the release hearing, and mails a copy to the juvenile's parent, guardian or custodian within five (5) days, if release is granted.

(b) A certificate of supervised release is prepared, and a copy is provided to the juvenile.

(2) If the panel decides to deny supervised release, the panel provides the juvenile offender, their family, and their placement (if out of home) with a written statement of reasons for denial. A copy of the statement is mailed to the juvenile offender's parent, guardian or custodian within five (5) days after the decision is made to deny release. The panel may deny supervised release when, based on information presented at the release consideration meeting, a juvenile is not in a mandatory release period and:

(a) there is substantial risk to the public safety if he or she is released;

(b) there is a substantial likelihood the juvenile offender will not follow the conditions of supervised release;

(c) continued programming at the facility would be beneficial to the juvenile; or

(d) there exists any other reasons the panel deems sufficient and reasonable to deny supervised release.

J. Special release consideration meetings. Special release consideration meetings are scheduled at the discretion of the panel. Time frames applicable to the regularly scheduled release consideration meetings do not apply; however, the panel will coordinate receipt of any proposed agenda and distribution of the finalized agenda so that all interested parties and agencies receive as much notice as practicable. Notices of special release consideration meetings and agendas are provided to the AODA and the NM public defender department at least five days prior to the meeting.

K. If circumstances substantially change between a future release date and the date that release is approved by the panel, the panel may reconsider the decision to release and defer or deny release. If the panel decides to defer or deny release, it shall do so at a release consideration meeting, following all regular procedures, provided however, that supervised release may be temporarily deferred by the JJS director and the juvenile kept at the facility pending the convening of a release consideration meeting. Substantially changed circumstances include, but are not limited to:

(1) the juvenile's behavior in the period between approval and actual release is such that releasing him or her would pose a threat to his or her safety or the public safety;

(2) the placement that the juvenile is scheduled to be released to is not approved, cancelled, or otherwise modified such that releasing the juvenile would not be in his or her best interests; or

(3) any other credible information that comes to the attention of the panel that leads to a determination that the juvenile should not be released.

[8.14.7.10 NMAC - N, 7/16/2009]

8.14.7.11 GENERAL AND SPECIAL CONDITIONS OF SUPERVISED RELEASE:

A. The panel determines the general and special conditions of supervised release. The panel may add, delete or change any of the general or special conditions of supervised release.

B. The following are general conditions of supervised release to be included in all supervised release agreements.

(1) "I must maintain myself as a law-abiding citizen by following all municipal, county, state and federal laws, ordinances and orders, including laws and rules of Indian tribal councils when applicable. If I am enrolled in school, I must follow all school policies and regulations."

(2) "I must keep my JPO, my parents, custodian or guardian informed of my whereabouts at all times."

(3) "I will be required to have written permission of my JPO, in cooperation with my parents, guardian, or custodian, as appropriate, if I wish to temporarily leave the county to which I have been released."

(4) "I will inform my JPO, in cooperation with my parents, guardian, or custodian, as appropriate, if I am charged, arrested or detained by any law enforcement or juvenile authority, within a reasonable period of time, but no later than forty-eight (48) hours after arrest."

(5) "My JPO has the right to visit me at home, school or place of employment at any time."

(6) "I will follow curfew rules established by my JPO, as written with the cooperation of my parents, guardian or custodian."

(7) "I shall not use, possess, sell or transfer marijuana, narcotics or any other dangerous or illegal substances which have not been prescribed for me by a physician. I will participate in any examination requested by my JPO regarding possible use of such substances."

(8) "I will not possess or consume beer or any alcoholic beverage at any time while on supervised release. I will not enter any business commonly known as a bar, lounge or liquor store."

(9) "I must notify my JPO, in cooperation with my parents, guardian, or custodian, as appropriate, before applying for a marriage license or filing for divorce or legal separation."

(10) "I must not associate with anyone with whom my JPO, in cooperation with my parents, guardian, or custodian, as appropriate, forbids me to associate. This may include anyone with a criminal or delinquent record, anyone associated with a gang and anyone that may be detrimental to my successful completion of supervised release."

(11) "I cannot own, possess, sell, use or distribute firearms or other deadly weapons."

(12) "I will not endanger the person or property of someone else."

(13) "I will abide by all reasonable instructions of my JPO."

(14) "I will report to my JPO within 24 hours of release and will remain under house restriction and direct parental supervision until such time as my JPO decides to lift the restriction".

C. The panel assigns special conditions of supervised release, including specific details so as to determine compliance and success, regarding:

(1) person, city, county and state into whose custody a juvenile is released;

(2) employment;

(3) school;

(4) counseling, including career counseling;

(5) volunteer community service;

(6) associations;

(7) residency;

(8) community service or restitution, if any; and

(9) any other special conditions the panel deems appropriate.

[8.14.7.11 NMAC - N, 7/16/2009]

8.14.7.12 BEHAVIOR DURING THE SUPERVISED RELEASE PERIOD:

A. The department supervises juveniles on supervised release. The facility or regional transition coordinator /designee is responsible for providing the juvenile's juvenile probation officer with the supervised release recommendation report and any other documentation required to properly transition the juvenile to supervised release.

B. Modification of release conditions.

(1) Only the panel may substantially modify any of the terms of the supervised release agreement. The panel notifies the juvenile and his or her JPO of any such modifications.

(2) In an emergency situation, the JPO may temporarily approve a change of residency without prior approval from the panel. The JPO must notify the panel as soon as practicable. If the situation permits, the JPO should telephone the panel's chairperson for verbal approval prior to taking this emergency action.

(3) The JPO must submit a notification of supervised release change to the panel for approval of any proposed minor modifications to the written release agreement.

C. Absconders. When a juvenile on supervised release conceals or absents himself or herself from release supervision, the panel may declare him or her an absconder and request that a warrant be issued.

D. After supervised release, the panel receives the following reports and information:

(1) progress reports prepared by the JPO, assessing the progress of the juvenile; or

(2) reports of supervised release violations.

[8.14.7.12 NMAC - N, 7/16/2009]

8.14.7.13 VIOLATIONS OF SUPERVISED RELEASE CONDITIONS:

The JPO informs the panel when a juvenile is alleged to have violated any general or special conditions of supervised release. The JPO and a designated departmental

representative of the panel confer regarding the appropriate course of action in each circumstance. Supervised release shall only be revoked and the juvenile placed in detention if it is necessary to protect the public safety, prevent self-injury, facilitate transfer, or ensure the presence of the juvenile at subsequent court hearings.

A. After consultation, there may be a decision to allow the juvenile to continue on supervised release. The JPO's monthly report to the panel will document the justification for the decision to continue supervised release.

B. The panel may issue a reprimand for any supervised release violation, upon recommendation of the department or upon its own initiative when appropriate. The reprimand may be oral or written. Reprimands may be issued during a supervised release revocation proceeding if the panel has decided, after a preliminary supervised release violation inquiry or final supervised release violation hearing, not to revoke supervised release.

C. The panel may modify the release agreement to address less serious violations for which supervised release revocation proceedings are not immediately appropriate.

D. If after consulting with the panel, there is a decision to begin revocation proceedings against the juvenile, a preliminary supervised release violation report is prepared.

[8.14.7.13 NMAC - N, 7/16/2009]

8.14.7.14 SUPERVISED RELEASE REVOCATIONS:

A. Preliminary supervised release violation hearing. The purpose of the hearing is to determine whether there is probable cause (through a fact-finding process) to conduct a final supervised release violation hearing. The hearing shall be before an impartial hearing examiner appointed by the department.

B. Prior to initiating a preliminary hearing based upon alleged violations of release conditions which are a manifestation of the juvenile's disability, there must be a written finding that mental health services in the community that are available and appropriate to deal with the juvenile's mental disabilities were ineffective.

C. The department conducts the preliminary supervised release violation hearing. The juvenile's JPO provides the following information to the department's hearing examiner prior to the preliminary release violation hearing:

(1) notice of preliminary release violation hearing;

(2) release violation report; and

(3) notice of rights.

D. If there is a finding of probable cause at the preliminary supervised release violation hearing, a retake warrant is issued. The juvenile is returned to the facility from which he or she was released pending the final violation hearing before the panel. The hearing examiner sends the panel a copy of the supervised release violation report and the testimony, facts and conclusions, with the retake warrant, within ten days of the preliminary supervised release violation hearing. The hearing examiner may make recommendations for the panel's consideration at the final violation hearing.

E. If the hearing examiner does not find probable cause at the preliminary supervised release violation hearing, the juvenile is released and continues supervised release on the terms of the release agreement, including any modifications that have been approved by the panel. A report is submitted to the panel within ten (10) working days of the preliminary supervised release violation hearing.

F. Final supervised release violation hearing.

(1) The final supervised release violation hearing is conducted by the panel. The panel makes the final determination whether to continue the supervised release or whether and how to modify the terms of the supervised release agreement.

(2) A final supervised release violation hearing will be held within ninety days from the date the department retakes custody of the juvenile. The panel can make reasonable exceptions to this rule for good cause.

(3) The panel requests the New Mexico public defender department to represent the juvenile, unless a private attorney is secured by the juvenile.

(4) The panel notifies the juvenile, the juvenile's parent or guardian, and the juvenile's attorney of the hearing date at least ten working days in advance.

(5) The panel may consider and grant requests for postponement or continuance from the juvenile or attorney; time limits will be adjusted accordingly.

(6) The juvenile cannot re-litigate issues determined in the preliminary supervised release violation hearing.

(7) At the final supervised release violation hearing, the juvenile is entitled to the following:

(a) right to silence;

(b) right to an attorney;

(c) right to present evidence and witnesses;

(d) right to confront and cross-examine adverse witnesses (except where the panel determines, in writing, that the witnesses are in danger of harm or there is other good cause for not allowing confrontations);

(e) right to be informed of the evidence against him;

(f) right to a neutral hearing panel; and

(g) right to a written statement by the panel of the reasons for revoking supervised release.

(8) The panel's chairperson grants permission to call witnesses not heard at the preliminary supervised release violation hearing. Such requests may be made by either the juvenile or by panel members.

(9) The panel's chairperson determines the admissibility of evidence. Judicial rules of evidence shall not apply.

(10) All materials admitted in the preliminary supervised release violation hearing are admitted at the final violation hearing.

(11) The panel may accept or reject the hearing examiner's preliminary revocation recommendations and may enter any other disposition it deems appropriate.

(12) After the hearing is concluded, the panel presents its decision to the juvenile, attorney, parents, guardians or custodians.

(13) If supervised release is revoked, the juvenile is remanded to the custody of the juvenile facility.

(14) If the violated conditions of supervised release resulted from the commission of a new delinquent offense or criminal act, the juvenile will not be re-scheduled for a supervised release hearing.

(15) If supervised release is revoked and the juvenile is re-released in the same action, the juvenile will be required to abide by all original or modified conditions of supervised release. This new release date will be determined by the panel. The institution shall conduct a re-release orientation.

(16) The final supervised release violation hearing is electronically recorded.

[8.14.7.14 NMAC - N, 7/16/2009]

8.14.7.15 RELEASE AND FACILITY DISCHARGE PROCEDURES:

A. JPO request for discharge from supervised release: If the juvenile's JPO determines that a juvenile on supervised release has exhibited behavior that warrants early discharge, and the juvenile is not in a mandatory supervised release period, the JPO may request early discharge and prepare a supervision summary report. Any such report shall be submitted to the panel at least thirty days prior to the requested early discharge date. The report shall include a detailed supervision history setting forth the juvenile's performance on supervised release, and the reasons why the JPO is recommending early discharge.

B. Facility request for discharge from commitment.

(1) The facility shall request a discharge from the facility or department when the juvenile's commitment is expiring, whether the juvenile is on supervised release or in the facility. The facility submits a discharge notification to the panel at least thirty days prior to the juvenile offender's custody expiration date.

(2) Facility requests for discharge to take effect prior to the juvenile offender's custody expiration date shall be placed on the regular or special meetings agenda.

C. Types of discharges. The following types of discharges may be made:

(1) Administrative discharge: The panel issues an administrative discharge on the juvenile's supervised release or commitment expiration date.

(2) Unsatisfactory discharge: The panel issues an unsatisfactory discharge when and if:

(a) an absconder is over age 18, is a non-violent offender, three months have elapsed since the original custody expiration date, and the JPO is recommending a discharge;

(b) the juvenile has been placed on adult probation;

(c) the juvenile has been sentenced to a new commitment to a juvenile facility; or

(d) the juvenile has been sentenced to a commitment to a state or federal prison.

(3) Technical discharge: The panel shall issue a technical discharge when and if:

(a) the juvenile offender dies;

(b) the juvenile offender has been recommended for residential treatment pursuant to the Children's Mental Health and Developmental Disabilities Act, 1978

NMSA Section 32A-6A-1 et. seq., and it is expected that he or she will remain so committed until his or her custody expiration date; or

(c) the juvenile's commitment to a department facility is otherwise completed or terminated through a process other than expiration of the original term or through an unsatisfactory discharge.

D. The panel chairperson may grant an administrative discharge, including an unsatisfactory or technical discharge, without convening a full release panel.

E. Once the panel determines what type of discharge to issue, a certificate of discharge is given to the juvenile and a copy inserted into the juvenile's file. All victim notifications are completed in accordance with Section 31-26-12 (D) NMSA 1978.

[8.14.7.15 NMAC - N, 7/16/2009]

PART 8-9: [RESERVED]

PART 10: TRANSITION SERVICES

8.14.10.1 ISSUING AGENCY:

Children, Youth and Families Department.

[8.14.10.1 NMAC - N, 04/30/10]

8.14.10.2 SCOPE:

This rule applies to clients, children, youth and families department staff, health care and other providers administering care to clients in the facilities of the juvenile justice services of children, youth and families department, clients on supervised release, and clients consenting to receive services following discharge from supervised release.

[8.14.10.2 NMAC - N, 04/30/10]

8.14.10.3 STATUTORY AUTHORITY:

NMSA 1978 Section 9-2A-7(D) (2005) authorizes the secretary of the children, youth and families department (CYFD) to adopt regulations as necessary to carry out the duties of the department. NMSA 1978 Section 32A-2-19(B) provides that delinquent children may be committed to the legal custody of the department for placement, supervision and rehabilitation and more generally NMSA 1978, Section 32A-2-1 et seq., (2005) the Delinquency Act, contains various provisions relating to the commitment and custody of delinquent children. NMSA 1978 Section 32A-2-23.1 delineates the authority of the releasing authority.

[8.14.10.3 NMAC - N, 04/30/10]

8.14.10.4 DURATION:

Permanent.

[8.14.10.4 NMAC - N, 04/30/10]

8.14.10.5 EFFECTIVE DATE:

04/30/10, unless a later date is cited at the end of a section.

[8.14.10.5 NMAC - N, 04/30/10]

8.14.10.6 OBJECTIVE:

To establish standards for providing transition services to youth released or discharged from a facility for the care and rehabilitation of delinquent children while on supervised release and after discharge from supervised release if consented to by the youth.

[8.14.10.6 NMAC - N, 04/30/10]

8.14.10.7 DEFINITIONS:

A. Community services reviewer refers to persons designated to review, coordinate, track, and ensure the provision of emergency wraparound funds for youth in transition services.

B. Culturally competent services refers to a service delivery system that is responsive to diversity and cultural differences related to age, race, ethnicity, gender, and sexual preference.

C. CYFD refers to the New Mexico children, youth and families department.

D. Director of community based behavioral health services refers to the person designated to provide management oversight, guidance, and direction for community based behavioral health care and community based rehabilitative services operated or funded by CYFD for youth on probation or supervised release.

E. Emergency wraparound funds refers to funds of last resort that have been identified for use primarily with juvenile justice clients who are in need of service or goods that will assist in the successful reintegration back into a community after release from a juvenile justice facility and secondarily, with juvenile justice clients on probation to support the successful completion of probationary agreements or plans of care.

F. Facility release panel (panel) is the departmental secretary-designated releasing authority that considers juveniles for supervised release.

G. FACTS refers to the family automated client tracking system, CYFD's management information system.

H. Grievance system refers to systems and procedures available to youth to resolve grievances with transition services operations and staff.

I. Incident reporting refers to procedures in place to report events requiring JJS or CYFD response.

J. Facility refers to a facility operated by, or on behalf of, CYFD's juvenile justice services, for purposes of housing and providing care for clients committed to the custody of CYFD.

K. Juvenile justice services (JJS) refers to the organizational unit within CYFD that operates juvenile justice facilities, and provides other services under the Delinquency Act, NMSA 1978, Section 32A-2-1 et seq. (2005).

L. Multi-disciplinary team refers to the team that meets at central intake and at the facility to develop, monitor, and revise client plans for placement and services. The team includes the client and family member(s), and behavioral health, education, medical, a security representative, the juvenile probation officer and a transition services coordinator if assigned.

M. Single entity for behavioral health services refers to the managed care organization that contracts with the state to manage the delivery of all publicly funded behavioral health services.

N. Transition services coordinator (TSC) means a person whose duties may include coordination of community and aftercare services for a client.

O. Transition services manager refers to the person designated to manage transition services, and to train, supervise, and evaluate transition services coordinators.

P. Transition services refers to the services provided for youth exiting the care and custody of CYFD. Services are youth and family-driven, with individualized case planning and community-based transition services using wraparound models. CYFD provides transition services based on best practices that are culturally competent, gender responsive, and built on the unique strengths and resiliency of youth and their families.

Q. Transition team refers to the team that meets to develop, monitor, and revise transition plans. Transition team includes the transition services coordinator, the facility

multi-disciplinary team members, juvenile probation officer, the youth, family, and service providers involved with the youth and the transition plan.

R. Wrap around services refers to a service delivery system that utilizes community resources, is designed to fit the specific needs of the youth, promotes full youth and family engagement in the service delivery, and enhances the client's ability to access resources after CYFD involvement.

[8.14.10.7 NMAC - N, 04/30/10]

8.14.10.8 TRANSITION SERVICES:

Transition services are provided to maximize the youth's opportunity to successfully transition into the community after discharge/release from a facility. Transition services are provided through transition services coordinators who work on a regional basis throughout the state. The transition services coordinator works intensively with the youth and their families through their commitment and discharge from supervised release and up to age 21 if consented to by the youth. When appropriate, transition services shall include linking clients with education, vocational education, job training, job placement services, medical and behavioral health services.

[8.14.10.8 NMAC - N, 04/30/10]

8.14.10.9 TRANSITION PLANNING:

Transition services involve individualized transition planning. The transition plan identifies the goals, activities/ services/ programs, timeframes, and outcomes related to successful transition. Transition services coordinators establish the necessary arrangements and linkages with the full range of public and private sector individuals, agencies and organizations in the community, and the single entity for behavioral health services that can provide the services and supports in the domains listed in 8.14.10.8 NMAC, as appropriate and necessary to achieve successful transition.

[8.14.10.9 NMAC - N, 04/30/10]

8.14.10.10 SPECIAL NEEDS/SPECIAL CHARACTERISTICS:

Transition services are tailored to address youth, both male and female, with special needs/special characteristics, including youth with serious mental health or substance abuse disorders, youth with other chronic illnesses, assessed with problem sexual behaviors, Native American youth, and youth jointly involved with protective services and juvenile justice services.

[8.14.10.10 NMAC - N, 04/30/10]

8.14.10.11 TRANSITION SERVICES COORDINATION:

The transition services coordinator works with the youth, family, and transition team members to coordinate the transition plan. The transition services coordinator works with the juvenile probation officer to support the delivery of transition services in the community.

[8.14.10.11 NMAC - N, 04/30/10]

8.14.10.12 GRIEVANCE SYSTEM:

Youth have a right to question transition plan decisions and services and a grievance system is in place. The grievance system for transition services is made available to all youth, families, and transition team members. The grievance system is in accordance with the children, youth and families department grievance system. Youth are not prevented or discouraged from filing a grievance.

[8.14.10.12 NMAC - N, 04/30/10]

8.14.10.13 CRITICAL INCIDENT REPORTING:

In order to promote the well-being of participating youth, transition services coordinators and other staff of transition services report all critical incidents, including abuse, neglect, or exploitation of the youth, and dangerous behavior on the part of the youth, as required by state law, local law, or department policy. Critical incident reporting follows the procedures established by the department.

[8.14.10.13 NMAC - N, 04/30/10]

8.14.10.14 MONITORING, EVALUATION AND REPORTING:

Transition services are monitored and evaluated through a quality assurance process, plan or procedure; transition services are thoroughly documented.

[8.14.10.14 NMAC - N, 04/30/10]

8.14.10.15 TRANSITION SERVICES MANAGEMENT:

Transition services is managed by the transition services manager. Regular staff meetings are required as is training and supervision.

[8.14.10.15 NMAC - N, 04/30/10]

8.14.10.16 COORDINATION WITH OTHER PROGRAMS:

Transition coordination involves a high frequency of interface and collaboration with the facility multi-disciplinary team members, juvenile probation officers, facility release panel and panel chairperson, juvenile community corrections providers, community based

treatment providers, housing resources, the single entity for behavioral health, educational and vocational training providers, family members, natural community supports and others as needed to maximize opportunities for successful and sustained reintegration.

[8.14.10.16 NMAC - N, 04/30/10]

PART 11: CONTRACTED FACILITY: CAMP SIERRA BLANCA [REPEALED]

[This part was repealed on October 15, 2008.]

PART 12: [RESERVED]

PART 13: JUVENILE CONTINUUM GRANT FUND

8.14.13.1 ISSUING AGENCY:

New Mexico Children, Youth and Families Department.

[8.14.13.1 NMAC - Rp, 8.14.13.1 NMAC, 07/31/2007]

8.14.13.2 SCOPE:

General public, all units of local and tribal government, and all partners in juvenile justice continuums that may be seeking to provide cost effective services and certain temporary nonsecure alternatives to detention for juveniles arrested or referred to juvenile probation and parole or at risk of such referral.

[8.14.13.2 NMAC - Rp, 8.14.13.2 NMAC, 07/31/2007]

8.14.13.3 STATUTORY AUTHORITY:

Juvenile Continuum Act, Laws 2007, Chapter 351 and the Children, Youth and Families Department Act, Section 9-2A-7(D) NMSA 1978, as amended.

[8.14.13.3 NMAC - Rp, 8.14.13.3 NMAC, 07/31/2007]

8.14.13.4 DURATION:

Permanent.

[8.14.13.4 NMAC - Rp, 8.14.13.4 NMAC, 07/31/2007]

8.14.13.5 EFFECTIVE DATE:

July 31, 2007, unless a later date is cited at the end of a section.

[8.14.13.5 NMAC - Rp, 8.14.13.5 NMAC, 07/31/2007]

8.14.13.6 OBJECTIVE:

The objective of Chapter 14, Part 13 is to establish the manner in which money appropriated by the New Mexico state legislature to the juvenile continuum grant fund, and other money accruing to the fund as a result of gift or deposit, shall be awarded pursuant to the Juvenile Continuum Act, Laws 2007, Chapter 351.

[8.14.13.6 NMAC - Rp, 8.14.13.6 NMAC, 07/31/2007]

8.14.13.7 DEFINITIONS:

A. "Department" means the children, youth and families department.

B. "Grant fund" means the juvenile continuum grant fund, established pursuant to the Juvenile Continuum Act, Laws 2007, Chapter 351.

C. "JJAC" means the juvenile justice advisory committee, formed and functioning pursuant to Sections 9-2A-14 through 9-2A-16 NMSA 1978, as amended.

D. "Procurement Code" means the Procurement Code, Sections 13-1-21 to 13-1-199 NMSA 1978 , as amended.

E. "Juvenile justice continuum" means a system of services and sanctions for juveniles arrested or referred to juvenile probation and parole or at risk of such referral and consists of a formal partnership among one or more units of local or tribal governments, the children’s court, the district attorney, the public defender, local law enforcement agencies, the public schools and other entities such as private nonprofit organizations, the business community and religious organizations.

F. "At a risk of such referral" means that the juvenile has demonstrated specific behaviors that if repeated will make the juvenile eligible for a referral to juvenile probation and parole, and these behaviors have come to the attention of public agency officials such as the public school, law enforcement or protective services officials. Some examples are truancy or disruptive behavior in school.

G. "Required partner" means the officials and public agencies, and tribal equivalents, whose partnership in the juvenile justice continuum is statutorily required. These are: a unit of local or tribal government, the children’s court, the district attorney, the public defender, a local (municipal, county, tribal) law enforcement agency, and the public school district.

[8.14.13.7 NMAC - Rp, 8.14.13.7 NMAC, 07/31/2007]

8.14.13.8 ALLOWABLE USES OF GRANT FUND MONEY:

The allowable uses for grant fund money are those set forth in the Juvenile Continuum Act, Laws 2007, Chapter 351. Grant fund money may be used to provide:

A. Cost effective services for juveniles who are at risk of referral from a required partner to the department's juvenile probation and parole. These are services that have previously been demonstrated through research or evaluation to be effective at preventing or intervening in the targeted behaviors or that lead to the desired change in targeted behaviors. Targeted behaviors are those which prompted the juvenile's referral to the service, or that are effective in diverting the juvenile from involvement with the juvenile justice system. Applicants may be requested to provide proof of cost-effectiveness in their funding proposals.

B. Temporary, nonsecure alternatives to detention for juveniles who have been arrested, or who have been referred to the department’s juvenile probation and parole offices. Temporary nonsecure alternatives to detention are programs or services that provide an alternative to placement in a secure juvenile detention facility as authorized in the Delinquency Act. Examples are a licensed foster home, a nonsecure shelter facility, or the child’s place of residence under conditions and restrictions approved by the court.

[8.14.13.8 NMAC - Rp, 8.14.13.8 NMAC, 07/31/2007]

8.14.13.9 IDENTIFYING PRIORITIES FOR AWARD OF GRANT FUND MONEY:

Each fiscal year that money is available to be disbursed from the grant fund, the department in consultation with JJAC shall determine specific priorities for disbursement of the available money. The priorities must be selected from among the allowable uses specified for grant fund money.

[8.14.13.9 NMAC - Rp, 8.14.13.9 NMAC, 07/31/2007]

8.14.13.10 PROCUREMENT CODE TO PROVIDE MECHANISM FOR AWARD OF GRANT FUND MONEY:

A. All awards from the grant fund shall be made pursuant to the provisions of the Procurement Code and regulations promulgated thereunder.

B. The department in consultation with JJAC may establish priorities for expenditure of grant fund money. Any priority determinations shall be stated in the requests for proposals issued by the department.

C. The department shall issue requests for proposals to continuums. The requests for proposals shall identify the amount of money available, and the specific purpose(s) for which the money is available. The requests for proposals shall identify such

additional specific criteria as the department, in consultation with JJAC, finds necessary to effectuate the allowable uses selected for award of grant fund money, and that are consistent with the legislative mandate.

(1) Applicants shall be required to demonstrate that at least forty percent of the cost of the proposed project will be paid with local matching funds. The local matching funds may consist of money, land, equipment or in-kind services.

(2) A juvenile justice continuum shall be established through a memorandum of understanding (MOU) and a continuum board. For tribal governments, the corresponding agencies/entities must be the continuum members, and there must be a comparable memorandum of understanding and a continuum board. Applicants shall be required to submit the MOU establishing their juvenile justice continuum as a formal partnership that includes all required partners, and that has a continuum board as its governing authority.

D. The issuance of requests for proposals, and the process of selecting among submitted proposals, shall be conducted and governed entirely by the applicable provisions of the Procurement Code and regulations promulgated thereunder.

E. The JJAC shall serve as the evaluation committee reviewing all submitted proposals. The JJAC shall make its recommendations to the department's secretary.

F. In the event the department in consultation with JJAC determines that an alternative procurement process is warranted in a specific circumstance, the award of grant fund money shall proceed in compliance with applicable provisions of the Procurement Code. Examples of alternative procurement processes include, but are not limited to: emergency procurements and sole source procurements.

G. The department's secretary shall have final approval of awards from the grant fund.

[8.14.13.10 NMAC - Rp, 8.14.13.10 NMAC, 07/31/2007]

8.14.13.11 GRANT FUND RECIPIENTS SHALL ENTER INTO FORMAL CONTRACTS WITH THE DEPARTMENT:

Consistent with the provisions of the Procurement Code and regulations promulgated thereunder, the department shall negotiate with successful applicants to formalize the agreed-upon project as the subject of a contract between the grantee and the department. The contract shall identify with specificity the obligations of the grant fund recipient, including funds accountability and audit requirements.

[8.14.13.11 NMAC - Rp, 8.14.13.11 NMAC, 07/31/2007]

8.14.13.12 RIGHTS AND REMEDIES:

A. The rights and remedies of continuums that submit proposals shall be those available to them under the Procurement Code and regulations promulgated thereunder.

B. The rights and remedies of grant fund recipients shall be those available to them pursuant to their contracts with the department.

[8.14.13.12 NMAC - Rp, 8.14.13.12 NMAC, 07/31/2007]

PART 14: NEW MEXICO JUVENILE DETENTION STANDARDS

8.14.14.1 ISSUING AGENCY:

Children, Youth and Families Department.

[8.14.14.1 NMAC - Rp 8.14.14.1 NMAC, 01/01/2019]

8.14.14.2 SCOPE:

This regulation applies to all New Mexico juvenile detention centers operating under the certification of the children, youth and families department and managed by county and local jurisdictions. Juvenile detention centers detain delinquent offenders, youthful offenders, and serious youthful offenders. Juvenile detention centers detain juveniles pending court hearings but do not provide for long-term care and rehabilitation of adjudicated juveniles. Juvenile detention centers shall not detain children younger than the age limit identified in the Children's Code, status offenders, persons charged or previously adjudicated as delinquents or youthful offenders who are 18 years of age and older who have previously been detained with an adult population, or persons who are 18 years of age and older who are participating in a juvenile specialty court program serving custodial sanctions.

[8.14.14.2 NMAC – Rp 8.14.14.2 NMAC, 01/01/2019]

8.14.14.3 STATUTORY AUTHORITY:

Section 32A-2-4 NMSA 1978, as amended, cited as the Children's Code.

[8.14.14.3 NMAC - Rp. 8.14.14.3 NMAC, 01/01/2019]

8.14.14.4 DURATION:

Permanent.

[8.14.14.4 NMAC - Rp. 8.14.14.4 NMAC, 01/01/2019]

8.14.14.5 EFFECTIVE DATE:

January 1, 2019.

[8.14.15.5 NMAC - Rp. 8.14.14.5 NMAC, 01/01/2019]

8.14.14.6 OBJECTIVE:

To promulgate standards for the maintenance and operation of all juvenile detention centers including standards for the site, design, construction, equipment, care, programming, education, staffing, and medical and behavioral health care. The department shall certify as approved all juvenile detention centers in the state meeting the standards promulgated.

[8.14.14.6 NMAC - Rp. 8.14.14.6 NMAC, 01/01/2019]

8.14.14.7 DEFINITIONS:

A. Terms beginning with the letter "A":

(1) "Abuse and neglect" perpetrated by an adult on a child/juvenile, as defined in the Children's Code.

(2) "**Action plan**" a written document in response to a sanction submitted by the center to the department for approval which states the actions that the center plans to implement, with specific time frames and responsible parties for each, to correct the deficiencies found by the department in a previous inspection or review of documents.

(3) "**Adjudicate**" to make a finding of whether a juvenile committed a delinquent and/or criminal act.

(4) "**Administrator**" the person in charge of the daily operation of the center. The administrator may be the person named on the certification or an authorized representative of the applicant or designee.

(5) "**Annual certification**" is an authorization for a center to operate for a one-year period of time. The effective date is noted on the face of the document. The annual certification is issued on an initial and renewal basis following investigation of an initial application for certification or the inspection of the center by the department, unless a complaint is received during the certification period that warrants the issuance of a sanction.

(6) "**Applicant"** the county, municipality, or other center operator or administrator in whose name a certification for a center has been issued and who is legally responsible for compliance with applicable standards.

(7) "**Application"** the forms, attachments, documents, and drawings required as part of the process of granting or denying an annual certification or provisional certification.

(8) "**Authority"** the Children's Code.

B. Terms beginning with the letter "B": [RESERVED]

C. Terms beginning with the letter "C":

(1) "**Capacity**" the number of beds available for juveniles in the center as established through certification standards without a waiver provision.

(2) "**Certification"** the document issued by the department which authorizes the operation of a center pursuant to these detention standards. The term "certification" may include an annual certification and/or a provisional certification.

(3) "**Certifying authority**" the New Mexico children, youth and families department.

(4) **"Chemical restraints"** aerosols, sprays, or foggers used on juveniles, including mace and pepper sprays, not including pharmaceutical restraints administered by a medical provider.

(5) "**Collocated center"** a center located within or as part of or on the same immediate grounds of an existing county or municipal jail or courthouse, which contains a jail, provided that all state and federal requirements for a collocated center are met. No center that is not an existing collocated center, as of December 31, 1993, shall be certified as a collocated center.

D. Terms beginning with the letter "D":

(1) "**Deficiency"** a violation of or failure to comply with these standards.

(2) "**Delinquent offender**" a delinquent child (under the age of 18) who is subject to juvenile sanctions only and who is not a youthful offender or a serious youthful offender, as defined in the Delinquency Act.

(3) "**Denial of an application and denial of annual certification**" action by the department refusing to grant an annual certification or provisional certification.

(4) "**Department"** the New Mexico children, youth and families department.

(5) **"Detention center"** Detention facility, as defined in the Delinquency Act.

(6) "**Direct care staff**" staff of the center who provide supervision, security, custody, and control of center juveniles; this excludes contractors, volunteers, and student interns.

(7) "**Direct supervision**" direct care staff who provide direct supervision, observation, interaction, and programming by being physically present with juveniles at all times.

(8) "**Director**" the director of the juvenile justice services division of the New Mexico children, youth and families department.

E. Terms beginning with the letter "E": "**Emergency suspension of certification**" the department's prohibition of the operation of a center for a stated period of time by temporary withdrawal of the certification, prior to a hearing on the matter, when immediate action is required to protect health and safety of staff and/or juveniles.

F. Terms beginning with the letter "F":

(1) "**Final decision**" the written document following a hearing stating the final determination of the secretary.

(2) "**Five-day hearing**" the hearing noted in the emergency suspension and notice of hearing.

G. Terms beginning with the letter "G": [RESERVED]

H. Terms beginning with the letter "H":

(1) "**Health and safety deficiencies**" non-compliance with any standard which relates to conditions or circumstances leading to death, physical harm, or psychological harm to juveniles; any pervasive conditions that pose a threat to the physical safety of juveniles; any pervasive neglect or abuse of juveniles; or the pervasive detainment of status offenders.

(2) "**Hearing officer**" a person the secretary designates to conduct pre-hearing conferences and hearings, and to issue reports and recommendations, based on the information produced at the hearing.

I. Terms beginning with the letter "I":

(1) **"ICJ"** interstate compact on juveniles is a contract between states that regulates interstate movement of juveniles under court supervision, who have run away from home, or who have left their state of residence.

(2) "**Inspection**" an entry into, and examination of, the center's premises, records, including interviews with staff and juveniles, and any relevant information needed to show compliance with these standards.

J. Terms beginning with the letter "J": "**Juvenile**" generally any person who is younger than 18 years of age; however, for the purposes of these standards, a "juvenile" refers to any individual held in a juvenile detention center.

K. Terms beginning with the letter "K": [RESERVED]

L. Terms beginning with the letter "L": [RESERVED]

M. Terms beginning with the letter "M":

(1) "**Maintenance**" keeping building(s) and grounds in a repaired, safe, sanitary, and presentable condition.

(2) "**Management**" the juvenile detention center manager, supervisor, director, superintendent, or administrator.

N. Terms beginning with the letter "N": [RESERVED]

O. Terms beginning with the letter "O": "**Official notice**" information concerning the status of a center's certification.

P. Terms beginning with the letter "P":

(1) "**Partial compliance**" that a center is found to meet the conditions of participation, with moderate to few non-health and safety deficiencies and is able to receive a temporary certification so long as the implementation of a corrective action plan is achieved.

(2) **"PREA"** prison rape elimination act.

(3) "**Prospective applicant**" the county, municipality, or other center operator or administrator, in whose name a certification for operation has been submitted.

(4) "**Provisional certification**" a temporary certification, not to exceed two consecutive 120-day provisional certifications, to operate a center.

Q. Terms beginning with the letter "Q": [RESERVED]

R. Terms beginning with the letter "R":

(1) **"RAI"** risk assessment instrument.

(2) "**Recipient**" the person or entity who receives service of notice.

(3) "**Revocation of certification**" the department's prohibition of operation of a center by withdrawal of a certification.

(4) **"Room confinement"** when a juvenile is in a room by force, security, or staff direction and is not permitted to come out without staff instruction.

S. Terms beginning with the letter "S":

(1) "**Sanctions**" a measure imposed by the department for violations of these standards.

(2) **"SARA"** screenings, admissions, and releases applications.

(3) "**Secretary**" the cabinet secretary of the New Mexico children, youth and families department.

(4) "**Serious incident**" Environmental hazards; medical emergencies requiring transport, regardless of admission to a clinic or hospital; quarantine; serious injury or illness requiring medical intervention or treatment; behavioral health issues, including suicide ideation, suicide attempt, or transport to a behavioral health facility for evaluation, treatment, or placement; serious contraband (e.g., weapons, narcotics); violent acts by a client regardless of the victim; escapes; lockdowns; and abuse and neglect of a juvenile as defined by the Children's Code. Serious Incidents are reported to the local juvenile probation officer supervisor and the department's detention compliance monitor within 24 hours of the incident or by the next business day via email or by fax if the report contains protected information. Additionally, detention centers are responsible for taking appropriate actions, notifying law enforcement, and investigating when necessary.

(5) "**Serious youthful offender**" a person (age 15-18) who is charged with and indicted or bound over for trial for first degree murder, as defined in the Delinquency Act.

(6) "**Soft restraints**" fabric devices that utilize Velcro to restraint individuals without restricting breath. While in an approved soft restraint, the juvenile must be afforded some movement and not be restricted to one particular position. Approved soft restraints do not employ metal buckles or fasteners or in any way attach the juvenile's legs and/or ankles to the torso.

(7) "**Standard of compliance**" the degree of compliance required by these standards is designated by the use of the words shall, must, and may. Shall and must designate mandatory requirements that may not be waived. May is permissive and designates other requirements that may be determined to be non-applicable by the department.

(8) "**Status offender**" a juvenile who has been charged with or adjudicated for conduct which would not, under the law of the jurisdiction in which the offense was committed, be a crime if committed by an adult. (See also 28 CFR 31.304.)

(9) "**Substantial compliance**" that a center is found to meet the conditions of participation, without deficiencies, or with minor or few non-health and safety deficiencies, and is able to receive full certification.

(10) "**Suspension of certification**" the department's prohibition of operation of a center for a stated period of time through withdrawal of the certification, after notice and an opportunity for a hearing.

(11) "**Supervision**" direct observation and guidance by staff by being physically present with the juveniles.

T. Terms beginning with the letter "T": [RESERVED]

U. Terms beginning with the letter "U": [RESERVED]

V. Terms beginning with the letter "V": [RESERVED]

W. Terms beginning with the letter "W": "**Waiver**" a temporary or provisional certification to operate a center which does not conform with the standards for a period of time set by the secretary. A waiver from the department may be granted to a center for a maximum of two years. Any request for a waiver for re-certification of a waiver, denied by the department is not subject to the hearing process and procedures.

X. Terms beginning with the letter "X": [RESERVED]

Y. Terms beginning with the letter "Y": "Youthful offender" a delinquent child subject to adult or juvenile sanctions who is age 14-18 at the time of the offense and who is adjudicated for offenses contained and defined in the Delinquency Act.

Z. Terms beginning with the letter "Z": [RESERVED]

[8.14.14.7 NMAC - Rp. 8.14.14.7 NMAC, 01/01/2019]

8.14.14.8 LEGAL AUTHORITY:

A. The following standards are promulgated by the department pursuant to the Children's Code. These are minimum standards to assess basic operations of juvenile detention centers in New Mexico.

B. The department shall have access to the administrator or designee and the center for inspection of the center for compliance with these standards. Compliance is

determined during annual inspections or during more frequent inspections as necessary.

C. The center shall oblige all of these standards and applicable state and federal laws.

[8.14.14.8 NMAC - Rp. 8.14.14.8 NMAC, 01/01/2019]

8.14.14.9 STAFFING:

A. The education and experience qualifications of the center administrator include, at a minimum, one of the following: a bachelor's degree in an appropriate discipline, four years of experience working with juveniles, or three years in detention supervision and administration.

B. Eligible candidates for center staff shall be 18 years of age or older, be eligible to work in the US, possess a high school diploma or its equivalent, and successfully pass a background check and a physical examination.

C. Background checks are conducted on potential new staff, consultants, contractors, volunteers, and student interns. Candidates with any felony convictions or any child abuse and/or neglect convictions are barred from employment. The center and/or the county where the center is located shall have written policies and procedures setting out which additional convictions shall prohibit employment and other records that are required to be checked.

D. The center shall have written policies and procedures governing issues of confidentiality of social, education, and medical records of its staff, consultants, contractors, volunteers, and student interns.

E. The center shall have written policies and procedures governing operational shift assignments and post orders that state the duties and responsibilities for each assigned position in the center; these shift assignments are reviewed at least annually and updated as necessary.

F. The center shall have a written job description for each position or group of like positions which clearly states qualification, requirements, and responsibilities.

G. The center shall maintain employment records for staff, contractors, volunteers, and student interns.

H. The center shall have written policies and procedures that provide staff with access to their records and a process to address corrections to such records.

I. The center shall have a grievance process for staff.

[8.14.14.9 NMAC - Rp. 8.14.14.9 NMAC, 01/01/2019]

8.14.14.10 STAFF TRAINING:

A. Training shall be provided annually to all staff by qualified instructors. Each staff signs an acknowledgment that they have been trained and understand the center's policies and procedures.

B. The center shall have written policies and procedures that ensure all new fulltime staff receive 40 hours of orientation/training before being independently assigned to a particular job. This detention center orientation/training is to include at a minimum: orientation in the purpose, goals, and policies and procedures of the center; working conditions; post-orders; first aid/CPR; fire and emergency protocols; suicide prevention; behavior management methods; restraint techniques; PREA; alcohol and drug withdrawal; mandatory abuse and neglect reporting; and an overview of the juvenile justice and correctional fields. Credit for prior training received is acceptable so long as the training occurred within the past year.

C. The center shall have written policies and procedures that ensure all support staff, medical providers, and behavioral health clinicians who have regular contact with juveniles receive an additional 16 hours of training in juvenile detention issues each subsequent year.

D. The center shall have written policies and procedures that ensure all part-time staff, contractors, volunteers, and student interns receive training appropriate to their assignments.

E. The center shall have written policies and procedures that ensure all new juvenile detention officers receive an additional 80 hours of training during their first year of employment. Additionally, all juvenile detention officers receive 40 hours of training each subsequent year of their employment. Trainings may include the following topic areas:

(1) security procedures,

(2) supervision of juveniles,

(3) behavior management methods,

(4) report writing,

(5) rules for juveniles,

(6) rights and responsibilities of juveniles,

(7) fire and emergency protocols,

(8) key control,

(9) interpersonal relations,

(10) cultural/linguistic competency,

(11) child/adolescent growth and development,

(12) communication skills,

(13) first aid/CPR,

(14) suicide prevention,

(15) certified course in restraint techniques,

(16) intake criteria/and reporting,

(17) PREA,

(18) impacts of childhood trauma, and

(19) alcohol and drug withdrawal.

F. All training records are maintained in the staff's file.

[8.14.14.10 NMAC - Rp. 8.14.14.10 NMAC, 01/01/2019]

8.14.14.11 JUVENILE RECORDS:

A. The center shall have written policies and procedures consistent with state and federal laws to provide individuals and agencies access to records for the purposes of research, evaluation, and statistical analysis in accordance with a formal written agreement that authorizes access, specifies uses of data, ensures confidentiality, and supports security.

B. The center shall have written policies and procedures which govern record management, including the establishment, utilization, content, privacy, security, and preservation of records; and a schedule for the retirement or destruction of inactive case records consistent with state record requirements. These policies and procedures shall be reviewed annually.

C. The center shall have written policies and procedures to protects the juvenile's assets and provide accountability for the protection of the juvenile's assets, including the segregation of client's funds.

D. The center shall have written policies and procedures for an admittance record that is completed for every juvenile and contains the following information:

(1) court case number, if any, and detention center admission number;

(2) date and time of admission and release;

(3) name and nicknames, if any;

(4) last known address;

(5) immigration status;

(6) legal status (authority for detention);

(7) name of attorney, if any;

(8) name, title, and signature of delivering officer;

(9) specific charge(s);

(10) sex/gender;

(11) date of birth;

(12) place of birth;

(13) race or nationality;

(14) education and school attended;

(15) employment, if any;

(16) medical/health status;

(17) consent to treat forms;

(18) name, relationship, address, and phone number of parent(s)/guardian(s) and/or person(s) the juvenile resides with at time of admission;

(19) driver's license number and social security number;

(20) Medicaid number, if applicable;

(21) court and disposition, if any;

(22) additional remarks noting any open wounds or sores requiring treatment, evidence of disease, body vermin, piercings, or tattoos;

(23) person recording data;

(24) inventory of property;

(25) emergency contact;

(26) nature of offense/offense codes;

(27) photo, if juvenile is 13 years old or older; and

(28) fingerprints, if juvenile is 13 years old or older.

E. The center shall have written policies and procedures governing record management for every juvenile and contains the following information:

(1) intake information;

(2) documented legal authority to accept juvenile;

(3) information on referral source;

(4) record of court appearances;

(5) behavioral health risk assessment;

(6) record of assets, cash, and valuables held;

(7) notations of temporary absences from the center, if any;

(8) visitors' names and dates of visits, if any;

(9) record of telephone calls, if any;

(10) juvenile probation officer(s) and/or or caseworker(s) assigned;

(11) program rules and disciplinary policy, signed by juvenile;

(12) grievance and disciplinary records;

(13) referrals to other agencies, if any;

(14) final discharge or transfer report;

(15) nature of offense/offense codes; and

(16) documentation declining admissions to any juvenile who appears to be under the influence of drugs or alcohol.

F. There shall be a single master file identifying all juveniles detained in the center. Its contents shall be identified and separated according to an established format by the center.

G. The center shall use a release of information form that complies with applicable state and federal laws. The juvenile's parent/guardian/custodian or the court shall sign a release of information form before any release of information, including records and images, to the public. Once signed, a copy of the release of information form is maintained in the juvenile's record. Without parental or court consent, no records, images, or information about adjudicated juveniles shall be released if, by law, it is to be sealed in the future. Without parental or court consent, no information, including records and images about pre-adjudicated juveniles, shall be released. Images include any photographs, mug-shots, and video.

H. The center shall have written policies and procedures that safeguard records from unauthorized and improper disclosure. Manual records are marked "confidential" and kept in locked files that are also marked "confidential". Computerized/automated records are confidential and protected. All information is subject to disclosure to the department.

[8.14.14.11 NMAC - Rp. 8.14.14.11 NMAC, 01/01/2019]

8.14.14.12 PHYSICAL PLANT:

A. A detention center for juveniles may be collocated within, as part of, or on the same immediate grounds of an existing municipal or county jail or courthouse which contains a jail, provided that all state and federal requirements for a collocated center are met, in accordance with these standards. (See also 28 CFR 31.303.)

B. The requirements for collocated centers include the following:

(1) separation, achieved architecturally or through time-phasing of common, non-residential areas, between juveniles and adults, so that there can be no sustained sight or sound contact between juveniles and detained adults in the center;

(2) total separation in all juvenile and adult programs, including recreation, education, vocation, medical and behavioral health care, dining, sleeping and general living activities;

(3) an independent and comprehensive operational plan for the juvenile detention center providing for a full range of separate services is in place; and

(4) separate juvenile and adult staff, including management at an administrative level, security staff, and direct care staff.

C. Specialized services staff such as cooks, bookkeepers, medical providers, and maintenance workers, who do not directly supervise juveniles and adults, can serve both.

D. The day to day management, security, and direct care functions of the juvenile detention center are vested in a totally separate staff, dedicated solely to the juvenile population.

E. The center's site must meet the following standards:

(1) an area large enough to provide an outdoor recreation area for the maximum capacity of juveniles;

(2) the outdoor recreation area must be enclosed by a wall or fence at least 16 feet high and located strategically to prevent juveniles and the general public from seeing one another, except at a reasonable distance, to prevent passing contraband;

(3) the property must be large enough to prevent encroachment of new construction on adjoining properties;

(4) the site must be sufficiently large to discourage exposure at windows and to prevent passing contraband through or over a fence or wall;

(5) there should be sufficient area to allow future expansion of the center; and

(6) there should be adequate parking space for staff and visitors.

F. All approvals of local zoning boards, city or county commissioners, or other responsible local bodies are necessary to receive certification.

G. The center shall comply with all applicable federal, state, and local health, safety, and building codes and accessibility requirement of the American's with Disabilities Act.

H. The population in housing or living units cannot exceed the rated capacity of certification, unless otherwise waived by the department.

I. Multi-purpose facilities shall be made equally available to male and female juveniles while maintaining necessary privacy, sight and sound separation, and physical separation.

J. Water for showers is temperature controlled.

K. Living units are primarily designed for single-occupancy sleeping rooms. Any use of multiple occupancy rooms cannot exceed 20 percent of the single bed capacity of the unit. There are at least 80 percent of all beds in rooms designed for single-occupancy only.

L. New construction requirements for single-occupancy sleeping rooms include the following:

(1) at least 70 square feet of floor space,

(2) the toilet is above floor level and is available for use,

(3) wash basin and drinking water,

(4) hot and cold running water,

(5) a bed above floor level,

(6) natural or artificial light, and

(7) shower facilities.

M. At no time shall male and female juveniles occupy the same sleeping room, privacy must be provided with no direct sight or sound contact between male and female juveniles.

N. Temperature control and ventilation shall be available in the event of a power failure. All heating, air conditioning, piping, boilers, and ventilation equipment shall be installed and maintained to meet all requirements of current state and local mechanical, electrical, and construction codes. Temperatures shall be maintained at a reasonable degree at all times.

O. The total indoor/outdoor activity space apart from the sleeping area provides at least 100 square feet per juvenile.

P. The center shall provide adequate, appropriate space for the following:

(1) visitation with some privacy, as security allows;

(2) religious services;

(3) interviews in or near the living unit;

(4) telephone calls;

(5) secure storage space for juveniles' property and personal belongings;

(6) storage for clothing, bedding, and center supplies;

(7) separate and locked spaces for mechanical equipment with inventory lists and sign in/out logs that are maintained;

(8) sleeping rooms and housing units used by disabled juveniles are designed for their use and shall provide the maximum possible integration with the general population and ensure their safety and security;

(9) all areas of the center that are accessible to the public shall be accessible to and usable by disabled staff, juveniles, and visitors;

(10) a dayroom for each housing unit or cluster with a minimum of 35 square feet of floor space per juvenile and be separate and distinct from the sleeping area, which is adjacent and accessible; and

(11) units housing male and female juveniles, sharing day rooms, restrooms, and activity areas, shall provide separate and private areas for males and females and prevent all sight and sound contact between males and females when in their sleeping quarters, shower areas, or other areas requiring privacy.

Q. There shall be a written plan for preventive maintenance of the physical plant with provisions for emergency repairs or replacement of equipment. This plan shall be reviewed annually and updated as needed.

[8.14.14.12 NMAC - Rp. 8.14.14.12 NMAC, 01/01/2019]

8.14.14.13 SAFETY AND EMERGENCY:

A. The center shall comply with applicable state, federal, and local sanitation, safety, and health codes pertaining to fire, evacuations, emergencies, and safe, secure storage.

B. The center shall provide that a qualified fire and safety officer perform a comprehensive and thorough inspection of the center for compliance with safety and fire prevention standards annually and the center provides documentation of the inspection.

C. The center shall maintain fire alarms, an automatic detection system, and the availability of fire hoses or extinguishers at appropriate locations throughout the center.

D. Policies and procedures shall specify the center’s fire prevention practices; evacuation of staff, juveniles, and visitors; a provision for an adequate fire protection service; a system of fire inspection and testing of equipment semi-annually; and an annual inspection by the state fire marshal or other qualified person(s) approved by the state fire marshal.

E. The center must be equipped with the following safety containers:

(1) noncombustible receptacles for smoking materials and separate containers for other combustible refuse at readily accessible locations, and

(2) special containers for flammable liquids and rags used with flammable liquids.

F. The center must provide space to securely store the following items readily accessible to authorized persons only:

(1) restraining devices and related security equipment, and

(2) all flammable, toxic, chemical, and caustic materials.

G. Center furnishings are purchased with proof of the fire safety performance requirements of the materials selected.

H. The center must have access to an alternate power source to maintain essential services in an emergency. Power generators and other emergency equipment and systems are tested at least monthly for effectiveness and shall be repaired or replaced as necessary. Documentation of tests shall be maintained.

I. The center shall provide for the prompt release of juveniles from locked areas in case of fire or other emergency, and a secondary release system shall be in place in the center. These release procedures shall be set out in the safety and emergency procedures.

J. The center shall have exits that are properly positioned, clearly, distinctly, and permanently marked, in order to evacuate juveniles, staff, and visitors in the event of fire or other emergency. All housing areas and places of assembly for 50 or more persons shall have two exits.

K. The center shall have a written plan for evacuation in the event of fire or other emergency that is approved through the fire marshal.

L. The evacuation plan shall be reviewed annually, updated as necessary, and documented. The plan shall include the following:

(1) location of building/floor plans,

(2) use of exit signs and directional arrows for traffic flow,

(3) location of publicly posted plans,

(4) documented fire drills are conducted monthly, rotating drills between the shifts, and

(5) documented evacuation drills conducted annually.

M. The center shall have written policies and procedures to provide for safe, appropriate response to and handling of the following emergencies:

(1) active shooter,

(2) bomb threats,

(3) hostage taking,

(4) riots,

(5) natural disasters,

(6) chemical leaks,

(7) hunger strikes,

(8) mass arrests, and

(9) employee strikes and/or walkouts.

N. The center shall have written policies and procedures governing the control and use of all flammable, toxic, and caustic materials.

[8.14.14.13 NMAC - Rp. 8.14.14.13 NMAC, 01/01/2019]

8.14.14.14 SECURITY, STAFFING, AND CONTROL:

A. All centers shall submit a plan to the department within 90 days of beginning operations, which demonstrates the center's ability to provide adequate management, control, supervision, staff coverage, program activities, and security, and address at a minimum:

(1) center structure,

(2) population flow,

(3) staff ratios,

(4) adequate supervision during day time, lockdowns, room confinements, suicide prevention coverage times, and sleeping hours,

(5) indoor and outdoor recreational activities,

(6) staff training,

(7) staff absence policy (e.g., sick leave, vacation, etc.),

(8) policies and procedures to ensure juveniles shall be safe from physical and verbal assault, harassment, threats of violence, theft, intimidation, and sexual misconduct, including sexual harassment and sexual abuse, and

(9) policies and procedures to safeguard against all sight and sound contact between juveniles and detained adults.

B. All centers shall maintain staff/juvenile ratios with a minimum of one juvenile detention officer for every eight juveniles during day and swing shifts, and a ratio of one juvenile detention officer for every 16 juveniles during sleeping hours.

C. Staff of the same gender as the juvenile shall be present when conducting strip (visual) and pat searches and monitoring shower and toilet areas, except in exigent circumstances. Additionally, there is no direct sight or sound contact between males and females in these areas or living quarters.

D. The center shall operate a control center which is staffed at all times.

E. The center perimeter shall be secured in such a way that juveniles remain within the perimeter and that access by the general public is denied without proper authorization.

F. The center shall have written policies and procedures requiring that all security perimeter entrances and exterior doors are kept locked except when used for entry or exit and in cases of emergencies.

G. The center shall have written policies and procedures to govern the availability, control, inventory and use of physical/mechanical restraints and include the following:

(1) restraints are only used for justifiable self-defense, protection of juveniles from hurting themselves, protection of others, protection of property, and the prevention of escapes;

(2) restraints are only used as a last resort after all other attempted less restrictive interventions have failed;

(3) following the intake process, staff consider the juvenile’s medical condition and history of abuse when utilizing restraints;

(4) mechanical restraints shall only be applied by, or with the authorization of, the center administrator or designee, medical provider, or behavioral health clinician; and

(5) restraints shall be defined in policies and procedures as "the use of any physical intervention, mechanical device, or pharmaceutical used to restrict movement of a juvenile or the movement or normal function of a portion of an individual’s body during isolated, serious incidents".

H. The center is responsible for training staff on the proper techniques for applying restraints, both physical and mechanical, and for properly monitoring juveniles who are in restraints. The center may not use restraints:

(1) as punishment or sanctions,

(2) for convenience of staff, or

(3) as a substitute for programs or activities.

I. Center staff monitor a juvenile placed in mechanical restraints at a minimum of every five minutes and record each of those checks in the juvenile’s records.

(1) At the onset of a mechanical restraint, a medical provider must be notified. Within one hour of a mechanical restraint, a medical provider must assess the juvenile regardless of how long the restraint was in use. A mechanical restraint may not be in effect for a period longer than one hour for every 24 hour period without written authorization from the center administrator.

(2) The mechanical restraint devices used at the center must be manufactured and developed specifically for such use and, therefore, designed to cause the least possible physical discomfort and avoid physical injury to the juvenile.

(3) The only approved mechanical restraint devices are the following:

(a) handcuffs,

(b) waist chain/belts,

(c) foot shackles,

(d) safety helmets,

(e) spit guards,

(f) disposable/flexible cuffs, and

(g) soft restraints as defined by these standards.

(4) The use of all other mechanical restraint devices is prohibited.

(5) The use of restraint chairs is prohibited.

(6) The use of chemical/aerosol restraints is prohibited.

(7) The use of restraints in a courtroom is prohibited, unless ordered by the judge.

J. The administration of pharmaceutical restraints shall not be used except under the direction and authorization of a medical provider after all other efforts to manage behavior have failed.

K. Written policies and procedures shall provide for weekly inspection and maintenance of mechanical restraints devices.

L. All use of force incidents including physical, mechanical, and pharmaceutical restraints are reported (in writing) to and reviewed by the center administrator within 24 hours. Additionally, the following information shall be recorded in the log maintained for that purpose prior to the end of the shift on which the restraint occurred:

(1) the name of the juvenile,

(2) the date and time restraints were used,

(3) the type of restraint used,

(4) the name of the staff requesting use of the restraint,

(5) the name of the supervisor or medical provider authorizing the use of restraint,

(6) the name of the staff who actually conducted the restraint,

(7) the reason for the use of the restraint, and

(8) the date and time the juvenile was released from the restraint.

M. All use of force incidents including physical, mechanical, and pharmaceutical restraints and all serious incidents are reported to the local juvenile probation officer supervisor and the department’s detention compliance monitor within 24 hours of the incident or by the next business day via email or by fax if the report contains protected information.

N. The center shall have written policies and procedures requiring that staff inspect every area of the center daily and submit a written report to the center's administrator whenever deficiencies are noted. All such documentation shall be readily available to the department.

O. The center shall have a written policies and procedures to search staff, contractors, volunteers, student interns, juveniles, and visitors for contraband. Information on contraband and notification of searches are posted at the center's main entrance.

P. Strip (visual) searches shall be conducted without specific authorization only upon admittance or return to the center. At all other times, searches shall be conducted based on reasonable suspicion, and must be authorized by the center administrator or designee.

Q. The center shall notify the local juvenile probation officer supervisor and the department's detention compliance monitor of any suspension of services or center closure (temporary or permanent). The notification must be submitted 30 days prior to the change. A statement describing provision of essential services, continuation of client care, possible alternative placement, and a plan to restore normal operations shall accompany the notification.

R. Firearms are not permitted in the center except as defined by the center policies and procedures.

S. The center shall have written policies and procedures governing the control and use of keys and an accounting of all material related to the ingress/egress to the center.

T. The center shall have written policies and procedures governing the control and use of tools and medical and culinary equipment.

U. The center shall have written policies and procedures for handling escapes, walkaways, and unauthorized absences. The policies and procedures shall include documenting, investigating, and reporting to the department.

V. The center shall have written policies and procedures that provides for a communications system within the center, and between the center and the community, specifically in the event of an emergency.

W. The center shall have written policies and procedures governing the transportation of juveniles when transportation is provided by center staff.

X. The center shall have written policies and procedures to provide transportation in emergencies or evacuation from the center including all notifications to the public and to the department.

Y. The center shall have written policies and procedures governing the transportation of juveniles from one jurisdiction to another.

Z. The center shall have written policies and procedures prohibiting the admittance of children younger than the age limit identified in the Children's Code, status offenders, persons charged or previously adjudicated as delinquents or youthful offenders who are 18 years of age and older who have previously been detained with an adult population, and persons who are 18 years of age and older who are participating in a juvenile specialty court program serving custodial sanctions.

[8.14.14.14 NMAC - Rp. 8.14.14.14 NMAC, 01/01/2019]

8.14.14.15 FOOD SERVICE:

A. Food services shall comply with the applicable sanitation and health codes as promulgated by state, federal, and local authorities.

B. The center shall have written policies and procedures requiring that food service staff develop planned menus that are nutritionally balanced and approved by a state licensed dietician. In the planning and preparation of all meals, food flavor, texture, temperature, appearance, and palatability shall be considered.

C. A staff member, experienced in food service management, shall supervise food service operations, unless such food services are contracted with another agency in which case, the staff member shall monitor the contract for compliance.

D. The center shall have written policies and procedures that provide for special diets as prescribed by appropriate medical or dental health care providers and religious dietary laws.

E. The center shall have written policies and procedures that require food service providers to serve at least three meals, two of which are hot, at regular meal times during each 24-hour period. There shall be no more than 14 hours between the evening meal and breakfast. The center food service supervisor may allow variation, so long as the three meals provided within the 24-hour period meet the daily basic nutritional requirements and the 14-hour requirement.

[8.14.14.15 NMAC - Rp. 8.14.14.15 NMAC, 01/01/2019]

8.14.14.16 SANITATION AND HYGIENE:

A. The center must comply with applicable state, federal, and local sanitation and health codes.

B. The center shall take actions to prevent and control vermin and pests.

C. Hair care services shall be available to juveniles.

D. The center shall have written policies and procedures requiring that articles necessary for maintaining personal hygiene are provided to all juveniles, including toothbrushes, toothpaste, soap, shampoo, and feminine hygiene products.

E. The center shall have written policies and procedures that provide for suitable, clean bedding and linens: one sheet, one pillow and pillowcase, one mattress, and sufficient blankets to provide comfort regardless of temperature conditions; and linen exchange at least weekly or more often as necessary.

F. The center shall maintain a surplus supply of clothing, linens, and bedding for the center's maximum juvenile population.

G. The center shall clean, and when necessary, disinfect juveniles' bedding and clothing before storage or issuance.

[8.14.14.16 NMAC - Rp. 8.14.14.16 NMAC, 01/01/2019]

8.14.14.17 MEDICAL AND BEHAVIORAL HEALTH CARE:

A. The center shall have written policies and procedures that provide for the delivery of health care services, including medical, dental, and behavioral health care, under the control of a designated health authority. When this authority is other than a health care provider, final medical judgment rests with a designated, responsible, licensed physician. Arrangements are made with the health care provider in advance of need.

B. Medical, including psychiatric and dental, matters involving medical judgment are performed by a licensed physician and/or dentist respectively. The center's policies and procedures that are applicable to center staff are also applicable to health care providers.

C. The center shall have written health care policies and procedures approved by the responsible physician and/or health authority that provide for a regular schedule of examinations, emergency protocols, inventory of all medical materials dispensed, and medical record retention.

D. The center shall have written policies and procedures that shall address the management of serious, communicable, and infectious diseases.

E. The department of health shall be notified of any outbreak of an infectious disease.

F. The center shall enter into an agreement with a nearby medical service provider and/or hospital for all medical services that the center cannot provide.

G. Appropriate state and federal license, certification or registration requirements, and restrictions apply to staff who provide health care services to juveniles. Verification of current credentials and job descriptions are kept on file in the center and/or in the county where the center is located.

H. The center shall have written policies and procedures requiring that first aid kits are available. A medical provider approves the contents, locations, and procedure for periodic inspections.

I. The center shall have written policies and procedures that provide for medical examination of any staff or juvenile suspected of carrying a communicable disease.

J. At the time of a juvenile's admission, program staff shall be informed of juveniles' special medical, physical, and behavioral health conditions that might require additional attention, further evaluation, or safety monitoring.

K. The center shall have written policies and procedures requiring a medical and behavioral health evaluation be performed by medical providers and behavioral health clinicians on all juveniles, within 72 hours of arrival at the center. All findings and evaluations are recorded.

L. The center shall have written policies and procedures requiring that juveniles be informed orally and in writing of the process for accessing medical and behavioral health services.

M. Juveniles' medical and behavioral health complaints are monitored and responded to daily, or as needed, and are documented.

N. The center shall provide sick call for non-emergency medical service, conducted by a physician or medical provider.

O. Sick call is available to each juvenile at least weekly.

P. The center shall have written policies and procedures that provide for the prompt notification of a juvenile's parent/guardian/custodian in case of illness, surgery, injury, or death.

Q. The center shall provide access to 24-hour emergency medical and behavioral health care.

R. The center shall have written policies and procedures that provide for screening, care, and/or referral for care of juveniles who display behavioral health, developmental, or intellectual delay needs. When such juveniles are identified, proceedings are instituted pursuant to the Children's Code.

S. The center shall have written policies and procedures for detoxification services, performed under medical supervision, from alcohol, opiates, barbiturates, and other drugs. The center shall not provide detoxification services unless they are approved and staffed by medical providers.

T. The center shall have written policies and procedures that provide for proper management of pharmaceuticals and address the following subjects:

(1) handling psychotropic medications,

(2) medication receipts,

(3) storage,

(4) dispensing,

(5) administration,

(6) distribution,

(7) inventory,

(8) all controlled substances, and

(9) syringes and needles.

U. The center shall have written policies and procedures that provide that all staff administering or distributing medication have training from a medical provider, and are accountable for administering medications according to orders. The administration of medications are recorded on a form approved by the responsible physician and/or pharmacist including the appointment of a treatment guardian ad litem as required under the Children's Code.

V. The center shall have written policies and procedures that provide that stimulants, tranquilizers, and psychotropic drugs that require intramuscular administration are prescribed only by a physician and are administered by a physician, registered nurse, or medical provider.

W. The center shall have written policies and procedures that prohibit the use of stimulants, tranquilizers, or psychotropic drugs for purposes of behavior management or experimentation and research.

X. The center shall have written policies and procedures that prohibit the use of juveniles for medical, pharmaceutical, or cosmetic experiments. This policy does not preclude individual treatment of a juvenile based on the need for a specific medical procedure that is not generally available.

Y. The center shall have written policies and procedures requiring that a health record be kept on each juvenile containing the following:

(1) the completed receiving screening form;

(2) health appraisal data forms;

(3) all findings, diagnoses, treatments, dispositions, prescribed medications and their administration, laboratory, x-ray, and diagnostic studies;

(4) signature and title of staff documenting the information;

(5) consent and refusal for treatment forms;

(6) release of information forms;

(7) place, date, and time of health encounters;

(8) health service reports, e.g., dental, behavioral health, and consultations;

(9) treatment plan, including nursing care plan and progress reports; and

(10) discharge summary of hospitalization and other termination summaries.

Z. The method of recording entries in the records, the form and format of the records, and the procedures for their maintenance and safekeeping are approved by the health authority.

AA. The center shall have written policies and procedures upholding the principle of confidentiality of the health record:

(1) the active health record shall be maintained separately from the detention record;

(2) access to the health record shall be controlled by the medical provider in accordance with HIPAA; and

(3) medical providers and behavioral health clinicians may share with the center administrator information regarding a juvenile's medical and behavioral health management and ability to participate in programs.

BB. The center shall have written policies and procedures that provide when a juvenile is in need of hospitalization, security staff accompanies and stays with the juvenile at least during admission. If the juvenile is admitted, the center administrator notifies the court.

CC. The center shall have written policies and procedures to handle all behavioral health emergencies and all necessary services (including placement change) for any juvenile experiencing a behavioral health emergency. Juveniles are afforded access to behavioral health care and crisis intervention services in accordance with their needs.

(1) During any and all medical or behavioral health required observations, staff visually checks the juvenile every five minutes. Each check is documented, the juvenile's behavior described, and the reason for the juvenile to remain on observation noted.

(2) Juveniles placed on observation are visited at least one time each day by staff from administrative, supervisory, medical, behavioral health, or education. A log recording who required the observation, persons visiting the juvenile, the person authorizing the release, and the time of release is maintained and available for inspection by the department.

[8.14.14.17 NMAC - Rp. 8.14.14.17 NMAC, 01/01/2019]

8.14.14.18 JUVENILE RIGHTS AND RESPONSIBILITIES:

A. The center shall have written policies and procedures stating that juveniles are not subject to discrimination based on race, color, national origin, religion, sex (including pregnancy and childbirth) mental or physical disability, genetic information, marital status, sexual orientation, gender identity, serious medical condition, domestic abuse reporting status, and citizenship.

B. Any juvenile who is not a delinquent offender, but who is abused or neglected, and juveniles charged with status offenses, shall not be held in the center (exception: out-of-state runaways, mandated by state and federal laws as provided in an ICJ).

C. The center shall have written policies and procedures requiring equal access to programs and services for male and female juveniles.

D. The center shall have written policies and procedures requiring that supervision of juveniles be provided by trained staff, contractors, or volunteers.

E. A written grievance procedure shall be explained and made available to all juveniles. It must allow for at least one timely level of appeal. Release of a juvenile is not a remedy.

F. The center shall have written policies and procedures that provide for review of all disciplinary hearings and dispositions by the center administrator or designee.

G. The center shall have written policies and procedures that provide when a juvenile is charged with a rules violation that they are given a written copy of the alleged violation within 24 hours of the discovery of the violation.

H. The center shall have written policies and procedures that provide when a juvenile is charged with rule violations that they are scheduled for and receive a hearing within 72 hours of the incident. The center administrator may postpone a hearing for good cause.

I. The center shall have written policies and procedures that provide juveniles charged with rule violations are present at the hearing, unless they waive that right in writing or through unsafe behavior. Juveniles may be excluded during the testimony of anyone whose testimony must be given in confidence. The reason for the juvenile's absence or exclusion is documented.

J. The center shall have written policies and procedures that provide disciplinary hearings are conducted by an impartial person or panel trained in center policies and procedures. The staff charging the juvenile cannot serve as the hearing officer. The following is included in each disciplinary hearing:

(1) a record of the disciplinary hearing and a copy of the written decision is given to the juvenile with an explanation of the right to appeal;

(2) the juvenile may appeal a decision of the disciplinary hearing officer(s) to the administrator or higher supervisory authority; the administrator or higher supervisory authority either affirms or reverses the decision of the disciplinary hearing officer(s) within five days of the appeal; and

(3) how the juvenile is sanctioned for the rule violation is documented.

K. At least one hour of recreation shall be provided daily to juveniles and when the weather permits, outdoor exercise. A structured one-hour of leisure time activity shall be provided in addition to the recreation time. The center shall provide an appropriate range of daily indoor and outdoor recreational and leisure activities which meet the needs of juveniles of various ages, interests, and abilities.

(1) Recreational activities shall provide a balance of group play, competitive games, and quiet individual activity.

(2) The center shall provide the necessary equipment for conducting appropriate indoor and outdoor recreational program.

L. Juveniles shall be provided access to their legal counsel.

M. Juveniles may make confidential contact with attorneys, authorized representatives, and advocates including, telephone communications, correspondence,

and visits. However, attorneys, authorized representatives, and advocates are subject to the center's visitation search procedure.

N. Juveniles shall not be transferred to a county/adult jail solely on the basis of turning 18 years old while in a juvenile detention center.

O. The center shall have written policies and procedures permitting juveniles to participate in religious services and religious counseling on a voluntary basis, subject only to limitations necessary to maintain order and security.

P. Juveniles are not subject to corporal or cruel punishment, humiliation, mental abuse, isolation, solitary confinement, or punitive interference with the daily functions of living, including eating, sleeping, personal hygiene, and physical exercise. Juveniles are not denied access to education or required medical and behavioral health care.

Q. Juveniles are not required to participate in uncompensated employment unless the work is related to housekeeping, maintenance of the center or grounds, personal hygienic needs, or is part of an approved vocational or training program.

R. Juveniles are permitted visitors, subject only to the limitations necessary to maintain order and security.

S. Juveniles may communicate or correspond with families and friends, as well as with public officials, the courts, and their attorneys, subject only to the limitations necessary to maintain order and security.

T. Juveniles may maintain the length and style of their hair, except if such style causes a risk to health and safety.

U. Juveniles may maintain facial hair, except if such style causes a risk to health and safety.

V. All written information is provided in a language that the juvenile can comprehend. Completion of orientation is documented by a statement that is signed and dated by the juvenile and placed in the master file.

W. Library materials are available to all juveniles.

X. Community and social service programs are accessible to all juveniles.

Y. Juveniles are afforded access to behavioral health care and crisis intervention services in accordance with their needs.

Z. The center shall have written policies and procedures to handle all behavioral health emergencies and to provide for all necessary services (including transportation or placement change) for any juvenile experiencing a behavioral health emergency.

AA. Juveniles may access telephone services, subject to written policies and procedures.

[8.14.14.18 NMAC - Rp. 8.14.14.18 NMAC, 01/01/2019]

8.14.14.19 RULES AND DISCIPLINE:

A. Rule violations, disciplinary procedures, and possible sanctions shall be posted in a conspicuous and accessible area. Information about the disciplinary process shall be given to each juvenile upon admission. The documents are translated into the language spoken by the juveniles within the community.

B. Each staff prepares a disciplinary report when a juvenile commits a reportable rule violation. Disciplinary reports include the following information:

(1) specified rule(s) violated,

(2) a formal statement of the charge,

(3) an explanation of the event, including who was involved, what happened, and the time and location of the incident,

(4) unusual juvenile behavior,

(5) staff and juvenile witnesses,

(6) disposition of any physical evidence,

(7) any immediate action taken, including the use of force (restraints),

(8) reporting staff's signature, and

(9) date and time report is made.

C. All documentation shall be kept in the juvenile's file and in the center's discipline file to document due process not for the purpose of accumulating disciplinary reports.

D. The center shall have written policies and procedures that govern room confinement:

(1) room confinement is prohibited for minor misbehavior,

(2) prior to room confinement, juveniles must have the reasons for the confinement explained to them and have an opportunity to explain the behavior leading to the confinement, and

(3) during any and all room confinements, staff contact is made with the juvenile at a minimum of every 15 minutes; each check is documented, the juvenile's behavior described, and the reason for the juvenile to remain in room confinement noted.

(4) When a juvenile is confinement for the safety of others or to maintain the security of the center, the juveniles may be confined for a time period of up to 22 hours; if the juvenile's behavior improves, they are returned to general population as soon as possible; confinement lasting 22 hours shall be reviewed and approved by the administrator or designee not involved in the incident leading up to the confinement.

E. Juveniles placed in confinement are visited at least one time each day by staff from administrative, supervisory, medical, behavioral health, or education. A log recording who authorized the removal from regular programming, persons visiting the juvenile, the person authorizing the release, and the time of release is maintained and available for inspection by the department.

F. Whenever a juvenile is removed from the regular program, a supervisor reviews the action and documents approval of the action. The juvenile probation officer is notified within one business day of the removal.

G. Deprivation of food, exercise, sleep, hygiene, access to medical and behavioral health care, and education are prohibited.

H. Behavior management methods shall be designed to provide incentives for positive behavior and afford proportional measures of accountability. Incentives for positive behavior may include privileges:

(1) special visits,

(2) extra phone calls,

(3) movies,

(4) music, and

(5) special events.

[8.14.14.19 NMAC - Rp. 8.14.14.19 NMAC, 01/01/2019]

8.14.14.20 ADMISSION PROCEDURES:

A. The center shall have written policies and procedures governing the intake and orientation of newly admitted juveniles including:

(1) notification of assigned juvenile probation officer,

(2) verification of legal authority to detain,

(3) search and inventory of the juvenile and possessions,

(4) disposition of clothing and personal possessions,

(5) medical screening,

(6) shower and hair care, as needed,

(7) issuance of clean clothing, as needed,

(8) notification of parent/guardian/custodian,

(9) recording of basic personal data and information to be used for mail and visiting lists,

(10) assignment to a housing unit, and

(11) assignment of a registration number (booking number/file number).

B. If center medical providers or behavioral health clinicians determine that a juvenile needs to be medically or psychiatrically treated and/or cleared prior to admission, the center may deny admissions and direct law enforcement to transport the juvenile to a hospital for medical or psychiatric clearance. Law enforcement shall provide a copy of the medical or psychiatric clearance document(s) to the center upon return.

C. The center shall provide an orientation handbook containing programs, services, rules, and rights and responsibilities to juveniles upon admission. The orientation handbook is translated into the language spoken by the juveniles and their families.

D. The center shall perform functions necessary to utilize SARA for recording the admission of any juveniles entering the center. All admissions must be recorded in the format the detention center is trained on to input data into SARA. Once the admission is completed, it is the responsibility of center staff to continue recording any transfers into the center or releases from the center in the format the center is trained on to input data into SARA.

E. A written itemized list is made of all personal property in the possession of a newly admitted juvenile; a copy of this list, which notes all property that will be held until release, is given to the juvenile and maintained in center admission file.

F. All juveniles may make up to three telephone calls to parents/guardians/custodians and attorneys during the admissions process or at the first practical opportunity. Telephone calls are documented.

[8.14.14.20 NMAC - Rp. 8.14.14.20 NMAC, 01/01/2019]

8.14.14.21 EDUCATION:

A. The center, in cooperation with the local education agency, develops and implements written policies and procedures which provide for the educational and instructional needs of juveniles, and complies with applicable state and federal educational standards. The center must maintain a current memorandum of understanding with the local education agency to provide educational services and testing for juveniles in detention. The memorandum of understanding contains mandatory attendance requirements, provision for special education testing and services, and transfer of education records to the juvenile's community school or to the department if the juvenile is committed. The memorandum of understanding sets forth the following requirements:

(1) space allocation,

(2) timing and identification of service provision for each teacher,

(3) educational assistant and special education staff and support staff,

(4) furniture,

(5) training schedule,

(6) length of the school year, days education is provided, and length of the school day,

(7) supplies for consumables and texts, and

(8) security coverage.

B. Technology is available to provide instruction and maintain education records, including telephone, faxes, and copiers.

C. A portfolio shall be developed for each student. The portfolio will be sent with the student when they return to their community school or if they are committed. Included in the portfolio are all relevant education records and the documentation of any records transferred.

D. Each center establishes an education curriculum and a process for selecting the curriculum for each juvenile, including high school equivalency track, credit recovery, post-secondary work, and standard high school credits. Each center documents how a juvenile receives an equal level of educational services compared with the student's community school setting.

E. Within 24 hours of the first school day, the following information is recorded:

(1) name,

(2) address,

(3) parent/guardian/custodian,

(4) last two schools attended,

(5) attendance,

(6) grade level,

(7) special education status,

(8) number of credits earned,

(9) home/native language,

(10) social security number,

(11) date of last IEP (individualized education plan), and

(12) the date of the last evaluation.

F. Within 24 hours of the first school day, the local education agency is contacted to verify the information provided by the juvenile. Incoming juveniles are evaluated to determine current grade levels for appropriate school placement and educational programming. All information and school records are documented in the portfolio.

G. An IEP is put in place based on all information received or a new IEP is developed and diagnostic evaluations are completed.

H. An individual curriculum based on the juvenile's identified needs is assigned and progress is recorded in the portfolio.

[8.14.14.21 NMAC - Rp. 8.14.14.21 NMAC, 01/01/2019]

8.14.14.22 RECREATION AND LEISURE PROGRAMMING:

A. The center shall have written policies and procedures requiring that juveniles have access to:

(1) recreation activities and leisure time daily,

(2) reading materials, and

(3) culturally appropriate activities and services.

B. The center shall develop and implement a daily activity schedule inclusive of meaningful leisure time activities to alleviate idleness and provide incentives for positive behavior.

[8.14.14.22 NMAC - Rp. 8.14.14.22 NMAC, 01/01/2019]

8.14.14.23 MAIL AND VISITING:

A. The center shall have written policies and procedures requiring that juveniles may communicate with their families.

B. There is no limit to the volume of letters a juvenile may send or receive, except when the center provides postage. In such cases, the center informs the juvenile of the quota which permits at least one letter per week.

C. Inspection of juvenile's mail may occur to safeguard the security of the center. Any letter from an attorney may not be opened.

D. The receipt and holdings of all money received/held for the juvenile are handled in a separate account or receptacle that may only be accessed by a supervisor.

E. All incoming mail is distributed by midnight on the same day it is received, and outgoing mail is held for no more than 24 hours, excluding weekends and holidays.

F. Visitors register upon entry into the center and are subject to search.

G. The center shall maintain mail and visitor logs setting out the above information.

[8.14.14.23 NMAC - Rp. 8.14.14.23 NMAC, 01/01/2019]

8.14.14.24 RELEASE PREPARATION AND TRANSFER PROGRAMS:

A. The center shall have written policies and procedures that provide for releasing juveniles including:

(1) verification of identity,

(2) verification of release papers,

(3) completion of release arrangements, including the person or agency to whom the juvenile is to be released,

(4) return of personal items,

(5) administrative resolution of any pending action, including disciplinary proceedings (and appeals), grievances, claims for damages, or lost possessions,

(6) medical screening and arrangements for community follow-up care,

(7) transportation arrangements, and

(8) instructions on forwarding the juvenile's mail.

B. Juveniles are only released upon receipt of a written release order signed by an appropriate authority.

C. The center does not accept the presence of a detainer as an automatic bar to release. The center determines the basis of any such detainer, and may release the juvenile to a detainer, if appropriate.

[8.14.14.24 NMAC - Rp. 8.14.14.24 NMAC, 01/01/2019]

8.14.14.25 VOLUNTEER INVOLVEMENT:

A. Volunteer involvement in programs, direct services, and cooperative endeavors for juveniles is encouraged.

B. Center staff provides supervision for all volunteers and volunteer programs.

C. Volunteers are screened and recruited from all cultural and socioeconomic segments of the community.

D. Volunteers are issued identification cards. Background checks are conducted on all potential volunteers.

E. Volunteers agree, in writing, to abide by all center policies, procedures, and rules.

F. The administrator may curtail, postpone, or discontinue services of a volunteer or volunteer organization for any reason.

[8.14.14.25 NMAC - Rp. 8.14.14.25 NMAC, 01/01/2019]

8.14.14.26 RECORD COMPLIANCE:

Each center shall maintain documentation, including records, policies, and procedures required by these standards and shall make them available to the department. Paper

and electronic records and files shall be maintained and managed per state records requirements.

[8.14.14.26 NMAC - Rp. 8.14.14.26 NMAC, 01/01/2019]

8.14.14.27 WAIVERS AND VARIANCES:

A. A waiver means the department refrains from enforcing compliance with a portion of these standards for a limited time period provided the health, safety, and welfare of the juveniles and staff are not in danger. Waivers are not favored and will be granted at the sole discretion of the secretary for emergencies or other exceptional circumstances. Failure to plan, negligence, or other such similar factors are not grounds for a waiver. A waiver must be requested in writing. The factors to determine if a waiver shall be granted are based on the following:

(1) impact on the juveniles' health and safety,

(2) impact on staff safety,

(3) impact on any security measures in place, and

(4) the best interests of the community.

B. Any waiver must be in writing and must specify the time period of the waiver.

C. If on the date these standards are promulgated, a center is providing services prescribed under these standards, but fails to meet all building requirements, a variance may be granted at the sole discretion of the secretary if:

(1) the variance requested does not create a hazard to the health, safety, or welfare of the juveniles and staff,

(2) the variance requested does not deny access to any disabled person who is otherwise qualified to receive services from or visit the center,

(3) the building requirements for which variances are granted cannot be corrected without an unreasonable expense to the center,

(4) the variance requested is not in conflict with existing building codes, and

(5) the variance requested is recorded and made a permanent part of the center file.

D. Any variance granted continues to be in effect as long as the center continues to provide services pursuant to these standards; and these variances are not transferred

to a different center or transferred/assigned upon the sale or transfer of the center from the current applicant.

E. If a new center is opened in an existing building, variances may be granted for those building requirements that the center cannot meet under the same criteria that the previous, certified center had been granted as set out above.

[8.14.14.27 NMAC - Rp. 8.14.14.27 NMAC, 01/01/2019]

PART 15: NEW MEXICO JUVENILE DETENTION REQUIREMENTS

8.14.15.1 ISSUING AGENCY:

Children, Youth and Families Department.

[8.14.15.1 NMAC - N, 7/31/01]

8.14.15.2 SCOPE:

This rule applies to all New Mexico juvenile detention centers operating under the certification of the children, youth and families department.

[8.14.15.2 NMAC - N, 7/31/01]

8.14.15.3 STATUTORY AUTHORITY:

Section 32A-2-4 NMSA 1978, as amended.

[8.14.15.3 NMAC - N, 7/31/01]

8.14.15.4 DURATION:

Permanent.

[8.14.15.4 NMAC - N, 7/31/01]

8.14.15.5 EFFECTIVE DATE:

July 31, 2001

[8.14.15.5 NMAC - N, 7/31/01]

8.14.15.6 OBJECTIVE:

The purpose of these rules and regulations is to promulgate standards for the maintenance and operation of all juvenile detention facilities including standards for the

site, design, construction, equipment, care, program, personnel and clinical services. The department shall certify as approved all juvenile detention facilities in the state meeting the standards promulgated.

[8.14.15.6 NMAC - N, 7/31/01]

8.14.15.7 DEFINITIONS:

A. **"Action plan"** means a written document in response to a sanction submitted by the facility to the

department for approval which states those actions that the program implements, with specific time frames and responsible parties for each, to correct the deficiencies found by the department in the previous on-site visit or review of documents.

B. **"Adjudicate"** means to make a finding of whether a child committed a delinquent act.

C. **"Administrator"** means the person in charge of the daily operation of the facility. The administrator may be the person named on the certification or an authorized representative of the applicant and/or designee.

D. **"Annual certification"** is an authorization to a facility to operate for a one year period of time. The effective date is noted on the face of the document. The annual certification is issued on an initial and renewal basis following investigation of an initial application for certification and/or the inspection of the facility by the department, unless a complaint is received during the certification period that warrants the issuance of a sanction.

E. **"Appearances"** means the act of the hearing officer in recording, for the record, the names of person(s) appearing at the hearing and their representatives, if any.

F. **"Appellant"** means the party seeking review of a final decision of the department.

G. **"Applicant"** means the county, municipality or other facility operator, in whose name a certification for a facility has been issued and who is legally responsible for compliance with applicable laws, standards or regulations.

H. **"Application"** means the forms, attachments and other writings and drawings required to be completed as part of the process of granting or denying an annual certification or provisional certification.

I. **"Authority"** means the New Mexico Children’s Code, Section 32A-2-5; 32A-2-9; 32A-2-11 as amended.

J. **"Burden of proof"** the burden of persuasion is on the party to convince the hearing officer of all elements of the case by a preponderance of the evidence.

K. **"Capacity"** means the number of beds available to the facility as established through certification standards without a waiver provision.

L. **"Certification"** means the document issued by the department which authorizes the operation of a facility pursuant to certification standards. The term "certification" may include an annual certification and provisional certification.

M. **"Collated facility"** means a facility located within or as part of or on the same immediate grounds of an existing county or municipal jail, or courthouse, which contains a jail, provided that all federal and state requirements for a collocated facility are met. No facility that is not an existing collocated facility, as of December 31, 1993, shall be certified as a collocated facility after that date.

N. **"Deficiency"** means a violation of, or failure to, comply with a provision(s) of these regulations.

O. **"Denial of an application and denial of annual certification"** means action by the department refusing to grant an annual certification or provisional certification.

P. **"Department"** means the New Mexico children, youth and families department.

Q. **"Detention screening tool"** means the instrument used to guide the detention decision.

R. **"Direct care staff"** means an employee of the facility who provides supervision, security, custody and control of facility residents; this excludes contractual personnel and volunteers.

S. **"Directed action plan"** means an action plan related to a sanction that the department writes and specifies that the facility must enforce within the specific time frame.

T. **"Direct supervision"** means direct care staff who provide direct supervision, observation, interaction and programming by being physically present with juveniles at all times.

U. **"Director"** means the director of the juvenile justice division of the New Mexico children, youth and families department.

V. **"Emergency suspension of certification"** means the department’s prohibition of operation of a facility for a stated period of time by temporary withdrawal of the certification, prior to a hearing on the matter, when immediate action is required to protect human health and safety.

W. **"Facility"** means all juvenile detention facilities required to be certified by the department by authority of the New Mexico Children's Code, Section 32A-2-4, NMSA 1978, as amended.

X. **"Final decision"** means the written document following a hearing, stating the final determination of the secretary.

Y. **"Five-day hearing"** means the hearing noted in the emergency suspension order and notice of hearing. See the definition of "emergency suspension of certification" above.

Z. **"Health and safety deficiencies"** means non-compliance with any standard which relates to conditions or circumstances leading to death, physical harm, or psychological harm to recipient(s) of services or any pervasive conditions that pose a threat to the physical safety of occupants, or any pervasive neglect of residents or abuse of residents or the pervasive detainment of status offenders.

AA. **"Hearing officer"** means a person the secretary designates to conduct pre-hearing conferences, hearings, and issue reports and recommendations, based on the information produced at the hearing.

BB. **"Imminent danger"** means a danger which could reasonably be expected to cause death or serious harm to detained juveniles or staff and which requires immediate correction.

CC. **"Inspection"** means an entry into, and examination of the facility's premises, records, including staff interviews, interviews with juveniles, and any relevant information needed to show compliance with these standards.

DD. **"Juvenile"** means any person who is less than eighteen (18) years old.

EE. **"Certifying authority"** means the children, youth and families department.

FF.**"Long term"** means a separate or collocated facility certified to detain juveniles for longer than a (72) hour period.

GG. **"Maintenance"** means the care of building(s), by keeping them in a repaired and safe condition and the grounds in a safe, sanitary and presentable condition.

HH. **"Management"** means the juvenile detention center manager, supervisor, superintendent or administrator.

II. **"Official notice"** means information concerning the status of a facility's certification.

JJ. **"Partial compliance"** means that a facility is found to meet the conditions of participation, with moderate to few non-health and safety deficiencies and is able to receive a temporary certification so long as the implementation of a corrective action plan is achieved.

KK. **"Prospective applicant"** means the county, municipality or other facility operator, in whose name a certification for operation of a facility is submitted. The prospective applicant may be represented by the administrator or supervisor of the facility.

LL. **"Provisional certification"** means a temporary certification, not to exceed two (2) consecutive one hundred twenty (120) day provisional certifications, to operate a facility.

MM. **"Recipient"** means the person or entity who receives service of notice.

NN. **"Revocation of certification"** means the department's prohibition of operation of a facility by withdrawal of a certification.

OO. **"Sanctions"** means a measure imposed by the department for a violation(s) of certification standards.

PP. **"Standard of compliance"** means the degree of compliance required by these regulations is designated by the use of the words shall and must and may. Shall and must designate mandatory requirements that may not be waived. May is permissive and designates other requirements that may be determined to be non-applicable by the department.

QQ. **"Secretary"** means the secretary of the New Mexico children, youth and families department.

RR. **"Serious incident"** means environmental hazards, arrest or detention or situations that require emergency services. Environmental hazards include unsafe conditions which create immediate threat to life or safety, including but not limited to fire and contagious disease requiring quarantine. Emergency services include unanticipated admission to a hospital, other psychiatric facility, or the provision of emergency services including, but not limited to, treatment for broken bones, cuts requiring sutures, poisoning, contagious diseases requiring quarantine, burns requiring specialized medical treatment, medication under-dose or overdose requiring treatment, or incidents between residents or residents and staff resulting in physical or psychological harm or which could result in psychological harm, or a confrontation between staff(s) or resident(s) that results in any restraint, use of force or behavior-management technique, or other conditions requiring specialized treatment at an urgent care center, emergency room or by EMS.

SS. **"Severability"** means if any part or application of these regulations is held invalid, the remainder or its application to other situations or persons shall not be effected.

TT.**"Six (6) hour certification"** means a certified facility that may only detain juveniles for no more than a six (6) hour period for the purpose of arranging transportation and/or release.

UU. **"Forty-eight (48) hour certification"** means a certified facility that may only detain juveniles for no more than forty-eight (48) hour period for the purpose of arranging transportation and/or release.

VV. **"Status offender"** means a runaway, a truant, and/or a juvenile who has committed a status offense that is not classified a delinquent act (exception: out-of-state runaway juveniles as mandated by state and/or federal law).

WW. **"Substantial compliance"** means that a facility is found to meet the conditions of participation, without deficiencies, or with minor to few non-health and safety deficiencies, and is able to receive full certification.

XX. **"Suspension of certification"** means the department's prohibition of operation of a facility for a stated period of time through withdrawal of the certification, after notice and an opportunity for a hearing.

YY. **"Supervision"** means the direct observation and guidance by adult staff at all times by being physically present with the juveniles and/or through video monitoring with direct observation.

ZZ.**"Usage"** means the masculine pronoun includes the feminine and neuter, and, the singular number includes the plural and the plural includes the singular.

AAA. **"Waiver"** means a temporary or provisional certification to operate a facility which is in non-conformance with the standards for a period of time set by the secretary. A waiver from the department may be granted to a facility for up to two (2) years only. Any request for a waiver for re-certification of a waiver, denied by the department is not subject to the hearing process and procedures.

BBB. **"Working days"** means when determining compliance with various deadlines in these regulations, Monday through Friday, of each calendar week, excluding state observed holidays.

[8.14.15.7 NMAC - N, 7/31/01]

8.14.15.8 LEGAL AUTHORITY:

A. The following regulations are promulgated by the New Mexico children, youth and families department pursuant to 32A-2-4, NMSA 1978 comp. as amended. These are rules and regulations concerning the basic operations of juvenile detention centers in New Mexico.

B. Administration and enforcement responsibility: The department shall have access to the administrator or designee and the facility for inspection of the facility for compliance with these regulations and standards, upon appropriate identification.

C. All secure juvenile detention facilities must comply with department standards and these rules and regulations. Compliance is determined during annual inspections or more frequently when warranted.

D. The facility shall meet all applicable certification requirements, and applicable state and federal laws.

E. Confidentiality: Written policy and procedure shall provide that records are safeguarded from unauthorized and improper disclosure. Manual records are marked "confidential" and kept in locked files that are also marked "confidential". Written policy and procedure provide that when any part of the information system is computerized, confidentiality of records is maintained.

[8.14.15.8 NMAC - N, 7/31/010]

8.14.15.9 STANDARDS:

A. Standards for detention facilities shall be promulgated by publishing notice of the proposed adoption of new or revised standards in the Albuquerque Journal and Las Cruces Sun News at least twenty (20) days before the date of a public hearing.

B. The notice shall comply with NM rules and regulations for the adoption of such standards. At a minimum, the notice shall consist of where the proposed standards may be obtained, location of public hearing, the dates and time of such hearing and the proposed adoption date of the standards. The public hearing shall be held in Santa Fe, New Mexico.

[8.14.15.9 NMAC - N, 7/31/01]

8.14.15.10 GENERAL PROVISIONS:

A. TYPES OF CERTIFICATIONS

(1) FULL CERTIFICATION: Is granted to a facility currently serving clients and determined to be in substantial compliance with the certification standards. If there are minor to few non-health and safety standards deficiencies, the department directs a facility to correct deficiencies through the submission of a department approved action

plan within the time frame specified. The program produces proof of correction through submission of appropriate and relevant documentation or by subsequent on-site review. This certification status lasts for twelve (12) months and is renewed prior to the expiration date.

(2) PROVISIONAL (TEMPORARY) CERTIFICATION: Is granted to a facility determined to be in partial compliance with the certification standards.

B. A temporary certificate covers, depending upon the severity/chronicity of the deficiencies and at the discretion of the department, any period of time up to one hundred twenty (120) days. During this certification period the facility meets the conditions of participation. The facility also submits an action plan within fourteen (14) days of receipt of the department certification report. The department approves the action plan. The facility is then either inspected on-site again, or is required to submit proof of correction through submission of appropriate and relevant documentation within the time frame the department specifies.

C. If the facility does not meet certification requirements at the end of the temporary certification period, a sanction is imposed along with a second temporary certification or the temporary certification expires. Only two (2) consecutive temporary certifications are granted.

D. RENEWAL: Applicant must submit a request for certification, or renewal of certification to the director upon the forms approved by the department. Applications for renewal of certification must be submitted one month prior to date of expiration.

E. AMENDED CERTIFICATE: Is granted to facilities currently serving clients that has a change of applicant. The new applicant applies to the department for an amended certificate. The existing expiration date applies.

(1) A request for an amended certificate is submitted in writing to the director upon the forms approved by the department.

(2) A request for an amended certificate is submitted within ten (10) working days of the change.

F. No juvenile detention may operate unless certification is received.

G. TYPES OF SANCTIONS

(1) Action plan with monitoring. The department directs a facility to correct deficiencies within the time frame specified by the department through the submission of an action plan. At the discretion of the department, the action plan can be written by the facility and approved by the department or it may be a directed action plan that the department writes and is enforced by the facility within the time frame specified by the department. The Facility produces proof of correction through submission of appropriate

and relevant documentation. The department may conduct an on-site inspection to review the cacility with emphasis on the previously noted deficiencies. An action plan may involve the appointment of a monitor who determines compliance with the action plan and if corrective steps are taken to remedy violation of a systematic level. The detention facility pays for all costs associated with the process. The monitor will be selected by the department

(2) Denial of certification: The department denies initial certification, renewal of certification or revokes the certification based on existing and or history of violations of the standards. A facility may not apply for certification for a period of six (6) months after denial of certification.

(3) Emergency suspension: The departments suspends certification immediately based on health and safety deficiencies.

(4) Letter of correction: A letter informing a facility of deficiencies that are to be corrected before the next inspection and which a sanction was not imposed at the time of initial inspection.

(5) Suspension: The department suspends certification for a specified period of time pending correction of deficiencies.

H. CONSIDERATION FOR IMPOSITIONS OF SANCTIONS

(1) health and safety of juveniles and staff,

(2) abuse, neglect or exploitation of juveniles,

(3) regulatory violations which immediately affect the health and safety of the juveniles,

(4) number of violations of standards,

(5) repetitive violations of standards, does not have to be on consecutive inspections,

(6) failure to correct violations found on previous visits in which a sanction was not imposed but a letter of correction was issued,

(7) history of non-compliance,

(8) non-disclosure and or deceit regarding condition of facility, records or services provided, and

(9) violation of standards.

I. In the event of closure of a detention facility is proposed, the detention facility shall cooperate with the orderly transfer of residents, provide all records related to the resident to CYFD, and fully cooperate with any instruction from the department.

[8.14.15.10 NMAC - N, 7/31/01]

8.14.15.11 SERVICE OF NOTICE:

The department provides notification by fax and certified mail or personal service of its imposition of any sanction against a facility. Notification of other actions contemplated under the regulations may be by fax, mail or personal service.

[8.14.15.11 NMAC - N, 7/31/01]

8.14.15.12 RIGHT TO APPEAL:

The facility may appeal the department's action of imposition of any sanction except a letter of correction. The department shall appoint a hearing officer to conduct an administrative appeal. Appeals shall be governed by the hearing process and procedure section of these rules and regulations.

[8.14.15.12 NMAC - N, 7/31/01]

8.14.15.13 TIME TO APPEAL:

To secure an administrative appeal, the facility must make a request for hearing in writing within ten (10) working days after the facility received the department's notice. A facility is deemed to receive notice of a sanction within three (3) days of the mailing.

[8.14.15.13 NMAC - N, 7/31/01]

8.14.15.14 INSPECTION OF FACILITIES:

Inspections: the department may inspect any detention facility located in this state with or without prior notice. Each detention facility provides full and prompt access of all segments of the facility, to all residents, to all employees, and to all records. In the event that such an inspection results in a violation of any provision of the department's detention regulations or standards, a violation of the detention facility policies and procedures, then a sanction may be imposed. Any sanction issued under this section of the detention regulations or standards that is related to a health and safety violation or any condition endangering any youth or resident or staff, if not corrected promptly and in a systematic way to prevent the reoccurrence of such violations, may be identified as an emergency. An emergency permits the immediate implementation of any and all remedies outlined in the department's detention standards and regulations.

[8.14.15.14 NMAC - N, 7/31/01]

8.14.15.15 HEARING PROCESS AND PROCEDURE:

A. Right to a hearing: in the event a sanction is imposed, the children, youth and families department provides the detention facility with a written notice of the intent to impose a sanction. The notice of sanction is provided as soon as possible after the discovery of the violation, but in no event later than thirty (30) days from the date of the last inspection conducted. A request for a hearing does not act as a stay of any sanction imposed, unless agreed to by all the parties and such an agreement is reduced to writing.

B. If a review of a sanction is requested, the detention facility shall send written notice within ten (10) working days to: Director, Juvenile Justice Division, P.O. Drawer 5160, Santa Fe, New Mexico 87502-5160. The children, youth and families department appoints a hearing officer to conduct an evidentiary hearing within thirty (30) days. The hearing officer issues a written decision to the secretary of the children, youth and families department within fifteen (15) days of the date of the hearing. The secretary of the children, youth and families department issues a formal acceptance or rejection of the hearing officer's decision within ten (10) days. In the event the secretary rejects the finding of the hearing officer, the secretary provides notice of the specific findings or conclusions rejected and the facts from the record supporting such rejection. Any appeal form this administrative determination if filed in accordance with NMSA 1978 39-3-1.1 (1999). Any deadline in this hearing process may be extended by agreement of the parties and noted in writing.

C. Initiation of hearing process: the hearing process is begun upon receipt by the department of a timely request for hearing, or, in the case of a pre-hearing suspension of certification, by service upon the facility of an emergency suspension order and notice of hearing.

D. Request for hearing:

(1) shall be: made in writing; and shall be signed;

(2) by the applicant, and/or;

(3) by the applicant or an authorized representative, including but not limited to the administrator or director of the facility, in the case of an emergency suspension, suspension or revocation; delivery; the request for hearing shall be addressed to the director of the juvenile justice division of the New Mexico, children, youth and families department, and hand delivered or by certified mail to the office of the director at the department's offices located at the PERA Building, Juvenile Justice Division, or PO Drawer 5160, Santa Fe, NM, 87502-5160.

(4) Timeliness. In order to be timely, the request for hearing must be received by the department within ten (10) working days after receipt by the renewal applicant of

notice of the decision denying the certification renewal: if mailed, it must be postmarked within the ten (10) day period.

(5) Department's responsibility following receipt of request for hearing scheduling appointment of hearing officer. Upon receipt of a timely request for hearing the department shall schedule a hearing to be held in Santa Fe and appoint a hearing officer.

(6) Hearing date. The hearing date shall be no later than thirty (30) days after receipt of a timely request for hearing by the department, unless the hearing officer extends the time limitations based upon just cause.

(7) Notice. The hearing officer shall, not less than fifteen (15) days prior to the date set for hearing, notify the facility, or recipient of the:

(a) date, time and place for the hearing;

(b) identity of the hearing officer;

(c) subject matter of the hearing;

(d) regulations claimed violated, and

(e) service of notice. Notice shall be written and made by certified mail.

E. Hearing officer: all administrative hearings are conducted by a hearing officer appointed by the secretary or his/her designee.

F. Qualifications of the hearing officer: the hearing officer may be an employee of the children, youth and families department but may not have been involved, directly or indirectly, with the administrative decision at issue. The hearing officer need not be a licensed attorney.

G. Disqualification of the hearing officer: A hearing officer does not participate in any proceeding if, for any reason, the hearing officer cannot afford a fair and impartial hearing to either party. The hearing officer can only be removed for good cause. Any party seeking to recuse the hearing officer must file a motion with the officer within seven (7) days of receipt of the initial communication from the hearing officer, setting forth the grounds for disqualification and accompanied by all supporting reasons, affidavits, and authorities. The hearing officer rules on the request to disqualify, and an appeal of the ruling may be made to the secretary within seven days of the ruling. The secretary promptly determines the validity of the grounds alleged and takes any appropriate action. A written request to disqualify and an appeal of the hearing officer's ruling on the matter tolls any applicable timetable for completion of the proceedings.

H. Duties of the hearing officer: upon appointment, the hearing officer establishes an official file which contain all the filed notices, pleadings, briefs, recommendations, correspondence and decisions. It shall also contain the department's initial action, as well as the request for hearing. Upon conclusion of the proceeding and following issuance of the final decision, the hearing officer shall turn over to the department this official file for future custody.

I. The hearing officer shall preside over the hearing, administer oaths, take evidence and rule on matters that arise prior to and at the hearing.

J. Appearances and filing:

(1) Parties may enter an appearance on their own behalf or be represented by an attorney licensed to practice in New Mexico.

(2) Entities. The department, other organizations and entities may appear by a bona fide officer, employee or may be represented by an attorney licensed to practice in New Mexico at their own cost and expense.

K. Filing: any party filing documents in the appeal shall sign the original and hand deliver or mail it to the hearing officer, and shall hand deliver or mail copies to all other parties.

L. Pre-hearing conference: Purpose: a pre-hearing conference is scheduled at a time reasonably convenient to all parties, in order to:

(1) identify issues;

(2) identify admissions of fact or stipulations;

(3) set discovery plan;

(4) identify witnesses; and

(5) notice: the hearing officer will give notice of the time and place of the pre-hearing conference to the parties by telephone, in person or by mail.

M. Costs: each party shall bear its own costs, including transportation costs, and attorney fees.

N. Informal: either party may request an informal resolution conference to try to establish a corrective action plan addressing the areas of non-compliance identified in its notice of sanction. The informal conference does not stay any hearing, unless the parties agree to a stay and so notify the hearing officer, in writing of this agreement. No offer of settlement made at the conference shall be admissible evidence at a later hearing. No record shall be made of informal conference.

O. Settlement: any settlement reached between the parties is written, signed by the hearing officer and the parties or their attorneys, and submitted to the secretary. The secretary approves the settlement agreement.

P. Postponement or continuance: the hearing officer may postpone or continue a hearing upon his own motion or upon motion of a party, for good cause shown.

(1) Notice. Notice of any postponement or continuance shall be given in person, by telephone, or by mail to all parties.

(2) Limits. No more than two (2) thirty (30) day postponements or continuances shall be granted for a pre-hearing conference or appeal hearing.

Q. Conduct of the hearing: Public: all hearings are open to the public. If it is necessary to use the names of children or employees of the detention facility, the hearing officer directs the parties to develop a process to prevent the disclosure of the full identity of the child or employee.

R. Authority and responsibility of hearing officer. The hearing officer has all the powers necessary to conduct a hearing and to take all necessary action to avoid delay, maintain order, and assure development of a clear and complete record, including but not limited to:

(1) administration of oaths;

(2) examine witnesses and direct witnesses to testify; limit repetitions and cumulative testimony; and set reasonable limits on the amount of time each witness may testify;

(3) take such evidence as may be necessary to resolve the appeal;

(4) conduct pre-hearing conferences;

(5) make findings of fact and conclusions of law, opinions, decisions and recommendations; and

(6) record proceedings.

S. Order of presentation should be the same for all adverse actions:

(1) opening of proceeding and taking of appearances by the hearing officer;

(2) opening statement of the department;

(3) facility’s opening statement;

(4) department’s case-in-chief;

(5) facility’s case-in-chief;

(6) department’s rebuttal;

(7) department’s closing statement;

(8) facility’s closing statements;

(9) closing proceedings by the hearing officer and

(10) disposition by the hearing officer on the merits of the hearing.

T. Hearing decision must be in writing.

U. Burden of proof. The department must prove that the action proposed in the notice of sanction is supported by a preponderance of evidence.

V. Evidence: the hearing is conducted in an orderly and informal manner without strict adherence to the rules of evidence that govern proceedings in the courts of the state of New Mexico. However, in order to support the secretary’s decisions, there must be a residuum of legally competent evidence.

W. Record: Content: the record of a proceeding under these regulations includes tape recording of proceedings, all documents the hearing officer marks into evidence during the hearing, including orders the hearing officer issues, the notice of department sanctions, findings of fact and conclusions of law, recommendations of the hearing officer, and the final decision of the secretary. Any records produced during the hearing are public records provided that all identifying information concerning children is redacted.

X. Report and recommendation of hearing officer: hearing officer’s report contains:

(1) the notice of sanction proposed;

(2) findings of fact and conclusions of law;

(3) findings of fact are based on the evidence presented at the hearing;

(4) the standard is the best interest of the child to be placed in a detention facility; best interest means whether the violations in the notice of sanction pose a risk to their health and safety;

(5) recommended determination;

(6) proposed findings and conclusions; and

(7) the hearing officer may request the parties to submit proposed findings of fact, and conclusions of law.

Y. Review by department:

(1) The hearing officer's recommendation and all records are submitted to the secretary of the New Mexico children, youth and families department for final determination.

(2) Entry of decision: The hearing officer submits the recommendation to the secretary within fifteen (15) of the conclusion of the hearing. If the hearing officer fails to render a timely decision, the parties submit a letter to the secretary. The secretary issues a directive to command the hearing officer to issue a recommendation.

(3) Final decision: The secretary of the New Mexico children, youth and families department accepts or rejects the hearing officers recommendation within ten (10) working days.

(4) The secretary's decision represents the final action of the children, youth and families department. Failure of the facility or recipient of any order to appear on the date and at the time set for any hearing, without good cause shown, constitutes a default with the notice of sanction operating as proof of violations warranting the proposed action.

(5) Service: service of any notice of sanction is accomplished through regular mail. All notices mailed are deemed received within three (3) days of the postmark. In the event of an emergency sanction, service may be accomplished through fax, with the fax receipt serving as proof of transmittal. The notice of sanction may be transmitted electronically with the receipt from the electronic posting serving as proof.

[8.14.15.15 NMAC - N, 7/31/01]

8.14.15.16 JUDICIAL REVIEW OF ADMINISTRATIVE DECISION:

A. In the event of an appeal to state district court, Rule 1-077 is followed.

B. Record proper:

(1) The hearing officer is responsible for creating the record proper.

(2) All exhibits admitted into evidence, orders, submissions or motions the parties file and tapes or other transcripts of the hearing compose the record proper.

(3) The expense of copying tape recorded testimony and any other expense of preparing the record, including accompanying costs, are the appellant's responsibility.

(4) The appellant certifies in the pleadings filed with the court that arrangements have been made for preparation of the record proper. Within thirty (30) days after service of the appeal, the department files a certified copy of the original and two duplicate copies of the tapes of the hearing under review together with the original and two (2) copies of the official file maintained and certified by the hearing officer.

(5) In the event the judicial appeal involves a request for injunctive relief by either party, the department files a certified copy of the original and two (2) duplicate copies of the tapes of the hearing under review together with the original and two (2) copies of the official file maintained and certified by the hearing officer within ten (10) days after service of the notice of judicial appeal.

C. Court ordered stay: Filing for judicial review does not stay enforcement of the final decision. A motion in state district court is filed concerning any issuance of a stay. Safety of the residents in the facility is the primary consideration when a stay is requested.

[8.14.15.16 NMAC - N, 7/31/01]

PART 16: HUMAN RESOURCES AND TRAINING PLAN

8.14.16.1 ISSUING AGENCY:

Children, Youth and Families Department.

[8.14.16.1 NMAC - N, 6/1/2010]

8.14.16.2 SCOPE:

This rule applies to clients and staff of the juvenile justice division, also referred to as juvenile justice services, of the children, youth and families department.

[8.14.16.2 NMAC - N, 6/1/2010]

8.14.16.3 STATUTORY AUTHORITY:

Sections 32A-1-1 et seq., 32A-2-1 et seq., 32A3-1 et seq., 32A-4-1 et seq., 32A-11-1 et seq., 32A-15-1 et seq. NMSA 1978 Comp., as amended.

[8.14.16.3 NMAC - N, 6/1/2010]

8.14.16.4 DURATION:

Permanent.

[8.14.16.4 NMAC - N, 6/1/2010]

8.14.16.5 EFFECTIVE DATE:

June 1, 2010, unless a later date is cited at the end of a section.

[8.14.16.5 NMAC - N, 6/1/2010]

8.14.16.6 OBJECTIVE:

To establish standards and guidelines for programs which serve the best interest of the clients, persons and property under the supervision or in the custody of the department including implementation of Cambiar New Mexico. This rule further establishes guidelines to address the safety of clients and staff and for the protection of department resources. This rule emphasizes the value and importance of staff in the delivery of services to our clients.

[8.14.16.6 NMAC - N, 6/1/2010]

8.14.16.7 DEFINITIONS:

A. "Cambiar (Change) New Mexico" refers to the name designated by the children, youth and families department (CYFD) for its juvenile justice reform initiative that focuses on rehabilitation and relationships. Clients and juvenile justice services' staff members build one-on-one relationships with each other and learn to interact in a completely different way then the old "correctional" model. Group building activities designed to build trust and communication are key components as well as family and community involvement.

B. "Client" refers to a person who is committed to the custody of the CYFD's juvenile justice services or who is receiving services from CYFD's juvenile justice services.

C. "Department" refers to the New Mexico children, youth and families department.

D. "Director" refers to the juvenile justice services director.

E. "Facility "refers to a facility operated by, or on behalf of the CYFD's juvenile justice services, or any other facility or location designated by the juvenile justice services director to house or provide care to clients committed to the custody of CYFD.

F. "Juvenile justice services" or "juvenile justice division" refers to the organizational unit within CYFD that operates juvenile justice facilities, and provides other services under the Delinquency Act, NMSA 1978 section 32A-2-1 et seq.

G. "Secretary" refers to the secretary of CYFD.

H. "Secure facility" refers to Camino Nuevo youth center, J. Paul Taylor center, youth diagnostic and development center or any other facility designated a secure facility by the director of juvenile justice services.

I. "Student intern" refers to an unpaid student who works at CYFD as part of a university education program for credit or a grade. The university and the CYFD sign a standard student internship agreement that governs the conditions of the internship. A CYFD employee supervises the student intern when the student intern when the student provides services or works with CYFD clients. Student interns undergo a level 1, 2 or 3 background check depending on the nature of their duties

J. "Staff" refers to employee(s) of CYFD.

K. "Superintendent" refers to the chief administrator at a juvenile justice services facility.

L. "Volunteer" any unpaid person (community member, student, etc) that provides services to clients or otherwise participates in the CYFD workplace. Generally, CYFD employees supervise volunteers who interact with CYFD clients, except in certain circumstances in juvenile justice services facilities. Volunteers receive a level 1, 2 or 3 background check depending on the nature of their duties.

M. "Youth care specialist" refers to juvenile justice services security employees whose primary duties include working directly with clients.

[8.14.16.7 NMAC - N, 6/1/2010]

8.14.16.8 HUMAN RESOURCE MANAGEMENT:

There are procedures specific to juvenile justice services for human resources management. Each employee has access to these policies and procedures.

[8.14.16.8 NMAC - N, 6/1/2010]

8.14.16.9 STAFF PRE-EMPLOYMENT SCREENING:

All qualified applicants for youth care specialist positions must take a pre-employment selection test. All juvenile justice services employees whose jobs involve direct contact with children youth and families department clients, including prospective employees and employees who are promoted, transferred or hired into new positions are subject to a background check including a nationwide criminal record search through fingerprints, and subject to medical screening in accordance with state law.

[8.14.16.9 NMAC - Rp, 8.14.1.26 NMAC, 6/1/2010]

8.14.16.10 EMPLOYMENT OF EX-OFFENDERS:

Juvenile justice services conforms to the New Mexico Criminal Offender Employment Act with regards to an employment eligibility determination and the power to refuse, renew, suspend or revoke employment or a license as a direct result of criminal behavior.

[8.14.16.10 NMAC - Rp, 8.14.1.26 NMAC, 6/1/2010]

8.14.16.11 CONTRACTORS, VOLUNTEERS AND STUDENT INTERNS:

Juvenile justice services fingerprints and conducts nationwide criminal history record searches on all contract or service providers, volunteers and student interns who have direct unsupervised client contact. The background check for contract or service providers, volunteers and student interns without direct unsupervised client contact includes a state level check and an abuse and neglect screening of the protective services database.

[8.14.16.11 NMAC - Rp, 8.14.1.27 NMAC, 6/1/2010]

8.14.16.12 PROFESSIONAL APPEARANCE:

Juvenile justice services employees contract or service providers, student interns, volunteers and visitors shall present a professional or appropriate appearance while on juvenile justice service property. In addition, the director of juvenile justice services may establish reasonable dress standards that are set forth clearly in procedure or memorandum. An employee who arrives at work in inappropriate attire may be sent home on annual leave or leave without pay to change into appropriate clothing and may be subject to disciplinary action. Visitors that arrive to a juvenile justice services facility in inappropriate attire can be refused admittance.

[8.14.16.12 NMAC - Rp, 8.14.1.41 NMAC, 6/1/2010]

8.14.16.13 CONTACT INFORMATION:

Juvenile justice services maintains contact information on all employees, contract or service providers, student interns or volunteers. Employees are required to immediately report any change in their telephone number or mailing address to their supervisor and request an update to their personnel file through the human resources bureau.

[8.14.16.13 NMAC - N, 6/1/2010]

8.14.16.14 PERSONAL PROPERTY:

Juvenile justice services employees contract or service providers, student interns, volunteers and visitors are expected to exercise reasonable caution in safeguarding their personal clothing, jewelry, and possessions.

[8.14.16.14 NMAC - N, 6/1/2010]

8.14.16.15 AFTER HOURS RESPONDERS:

Juvenile justice services is prepared to respond to the public and operational issues by designating personnel to respond to emergencies and unusual incidents after traditional working hours. Employees designated to respond must be able to respond within 10 minutes by telephone, or if required to report to a designated location, within 60 minutes of the request. An employee who cannot be reached, fails to promptly respond, or reports in a condition of being unable to perform their duties may be subject to disciplinary action.

[8.14.16.15 NMAC - N, 6/1/2010]

8.14.16.16 EMPLOYEE ASSISTANCE PROGRAM:

Budget permitting, the risk management division of the general services department maintains a counseling or referral process for employees with a personal problem that affects or has the potential to affect the employee's job performance.

[8.14.16.16 NMAC - N, 6/1/2010]

8.14.16.17 CODE OF CONDUCT:

To protect the public trust and integrity of CYFD, juvenile justice services and the staff and clients associated therein, all personnel shall be provided, familiarized with and held accountable to an employee code of conduct.

[8.14.16.17 NMAC - N, 6/1/2010]

8.14.16.18 TRAINING PLAN:

Juvenile justice services shall provide a training program categorized by job classification for all employees, contract or service providers, student interns, or volunteers that is job-relevant and consistent in meeting the program and services needs of our clients. The training program shall be planned, coordinated and implemented by qualified employees under the consultation of the professional development bureau and director of juvenile justice services.

[8.14.16.18 NMAC - N, 6/1/2010]

8.14.16.19 TRAINING ADVISORY COMMITTEE:

The director of juvenile justice services, in conjunction with the professional development bureau chief, shall assign trainers and key facility staff to a training advisory committee to evaluate and update the training plan and curriculums based on job related and performance needs.

[8.14.16.19 NMAC - N, 6/1/2010]

8.14.16.20 TRAINERS:

Juvenile justice services shall only use qualified trainers that have completed an approved train-the-trainer course, have other specialized training or education in adult learning theory, or have a recognized skill or ability as demonstrated through experience or education as determined by the professional development bureau or director of juvenile justice services.

[8.14.16.20 NMAC - N, 6/1/2010]

8.14.16.21 TRAINING CALENDAR:

Juvenile justice services, in conjunction with the professional development bureau, shall establish and maintain a training calendar detailing training offerings for each quarter of the calendar year. The training calendar shall provide sufficient offerings to meet training mandates and timeframes for all employees.

[8.14.16.21 NMAC - N, 6/1/2010]

8.14.16.22 TRAINING RESOURCES:

Juvenile justice services supports the development and training of staff through both internal and external resources and encourages staff to participate in educational seminars, membership and participation in professional associations, continuing education opportunities, and other relevant training opportunities to augment the internal training calendar and resources provided through the professional development bureau. Relevant training may be reimbursed as budget permits.

[8.14.16.22 NMAC - N, 6/1/2010]

8.14.16.23 REQUIRED TRAINING:

Juvenile justice services considers specific training hours and specific training subjects critical to the success of each employee, contract employee, volunteer or intern operating at a facility. Juvenile justice services employees will be required to complete the number of yearly recertification hours as established by the director of juvenile justice services.

[8.14.16.23 NMAC - N, 6/1/2010]

8.14.16.24 CONTACT WITH CURRENT AND FORMER JJS CLIENTS AND FAMILIES:

A. JJS staff will not show partiality toward, or become emotionally, physically, sexually, or financially involved with clients, former clients or the families of clients or former clients.

B. Chaplains, psychologists and psychiatrists may continue a previously established therapeutic relationship with a former client in accordance with their respective codes of professional conduct and responsibility.

C. JJS staff may not engage in, or allow another person to engage in sexual or sexualized behavior (gestures, demonstrations, etc.) with a client. Regardless of whether force is used or threatened, consensual sex between staff and clients or staff and client family members is never allowed.

D. JJS staff are subject to disciplinary action, up to and including termination for any inappropriate contact or relationship with clients or the families of clients, regardless of whether such contact constitutes a prosecutable crime. Physical contact is not required to subject an employee to sanctions for sexual misconduct.

[8.14.16.24 NMAC - N, 6/1/2010]

PART 17: INFORMATION MANAGEMENT

8.14.17.1 ISSUING AGENCY:

Children, Youth and Families Department.

[8.14.17.1 NMAC - N, 6/1/2010]

8.14.17.2 SCOPE:

This rule applies to clients and staff of the juvenile justice division, also referred to as juvenile justice services, of the children, youth and families department.

[8.14.17.2 NMAC - N, 6/1/2010]

8.14.17.3 STATUTORY AUTHORITY:

Sections 32A-1-1 et seq., 32A-2-1 et seq., 32A-3-1 et seq., 32A-4-1 et seq., 32A-11-1 et seq., 32A-15-1 et seq. NMSA 1978 Comp., as amended.

[8.14.17.3 NMAC - N, 6/1/2010]

8.14.17.4 DURATION:

Permanent.

[8.14.17.4 NMAC - N, 6/1/2010]

8.14.17.5 EFFECTIVE DATE:

June 1, 2010, unless a later date is cited at the end of a section.

[8.14.17.5 NMAC - N, 6/1/2010]

8.14.17.6 OBJECTIVE:

To establish standards and guidelines for programs which serve the best interest of the clients, persons and property under the supervision or in the custody of the department including implementation of Cambiar New Mexico. This rule further establishes guidelines to address the safety of clients and staff and for the protection of department resources. This rule emphasizes the value and importance of staff in the delivery of services to our clients.

[8.14.17.6 NMAC - N, 6/1/2010]

8.14.17.7 DEFINITIONS:

A. "Cambiar (Change) New Mexico" refers to the name designated by the children, youth and families department (CYFD) for its juvenile justice reform initiative that focuses on rehabilitation and relationships. Clients and juvenile justice services' staff members build one-on-one relationships with each other and learn to interact in a completely different way then the old "correctional" model. Group building activities designed to build trust and communication are key components as well as family and community involvement.

B. "Client" refers to a person who is committed to the custody of the CYFD juvenile justice services or who is receiving services from CYFD's juvenile justice services.

C. "Department" refers to the New Mexico children, youth and families department.

D. "Director" refers to the juvenile justice services director.

E. "Facility" refers to a facility operated by, or on behalf of the CYFD 's juvenile justice services, or any other facility or location designated by the juvenile justice services director to house or provide care to clients committed to the custody of CYFD.

F. "Files and records" means the master delinquency file of a JJS client, which includes all facility master file records and field referral records, and actions taken while in custody including but not limited to commitment papers, court orders, detainers, personal property receipts, visitor's lists, photographs, fingerprints, types of custody, disciplinary infractions with actions taken, work assignments, program participation,

program progress and other relevant case data. It does not include the separate medical, behavioral health, or education sub files.

G. "Juvenile justice services" or "juvenile justice division" refers to the organizational unit within CYFD that operates juvenile justice facilities, and provides other services under the Delinquency Act, NMSA 1978 section 32A-2-1 et seq.

H. "Secretary" refers to the cabinet secretary of the New Mexico CYFD.

I. "Secure facility" refers to Camino Nuevo youth center, J. Paul Taylor center, youth diagnostic and development center or any other facility designated a secure facility by the director of juvenile justice services.

J. "Staff" refers to employee(s) of CYFD.

K. "Superintendent" refers to the chief administrator at a JJS facility.

L. "Youth care specialist" refers to juvenile justice services security employees whose primary duties include working directly with clients.

[8.14.17.7 NMAC - N, 6/1/2010]

8.14.17.8 INFORMATION MANAGEMENT:

Juvenile justice services governs the establishment, use, content, access, privacy, storage, preservation, and destruction of operational and client files and records. In addition, procedures are in place for information storage and retrieval, master indexes, daily reports, evaluations and research.

[8.14.17.8 NMAC - N, 6/1/2010]

8.14.17.9 FILES AND RECORDS MANAGEMENT:

Juvenile justice services maintains data on every client committed to its care and custody and establishes a record of services, programs, care, treatment, progress and interventions experienced by the client during their commitment. The content, access, storage and preservation of these files and records, and sub files, are controlled.

[8.14.17.9 NMAC - Rp, 8.14.1.24 NMAC, 6/1/2010]

8.14.17.10 NOTIFICATION AND REPORTING:

Juvenile justice services promptly notifies key personnel of issues, situations and incidents that present a risk to clients, employees, visitors and the community.

[8.14.17.10 NMAC - Rp, 8.14.1.20 NMAC, 6/1/2010]

8.14.17.11 STANDARDIZED REPORTING:

Juvenile justice services maintains a standardized reporting format and frequency to evaluate facility and program performance. Facility reports are written quarterly and include major developments, major incidents, population data, staff and client morale and major problems and plans for fixing them.

[8.14.17.11 NMAC - N, 6/1/2010]

8.14.17.12 STANDARD MEETING SCHEDULES:

Juvenile justice services maintains a schedule of standard meetings to promote communication between the director's office, facility superintendents, administrative department heads, managerial and supervisory personnel and other employees.

[8.14.17.12 NMAC - N, 6/1/2010]

8.14.17.13 RESEARCH REQUESTS AND REVIEWS:

Juvenile justice services encourages appropriate scientific research which contributes to our knowledge of juvenile delinquency and promotes improvement in the juvenile justice system. No research activities can be initiated unless approved by the director of juvenile justice services.

[8.14.17.13 NMAC - Rp, 8.14.1.28 NMAC, 6/1/2010]

8.14.17.14 AUTOMATED INFORMATION SYSTEMS:

Juvenile justice services maintains and utilizes electronic or automated information systems to produce reports, facilitate decision making, and timely respond to inquiries, as well as a mechanism for regular storage, retrieval and review of client and operational information.

[8.14.17.14 NMAC - N, 6/1/2010]

8.14.17.15 PROCEDURES:

The juvenile justice services director will make appropriate procedures available to the public but reserves the right to add, delete or modify procedures under the information management policy without notice or comment in furtherance of the mission and goals of the department or service area.

[8.14.17.15 NMAC - N, 6/1/2010]

PART 18: PHYSICAL PLANT MANAGEMENT

8.14.18.1 ISSUING AGENCY:

Children, Youth and Families Department.

[8.14.18.1 NMAC - N, 6/1/2010]

8.14.18.2 SCOPE:

This rule applies to clients and staff of the juvenile justice division, also referred to as juvenile justice services, of the children, youth and families department.

[8.14.18.2 NMAC - N, 6/1/2010]

8.14.18.3 STATUTORY AUTHORITY:

Sections 32A-1-1 et seq., 32A-2-1 et seq., 32A-3-1 et seq., 32A-4-1 et seq., 32A-11-1 et seq., 32A-15-1 et seq. NMSA 1978 Comp., as amended.

[8.14.18.3 NMAC - N, 6/1/2010]

8.14.18.4 DURATION:

Permanent.

[8.14.18.4 NMAC - N, 6/1/2010]

8.14.18.5 EFFECTIVE DATE:

June 1, 2010, unless a later date is cited at the end of a section.

[8.14.18.5 NMAC - N, 6/1/2010]

8.14.18.6 OBJECTIVE:

To establish standards and guidelines for programs which serve the best interest of the clients, persons and property under the supervision or in the custody of the department including implementation of Cambiar New Mexico. This rule further establishes guidelines to address the safety of clients and staff and for the protection of department resources. This rule emphasizes the value and importance of staff in the delivery of services to our clients.

[8.14.18.6 NMAC - N, 6/1/2010]

8.14.18.7 DEFINITIONS:

A. "Cambiar (Change) New Mexico" refers to the name designated by the children, youth and families department (CYFD) for its juvenile justice reform initiative that focuses on rehabilitation and relationships. Clients and juvenile justice services' staff members build one-on-one relationships with each other and learn to interact in a completely different way then the old "correctional" model. Group building activities designed to build trust and communication are key components as well as family and community involvement.

B. "ADA" refers to the Americans with Disabilities Act.

C. "Client" refers to a person who is committed to the custody of CYFD's juvenile justice services or who is receiving services from CYFD's juvenile justice services.

D. "Department" refers to the New Mexico children, youth and families department.

E. "Director" refers to the juvenile justice services director.

F. "Facility" refers to a facility operated by, or on behalf of the CYFD's juvenile justice services, or any other facility or location designated by the juvenile justice services' director to house or provide care to clients committed to the custody of the CYFD.

G. "Fire code" refers to the federal, state or local regulations governing fire safety.

H. "Juvenile justice services" or "juvenile justice division" refers to the organizational unit within CYFD that operates juvenile justice facilities, and provides other services under the Delinquency Act, NMSA 1978 section 32A-2-1 et seq.

I. "Physical plant manager" refers to a juvenile justice services employee whose primary responsibility is for the care, maintenance, repair and condition of juvenile justice services' buildings, grounds and structures.

J. "Preventive maintenance" refers to a system designed to enhance the longevity or usefulness of buildings and equipment in accordance with a planned schedule of inspection and maintenance.

K. "Secretary" refers to the secretary of the New Mexico CYFD.

L. "Secure facility" refers to Camino Nuevo youth center, J. Paul Taylor center, youth diagnostic and development center or any other facility designated a secure facility by the director of juvenile justice services.

M. "Staff" refers to employee(s) of CYFD.

N. "Superintendent" refers to the chief administrator at a JJS facility.

O. "Youth care specialist" refers to juvenile justice services security employees whose primary duties include working directly with clients.

[8.14.18.7 NMAC - N, 6/1/2010]

8.14.18.8 PHYSICAL PLANT MANAGEMENT:

To ensure the health, safety and security of all clients, visitors and staff, buildings owned or operated by juvenile justice services shall comply with applicable building, health, fire and safety codes, including the Americans With Disabilities Act (ADA), and maintain a "certificate of occupancy" on site.

[8.14.18.8 NMAC - N, 6/1/2010]

8.14.18.9 FIRE PREVENTION:

Juvenile justice services shall develop and operate a fire prevention plan that provides for fire alarm systems, fire safety guidelines, drills, testing of equipment, coordination with local fire departments and assurance that all interior furnishing or finishing materials in client living areas, exit areas and places of public assembly comply with applicable local, state and national fire codes.

[8.14.18.9 NMAC - N, 6/1/2010]

8.14.18.10 PHYSICAL PLANT MONITORING, ASSESSMENT AND INSPECTIONS:

Juvenile justice services maintains a regular monitoring, assessment and inspection schedule as part of its fire and safety, plant management, loss control and preventive maintenance plans.

[8.14.18.10 NMAC - N, 6/1/2010]

8.14.18.11 LOSS CONTROL:

Juvenile justice services shall maintain a loss control and prevention program that includes the establishment of a loss control committee for each facility that reviews procedures for self-inspections, conducts loss investigations and develops programs for safety education.

[8.14.18.11 NMAC - N, 6/1/2010]

8.14.18.12 PREVENTIVE MAINTENANCE:

Each juvenile justice services facility shall conduct a comprehensive preventive maintenance program for the physical plant which provides for emergency repairs or replacement of equipment or property in life threatening situations.

[8.14.18.12 NMAC - N, 6/1/2010]

8.14.18.13 WORK-ORDER SYSTEM:

Juvenile justice services maintains a documented work-order system which provides for how routine maintenance requests are submitted and handled. In addition, the work-order system provides for how urgent maintenance requests are submitted and handled with direct notification to the physical plant manager and facility superintendent for any request that impacts safety.

[8.14.18.13 NMAC - N, 6/1/2010]

8.14.18.14 FIRE AND SAFETY:

Juvenile justice services shall designate a qualified staff member at each facility who has the primary responsibility to coordinate the facility fire and safety plans.

[8.14.18.14 NMAC - N, 6/1/2010]

8.14.18.15 HOUSEKEEPING:

Juvenile justice services facilities shall develop and implement a housekeeping procedure that conforms to environmental, sanitation, fire and safety and hygienic living conditions for clients. Standards shall be set by applicable local, state or federal regulations or nationally accepted codes or standards.

[8.14.18.15 NMAC - N, 6/1/2010]

8.14.18.16 HOUSING AND LIVING CONDITION STANDARDS:

Juvenile justice services shall meet the minimum standards, pursuant to a recognized national standard, in existing or new construction of structures dedicated as client housing or living space.

[8.14.18.16 NMAC - N, 6/1/2010]

8.14.18.17 ANCILLARY SPACE STANDARDS:

Juvenile justice services shall meet the minimum standards, pursuant to a recognized national standard, in existing or new construction of structures dedicated as support, service or ancillary space.

[8.14.18.17 NMAC - N, 6/1/2010]

8.14.18.18 NEW CONSTRUCTION:

Prior to building a new facility or expanding an existing facility, juvenile justice services will conduct a needs evaluation based on bed capacity, regionalization, or other identified needs.

[8.14.18.18 NMAC - N, 6/1/2010]

8.14.18.19 DISPLAY OF FLAGS:

Juvenile justice services shall engender reverence and respect for the flags of the United States of America and the state of New Mexico by strict observance of the laws, customs and traditions relating to the same.

[8.14.18.19 NMAC - N, 6/1/2010]

8.14.18.20 RECYCLING:

In accordance with the New Mexico state Solid Waste Act, juvenile justice services supports programs to reduce waste and achieve minimal adverse impact on the air, water and land through assisting facilities in reducing the amount of waste generated by operations and promoting the separation of refuse from recyclable materials. In addition, juvenile justice services assists facilities in the collection, storage and disposition of recyclables and in locating goods produced with recyclable materials.

[8.14.18.20 NMAC - N, 6/1/2010]

8.14.18.21 PROCEDURES:

The juvenile justice services director will make appropriate procedures available to the public but reserves the right to add, delete or modify procedures under the physical plant management policy without notice or comment in furtherance of the mission and goals of the department or service area.

[8.14.18.21 NMAC - N, 6/1/2010]

PART 19: FISCAL MANAGEMENT AND INVENTORY CONTROL

8.14.19.1 ISSUING AGENCY:

Children, Youth and Families Department.

[8.14.19.1 NMAC - N, 6/1/2010]

8.14.19.2 SCOPE:

This rule applies to clients and staff of the juvenile justice division, also referred to as juvenile justice services, of the children, youth and families department.

[8.14.19.2 NMAC - N, 6/1/2010]

8.14.19.3 STATUTORY AUTHORITY:

Sections 32A-1-1 et seq., 32A-2-1 et seq., 32A-3-1 et seq., 32A-4-1 et seq., 32A-11-1 et seq., 32A-15-1 et seq. NMSA 1978 Comp., as amended.

[8.14.19.3 NMAC - N, 6/1/2010]

8.14.19.4 DURATION:

Permanent.

[8.14.19.4 NMAC - N, 6/1/2010]

8.14.19.5 EFFECTIVE DATE:

June 1, 2010, unless a later date is cited at the end of a section.

[8.14.19.5 NMAC - N, 6/1/2010]

8.14.19.6 OBJECTIVE:

To establish standards and guidelines for programs which serve the best interest of the clients, persons and property under the supervision or in the custody of the department including implementation of Cambiar New Mexico. This rule further establishes guidelines to address the safety of clients and staff and for the protection of department resources. This rule emphasizes the value and importance of staff in the delivery of services to our clients.

[8.14.19.6 NMAC - N, 6/1/2010]

8.14.19.7 DEFINITIONS:

A. "Budget" refers to a plan for allocation and anticipated revenues and expenditures.

B. "Cambiar (Change) New Mexico" refers to the name designated by the children, youth and families department (CYFD) for its juvenile justice reform initiative that focuses on rehabilitation and relationships. Clients and juvenile justice services' staff members build one-on-one relationships with each other and learn to interact in a completely different way then the old "correctional" model. Group building activities designed to build trust and communication are key components as well as family and community involvement.

C. "Canteen or commissary" refers to an area or system where approved items are available for purchase by juvenile justice services' clients.

D. "Client" refers to a person who is committed to the custody of the CYFD department's (CYFD) juvenile justice services or who is receiving services from CYFD's juvenile justice services.

E. "Department" refers to the New Mexico CYFD department.

F. "Director" refers to the juvenile justice service director.

G. "Facility" refers to a facility operated by, or on behalf of the CYFD department's juvenile justice services, or any other facility or location designated by the juvenile justice services director to house or provide care to clients committed to the custody of CYFD department.

H. "Juvenile justice services" or "juvenile justice division" refers to the organizational unit within CYFD that operates juvenile justice facilities, and provides other services under the Delinquency Act, NMSA 1978 section 32A-2-1 et seq.

I. "Secretary" refers to the cabinet secretary of CYFD.

J. "Secure facility" refers to Camino Nuevo youth center, J. Paul Taylor center, youth diagnostic and development center or any other facility designated a secure facility by the director of juvenile justice services.

K. "Staff" refers to employee(s) of CYFD.

L. "Superintendent" refers to the chief facility administrator at a JJS facility.

M. "Youth care specialist" refers to juvenile justice services' security employees whose primary duties include working directly with clients.

[8.14.19.7 NMAC - N, 6/1/2010]

8.14.19.8 FISCAL MANAGEMENT AND INVENTORY CONTROL:

Juvenile justice services maintains accountability for resources and assets through fiscal planning, budgeting, acceptable accounting procedures and regular auditing and review. This includes the use of appropriately qualified fiscal officers, designated administrators responsible for fiscal management and control, meeting department of finance and administration regulations and fostering staff participation in budget preparation, requests and revisions.

[8.14.19.8 NMAC - N, 6/1/2010]

8.14.19.9 CHIEF FINANCIAL OFFICER:

The deputy director for administration is the designated chief financial officer for juvenile justice services and responsible for fiscal management and control through the maintenance of an accounting system designed to show the current status of all appropriations and expenditures.

[8.14.19.9 NMAC - N, 6/1/2010]

8.14.19.10 FRAUDULENT ACTIVITIES:

Any employee who has reasonable suspicion that a violation involving a financial matter has occurred regarding agency fiscal management or control, regardless if state funding is involved, must report the matter to the director of juvenile justice services or appropriate law enforcement or regulatory body.

[8.14.19.10 NMAC - N, 6/1/2010]

8.14.19.11 BUDGET PREPARATION, REQUESTS AND REVISIONS:

Juvenile justice services shall conduct an annual meeting with superintendents, administrative department heads and other key staff members to discuss funding daily operations, additional supply or equipment needs, capital improvement planning, financing program development, short and long range objectives, staffing and any additional budget requests or revisions.

[8.14.19.11 NMAC - N, 6/1/2010]

8.14.19.12 CLIENT FUNDS:

Juvenile justice services maintains a system to account for client funds that includes an agency fund trust bank account, monitored and controlled using accepted accounting procedures. All contributing clients are provided with a monthly statement that includes prior period balances, itemized expenditures, and ending balances forwarded for the current accounting period.

[8.14.19.12 NMAC - N, 6/1/2010]

8.14.19.13 CLIENT PERSONAL ACCOUNTS:

Juvenile justice services allows approved clients to open personal accounts with a federally insured financial institution, or if clients have a preexisting account, to maintain the account. Access to personal client accounts shall be guided and approved by juvenile justice services.

[8.14.19.13 NMAC - N, 6/1/2010]

8.14.19.14 CLIENT FUND INTEREST:

Any interest gained from a juvenile justice services fund trust account contributed to by the client or their family shall accrue to the benefit of the client.

[8.14.19.14 NMAC - N, 6/1/2010]

8.14.19.15 CLIENT RESTITUTION:

Juvenile justice services may disburse funds from a client's account to secure court ordered restitution payments or other legally binding financial obligations until such time as the obligation is met.

[8.14.19.15 NMAC - N, 6/1/2010]

8.14.19.16 CLIENT TRANSACTIONS:

Staff members, staff member families, clients, client families, volunteers, volunteer families, contract providers or interns are not allowed to enter into or engage in financial transactions with clients without the prior written approval of the director of juvenile justice services.

[8.14.19.16 NMAC - N, 6/1/2010]

8.14.19.17 CLIENT COMMISSARY:

Clients may have the ability to purchase items that are not furnished by the facility through a juvenile justice services operated canteen or commissary.

[8.14.19.17 NMAC - N, 6/1/2010]

8.14.19.18 FUNDRAISING:

Juvenile justice services permits fundraising activities that benefit the clients of a facility or unit. Fundraising activities are not approved for the benefit of non-clients. All fundraising activities must be pre-approved and all monies handled in accordance with cash handling procedures.

[8.14.19.18 NMAC - N, 6/1/2010]

8.14.19.19 PETTY CASH:

Juvenile justice services shall maintain petty cash accounts and shall disburse cash for small purchases of immediate need. Limits and exceptions on petty cash are established by the department of finance and administration. All cash collected and disbursed from petty cash accounts shall be reported to the deputy director of administration or designee on a daily basis.

[8.14.19.19 NMAC - N, 6/1/2010]

8.14.19.20 CASH HANDLING:

CYFD maintains proper safeguards and internal controls for all cash handling in accordance with state statute, department of finance and administration rule or regulation and generally accepted accounting principles. All monies collected within the agency shall be placed in an officially designated secure location, on a daily basis.

[8.14.19.20 NMAC - N, 6/1/2010]

8.14.19.21 FIXED ASSETS CONTROL:

Juvenile justice services shall maintain fixed asset records in order to protect the physical plant and equipment from theft, misuse or undue wear and tear. In addition, stewardship responsibility for particular assets assigned to specific individuals shall be recorded and regularly monitored for on-going repairs and preventive maintenance schedules.

[8.14.19.21 NMAC - N, 6/1/2010]

8.14.19.22 SUPPLIES, MATERIALS AND EQUIPMENT CONTROL:

Juvenile justice services maintains control, care and security over all supplies, materials and equipment. Inventory controls systems shall be developed based on size, complexity, usage frequency and storage amount. Inventory control shall include both perpetual and periodic inventories to ensure sufficient quantities to perform daily operations while avoiding waste through over or redundant ordering.

[8.14.19.22 NMAC - N, 6/1/2010]

8.14.19.23 GAS AND PURCHASE CARD USE:

CYFD approves the use of New Mexico gasoline credit cards for the purchase of gasoline and other items necessary for the appropriate maintenance of state vehicles. An authorized list of approved purchases shall be maintained by the deputy director of administration and made available to all facilities, departments or service areas authorized to use New Mexico gasoline credit cards.

[8.14.19.23 NMAC - N, 6/1/2010]

8.14.19.24 AUDITING AND REVIEW SCHEDULES:

In accordance with department of finance and administration rules and regulations, juvenile justice services shall conduct or provide for independent financial audits of its facilities, administrative and service areas.

[8.14.19.24 NMAC - N, 6/1/2010]

8.14.19.25 CONTRACT AND VENDOR SERVICES:

Juvenile justice services will follow the practices in procuring and utilizing contractual or vendor services as prescribed by the department of finance and administration rules and regulations, applicable CYFD policies, service contract content and bid specification and performance.

[8.14.19.25 NMAC - N, 6/1/2010]

8.14.19.26 PROCEDURES:

The juvenile justice services director will make appropriate procedures available to the public but reserves the right to add, delete or modify procedures under the fiscal management and inventory control policy without notice or comment in furtherance of the mission and goals of the department or service area.

[8.14.19.26 NMAC - N, 6/1/2010]

PART 20: CLIENT RIGHTS AND SERVICES

8.14.20.1 ISSUING AGENCY:

Children, Youth and Families Department.

[8.14.20.1 NMAC - N, 6/1/2010]

8.14.20.2 SCOPE:

This rule applies to clients and staff of the juvenile justice division, also referred to as juvenile justice services, of the children, youth and families department.

[8.14.20.2 NMAC - N, 6/1/2010]

8.14.20.3 STATUTORY AUTHORITY:

Sections 32A-1-1 et seq., 32A-2-1 et seq., 32A-3-1 et seq., 32A-4-1 et seq., 32A-11-1 et seq., 32A-15-1 et seq. NMSA 1978 Comp., as amended.

[8.14.20.3 NMAC - N, 6/1/2010]

8.14.20.4 DURATION:

Permanent.

[8.14.20.4 NMAC - N, 6/1/2010]

8.14.20.5 EFFECTIVE DATE:

June 1, 2010, unless a later date is cited at the end of a section.

[8.14.20.5 NMAC - N, 6/1/2010]

8.14.20.6 OBJECTIVE:

To establish standards and guidelines for programs which serve the best interest of the clients, persons and property under the supervision or in the custody of the department including implementation of Cambiar New Mexico. This rule further establishes guidelines to address the safety of clients and staff and for the protection of department resources. This rule emphasizes the value and importance of staff in the delivery of services to our clients.

[8.14.20.6 NMAC - N, 6/1/2010]

8.14.20.7 DEFINITIONS:

A. "Cambiar (Change) New Mexico" refers to the name designated by the children, youth and families department (CYFD) for its juvenile justice reform initiative that focuses on rehabilitation and relationships. Clients and juvenile justice services' staff members build one-on-one relationships with each other and learn to interact in a completely different way then the old "correctional" model. Group building activities designed to build trust and communication are key components as well as family and community involvement.

B. "Client" refers to a person who is committed to the custody of the CYFD's juvenile justice services or who is receiving services from CYFD's juvenile justice services.

C. "Department" refers to the New Mexico children, youth and families department.

D. "Director" refers to the juvenile justice services director.

E. "Facility" refers to a facility operated by, or on behalf of the CYFD's juvenile justice services, or any other facility or location designated by the juvenile justice services director to house or provide care to clients committed to the custody of CYFD.

F. "Juvenile justice services" or "juvenile justice division" refers to the organizational unit within CYFD that operates juvenile justice facilities, and provides other services under the Delinquency Act, NMSA 1978 section 32A-2-1 et seq.

G. "Media" refers to representatives of general circulation newspapers and news magazines sold through newsstands or mail subscriptions to the general public; representatives of news programs on radio or television stations that hold federal communications commission licenses; and news services that provide material to these news outlets.

H. "Secretary" refers to the cabinet secretary of CYFD.

I. "Secure facility" refers to Camino Nuevo youth center, J. Paul Taylor center, youth diagnostic and development center or any other facility designated a secure facility by the director of juvenile justice services.

J. "Staff" refers to employee(s) of CYFD.

K. "Superintendent" refers to the chief administrator at a JJS facility.

L. "Youth care specialist" refers to juvenile justice services safety and security employees whose primary duties include working directly with clients.

[8.14.20.7 NMAC - N, 6/1/2010]

8.14.20.8 CLIENT RIGHTS AND SERVICES:

Juvenile justice services protects the safety and constitutional rights of clients committed to their care and custody, promotes the rehabilitative process through the provision of mandated and recognized services and strives to maintain a balance between the expression of individual freedoms and the safe, secure and orderly operation of its facilities.

[8.14.20.8 NMAC - N, 6/1/2010]

8.14.20.9 CLIENT COURT, COUNSEL AND MEDIA ACCESS:

Each client placed in the care and custody of the juvenile justice services shall have the right to have confidential contact with the courts, counsel, authorized representatives of counsel, and the media subject only to limitations necessary to maintain facility order and security, pursuant to procedures developed for this policy. All clients shall be assured that seeking judicial relief will not be met with reprisal or penalty from any agent or officer of CYFD and that these rights cannot be diminished or denied for disciplinary reasons.

[8.14.20.9 NMAC - Rp, 8.14.1.30 NMAC, 6/1/2010]

8.14.20.10 CLIENT PRIMARY LANGUAGE:

If a client’s primary language is a language other than English, the client may speak that language at any time that English is allowed except for when doing so would interfere with programming or communication, such as in classroom or group discussions, group activities, or when speaking with a staff member who does not understand the client’s primary language.

[8.14.20.10 NMAC - N, 6/1/2010]

8.14.20.11 CLIENT RIGHT TO TELEPHONE USE:

To maintain ties with the community, each client in the care and custody of juvenile justice services shall have access to a telephone to make and receive personal telephone calls with frequency and time allotments subject only to the facility schedule and their respective program evaluation level.

[8.14.20.11 NMAC - N, 6/1/2010]

8.14.20.12 CLIENT RIGHT TO CORRESPONDENCE:

To maintain ties with the community, clients in the care and custody of juvenile justice services have the right to send and receive written correspondence with members of their family and other persons or organizations subject only to the limitations necessary to maintain order and security of the facility. Clients are also allowed to send and receive packages subject to procedure.

[8.14.20.12 NMAC - N, 6/1/2010]

8.14.20.13 CLIENT RIGHT TO VISITATION:

To maintain ties with the community, each client in the care and custody of juvenile justice services shall have the right of regular visitation with frequency and time allotments subject only to valid safety and security concerns, the facility schedule and their respective program evaluation level. Visitation shall foster the ability for informal communication, including the opportunity for physical contact, unless otherwise directed by the superintendent for cause.

[8.14.20.13 NMAC - N, 6/1/2010]

8.14.20.14 CLIENT PERSONAL GROOMING:

Juvenile justice services regulates personal grooming at the least restrictive level necessary and allows clients freedom in personal grooming unless a safety, security, identification or hygienic interest justifies otherwise.

[8.14.20.14 NMAC - N, 6/1/2010]

8.14.20.15 RIGHT OF GRIEVANCE COMPLAINT AND APPEAL:

The client grievance and appeal procedure is written and made available to all clients and families and includes at least one level of appeal. The published process for submitting a grievance is posted and grievance boxes are provided nearby in conspicuous places for clients and families in each living unit and common areas. Grievances are transmitted confidentially and without alteration, interference, or delay to the party responsible for receipt and investigation. A written report on the final disposition of a grievance is prepared and filed, and a copy given to the client.

[8.14.20.15 NMAC - N, 6/1/2010]

8.14.20.16 RULES OF CONDUCT:

Juvenile justice services provides clients written rules of conduct and the consequences followed when rules are broken. All consequences are carried out promptly and are guided by Cambiar philosophy.

[8.14.20.16 NMAC - N, 6/1/2010]

8.14.20.17 CLIENT LABOR AND FACILITY WORK PROGRAMS:

Under the supervision of juvenile justice services, able bodied clients are expected to participate in uncompensated work associated with the care of the facility or for assigned community justice restoration or restitution programs. Clients shall not perform work prohibited by state or federal laws pertaining to child labor, nor be allowed to perform work assignments that expose them to dangerous working conditions. In addition, no private organization or individual may profit from client labor unless the client has been approved to participate in a community work program at the prevailing rate or assigned an approved facility work assignment with specified compensation.

[8.14.20.17 NMAC - N, 6/1/2010]

8.14.20.18 CLIENT RELIGIOUS FREEDOM:

All juvenile justice services facilities recognize the individual client right to adhere to the tenements of his/her religion or faith. Subject only to limitations necessary to maintain safety and security, clients shall have access to religious literature, to representatives of faith, and to religious counseling. Participation in religious programs and activities is voluntary. Each facility shall provide adequate space and plan and coordinate religious activities. No particular religious faith shall be endorsed or required; nor shall any client be punished, disciplined or discriminated against for participation or non-participation in religious or spiritual activities. Religious activities or participation may never be denied or attendance required solely for disciplinary reasons or as punishment.

[8.14.20.18 NMAC - N, 6/1/2010]

8.14.20.19 CLIENT PROPERTY:

Juvenile justice services governs the control and safeguarding of client personal and state issued property. Allowable personal property shall be itemized in a written list that becomes part of the client’s permanent record. Clients are prohibited from trading, loaning, selling or possessing property approved for another client. In addition, juvenile justice services issues required property to clients including clothing that is properly fitted, climatically suitable, durable, and presentable.

[8.14.20.19 NMAC - N, 6/1/2010]

8.14.20.20 CLIENT HYGIENE AND LAUNDRY SERVICES:

Juvenile justice services' sanitation and hygiene program complies with applicable state or federal regulations and protects the health and safety of clients and staff. This includes regular sanitation inspections, appropriate waste disposal, control of vermin, regular housekeeping, an appropriate supply of bedding, clothing and linens, client hair care services, scheduled access to showering or bathing facilities, and laundry services that ensure that clients have three sets of clean clothing per week.

[8.14.20.20 NMAC - N, 6/1/2010]

8.14.20.21 RECREATION PLAN:

Juvenile justice services provides clients with an organized and planned calendar of recreational and leisure time activities, supervised by qualified staff, to maintain good morale, improve physical fitness and well-being, teach leisure time skills, prevent idleness and reinforce cooperation and sportsmanship.

[8.14.20.21 NMAC - N, 6/1/2010]

8.14.20.22 CLIENT VIEWING, LISTENING AND READING MATERIALS:

Juvenile justice services provides and encourages clients to use personal media materials, including books, magazines, movies, television programs, audiotapes and discs that are age-appropriate and beneficial to the growth, wholesome entertainment and education of clients in its care and custody. Materials that are pornographic, excessively violent, or which threaten the order, safety or security of the facility are prohibited.

[8.14.20.22 NMAC - N, 6/1/2010]

8.14.20.23 FOOD SERVICE:

Juvenile justice services provides for meals that are nutritionally balanced, well planned, and prepared and served in a manner that meets the rules and regulations set forth by the New Mexico environment department or other recognized health authority. Menus are reviewed by a registered dietician, include appropriate medical or religious substitutions, and the food provided shall be regularly monitored for flavor, texture, temperature, appearance and palatability. Food is never used as a disciplinary measure.

[8.14.20.23 NMAC - N, 6/1/2010]

8.14.20.24 PROCEDURES:

The juvenile justice services director will make appropriate procedures available to the public but reserves the right to add, delete or modify procedures under the client rights

and services policy without notice or comment in furtherance of the mission and goals of the department or service area.

[8.14.20.24 NMAC - N, 6/1/2010]

PART 21: CLASSIFICATION AND PROGRAMS

8.14.21.1 ISSUING AGENCY:

Children, Youth and Families Department.

[8.14.21.1 NMAC - N, 6/1/2010]

8.14.21.2 SCOPE:

This rule applies to clients and staff of the juvenile justice division, also referred to as juvenile justice services, of the children, youth and families department.

[8.14.21.2 NMAC - N, 6/1/2010]

8.14.21.3 STATUTORY AUTHORITY:

Sections 32A-1-1 et seq., 32A-2-1 et seq., 32A-3-1 et seq., 32A-4-1 et seq., 32A-11-1 et seq., 32A-15-1 et seq. NMSA 1978 Comp., as amended.

[8.14.21.3 NMAC - N, 6/1/2010]

8.14.21.4 DURATION:

Permanent.

[8.14.21.4 NMAC - N, 6/1/2010]

8.14.21.5 EFFECTIVE DATE:

June 1, 2010, unless a later date is cited at the end of a section.

[8.14.21.5 NMAC - N, 6/1/2010]

8.14.21.6 OBJECTIVE:

To establish standards and guidelines for programs which serve the best interest of the clients, persons and property under the supervision or in the custody of the department including implementation of Cambiar New Mexico. This rule further establishes guidelines to address the safety of clients and staff and for the protection of department resources. This rule emphasizes the value and importance of staff in the delivery of services to our clients.

[8.14.21.6 NMAC - N, 6/1/2010]

8.14.21.7 DEFINITIONS:

A. "Cambiar (Change) New Mexico" refers to the name designated by the children, youth and families department (CYFD) for its juvenile justice reform initiative that focuses on rehabilitation and relationships. Clients and juvenile justice services' staff members build one-on-one relationships with each other and learn to interact in a completely different way than the old "correctional" model. Group building activities designed to build trust and communication are key components as well as family and community involvement.

B. "Client" refers to a person who is committed to the custody of the CYFD juvenile justice services or who is receiving services from CYFD's juvenile justice services.

C. "Department" refers to the New Mexico children, youth and families department.

D. "Director" refers to the juvenile justice services director.

E. "Facility" refers to a facility operated by, or on behalf of the CYFD's juvenile justice services, or any other facility or location designated by the juvenile justice services director to house or provide care to clients committed to the custody of CYFD.

F. "Juvenile justice services" or "juvenile justice division" refers to the organizational unit within CYFD that operates juvenile justice facilities, and provides other services under the Delinquency Act, NMSA 1978 section 32A-2-1 et seq.

G. "Media" refers to representatives of general circulation newspapers and news magazines sold through newsstands or mail subscriptions to the general public; representatives of news programs on radio or television stations that hold federal communications commission licenses; and news services that provide material to these news outlets.

H. "Multi-disciplinary team" or "MDT" refers to the team that meets at the facility to develop, monitor, and revise client plans for placement and services. The team includes the client and family member(s), and behavioral health, education, medical, a security representative, the juvenile probation and parole officer and a transition coordinator if assigned.

I. "Secretary" refers to the cabinet secretary of CYFD.

J. "Secure facility" refers to Camino Nuevo youth center, J. Paul Taylor center, youth diagnostic and development center or any other facility designated a secure facility by the director of juvenile justice services.

K. "Staff" refers to employee(s) of CYFD.

L. "Superintendent" refers to the chief administrator at a JJS facility.

M. "Youth care specialist" refers to juvenile justice services security employees whose primary duties include working directly with clients.

[8.14.21.7 NMAC - N, 6/1/2010]

8.14.21.8 CLIENT PROGRAMS:

Clients placed in the care and custody of juvenile justice services are programmed, housed and receive services at the most appropriate level and location available. Juvenile justice services provides social services programming that makes available a range of resources appropriate to the needs of each client including individual, group, family, drug and alcohol, and special needs treatments and interventions, depending on client needs, placement and treatment level.

[8.14.21.8 NMAC - N, 6/1/2010]

8.14.21.9 CLIENT CLASSIFICATION:

Juvenile justice services develops, maintains and makes available to clients and staff classification procedures which specify the measures used in determining the risk levels of clients, the most appropriate housing and services levels for clients, the frequencies of reviewing client progress and the criteria for status changes.

[8.14.21.9 NMAC - N, 6/1/2010]

8.14.21.10 STRUCTURED DECISION MAKING:

Each client placed in the care and custody of juvenile justice services has their respective custody level and treatment needs assessed for the risk they present to themselves, other clients, staff and the community. This assessment is based on a standard set of objective criteria developed to provide guidelines for placement in the least restrictive level of supervision available to meet their individual treatment needs.

[8.14.21.10 NMAC - N, 6/1/2010]

8.14.21.11 ADMISSION, RECEPTION AND ORIENTATION:

All clients received into the care and custody of juvenile justice services receive a thorough screening, assessment and orientation that includes summary admissions reports, documented program and activity schedules for their orientation period, written orientation materials, required hygienic, bedding and clothing materials and the control, safeguarding or appropriate disposition of their personal property.

[8.14.21.11 NMAC - N, 6/1/2010]

8.14.21.12 MULTIDISCIPLINARY TREATMENT TEAMS:

Juvenile justice services supports a multidisciplinary treatment (MDT) team that is trained in the special needs of the population. The MDT is integral to each client's custody, care, programming and service. Each client may receive an individualized treatment plan specific to a discipline providing a program or service, and these individualized treatment plans are merged into a plan of care, depending on individual client needs and treatment level. The role of the MDT is to assess the client's overall plan of care, report on the client's progress, recommend and approve program or status changes and transfers, monitor special needs or accommodations, recommend and approve special requests and assist in the planning of the client's transition into supervised release. The MDT team's role is accomplished by providing regular narrative documentation, written input to the monthly progress report and attendance at all MDT team meetings for their respective assigned clients.

[8.14.21.12 NMAC - N, 6/1/2010]

8.14.21.13 CASE MANAGEMENT:

Juvenile justice services provides each client a case manager responsible to provide or coordinate case management activities. These activities include assessment of client risk factors, matching client treatment needs with appropriate programs, monitoring the case plans of individual clients, documenting the justifications for case decisions, transition planning and gathering data to evaluate program effectiveness and client program progress. The case manager also coordinates the development of the monthly progress report, filing requests for commitment extensions when necessary, and coordinating supervised release recommendations.

[8.14.21.13 NMAC - N, 6/1/2010]

8.14.21.14 PLAN OF CARE:

Juvenile justice services develops and implements a multidisciplinary plan of care for each client that details the personalized program design for each client, includes measureable criteria of expected behavior and accomplishments and specifies the timeframe expected for each achievement.

[8.14.21.14 NMAC - N, 6/1/2010]

8.14.21.15 THERAPEUTIC AND REHABILITATIVE PROGRAMS:

Juvenile justice services maintains quality driven therapeutic and rehabilitative programs that incorporate the best practices and advances in juvenile justice. All programs have established performance measures, maintain gender parity, have a standardized curriculum of treatment and are sufficiently evaluated to ensure data driven decision making.

[8.14.21.15 NMAC - N, 6/1/2010]

8.14.21.16 PROGRESS MONITORING:

Each client placed in the care and custody of juvenile justice services has their respective program participation, program retention and ability to display program attributes objectively assessed as part of their rehabilitative progress. This assessment shall guide decision making on treatment levels, privileges and participation in special events or offerings.

[8.14.21.16 NMAC - N, 6/1/2010]

8.14.21.17 CITIZEN INVOLVEMENT AND VOLUNTEERS:

Juvenile justice services is committed to a positive partnership between the service area and its volunteers. Citizen involvement and volunteering provide additional resources, enhance client programs and services, increases personal contacts for clients and broadens the community support and resources for facilities.

[8.14.21.17 NMAC - N, 6/1/2010]

8.14.21.18 CRISIS INTERVENTION AND BEHAVIOR MANAGEMENT:

Juvenile justice services endeavors to provide a safe atmosphere in all its facilities for all clients, staff and visitors by working to minimize the impact of a crisis situation and providing specific guidelines for behavior management. To assist in meeting this goal, procedures are developed to inform appropriate personnel of a crisis situation and to protect and promote the rights of each client, including the right to be free from physical or mental abuse.

[8.14.21.18 NMAC - Rp, 8.14.1.23 NMAC, 6/1/2010]

8.14.21.19 COMMUNITY WORK AND EDUCATION PROGRAM:

Juvenile justice services works toward the successful transition of clients from facilities back into the community. This may include a community work/education program designed to allow approved clients to attend unescorted school or employment opportunities during their commitment to a facility if beneficial to the client and the department or in the best interest of the community.

[8.14.21.19 NMAC - N, 6/1/2010]

8.14.21.20 COMMUNITY PARTICIPATION:

Juvenile justice services works toward the successful transition of clients from facilities back into the community. This includes allowing approved clients to attend escorted

activities, events, or other opportunities during their commitment to a facility if beneficial to the client and the department or in the best interest of the community.

[8.14.21.20 NMAC - N, 6/1/2010]

8.14.21.21 PROCEDURES:

The juvenile justice services director will make appropriate procedures available to the public but reserves the right to add, delete or modify procedures under the classification and programs policy without notice or comment in furtherance of the mission and goals of the department or service area.

[8.14.21.21 NMAC - N, 6/1/2010]

PART 22: SEALING CLIENT RECORDS

8.14.22.1 ISSUING AGENCY:

Children, Youth and Families Department.

[8.14.22.1 NMAC - N, 6/1/2010]

8.14.22.2 SCOPE:

This rule applies to clients and staff of the juvenile justice division, also referred to as juvenile justice services, of the children, youth and families department.

[8.14.22.2 NMAC - N, 6/1/2010]

8.14.22.3 STATUTORY AUTHORITY:

Sections 32A-1-1 et seq., 32A-2-1 et seq., 32A-3-1 et seq., 32A-4-1 et seq., 32A-11-1 et seq., 32A-15-1 et seq. NMSA 1978 Comp., as amended.

[8.14.22.3 NMAC - N, 6/1/2010]

8.14.22.4 DURATION:

Permanent.

[8.14.22.4 NMAC - N, 6/1/2010]

8.14.22.5 EFFECTIVE DATE:

June 1, 2010, unless a later date is cited at the end of a section.

[8.14.22.5 NMAC - N, 6/1/2010]

8.14.22.6 OBJECTIVE:

To establish standards and guidelines for sealing the records of juvenile justice services client.

[8.14.22.6 NMAC - N, 6/1/2010]

8.14.22.7 DEFINITIONS:

A. "Cambiar (Change) New Mexico" refers to the name designated by the children, youth and families department (CYFD) for its juvenile justice reform initiative that focuses on rehabilitation and relationships. Clients and juvenile justice services' staff members build one-on-one relationships with each other and learn to interact in a completely different way then the old "correctional" model. Group building activities designed to build trust and communication are key components as well as family and community involvement.

B. "Client" refers to a person who is committed to the custody of the CYFD's juvenile justice services or who is receiving services from CYFD's juvenile justice services.

C. "Department" refers to the New Mexico children, youth and families department.

D. "FACTS" refers to the family automated client tracking system, CYFD's management information system.

E. "Facility" refers to a facility operated by, or on behalf of the CYFD's juvenile justice services, or any other facility or location designated by the juvenile justice services director to house or provide care to clients committed to the custody of CYFD.

F. "Facility records manager" or "FRM" is the person designated by the superintendent of each JJS facility to manage the files and records of JJS clients and former clients.

G. "Files and records" means the master delinquency file of a JJS client, which includes all facility master file records and field referral records, and actions taken while in custody including but not limited to commitment papers, court orders, detainers, personal property receipts, visitor's lists, photographs, fingerprints, types of custody, disciplinary infractions with actions taken, work assignments, program participation, program progress and other relevant case data. It does not include the separate medical, behavioral health, or education sub files.

H. "Juvenile justice services" or "juvenile justice division" refers to the organizational unit within CYFD that operates juvenile justice facilities, and provides other services under the Delinquency Act, NMSA 1978 section 32A-2-1 et seq.

I. "Juvenile probation office" or "JPO field office" refers to a CYFD department county or district office where JPO staff persons, who provide court ordered and informal supervision for clients, work from.

J. "Office of general counsel records custodian" or "OGC records custodian" is the person designated by the CYFD office of the secretary to respond to all requests from the public for information on CYFD clients, former clients, programs or services, including Inspection of Public Records Act requests.

K. "Sealing records" or "sealing" refers to the closing or restriction of access to client files and records in accordance with the provisions of the Children's Code Section 32A-2-26, NMSA 1978.

L. "Secretary" refers to the cabinet secretary of CYFD.

M. "Staff" refers to employee(s) of CYFD.

N. "Superintendent" refers to the chief facility administrator at a JJS facility.

[8.14.22.7 NMAC - N, 6/1/2010]

8.14.22.8 INITIAL NOTICE OF SEALING ELIGIBILITY:

A. Each month, the FACTS system will review all open and closed cases to identify those cases that are closed and meet the criteria for sealing in 60 days.

B. FACTS will generate a report of clients which meet the above criteria as well as individual letters to clients who meet the criteria for sealing in 60 days.

C. The report will be posted to a centralized location for JPO offices and facilities to review and research.

D. The OGC records custodian will access the report electronically and print the letters.

E. The OGC records custodian will mail the form letters to the clients identified on the list notifying them of impending sealing and giving them the opportunity to retrieve their records prior to sealing.

F. If a client who has received a notice of sealing letter requests a copy of the their records and files, the facility or field office who holds the records shall notify the OGC records custodian of the request, and upon notification from the records custodian to proceed, shall ask the client to complete a request for information form and upon receipt of a signed form, provide the records to the client free of charge. All confidentiality provisions pursuant to the Children's Code Section 32A-2-32, NMSA 1978 are followed prior to releasing the record to the client.

[8.14.22.8 NMAC - N, 6/1/2010]

8.14.22.9 ELECTRONIC (FACTS) RECORDS SEALING:

A. Each month, the FACTS system will seal the FACTS case for clients who turned 18 over 60 days ago or were already 18 and their case has been closed for 60 days.

B. Several lists are generated for notification of sealing for the courts, district attorneys, defense attorneys and the local law enforcement/referring agencies.

C. The office of general counsel will notify all parties involved in the client's case of the record sealing, with the exception of law enforcement/referring agencies.

[8.14.22.9 NMAC - N, 6/1/2010]

8.14.22.10 SEALING NOTIFICATION - OUTSIDE ENTITIES:

A. On a regular basis, the department will electronically notify the courts of CYFD records that have been sealed.

B. The department will ensure that electronic information on sealed cases will be available for other entities who are required to seal cases, including public defenders or other listed attorneys of record for the client, district attorneys, and local law enforcement agencies.

[8.14.22.10 NMAC - N, 6/1/2010]

8.14.22.11 COURT ORDERS TO SEAL:

A. All court orders for sealing received by the department will be forwarded to the OGC records custodian.

B. When the OGC records custodian receives a court order for sealing, an office of general counsel attorney will review the order to ensure that it is valid and enforceable.

C. Once the order has been reviewed and approved by OGC legal, the OGC records custodian will notify the FACTS unit, the facility and the JPO field office of the order via email, who will then follow procedure for sealing the record.

[8.14.22.11 NMAC - N, 6/1/2010]

8.14.22.12 PHYSICAL FACILITY RECORDS SEALING:

A. Upon receipt of notification of the posting of the sealed spreadsheet to a designated CYFD internal computer storage drive, facility records managers will go to that drive and retrieve the list.

B. Facility records managers will seal the files and records of the names of the clients on the spreadsheet or pursuant to a court order received from OGC and forwarded to them. As soon as possible, the facility records manager will pull the client file and record, secure it in a manila envelope and mark the envelope "sealed" indicating the date sealed, the client's FACTS #, and the destruction date. The files and records are placed in a box or file cabinet that is marked as 'SEALED RECORDS'.

C. Upon meeting the records retention schedule, the facility records manager will deliver the sealed files and records to the state records center.

[8.14.22.12 NMAC - N, 6/1/2010]

8.14.22.13 ACCESSING SEALED RECORDS:

A. Files and records that have been sealed may only be re-opened pursuant to a valid court order or for internal research and reporting purposes by designated staff in CYFD.

B. If an order is received to unseal a previously sealed file and record, OGC will review the order for legal sufficiency. Upon a determination that the order is legally sufficient, the order will be forwarded to the FACTS unit and the JPO field office or facility records manager to unseal the file and record. Once the file and record has been re-opened, OGC will be notified, the file and record delivered to OGC, and the file and record will be provided to the court that issued the order.

C. Any other request for files and records on a sealed case received at a facility or JPO field office will be forwarded to the OGC records custodian for a determination of the proper response.

D. Research and reporting includes providing information to CYFD's data analysis unit, interstate compact for juveniles officials, department of health fatality review panels, and other entities approved by OGC.

[8.14.22.13 NMAC - N, 6/1/2010]

PART 23: CONFIDENTIALITY OF CLIENT RECORDS

8.14.23.1 ISSUING AGENCY:

Children, Youth and Families Department.

[8.14.23.1 NMAC - N, 6/1/2010]

8.14.23.2 SCOPE:

This rule applies to clients and staff of the juvenile justice division, also referred to as juvenile justice services, of the children, youth and families department.

[8.14.23.2 NMAC - N, 6/1/2010]

8.14.23.3 STATUTORY AUTHORITY:

Sections 32A-1-1 et seq., 32A-2-1 et seq., 32A-3-1 et seq., 32A-4-1 et seq., 32A-11-1 et seq., 32A-15-1 et seq. NMSA 1978 Comp., as amended.

[8.14.23.3 NMAC - N, 6/1/2010]

8.14.23.4 DURATION:

Permanent.

[8.14.23.4 NMAC - N, 6/1/2010]

8.14.23.5 EFFECTIVE DATE:

June 1, 2010, unless a later date is cited at the end of a section.

[8.14.23.5 NMAC - N, 6/1/2010]

8.14.23.6 OBJECTIVE:

To establish standards and guidelines for confidentiality of records of clients under the supervision or in the custody of the department.

[8.14.23.6 NMAC - N, 6/1/2010]

8.14.23.7 DEFINITIONS:

A. "Cambiar (Change) New Mexico" refers to the name designated by the children, youth and families department (CYFD) for its juvenile justice reform initiative that focuses on rehabilitation and relationships. Clients and juvenile justice services' staff members build one-on-one relationships with each other and learn to interact in a completely different way then the old "correctional" model. Group building activities designed to build trust and communication are key components as well as family and community involvement.

B. "Client" refers to a person who is committed to the custody of the CYFD's juvenile justice services or who is receiving services from CYFD's juvenile justice services.

C. "Department" refers to the New Mexico children, youth and families department.

D. "Director" refers to the juvenile justice service director.

E. "Facility" refers to a facility operated by, or on behalf of the CYFD's juvenile justice services, or any other facility or location designated by the juvenile justice services director to house or provide care to clients committed to the custody of CYFD.

F. "HIPAA" is the Health Insurance Portability and Accountability Act of 1996 that governs the release of health information.

G. "Juvenile justice services" or "juvenile justice division" refers to the organizational unit within CYFD that operates juvenile justice facilities, and provides other services under the Delinquency Act, NMSA 1978 section 32A-2-1 et seq.

H. "Juvenile probation office" or "JPO field office" refers to a CYFD department county or district office where JPO staff persons, who provide court ordered and informal supervision for clients, work from.

I. "Office of general counsel records custodian" or "OGC records custodian" is the person designated by the CYFD office of the secretary to respond to all requests from the public for information on CYFD clients, former clients, programs or services, including Inspection of Public Records Act requests.

J. "Secretary" refers to the cabinet secretary of CYFD.

K. "Staff" refers to employee(s) of CYFD.

[8.14.23.7 NMAC - N, 6/1/2010]

8.14.23.8 DEPARTMENTAL CLIENT RECORDS:

Records held by the department that concern juvenile justice services clients may be disclosed to employees within the department pursuant to the informed consent of the client who is the subject of the records and according to federal or state laws, rules, and regulations. Departmental employees shall maintain the confidentiality of the information disclosed, shall adhere to all state and federal laws, rules and regulations and the departmental code of conduct, and shall not release the information outside CYFD operations and their responsibilities for the identification, placement or management of youth involved in the juvenile justice system. Anyone who intentionally or otherwise unlawfully releases confidential information is subject to disciplinary action and/or criminal prosecution.

[8.14.23.8 NMAC - N, 6/1/2010]

8.14.23.9 DELINQUENCY RECORDS REQUESTS:

Juvenile justice services client records are confidential and can only be disclosed pursuant to a valid court order, except to those entities specifically entitled to access under the New Mexico Children's Code Delinquency Act. Any time a request for juvenile justice services client records is received by a facility, JPO field office, or any other departmental entity, the request is immediately forwarded to the OGC records custodian.

A. Once received by the OGC records custodian, the request is forwarded to an assistant general counsel in the office of general counsel for review. If the assistant general counsel approves the request, the OGC records custodian corresponds with the requester and asks them to complete and return a juvenile justice services request for disclosure of confidential information form and any required HIPAA or other release forms, as below.

B. If the forms are returned, the OGC records custodian requests copies of the client records from the appropriate facility for review by the OGC assistant general counsel. The OGC assistant general counsel is responsible for ensuring that records are released only as allowed by the Children's Code Delinquency Act, including types of records, the manner of release, and the person(s) released to.

C. When allowing access to an authorized entity, all attorney-client privileged information and all internal records of the department found within client records, including case narrative notes, email correspondence, and other internal correspondence, shall be stricken or otherwise not included in the disclosure.

D. Juvenile justice services records or information shall not be released pursuant to a subpoena, because subpoenas do not reflect a determination by a children's court judge that the requesting party has a legitimate interest in the case or the work of the court, as required by the New Mexico Children's Code Delinquency Act.

[8.14.23.9 NMAC - N, 6/1/2010]

8.14.23.10 REQUESTS FOR MEDICAL OR BEHAVIORAL HEALTH RECORDS:

When a request for medical or behavioral health records is received by the OGC records custodian, it must be accompanied by a current and valid signed HIPAA release. An access to records request form is also required if the disclosure is to be made to the person who is the subject of the records, signed by the person making the request. These forms are in addition to the request for disclosure of confidential information form required for all records requests. Juvenile justice services clients over fourteen years of age must sign their own release forms for behavioral health records, pursuant to the New Mexico mental health and developmental disabilities code.

[8.14.23.10 NMAC - N, 6/1/2010]

8.14.23.11 PROCEDURES:

The juvenile justice services director will make appropriate procedures available to the public but reserves the right to add, delete or modify procedures under the confidentiality of client records policy without notice or comment in furtherance of the mission and goals of the department or service area.

[8.14.23.11 NMAC - N, 6/1/2010]

CHAPTER 15: CHILD CARE ASSISTANCE

PART 1: GENERAL PROVISIONS [RESERVED]

PART 2: REQUIREMENTS FOR CHILD CARE ASSISTANCE PROGRAMS FOR CLIENTS AND CHILD CARE PROVIDERS

8.15.2.1 ISSUING AGENCY:

Children, Youth and Families Department.

[8.15.2.1 NMAC - Rp, 8.15.2.1 NMAC, 10/1/2016]

8.15.2.2 SCOPE:

This policy applies to all clients seeking child care assistance benefits, all child care providers who provide services to clients qualifying for assistance benefits, and employees of the department who determine eligibility for child care assistance benefits. (See 8.15.2.8 NMAC for detailed list.)

[8.15.2.2 NMAC - Rp, 8.15.2.2 NMAC, 10/1/2016]

8.15.2.3 STATUTORY AUTHORITY:

NMSA section 9-2A-7 (1991).

[8.15.2.3 NMAC - Rp, 8.15.2.3 NMAC, 10/1/2016]

8.15.2.4 DURATION:

Permanent

[8.15.2.4 NMAC - Rp, 8.15.2.4 NMAC, 10/1/2016]

8.15.2.5 EFFECTIVE DATE:

October 1, 2016, unless a later date is cited at the end of section.

[8.15.2.5 NMAC - Rp, 8.15.2.5 NMAC, 10/1/2016]

8.15.2.6 OBJECTIVE:

A. To establish standards and procedures for the provision of child care assistance benefits to eligible clients and to establish the rights and responsibilities of child care providers who receive payment for providing child care services to clients receiving benefits. To establish minimum requirements for eligibility for program participation and for the provision of child care services to children whose families are receiving benefits and to allow children receiving these benefits access to quality child care settings that promote their physical, mental, emotional, and social development in a safe environment. To establish standards and procedures that promote equal access to services and prohibit discrimination based on race, color, religion, sex (including pregnancy, sexual orientation, or gender identity), national origin, disability, or age (40 or older).

B. To establish child care assistance rates in accordance with the requirements of the Child Care and Development Block Grant (CCDBG) and the Child Care Development Fund (CCDF), which is the primary federal funding source of child care assistance to enable parents to work or pursue education and training so that they may better support their families while at the same time promoting the learning and development of their children. The CCDBG requires every state to submit an updated CCDF plan every three years. A key requirement of the CCDBG Act is that lead agencies establish subsidy payment rates that ensure equal access to child care for children receiving child care assistance. States have two options to establish subsidy payment rates that ensure equal access: lead agencies must collect and analyze data through either a statistically valid and reliable market rate survey, or through an ACF pre-approved alternative methodology, such as a cost estimation model. New Mexico's rates, as set forth herein, and effective July 1, 2021 were informed by a cost estimation model and with extensive statewide stakeholder engagement. This new cost estimation model was developed in collaboration with fiscal experts and local stakeholders to set subsidy rates at a level that supports the true cost of delivering high quality early childhood education to New Mexico's children and families. The child care subsidy rates set forth herein are designed to ensure equal access to child care for children on child care assistance and ensure parental choice by offering a full range of child care services.

C. Permissive language such as "may or may be " when referring to actions taken by the department, address situations where it is not always prudent or practical to apply these actions. It is not meant to reduce the weight of these actions nor should the intent of the policies be circumvented due to this wording. This language is intended to be construed in a fiscally responsible and equitable manner, keeping in mind that consistency in application is the ultimate goal.

[8.15.2.6 NMAC - Rp, 8.15.2.6 NMAC, 10/1/2016, AE; 7/1/2021; A, 1/1/2022]

8.15.2.7 DEFINITIONS:

A. Terms beginning with the letter "A":

(1) "Attending a job training or educational program " means actively participating in an in-person or online job training or educational program.

(2) "At-risk child care" means a program for families at-risk as determined by the department.

B. Terms beginning with the letter "B": [RESERVED]

C. Terms beginning with the letter "C":

(1) "CACFP" means the child and adult care food program, administered by the children, youth and families department.

(2) "Child with a disability or special needs" means a child with an identified disability, health, or mental health conditions requiring early intervention, special education services, under an individualized education plan (IEP) or an individualized family service plan (IFSP), or other specialized services and supports; or children without identified conditions, but requiring specialized services, supports, or monitoring.

(3) "Client" means the parent or legal guardian of the child that the department has determined is eligible for child care assistance benefits.

(4) "Closure" means the client's child care case is closed with the department.

(5) "Co-payment" means the portion of the approved and agreed upon monthly child care cost for clients receiving child care assistance that the client is required to pay to the child care provider. The department's payment to the provider is reduced by the co-payment amount.

D. Terms beginning with the letter "D":

(1) "Demonstration of incapacity" means written documentation that an individual is unable to fulfill an eligibility requirement, such as work, school, or the ability to provide child care, and should otherwise be excluded, in whole or in part, from the determination of eligibility. Written documentation of incapacity includes, but is not limited to, the following: statements or letters on a physician's/medical professional's/treatment provider's letterhead stationary; statements, records or letters from a federal government agency that issues or provides disability benefits; statements, records or letters from a state vocational rehabilitation agency counselor;

records or letters from a treatment facility/counselor; certification from a private vocational rehabilitation or other counselor that issues or provides disability benefits.

(2) "Department" means the New Mexico children, youth and families department (CYFD).

E. Terms beginning with the letter "E":

(1) "Earned income" means income received as gross wages from employment or as profit from self-employment.

(2) "Essential worker" means those who conduct a range of operations and services in industries that are essential to ensure the continuity of critical functions in the economy of our nation and state. During this period of economic recovery and subject to budgetary considerations, the presumption is that all workers are essential to the well being of the state's economy.

F. Terms beginning with the letter "F": "Fluctuation of earnings" means a family with inconsistent or variable income throughout the year. To calculate fluctuation of earning the department may:

(1) average family earnings over a period of time (e.g., 12 months); or

(2) choose to discount temporary increases in income provided that a family demonstrates an isolated increase in pay (e.g., short-term overtime pay, temporary increase to pay, etc.) and is not indicative of a permanent increase in income.

G. Terms beginning with the letter "G": [RESERVED]

H. Terms beginning with the letter "H":

(1) "Homeless children and youth" means individuals who lack a fixed, regular, and adequate nighttime residence, which includes:

(a) Children and youth who are temporarily sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks (excludes mobile homes), or camping ground due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals; or are awaiting foster care placement;

(b) children and youth who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;

(c) children and youth who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and

(d) migratory children who qualify as homeless for the purposes of this subtitle because the children are living in circumstances described in Subparagraphs (a) through (c) of this Paragraph.

(2) "Household" means the household as defined below in Paragraph (1) of Subsection C of 8.15.2.11 NMAC.

(3) "Household income" means household income as defined below in Paragraph (3) of Subsection C of 8.15.2.11 NMAC.

I. Terms beginning with the letter "I":

(1) "Incidental money" means earnings of a minor child for occasional work performed such as baby-sitting, cutting lawns, and other similar activities.

(2) "Infant, toddler, preschool, school age" means the age categories used for assigning child care provider reimbursement rates, defined as follows:

(a) infant: zero - 23 months;

(b) toddler: 24 -35 months;

(c) preschool: three to five year olds; and

(d) school age: six year olds and older.

J. Terms beginning with the letter "J": "Job training and educational program" means participation in a short or long term educational or training program, including online programs that provide specific job skills which allow the participant to enter the workforce and directly relates to enhancing job skills, including but not limited to the acquisition of a general equivalency diploma (GED), English as a second language, literacy training, vocational education training, secondary education including adult basic education and accredited high school programs, and post-secondary institutions. Educational programs include graduate and post graduate programs or classes.

K. Terms beginning with the letter "K": [**RESERVED**]

L. Terms beginning with the letter "L": [**RESERVED**]

M. Terms beginning with the letter "M": [**RESERVED**]

N. Terms beginning with the letter "N":

(1) "National accreditation status" means the achievement and maintenance of accreditation status by an accrediting body that has been approved by

CYFD. CYFD determines the program criteria and standards to evaluate and approve accrediting bodies.

(a) The following are the only national accrediting bodies that are approved by CYFD:

(i) the association of Christian schools international (ACSI);

(ii) the council on accreditation (COA) for early childhood education and after school programs;

(iii) the international Christian accrediting association (ICAA);

(iv) the national accreditation commission for early care and education programs (NAC);

(v) the national association for the education of young children (NAEYC) academy for early childhood program accreditation;

(vi) the national association of family child care (NAFCC); or

(vii) the national early childhood program accreditation (NECPA).

(b) Effective July 15, 2014 accrediting bodies that have been previously approved by CYFD that are not on the above list will no longer be CYFD approved national accrediting bodies.

(2) "Non-temporary change in activity" means the family has experienced a change in activity that does not meet the definition of a "temporary change in activity " as defined in Paragraph (3) of Subsection T of 8.15.2.9 NMAC.

(3) "Non-traditional hours of care" means care provided between the afterhours of 7:00 p.m. and 7:00 a.m. Monday through Friday or care provided during weekend hours between 12:00 a.m. Saturday morning and 12:00 a.m. Monday morning.

O. Terms beginning with the letter "O":

(1) "Open case" means a case that has not been closed as a result of a failure to recertify, or that has not been closed due to becoming otherwise ineligible for child care assistance benefits.

(2) "Overpayment" means a payment of child care assistance benefits received by a client or provider for which they are ineligible based on incomplete or inaccurate information provided by either the client or the provider, or agency error.

P. Terms beginning with the letter "P": "Provider types" means the characteristics of child care providers, which determine their approved reimbursement rate, capacity, staffing levels etc. as follows:

(1) "In-home" care means care provided in the child's own home.

(2) "Registered home" means child care provided in the home of a provider who is registered with the department to care for up to four children. All registered homes receiving child care assistance subsidies must be enrolled and participate in the child and adult care food program (CACFP), unless they are exempt.

(3) "Licensed family child care home" means child care provided in the home of a provider who is licensed by the department to care for up to six children.

(4) "Licensed group child care home" means child care provided in the home of a provider who is licensed by the department to care for up to 12 children.

(5) "Licensed center" means child care provided in a non-residential setting, which is licensed by the department to provide such care.

(6) "Out-of-school time care" means child care provided to a kindergartner or school age child up to age 13 immediately before or immediately after a regularly scheduled school day or when regular school is not in session.

(7) "Family, friend, or neighbor (FFN)" means care provided temporarily in a home.

Q. Terms beginning with the letter "Q": [RESERVED]

R. Terms beginning with the letter "R":

(1) "Recertification" means the process by which a client's eligibility to continue to receive child care assistance benefits are determined.

(2) "Registration/educational fee" means a fee charged to private pay and families receiving child care assistance for materials and supplies.

S. Terms beginning with the letter "S":

(1) "Sanctions" means a measure imposed by the department for a violation or violations of applicable regulations.

(2) "SNAP" means the supplemental nutrition assistance program administered by the U.S. department of agriculture, which helps low-income families purchase healthy food. SNAP was previously referred to as food stamps employment and training program.

(3) "Special supervision" means the special supervision for child(ren) as defined below in Subsection G of 8.15.2.11 NMAC.

(4) "Star level" means a license indicating the level of quality of an early childhood program. A greater number of stars indicates a higher level of quality.

(5) "Suspension" means the voluntary cessation of child care benefits at the client's request, during which the client remains eligible.

T. Terms beginning with the letter "T":

(1) "TANF" means the temporary assistance to needy families program administered by the U.S. department of health and human services. TANF is the successor to the aid to families with dependent children (AFDC) program and provides cash assistance to qualified low-income families with dependent children.

(2) "Teen parent" means a biological parent under the age of 20 who is attending high school, working towards a general equivalency diploma (GED) or attending any other job skills training or educational programs directly related to enhancing employment opportunities.

(3) "Temporary change of activity" means one of the following events:

(a) limited absence from work for employed parents or legal guardians for periods of family leave (including parental leave) or sick leave;

(b) interruption in work for a seasonal worker who is not working between regular industry work seasons;

(c) student holiday or break for a parent or legal guardian participating in training or education;

(d) reduction in work, training or education hours, as long as the parent or legal guardian is still working or attending training or education; and

(e) cessation of work or attendance at a training or education program less than three months.

(4) "Termination" means the client's child care case will be closed due to cause.

U. Terms beginning with the letter "U":

(1) "Underpayment" means a payment made by the department for services provided which did not fully reimburse the client or provider.

(2) "Unearned income" means income in the form of benefits such as TANF, workmen's compensation, social security, supplemental security income; child support, pensions, contributions, gifts, loans, grants and other income which does not meet the definition of earned income.

V. Terms beginning with the letter "V": [RESERVED]

W. Terms beginning with the letter "W": "Working" means employment of any type, including self-employment and teleworking. For TANF recipients, this includes work experience or community service or any other activity that meets the TANF work activity requirements.

X. Terms beginning with the letter "X": [RESERVED]

Y. Terms beginning with the letter "Y": [RESERVED]

Z. Terms beginning with the letter "Z": [RESERVED]

[8.15.2.7 NMAC - Rp, 8.15.2.7 NMAC 10/1/2016, A, 2/1/2017; A, 10/1/2019, A/E, 9/18/2020; A, 3/1/2021, A/E, 7/1/2021; A, 1/1/2022]

8.15.2.8 TYPES OF CHILD CARE:

These policies apply to child care assistance benefits provided to eligible children for the following types of child care to ensure that parents or legal guardians have a variety of child care services from which to choose:

A. licensed child care programs administered by public schools and post-secondary institutions that provide on-site care for the children of students;

B. licensed child care programs administered by tribal entities;

C. licensed child care programs administered by church or religious organizations;

D. in-home care;

E. licensed child care centers;

F. registered family childcare homes;

G. licensed family and group childcare homes;

H. licensed out of school time programs;

I. licensed programs operated by employers for their employees; and

J. FFN.

[8.15.2.8 NMAC - Rp, 8.15.2.8 NMAC, 10/1/2016; A, 3/1/2021]

8.15.2.9 PRIORITIES FOR ASSISTANCE:

Any funds received by the department under the child care development fund and other sources are expended for child care assistance pursuant to the following priorities:

A. Priority one: Clients receiving temporary assistance to needy families (TANF) benefits to include TANF diversionary payment, are considered priority one clients.

(1) Participation exemption: The human services department (HSD) grants participation exemptions to TANF clients who cannot locate child care. The children, youth and families department is responsible for the verification of the TANF participant's inability to locate child care. Reasons for a participation exemption due to lack of child care are as follows:

(a) the unavailability of appropriate child care within a reasonable distance from the individual's home or work site;

(b) the unavailability or unsuitability of informal child care by a relative or under other arrangements; or

(c) the unavailability of appropriate and affordable formal child care by a relative or under other arrangements.

(2) A person who applies for participation exemption for any or all of the above reasons is referred to the children, youth and families department child care resource and referral. The child care resource and referral assists the client with location of child care. The final validation/verification of a client's inability to locate child care is determined by the child care services bureau supervisor in conjunction with his/her supervisor. A client who receives a participation exemption due to lack of child care is required to re-apply for the exemption every six months. If a person disagrees with the determination of their eligibility for a participation exemption, they may apply for a fair hearing with HSD. HSD is responsible for providing notice of the approval or denial of a participation exemption.

B. Priority one A: [RESERVED]

C. Priority one B: Child care assistance for income eligible families whose income is at or below one hundred percent of the federal poverty level, adjusted annually in accordance with federal guidelines. The department prioritizes child care services within priority one B for children with special needs, disabilities, homeless families, and for teen parents.

D. Priority two: Families transitioning off TANF and clients who have received a TANF diversionary payment. Clients must have received TANF for at least one month, or a diversionary payment, in the past 12 months in order to qualify for priority two. Only clients transitioning off TANF whose TANF cases are closed at least in part due to increased earnings or loss of earned income deductions or disregards are eligible for priority two. Priority two clients do not have to meet income eligibility requirements during their 12 consecutive month period of eligibility for priority two child care.

E. Priority three: [RESERVED]

F. Priority four: Child care assistance for families whose income is above one hundred percent of the federal poverty level but at or below two hundred percent of the federal poverty level, adjusted annually in accordance with federal guidelines. These families are certified for a 12 month block of time and will remain eligible at or below two hundred fifty percent of the federal poverty level. Exceptions to the 12 month certification period are included in 8.15.2.11 NMAC. The department prioritizes child care services within priority four for children with special needs, disabilities, homeless families, and for teen parents.

G. Priority four plus: During this period of economic recovery and subject to budgetary considerations, child care assistance for essential workers whose income is above two hundred percent of the federal poverty level but at or below four hundred percent of the federal poverty level, adjusted annually in accordance with federal guidelines. These families are certified for a 12 month block of time and will remain eligible at or below four hundred and twenty-five percent of the federal poverty level. Exceptions to the 12 month certification period are included in 8.15.2.11 NMAC. The department prioritizes child care services within priority four plus for children with special needs, disabilities, homeless families, and for teen parents.

H. Priority five: In addition to these priorities, the department pays for at-risk child care as approved by the department. Child care benefits are provided for a minimum of six months to support the family. Income, work and education requirements and copayments are waived for clients in this priority.

[8.15.2.9 NMAC - Rp, 8.15.2.9 NMAC, 10/1/2016; A; 10/1/2019; A/E, 9/18/2020; A, 3/1/2021; A/E, 8/1/2021; A, 1/1/2022; A/E, 5/1/2022; A/E, 5/6/2022]

8.15.2.10 APPLICATION PROCESS:

A. Clients apply for child care assistance benefits by presenting the following documents to establish eligibility:

(1) a completed signed application form;

(2) documentation of current countable earned and unearned income as listed below and defined in Paragraph (5) of Subsection C of 8.15.2.11 NMAC;

(3) documentation of the applicant's TANF eligibility or participation, if applicable, and can include applicant's social security number or assigned TANF identification number;

(4) school schedule or verification of educational activity, if applicable;

(5) demonstration of incapacity for parent or legal guardian, if applicable;

(6) verification of birth for all applicant's household children;

(7) documentation of qualifying immigration status, as defined by the United States department of health and human services, administration for children and families, office of child care, for all children requesting child care assistance;

(8) verification of custody of children, if applicable;

(9) verification of dependency of a child or adult household member, if applicable;

(10) documentation of New Mexico residency;

(11) identification for parent/guardian; and

(12) department approved provider.

B. The following are acceptable documents to use to verify eligibility. Other documents may be considered and taken to the supervisor to be reviewed for eligibility.

Verification Type	Acceptable documentation or information (examples)
Verification of Birth	-Birth certificate -Hospital or public health records -Certificate of Indian blood -Birth center records
Countable Earned Income	-Paystubs -Employer statement/verification of work form (for new employment) -Client statement, if earning wages from various odd jobs/day labor -Employer contract/work agreement -Payroll/gross wage history For self-employed individuals: -Income tax return with transcripts -Profit and loss (must be verified by a bookkeeper or accountant) -Common reporting standard (CRS) statements from New Mexico taxation and revenue department

Countable Unearned Income	-Benefit award letter (i.e. – social security, veteran administration (VA)) -Letter or document from agency making payment -Court records or other legal documents -Statement from tribal agency -Bank or other financial statement -Divorce or separation decree -Trust documents -Workers' compensation documents -Rental income information
Qualifying Activity	-Proof of TANF participation (example: work participation agreement (WPA)) -School schedule -Statement from educational institution -Work schedule -Paystubs -Employer statement -Client statement -Contract/work agreement -Proof of new business registration with state
Documentation of Incapacity	-Statement or letter from medical professional on letterhead/stationary -Statement/record/letter from a federal government agency that issues or provides disability benefits -Statement/records/letters from a state vocational rehabilitation agency counselor -Records/letters from a treatment facility/counselor -Certification from a private vocational rehabilitation or other counselor that issues or provides disability benefits
Custody	-Court order, or other legal records -Adoption records -Statement signed under penalty of perjury -Attorney records
Dependency	-Court order -Notarized statement -Divorce papers -Durable power attorney -Guardianship documentation -Federal tax documents verifying person is claimed as a dependent -Written statement with supervisor's approval
New Mexico Residency	-Lease/rental agreement -Utility bill -Mortgage receipt -Written statement from person you are residing with -Current New Mexico driver's license -Statement from landlord

	-Other records that provide a name and address
Identification for Parent/Guardian	-Current or expired government issued photo identification/passport -School photo identification -Government issued immigration document with photo -Employer identification with photo
Citizenship/Immigration Verification	-United States birth certificate -Military identification -Passport -Naturalization certificate -Permanent resident card -ASPEN/HSD verification (client must be listed as "eligible child") (example: refugees/other qualified aliens may receive services through HSD but also may have United States department of state form) -Numident (from social security office) -Refugee/asylee letter from United States secretary of state or from homeland security -Any document from the immigration and naturalization services (INS), department of homeland security (DHS), or other authoritative document showing a child's immigration status that qualifies the child for assistance

C. The department may approve a client to submit their initial application by fax, email, electronic submission, or mail. Clients shall have 14 calendar days after initial submission of an application to submit all other required forms. Upon approval from the child care regional manager, clients may be given longer than 14 calendar days, but no more than 30 calendar days, to submit required documentation.

D. Assistance is provided effective the first day of the month of application if all of the following apply:

(1) the client is utilizing child care services;

(2) the client is employed, attending school or a training program. In the case of a public health emergency, the department secretary may waive the requirement for employment, attending school or a training program; and

(3) the provider is eligible to be paid.

[8.15.2.10 NMAC - Rp, 8.15.2.10 NMAC, 10/1/2016; A/E, 03/16/2020; A, 8/11/2020; A/E, 9/18/2020; A, 3/1/2021; A, 1/1/2022]

8.15.2.11 ELIGIBILITY REQUIREMENTS:

Clients are eligible for child care assistance benefits upon meeting the requirements for eligibility as determined by the department and federal regulation.

A. Child care staff will initiate communication at the initial determination of their eligibility period to provide outreach and consumer education with a case management approach and coordination of services to support families.

B. Eligibility period: Based upon the client meeting all eligibility requirements, a 12-month certification period will be granted.

(1) Eligibility may be granted for less than 12 months at the parent or legal guardian's request. The parent or legal guardian will, however, remain eligible for the approved 12-month eligibility period.

(2) At-risk child care may be granted for less than 12 months as determined by the department.

(3) Eligibility may be granted for up to three months for seeking employment. The eligibility may be closed if the client fails to obtain a qualifying activity within three months. The department has the discretion to extend the job search period.

(4) The client will remain eligible if a temporary change of activity occurs.

(5) If a client experiences a non-temporary change in activity, the child care placement agreement may close; however, the client will remain eligible for the approved 12-month eligibility period.

C. Income eligibility determination:

(1) The household: The household includes biological parents, stepparents, legal guardians of the child(ren) for whom child care assistance is sought, and any legal dependents of the aforementioned, living in the household, thereby constituting an economic unit. Grandparents who are not legal guardians living in the household are counted as members of the household, but their earned and unearned income is excluded from the eligibility calculations. Periods of absences: A household member may be absent from the home and will be considered as living in the home and be counted in the household composition as long as the absent household member plans to return to the home. Any parent or legal guardian who remains in the home must be working, attending school, or participating in a job training or educational program. Temporary absence may include, but are not limited to, attending school, working, training, medical or other treatment, or military service.

(2) Legal guardians who are not the parents of the child(ren) for whom child care assistance is sought, are required to qualify for child care assistance as per Paragraph (3) below and, upon qualification, have the required co-payment waived.

(3) Household income: The household's gross monthly or annual average countable earned and unearned income, taking into account any fluctuation(s) of earnings, and will always be calculated in favor of eligibility. Household income does not include any earned and unearned income received by grandparents who are not legal guardians, and any legal dependents of the biological parents, stepparents, or legal guardians of the child(ren) for whom child care assistance is sought, living in the household.

(4) Family assets: A family's assets may not exceed one million dollars.

(5) Countable earned and unearned income: The following sources of income are counted when computing a family's eligibility for assistance and for determining the co-payment (if applicable): income from employment by working for others or from self-employment; alimony payments; veterans administration (VA) payments except VA payments that are specifically exempted in Paragraph (6) of Subsection C of 8.15.2.11 NMAC; workman's compensation; railroad retirement benefits; pensions; royalties; income from rental property; social security benefits except social security payments that are specifically exempted in Paragraph (6) of Subsection C of 8.15.2.11 NMAC; overtime shall be counted at CYFD's discretion if CYFD determines that the applicant is paid overtime on a regular basis.

(6) Exempt income: The types of income not counted when computing eligibility or co-payments include but are not limited to: earnings of household dependents; earnings of household grandparents who are not the legal guardians of the child(ren) for whom child care assistance is sought; SNAP; TANF benefits, including diversion payments; supplemental security income (SSI); social security disability insurance (SSDI); social security benefits received by household children; any VA payments made on behalf of the child(ren); VA benefits for educational purposes or for disability; unemployment benefits; work study income; child support payments; military food and housing allowances; an increase in military salary or allowances due to "temporary national emergency status beginning September 11, 2001 "; third party payments; energy assistance benefits; foster care payments; adoption subsidies; loans; child or adult nutrition programs; income tax refunds; payments for educational purposes including graduate and other educational stipends; compensation under the Domestic Volunteer Services Act and the volunteers in service to America (VISTA) program or AmeriCorps; Work Investment Act (WIA) payments made to dependent children; relocation payments; department of vocational rehabilitation (DVR) training payments; in-kind gifts; cash gifts; employer reimbursements; overtime, unless CYFD determines that the applicant is paid overtime on a regular basis; payments from special funds such as the agent orange settlement fund or radiation exposure compensation settlement fund; lump sum payments such as those resulting from insurance settlements and court judgments; or other resources such as savings, individual

retirement accounts (IRAs), vehicles, certificates of deposits (CDs) or checking accounts. In the case of an emergency, or under extenuating circumstances, the department secretary may disregard certain temporary income, such as federal stimulus payments or hazard pay.

(7) Verification of household countable earned and unearned income: Clients applying for child care assistance benefits are required to verify household countable earned and unearned income by providing current documentation of income for biological parents, stepparents, and legal guardians of the child(ren) for whom child care assistance is sought, living in the household, who receive such income. A self-employed individual who does not show a profit that is equal to federal minimum wage times the amount of hours needed per week within 24 months from the start date of receiving child care assistance will be evaluated by the child care assistance supervisor, at which point services may be reduced or discontinued.

(8) Calculating income:

(a) Current income provided to determine eligibility shall be used as an indicator of the income that is and shall be available to the household during the certification period. Fluctuation(s) of earnings may be taken into account as specified in Paragraph (3) of Subsection C of 8.15.2.11 NMAC

(b) Conversion factors: When income is received on a weekly, biweekly, or semimonthly basis, the income shall be converted to monthly amount as follows:

(i) Income received on a weekly basis is averaged and multiplied by four and three-tenths. Weekly income is defined as income received once per week.

(ii) Income received on a biweekly basis is averaged and multiplied by two and fifteen one-hundredths. Biweekly income is defined as income received once every two weeks. Income is received on the same day of the week each pay period, therefore receiving 26 payments per year.

(iii) Income received on a semimonthly basis is averaged and multiplied by two. Semimonthly income is defined as income received twice per month every month of the year. Income is received on specific dates of the month, therefore receiving 24 payments per year.

(iv) Income received on a monthly basis is averaged and multiplied by one. Monthly income is defined as income received once per month.

D. Residency requirement: An applicant of child care assistance and a child care provider must be a resident of the state of New Mexico. Proof of residency is required.

E. Citizenship and eligible immigration status: Any child receiving child care assistance must be a citizen or legal resident of the United States; or a qualified

immigrant as defined by the United States department of health and human services, administration for children and families, office of child care.

F. Age requirement: Child care benefits are paid for children between the ages of six weeks up to the day in which the child turns 13 years old. Eligibility determinations made prior to a child turning 13 years old may be granted a 12-month eligibility period or a lesser period of time as determined by the department for at-risk child care.

G. Special supervision: Children between the ages of 13 and 18 who are under the supervision of a court of law, or who are determined by a medical or treatment professional to require supervision.

H. Children enrolled in head start, kindergarten, school or other programs: Child care benefits are not paid during the hours that children are attending head start, kindergarten, New Mexico pre-k, school or other programs.

I. Work/education requirement: Child care benefits are paid only for families who are working, attending school or participating in a job training or educational program and who demonstrate a need for care during one or more of these activities. Clients who are receiving TANF are required to participate in a TANF-approved activity unless they are exempt by TANF. Clients and caseworkers shall negotiate a reasonable amount of study and travel time during the application or recertification process. The department may, in its discretion, exempt a client or applicant from the work/education requirement upon submission of a demonstration of incapacity.

[8.15.2.11 NMAC - Rp, 8.15.2.11 NMAC, 10/1/2016; A/E, 9/18/2020; A, 3/1/2021; A/E, 7/1/2021; A, 1/1/2022]

8.15.2.12 RECERTIFICATION:

Clients must recertify for services at the end of their eligibility period by complying with all requirements of initial certification. Clients who recertify will qualify at or below two hundred and fifty percent of the federal poverty level. Clients above two hundred and fifty percent of the federal poverty level must qualify as an essential worker as defined in Paragraph (2) of Subsection E of 8.15.2.9 NMAC. Clients designated as essential workers who recertify must be at or below four hundred and twenty-five percent of the federal poverty level. If recertification is not completed in a timely manner, the case may be closed on the last day of the month for which assistance is provided under the previous child care placement agreement. At time of recertification, clients must provide documentation of income, or proof of school enrollment. Changes in income, household size, employment, training or educational status are noted in the client's record. Co-payment, if applicable, is re-determined at the time of recertification. A 12-month certification period will be granted in accordance with eligibility requirements outlined in Subsection B of 8.15.2.11 NMAC.

[8.15.2.12 NMAC - Rp, 8.15.2.12 NMAC, 10/1/2016; A, 10/1/2019; A/E, 9/18/2020; A, 3/1/2021; A/E, 8/1/2021; A, 1/1/2022; A/E, 5/6/2022]

8.15.2.13 CLIENT RESPONSIBILITIES:

Clients must abide by the regulations set forth by the department and utilize child care assistance benefits only while they are working, attending school or participating in a training or educational program.

A. Co-payments: Co-payments are paid by all clients receiving child care assistance benefits, except for at-risk child care and qualified grandparents or legal guardians. Co-payments are determined by income and household size. The co-payment schedule is published yearly at https://www.nmececd.org/child-care-assistance/. In the case of an emergency, or under extenuating circumstances, the department secretary may waive co-payments for families receiving child care, during which period, the department will pay providers the client's approved rate, including required co-payments.

B. Co-payments described in Subsection A of 8.15.2.13 NMAC, are used for determining the base co-payment for the first eligible child. The formula for determining the co-payment amount based on the co-payment schedule for the first full time child is (low end of the monthly income bracket on the co-payment schedule ÷ 200 percent of annual federal poverty level for household size) X (low end of the monthly income bracket on the co-payment schedule) X 1.1 = monthly copayment for first full time child. Base co-payments for each additional child are determined at one half of the co-payment for the previous child.

(1) The first child is identified as the child requiring the most hours of child care.

(2) Each additional child will be ranked based on the most number of hours needed for child care to the least number of hours needed for child care.

C. Each child's co-payment will be adjusted based on the units of services described in Subsection E of 8.15.2.17 NMAC, as follows:

(1) full time care will be based on one hundred percent of the base co-payment;

(2) part time 1 care will be based on seventy-five percent of the base co-payment;

(3) part time 2 care will be based on fifty percent of the base co-payment; and

(4) part time 3 care will be based on twenty-five percent of the base co-payment.

D. Clients pay co-payments directly to their child care provider and must remain current in their payments. A client who does not pay co-payments may be subject to sanctions.

E. In-home providers: Parents or legal guardians who choose to use an in-home provider become the employer of the child care provider and must comply with all federal and state requirements related to employers, such as the payment of all federal and state employment taxes and the provision of wage information. Any parent or legal guardian who chooses to employ an in-home provider releases and holds the department harmless from any and all actions resulting from their status as an employer. Payments for in-home provider care are made directly to the parent or legal guardian.

F. Notification of changes: Clients must provide notification of changes via fax, e-mail, or telephone that affect the need for care to their local child care assistance office.

(1) A client must notify the department of any non-temporary change in activity or changes to household composition. Notifications must be provided within 14 calendar days of the change.

(2) A client must notify the department when their household income exceeds eighty-five percent of the state median income, taking into account any fluctuation(s) of income.

(3) A client must notify the department of any changes to their contact information.

(4) A client who changes a provider must notify the department and the current provider 14 calendar days prior to the expected last day of enrollment. If this requirement for notification is met by the client, the current provider will be paid through the 14th calendar day. If this notification requirement is not met, the current provider will be paid 14 calendar days from the last date of nonattendance. The child care placement agreement with the new provider shall become effective when payment to the previous provider ceases. The client will be responsible for payment to the new provider beginning on the start date at the new provider and until the final date of payment to the former provider.

(5) If the client has not used the authorized provider for 14 consecutive calendar days, the child will be disenrolled from that provider and the client will remain eligible for the remainder of their eligibility period.

(6) Clients who do not comply with this requirement may be sanctioned.

[8.15.2.13 NMAC - Rp, 8.15.2.13 NMAC, 10/1/2016; A, 10/1/2019; A/E, 03/16/2020; A, 8/11/2020; A/E, 9/18/2020; A, 3/1/2021; A/E, 7/1/2021; A; 1/1/2022]

8.15.2.14 CASE SUSPENSIONS AND CLOSURES:

A. A case may be suspended by the client if child care benefits are not being utilized for a period not to exceed three months with payment being discontinued to the provider. The client will remain eligible for child care assistance through the remainder of their eligibility period.

B. If the client experiences a non-temporary change of activity including the loss of employment, no longer attending school, or no longer participating in a job training or education program, the child care placement agreement may close; however, the client will remain eligible for the approved 12-month eligibility period.

C. A case will be closed if the following conditions apply:

(1) any non-temporary change in activity;

(2) income in excess of two hundred and fifty percent federal poverty level or a client designated as an essential worker, as defined in Paragraph (2) of Subsection E of 8.15.2.9 NMAC, with an income in excess of four hundred and twenty-five percent of the federal poverty level;

(3) failing to recertify at the end of approved eligibility period; or

(4) being disqualified from participation in the program.

[8.15.2.14 NMAC - Rp, 8.15.2.14 NMAC, 10/1/2016; A, 3/1/2021; A/E, 7/1/2021; A, 1/1/2022; A/E, 5/1/2022; A/E, 5/6/2022]

8.15.2.15 PROVIDER REQUIREMENTS:

Child care providers must abide by all department regulations. Child care provided for recreational or other purposes, or at times other than those outlined in the child care placement agreement, are paid for by the client.

A. All child care providers who receive child care assistance reimbursements are required to be licensed or registered by the department and meet and maintain compliance with the appropriate licensing and registration regulations in order to receive payment for child care services. Beginning July 1, 2012, child care programs holding a 1-star license are not eligible for child care assistance subsidies. The department honors properly issued military child care licenses to providers located on military bases and tribal child care licenses properly issued to providers located on tribal lands.

B. Signed child care placement agreements (including electronically signed child care placement agreements) must be returned by hand delivery, mail, email, fax, or electronic submission to the local child care office within 30 calendar days of issuance. Failure to comply may affect payment for services and the child care placement

agreement will be closed. The department will provide reasonable accommodations to allow a client or provider to meet this requirement.

C. Child care providers collect required co-payments from clients and provide child care according to the terms outlined in the child care placement agreement.

D. Notification of changes: Child care providers must notify the department if a child is disenrolled or child care has not been used for 14 consecutive calendar days without notice from the client.

(1) If the above notification was met, the provider will be paid through the 14th calendar day following the first date of nonattendance.

(2) If a provider does not notify the department of disenrollment or of non-use for 14 consecutive calendar days, the provider will be paid through the last date of attendance.

(3) If a child was withdrawn from a provider because the health, safety, or welfare of the child was at risk, as determined by a substantiated compliant against the child care provider, payment to the former provider will be made through the last day that care was provided.

(4) Providers who do not comply with this requirement are sanctioned and may be subject to recoupment or disallowance of payments as provided in 8.15.2.21 NMAC.

E. Child care providers accept the rate the department pays for child care and are not allowed to charge families receiving child care assistance above the department rate for the hours listed on the child care placement agreement. Failure to comply with this requirement may result in sanctions.

(1) Providers are not allowed to charge clients a registration/educational fee for any child who is receiving child care assistance benefits as listed under 8.15.2 NMAC. The rates set forth below are informed by a cost estimation model and include expenses for registration/educational fees per child and child and family activities on behalf of clients under 8.15.2 NMAC.

(2) In situations where an incidental cost may occur such as field trips, special lunches or other similar situations, the child care provider is allowed to charge the child care assistance family the additional cost, provided the cost does not exceed that charged to private pay families.

(3) Child care providers are allowed to charge child care assistance families the applicable gross receipts tax for the sum of the child care assistance benefit and co-payment.

F. Under emergency circumstances, when CYFD has reason to believe that the health, safety or welfare of a child is at risk, the department may immediately suspend or terminate assistance payments to a licensed or registered provider. The child care resource and referral will assist clients with choosing another CYFD approved provider.

G. Owners and licensees may not receive child care subsidy payments to provide care for their own children.

H. Providers who are found to have engaged in fraud relating to any state or federal programs, or who have pending charges for or convictions of any criminal charge related to financial practices will not be eligible to participate in the subsidy program.

I. Providers must promote the equal access of services for all children and families by developing and implementing policies and procedures that prohibit discrimination based on race, color, religion, sex (including pregnancy, sexual orientation, or gender identity), national origin, disability, or age (40 or older).

[8.15.2.15 NMAC - Rp, 8.15.2.15 NMAC, 10/1/2016; A, 10/1/2019; A, 3/1/2021; A/E, 7/1/2021; A, 1/1/2022]

8.15.2.16 DEPARTMENT RESPONSIBILITIES:

A. The department pays child care providers who provide child care services to department clients in a timely manner.

B. Child care assistance workers perform all casework functions in a timely manner, including the processing of payments and notifications of case actions.

C. Child care assistance workers will perform all eligibility and recertification determinations within 10 working days upon receipt of all required documentation from the client.

D. Child care assistance workers notify clients and providers in writing of all actions, which affect services, benefits, or provider payments or status, citing the applicable policy.

E. Child care assistance workers determine eligibility for all child care assistance programs except for TANF. Eligibility for TANF is determined by the New Mexico human services department.

F. Child care assistance workers must inform parents or legal guardians of their right to choose their child care providers and provide information on how to look for quality child care in a provider.

G. The department and other organizations approved by the department provide information and orientation programs regarding child care assistance benefits, quality

child care issues, and the impact of child care on the child's physical, mental, social and emotional development to parents or legal guardians and providers.

H. The department and other organizations approved by the department offers provider education programs consisting of training on program participation requirements, parent or legal guardian and provider responsibilities, licensing and registration requirements, payment issuance and background check processing, the competency areas for child care providers as outlined by the office of child development, or the department, the importance of providing quality child care, and other topics of interest to parents or legal guardians and providers. These education programs count toward the continuing education hours required of providers by registration and licensing regulations.

[8.15.2.16 NMAC - Rp, 8.15.2.16 NMAC, 10/1/2016; A/E, 9/18/2020; A, 3/1/2021]

8.15.2.17 PAYMENT FOR SERVICES:

The department pays child care providers on a monthly basis, according to standard practice for the child care industry. Payment is based upon the child's enrollment with the provider as reflected in the child care placement agreement, rather than daily attendance. As a result, most placements reflect a month of service provision and are paid on this basis. However, placements may be closed at any time during the month. A signed child care placement agreement must be returned to the department for payment to be issued to the provider. The following circumstances under which the department may close placements or discontinue payment at a time other than the end of the month:

A. When the child care placement agreement expires during the month, or when the provider requests that the client change providers or the provider discontinues services; payment will be made through the last day that care is provided.

B. Payment for notification of changes:

(1) If a client fails to notify the department within 14 calendar days of their expected last day of enrollment, the department will pay the provider 14 calendar days from the last day of nonattendance. The child care placement agreement with the new provider shall become effective when payment to the previous provider ceases.

(2) If the provider notifies the department of a child who is disenrolled or child care has not been used for 14 consecutive calendar days, the provider will be paid through the 14th calendar day following the last day of attendance.

(3) If a provider does not notify the department of disenrollment or of nonattendance for 14 consecutive calendar days, the provider will be paid through the last date of attendance.

(4) If a child was withdrawn from a provider because the health, safety, or welfare of the child was at risk, as determined by a substantiated compliant against the child care provider, payment to the former provider will be made through the last day that care was provided.

C. The rates set forth below are informed by a cost estimation model and include expenses for registration/educational fees per child and child and family activities on behalf of clients under 8.15.2 NMAC.

D. The amount of the payment is based upon the age of the child and average number of hours per week needed per child during the certification period. The number of hours of care needed is determined with the parent or legal guardian at the time of certification and is reflected in the provider agreement. Providers are paid according to the units of service needed which are reflected in the child care placement agreement covering the certification period.

E. The department pays for care based upon the following units of service:

Full time	Part time 1	Part time 2 (only for split custody or in cases where a child may have two providers)	Part time 3
Care provided for an average of 30 or more hours per week per month	Care provided for an average of 8-29 hours per week per month	Care provided for an average of 8-19 hours per week per month	Care provided for an average of 7 or less hours per week per month
Pay at 100% of full time rate	Pay at 75 % of full time rate	Pay at 50 % of full time rate	Pay at 25% of full time rate

F. Hours of care shall be rounded to the nearest whole number.

G. Monthly reimbursement rates:

Licensed child care centers			
Infant	Toddler	Pre-school	School-age
$ 880.00	$ 635.00	$ 575.00	$ 441.00
Licensed group homes (capacity: 7-12)			
Infant	Toddler	Pre-school	School-age
$ 855.00	$ 830.00	$ 680.00	$ 428.00
Licensed family homes (capacity: 6 or less)			
Infant	Toddler	Pre-school	School-age

$ 875.00	$ 850.00	$ 700.00	$ 412.00
Registered homes, in-home child care, and FFN			
Infant	Toddler	Pre-school	School-age
$ 350.00	$ 350.00	$ 350.00	$ 350.00

H. The department pays a differential rate according to the license or registration status of the provider, national accreditation status of the provider if applicable, and star level status of the provider if applicable. In the case of a public health emergency, the department secretary may approve a differential rate be paid to licensed providers.

I. Providers holding and maintaining CYFD approved national accreditation status will receive the differential rate listed in Subsection I below, per child per month for full time care above the base rate for type of child care (licensed center, group home or family home) and age of child. All providers who maintain CYFD approved national accreditation status will be paid at the accredited rates for the appropriate age group and type of care. In order to continue at this accredited reimbursement rate, a provider holding national accreditation status must meet and maintain licensing standards and maintain national accreditation status without a lapse. If a provider holding national accreditation status fails to maintain these requirements, this will result in the provider reimbursement reverting to a lower level of reimbursement.

(1) Providers who receive national accreditation on or before December 31, 2014 from an accrediting body that is no longer approved by CYFD will no longer have national accreditation status, but will remain eligible to receive an additional $150 per child per month for full time care above the base rate for type of child care (licensed center, group home or family home) and age of child until December 31, 2017.

(a) In order to continue at this reimbursement rate until December 31, 2017 a provider holding accreditation from accrediting bodies no longer approved by CYFD must maintain licensing standards and maintain accreditation without a lapse.

(b) If the provider fails to maintain their accreditation, the provider reimbursement will revert to the base reimbursement rate unless they have achieved a FOCUS star level or regain national accreditation status approved by CYFD.

(2) The licensee shall notify the licensing authority within 48 hours of any adverse action by the national accreditation body against the licensee's national accreditation status, including but not limited to expiration, suspension, termination, revocation, denial, nonrenewal, lapse or other action that could affect its national accreditation status. All providers are required to notify the department immediately when a change in accreditation status occurs.

J. The department will pay a differential rate per child per month for full time care above the base reimbursement rate to providers achieving higher Star levels by meeting FOCUS essential elements of quality as follows:

Licensed Child Care Centers			
2+ Star FOCUS			
Infant	Toddler	Pre-school	School-age
$100.00	$100.00	$100.00	$100.00
3 Star FOCUS			
Infant	Toddler	Pre-school	School-age
$100.00	$100.00	$100.00	$100.00
4 Star FOCUS			
Infant	Toddler	Pre-school	School-age
$335.00	$290.00	$250.00	$180.00
5 Star FOCUS or ECECD approved national accreditation			
Infant	Toddler	Pre-school	School-age
$640.00	$550.00	$350.00	$250.00

Licensed Family and Group Homes			
2+ Star FOCUS			
Infant	Toddler	Pre-school	School-age
$130.00	$130.00	$130.00	$100.00
3 Star FOCUS			
Infant	Toddler	Pre-school	School-age
$130.00	$130.00	$130.00	$100.00
4 Star FOCUS			
Infant	Toddler	Pre-school	School-age
$195.00	$195.00	$195.00	$180.00
5 Star FOCUS or ECECD approved national accreditation			
Infant	Toddler	Pre-school	School-age
$260.00	$260.00	$260.00	$250.00

K. In order to continue at the FOCUS reimbursement rates, a provider must meet and maintain the most recent FOCUS eligibility requirements and star level criteria. If the provider fails to meet the FOCUS eligibility requirements and star level criteria the provider reimbursement will revert to the FOCUS criteria level demonstrated.

L. The department pays a differential rate equivalent to five percent, ten percent or fifteen percent of the applicable full-time/part-time rate to providers who provide care during non-traditional hours. Non-traditional care will be paid according to the following charts:

	1-10 hrs/wk	11-20 hrs/wk	21 or more hrs/wk
After hours	5%	10%	15%

	1-10 hrs/wk	11-20 hrs/wk	21 or more hrs/wk

Weekend hours	5%	10%	15%

M. If a significant change occurs in the client's circumstances, (see Subsection F of 8.15.2.13 NMAC) the child care placement agreement may be modified and the rate of payment is adjusted. The department monitors attendance and reviews the placement at the end of the certification period when the child is re-certified.

N. The department may conduct provider, parent, or legal guardian, audits to assess that the approved service units are consistent with usage. Providers found to be defrauding the department are sanctioned. Providers must provide all relevant information requested by the department during an audit.

O. Payments are made to the provider for the period covered in the child care placement agreement or based on the availability of funds.

[8.15.2.17 NMAC - Rp, 8.15.2.17 NMAC, 10/1/2016; A, 10/1/2019, A/E, 03/16/2020; A, 8/11/2020; A, 3/1/2021; A/E, 7/1/2021; A, 1/1/2022]

8.15.2.18 UNDER PAYMENTS:

If a client or provider is underpaid for child care services, the department may issue a one-time payment within 15 calendar days of the department’s knowledge or receipt of notification. Notification of the department by the client or provider must occur within three months of the occurrence of alleged underpayment.

[8.15.2.18 NMAC - Rp, 8.15.2.18 NMAC, 10/1/2016; A, 3/1/2021]

8.15.2.19 OVER PAYMENT AND RECOUPMENT:

If a provider receives payment for services for which he/she is not entitled, or a client receives benefits on behalf of their child for which he/she is not entitled, and this results in an overpayment, the child care worker will initiate recoupment procedures unless the early childhood services director deems otherwise in exceptional circumstances. Recoupments will only be sought from providers. The department will not seek a recoupment from a client unless substantiated fraud by that client has been determined. The client or provider must repay the amount of the overpayment to the department within 30 calendar days of notification, unless the department determines that the amount is so large that it cannot be paid in one lump sum. In this case, the department may allow the client or provider to repay the amount over a payment period, negotiated between the client and the department, usually not to exceed four months. Failure to pay the overpayment within 30 days of the notice or failure to make regular payments under an agreed upon payment schedule may result in sanctions including termination of benefits or referral of the account to a collection agency or legal action.

[8.15.2.19 NMAC - Rp, 8.15.2.19 NMAC, 10/1/2016; A/E, 9/18/2020; A, 3/1/2021]

8.15.2.20 FRAUD:

The purposeful misrepresentation of facts relating to eligibility for benefits, or knowingly omitting information that affects eligibility is fraud and appropriate sanctions, including recoupment, termination of benefits, and referral to law enforcement, are initiated by the department. Fraudulent cases are reported to the department, which will take such action as is deemed necessary. The case remains open at the same rate of benefits until the investigation is concluded and disposition is determined. In cases where substantiated fraud has been determined, the department may disqualify a client or provider until their debt has been paid in full.

[8.15.2.20 NMAC - Rp, 8.15.2.20 NMAC, 10/1/2016; A, 3/1/2021]

8.15.2.21 SANCTIONS:

Sanctions may be imposed according to the severity of the infraction as determined by the department as detailed below.

A. Providers or clients who fail to make timely payments in the case of recoupment of overpayments may be referred to a collection agency.

B. The department may initiate the recoupment process against any provider who fail to report in a timely manner that a child has not been in attendance for 14 consecutive calendar days.

C. Providers who allow their registration or license to lapse without renewal will not be paid during the periods for which the license or registration is not current. Providers who lose national accreditation status or lose eligibility for payment at any level of reimbursement for failure to maintain the standards required to be paid at that level of reimbursement, will not be paid at that level of reimbursement beginning with the first day of the month during which the loss of accreditation or eligibility occurred. Payment recoupment will be sought for any period for which excessive benefits have been paid.

D. Clients who fail to pay co-payments may be disqualified until the co-payment is paid or until an agreement is made between the client and the provider to bring the co-payment current.

[8.15.2.21 NMAC - Rp, 8.15.2.21 NMAC, 10/01/2016; A, 3/1/2021; A, 1/1/2022]

8.15.2.22 FAIR HEARINGS:

Clients who have been denied benefits, whose benefits have been reduced, terminated, or who have been sanctioned or disqualified from the program, or providers who have been sanctioned, disqualified from the program, had assistance payments suspended or terminated, or from whom a payment recoupment is being sought may request a fair

hearing. The request for a fair hearing must be made in writing within 30 calendar days from the date the department took the adverse action affecting the claimant's benefits.

A. The department reviews the request for hearing and determines if the matter can be resolved without proceeding to a fair hearing. If the matter cannot be resolved without a fair hearing, the department conducts the fair hearing within 60 calendar days of receipt of the letter requesting the hearing and notifies the claimant of the date of the hearing no less than 14 calendar days prior to the hearing. The location of the hearing must be easily accessible to the claimant. Conducting the fair hearing by telephone is permitted. The claimant may request a change of date, provided that the 60 calendar day time limit is not exceeded.

B. The department appoints a hearing officer. The department is not responsible or liable for a claimant's travel costs, legal costs, or any other costs associated with the claimant's request for a fair hearing.

C. The hearing officer reviews all of the relevant information and makes a final decision within 30 calendar days of the hearing. The final decision is binding upon the department and claimant and implemented within 14 calendar days of the hearing decision. The claimant is notified in writing of the hearing officer's decision within 14 calendar days of the hearing decision.

D. At the claimant's option the case may remain open at the same benefit level until disposition. If the decision is in favor of the department, the claimant is responsible for repayment of all monies received to which the claimant was not entitled, unless the hearing decision provides otherwise or the early childhood services director authorizes otherwise in exceptional circumstances. The fair hearing process is not intended as a means to extend the time for receipt of child care assistance payments to which the recipient is not otherwise entitled, and therefore exceptional circumstances must be explicitly stated.

E. Child care assistance workers determine eligibility for all child care assistance programs except for TANF. Eligibility for TANF is determined by the New Mexico human services department. If TANF benefits are modified or terminated by HSD, then the client applies for a fair hearing to HSD.

[8.15.2.22 NMAC - Rp, 8.15.2.22 NMAC, 10/1/2016]

8.15.2.23 COMPLAINTS:

Clients or providers who are dissatisfied with the services provided by the department may express their complaints orally or in writing to the local field office, the central office, the director's office or the office of the department secretary. The department's toll free number is posted in each office and made available to clients and providers upon request. The local supervisor, bureau chief, director or secretary responds to

complaints by clients or providers orally or in writing as is deemed appropriate in each case.

[8.15.2.23 NMAC - Rp, 8.15.2.23 NMAC, 10/1/2016]

8.15.2.24 CO-PAYMENT SCHEDULE:

The department will develop and publish an annual co-payment schedule based on the federal poverty guidelines.

[8.15.2.24 NMAC - Rp, 8.15.2.24 NMAC, 10/1/2016]

8.15.2.25 CONFIDENTIALITY:

Client files are established and maintained solely for use in the administration of the child care assistance program. Information contained in the records is confidential and is released only in the following limited circumstances:

A. to the client upon request;

B. to an individual who has written authorization from the client;

C. to department employees and agents who need it in connection with program administration, including program auditors; or

D. to other agencies or individuals including law enforcement officers who satisfy the following conditions:

(1) agency or individual is involved in the administration of a federal or a federally-assisted program, which provides assistance in cash, in kind or in services directly to individuals on the basis of need;

(2) information is to be used for the purpose of establishing eligibility, determining amount of assistance or for providing services for applicants or recipients;

(3) agency or individual is subject to standards of confidentiality comparable to those contained herein; and

(4) agency or individual has actual or implied consent of the applicant or recipient to release the information; in an emergency, information may be released without permission, but the client must be informed of its release immediately thereafter; consent may be considered as implied if the client has made application to the inquiring agency for a benefit of service;

E. as requested in a subpoena or subpoena duces tecum.

[8.15.2.25 NMAC - Rp, 8.15.2.25 NMAC, 10/1/2016]

CHAPTER 16: CHILD CARE LICENSING

PART 1: GENERAL PROVISIONS [RESERVED]

PART 2: CHILD CARE CENTERS, OUT OF SCHOOL TIME PROGRAMS, FAMILY CHILD CARE HOMES, AND OTHER EARLY CARE AND EDUCATION PROGRAMS

8.16.2.1 ISSUING AGENCY:

Children, Youth and Families Department (CYFD).

[8.16.2.1 NMAC - Rp, 8.16.2.1 NMAC, 10/1/16]

8.16.2.2 SCOPE:

All child care centers, out of school time programs, family child care homes, and other early care and education programs within the state of New Mexico.

[8.16.2.2 NMAC - Rp, 8.16.2.2 NMAC, 10/1/16]

8.16.2.3 STATUTORY AUTHORITY:

The regulations set forth herein, which govern the licensing of facilities providing child care to children, have been promulgated by the secretary of the New Mexico children, youth and families department, by authority of the Children, Youth and Families Department Act, Section 9-2A-1 to 9-2A-16 NMSA 1978, and Sections 24-1-2 (D), 24-1-3 (I) and 24-1-5 of the Public Health Act, Sections 24-1-1 to 24-1-22, NMSA 1978, as amended.

[8.16.2.3 NMAC - Rp, 8.16.2.3 NMAC, 10/1/16]

8.16.2.4 DURATION:

Permanent.

[8.16.2.4 NMAC - Rp, 8.16.2.4 NMAC, 10/1/16]

8.16.2.5 EFFECTIVE DATE:

October 1, 2016, unless a later date is cited at the end of a section.

[8.16.2.5 NMAC - Rp, 8.16.2.5 NMAC, 10/1/16]

8.16.2.6 OBJECTIVE:

The objective of 8.16.2 NMAC is to establish standards and procedures for the licensing of facilities and educators who provide child care to children within New Mexico. These standards and procedures are intended to: establish minimum requirements for licensing facilities providing non-residential care to children in order to protect the health, safety, and development of the children; monitor facility compliance with these regulations through surveys to identify any areas that could be dangerous or harmful to the children or staff members; monitor and survey out of school time programs; and encourage the establishment and maintenance of child care centers, homes and facilities for children that provide a humane, safe, and developmentally appropriate environment. These regulations apply during all hours of operation for child care centers, homes and out of school time programs. The objective of 8.16.2 NMAC is also to establish standards and procedures that promote equal access to services and prohibit discrimination based on race, color, religion, sex (including pregnancy, sexual orientation, or gender identity), national origin, disability, or age (40 or older).

[8.16.2.6 NMAC - Rp, 8.16.2.6 NMAC, 10/1/2016; A, 1/1/2022]

8.16.2.7 DEFINITIONS:

A. Terms beginning with the letter "A":

(1) **"Abuse"** means any act or failure to act, performed intentionally, knowingly or recklessly, which causes or is likely to cause harm to a child, including:

(a) physical contact that harms or is likely to harm a child;

(b) inappropriate use of a physical restraint, isolation, medication or other means that harms or is likely to harm a child; and

(c) an unlawful act, a threat or menacing conduct directed toward a child that results or might be expected to result in fear or emotional or mental distress to a child.

(2) **"Activity area"** means space for children's activities where related equipment and materials are accessible to the children.

(3) **"Adult"** means a person who has a chronological age of 18 years or older.

(4) **"Assessment of children's progress"** means children's progress is assessed informally on a continuous basis using a series of brief anecdotal records (descriptions of the child's behavior or skills in given situations). Children's progress also can be assessed formally at least twice a year using a developmental checklist (checklist of behaviors that indicate physical, motor, language, cognitive, social and emotional development/progress).

(5) "Attended" means the physical presence of a staff member or educator supervising and actively engaging children under care. Merely being within eyesight or hearing of the children does not meet the intent of this definition (See Supervision, Paragraph 12 of Subsection S of 8.16.2.7 NMAC).

B. Terms beginning with the letter "B": [RESERVED]

C. Terms beginning with the letter "C":

(1) "Capacity" means the maximum number of children a licensed child care facility can care for at any one time.

(2) "Cease and desist letter" means a formal letter from the licensing authority outlining

any ongoing violation of applicable regulations and providing 24 to 72 hours, depending on the circumstances, to rectify the violation(s) before additional action, including suspension or revocation, is taken by the licensing authority. A cease and desist letter is usually issued when a provider violates applicable regulations, but there is not an immediate threat to the health and safety of children in care, and seeks to compel compliance before more serious action is taken. A cease and desist letter must provide the specific deadline to rectify the violation(s), 24 to 72 hours, and specify the subsequent action the licensing authority will take if the violation(s) is not corrected by that deadline.

(3) "Child" means a person who is under the chronological age of 18 years.

(4) "Child care center" means a facility required to be licensed under these regulations that provides care, services, and supervision for less than 24-hours a day to children. A child care center is in a non-residential setting and meets the applicable state and local building and safety codes.

(5) "Child with a disability or special needs" means a child with an identified disability, health, or mental health conditions requiring early intervention, special education services, or other specialized services and support; or children without identified conditions, but requiring specialized services, supports, or monitoring.

(6) "Class A deficiency" means any abuse or neglect of a child by a facility employee or volunteer for which the facility is responsible, which results in death or serious physical or psychological harm; or a violation or group of violations of applicable regulations, which results in death, serious physical harm, or serious psychological harm to a child.

(7) "Class B deficiency" means any abuse or neglect of a child by a facility employee or volunteer for which the facility is responsible; or a violation or group of

violations of applicable regulations which present a potential risk of injury or harm to any child.

(8) "Class C deficiency" means a violation or group of violations of applicable regulations as cited by surveyors from the licensing authority which have the potential to cause injury or harm to any child if the violation is not corrected.

(9) "Clean" means to physically remove all dirt and contamination.

(10) "Conditions of operation" means a written plan that applies to a licensed facility and is developed by the licensing authority when the licensing authority determines that provisions within these regulations have been violated. The plan addresses corrective actions that the licensee must take within a specified timeframe in order to come into compliance with licensing requirements. During this timeframe the licensing authority may increase its level of monitoring.

(11) "Core hours" means the daily hours of operation of the child care facility.

(12) "Corrective action plan" means the plan submitted by the licensee addressing how and when identified deficiencies will be corrected.

(13) "Curriculum" is what happens every day in the classroom and on the playground. It includes every aspect of the daily program. Curriculum derives from the program's mission statement, philosophy (which, in turn, is based on assumptions about young children's development and learning), and program goals and objectives. It includes how materials and equipment are used, activities that children and adults participate in, and interactions among children and between children and adults.

D. Terms beginning with the letter "D":

(1) "Deficiency" means a violation of these regulations.

(2) "Direct provider of care" means any individual who, as a result of employment or contractual service or volunteer service has direct care responsibilities or potential unsupervised physical access to any care recipient in the settings to which these regulations apply.

(3) "Director" means the person in charge of the day-to-day operation and program of a child care center.

(4) "Disinfect" means to destroy or inactivate most germs on any inanimate object, but not bacterial spores. Mix four tablespoons of bleach with one gallon of cool water or use an environmental protection agency (EPA) registered disinfectant.

(5) "Drop-in" means a child who attends a child care facility on an occasional or unscheduled basis.

E. Terms beginning with the letter "E":

(1) "Educator" means an adult who directly cares for, serves, and supervises children in a licensed child care facility. Educators are considered staff members.

(2) "Environment" means that the environment meets all required local, state, and federal regulations. It includes space (both indoors and outdoors) with appropriate equipment and materials that encourage children to engage in hands-on learning.

(3) "Exploitation" of a child consists of the act or process, performed intentionally, knowingly, or recklessly, of using a child's property for another person's profit, advantage or benefit without legal entitlement to do so.

(4) "Expulsion" means the involuntary termination of the enrollment of a child or family.

F. Terms beginning with the letter "F":

(1) "Facility" means any premises licensed under these regulations where children receive care, services, and supervision. A facility can be a center, home, program, or other site where children receive childcare.

(2) "Family child care home" means a private dwelling required to be licensed under these regulations that provides care, services and supervision for a period of less than 24 hours of any day for no more than six children. The licensee will reside in the home and be the primary educator.

(3) "FOCUS" is a voluntary tiered quality rating and improvement program that is open to all registered and licensed child care programs.

G. Terms beginning with the letter "G":

(1) "Group child care home" means a home required to be licensed pursuant to these regulations, which provides care, services, and supervision for at least seven but not more than 12 children. The licensee will reside in the home and be the primary educator.

(2) "Group size" is the number of children assigned to an educator or team of educators occupying an individual classroom or well-defined space within a larger room.

(3) "Guidance" means fostering a child's ability to become self-disciplined. Guidance shall be consistent and developmentally appropriate.

H. Terms beginning with the letter "H":

(1) "Home" means a private residence and its premises licensed under these regulations where children receive care, services, and supervision. The licensee will reside in the home and be the primary educator. A home will be considered a building or fixed dwelling that can be occupied for living purposes if it provides complete independent living facilities, including permanent provisions for plumbing and electricity. Special consideration will be made for homes on tribal lands.

(2) "Homeless children and youth" means individuals who lack a fixed, regular, and adequate nighttime residence, which includes:

(a) Children and youth who are temporarily sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks (excludes mobile homes), or camping ground due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals; or are awaiting foster care placement;

(b) children and youth who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;

(c) children and youth who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and

(d) migratory children who qualify as homeless for the purposes of this subtitle because the children are living in circumstances described in Paragraphs (1) through (3) of this Subsection.

I. Terms beginning with the letter "I": "Infant" means a child age six weeks to 12 months.

J. Terms beginning with the letter "J": [RESERVED]

K. Terms beginning with the letter "K": [RESERVED]

L. Terms beginning with the letter "L":

(1) "License" means a document issued by CYFD to a child care facility licensed and governed by these regulations and granting the legal right to operate for a specified period of time, not to exceed one year.

(2) "**Licensee"** means the person(s) who, or organization which, has ownership, leasehold, or similar interest in the child care facility and in whose name the license for the child care facility has been issued and who is legally responsible for compliance with these regulations.

(3) "Licensing authority" means the child care services bureau - licensing section of the early childhood services division of the New Mexico children, youth and families department which has been granted the responsibility for the administration and enforcement of these regulations by authority of Children, Youth and Families Department Act, Section 9-2A-1 to 9-2A-16 NMSA 1978, as amended.

M. Terms beginning with the letter "M":

(1) "Media" means the use of televisions, video games, and non-educational online streaming such as video and social media.

(2) "Mission statement" describes what the program aspires to do and whom the program aspires to serve.

N. Terms beginning with the letter "N":

(1) "National accreditation status" means the achievement and maintenance of accreditation status by an accrediting body that has been approved by CYFD. CYFD determines the program criteria and standards to evaluate and approve accrediting bodies.

(a) The following are the only national accrediting bodies that are approved by CYFD:

(i) the association of Christian schools international (ACSI);

(ii) the council on accreditation (COA) for early childhood education and after school programs;

(iii) the international Christian accrediting association (ICAA);

(iv) the national accreditation commission for early care and education programs (NAC);

(v) the national association for the education of young children (NAEYC) academy for early childhood program accreditation;

(vi) the national association of family child care (NAFCC); or

(vii) the national early childhood program accreditation (NECPA).

(b) Effective July 15, 2014 accrediting bodies that have been previously approved by CYFD that are not on the above list will no longer be CYFD approved national accrediting bodies.

(2) "Night care" means the care, services and supervision provided by a licensed child care facility to children between the hours of 10:00 p.m. to 6:00 a.m.

(3) "Neglect" means the failure to provide the common necessities including but not limited to: food, shelter, a safe environment, education, emotional well-being and healthcare that may result in harm to the child.

(4) "Notice of provisional employment" means a written notice issued to a child care center or home applicant indicating the Background Check Unit reviewed the applicant's fingerprint based federal or New Mexico criminal record and made a determination that the applicant may begin employment under direct physical supervision until receiving background eligibility. A notice may also indicate the applicant must receive a complete background eligibility prior to beginning employment.

(5) "Notifiable diseases" means confirmed or suspected diseases/conditions as itemized by the New Mexico department of health which require immediate reporting to the office of epidemiology which include but are not limited to: measles, pertussis, food borne illness, hepatitis and acquired immune deficiency syndrome.

O. Terms beginning with the letter "O":

(1) "Orientation" means a process by which the employer informs each new employee, volunteer and substitute, in advance of assuming their duties, of the mission, philosophy, policies, and procedures of the program, including clear direction about performance expectations.

(2) "Out of school time program" means a school age program at a specific site, usually a school or community center, offering on a consistent basis a variety of developmentally appropriate activities that are both educational and recreational.

P. Terms beginning with the letter "P":

(1) "Pacifier" means a rubber or plastic device, often shaped into a nipple, for an infant to suck or bite.

(2) "Parent handbook" is a written communication tool that provides valuable information to

families of the children the program serves. It includes all matters of relevance to family members regarding the program and is updated annually, or as needed.

(3) "Pest" means any living organism declared a pest pursuant to the Pesticide Control Act.

(4) "Pesticide" means any chemical substance or mixture of substances intended for preventing, destroying, repelling or mitigating any pest.

(5) "Philosophy statement" describes how the program's mission will be carried out. It reflects the values, beliefs, and convictions of the program about how young children learn and describes the components of the program that contribute to that learning. It provides the program's perspective on early care and education and the nature of how children learn. The program's philosophy is implemented through the curriculum.

(6) "Policy" is a written directive that guides decision-making. Policies form the basis for authoritative action.

(7) "Premises" means all parts of the buildings, grounds, and equipment of a child care facility licensed pursuant to these regulations.

(8) "Procedure" is a series of steps to be followed, usually in a specific order, to implement policies.

(9) "Professional development" is an on-going plan for continued professional development for each educator, including the director.

(10) "Program administrator" means the person responsible for planning or implementing the care of children in the program. This includes but is not limited to making contact with parents, keeping appropriate records, observing and evaluating the child's development, supervising staff members and volunteers, and working cooperatively with the site director and other staff members toward achieving program goals and objectives. This definition applies to out of school time programs only.

(11) "Punishment" means the touching of a child's body with the intent of inducing pain. This includes but is not limited to pinching, shaking, spanking, hair or ear pulling. It also includes any action which is intended to induce fear, shame or other emotional discomfort.

Q. Terms beginning with the letter "Q": [RESERVED]

R. Terms beginning with the letter "R":

(1) "Ratio" is the maximum number of children one educator can be responsible for.

(2) "Requirements" means the criteria and regulations developed by children, youth and families department in 8.16.2 NMAC; to set minimum standards of care, education and safety for the protection and enhancement of the well-being of children receiving care, services or supervision.

(3) "Restriction" means to control enrollment, service type, capacity, activities, or hours of operation.

(4) "Revocation" means the act of making a license null and void through its cancellation.

S. Terms beginning with the letter "S":

(1) "Sanction" means a measure imposed by the licensing authority for a violation(s) of these standards.

(2) "Sanitize" means to reduce germs on inanimate surfaces to levels considered safe by public health codes or regulations. Mix one and one half teaspoons of bleach with one gallon of cool water or use an EPA registered sanitizer.

(3) "Serious injury" means the death of a child or accident, illness, or injury that requires treatment by a medical professional or hospitalization.

(4) "School-age" means a child in care who is age five to 18 years.

(5) "Staff evaluation" means that each staff member is evaluated by the director, using criteria from the individual's job description. The individual being evaluated knows ahead of time the criteria and procedures (which may include self-evaluation) for which they are being evaluated. The director discusses evaluation results with each staff member, and results are considered when determining salary increments and are incorporated into the individual's professional development plan.

(6) "Staff member" means any person, including educators, who are employed by the licensee and who are present at any time when children are present.

(7) "Substitute" means an adult who directly cares for, serves, and supervises children in a licensed child care facility, who works in place of the regular educator, and who works less than an average of 40 hours per month in a six month period.

(8) "Suspension" means a temporary cancellation of a license pending an appeal hearing or correction of deficiencies.

(9) "Site director" means the person at the site having responsibility for program administration and supervision of an out of school time program. This definition applies to out of school time programs only.

(10) "Star level" means a license indicating the level of quality of an early childhood program. A greater number of stars indicates a higher level of quality.

(11) "Substantiated complaint" means a complaint determined to be factual, based on an investigation of events.

(12) "Supervision" means the direct observation and guidance of children at all times and requires being physically present with them. The only exception is school-age children who will have privacy in the use of bathrooms.

(13) "Survey" means a representative of the licensing authority enters a child care facility, observes activity, examines the records and premises, interviews parents and staff members and records deficiencies.

T. Terms beginning with the letter "T": "Toddler" means a child age 12 months to 24 months.

U. Terms beginning with the letter "U":

(1) "U/L" means the underwriters laboratory, which is a standards organization which tests electrical and gas appliances for safety.

(2) "Unattended" means an educator is not physically present with a child or children under care.

(3) "Unsubstantiated complaint" means a complaint not determined to be factual based on an investigation of events.

V. Terms beginning with the letter "V":

(1) "Variance" means an allowance granted by the licensing authority to permit non-compliance with a specified regulation for the period of licensure. The granting of variances is at the sole discretion of the licensing authority.

(2) "Volunteer" means any person who is not employed by the child care facility, spends six hours or less per week at the facility, is under direct physical supervision and is not counted in the facility ratio. Anyone not fitting this description must meet all requirements for staff members or educator.

W. Terms beginning with the letter "W": "Waiver " means an allowance granted by the licensing authority to permit non-compliance with a specified regulation for a specified, limited period of time. The granting of waivers is at the sole discretion of the licensing authority.

[8.16.2.7 NMAC - Rp, 8.16.2.7 NMAC, 10/1/2016, A, 10/1/2019; AE, 7/1/2021; A, 1/1/2022]

8.16.2.8 RELATED REGULATIONS AND CODES:

Facilities subject to these regulations are also subject to the current versions of the following regulations and codes:

A. New Mexico health department regulations, control of disease and conditions of public health significance, 7.4.3 NMAC.

B. New Mexico health department regulations, control of communicable disease in health facility personnel, 7.4.4 NMAC.

[8.16.2.8 NMAC - Rp, 8.16.2.8 NMAC, 10/1/16]

8.16.2.9 APPLICATION:

These regulations apply to public or private facilities and homes that provide care, education, services, and supervision to children less than 24 hours of any day, come within the statutory definition of "health facilities" set out in Subsection D of Section 24-1-2 of the Public Health Act, Section 24-1-1 to 24-1-22 NMSA 1978 as amended, and are required to be licensed by the licensing authority. These regulations do not apply to any of the following.

A. Facilities providing child care for 24 hours on a continuous basis. Such facilities are covered by other regulations promulgated by the children, youth and families department that are available upon request from the licensing authority.

B. Child care facilities operated by the federal government or a tribal government.

C. Child care facilities operated by a public school system and governed by the local school board.

D. Private schools accredited or recognized by the New Mexico department of education, operated for educational purposes only for children age five years or older.

E. Child care facilities provided exclusively for children of parents who are simultaneously present in the same premises.

F. Summer religious schools held on a church, religious building or house of worship premises.

G. Summer camps, wilderness camps, and programs operated for recreational purposes only by recognized organizations such as churches, schools, and the boy and girl scouts, provided such camps and programs are not conducted in private residences.

H. Any individual who in their own home provides care, services and supervision to four or fewer nonresident children.

I. Parent’s day out programs held in a church, religious building or house of worship, or public building operating for no more than eight hours per week and no more than four hours on any given day. The program will be staffed by parents

participating in the program, or by others who are members of the church or public affiliation.

[8.16.2.9 NMAC - Rp, 8.16.2.9 NMAC, 10/1/16]

8.16.2.10 LICENSING AUTHORITY (ADMINISTRATION AND ENFORCEMENT RESPONSIBILITY):

The child care services bureau, licensing section, of the early childhood services division of the New Mexico children, youth and families department, hereafter called the licensing authority, has been granted the responsibility for the administration and enforcement of these regulations by authority of Children, Youth and Families Department Act, Section 9-2A-1 to 9-2A-16, NMSA 1978, as amended.

[8.16.2.10 NMAC - Rp, 8.16.2.10 NMAC, 10/1/16]

8.16.2.11 LICENSING:

A. TYPES OF LICENSES:

(1) ANNUAL LICENSE: An annual license is issued for a one-year period to a child care facility that has met all requirements of these regulations.

(a) 1-star level requires meeting and maintaining licensing requirements at all times, except for the requirements outlined in the following items: Items (i), (ii) and (iii) of Subparagraph (a) of Paragraph (1) of Subsection A of 8.16.2.11 NMAC. 1-star level is designated for programs not receiving child care subsidy. All 1-star educators receiving subsidy and licensed at the time of publication of these rules shall have until July 1, 2012 to meet 2-star requirements included in the following sections of these regulations:

(i) for centers: Paragraph (16) of Subsection G of 8.16.2.22 NMAC, Paragraphs (5) through (9) of Subsection G of 8.16.2.24 NMAC, and Subsection H of 8.16.2.24 NMAC;

(ii) for licensed family and group child care homes: Paragraph (4) of Subsection E of 8.16.2.32 NMAC, Paragraph (14) of Subsection F of 8.16.2.32 NMAC, Paragraphs (4) through (8) of Subsection G of 8.16.2.34 NMAC, and Subsection H of 8.16.2.34 NMAC;

(iii) for licensed out of school time programs: Subparagraph (k) of Paragraph (1) of Subsection E of 8.16.2.41 NMAC, Paragraph (14) of Subsection F of 8.16.2.41 NMAC, Paragraphs (5) through (9) of Subsection B of 8.16.2.43 NMAC and Subsection C of 8.16.2.43 NMAC.

(b) 2-star level requires meeting and maintaining licensing requirements at all times.

(c) 2+ star level is voluntary and requires meeting and maintaining licensing requirements as well as meeting the most recent FOCUS eligibility requirements and 2+ star criteria.

(d) 3-star level is voluntary and requires meeting and maintaining licensing requirements and FOCUS level 3 quality criteria at all times.

(e) 4-star level is voluntary and requires meeting and maintaining licensing requirements and FOCUS levels 3 and 4 quality criteria at all times.

(f) 5-star level is voluntary and requires meeting and maintaining licensing requirements, FOCUS levels 3, 4 and 5 quality criteria at all times and maintaining CYFD approved national accreditation status.

(2) TEMPORARY LICENSE: The licensing authority will, at its discretion, issue a temporary license when it finds the child care facility in partial compliance with these regulations.

(a) A temporary license can, at the discretion of the licensing authority, be issued for up to 120 days, during which time the child care facility will correct all specified deficiencies.

(b) The licensing authority will not issue more than two consecutive temporary licenses.

(c) After a second temporary license has been issued, a new application and the required application fee must be submitted within 30 days in order to renew the license for the remainder of that one year period.

(3) AMENDED LICENSE: A child care facility will submit a new notarized application to the licensing authority before modifying information required to be stated on the license. Examples of such modifications include dates, capacity, director and number of stars.

(a) A child care facility will apply to the licensing authority for an amended license in order to change the director. The child care facility must notify the licensing authority within 24 hours after the child care facility becomes aware of the need to name a new director, submit an application (fee $20) and, if necessary, appoint a temporary acting director with the minimum requirements of a high school diploma or GED and three years of experience. The temporary acting director's appointment is valid for 90 days.

(b) A notarized application must be submitted for a change of capacity (fee $20). Application for an increase or decrease of capacity will not be approved nor an amended license issued until an on-site visit has been made by the licensing authority to determine that the child care facility meets all applicable codes and regulations. A child care facility must not accept additional children or change the layout of the child care facility until the licensing authority has approved and issued the amended license.

(c) A child care facility will apply to the licensing authority for an amended license in order to change the number of stars. An application for a different star level will not be approved nor an amended license issued until on-site visits have been made and it has been determined that the child care facility meets all applicable criteria.

(4) PROVISIONAL 2-STAR LICENSE: Newly licensed programs receiving child care subsidy will be given a provisional 2-star license for up to three months, pending observation by the licensing authority of the interactions between teachers and children in the classrooms.

(5) MILITARY LICENSE:

(a) Centers on military installations are governed and inspected by the United States department of defense (DoD) and obtain national accreditations. Therefore, such centers do not require an inspection by the New Mexico licensing authority.

(b) In order to participate in the child care assistance program, providers licensed by the DoD must submit the following:

(i) Licensing application

(ii) Annual submission of a letter or memo detailing the approved DoD background clearance status for the director and all staff members in accordance with 8.8.3 NMAC, to include the individual's name, date of birth, and home address;

(iii) DoD annual certification;

(iv) DoD approved accreditation, if applicable; and

(v) W-9 form and supporting documentation, if applicable.

B. RENEWAL OF LICENSE:

(1) A licensee will submit a notarized renewal application, indicating the number of stars requested, on forms provided by the licensing authority, along with the required fee, at least 30 days before expiration of the current license. CYFD-approved nationally accredited centers, homes and out of school time programs will submit copies of their current accreditation certificates along with their renewal application.

Applications postmarked less than 30 days prior to the expiration date will be considered late and a $25 late fee must be submitted with the renewal fee.

(2) All licensed facilities must maintain an original background check eligibility letter for all current employees and applicable volunteers, including a signed statement annually by each staff person certifying that they would or would not be disqualified as a direct provider of care under the most current version of the background checks and employment history verification provisions pursuant to 8.8.3 NMAC. This will include all adults and teenage children living in a family child care or group child care home operated in a private residence. The teenage child's guardian shall sign the annual statement on behalf of the teenage child.

(3) Upon receipt of a notarized renewal application, the required fee and the completion of an on-site survey, the licensing authority will issue a new license effective the day following the date of expiration of the current license, if the child care facility is in compliance with these regulations.

(4) If a licensee fails to submit a notarized renewal application with the required fee before the current license expires, the licensing authority may require the agency to cease operations until all licensing requirements are completed.

C. POSTING OF LICENSE: A child care facility will post the license on the licensed premises in an area readily visible to parents, staff members, and visitors.

D. NON-TRANSFERABLE RESTRICTIONS OF LICENSE: A licensee will not transfer a license by assignment or otherwise to any other person or location. The license will be void and the licensee will return it to the licensing authority when:

(1) the owner of the child care facility changes;

(2) the child care facility moves;

(3) the licensee of the child care facility changes; or

(4) the child care facility closes.

E. AUTOMATIC EXPIRATION OF LICENSE: A license will expire automatically at midnight on the expiration date noted on the license unless earlier suspended or revoked, or:

(1) on the day a child care facility closes;

(2) on the day a child care facility is sold, leased, or otherwise changes ownership or licensee;

(3) on the day a child care facility moves.

F. ACCREDITED PROGRAMS: Accredited programs must meet and maintain all licensing standards and their CYFD-approved national accreditation without a lapse in order to be designated as a 5-star facility. The licensing authority may, at its option, notify the program's accrediting body of the program's failure to meet and maintain licensing standards.

[8.16.2.11 NMAC - Rp, 8.16.2.11 NMAC, 10/1/2016; AE, 7/1/2021; A, 1/1/2022]

8.16.2.12 LICENSING ACTIONS AND ADMINISTRATIVE APPEALS:

A. The licensing authority may revoke, suspend, or restrict a license, reduce star status, deny an initial or renewal license application, impose monetary sanctions pursuant to 7.1.8 NMAC, put in place conditions of operation, issue a cease and desist letter, impose other sanctions or requirements against a licensee, or reduce to a base level of child care assistance reimbursement a licensee who is in receipt of a higher than base level of child care assistance reimbursement, for any of the following reasons:

(1) violation of any provision of these regulations, especially when the licensing authority has reason to believe that the health, safety or welfare of a child is at risk, or has reason to believe that the licensee cannot reasonably safeguard the health and safety of children;

(2) failure to allow access to the licensed premises by authorized representatives of the licensing authority;

(3) misrepresentation or falsification of any information on an application form or any other form or record required by the licensing authority;

(4) allowing any person to be active in the child care facility who is or would be disqualified as a direct provider of care under the most current version of the background checks and employment history verification provisions pursuant to 8.8.3 NMAC; this will include all adults and teenaged children living in a family child care or group child care home operated in a private residence whether or not they are active in the child care operation;

(5) failure to timely obtain required background checks;

(6) failure to properly protect the health, safety and welfare of children due to impaired health or conduct or hiring or continuing to employ any person whose health or conduct impairs the person's ability to properly protect the health, safety, and welfare of the children;

(7) allowing the number of children in the child care facility to exceed its licensed capacity;

(8) substantiated abuse or neglect of children by an educator, staff member, volunteer, or household member as determined by CYFD or a law enforcement agency;

(9) failure to comply with provisions of the other related regulations listed in these regulations;

(10) discovery of repeat violations of the regulations or failure to correct deficiencies of survey findings in current or past contiguous or noncontiguous licensure periods;

(11) discovery of prior revocations or suspensions that may be considered when reviewing a facility's application for licensure or license renewal;

(12) loss of accreditation, regardless of reason, will result in a reduction in star status;

(13) possessing or knowingly permitting non-prescription controlled substances or illegal drugs to be present or sold on the premises at any time, regardless of whether children are present;

(14) making false statements or representations to the licensing authority with the intent to deceive, which the licensee knows, or should know to be false; or

(15) background clearance suspension or denial.

B. Commencement of a children, youth and families department or law enforcement investigation may be grounds for immediate suspension of licensure pending the outcome of the investigation. Upon receipt of the final results of the investigation, the department my take such further action as is supported by the investigation results.

C. A suspension, revocation, or conditions of operations imposed pursuant to Part A of this Section may take effect immediately if in the discretion of the department that the health, safety or welfare of a child is at risk, or has reason to believe that the caregiver cannot reasonably safeguard the health and safety of children.

D. The children, youth and families department notifies the licensee in writing of any action taken or contemplated against the license/licensee. The notification shall include the reasons for the department's action.

E. The licensee may obtain administrative review of any action taken or contemplated against the license/licensee.

F. The administrative review shall be conducted by a hearing officer appointed by the department's secretary.

G. If the action is to take effect immediately, the department affords the licensee the opportunity for an administrative appeal within five working days. If the license is suspended pending the results of an investigation, the licensee may elect to postpone the hearing until the investigation has been completed.

H. If after the imposition of an immediate suspension the department takes additional actions including additional suspension, revocation, or conditions of operations, the immediate action will stay in effect until the following action goes into effect or an appeal of the following action is concluded and the action is either upheld or overturned.

I. If the contemplated action does not take immediate effect, and the licensee is given advance notice of the contemplated action, the licensee is allowed 10 working days from date of notice to request an administrative appeal.

J. In circumstances in which Public Health Act, Subsection N of Section 24-1-5 NMSA 1978 (2005) may apply, and in which other provisions of this regulation are not adequate to protect children from imminent danger of abuse or neglect while in the care of a licensee, the provisions of Subsection N of Section 24-1-5 shall apply as follows.

(1) The department shall consult with the owner or operator of the child care facility.

(2) Upon a finding of probable cause, the department shall give the owner or operator notice of its intent to suspend operation of the child care facility and provide an opportunity for a hearing to be held within three working days, unless waived by the owner or operator.

(3) Within seven working days from the day of notice, the secretary shall make a decision, and, if it is determined that any child is in imminent danger of abuse or neglect in the child care facility, the secretary may suspend operation of the child care facility for a period not in excess of 15 days.

(4) Prior to the date of the hearing, the department shall make a reasonable effort to notify the parents of children in the child care facility of the notice and opportunity for hearing given to the owner or operator.

(5) No later than the conclusion of the 15 day period, the department shall determine whether other action is warranted under this regulation.

(6) Nothing in Subsection J of 8.16.2.12 NMAC shall be construed to require licensure that is not otherwise required in this regulation.

K. The licensing authority may require a direct provider of care to undergo an additional background check if information shows any of the following:

(1) that the direct provider of care has pending charges for any criminal offense;

(2) that the direct provider of care has a pending or substantiated CYFD protective services or juvenile justice service referral;

(3) that the direct provider of care has any criminal history or history of a referral to CYFD protective services or juvenile justice services discovered after the most recent background check; or

(4) that the direct provider of care is the subject of an allegation of abuse and neglect in any licensed facility.

L. There shall be no right to administrative review for reduction in star level resulting from loss of, or failure to maintain, national accreditation status. The licensee shall be bound by the rules, regulations, policies and procedures implemented by the national accreditation body that governs its accreditation process.

M. There shall be no right to an appeal or administrative review when the licensing authority issues a cease and desist letter; provided, however, that the licensee shall have the right to an appeal or administrative review of any subsequent action taken by the licensing authority as set forth herein.

N. The licensee shall notify the licensing authority within 48 hours of any adverse action by the national accreditation body against the licensee's national accreditation status, including but not limited to expiration, suspension, termination, revocation, denial, nonrenewal, lapse or other action that could affect its national accreditation status. The licensing authority shall reduce the star level of a provider granted national accreditation status by the department to star level 2 until the licensee regains national accreditation status, or until the facility can be verified at a level higher than star level 2. If a provider holding accreditation from an accrediting body no longer approved by CYFD fails to maintain these requirements, this will result in the provider reimbursement reverting to the base reimbursement rate. The provider may increase their star level only by meeting FOCUS criteria or by attaining CYFD approved national accreditation status. Child care subsidies shall be adjusted to correspond with any reductions or increases to star level.

[8.16.2.12 NMAC - Rp, 8.16.2.12 NMAC, 10/1/2016; A, 1/1/2022]

8.16.2.13 CIVIL MONETARY PENALTIES:

A. The following factors shall be considered by the licensing authority when determining whether to impose civil monetary penalties:

(1) death or serious injury to a child;

(2) abuse, neglect or exploitation of a child;

(3) regulatory violations which immediately jeopardize the health and safety of a child;

(4) numerous violations, which combined, jeopardize the health and safety of a child;

(5) repetitive violations of the same nature found during two or more consecutive on-site visits or surveys of a child care facility;

(6) failure of a child care facility to correct violations found during previous surveys or visits;

(7) intentional misrepresentation regarding condition of the facility;

(8) effect of a civil monetary penalty on financial viability of the facility; or

(9) extenuating circumstances, which allow the licensing authority greater discretion to consider both mitigating and exacerbating circumstances not specifically defined.

B. An initial base penalty amount is assessed when a civil monetary penalty is imposed. The base penalty amount is calculated at the rate of the most serious deficiency. For example, the base penalty amount is assessed at the rate applicable to a class A deficiency when the survey or investigation results in citation of regulatory violations comprising class A, class B, and class C deficiencies, because the most serious regulatory violation is the class A deficiency. The base penalty is assessed once for the deficiencies cited by the licensing authority during any particular survey or investigation.

C. The licensing authority has the discretion to impose an initial base penalty at any amount within the range for each deficiency level.

(1) Class A deficiency: not less than $500 and not greater than $5,000.

(2) Class B deficiency: not less than $300 and not greater than $3,000.

(3) Class C deficiency: not less than $100 and not greater than $500.

[8.16.2.13 NMAC - Rp, 8.16.2.13 NMAC, 10/1/16]

8.16.2.14 WAIVERS:

A. Programs, facilities or homes licensed under these regulations may request a waiver from any of the requirements of these regulations by applying, in writing, to the

licensing authority for a waiver. The request should identify the regulatory requirement for which a waiver is requested, the reason for the waiver, and any action proposed to meet the intent of the regulation.

B. Requests for waivers that involve construction of any type on a current licensed premise must be reviewed and approved by the licensing authority prior to the initiation of the construction.

C. Requests for waivers will be reviewed and approved or denied within 30 calendar days of receipt by the licensing authority.

D. Requests for waivers may include temporary operating standards following a CYFD recognized disaster.

[8.16.2.14 NMAC - Rp, 8.16.2.14 NMAC, 10/1/16]

8.16.2.15 VARIANCES - CURRENTLY LICENSED FACILITIES:

A. If a child care facility licensed on the date these regulations are promulgated provides the services prescribed but fails to meet all building requirements, the licensing authority will grant a variance, provided that the variances granted:

(1) will not create a hazard to the health, safety, or welfare of children and staff members; and

(2) is for building requirements that cannot be corrected without an unreasonable expense to the child care facility.

B. Variances granted will continue in force as long as the child care facility continues to provide services pursuant to these regulations and will not violate the criteria of Subsection A of this section.

C. The licensing authority will grant a variance for those requirements contained in 8.16.2.8 NMAC related regulations and codes if the licensee provides written documentation from the relevant authority identified in these regulations that the licensee complies with those requirements or has been granted a waiver or variance from them.

[8.16.2.15 NMAC - Rp, 8.16.2.15 NMAC, 10/1/16]

8.16.2.16 VARIANCES - NEW CHILD CARE FACILITY:

A new child care facility may be located in an existing building or a newly constructed building.

A. If opened in an existing building, the licensing authority may grant a variance for those building requirements the child care facility cannot meet provided any variance is not in conflict with existing building and fire codes.

B. A new child care facility opened in a newly constructed building will meet all requirements of these regulations.

C. The licensing authority will make all variances granted a permanent part of the child care facility file.

D. The licensing authority may grant a variance for those requirements contained in 8.16.2.8 NMAC related regulations and codes if the licensee provides written documentation from the relevant authority identified in these regulations that the licensee complies with those requirements or has been granted a waiver or variance from them.

[8.16.2.16 NMAC - Rp, 8.16.2.16 NMAC, 10/1/16]

8.16.2.17 SURVEYS FOR CHILD CARE FACILITIES:

A. The licensing authority will conduct a survey at least twice a year in each child care facility using these regulations as criteria. The licensing authority will conduct additional surveys or visit the child care facility additional times to provide technical assistance, to check progress on correction of deficiencies found on previous surveys, or to investigate complaints.

B. Upon the completion of a survey, the licensing authority will discuss the findings with the licensee or their representative and will provide the child care facility with an official written report of the findings and a request for a plan or plans of correction, if appropriate.

C. The licensee, director, or operator, will submit within 10 working days after the date of the survey, a corrective action plan to the licensing authority for deficiencies found during the survey. The corrective action plan will be specific on how and when the child care facility will correct the deficiency or deficiencies.

D. The licensing authority may accept the corrective action plan as written or require modifications of the plan.

E. By applying for either a new license or a license renewal, the licensee grants the licensing authority representative the right to enter the premises and survey the child care facility, including inspection and copying of child care facility records, both while the application is being processed and, if licensed, at any time during the licensure period.

F. The licensing authority may or may not announce a survey. The licensee must grant immediate access upon the licensing authority's arrival. At all times, a person who is knowledgeable in the daily operations, has access to all records and locked areas, and can represent the licensee or director for survey purposes will be present in the child care facility.

G. If a facility has video cameras on the premises that has recording capabilities, footage must be accessible to the licensing authority upon request.

[8.16.2.17 NMAC - Rp, 8.16.2.17 NMAC, 10/1/2016; A, 1/1/2022]

8.16.2.18 COMPLAINTS:

A. The licensing authority will process any complaint regarding any child care facility licensed or required to be licensed under these regulations. The investigatory authority of the licensing authority is limited to matters pertaining to these regulations.

B. A licensing authority representative receiving complaints will ask complainants to identify themselves and provide all information necessary to document the complaint.

C. The licensing authority will investigate any complaint in which the health, safety, or welfare of a child could be in danger. The complaint will be reviewed and prioritized immediately according to the nature and severity of the complaint. The licensing authority follows established protocols and procedures for prioritizing, tracking, initiating and reporting of complaints and complaint investigations. Complaints will be investigated in a timely manner as follows.

(1) Priority 1 complaints: investigation will be initiated within 24 hours.

(2) Priority 2 complaints: investigation will be initiated within three working days.

(3) Priority 3 complaints: investigation will be initiated within five working days.

(4) Initiation timeframes for investigations may be shortened based on the severity and nature of the complaint, but timeframes may not be extended.

D. The licensee shall cooperate in good faith with any investigation by the licensing authority. Obstruction of an investigation may subject the licensee to sanctions, up to revocation.

E. Action by the licensing authority:

(1) The licensing authority will provide a written letter on the results of the investigation to both the licensee of the child care facility that is the subject of the complaint and the complainant.

(2) If the licensing authority finds the complaint is unsubstantiated, it will be so designated and the licensing authority will take no further action.

(3) If the licensing authority finds that a complaint is substantiated, it will make the complaint part of the licensing authority's file on the child care facility. The following additional actions will, at the discretion of the licensing authority, be taken:

(a) the licensing authority will require the child care facility to submit and comply with a written corrective action plan; or

(b) the licensing authority will sanction the child care facility administratively including, without limitation, suspension, revocation, or restriction of a license; or

(c) the licensing authority will file criminal charges or pursue civil remedies.

F. The licensing authority will report all cases of suspected child abuse and neglect to both children's protective services and the local law enforcement agency.

[8.16.2.18 NMAC - Rp, 8.16.2.18 NMAC, 10/1/16]

8.16.2.19 BACKGROUND CHECKS:

Background checks will be conducted in accordance with the most current regulations related to background checks and employment history verification provisions as promulgated by the children, youth and families department pursuant to 8.8.3 NMAC. All licensed child care facilities must adhere to these provisions to maintain their licensing status. Prior to a staff member's employment, a staff member must receive a notice of provisional employment or obtain a background check in accordance with 8.8.3 NMAC. A background check must be conducted in accordance with 8.8.3 NMAC on all required individuals at least once every five years from the original date of eligibility regardless of the date of hire or transfer of eligibility. A direct provider of care may request a transfer of background check eligibility if:

A. the staff member was found eligible as a direct provider of care in a child care center,

licensed child care, home licensed group home, or registered home within the past five years and has not been separated from employment for more than 180 days; and

B. submits an application for transfer and is found eligible pursuant to 8.8.3.11 NMAC.

[8.16.2.19 NMAC - Rp 8.16.2.19 NMAC, 10/1/16, A, 10/01/19]

8.16.2.20 CHILD CARE CENTER REGULATIONS:

A. APPLICABILITY TO CHILD CARE CENTERS: A center required to be licensed under regulations in 8.16.2.21 NMAC through 8.16.2.29 NMAC is one that provides care, education, services and supervision to children for less than 24 hours a day to children in a non-residential setting, and is not exempted from regulation under any of the exceptions listed in 8.16.2.9 NMAC.

B. NEW OR INNOVATIVE PROGRAMS FOR PROVIDING CHILD CARE TO CHILDREN: A new or innovative service for child care that is typically not governed by these regulations will be licensed if there is a substantiated need for the service and if it meets all requirements outlined in Paragraphs (1), (2) and (3) of Subsection C. New or innovative programs shall adhere to all basic licensing standards regulations except that the licensing authority may grant waiver(s) to the extent necessary to accommodate new and innovative services which may conflict with any regulations pertaining to curriculum and environment.

C. SPECIAL REQUIREMENTS FOR NEW OR INNOVATIVE CHILD CARE CENTERS: Applicants for new or innovative child-care services that do not fit under these regulations will submit a proposal to the licensing authority for review and approval. Applications shall be presented to the department for review. The proposal will include:

(1) an explanation of any special needs or modifications for the children who will be receiving these services;

(2) identification of those portions of the proposed program that would conflict with these regulations; and

(3) statement of how the proposed center will modify or provide alternative measures, policies and procedures that meet the intent of these regulations.

D. SPECIAL REQUIREMENTS FOR CENTERS LOCATED ON OR NEAR THE PREMISES OF CORRECTIONAL FACILITIES: Applicants for centers located on or near correctional facilities will submit a proposal to the licensing authority for review and approval. The proposal will include:

(1) an explanation of security modifications that are deemed necessary to ensure the safety of the staff, parents, and children using the child care center; and

(2) statement of how the proposed center will modify or provide alternative measures, policies and procedures that meet the intent of these regulations if the proposed program is in conflict with these regulations.

[8.16.2.20 NMAC - Rp, 8.16.2.20 NMAC, 10/1/16]

8.16.2.21 LICENSURE REQUIREMENTS FOR CENTERS:

A. LICENSING REQUIREMENTS:

(1) APPLICATION FORM: An applicant will complete an application form provided by the licensing authority and include payment for the non-refundable application fee. Applications will be rejected unless all supporting documents are received within six months of the date indicated on the application. A 45 day extension will be granted if the licensee provides documentation to the licensing authority that documents were submitted to the appropriate agencies in a timely manner but, through no fault of their own, they have not received responses from these agencies.

(2) BACKGROUND CHECK: The licensing authority will provide a copy of the most current version of the department's background check and employment history verification provisions, fingerprint instructions, and forms for recording an employment history. The licensee will be responsible for obtaining background checks on all staff members, educators, volunteers, and prospective staff members, educators, volunteers or any person who may have unsupervised physical access to children as per the requirements outlined in the department's most current version of the background check and employment history verification provisions. All requirements of the current background check and employment history verification provisions pursuant to 8.8.3 NMAC must be met prior to the issuance of an initial license. Prior to a staff member's employment, a staff member must receive a notice of provisional employment or obtain a background check in accordance with 8.8.3 NMAC. A background check must be conducted in accordance with 8.8.3 NMAC at least once every five years on all required individuals.

(3) ZONING, BUILDING AND OTHER APPROVALS: An applicant will have: current written finalized zoning approval from the appropriate city, county or state authority; current written building approval, such as a certificate of occupancy, from the appropriate city, county or state authority; current written approval of the state fire marshal office or other appropriate city, county or state fire-prevention authority; current written approval from the New Mexico environment department or other environmental health authority for:

(a) a kitchen, if meals are prepared on site and served in the center;

(b) private water supply, if applicable;

(c) private waste or sewage disposal, if applicable; and

(d) a swimming pool, if applicable.

(4) ACCESS REQUIREMENTS FOR INDIVIDUALS WITH DISABILITIES IN NEW CENTERS:

(a) Accessibility to individuals with disabilities is provided in all new centers and will include the following:

(i) main entry into the center is level or has a ramp to allow for wheelchair access;

(ii) building layout allows for access to the main activity area;

(iii) access to at least one bathroom is required to have a door clearance of 32 inches; the toilet unit also provides a 60-inch diameter turning radius;

(iv) if ramps are provided to the building, the slope of each ramp is at least a 12-inch horizontal run for each inch of vertical rise; and

(v) ramps exceeding a six-inch rise are provided with handrails.

(b) Requirements contained herein are minimum and additional disability requirements may apply depending on the size and complexity of the center.

(5) SCHEDULE: All applications for a new license will include a description of the center's proposed activities and schedule.

(6) INITIAL SURVEY: The licensing authority will schedule a survey for a center when it receives a complete application with all supporting documents.

B. CAPACITY OF CENTERS:

(1) The number of children in a center, either in total or by age, will not exceed the capacity stated on the license.

(2) The licensing authority will count all children in the care of the licensed facility, including school-age children and the children of staff members and volunteers, in the capacity of the facility, even if the children are on a field trip or other outing outside the licensed premises. The licensed capacity must not be exceeded by the presence of school-age children.

(3) Children shall not be cared for in unlicensed areas of the facility.

(4) A center must meet the following space requirements.

(a) 35 square feet of indoor activity space measured wall to wall on the inside for each child in a center, excluding single-use areas, such as restrooms, kitchens, halls and storage areas, and excluding offsets and built-in fixtures.

(b) 75 square feet of outdoor activity space for each child using the area at one time. The center will post on the doors to the playground the maximum capacity of the playground.

(c) Centers must post classroom capacities, ratios, and group sizes in an area of the room that is easily visible to parents, staff and visitors.

C. INCIDENT REPORTING REQUIREMENTS:

(1) The licensee will report to the appropriate authorities the following incidents. After making a report to the appropriate authorities, the licensee shall notify the licensing authority of the incident giving rise to its report as soon as possible but no later than 24 hours after the incident occurred. A report should first be made by telephone and followed with written notification. The licensee shall report any incident that has threatened or could threaten the health and safety of children and staff members, such as, but not limited to:

(a) a lost, missing or unattended child;

(b) a serious injury;

(c) the abuse or neglect of a child;

(d) fire, flood, or other natural disaster that creates structural damages to a center or poses a health hazard;

(e) any of the illnesses on the current list of notifiable diseases and communicable diseases published by the office of epidemiology of the New Mexico department of health;

(f) any legal action against a center or staff members;

(g) any incident that could affect the background check eligibility of any cleared person related to this license;

(h) any declaration of intention or determination to inflict punishment, loss, injury or pain on child or staff member by the commission of an unlawful act, such as, but not limited to, a bomb threat;

(i) the use of physical or mechanical restraints, unless due to documented emergencies or medically documented necessity; or

(j) any known change in an educator's health condition or use of medication that impairs his or her ability to provide for the health, safety or welfare of children in care.

(2) A center will notify parents or guardians in writing of any incident, including notifiable illnesses, that have threatened the health or safety of children in the center. The licensee shall ensure that it obtains parent or guardian signatures on all incident reports within 24 hours of the incident. The licensee shall immediately notify the parent

or guardian in the event of any head injury. Incidents include, but are not limited to those listed in Paragraph (1) of Subsection C of 8.16.2.21 NMAC.

(3) Incident reports involving suspected child abuse and neglect must be reported immediately to children's protective services and local law enforcement. The licensing authority follows written protocols/procedures for the prioritization, tracking, investigation and reporting of incidents, as outlined in the complaint investigation protocol and procedures.

[8.16.2.21 NMAC - Rp, 8.16.2.21 NMAC, 10/1/2016, A, 10/1/2019; A, 1/1/2022]

8.16.2.22 ADMINISTRATIVE REQUIREMENTS FOR CENTERS:

A. ADMINISTRATION RECORDS: A licensee will display in a prominent place that is readily visible to parents, staff and visitors:

(1) all licenses, certificates, and most recent inspection reports of all state and local government agencies with jurisdiction over the center;

(2) the current child care regulations;

(3) dated weekly menus for meals and snacks;

(4) the guidance policy; and

(5) the current list of notifiable diseases and communicable diseases published by the office of epidemiology of the New Mexico department of health.

B. MISSION, PHILOSOPHY AND CURRICULUM STATEMENT: All licensed facilities must have a:

(1) mission statement;

(2) philosophy statement; and

(3) curriculum statement.

C. POLICY AND PROCEDURES: All facilities using these regulations must have written policies and procedures covering the following areas:

(1) actions to be taken in case of accidents or emergencies involving a child, parents or staff members;

(2) policies and procedures for admission and discharge of children;

(3) policies and procedures for expulsion of children. Policies and procedures shall include how the center will maintain a positive environment and will focus on preventing the expulsion of children age birth to five. The center must develop policies that include clear, appropriate, consistent expectations, and consequences to address disruptive student behaviors; and ensure fairness, equity, and continuous improvement;

(4) policies and procedures for the handling of medications;

(5) policies and procedures for the handling of complaints received from parents or any other person;

(6) policies and procedures for actions to be taken in case a child is found missing from the center;

(7) policies and procedures for the handling of children who are ill;

(8) an up to date emergency evacuation and disaster preparedness plan, which shall include steps for evacuation, relocation, shelter in place, lock-down, communication, reunification with parents, individual plans for children with special needs and children with chronic medical conditions, accommodations of infants and toddlers, and continuity of operations (see waivers, Subsection D of 8.16.2.14 NMAC). The plan shall be approved annually by the licensing authority and the department will provide guidance on developing these plans; and

(9) policies and procedures that promotes the equal access of services for all children and families and prohibits discrimination based on race, color, religion, sex (including pregnancy, sexual orientation, or gender identity), national origin, disability, or age (40 or older).

D. FAMILY HANDBOOK: All facilities using these regulations must have a parent handbook. Upon updating the family handbook, changes must be approved and submitted to the licensing authority. After any changes, notice must be sent out to families, parents, or guardians and posted in a common area. The handbook will include the following:

(1) GENERAL INFORMATION:

(a) mission statement;

(b) philosophy statement;

(c) program information (location, license information, days and hours of operation, services offered);

(d) name of director and how he/she may be reached;

(e) meals, snacks and types of food served (or alternatively, guidelines for children bringing their own food);

(f) daily schedule;

(g) a statement supportive of family involvement that includes an open door policy to the classroom;

(h) appropriate dress for children, including request for extra change of clothes;

(i) celebrating holidays, birthdays and parties; and

(j) disclosure to parents that the licensee does not have liability or accident insurance coverage.

(2) POLICIES AND PROCEDURES:

(a) enrollment procedures;

(b) disenrollment procedures;

(c) expulsion procedures;

(d) fee payment procedures, including penalties for tardiness;

(e) notification of absence;

(f) fee credits, if any (e.g., for vacations, absences, etc.);

(g) field trip policies;

(h) health policies (program's policies on admitting sick children, when children can return after an illness, administering medication, and information on common illnesses);

(i) emergency procedures, safety policies, and disaster preparedness plan;

(j) snow days and school closure;

(k) confidentiality policy;

(l) child abuse/neglect reporting procedure;

(m) guidance policy; and

(n) anti-discrimination policy that promotes the equal access of services for all children and families and prohibits discrimination based on race, color, religion, sex (including pregnancy, sexual orientation, or gender identity), national origin, disability, or age (40 or older).

E. CHILDREN'S RECORDS: A center will maintain a complete record for each child, including drop-ins, completed before the child is admitted. Records will be kept at the center for 12 months after the child's last day of attendance. Records will contain at least:

(1) PERSONAL INFORMATION:

(a) name of the child; date of birth, gender, home address, mailing address and telephone number;

(b) names of parents or guardians, parents or guardians current places of employment, addresses, pager, cellular and work telephone numbers;

(c) a list of people authorized to pick up the child and an authorization form signed by parent or guardian; identification of person authorized by the parent or guardian to pick up the child shall be verified at pick up;

(d) date the child first attended the center and the date of the child's last day at the center;

(e) a copy of the child's up-to-date immunization record or a public health division approved exemption from the requirement. A grace period of a maximum of 30 days will be granted for children in foster care, homeless children and youth, or at-risk children and youth as determined by the department;

(f) a record of any accidents, injuries or illnesses which require first aid or medical attention which must be reported to the parent or guardian;

(g) a record of observations of recent bruises, bites or signs of potential abuse or neglect, which must be reported to CYFD;

(h) written authorization from the child's parent or guardian to remove a child from the premises to participate in off-site activities; authorization must contain fieldtrip destination, date and time of fieldtrip and expected return time from fieldtrip;

(i) written authorization from the child's parent or guardian for the educator to apply sunscreen, insect repellent and, if applicable, diaper cream to the child.

(j) a record of the time the child arrived and left the center and dates of attendance initialed by a parent, guardian, or person authorized to pick up the child;

(k) an enrollment agreement form which must be signed by a parent or guardian with an outline of the services and the costs being provided by the facility; and

(l) a signed acknowledgment that the parent or guardian has read and understands the parent handbook.

(2) EMERGENCY INFORMATION:

(a) information on any allergies or medical conditions suffered by the child.

(b) the name and telephone number of two people in the local area to contact in an emergency when a parent or guardian cannot be reached. Emergency contact numbers must be kept up to date at all times.

(c) the name and telephone number of a physician or emergency medical center authorized by a parent or guardian to contact in case of illness or emergency.

(d) a document giving a center permission to transport the child in a medical emergency and an authorization for medical treatment signed by a parent or guardian.

(e) if applicable, legal documentation regarding the child, including but not limited to: restraining orders, guardianship, powers of attorney, court orders, and custody by children's protective services.

F. PERSONNEL RECORDS:

(1) A licensee will keep a complete file for each staff member, including substitutes and volunteers working more than six hours of any week and having direct contact with the children. A center will keep the file for one year after the staff member's last day of employment. Records will contain at least the following:

(a) name, address and telephone number;

(b) position;

(c) current and past duties and responsibilities;

(d) dates of hire and termination;

(e) documentation of a background check and employment history verification; if background check is in process then documentation of the notice of provisional employment showing that it is in process, must be placed in file. A background check must be conducted at least once every five years on all required individuals;

(f) an annual signed statement that the staff member would or would not be disqualified as a direct provider of care under the most current version of the background checks and employment history verification provisions pursuant to 8.8.3 NMAC;

(g) documentation of current first-aid and cardiopulmonary resuscitation training;

(h) documentation of all appropriate training by date, time, hours and area of competency;

(i) emergency contact number;

(j) universal precaution acknowledgment form;

(k) confidentiality form;

(l) results of performance evaluations;

(m) administrative actions or reprimands;

(n) written plan for ongoing professional development for each educator, including the director, that is based on the seven areas of competency, consistent with the career lattice, and based on the individual's goals; and

(o) signed acknowledgment that the staff have read and understand the personnel handbook;

(p) signed acknowledgement that all staff have reviewed and are aware of the center's disaster preparedness plan and evacuation plan; and

(q) form I-9, employment eligibility verification.

(2) A center will maintain dated weekly work schedules for the director, all staff, all educators and volunteers and keep the records on file for at least 12 months. The record will include the time the workers arrived at and left work and include breaks and lunch.

G. PERSONNEL HANDBOOK: The center will give each employee a personnel handbook that covers all matters relating to employment. Upon updating the personnel handbook, changes must be approved and submitted to the licensing authority. After any changes, notice must be sent out to families, parents, or guardians and posted in a common area. The handbook will include the following critical contents:

(1) organizational chart;

(2) job descriptions of all employees by title;

(3) benefits, including vacation days, sick leave, professional development days, health insurance, break times, etc.;

(4) code of conduct;

(5) training requirements, career lattice, professional development opportunities;

(6) procedures and criteria for performance evaluations;

(7) policies on absence from work;

(8) grievance procedures;

(9) procedures for resignation or termination;

(10) copy of licensing regulations;

(11) policy on parent involvement;

(12) health policies related to both children and staff;

(13) policy on sexual harassment;

(14) child guidance policy;

(15) anti-discrimination policy that promotes the equal access of services for all children and families and prohibits discrimination based on race, color, religion, sex (including pregnancy, sexual orientation, or gender identity), national origin, disability, or age (40 or older);

(16) confidentially statement; and

(17) a plan for retention of qualified staff.

[8.16.2.22 NMAC - Rp, 8.16.2.22 NMAC, 10/1/2016, A, 10/1/2019; AE; 7/1/2021; A, 1/1/2022]

8.16.2.23 PERSONNEL AND STAFFING REQUIREMENTS FOR CENTERS:

A. PERSONNEL AND STAFFING REQUIREMENTS:

(1) An employer will not allow any employee involved in an incident which would disqualify that employee under the department's most current version of the

background check and employment history verification provisions pursuant to 8.8.3 NMAC to continue to work directly or unsupervised with children.

(2) All educators will demonstrate the ability to perform essential job functions that reasonably ensure the health, safety and welfare of children in care.

(3) Educators who work directly with children and who are counted in the staff/child ratios must be 18 years of age or older.

(4) Clerical, cooking and maintenance personnel who also care for children and are included in the staff/child ratio will have a designated schedule showing their normal hours in each role. Educators counted in the staff/child ratios will not have as their primary responsibility cooking, clerical or cleaning duties while caring for children.

(5) Volunteers shall not be counted in the staff/child ratios or left alone with children unless they meet all requirements for an educator.

(6) Substitutes and part-time educators counted in the staff/child ratios will meet the same requirement as regular educators except for training requirements, professional development plan and evaluations. Substitutes, volunteers, and educators routinely employed in a center but working 20 hours or fewer a week, will complete half the required training hours. Such employees working more than 20 hours a week will meet full training requirements and have professional development plans and evaluations. See Paragraph (2) of Subsection B of 8.16.2.23 NMAC for additional training requirements.

(7) A director is responsible for one center only. Directors who are responsible for more than one center on the date these regulations are promulgated shall continue in that capacity. The director or co-director must be on the site of the center for a minimum of fifty percent of the center's daily core hours of operation. The licensing authority may require proof of the director's time on-site. See Paragraph (2) of Subsection F of 8.16.2.22 NMAC.

(8) During any absence, the director will assign a person to be in charge and will post a notice stating the assignment.

(9) A program will maintain staff/child ratios and group sizes at all times based on the age of the majority of children in the group. Children must never be left unattended whether inside or outside the facility. Staff will be onsite, available and responsive to children during all hours of operation. All educators shall perform headcounts at regular intervals throughout the day.

(10) A center will have a minimum of two staff members present at all times, with one being an educator. If the center has fewer than seven children, the second staff member may conduct other activities such as cooking, cleaning, or bookkeeping.

(11) A center will keep a list of people who can substitute for any staff member. The list will include the people's names, telephone numbers, background check, health certificates and record of orientation.

(12) Each room of the center and its premises shall be inspected at closing time on a daily basis to assure the center is secure, free of hazards, and that no child has been left unattended.

B. STAFF QUALIFICATIONS AND TRAINING:

(1) DIRECTOR QUALIFICATIONS:

(a) Unless exempted under Subparagraph (b) below, a child care center will have a director who is at least 21 years old and meets the requirements outlined in the table below.

<table>
<tr><th colspan="3">Professional Preparation</th><td rowspan="11"></td><th>Experience</th></tr>
<tr><td>Program Administration

</table>

Or		
A bachelor's degree or higher in early childhood education or a related field. Related fields include: early childhood special education, family studies, family and consumer sciences, elementary education with early childhood endorsement or other degree with successful completion of courses in early childhood.	and	One year of experience in an early childhood growth and development setting

*The NAC and two years of experience in an early childhood growth and development setting will be accepted as sufficient qualification for a director under the following conditions: a) The NAC was received prior to November 30, 2012 and b) the NAC has been maintained and has not expired subsequent to November 30, 2012.

**Directors shall be given until the end of the first full academic semester following their start date to successfully complete this course.

(b) Current directors in a licensed center not qualified under these regulations will continue to qualify as directors as long as they continuously work as a director. Current directors having a break in employment of more than one year must meet the requirements as specified in Subparagraph (a) above.

(2) TRAINING:

(a) The director will develop and document an orientation and training plan for new staff members and volunteers and will provide information on training opportunities. The director will have on file a signed acknowledgment of completion of orientation by employees, volunteers and substitutes as well as the director. New staff members will participate in an orientation before working with children. Initial orientation will include training on the following:

(i) scope of services, activities, and the program offered by the center;

(ii) emergency first aid procedures, recognition of childhood illness and indicators of child abuse;

(iii) fire prevention measures, emergency evacuation plans and disaster preparedness plans;

(iv) review of licensing regulations;

(v) policies regarding guidance, child abuse and neglect reporting, and handling of complaints;

(vi) review of written policies and procedures as defined in Subsection C of 8.16.2.22 NMAC;

(vii) center/parental agreement;

(viii) sanitation procedure;

(ix) written goals of the program;

(x) personnel handbook;

(xi) parent handbook;

(xii) names and ages of children;

(xiii) names of parents;

(xiv) tour of the facility; and

(xv) introduction to other staff and parents.

(b) All new educators regardless of the number of hours per week will complete the following training within three months of their date of hire. All current educators will have three months to comply with the following training from the date these regulations are promulgated:

(i) prevention and control of infectious diseases (including immunization);

(ii) prevention of sudden infant death syndrome and use of safe sleeping practices;

(iii) administration of medication, consistent with standards for parental consent;

(iv) prevention of and response to emergencies due to food or other allergic reactions;

(v) building and physical premises safety, including identification of and protection from hazards that can cause bodily injury such as electrical hazards, bodies of water, and vehicular traffic;

(vi) prevention of shaken baby syndrome and abusive head trauma;

(vii) emergency preparedness and response planning for emergencies resulting from natural or man-caused disasters;

(viii) handling and storage of hazardous materials and the appropriate disposal of bio contaminants;

(ix) precautions in transporting children (if applicable);

(x) first aid and cardiopulmonary resuscitation (CPR) awareness with a pediatric component; and

(xi) recognition and reporting of child abuse and neglect.

(c) New staff members working directly with children regardless of the number of hours per week will complete the 45-hour entry level course or approved three-credit early care and education course or an equivalent approved by the department prior to or within six months of employment. Substitutes are exempt from this requirement.

(d) Each staff person working directly with children and more than 20 hours per week, including the director, is required to obtain at least 24 hours of training each year. For this purpose, a year begins and ends at the anniversary date of employment. Training must address all seven competency areas within two years. The competency areas are:

(i) child growth, development and learning;

(ii) health, safety, nutrition and infection control;

(iii) family and community collaboration;

(iv) developmentally appropriate content;

(v) learning environment and curriculum implementation;

(vi) assessment of children and programs; and

(vii) professionalism.

(e) Training must be provided by individuals who are registered on the New Mexico trainer registry.

(f) Training provided by center employees, directors, owners, and direct affiliates of the provider shall count for no more than half of the required 24 hours of training each year.

(g) On-line training courses shall count for no more than 16 hours each year. If the 45-hour entry level course or its equivalent is taken online, it is exempt from the online training limitation.

(h) Online first aid and CPR training will not be approved, unless there is a hands-on component included. In-person requirements may be waived in case of an emergency.

(i) Identical trainings shall not be repeated for the purpose of obtaining credit.

(j) Directors may count hours in personnel and business training toward the training requirement.

(k) Infant and toddler educators must have at least four hours of training in infant and toddler care annually and within three months of starting work. The four hours will count toward the 24-hour requirement.

(l) A center will keep a training log on file for all staff with the employee's name, date of hire, and position. The log must include date of training, clock hours, competency area, source of training, and training certificate.

(m) A college credit hour in a field relevant to the competency areas listed above will be considered equivalent to a minimum of 15 clock hours. Basic level pre-requisites, such as math and English courses, leading to a degree in early childhood development will be considered equivalent to a minimum of 15 clock hours per credit hour.

(n) See Paragraph (6) of Subsection A of 8.16.2.23 NMAC for requirements for centers that operate less than 20 hours per week.

C. STAFF/CHILD RATIOS AND GROUP SIZES:

(1) Ratios and group sizes shall be observed as outlined in the tables below:

Centers where children are grouped by age		
Age Group	Adult to child ratio	Maximum group size
infants	1:6 or fraction of group thereof	12*
toddlers	1:6 or fraction of group thereof	12*
two years	1:10 or fraction of group thereof	20
three years	1:12 or fraction of group thereof	24
four years	1:12 or fraction of group thereof	24
five years	1:15 or fraction of group thereof	30
six years and older	1:15 or fraction of group thereof	30

Centers Where Age Groups Are Combined		
Age Group	Adult to child ratio	Maximum group size
six weeks through 24 months	1:6 or fraction of group thereof	12*
two through four years	1:12 or fraction of group thereof	24

three through five years	1:14 or fraction of group thereof	28
six years and older	1:15 or fraction of group thereof	30
18 to 24 months with children ages 24 through 35 months	1:6 or fraction of group thereof	12*

*Providers whose group size exceeds the maximum group size for infants and toddlers indicated above prior to the date these regulations are promulgated shall continue with their current group size as long as ratios are maintained at all times. Providers whose group size meets the maximum group size for infants and toddlers indicated above prior to the date these regulations are promulgated must continue to meet the maximum group size. All new licensed providers and those requesting an infant or toddler capacity change after the date these regulations are promulgated must meet the maximum group size as indicated above.

(2) The number of children who may be in a group and the number of caregivers is specified in Paragraph (1) of Subsection C of 8.16.2.23 NMAC. More than one group of children may occupy a room, provided the following conditions are met:

(a) the room is divided so that different activity/interest areas are well-defined (i.e., creative art, dramatic play, books, manipulatives, blocks, science, and math);

(b) each activity/interest area will have a posted capacity, which may vary according to the activity and size of the space, and will not exceed the group size requirement as specified in Paragraph (1) of Subsection C of 8.16.2.23 NMAC;

(c) placement of cabinets, tables, carpeting, room-dividers, or shelving clearly define the different activity/interest areas;

(d) individual children may freely move from one activity/interest area at their own pace as long as the capacity of any individual interest area is not exceeded;

(e) a single educator is responsible for supervising up to the number of children allowed in the adult to child ratio age grouping specified in Paragraph (1) of Subsection C of 8.16.2.23 NMAC in one or more interest area as long as every child is in direct eyesight of the educator; and

(f) the total number of children in a larger room must not exceed the room capacity based on activity space. For example, if a three to five year old classroom has a capacity of 40, and the maximum group size is 28, the room must be divided by at least two well-defined spaces that include various activity/interest areas and be supervised by at least three educators, who are spread out so that every child is "attended. "

(3) Child care facilities not meeting the requirements as specified in Paragraphs (1) of Subsection C of 8.16.2.23 NMAC, must be able to clearly demonstrate the intent of group sizing through written procedures that must be approved by CYFD. The written procedures will address the following:

(a) maintenance of adult to child ratio within the group size in Paragraph (1) of Subsection C of 8.16.2.23 NMAC. to facilitate adult to child interaction and constructive activity among children;

(b) assignment of a group of children to an educator or team of educators; and

(c) demonstrate how the educators will meet the needs of all children in the assigned classroom and account for all children at all times.

(4) A center will schedule staff to minimize the number of primary educators a child has during the day and the week. A child will have no more than three primary, consecutive educators in any day including educators in the early morning and late afternoon. Each child must have an educator who is aware of details of the child's habits, interests, and any special concerns.

(5) The same educator who cares for the children under age two years will supervise those children when they play with children over two years.

[8.16.2.23 NMAC - Rp, 8.16.2.23 NMAC, 10/1/2016, AE; 7/1/2021; A, 1/1/2022]

8.16.2.24 SERVICES AND CARE OF CHILDREN IN CENTERS:

A. GUIDANCE:

(1) A center will have written policies and procedures clearly outlining guidance practices. Centers will give this information to all parents and staff who will sign a form to acknowledge that they have read and understand these policies and procedures.

(2) Guidance will be consistent and age appropriate.

(3) Guidance shall be positive and include redirection and clear limits that encourage the child's ability to become self-disciplined. The use of physical or mechanical restraints is prohibited unless due to documented emergencies or medically documented necessity.

(4) A center will not use the following disciplinary practices:

(a) physical punishment of any type, including shaking, biting, hitting, pinching or putting anything on or in a child's mouth;

(b) withdrawal of food, rest, bathroom access, or outdoor activities;

(c) abusive or profane language, including yelling;

(d) any form of public or private humiliation, including threats of physical punishment; or

(e) unsupervised separation.

(5) Children will not be lifted by the arms, hands, wrist, legs, feet, ankles, or clothing.

B. NAPS OR REST PERIOD: A center will provide physical care appropriate to each child's developmental needs that will include a supervised rest period.

(1) Children under the age of six years in the centers for more than five hours will have a rest period.

(2) A center will allow children who do not sleep to get up and participate in quiet activities that do not disturb the other children.

(3) Cribs, cots or mats shall be spaced at least 30 inches apart to permit easy access by adults to each child. If the room used for sleeping cannot accommodate 30 inches of spacing between children, educators shall space children as far as possible from one another. There must be enough room to permit easy access to all children without moving cribs, cots or mats. Cribs which have sneeze guards installed may be placed end-to-end as long as they remain easily accessible.

(4) Each child will have an individual bed, cot, or mat clearly labeled to ensure each child uses the same items between washing.

(5) Cots or mats will have a nonabsorbent, cleanable surface. Mats will be at least three-fourths of an inch thick. Mats and cots shall be cleaned and sanitized after each use regardless of the same child using the mat or cot. Linens may be used multiple times over the course of a week but must be laundered before being used by another child.

(6) Educators shall ensure that nothing covers the face or head of a child aged 12 months or younger when the child is laid down to sleep and while the child is sleeping. Educators shall not place anything over the head or face of a child over 12 months of age when the child is laid down to sleep and while the child is sleeping.

(7) Children with disabilities or medical conditions that require unusual sleeping arrangements will have written authorization from physician justifying the sleeping arrangement. A physician's note must contain a timeframe for the specific

sleep arrangement. The facility shall adhere to the timeframe recommended by the doctor.

(8) Staff must be physically available to sleeping children at all times. Children must not be isolated for sleeping or napping in an un-illuminated room unless attended by an educator.

(9) Illumination equivalent to that cast by a soft night light shall be operational in areas that are occupied by children who are napping or sleeping. Illumination must be enough to see the entire room, clearly observe sleeping children and allow for quiet activities for non-sleeping children.

(10) Staff/child ratios and group sizes shall be maintained at naptime.

C. ADDITIONAL REQUIREMENTS FOR INFANTS AND TODDLERS

(1) The center will provide a crib for each infant and, when appropriate, for a toddler.

(2) Cribs will meet federal standards and be kept in good repair. The center will not use plastic bags or lightweight plastic sheeting to cover a mattress and will not use pillows in cribs. Stacking cribs is prohibited. Cribs will not be used for storage. Animals and pets will not be allowed in cribs or on sleeping materials.

(3) No child will be allowed to sleep in a playpen, pack and play, car seat, stroller, swings, bouncers or high chairs, or other equipment not intended for sleep purposes.

(4) Children under the age of 12 months shall be placed on their backs when sleeping unless otherwise authorized in writing by a physician.

(5) Toys that are mouthed by infants and toddlers will be cleaned after mouthing by one child before other children do the same.

(6) A center will not admit any child under the age of six weeks except with the written approval of a licensed physician.

(7) A center will care for children under age two years in self-contained rooms separate from those used by older children. Children age six weeks to 12 months may be in the same room with children age 13 to 24 months, when they are physically separated from the older children. A center may group toddlers ages 18 to 24 months with children ages 24 through 35 months.

(8) Throughout the day, an educator will give each infant and toddler physical contact and attention. A caregiver will hold, talk to, sing to and take inside and outside

walks with the child. A caregiver will respond immediately to all cries of infants and to the cries of all children within two minutes.

(9) An educator will use routine activities such as nap time, feeding, diapering and toileting as opportunities for language development and other learning.

(10) Infants shall not be allowed to be confined to one area for prolonged periods of time unless the infant is content and responsive. Children that are awake should be moved every 30 minutes to offer new stimulation.

(11) Each infant shall be allowed to form and observe his/her own pattern of feeding, sleeping and waking periods.

(12) A center will arrange the sleeping and play areas so that children in the play area do not disturb sleeping children. Infant rooms shall be arranged so that placement of cribs in an area used by other children does not encroach upon the minimum usable floor space requirements.

(13) Infants shall either be held or fed sitting up for bottle-feeding. Infants unable to sit shall always be held for bottle-feeding. Infants and toddlers shall not be placed in a laying position while drinking bottles or sippy cups. The carrying of bottles and sippy cups by young children throughout the day or night shall not be permitted.

(14) Children will not be allowed to walk or run with pacifiers. Pacifiers will not be used outside of cribs in rooms with mobile infants or toddlers. Pacifiers will be labeled and not shared. Pacifiers will not be tied to the child. Pacifiers that contact the floor or ground will be cleaned and sanitized appropriately.

(15) Foods served will meet the nutritional needs of the infant or toddler. Foods will be developmentally appropriate for each infant served.

(16) A center shall provide an evacuation crib with wheels suitable for the surfaces around the facility and placed closest to the means of egress (exit).

D. DIAPERING AND TOILETING:

(1) An educator will plan toilet training with a parent so the toilet routine is consistent. A center will not attempt to toilet train a child who is not developmentally ready.

(2) A center will change wet and soiled diapers and clothing promptly. Staff members will wear non-porous, single-use gloves when changing a diaper and wash their hands after changing a diaper. Food service gloves are not permissible for diaper changing.

(3) A center will have a change of clothes on hand, including dry, clean clothing and diapers sufficient to meet the needs of each child. A center will label diapers and diapering supplies for each child and store them properly. Diaper bags will be inaccessible to children. Soiled diapers will be stored in a secure container with a tight-fitting lid to assure proper hygiene and control of odors.

(4) An educator will change a child's diaper on a clean, safe, waterproof surface and discard any disposable cover and disinfect the surface after each diaper change.

E. ADDITIONAL REQUIREMENTS FOR CHILDREN WITH SPECIAL NEEDS:

(1) Child care facilities are responsible for staff awareness of community resources for families of children with disabilities, including children under the age of five years as well as those of school age. If center staff believe that a child may have a delay or disability, possible resources for referral and assistance are provided to parents when appropriate. No referral for special needs services to an outside agency will be made without a parent's consent. Family Education Right and Privacy Act (FERPA) will be respected at all times.

(2) Child care facilities are responsible for staff awareness of the Americans with Disabilities Act (ADA) as it relates to enrolling and caring for children with disabilities.

F. ADDITIONAL REQUIREMENTS FOR NIGHT CARE:

(1) A center that provides night care will have 50 square feet of activity area per child for night care.

(2) Staff will be awake and immediately available to children who need attention during the night.

(3) The beds and cots provided for children shall be completely furnished with mattress, waterproof mattress protectors, sheets under and over the child, blanket, pillow and pillowcase and will meet all requirements for nap or rest period in accordance with Paragraphs (3) through (10) of Subsection B of 8.16.2.24 NMAC.

(4) Linens shall be changed immediately in case of soiling.

(5) The same menu shall not be used for lunch and supper.

G. PHYSICAL ENVIRONMENT:

(1) Environment shall be organized into age appropriate functional identifiable learning areas. If any of the selected learning areas are not represented at a given

time, the areas shall be rotated to provide children with the opportunity to gain skills supported by a variety of learning experiences. The areas may include:

(a) dramatic play;

(b) creative art;

(c) books;

(d) blocks and accessories;

(e) manipulatives;

(f) music;

(g) science;

(h) math/number; and

(i) sensory.

(2) Each center is clearly defined, using shelves and furniture.

(3) Adults can visually supervise all centers at all times.

(4) The capacity of each room will be posted in an area of the room that is readily visible to parents, staff members and visitors.

(5) Learning areas have adequate space and noisy and quiet areas are arranged so that children's activities can be sustained without interruption.

(6) Materials are well cared for and organized by type. Where appropriate, materials are labeled with words or pictures. Adaptations to materials are made when needed to accommodate various abilities of all children. Unused materials are stored in inaccessible storage.

(7) Examples of children's individually expressed artwork are displayed in the environment at the children's eye level.

(8) Floor surface is suitable for activities that will occur in each learning area.

(9) File and storage space is available for educators' materials.

H. SOCIAL-EMOTIONAL RESPONSIVE ENVIRONMENT:

(1) Educators remain calm in stressful situations.

(2) Educators are actively engaged with children. Educators talk, actively listen and respond to children appropriately by responding to children's questions and acknowledging their comments, concerns, emotions and feelings.

(3) Educators help children communicate their feelings by providing them with language to express themselves.

(4) Educators model appropriate social behaviors, interactions and empathy. Educators respond to children that are angry, hurt, or sad in a caring and sensitive manner. Educators make appropriate physical contact to comfort children who are distressed.

I. EQUIPMENT AND PROGRAM:

(1) Toys and equipment must be safe, durable, and easy to clean, non-toxic and sanitized daily. Toys will be disinfected, at a minimum of, once per week. Frequency of disinfection of toys must be increased in the event of a communicable disease, following appropriate guidance.

(2) A center will not use accordion-style baby gates.

(3) A child care center will provide activities that encourage children to be actively involved in the learning process and to experience a variety of developmentally appropriate activities and materials.

(4) A center will provide sufficient equipment, materials, and furnishings for both indoor and outdoor activities so that at any one time, each child can be individually involved.

(5) Each child at a center will have a designated space for storage of clothing and personal belongings.

(6) A center will store equipment and materials for children's use within easy reach of the children, including those with disabilities. A center will store the equipment and materials in an orderly manner so children can select and replace the materials by themselves or with minimal assistance.

(7) A center will provide children with toys and other materials that are safe and encourage the child's creativity, social interaction, and a balance of individual and group play.

(8) A center will post a daily activity schedule. A center will follow a consistent pattern for routine activities such as meals, snacks and rest.

(9) Media viewing will not be permitted for children under two years of age. Non-educational viewing for children two years and older will be limited to six hours per

month, but not to exceed one full length film in one day. Programs, movies, music and music programs shall be age appropriate and shall not contain adult content. Media viewing includes all of the above as well as computers, tablets, phones, smart devices and screen-based learning equipment. An exception is media that is used for curriculum-based purposes or led by an educator.

(10) Children and family members shall be acknowledged upon arrival and departure.

(11) Full-time children shall have a minimum of 60 minutes of physical activity daily, weather permitting, preferably outside. Part-time children shall have a minimum of 30 minutes of physical activity daily, preferably outside. The center will ensure drinking water is available and maintained at a cool temperature while playing outside.

(12) Equipment and program requirements apply during all hours of operation of the licensed facility.

J. OUTDOOR PLAY AREAS:

(1) Outdoor play equipment used in child care centers shall be:

(a) intended for public (non-residential) use and installed and maintained according to the manufacturer's instructions; or

(b) if intended for residential use, shall be safe and securely anchored.

(2) A center will enclose the outdoor play area with a fence at least four feet high and with at least one latched gate available for an emergency exit. Outside play areas must be on the premises and approved by the licensing authority.

(3) A center will place sufficient energy absorbing surfaces beneath climbing structures, swings, and slides (as determined by Subsection P of 8.16.2.8 NMAC). Based on the consumer product safety commission (CPSC) playground guidelines, grass, artificial turf, and rubber play mats are not energy absorbent material.

Critical Heights of Playground Equipment for Various Types and Depths of Resilient Surfaces Based on Information from the U.S. CONSUMER PRODUCT SAFETY COMMISSION (CPSC Publication No. 325), Handbook for Public Playground Safety.
When no requirement is provided for a specific height of equipment, we have used the requirement for the next higher height, so requirements are conservative, erring on the side of safety.

Equipment Height	Wood Chips	Double Shredded Bark	Uniform Wood Chips	Fine Sand	Coarse Sand	Fine Gravel
	Uncompressed Depths of Materials In Fall Zone					

Five feet or less	6 inches	6 inches	6 inches	6 inches	6 inches	6 inches
Six feet	6 inches	6 inches	6 inches	12 inches	12 inches	6 inches
Seven feet	6 inches	9 inches	9 inches	12 inches	12 inches	9 inches
Eight feet	9 inches	9 inches	12 inches	12 inches	12 inches	12 inches
Nine Feet	9 inches	9 inches	12 inches	12 inches	N/A	12 inches
Ten Feet	9 inches	9 inches	12 inches	N/A	N/A	12 inches
For poured or installed foam or rubber surfaces, the materials must meet the ASTM F1292 requirements with written verification from the manufacturer.						

(4) Playground equipment shall be inspected and inspections documented weekly.

(5) An outdoor play area for children under age two years will have an area protected from the general traffic where the children can crawl in safety.

(6) The use of a trampoline is prohibited at any time during the hours of operation or by any children receiving care at the facility.

(7) Children shall be protected from the sun during outdoor play by providing shade (as necessary), sunscreen, proper attire and limiting the time of exposure to the elements. The center must also consider instructions by the child's parent or guardian. Drinking water should be available as needed and outlined in Paragraph (11) of Subsection I of 8.16.2.24 NMAC.

K. SWIMMING, WADING AND WATER:

(1) Each child will have written permission from a parent or guardian before the child enters the pool.

(2) If a center has a portable wading pool:

(a) a center will drain and fill the wading pool with fresh water daily and disinfect pool before and after each use;

(b) a center will empty a wading pool when it is not in use and remove it from areas accessible to children; and

(c) a center will not use a portable wading pool placed on concrete or asphalt.

(3) If a center has a built in or above ground swimming pool, ditch, fishpond or other water hazard:

(a) the fixture will be constructed, maintained and used in accordance with applicable state and local regulations;

(b) the fixture will be constructed and protected so that, when not in use, it is inaccessible to children; and

(c) when in use, children will be constantly supervised and the number of adults present will be proportional to the ages and abilities of the children and type of water hazard in use.

(4) The following ratios shall be observed for swimming pools more than two feet deep:

Ratio for swimming pools more than two feet deep		
Age of the youngest child	Number of educators, lifeguards or volunteers	Number of children
0-23 months	1	1
2 years	1	2
3 years	1	6
4 years	1	8
5 years	1	10
6 years and older	1	12

L. FIELD TRIPS:

(1) A center will ensure the children's safety on field trips and excursions. See Subparagraph (h) of Paragraph (1) of Subsection E of 8.16.2.22 NMAC for requirements for permission slips.

(2) Children will not go to a private residence unless accompanied by two adults.

[8.16.2.24 NMAC - Rp, 8.16.2.24 NMAC, 10/1/2016, AE; 7/1/2021; A, 1/1/2022]

8.16.2.25 FOOD SERVICE REQUIREMENTS FOR CENTERS:

A. MEAL PATTERN REQUIREMENTS: All foods prepared by the center will conform to the guidelines from United States department of agriculture's (USDA's) child and adult care food program (CACFP) for foods, meal patterns and serving sizes.

B. MEALS AND SNACKS:

(1) A center will provide a child a meal or snack at least every three hours except when the child is sleeping at night.

(2) A center will serve, if necessary, a child a therapeutic or special diet with written prescription/diet orders from a physician or a recognized medical authority. Diet orders must be complete and descriptive, and not subject to interpretation by the center staff.

(3) A center shall make water freely available to children.

(4) A center that provides daily meals and snacks shall plan these to meet the minimum standards in the CACFP and to be consistent with the USDA's current dietary guidelines for Americans, to include the following. Parents of children who have special dietary needs may provide written permission to the child care program to exempt their child from the following requirements if necessary due to such special dietary needs.

(a) Only one hundred percent fruit or vegetable juice shall be served. The use of fruit drinks containing less than one hundred percent juice or artificially flavored drinks for meals or snacks is prohibited. One hundred percent or vegetable juice may be diluted with water.

(b) Only whole, pasteurized fluid milk shall be served to children between 12 and 24 months of age; reduced fat, low fat, or skim milk may be served to children who are two years and older.

(c) A wide variety of fruits and vegetables shall be served, with a preference for fresh or frozen fruits and vegetables over canned.

(5) A center shall vary snacks each day and shall include a selection of two different food group components from the four food group components.

C. MENUS:

(1) Menus shall include a variety of foods. The same menu will not be served twice in one week.

(2) Posted menus shall be followed. Substitutions shall be of equivalent nutritional value and shall be recorded on the posted menu.

(3) Dated weekly menus shall be posted at least one week in advance, in a conspicuous place, for review by parents, educators and children.

D. KITCHENS: Centers shall comply with current New Mexico environment department requirements regarding food service.

(1) A center will not allow children in the kitchen except under careful supervision.

(2) A food preparer will thoroughly wash all raw fruits and vegetables before cooking or serving.

(3) A center will serve food promptly and refrigerate immediately after use.

(4) A center will protect food and drink from insects, rodents, and other vermin by properly storing items in an airtight container or by tightly wrapping them. A center will label and date all leftover food.

(5) If food is brought from the child's home, a center will label it with the child's name and refrigerate if necessary. A center will label and refrigerate bottles of infant formula or breast milk. The center must ensure children are fed the food or bottle provided by their parent/guardian and as instructed by them.

(6) A center's refrigerators and separate freezers will have working internal thermometers and keep food requiring refrigeration, including formula, at 41 degrees Fahrenheit or below, and frozen food at 0 degrees Fahrenheit or below.

(7) A center will discard any leftover milk or formula, rinse bottles after use and sanitize bottles before reuse.

(8) A center will sanitize eating utensils, dishes and cups before re-use by washing them in a dishwasher or by completing the following steps: 1) wash with soapy water; 2) rinse with clean warm water; and 3) sanitize. Disposable plates and cups and plastic utensils of food-grade, medium weight may be used for single service, but Styrofoam cups may not be used.

(9) A center will use cleaning materials for the kitchen and food preparation areas only in the kitchen and will store the materials separately from food.

(10) A center shall thoroughly sanitize food preparation surfaces before and after each use.

E. MEAL TIMES:

(1) A center will equip dining areas with tables, chairs, eating utensils and dishes appropriate to the age of the children served and sanitize the areas before and after use.

(2) Staff/child ratios and group size must be maintained at meal times.

(3) Adults must sit with the children at meal and snack times to assist children with eating, drinking, and self-feeding and to encourage family-style dining and socialization.

(4) Time allowed for meals shall enable the children to eat at reasonable rate.

(5) A center will provide sanitary cups or glasses or a drinking fountain for drinking water. Infants and toddlers shall be offered water from a cup. Toddlers shall be encouraged to hold and drink from a cup, use a spoon, and to use their fingers for self-feeding. A center will not allow children to share drinking or eating utensils.

[8.16.2.25 NMAC - Rp, 8.16.2.25 NMAC, 10/1/2016; A, 1/1/2022]

8.16.2.26 HEALTH AND SAFETY REQUIREMENTS FOR CENTERS:

A. HYGIENE:

(1) Children and staff members will wash their hands with soap and warm running water as needed. Water basins shall not be used as an alternative to running water. Staff and children will wash their hands whenever hands are contaminated with body fluids and always:

(a) after using a toilet, assisting a child with toilet use, or changing a diaper;

(b) before and after caring for a sick child;

(c) before any food service activity, including setting the table;

(d) before and after eating;

(e) before and after feeding a child;

(f) after handling pets or animals or items used by animals such as water and food bowls; and

(g) after handling trash.

(2) A center will label with the child's name and store separately any item used for an individual child's personal hygiene.

(3) If a center promotes tooth brushing activities, the center will store toothbrushes so that they do not drip on other toothbrushes and so that they are separate from one another, with bristles exposed to the air to dry, labeled and not in contact with any other surface.

B. FIRST AID REQUIREMENTS:

(1) All educators, staff, and management in direct contact with children must be certified in first aid and cardiopulmonary resuscitation (CPR) with a pediatric component. From the date of hire, staff will have three months to obtain the first aid and CPR certification. All staff must maintain first aid and CPR certification with a pediatric

component. Prior to licensure, at a minimum, the director will have first aid and CPR certification.

(2) A center will keep a first-aid kit and a first-aid manual together in the center in a location inaccessible to children and easily accessible to adults. The first aid kit will contain, at a minimum, band aids, gauze pads, adhesive tape, scissors, soap, nonporous gloves, and a thermometer.

(3) A center will treat blood spills cautiously and promptly disinfect the area. Staff members will wear non-porous, single-use gloves when handling a blood spill, bloody diarrhea, bloody nose, or any other blood. A center will clean contaminated surfaces first with hot soapy water then with a disinfecting solution effective against HIV and hepatitis B.

C. MEDICATION:

(1) All staff and children's medications must be labeled. A center will keep all medications in a locked and identified container inaccessible to children and will refrigerate medications when necessary. If the refrigerator is inaccessible to children, medications do not need to be in a locked container in the refrigerator.

(2) Facilities will give medication only with written permission from a parent or guardian, to be administered according to written directions from the prescribing physician. In the case of non-prescription medication, written instructions must be provided by the parent or guardian. For the purpose of this requirement only, non-prescription medications include sunscreen, insect repellent and diaper creams or other over the counter medications. With written authorization from the child's parent or guardian, sunscreen and insect repellant may be shared. Diaper cream shall not be shared.

(3) A designated staff member will be responsible for giving medication to children. The designated staff member will ensure non-prescription and prescription medications have a label with the child's name and the date the medication was brought to the center. A center will keep non-prescription and prescription medication in the original container with written instructions, including the name of medication, the dosage, and the hours and dates the child should receive the medicine.

(4) The designated staff member will keep and sign a written record of the dosage, date and time a child is given medication with the signature of the staff who administered the medication. This information will be provided to the parent or guardian who will initial/date acknowledgment of information received on the day the medication is given.

(5) When the medication is no longer needed, it shall be returned to the parents or guardians or destroyed. The center shall not administer expired medication.

[8.16.2.26 NMAC - Rp, 8.16.2.26 NMAC, 10/1/2016, AE; 7/1/2021; A, 1/1/2022]

8.16.2.27 ILLNESS REQUIREMENTS FOR CENTERS:

A. Children or staff members absent due to any notifiable disease will not return to the center without a signed statement from a physician.

B. A center will separate and constantly observe a child who becomes sick at the center and promptly notify a parent or guardian of the child's illness.

C. A center will send a child home when:

(1) the child's oral temperature is 101 degrees Fahrenheit or greater or armpit temperature is 100.4 degrees Fahrenheit or greater and the child shows signs of illness or behavior changes; or

(2) an educator observes signs of contagious disease or severe illness.

D. The center will have a cot or mat available for sick children and it will be disinfected thoroughly after each use.

E. The center must perform daily health check/screenings of all children in care. Findings will be documented and maintained for review.

[8.16.2.27 NMAC - Rp, 8.16.2.27 NMAC, 10/1/2016, AE; 7/1/2021; A, 1/1/2022]

8.16.2.28 TRANSPORTATION REQUIREMENTS FOR CENTERS:

A. When a center provides transportation to children, it is responsible for the care of children from the time of pick up to delivery to a responsible adult. All vehicles used for transportation of children will have an operable fully-charged fire extinguisher, first-aid kit, first-aid manual, water and blanket.

B. A center will license all vehicles used for transporting children and will meet all applicable state vehicle laws. A child shall be transported only if the child is properly secured in a child passenger restraint device or by a safety belt as follows. School buses that are not equipped with passenger restraint devices are exempt from this requirement.

(1) Children less than one year of age shall be properly secured in a rear-facing child passenger restraint device that meets federal standards, in the rear seat of a vehicle that is equipped with a rear seat. If the vehicle is not equipped with a rear seat, the child may ride in the front seat of the vehicle if the passenger-side air bag is deactivated or if the vehicle is not equipped with a deactivation switch for the passenger-side air bag.

(2) Children one year of age through four years of age, regardless of weight, or children who weigh forty pounds, regardless of age, shall be properly secured in a child passenger restraint device that meets federal standards.

(3) Children five years of age through six years of age, regardless of weight, or children who weigh less than 60 pounds, regardless of age, shall be properly secured in either a child booster seat or an appropriate child passenger restraint device that meets federal standards.

(4) Children seven years of age through 12 years of age shall be secured in a child passenger restraint device or by a seat belt.

C. Vehicles used for transporting children will be enclosed and properly maintained. Vehicles shall be cleaned and inspected inside and out.

D. Vehicles operated by the center to transport children shall be air-conditioned whenever the outside air temperature exceeds 82 degrees Fahrenheit. If the outside air temperature falls below 50 degrees Fahrenheit the center will ensure the vehicle is heated.

E. A center will load and unload children at the curbside of the vehicle or in a protected parking area or driveway. The center will ensure children do not cross a street unsupervised after leaving the vehicle.

F. No one will smoke, use e-cigarettes or vaporizers in a vehicle used for transporting children.

G. A second adult will accompany the driver of the vehicle when a center transports five or more children under age five years.

H. Children may be transported only in vehicles that have current registration and insurance coverage. All drivers must have current driver's license and comply with motor vehicle and traffic laws. Persons who have been convicted in the last seven years of a misdemeanor or felony DWI/DUI cannot transport children under the auspices of a licensed facility/program.

I. At least one adult transporting children, shall be currently certified in first aid and cardiopulmonary resuscitation (CPR) with a pediatric component.

J. At all times, drivers will have a way to communicate to the facility the number of children being transported. Drivers will maintain a log to include the name of child, drop off and pick up times of all children being transported. The log will be kept for a minimum of 12 months for review.

[8.16.2.28 NMAC - Rp, 8.16.2.28 NMAC, 10/1/2016, AE; 7/1/2021; A, 1/1/2022]

8.16.2.29 BUILDING, GROUNDS AND SAFETY REQUIREMENTS FOR CENTERS:

A. HOUSEKEEPING:

(1) A center will keep the premises, including furniture, fixtures, floors, drinking fountains, toys and equipment clean, safe, and in good repair. The center and premises will be free of debris and potential hazards.

(2) Materials dangerous to children must be secured in a manner making them inaccessible to children and away from food storage or preparation areas.

(3) All garbage and refuse receptacles in kitchens and in outdoor areas will be durable, constructed of materials that will not absorb liquids and have tight fitting lids.

B. PEST CONTROL:

(1) All licensed child care centers must use a New Mexico licensed applicator whenever applying pesticides on the center's buildings or grounds.

(2) The licensed applicator may not apply pesticides when children are on the premises.

(3) Parents, guardians, and staff must be notified at least two days prior to spraying or applying pesticides.

(4) All food storage, preparation, and serving areas must be covered and protected from spraying or application of pesticides, herbicides, and other natural repellants and kept out of reach of children.

C. MECHANICAL SYSTEMS:

(1) A center will maintain comfortable temperatures (68 degrees through 82 degrees Fahrenheit) in all rooms used by children. A center may use portable fans if the fans are secured and inaccessible to children and do not present any tripping, safety or fire hazards. In the event air temperature in a center exceeds the 82 degrees Fahrenheit in the summer months because of evaporative cooler temperature limitations, it will be verified that cooling equipment is functioning, is being maintained, and that supplemental aides have been employed, such as, but not limited to: ceiling fans, portable fans, or portable evaporative coolers.

(2) A center must maintain all heating and cooling equipment so that it is in good working order.

(3) A center will not use un-vented heaters, open flame heaters or portable heaters. A center will install barriers or take other steps to ensure heating units are

inaccessible to children. Heating units include hot water pipes, hot water baseboard heaters hotter than 110 degrees Fahrenheit, infrared heaters, ceramic heaters, fireplaces, fireplace inserts and wood stoves.

(4) A center will provide fresh air and control odors by either mechanical or natural ventilation. If a center uses a window for ventilation, it will have a screen. If a door is used for fresh air ventilation, it must have a screen door.

(5) Water coming from a faucet will be below 110 degrees Fahrenheit. A center will install a tempering valve ahead of all domestic water-heater piping.

D. WATER AND WASTE: All food preparation areas, sinks, washrooms, laundries, bathrooms and any self-contained area for infants and toddlers in diapers will have hot and cold running water pressure.

E. LIGHTING, LIGHTING FIXTURES AND ELECTRICAL:

(1) All areas will have sufficient glare-free lighting with shatterproof or shielded bulbs.

(2) A center will have emergency lighting that turns on automatically when electrical service is disrupted.

(3) Use of electrical cords and outlets:

(a) A center will use U/L approved equipment only and will properly maintain this equipment.

(b) All electrical outlets within reach of children will be safety outlets or will have protective covers.

(c) The use of multi-prong or gang plugs is prohibited. Surge protectors are not gang plugs under these regulations.

F. EXITS AND WINDOWS:

(1) When an activity area does not have a door directly to the outside, at least one window in each activity area must be able to be opened for emergency egress with a minimum net clear opening of 5.7 square feet. The minimum net clear opening for height dimension must be 24 inches. The minimum net clear opening width dimension must be 20 inches, and the finished sill height must not be more than 44 inches above the floor.

(2) There must be at least two exits remote from each other in each activity area of the center.

(a) All exits must be marked, including fire exits, by signs having letters at least six inches high whose principal strokes are at least three-fourths of an inch wide.

(b) When illuminated exit signs are installed they must be maintained in operable condition.

(c) All activity spaces for children under the age of two and a half years shall be on the "level of exit discharge" or ground floor.

(3) Exit ways must be kept free from obstructions at all times.

(4) Activity areas for children must have windows or skylight area of at least one-twentieth of the floor area. A skylight means an opening in a roof or ceiling, framed, and fitted with glass for admitting natural light. A skylight is also a tubular skylight, solar tube, or light tunnel. Tubular skylights are devices which uses a rooftop dome to transfer light indoors through reflective tubing running from the roof to the ceiling. Natural lighting received from an adjacent room will not meet the natural lighting requirements.

G. TOILET AND BATHING FACILITIES:

(1) A center shall have one sink in any room for infants, toddlers, and combination thereof. Centers licensed after November 30, 2012 shall have one sink and one toilet in any room that has children ages 24 - 35 months, which shall be used exclusively by the children in this room. All sinks referred to in this paragraph shall have permanent plumbing, hot and cold running water, and shall not be used for food preparation or bottle cleaning. A basin with multiple compartments with a shared faucet will be considered one sink.

(2) All toilet rooms will have toilet paper, soap and disposable towels at a height accessible to children. A center will not use a common towel or wash cloth.

(3) All closets and bathroom locks must have an outside release. A center will enclose all bathrooms. Bathrooms must be accessible and functional.

(4) Toilets and lavatories must be provided in the following ratios. These ratios also apply to programs that share lavatories with unlicensed facilities.

(a) one toilet and one lavatory for one to 12 children;

(b) two toilets and two lavatories for 13 through 25 children;

(c) one toilet and one lavatory for each additional 15 children or fraction thereof; or

(d) when a center's capacity exceeds 30 children a separate toilet room must be provided for staff.

H. SAFETY COMPLIANCE:

(1) A center will conduct emergency preparedness practice drills at least quarterly beginning January of each calendar year.

(2) A center will conduct at least one fire drill each month.

(3) A center will:

(a) hold the drills at different times of the day;

(b) use the fire alarm or detector system;

(c) emphasize an orderly rather than a speedy evacuation;

(d) a center will keep a record of the fire drills and emergency preparedness practice drills with the date, time, number of adults and children participating, and any problems encountered during the fire drill on file for at least 12 months;

(e) a center shall request an annual fire inspection from the fire authority having jurisdiction over the center; if the policy of the fire authority having jurisdiction does not provide for an annual inspection of the center, the center must document the date the request was made and to whom; a copy of the latest inspection must be posted in the center;

(f) a center will post an evacuation plan in each room used by children;

(g) a center will keep a telephone in an easily accessible place for calling for help in an emergency and will post emergency phone numbers for fire, police, ambulance and the poison control center next to the phone; a center will not use a pay phone to fulfill this requirement; if cordless phones or cellular telephones and devices are used, emergency numbers shall be posted on the phone itself; facilities shall post the center's telephone number and address in a conspicuous location next to the emergency phone numbers; a center shall have at least one corded phone or cell phone for use in the case of a power outage;

(h) a center must be equipped with an approved, manually operated alarm system or other continuously sounding alarm approved in writing by the fire authority having jurisdiction;

(i) a center must be equipped with smoke detectors approved in writing by the fire authority having jurisdiction as to number, type, and placement;

(j) a center must be equipped with carbon monoxide detectors to cover all licensed areas of the center if the child care program uses any sources of coal, wood, charcoal, oil, kerosene, propane, natural gas, or any other product that can produce carbon monoxide indoors. Carbon monoxide detectors should be installed and maintained according to the manufacturer's instructions. A center must comply with this requirement by July 1, 2022.

(k) a center must have a minimum of two 210ABC fire extinguishers, one located in the kitchen or food preparation area, and one centrally located in the center; and

(l) fire extinguishers, alarm systems, automatic detection equipment, and other firefighting must be properly maintained and inspected on a least yearly basis; fire extinguishers must be tagged noting the date of inspection; see Paragraph (2) of Subsection E of 8.16.2.29 NMAC for emergency lighting requirements.

I. SMOKING, FIREARMS, ALCOHOLIC BEVERAGES, ILLEGAL DRUGS AND CONTROLLED SUBSTANCES: A center will prohibit smoking, e-cigarettes, and vaporizers in all areas, including vehicles, and will not allow any alcoholic beverages, firearms, lethal or non-lethal weapons or non-prescription controlled substances (drugs) on the premises or in vehicles. Possessing or knowingly permitting illegal drugs, paraphernalia, or non-prescription controlled substances to be possessed or sold on the premises at any time regardless of whether children are present is prohibited.

J. PETS:

(1) A center will inform parents or guardians in writing before pets are allowed in the center.

(2) A center will not allow pets in the kitchen, food serving, food storage areas, bathrooms, or infant room.

(3) A center will inoculate any pets as prescribed by a veterinarian and keep a record of proof of inoculation prior to the pet's presence in the center.

(4) A center will not allow on the premises pets or other animals that are undomesticated, dangerous, contagious or vicious in nature.

(5) Areas of confinement, such as cages and pens, and outdoor areas are cleaned of excrement daily. Animals shall be properly housed, fed and maintained in a safe, clean sanitary and humane condition at all times.

(6) A staff member must be physically present during the handling of all pets or other animals.

[8.16.2.29 NMAC - Rp, 8.16.2.29 NMAC, 10/1/2016; A, 1/1/2022]

8.16.2.30 FAMILY CHILD CARE HOME AND GROUP CHILD CARE HOME REGULATIONS: APPLICABILITY:

A private dwelling required to be licensed under regulations in 8.16.2.31 NMAC through 8.16.2.38 NMAC which meets one of the following criteria.

A. Family child care home - A private dwelling required to be licensed pursuant to these regulations which provides care, services, and supervision to at least five but no more than six children for a period of less than 24 hours of any day. The licensee will reside in the home and be the primary educator. A family day care home intending to provide care for more than two but not to exceed four children under the age of two must be specifically licensed for this purpose.

B. Group child care home - A private dwelling or other building on the premises required to be licensed pursuant to these regulations which provides care, services, and supervision for at least seven but not more than 12 children for a period of less than 24 hours of any day. The licensee will reside in the home and be the primary educator. A group day care home intending to provide care for more than two but not to exceed four children under the age of two must be specifically licensed for this purpose.

[8.16.2.30 NMAC - Rp, 8.16.2.30 NMAC, 10/1/16]

8.16.2.31 LICENSURE REQUIREMENTS FOR HOMES:

A. LICENSING REQUIREMENTS:

(1) APPLICATION FORM: An applicant will complete an application form provided by the licensing authority and include payment for the non-refundable application fee. Applications will be rejected unless all supporting documents are received within six months of the date indicated on the application. A 45 day extension will be granted if the licensee provides documentation to the licensing authority that documents were submitted to the appropriate agencies in a timely manner but, through no fault of their own, they have not received responses from these agencies.

(2) A home will submit a new application to the licensing authority before changing anything required to be stated on the license such as dates, capacity, operator, or address.

(3) BACKGROUND CHECK: In addition to the basic requirements at 8.16.2.19 NMAC of the general provisions an applicant will apply for a national criminal records check. The licensing authority will provide a copy of the most current version of the department's background check and employment history verification provisions (8.8.3 NMAC), regulations, fingerprint instructions, and forms for recording an employment history. The licensee will be responsible for obtaining background checks on all staff members, educators, volunteers, and prospective staff members, educators, volunteers, any person who may have unsupervised physical access to children, and all

adults residing in the home as per the requirements outlined in the department's most current version of the background check and employment history verification provisions. A household member reaching the age of 18 must submit their background check in accordance with the most current provisions of 8.8.3 NMAC within 30 days after their eighteenth birthday. All requirements of the current background check and employment history verification provisions pursuant to 8.8.3 NMAC must be met prior to the issuance of an initial license. Prior to a staff member's employment, a staff member must receive a notice of provisional employment or obtain a background check in accordance with 8.8.3 NMAC. A background check must be conducted in accordance with 8.8.3 NMAC at least once every five years on all required individuals.

(4) ZONING AND OTHER APPROVALS: An applicant will have:

(a) current written zoning approval from the appropriate city, county or state authority;

(b) current written approval of the state fire marshal office or other appropriate city, county or state fire-prevention authority if applicable;

(c) current written approval from the New Mexico environment department or other environmental health authority for: 1) Private water supply, if applicable; 2) Private waste or sewage disposal, if applicable; and 3) A swimming pool, if applicable.

(5) SCHEDULE: All applications for a new license will include a description of the home's proposed activities and schedule.

(6) INITIAL SURVEY: The licensing authority will schedule a survey for a home when it receives a complete application with all supporting documents.

B. CAPACITY OF A HOME:

(1) The number of children in a home, either in total or by age, will not exceed the capacity stated on the license.

(2) The licensing authority will count all children in the care of the licensed home, including the educator's own children under the age of six, in the capacity of a home, even if the children are on a field trip or other outing outside the home. The licensed capacity must not be exceeded by the presence of non-residential school age children.

(3) A home may be licensed for up to 12 children.

(4) A home licensed as a family day care home under these regulations providing care for a maximum capacity of six children may care for up to four children under the age of two providing a second educator is present in the home and the home is licensed to provide such care. A home licensed as a group day care home under

these regulations providing care for a maximum of 12 children may care for up to four children under age two providing a second educator is present in the home and the home is licensed to provide such care.

(5) A home must have 35 square feet of activity and sleeping space per child, excluding bathrooms, kitchens, halls and other built-in fixtures and offsets, with total capacity limited to no more than 12 children. A home must have at least one bathroom with a toilet and sink. For a home licensed for no more than six children, one activity room will be measured. For a home licensed for 12 children, no more than two rooms will be measured. Children shall not be cared for in unlicensed areas of the home.

(6) The home will have an outdoor play area, which must be contained by a fence. Outside play areas must be on the premises or approved by the licensing authority.

C. INCIDENT REPORTING REQUIREMENTS:

(1) The licensee will report to the appropriate authorities the following incidents. After making a report to the appropriate authorities, the licensee shall notify the licensing authority of the incident giving rise to its report as soon as possible but no later than 24 hours after the incident occurred. A report should first be made by telephone and followed with written notification. The licensee shall report any incident that has threatened or could threaten the health and safety of children and staff members, such as, but not limited to:

(a) a lost, or missing or unattended child;

(b) a serious injury;

(c) the abuse or neglect of a child;

(d) fire, flood, or other natural disaster that creates structural damages to a home or poses a health hazard;

(e) any of the illnesses on the current list of notifiable diseases and communicable diseases published by the office of epidemiology of the New Mexico department of health;

(f) any legal action against a home, household member, or staff members;

(g) any incident that could affect the background check eligibility of any cleared person related to this license;

(h) the use of physical or mechanical restraints, unless due to documented emergencies or medically documented necessity; or

(i) any known change in an educator's health condition or use of medication that impairs his or her ability to provide for the health, safety or welfare of children in care.

(2) A home will notify parents or guardians in writing of any incident, including notifiable illnesses, that has threatened the health or safety of children in the home. The licensee shall ensure that it obtains parent or guardian signatures on all incident reports within 24 hours of the incident. The licensee shall immediately notify the parent or guardian in the event of any head injury. Incidents include, but are not limited to, those listed in Paragraph (1) of Subsection C of 8.16.2.31 NMAC.

(3) Incident reports involving suspected child abuse and neglect must be reported immediately to children's protective services and local law enforcement. The licensing authority follows written protocols/procedures for the prioritization, tracking, investigation and reporting of incidents, as outlined in the complaint investigation protocol and procedures.

[8.16.2.31 NMAC - Rp, 8.16.2.31 NMAC, 10/1/2016, A, 10/1/2019, AE; 7/1/2021; A, 1/1/2022]

8.16.2.32 ADMINISTRATIVE REQUIREMENTS FOR HOMES:

A. ADMINISTRATIVE RECORDS: A licensee will post the child care home license in an area readily visible to parents and visitors. The licensee will also keep on file:

(1) all licenses, certificates, and most recent inspection reports of all state and local government agencies with jurisdiction over the home;

(2) the current child care regulations;

(3) the guidance policy;

(4) the current list of notifiable diseases and communicable diseases published by the office of epidemiology of the New Mexico department of health; and

(5) an up to date emergency evacuation and disaster preparedness plan, which shall include steps for evacuation, relocation, shelter-in-place, lock-down, communication, reunification with parents, individual plans for children with special needs and children with chronic medical conditions, accommodations of infants and toddlers, and continuity of operations. The plan shall be approved annually by the licensing authority and the department will provide guidance on developing these plans.

B. MISSION, PHILOSOPHY AND CURRICULUM STATEMENT: All licensed facilities must have a:

(1) mission statement;

(2) philosophy statement; and

(3) curriculum statement.

C. PARENT HANDBOOK: All facilities using these regulations must have a parent handbook. Upon updating the parent handbook, changes must be approved and submitted to licensing and submitted to the licensing authority. After any changes, notices must be sent out to families, parents, or guardians and posted in a common area. The handbook will include the following:

(1) GENERAL INFORMATION:

(a) mission statement;

(b) philosophy statement;

(c) program information (location, license information, days and hours of operation, services offered);

(d) name of licensee and how he/she may be reached;

(e) meals, snacks and types of food served (or alternatively, guidelines for children bringing their own food);

(f) daily schedule;

(g) a statement supportive of family involvement that includes an open door policy to the family or group child care home;

(h) appropriate dress for children, including request for extra change of clothes;

(i) celebrating holidays, birthdays and parties; and

(j) disclosure to parents that the licensee does not have liability or accident insurance coverage.

(2) POLICIES AND PROCEDURES:

(a) enrollment procedures;

(b) disenrollment procedures;

(c) policies and procedures for expulsion of children. Policies and procedures shall include how the home will maintain a positive environment and will focus on preventing the expulsion of children age birth to five. The home must develop policies

that include clear, appropriate, consistent expectations, and consequences to address disruptive student behaviors; and ensure fairness, equity, and continuous improvement;

(d) fee payment procedures, including penalties for tardiness;

(e) notification of absence;

(f) fee credits, if any (e.g., for vacations, absences, etc.);

(g) field trip policies;

(h) health policies (program's policies on admitting sick children, when children can return after an illness, administering medication, and information on common illnesses);

(i) emergency procedures, safety policies, and disaster preparedness plan;

(j) snow days and school closure;

(k) confidentiality policy;

(l) child abuse/neglect reporting procedure;

(m) guidance policy; and

(n) anti-discrimination policy that promotes the equal access of services for all children and families and prohibits discrimination based on race, color, religion, sex (including pregnancy, sexual orientation, or gender identity), national origin, disability, or age (40 or older).

D. CHILDREN'S RECORDS: A home will maintain a complete record for each child, including drop-ins, completed before the child is admitted and kept at the home for 12 months after the child's last day of attendance. Records will contain at least:

(1) PERSONAL INFORMATION:

(a) name of the child, date of birth, gender, home address, mailing address and telephone number;

(b) names of the parents or guardians, the parents or guardians current places of employment, addresses, pager, cellular and work telephone numbers;

(c) a list of people authorized to pick up the child and an authorization form signed by parent or guardian; identification of person authorized by the parent or guardian to pick up the child shall be verified at pick up;

(d) date the child first attended the home and the date of the child's last day at the home;

(e) a copy of the child's up-to-date immunization record or a public health division approved exemption from the requirement. A grace period of a maximum of 30 days will be granted for children in foster care, homeless children and youth, or at-risk children and youth as determined by the department;

(f) a record of any accidents, injuries or illnesses that require first aid or medical attention and any observations of recent bruises, bites or potential signs of abuse or neglect, both of which must be reported to a parent or guardian;

(g) written authorization from the child's parent or guardian to remove a child from the premises to participate in off-site activities; authorization must contain fieldtrip destination, date and time of fieldtrip and expected return time from fieldtrip;

(h) written authorization from the child's parent or guardian for the educator to apply sunscreen, insect repellent and, if applicable, diaper cream to the child;

(i) a record of the time the child arrived and left the home and dates of attendance initialed by a parent, guardian, or person authorized to pick up the child;

(j) an enrollment agreement must be signed by a parent or guardian with an outline of the services and the costs being provided by the home; and

(k) a signed acknowledgement that the parent or guardian has read and understands the parent handbook.

(2) EMERGENCY INFORMATION:

(a) information on any allergies or medical conditions suffered by the child;

(b) the name and telephone number of two people to contact in the local area in an emergency when a parent or guardian cannot be reached; emergency contact numbers must be kept up to date at all times.

(c) the name and telephone number of a physician or emergency medical center authorized by a parent or guardian to contact in case of illness or emergency;

(d) a document giving a home permission to transport the child in a medical emergency and an authorization for medical treatment signed by a parent or guardian; and

(e) if applicable, legal documentation regarding the child, including but not limited to: restraining orders, guardianship, powers of attorney, court orders, and custody by children's protective services.

E. PERSONNEL RECORDS: A home will keep the following records on file and make them available to the licensing authority.

(1) Documentation of a background check and employment history verification for all staff members and all adults living in the home. If a background check is in process for a staff member, then documentation of the notice of provisional employment showing that it is in process must be placed in the file. A background check must be conducted at least once every five years on all required individuals.

(2) An annual signed statement that the staff member would or would not be disqualified as a direct provider of care under the most current version of the background checks and employment history verification provisions pursuant to 8.8.3 NMAC.

(3) A record of the time the second educators arrived at and left work, to include breaks and lunch.

(4) A written plan for ongoing professional development for each educator that is based on the seven areas of competency, consistent with the career lattice, and based on the individual's goals. Family child care homes who do not have employees are exempted from this requirement.

F. PERSONNEL HANDBOOK: The educator will give each non-resident employee a personnel handbook that covers all matters relating to employment. Upon updating the personnel handbook, changes must be approved and submitted to the licensing authority. After any changes, notices must be sent out to families, parents, or guardians and posted in a common area. The handbook will include the following critical contents:

(1) job description of second educator;

(2) benefits, if provided, including vacation days, sick leave, professional development days, health insurance, break times, etc.;

(3) code of conduct;

(4) training requirements, professional development opportunities;

(5) procedures and criteria for performance evaluations;

(6) policies on absence from work;

(7) procedures for resignation or termination;

(8) copy of licensing regulations;

(9) policy on parent involvement;

(10) health policies related to both children and staff;

(11) policy on sexual harassment;

(12) child guidance policy;

(13) anti-discrimination policy that promotes the equal access of services for all children and families and prohibits discrimination based on race, color, religion, sex (including pregnancy, sexual orientation, or gender identity), national origin, disability, or age (40 or older);

(14) confidentially statement; and

(15) plan for retention of qualified staff.

[8.16.2.32 NMAC - Rp, 8.16.2.32 NMAC, 10/1/2016, A, 10/1/2019; A, 1/1/2022]

8.16.2.33 PERSONNEL AND STAFFING REQUIREMENTS FOR HOMES:

A. PERSONNEL AND STAFFING REQUIREMENTS:

(1) A licensee will not allow any staff member, including the licensee, or any other adult living in the home involved in an incident which would disqualify that staff member or other adult under the department's most current version of the background check and employment history verification provisions pursuant to 8.8.3 NMAC to continue to work directly or unsupervised with children or to reside in the home.

(2) All staff members will demonstrate the ability to perform essential job functions that reasonably ensure the health, safety and welfare of children in care.

(3) Educators who work directly with children and who are counted in the staff/child ratios must be 18 years of age or older.

(4) The licensee shall be in the licensed child care home during at least seventy-five percent of the home's core hours of operation.

(5) Substitutes, volunteers and part time second educators counted in the staff/child ratios shall meet the same requirements as regular staff members, except for training requirements. Substitutes and part time second educators routinely employed in the home but working 20 hours or less a week shall complete half the required training hours. Such employees working more than 20 hours per week shall complete all required training hours. The primary educator in a licensed home shall complete all required training hours, regardless of the number of hours worked.

(6) A home licensed to provide care for six or fewer children will have at least one educator in the home at all times. A home licensed to provide care for more than

two children under the age of two will have at least two educators in the home at all times.

(7) A home licensed for seven to 12 children will have at least two educators at the home when more than six children are present or when more than two children under the age of two are present.

(8) Children will never be left unattended. An educator will be with the children at all times whether activities are inside or outside of the home. Educators will be onsite, available and responsive to children during all hours of operation. Providers and secondary caregivers shall perform headcounts at regular intervals throughout the day.

B. STAFF QUALIFICATIONS AND TRAINING:

(1) All new educators regardless of the number of hours per week will complete the following training within three months of their date of hire. All current educators will have three months to comply with the following training from the date these regulations are promulgated:

(a) prevention and control of infectious diseases (including immunization);

(b) prevention of sudden infant death syndrome and use of safe sleeping practices;

(c) administration of medication, consistent with standards for parental consent;

(d) prevention of and response to emergencies due to food or other allergic reactions;

(e) building and physical premises safety, including identification of and protection from hazards that can cause bodily injury such as electrical hazards, bodies of water, and vehicular traffic;

(f) prevention of shaken baby syndrome and abusive head trauma;

(g) emergency preparedness and response planning for emergencies resulting from a natural disaster, or a man-caused;

(h) handling and storage of hazardous materials and the appropriate disposal of bio contaminants;

(i) precautions in transporting children (if applicable);

(j) first aid and cardiopulmonary resuscitation (CPR) awareness with a pediatric component; and

(k) recognition and reporting of child abuse and neglect.

(2) A home will keep a training log on file including the date of the training, name of educator, hours earned, subject/competency area, source of training, and training certificates.

(3) Educators working for a home will receive at least 12 documented hours of training during each year, including six hours in child growth and development and three hours in health, safety, nutrition, and infection control. The three remaining training hours must be within the seven competency areas. The competency areas are:

(a) child growth, development and learning;

(b) health, safety, nutrition and infection control;

(c) family and community collaboration;

(d) developmentally appropriate content;

(e) learning environment and curriculum implementation;

(f) assessment of children and programs; and

(g) professionalism.

(4) An educator cannot count more than three hours in first aid or CPR training toward the total hours required. Online first aid and CPR training will not be approved unless there is a hands-on component included. In-person requirements may be waived in case of an emergency. For this purpose, a year begins and ends at the anniversary date of employment. Training must be provided by individuals who are registered on the New Mexico trainer registry. On-line training courses shall count for no more than eight hours each year. If the 45-hour entry level course or its equivalent is taken online, it is exempt from the online training limitation. Identical trainings shall not be repeated for the purpose of obtaining credit.

(5) Infant and toddler educators must have at least two hours of training in infant and toddler care within six months of starting work. The two hours will count toward the 12-hour requirement in Paragraph (2).

(6) The primary educator will complete the 45-hour entry level course or approved three-credit early care and education course or an equivalent approved by the department prior to or within six months of employment.

(7) A home must have all educators certified in first aid and cardio-pulmonary resuscitation (CPR) with a pediatric component. Staff shall obtain the first aid and CPR certification within three months of being hired. All staff shall maintain current first aid and CPR certification. Prior to licensure, the primary caregiver shall have CPR certification.

[8.16.2.33 NMAC - Rp, 8.16.2.33 NMAC, 10/1/2016, AE; 7/1/2021; A, 1/1/2022]

8.16.2.34 SERVICES AND CARE OF CHILDREN IN HOMES:

A. GUIDANCE:

(1) A home will have written policies and procedures clearly outlining guidance practices. Care-givers will give this information to all parents and staff who will sign a form to acknowledge that they have read and understand these policies and procedures.

(2) Guidance will be consistent and age appropriate.

(3) Guidance shall be positive and include redirection and clear limits that encourage the child's ability to become self-disciplined. The use of physical or mechanical restraints is prohibited unless due to documented emergencies or medically documented necessity.

(4) A home will not use the following disciplinary practices:

(a) physical punishment of any type, including shaking, biting, hitting, pinching or putting anything on or in a child's mouth;

(b) withdrawal of food, rest, bathroom access, or outdoor activities;

(c) abusive or profane language, including yelling;

(d) any form of public or private humiliation, including threats of physical punishment; or

(e) unsupervised separation.

(5) Children will not be lifted by the arms, hands, wrist, legs, feet, ankles, or clothing.

B. NAPS OR REST PERIOD:

(1) A home will provide physical care appropriate to each child's developmental needs that will include a supervised rest period.

(2) A home shall allow children who do not sleep to get up and participate in quiet activities that do not disturb the other children.

(3) Each child will have an individual bed, cot, or mat that is sanitized after each use, regardless of the same child using the mat or cot. Linens can be used multiple times over the course of a week but must be laundered before being used by another child.

(4) Cribs, cots or mats shall be spaced at least 30 inches apart to permit easy access by adults to each child. If the room used for sleeping cannot accommodate 30 inches of spacing between children, educators shall space children as far as possible from one another. There must be enough room to permit easy access to all children without moving cribs, cots or mats. Cots or mats will have a nonabsorbent, cleanable surface. Mats will be at least three-fourths of an inch thick. Mats and cots shall be cleaned and linens must be laundered before being used by another child.

(5) Educators shall ensure that nothing covers the face or head of a child aged 12 months or younger when the child is laid down to sleep and while the child is sleeping. Educators shall not place anything over the head or face of a child over 12 months of age when the child is laid down to sleep and while the child is sleeping.

(6) Children with disabilities or medical conditions that require unusual sleeping arrangements will have written authorization from physician justifying the sleeping arrangement. A physician's note must contain a timeframe for the specific sleep arrangement. The facility shall adhere to the timeframe recommended by the doctor.

(7) Illumination equivalent to that cast by a soft night light shall be operational in areas that are occupied by children who are napping or sleeping. Illumination must be enough to see the entire room, clearly observe sleeping children and allow for quiet activities for non-sleeping children.

(8) Children shall be directly supervised during naptime.

(9) All children shall sleep in the licensed area of the home. No children shall be allowed to sleep behind closed doors.

C. ADDITIONAL REQUIREMENTS FOR INFANTS AND TODDLERS:

(1) The home will provide a crib for each infant and, when appropriate, for a toddler.

(2) Cribs will meet the most current federal standards and be kept in good repair. A home will not use plastic bags or lightweight plastic sheeting to cover a mattress and will not use pillows in cribs. No child shall be allowed to sleep in a play

pen, pack and play, infant swing, car seat and/or bouncer. Only a crib meeting the CPSC 16 CFR 1219 or 1220 guidelines will be allowed.

(3) No child will be allowed to sleep in a playpen, pack and play, car seat, stroller, swings, bouncers or highchairs, or other equipment not intended for sleep purposes.

(4) Children under the age of 12 months shall be placed on their backs when sleeping unless otherwise authorized in writing by a physician. Providers shall place infants in cribs for safe sleeping.

(5) A home will not admit any child under the age of six weeks except with the written approval of a licensed physician.

(6) Throughout the day, an educator will give each infant and toddler physical contact and attention. An educator will hold, talk to, sing to and take inside and outside walks with the child. An educator will respond immediately to all cries of infants and to the cries of all children within two minutes.

(7) An educator will use routine activities such as nap time, feeding, diapering and toileting as opportunities for language development and other learning.

(8) Infants shall not be allowed to be confined to one area for prolonged periods of time unless the infant is content and responsive. Children that are awake should be moved every 30 minutes to offer new stimulation.

(9) A home will arrange the sleeping and play areas so that children in the play area do not disturb sleeping children.

(10) Infants shall either be held or be fed sitting up for bottle-feeding. Infants unable to sit shall always be held for bottle-feeding. Infants and toddlers shall not be placed in a laying position while drinking bottles or sippy cups. The carrying of bottles and sippy cups by young children throughout the day or night shall not be permitted.

(11) Children will not be allowed to walk or run with pacifiers. Pacifiers will not be used outside of cribs in rooms with mobile infants or toddlers. Pacifiers will be labeled and not shared. Pacifiers will not be tied to the child. Pacifiers that contact the floor or ground will be cleaned and sanitized appropriately.

(12) Each infant shall be allowed to form and observe his or her own pattern of feeding, sleeping, and waking periods.

(13) Food served shall meet the nutritional needs of the infant or toddler. Foods shall be developmentally appropriate for each infant served.

D. DIAPERING AND TOILETING:

(1) An educator will plan toilet training with a parent so the toilet routine is consistent. A home will not attempt to toilet train a child who is not developmentally ready.

(2) A home will change wet and soiled diapers and clothing promptly. Staff members will wear non-porous, single use gloves when changing a diaper and wash their hands after changing a diaper. Food service gloves are not permissible for diaper changing.

(3) A home will have a supply of dry, clean clothing and diapers sufficient to meet the needs of the child. A home will label diapers and diapering supplies for each child and store them separately. Diaper bags will be inaccessible to children.

(4) An educator will change a child's diaper on a clean, safe, waterproof surface and discard any disposable cover and disinfect the surface after each diaper change. Soiled diapers shall be stored in a secure container with a tight-fitting lid to assure proper hygiene and control of odors.

E. ADDITIONAL REQUIREMENTS FOR CHILDREN WITH SPECIAL NEEDS:

(1) Child care facilities are responsible for staff awareness of community resources for families of children with disabilities, including children under the age of five years as well as those of school age. If family or group home educators believe that a child may have a delay or disability, possible resources for referral and assistance are provided to parents when appropriate. No referral for special needs services to an outside agency will be made without a parent's consent. Family Education Right and Privacy Act (FERPA) will be respected at all times.

(2) Child care facilities are responsible for staff awareness of the Americans with Disabilities Act (ADA) as it relates to enrolling and caring for children with disabilities.

F. NIGHT CARE: In addition to all other requirements, a home providing night care will have an educator onsite, physically available and responsive to children who need attention during the night.

G. PHYSICAL ENVIRONMENT:

(1) Environment shall be organized into functional identifiable learning areas. Family child care homes that have dedicated space shall have at least four of the following learning areas. Family child care homes that do not have dedicated space shall have at least three of the following learning areas:

(a) a place for messy play;

(b) a place for loud, active play;

(c) a place for playing quietly;

(d) a place to pretend; and

(e) a place to read.

(2) Each learning area is clearly defined, using shelves and furniture.

(3) Adults can visually supervise all centers at all times.

(4) Learning areas have adequate space and noisy and quiet areas are arranged so that children's activities can be sustained without interruption.

(5) Materials are well cared for and organized by type. Where appropriate, materials are labeled with words or pictures. Adaptations to materials are made when needed to accommodate various abilities of all children. Unused materials are stored in inaccessible storage.

(6) Examples of children's individually expressed artwork are displayed in the environment at the children's eye level.

(7) Floor surface is suitable for activities that will occur in each learning area.

(8) File and storage space is available for educators' materials.

H. SOCIAL-EMOTIONAL RESPONSIVE ENVIRONMENT:

(1) Educators remain calm in stressful situations.

(2) Educators are actively engaged with children. Educators talk, actively listen and respond to children appropriately by responding to children's questions and acknowledging their comments, concerns, emotions and feelings.

(3) Educators help children communicate their feelings by providing them with language to express themselves.

(4) Educators model appropriate social behaviors, interactions and empathy. Educators respond to children that are angry, hurt, or sad in a caring and sensitive manner. Educators make appropriate physical contact to comfort children who are distressed.

I. EQUIPMENT AND PROGRAM:

(1) Toys and equipment must be safe, durable, and easy to clean, non-toxic and sanitized daily. Toys shall be disinfected, at a minimum of, once per week.

Frequency of disinfection of toys must be increased in the event of a communicable disease, following appropriate guidance.

(2) A home will not use accordion-style baby gates.

(3) A home will provide sufficient equipment, materials, and furnishings for both indoor and outdoor activities so that at any one time, each child can be individually involved.

(4) A home will store equipment and materials for children's use within easy reach of the children, including those with disabilities. A home will store the equipment and materials in an orderly manner so children can select and replace the materials by themselves or with minimal assistance.

(5) A home will provide children with toys and other materials that are safe, developmentally appropriate, and encourage the child's creativity, social interaction, and a balance of individual and group play.

(6) A home will post a daily activity schedule. A home will follow a consistent pattern for routine activities such as meals, snacks and rest.

(7) Media viewing will not be permitted for children less than two years of age. Media viewing for children two years and older will be limited to six hours per month, but not to exceed one full length film in one day. Programs, movies, music and music programs shall be age appropriate and shall not contain adult content. Media viewing includes all of the above as well as computers, tablets, phones, smart devices and screen-based learning equipment. An exception is media that is used for curriculum-based purposes or led by an educator.

(8) Children and family members shall be acknowledged upon arrival and departure.

(9) Full-time children shall have a minimum of 60 minutes of physical activity daily, preferably outside. Part time children shall have a minimum of 30 minutes of physical activity daily, preferably outside. The provider will ensure drinking water is available and maintained at a cool temperature while playing outside.

(10) Equipment and program requirements apply during all hours of operation of the licensed facility.

J. OUTDOOR PLAY:

(1) Outdoor play equipment used in child care homes shall be:

(a) intended for public (non-residential) use and installed and maintained according to the manufacturer's instructions; or

(b) if intended for residential use, shall be safe and securely anchored.

(2) A home will enclose the outdoor play area with a fence at least four feet high and with at least one latched gate available for an emergency exit.

(3) A home will place sufficient energy absorbing surfaces beneath climbing structures, swings and slides. Based on the consumer product safety commission (CPSC) playground guidelines, grass, artificial turf, and rubber play mats are not energy absorbent material (as determined by Subsection P of 8.16.2.8 NMAC).

Critical Heights of Playground Equipment for Various Types and Depths of Resilient Surfaces Based on Information from the U.S. CONSUMER PRODUCT SAFETY COMMISSION (CPSC Publication No. 325), Handbook for Public Playground Safety.
When no requirement is provided for a specific height of equipment, we have used the requirement for the next higher height, so requirements are conservative, erring on the side of safety.

Equipment Height	Wood Chips	Double Shredded Bark	Uniform Wood Chips	Fine Sand	Coarse Sand	Fine Gravel
	Uncompressed Depths of Materials In Fall Zone					
Five feet or less	6 inches	6 inches	6 inches	6 inches	6 inches	6 inches
Six feet	6 inches	6 inches	6 inches	12 inches	12 inches	6 inches
Seven feet	6 inches	9 inches	9 inches	12 inches	12 inches	9 inches
Eight feet	9 inches	9 inches	12 inches	12 inches	12 inches	12 inches
Nine Feet	9 inches	9 inches	12 inches	12 inches	N/A	12 inches
Ten Feet	9 inches	9 inches	12 inches	N/A	N/A	12 inches

For poured or installed foam or rubber surfaces, the materials must meet the ASTM F1292 requirements with written verification from the manufacturer.

(4) The use of a trampoline is prohibited at any time during the hours of operation or by any children receiving care at the facility.

(5) Children shall be protected from the sun during outdoor play by providing shade (as necessary), sunscreen, proper attire and limiting the time of exposure to the elements. The provider must also consider instructions by the child's parent or guardian. Drinking water should be available as needed and outlined in Paragraph (11) of Subsection I of 8.16.2.34 NMAC.

K. SWIMMING, WADING AND WATER:

(1) Each child will have written permission from a parent or guardian before the child enters a pool.

(2) If a home has a portable wading pool:

(a) a home will drain and fill the wading pool with fresh water daily and disinfect the pool regularly;

(b) a home will empty a wading pool when it is not in use and remove it from areas accessible to children; and

(c) a home will not use a portable wading pool placed on concrete or asphalt.

(3) If a home has a built in or above ground swimming pool, ditch, fishpond or other water hazard:

(a) the fixture will be constructed, maintained and used in accordance with applicable state and local regulations;

(b) the fixture will be constructed and protected so that, when not in use, it is inaccessible to children; and

(c) when in use, children will be constantly supervised and the number of adults present will be increased to ensure adequate safety for the ages, abilities and type of water hazard in use.

(4) The following ratios shall be observed for swimming pools more than two feet deep:

Ratio for swimming pools more than two feet deep		
Age of the youngest child	Number of educators, lifeguards or volunteers	Number of children
0-23 months	1	1
2 years	1	2
3 years	1	6
4 years	1	8
5 years	1	10
6 years and older	1	12

L. FIELD TRIPS:

(1) A home will ensure the children's safety on field trips and excursions. See Subparagraph (g) of Paragraph (1) of Subsection D of 8.16.2.32 NMAC for information on permission slips.

(2) Children will not go to a private residence other than the licensed home unless accompanied by two adults.

[8.16.2.34 NMAC - Rp, 8.16.2.34 NMAC, 10/1/2016, AE; 7/1/2021; A, 1/1/2022]

8.16.2.35 FOOD SERVICE REQUIREMENTS FOR HOMES:

A. MEAL PATTERN REQUIREMENTS: All foods prepared by the home will conform to the guidelines from United States department of agriculture's (USDA's) child and adult care food program (CACFP) for foods, meal patterns and serving sizes.

B. MEALS AND SNACKS:

(1) A home will provide a child a meal or snack at least every three hours except when the child is sleeping at night.

(2) A home will serve if necessary a child a therapeutic or special diet with a written prescription/diet order from a physician or a registered or licensed dietician. Diet orders must be complete and descriptive, and not subject to interpretation by the educators.

(3) A home shall make water freely available to children.

(4) A home that provides daily meals and snacks shall plan these to meet the minimum standards in the CACFP and to be consistent with the USDA's current dietary guidelines for Americans, to include the following. Parents of children who have special dietary needs may provide written permission to the child care program to exempt their child from the following requirements if necessary due to such special dietary needs.

(a) Only one hundred percent fruit or vegetable juice shall be served. The use of fruit drinks containing less than one hundred percent or artificially flavored drinks for meals or snacks is prohibited. one hundred percent fruit or vegetable juice may be diluted with water.

(b) Only whole, pasteurized fluid milk shall be served to children between 12 and 24 months of age; reduced fat, low fat, or skim milk may be served to children who are two years and older.

(c) A wide variety of fruits and vegetables shall be served, with a preference for fresh or frozen fruits and vegetables over canned.

(5) A home will vary snacks each day and will include a selection of two different food group components from the four food group components.

C. MENUS:

(1) Weekly menus must be dated and posted in an area easily visible to parents.

(2) Menus shall be posted at least one week in advance, in a conspicuous place, for review by parents, educators and children.

(3) Menus shall include a variety of foods. The same menu will not be served twice in one week.

D. KITCHENS:

(1) A home will not allow children in the kitchen except under careful supervision.

(2) A food preparer will thoroughly wash all raw fruits and vegetables before cooking or serving.

(3) A home will serve food promptly and refrigerate immediately after use. Foods served will meet the nutritional needs of the infant or toddler. Foods will have the proper texture and consistency for each infant served.

(4) A home will protect food and drink from insects, rodents, and other vermin by properly storing items in an airtight container or by tightly wrapping them. A home will label and date all leftover food.

(5) If food is brought from the child's home, a home will label it with the child's name and refrigerate if necessary. A home will label and refrigerate bottles of infant formula or breast milk. Labeling is not necessary if only one child is using bottles.

(6) A home will keep food requiring refrigeration, including formula, at 41 degrees Fahrenheit or below, and frozen food at 0 degrees Fahrenheit or below.

(7) Refrigerators and separate freezers will have working internal thermometers.

(8) A home will discard any leftover milk or formula, rinse bottles after use and sanitize bottles before reuse.

(9) A home will sanitize eating utensils, dishes and cups before re-use by washing them in a dishwasher or by completing the following steps: 1) wash with soapy water; 2) rinse with clean warm water; and 3) sanitize.

(10) A home will use cleaning materials for the kitchen and food preparation areas only in the kitchen and will store the materials separately from food.

(11) A home shall thoroughly sanitize food preparation surfaces before and after each use.

E. MEAL TIMES:

(1) A home will equip dining areas with tables, chairs, eating utensils and dishes appropriate to the age of the children served. Areas will be sanitized before and after each use.

(2) A home will provide sanitary cups or glasses for drinking water. Infants and toddlers shall be offered water from a cup. Toddlers shall be encouraged to hold and drink from a cup, use a spoon, and to use their fingers for self-feeding. A home will not allow children to share drinking or eating utensils. Disposable plates, cups and plastic utensils of food-grade, medium weight may be used for single service. Styrofoam cups may not be used at any time.

(3) Time allowed for meals shall enable children to eat at a reasonable rate.

[8.16.2.35 NMAC - Rp, 8.16.2.35 NMAC, 10/1/2016; A, 1/1/2022]

8.16.2.36 HEALTH AND SAFETY REQUIREMENTS FOR HOMES:

A. HYGIENE:

(1) Children and staff members will wash their hands with soap and warm running water as needed. Water basins shall not be used as an alternative to running water. Staff and children will wash their hands whenever hands are contaminated with body fluids and always:

(a) after using a toilet, assisting a child with toilet use, or changing a diaper;

(b) before and after caring for a sick child;

(c) before any food service activity, including setting the table;

(d) before and after eating or feeding a child;

(e) after handling pets or animals or items used by animals such as water and food bowls; and

(f) after handling trash.

(2) A home will label with the child's name and store separately any item used for an individual child's personal hygiene.

B. FIRST AID REQUIREMENTS:

(1) A home will keep a first-aid kit and a first-aid manual together in the home in a location inaccessible to children and easily accessible to adults. The first aid kit will contain, at a minimum: band aids, gauze pads, adhesive tape, scissors, soap, non-porous gloves, and a thermometer.

(2) A home will treat blood spills cautiously and promptly disinfect the area. Staff members will wear non-porous, single-use gloves when handling a blood spill, bloody diarrhea, bloody nose, or any other blood. A home will clean contaminated surfaces first with hot soapy water then with a disinfecting solution, which is effective against HIV and hepatitis B.

(3) If a home promotes tooth brushing activities, the provider will store toothbrushes so that they do not drip on other toothbrushes and so that they are separate from one another, with bristles exposed to the air to dry, labeled and not in contact with any other surface.

C. MEDICATION:

(1) A home will keep all medications in a locked and identified container inaccessible to children and will refrigerate medications when necessary. If the refrigerator is inaccessible to children, medications do not need to be in a locked container in the refrigerator.

(2) Homes will give medication only with written permission from parents or guardian, to be administered according to written directions from the prescribing physician. In the case of non-prescription medication, written instructions must be provided by the parent or guardian. For the purpose of this requirement (Paragraph (2) of Subsection C of 8.16.2.36) only, non-prescription medications include sunscreen, insect repellent and diaper creams or other over the counter medications. With written authorization from the child's parent or guardian, sunscreen and insect repellant may be shared. Diaper cream shall not be shared.

(3) The licensee will be responsible for giving medication to children. The designated staff member will ensure non-prescription and prescription medications have a label with the child's name and the date the medication was brought to the home. A home will keep non-prescription and prescription medication in the original container with written instructions, including the name of medication, the dosage, and the hours and dates the child should receive the medicine.

(4) The licensee will keep and sign a written record of the dosage, date and time a child is given medication. This information will be provided to the parent or guardian who will initial/date acknowledgment of information received on the day the medication is given.

(5) When the medication is no longer needed, it shall be returned to the parents or guardians or destroyed. The home shall not administer expired medication.

D. ILLNESS AND NOTIFIABLE DISEASES:

(1) Children or staff members absent due to any notifiable disease will not return to the home without a signed statement from a physician.

(2) A home will separate and constantly observe a child who becomes sick at the home and promptly notify a parent or guardian of the child's illness.

(3) A home will send a child home when:

(a) the child's oral temperature is 101 degrees Fahrenheit or greater or armpit temperature is 100.4 degrees Fahrenheit or greater and the child shows signs of illness or behavior changes; or

(b) the educator observes signs of contagious disease or severe illness.

[8.16.2.36 NMAC - Rp, 8.16.2.36 NMAC, 10/1/2016, AE; 7/1/2021; A, 1/1/2022]

8.16.2.37 TRANSPORTATION REQUIREMENTS FOR HOMES:

A. When a home provides transportation to children, it is responsible for the care of children from the time of pick up to delivery to a responsible adult. All vehicles used for transportation of children will have an operable, fully-charged fire extinguisher, first-aid kit, first-aid manual, water and blanket.

B. A home will license all vehicles used for transporting children and will meet all applicable state vehicle laws. A child shall be transported only if the child is properly secured in a child passenger restraint device or by a safety belt as follows.

(1) Children less than one year of age shall be properly secured in a rear-facing child passenger restraint device that meets federal standards, in the rear seat of a vehicle that is equipped with a rear seat. If the vehicle is not equipped with a rear seat, the child may ride in the front seat of the vehicle if the passenger-side air bag is deactivated or if the vehicle is not equipped with a deactivation switch for the passenger-side air bag.

(2) Children one year of age through four years of age, regardless of weight, or children who weigh forty pounds, regardless of age, shall be properly secured in a child passenger restraint device that meets federal standards.

(3) Children five years of age through six years of age, regardless of weight, or children who weigh less than 60 pounds, regardless of age, shall be properly secured in either a child booster seat or an appropriate child passenger restraint device that meets federal standards.

(4) Children seven years of age through 12 years of age shall be secured in a child passenger restraint device or by a seat belt.

C. Vehicles used for transporting children will be enclosed and properly maintained. Vehicles shall be cleaned and inspected inside and out.

D. A home will load and unload children at the curbside of the vehicle or in a protected parking area or driveway. The home will ensure children do not cross a street unsupervised after leaving the vehicle.

E. No one will smoke, use e-cigarettes or vaporizers in a vehicle used for transporting children.

F. Children may be transported only in vehicles that have current registration and insurance coverage. All drivers must have current driver's license and comply with motor vehicle and traffic laws. Persons who have been convicted in the last seven years of a misdemeanor or felony DWI/DUI cannot transport children under the auspices of a licensed facility.

G. At least one adult transporting children shall be currently certified in first aid and cardiopulmonary resuscitation with a pediatric component.

H. Vehicles operated by the home provider to transport children shall be air-conditioned whenever the outside air temperature exceeds 82 degrees Fahrenheit. If the outside air temperature falls below 50 degrees Fahrenheit the provider will ensure the vehicle is heated.

I. Providers will conduct frequent head counts on all trips and when loading and unloading the vehicle.

[8.16.2.37 NMAC - Rp, 8.16.2.37 NMAC, 10/1/2016, AE; 7/1/2021; A, 1/1/2022]

8.16.2.38 BUILDING, GROUND AND SAFETY REQUIREMENTS FOR HOMES:

A. HOUSEKEEPING:

(1) An educator will keep the premises, including furniture, fixtures, toys and equipment clean, safe, and free of debris and potential hazards.

(2) Materials dangerous to children must be secured in a manner making them inaccessible to children and away from food storage or preparation areas.

(3) All garbage and refuse receptacles in kitchens and in outdoor areas will have a tight fitting lid, be durable and constructed of materials that will not absorb liquids.

B. PEST CONTROL:

(1) All licensed child care homes must use a New Mexico licensed pest applicator whenever applying pesticides on the home's buildings and grounds.

(2) The pest control company may not apply pesticides when children are on the premises.

(3) Parents, guardians, and staff must be notified at least two days prior to spraying or applying pesticides and insecticides.

(4) All food storage, preparation, and serving areas must be covered and protected from spraying or application of pesticides, herbicides, weed killer and other natural repellants.

C. MECHANICAL SYSTEMS:

(1) A home will maintain comfortable temperatures (68 degrees through 82 degrees Fahrenheit) in all rooms used by children. A home may use portable fans if the fans are secured and inaccessible to children and do not present any tripping, safety or fire hazards. In the event air temperature in a home exceeds the 82 degrees Fahrenheit in the summer months because of evaporative cooler temperature limitations, it will be verified that cooling equipment is functioning, is being maintained, and that supplemental aides have been employed, such as, but not limited to: ceiling fans, portable fans, or portable evaporative coolers.

(2) A home will not use unvented heaters, open flame heaters or portable heaters. A home will install barriers or take other steps to ensure heating units, are inaccessible to children. Heating units include hot water pipes, infrared heaters, ceramic heaters, hot water baseboard heaters hotter than 110 degrees Fahrenheit, fireplaces, fireplace inserts and wood stoves.

(3) A home must maintain all heating and cooling equipment so that it is in good working order.

(4) A home will provide fresh air and control odors by either mechanical or natural ventilation. If a home uses a window for ventilation, it will have a screen. If a door is used for fresh air ventilation, it must have a screen door.

(5) Water coming from a faucet will be below 110 degrees Fahrenheit. A home will install a tempering valve ahead of all domestic water-heater piping.

(6) All food preparation areas, sinks, washrooms, laundries and bathrooms will have hot and cold running water under pressure.

D. LIGHTING, LIGHTING FIXTURES AND ELECTRICAL:

(1) A home will use U/L approved equipment only and will properly maintain this equipment.

(2) All electrical outlets within reach of children will be safety outlets or will have protective covers.

(3) The use of multi-prong or gang plugs is not allowed. Surge protectors are not gang plugs under these regulations.

E. EXITS: When an activity area does not have a door directly to the outside, at least one window in each activity area must be useable for an emergency exit. All activity spaces for children under the age of two and a half years shall be on the "level of exit discharge " or ground floor.

F. TOILET AND BATHING FACILITIES:

(1) All toilet rooms will have toilet paper, soap and disposable towels at a height accessible to children. A home will not use a common towel or wash cloth.

(2) All closets and bathroom locks must have an outside release. A home will enclose all bathrooms. Bathrooms must be accessible to the children in care and fully functional.

G. SAFETY COMPLIANCE:

(1) A home will have an operating smoke detector in each child-activity room and in each room in which a child sleeps.

(2) A home must be equipped with carbon monoxide detectors to cover all licensed areas of the home if the child care program uses any sources of coal, wood, charcoal, oil, kerosene, propane, natural gas, or any other product that can produce carbon monoxide indoors. Carbon monoxide detectors should be installed and maintained according to the manufacturer's instructions. A center must comply with this requirement by July 1,2022.

(3) A home will have a fully-charged 210ABC extinguisher mounted in the kitchen in a visible and easily accessible place. A professional will inspect each fire extinguisher once a year and fire extinguishers will have official tags noting the date of inspection.

(4) A home will conduct at least one fire drill each month and an emergency preparedness practice drill at least quarterly beginning January of each calendar year. A home will hold the drills at different times of the day and will keep a record of the drills with the date, time, number of adults and children participating, and any problems.

(5) A home will keep a telephone in an easily accessible place for calling for help in an emergency and will post emergency phone numbers for fire, police, ambulance and the poison control center next to the phone. Emergency numbers shall be posted on any cordless or cellular telephones. A cellular telephone is acceptable as

the only telephone in the home. The cellular telephone will remain in the same room, always charged and accessible to a caregiver.

H. SMOKING, FIREARMS, ALCOHOLIC BEVERAGES, ILLEGAL DRUGS AND CONTROLLED SUBSTANCES: A home will prohibit smoking, e-cigarettes, vaporizers, and the drinking of alcoholic beverages in all areas, including vehicles, when children are present. A home will unload all guns, such as pellet or BB guns, rifles and handguns, lethal and non-lethal weapons and keep them in a locked area inaccessible to children. Possessing or knowingly permitting illegal drugs, paraphernalia, or non-prescription controlled substances to be possessed or sold on the premises at any time regardless of whether children are present is prohibited.

I. PETS:

(1) A home will inform parents or guardians in writing before pets are in the home.

(2) A home will inoculate any pets as prescribed by a veterinarian and keep a record of proof of inoculation prior to the pet's presence in the home.

(3) A home will not allow on the premises pets or other animals that are undomesticated, dangerous, contagious or vicious in nature.

(4) Areas of confinement, such as cages and pens, and outdoor areas are cleaned of excrement daily. Animals shall be properly housed, fed and maintained in a safe, clean sanitary and humane condition at all times.

(5) An educator must be physically present during the handling of all pets or other animals.

[8.16.2.38 NMAC - Rp, 8.16.2.38 NMAC, 10/1/2016; A, 1/1/2022]

8.16.2.39 REGULATIONS FOR PROGRAMS OFFERING ONLY OUT OF SCHOOL TIME CARE: APPLICABILITY:

A child care program required to be licensed under 8.16.2.40 NMAC through 8.16.2.47 NMAC of this regulation provides a variety of developmentally appropriate activities that are both educational and recreational at a specific site, usually a school, on a regular basis before or after school or when school is not in regular session to children age five to 18 years, and not exempted from regulation under any of the exceptions listed in 8.16.2.9 NMAC.

[8.16.2.39 NMAC - Rp 8.16.2.39 NMAC, 10/1/16]

8.16.2.40 LICENSURE REQUIREMENTS FOR OUT OF SCHOOL TIME CARE:

A. LICENSING REQUIREMENTS:

(1) APPLICATION FORM: An applicant will complete an application form provided by the licensing authority and include payment for the non-refundable application fee. Applications will be rejected unless all supporting documents are received within six months of the date indicated on the application. A 45 day extension will be granted if the licensee provides documentation to the licensing authority that documents were submitted to the appropriate agencies in a timely manner but, through no fault of their own, they have not received responses from these agencies.

(2) A program will submit a new application to the licensing authority before changing anything that is stated on the license such as dates, capacity, director, address, etc.

(3) BACKGROUND CHECK: The licensing authority will provide a copy of the most current version of the department's background check and employment history verification provisions (8.8.3 NMAC), regulations, fingerprint instructions, and forms for recording an employment history. The licensee will be responsible for obtaining background checks on all staff members, educators, volunteers, and prospective staff members, educators, volunteers, any person who may have unsupervised physical access to children, and all adults residing in the home as per the requirements of the most current version of the department's background check and employment history verification provisions. All requirements of the current background check and employment history verification provisions pursuant to 8.8.3 NMAC must be met prior to the issuance of an initial license. Prior to a staff member's employment, a staff member must receive a notice of provisional employment or obtain a background check in accordance with 8.8.3 NMAC. A background check must be conducted in accordance with 8.8.3 NMAC at least once every five years on all required individuals.

(4) ZONING, BUILDING AND OTHER APPROVALS: An applicant will use the approvals provided to the schools and community centers as long as the approvals are current according to the applicable department's requirements. Acceptable documents will be provided to the licensing authority before licensure. Otherwise, an applicant will have:

(a) current written zoning approval from the appropriate city, county or state authority;

(b) current written building approval, such as a certificate of occupancy, from the appropriate city, county or state authority;

(c) current written approval of the state fire marshal office or other appropriate city, county or state fire-prevention authority; and

(d) current written approval from the New Mexico environment department or other environmental health authority for:

(i) a kitchen, if meals are prepared and served on site in the program;

(ii) private water supply, if applicable;

(iii) private waste or sewage disposal, if applicable; and,

(iv) a swimming pool, if applicable.

(5) ACCESS REQUIREMENTS FOR INDIVIDUALS WITH DISABILITIES IN NEW FACILITIES: Accessibility for individuals with disabilities is provided in all new facilities and will include the following.

(a) Main entry into the facility is level or has a ramp to allow for wheelchair access.

(b) Building layout allows for access to the main activity area.

(c) Access to at least one bathroom is required to have a door clearance of 32 inches. The toilet unit also provides a 60-inch diameter turning radius.

(d) If ramps are provided to the building, the slope of each ramp is at least a 12-inch horizontal run for each inch of vertical rise.

(e) Ramps exceeding a six-inch rise are provided with handrails.

(f) Requirements contained herein are minimum and additional disability requirements may apply depending on the size and complexity of the facility.

(6) SCHEDULE: All applications for a new license will include a description of the programs proposed activities and schedule.

(7) INITIAL SURVEY: The licensing authority will schedule a survey for a program when it receives a complete application with all supporting documents.

B. CAPACITY OF A PROGRAM:

(1) The number of children in a program, either in total or by age, will not exceed the capacity stated on the license.

(2) The licensing authority will count all children in the care of the program even if the children are on a field trip or other outing outside the program site. Children shall not be cared for in unlicensed areas of the facility.

(3) A program must meet the following space requirements:

(a) 35 square feet of indoor activity space measured wall to wall on the inside for each child in a program, excluding single-use areas, such as restrooms, kitchens, and storage areas, and excluding offsets and built-in fixtures.

(b) A program must have an outdoor activity space.

(4) The capacity of each room will be posted in an area of the room that is readily visible to parents, staff members and visitors.

C. INCIDENT REPORTING REQUIREMENTS:

(1) The licensee will report to the appropriate authorities the following incidents. After making a report to the appropriate authorities, the licensee shall notify the licensing authority of the incident giving rise to its report as soon as possible but no later than 24 hours after the incident occurred. A report should first be made by telephone and followed with written notification. The licensee shall report any incident that has threatened or could threaten the health and safety of children and staff members, such as, but not limited to:

(a) a lost, missing, or unattended child;

(b) a serious injury;

(c) the abuse or neglect of a child;

(d) fire, flood, or other natural disaster that creates structural damages to a program or poses a health hazard;

(e) any of the illnesses on the current list of notifiable diseases and communicable diseases published by the office of epidemiology of the New Mexico department of health;

(f) any legal action against a program or staff members;

(g) any incident that could affect the background check eligibility of any cleared person related to this license;

(h) the use of physical or mechanical restraints, unless due to documented emergencies or medically documented necessity; or

(i) any known change in an educator's health condition or use of medication that impairs his or her ability to provide for the health, safety or welfare of children in care.

(2) A program will notify parents and guardians in writing of any incident, including notifiable illnesses, that has threatened the health or safety of children in the

program. Incidents include, but are not limited to, those listed in Paragraph (1) of Subsection C of 8.16.2.40 NMAC. The licensee shall ensure that it obtains parent or guardian signatures on all incident reports within 24 hours of the incident. The licensee shall immediately notify the parent or guardian in the event of any head injury.

(3) Incident reports involving suspected child abuse and neglect must be reported immediately to children's protective services and local law enforcement. The licensing authority follows written protocols/procedures for the prioritization, tracking, investigation and reporting of incidents, as outlined in the complaint investigation protocol and procedures.

[8.16.2.40 NMAC - Rp, 8.16.2.40 NMAC, 10/1/2016, A, 10/1/2019; A, 1/1/2022]

8.16.2.41 ADMINISTRATIVE REQUIREMENTS FOR OUT OF SCHOOL TIME CARE:

A. ADMINISTRATION RECORDS: A licensee shall display in a prominent place that is readily visible to parents, staff and visitors:

(1) all licenses, certificates, and most recent inspection reports of all state and local government agencies with jurisdiction over the program;

(2) the current child care regulations;

(3) dated weekly menus for meals and snacks;

(4) the guidance policy; and

(5) the current list of notifiable diseases and communicable diseases published by the office of epidemiology of the New Mexico department of health.

B. MISSION, PHILOSOPHY AND CURRICULUM STATEMENT: All licensed facilities must have a:

(1) mission statement;

(2) philosophy statement; and

(3) curriculum statement.

C. FAMILY HANDBOOK: All facilities using these regulations must have a family handbook. Upon updating the family handbook, changes must be approved and submitted to the licensing authority. After any changes, notice must be sent out to families, parents, or guardians and posted in a common area. The family handbook will include the following.

(1) GENERAL INFORMATION:

(a) mission statement;

(b) philosophy statement;

(c) program information (location, license information, days and hours of operation, services offered);

(d) name of director and how he/she may be reached;

(e) meals, snacks and types of food served (or alternatively, guidelines for children bringing their own food);

(f) daily schedule;

(g) a statement supportive of family involvement that includes an open door policy to the classroom;

(h) appropriate dress for children, including request for extra change of clothes;

(i) celebrating holidays, birthdays and parties; and

(j) disclosure to parents that the licensee does not have liability or accident insurance coverage.

(2) POLICIES AND PROCEDURES:

(a) enrollment procedures;

(b) disenrollment procedures;

(c) expulsion procedures;

(d) fee payment procedures, including penalties for tardiness;

(e) notification of absence;

(f) fee credits, if any (e.g., for vacations, absences, etc.);

(g) field trip policies;

(h) health policies (program's policies on admitting sick children, when children can return after an illness, administering medication, and information on common illnesses);

(i) emergency procedures and safety policies;

(j) snow days and school closure;

(k) confidentiality policy;

(l) child abuse/neglect reporting procedure;

(m) guidance policy;

(n) emergency procedures, safety policies, and disaster preparedness plan; and

(o) anti-discrimination policy that promotes the equal access of services for all children and families and prohibits discrimination based on race, color, religion, sex (including pregnancy, sexual orientation, or gender identity), national origin, disability, or age (40 or older).

D. CHILDREN'S RECORDS: A program will maintain a complete record for each child, including drop-ins, to be completed before the child is admitted. Records will be kept at the program, unless otherwise indicated in the list below, for 12 months after the child's last day of attendance. Records will contain at least:

(1) PERSONAL INFORMATION:

(a) name of the child; date of birth, gender, home address, mailing address and telephone number;

(b) names of the parents or guardians, the parents or guardian's current places of employment, addresses, and pager, cellular and work telephone numbers;

(c) a list of people authorized to pick up the child and an authorized form signed by parent or guardian; identification of person authorized by the parent or guardian to pick up the child shall be verified at pick up;

(d) date the child first attended the program and the date of the child's last day at the program;

(e) a record of any accidents, injuries or illnesses that require first aid or medical attention and any observations of recent bruises, bites or signs of abuse or neglect, both of which must be reported to a parent or guardian; these records may be kept at a central location;

(f) written authorization from the child's parent or guardian to remove a child from the premises to participate in off-site activities; authorization must contain fieldtrip destination, date and time of fieldtrip and expected return time from fieldtrip;

(g) a record of the time the child arrived and left the program and dates of attendance initialed by a parent, guardian, or person authorized to pick up the child; and

(h) an enrollment agreement; this form will be signed by a parent or guardian with an outline of the services and the costs; these forms may be kept at a central location.

(2) EMERGENCY INFORMATION:

(a) information on any allergies or medical conditions suffered by the child; the name and telephone number of two people in the local area to contact in an emergency when a parent or guardian cannot be reached; emergency contact numbers must be kept up to date at all times;

(b) the name and telephone number of a physician or emergency medical facility authorized by a parent or guardian to contact in case of illness or emergency;

(c) a document giving a program permission to transport the child in a medical emergency and an authorization for medical treatment signed by a parent or guardian;

(d) if applicable, legal documentation regarding the child, including but not limited to: restraining orders, guardianship, powers of attorney, court orders, and custody by children's protective services.

E. PERSONNEL RECORDS:

(1) A licensee will keep a complete file for each staff member, including substitutes and volunteers having direct contact with the children. A program will keep the file for one year after the staff member's last day of employment. Unless otherwise indicated, a licensee may keep the items listed below in a central location except the following items which shall be kept on site: background clearances, abuse and neglect statements, staff emergency numbers and first aid/CPR certificates. Records will contain at least the following:

(a) name, address and telephone number;

(b) position;

(c) current and past duties and responsibilities;

(d) dates of hire and termination;

(e) documentation of a background check and employment history verification. If a background check is in process, then documentation of the notice of provisional employment showing that it is in process must be placed in the file. A

background check must be conducted at least once every five years on all required individuals. A copy must be kept onsite;

(f) an annual signed statement that the staff member would or would not be disqualified as a direct provider of care under the most current version of the background checks and employment history verification provisions pursuant to 8.8.3 NMAC. A copy must be kept onsite;

(g) documentation of first-aid and cardiopulmonary resuscitation with a pediatric component. A copy must be kept onsite;

(h) documentation of all appropriate training by date, time, hours and area of competency;

(i) emergency contact number;

(j) universal precaution acknowledgement; and

(k) a written plan for ongoing professional development for each staff member, including the director, that is based on the seven areas of competency, consistent with the career lattice, and based on the individual's goals.

(2) A program will maintain current work schedules and daily sign in sheets for the director, all staff, all educators, and volunteers and keep the records on file for at least 12 months. The record will include the time the employee arrived at and left work and include breaks and lunch.

F. PERSONNEL HANDBOOK: The educator will give each employee a personnel handbook that covers all matters relating to employment. Upon updating the personnel handbook, changes must be approved and submitted to the licensing authority. After any changes, notice must be sent out to families, parents, or guardians and posted in a common area. The handbook will include the following critical contents:

(1) organizational chart;

(2) job descriptions of all employees by title;

(3) benefits, including vacation days, sick leave, professional development days, health insurance, break times, etc.;

(4) code of conduct;

(5) training requirements

(6) procedures and criteria for performance evaluations;

(7) policies on absence from work;

(8) grievance procedures;

(9) procedures for resignation or termination;

(10) copy of licensing regulations;

(11) policy on parent involvement;

(12) health policies related to both children and staff;

(13) policy on sexual harassment;

(14) plan for retention of qualified staff;

(15) anti-discrimination policy that promotes the equal access of services for all children and families and prohibits discrimination based on race, color, religion, sex (including pregnancy, sexual orientation, or gender identity), national origin, disability, or age (40 or older);

(16) child guidance policy;

(17) confidentiality statement;

(18) an up-to-date emergency evacuation and disaster preparedness plan, which shall Include steps for evacuation, relocation, shelter in place, lock-down, communication, reunification with parents, individual plans for children with special needs and children with chronic medical conditions, and continuity of operations (see waivers, Subsection D of 8.16.2.14 NMAC). The plan shall be approved annually by the licensing authority and the department will provide guidance on developing these plans; and

(19) policies and procedures for expulsion of children. Policies and procedures shall include how the program will maintain a positive environment and will focus on preventing the expulsion of children age five. The program must develop policies that include clear, appropriate, consistent expectations, and consequences to address disruptive student behaviors; and ensure fairness, equity, and continuous improvement.

[8.16.2.41 NMAC - Rp, 8.16.2.41 NMAC, 10/1/2016, A, 10/1/2019, AE; 7/1/2021; A, 1/1/2022]

8.16.2.42 PERSONNEL AND STAFFING REQUIREMENTS FOR OUT OF SCHOOL TIME CARE:

A. PERSONNEL AND STAFFING REQUIREMENTS:

(1) An employer will not allow any employee involved in an incident which would disqualify that employee under the department's most current version of the background check and employment history verification provisions pursuant to 8.8.3 NMAC to continue to work directly or unsupervised with children;

(2) All educators will demonstrate the ability to perform essential job functions that reasonably ensure the health, safety and welfare of children in care.

(3) Educators (staff members) who work directly with children and who are counted in the staff/child ratios must be 18 years of age or older.

(4) Clerical, cooking and maintenance personnel included in the staff/child ratio will have a designated schedule showing their normal hours in each role. Educators counted in the staff/child ratios will not be responsible for cooking, clerical or cleaning duties while caring for children.

(5) Substitutes, volunteers and part-time educators counted in the staff/child ratios will meet the same requirement as regular staff members except for training requirements. Substitutes and educators routinely employed in a facility but working 20 hours or fewer a week, will complete half the required training hours. Such employees working more than 20 hours a week will meet full training requirements. See Paragraph (4) of Subsection C of 8.16.2.42 NMAC for additional training requirements.

(6) Each site will have a site director. The site director or a designated co-director who meets the same qualifications as the site director will be on site 50 percent of the program's core hours of operation.

(7) A program will maintain staff/child ratios and group sizes at all times. Children must never be left unattended whether inside or outside the facility. Providers will conduct frequent head counts on all trips and when loading and unloading the vehicle.

(8) A program will have a minimum of two staff members present at all times, with one being an educator. If the program has less than seven children, the second staff member may be engaged in other duties.

(9) Each site will have one adult for every 15 children age five or older. Maximum group size of 30.

(10) The number of children who may be in a group and the number of caregivers is specified in Paragraph (9) of Subsection A of 8.16.2.42 NMAC. More than one group of children may occupy a room, provided the following conditions are met:

(a) The room is divided so that different activity/interest areas are well-defined (i.e., art, dramatic play, fine motor, homework, science, math, and quiet homelike area);

(b) Each activity/interest area will have a posted capacity, which may vary according to the activity and size of the space, and will not exceed 30;

(c) Placement of cabinets, tables, carpeting, room-dividers, or shelving clearly define the different activity/interest areas;

(d) Individual children may freely move from one activity/interest area at their own pace as long as the capacity of any individual interest area is not exceeded;

(e) A single educator is responsible for supervising up to 15 children in one or more interest area as long as every child is in direct eyesight; and

(f) The total number of children in the larger room must not exceed the room capacity based on activity space. For example, if the larger room has a capacity of 90, and the maximum group size is 30, the room must be divided by at least three well-defined activity/interest areas and be supervised by at least six caregivers, who are spread out so that every child is "attended ".

B. STAFF QUALIFICATIONS:

(1) Unless exempted under Paragraph (3) below, an out of school time program will have an administrator/director who is at least 21 years old and has proof of a current copy of:

(a) a child development associate (CDA) certificate, a certified child care professional credential (CCP), a Montessori teacher, a national administrator credential (NAC), or an associate of arts or applied science degree in child development or early childhood education and at least two years of experience in an early childhood growth and development setting; a school-age child care growth and development setting; or

(b) a bachelor's degree or higher in early childhood education or a related field with at least one year of experience in an early childhood growth and development setting or a school-age child care growth and development setting; early childhood growth and development settings include, but are not limited to, licensed or registered family child care programs, licensed center-based early childhood education and development programs, and family support programs.

(2) Every site of an out of school time program will have a site director who has at least a high school diploma or GED and proof of at least three years of experience working with children.

(3) Program administrators and site directors employed in a licensed program on the date these regulations become effective but who are not qualified will continue to qualify in their positions as long as they continuously work as program administrators or site directors. Current program administrators and site directors having a break in employment of more than one year must meet the requirements.

C. TRAINING:

(1) The program administrator will develop and document an orientation and training plan for new staff members and will provide information on training opportunities. New staff members will participate in an orientation before working with children. Initial orientation will include training on the following areas:

(a) scope of services and activities offered by the program;

(b) emergency first aid procedures;

(c) indicators of child abuse and neglect;

(d) fire prevention measures, emergency evacuation plan and disaster preparedness plan;

(e) review of licensing regulations;

(f) review of policies regarding guidance;

(g) child abuse and neglect reporting;

(h) handling of incidents and complaints; and

(i) health and safety, including infection and injury prevention and control.

(2) All new educators regardless of the number of hours per week will complete the following training within three months of their date of hire. All current educators will have three months to comply with the following training from the date these regulations are promulgated:

(a) prevention and control of infectious diseases (including immunization);

(b) administration of medication, consistent with standards for parental consent;

(c) prevention of and response to emergencies due to food or other allergic reactions;

(d) building and physical premises safety, including identification of and protection from hazards that can cause bodily injury such as electrical hazards, bodies of water, and vehicular traffic;

(e) abusive head trauma;

(f) emergency preparedness and response planning for emergencies resulting from natural or man-caused disasters;

(g) handling and storage of hazardous materials and the appropriate disposal of bio contaminants;

(h) precautions in transporting children (if applicable);

(i) first aid and cardiopulmonary resuscitation (CPR) awareness with a pediatric component; and

(j) recognition and reporting of child abuse and neglect.

(3) A program will keep a training log on file with the employee's name, date of hire and position. The log must also include the date, hours of training, subject, training source and training certificate.

(4) All educators are required to obtain at least 24 hours of training each year. For this purpose, a year begins and ends at the anniversary date of employment. Training must address all seven competency areas within two years. Training shall be relevant to school age children. Identical trainings shall not be repeated for the purpose of obtaining credit. The competency areas are:

(a) child growth, development, and learning;

(b) health, safety, nutrition, and infection control;

(c) family and community collaboration;

(d) developmentally appropriate content;

(e) learning environment and curriculum implementation;

(f) assessment of children and programs; and

(g) professionalism.

(5) Training must be provided by individuals who have education or experience in the competency area (or areas) in which they train. Employees or relatives of employees who provide training must have prior approval by the department.

(6) Program administrators may count hours in personnel and business training toward the training requirement.

[8.16.2.42 NMAC - Rp, 8.16.2.42 NMAC, 10/1/2016, AE; 7/1/2021; A, 1/1/2022]

8.16.2.43 SERVICES AND CARE OF CHILDREN IN OUT OF SCHOOL TIME CARE:

A. GUIDANCE:

(1) A program will have written policies and procedures clearly outlining guidance practices. Facilities will give this information to all parents and staff who will sign a form to acknowledge that they have read and understand these policies and procedures.

(2) Guidance will be consistent and age appropriate.

(3) Guidance shall be positive and include redirection and clear limits that encourage the child's ability to become self-disciplined. The use of physical or mechanical restraints is prohibited unless due to documented emergencies or medically documented necessity.

(4) A program will not use the following disciplinary practices:

(a) physical punishment of any type, including shaking, biting, hitting or putting anything on or over a child's mouth;

(b) withdrawal of food, rest, bathroom access, or outdoor activities;

(c) abusive or profane language, including yelling;

(d) any form of public or private humiliation, including threats of physical punishment; or

(e) unsupervised separation.

(5) Children will not be lifted by the arms, hands, wrist, legs, feet, ankles, or clothing.

B. PHYSICAL ENVIRONMENT:

(1) Environment shall be organized into age appropriate functional identifiable learning areas. If any of the selected learning areas are not represented at a given time, the areas shall be rotated to provide children with the opportunity to gain skills supported by a variety of learning experiences. The areas may include:

(a) dramatic play;

(b) creative art;

(c) books;

(d) blocks and accessories;

(e) manipulatives;

(f) music;

(g) science;

(h) math/number; and

(i) sensory.

(2) Each center is clearly defined, using shelves and furniture.

(3) Adults can visually supervise all centers at all times.

(4) The capacity of each room will be posted in an area of the room that is readily visible to parents, staff members, and visitors.

(5) Learning areas have adequate space and quiet areas are arranged so that children's activities can be sustained without interruption.

(6) Materials are well cared for and organized by type. Where appropriate, materials are labeled with words or pictures. Adaptations to materials are made when needed to accommodate various abilities of all children. Unused materials are stored in inaccessible storage.

(7) Examples of children's individually expressed artwork are displayed in the environment at the children's eye level.

(8) The floor surface is suitable for activities that will occur in each learning area.

(9) File and storage space is available for educators' materials.

C. SOCIAL-EMOTIONAL RESPONSIVE ENVIRONMENT:

(1) Educators remain calm in stressful situations.

(2) Educators are actively engaged with children. Educators talk, actively listen and respond to children appropriately by responding to children's questions and acknowledging their comments, concerns, emotions and feelings.

(3) Educators help children communicate their feelings by providing them with language to express themselves.

(4) Educators model appropriate social behaviors, interactions and empathy. Educators respond to children that are angry, hurt, or sad in a caring and sensitive manner. Educators make appropriate physical contact to comfort children who are distressed.

D. EQUIPMENT AND PROGRAM:

(1) A program will provide sufficient equipment, materials, and furnishings for both indoor and outdoor activities so that at any one time each child can be individually involved. Toys shall be disinfected, at a minimum of, once per week. Frequency of disinfection of toys must be increased in the event of a communicable disease, following appropriate guidance.

(2) Each child at a program will have a designated space for storage of clothing and personal belongings.

(3) A program will store equipment and materials for children's use within easy reach of the children, including those with disabilities. A program will store the equipment and materials in an orderly manner so children can select and replace the materials by themselves or with minimal assistance.

(4) A program will provide children with toys, educational materials, equipment and other materials and activities that are safe, developmentally appropriate, and encourage the child's educational progress, creativity, social interaction, and a balance of individual and group activity. Program staff must be onsite, available and responsive to children during all hours of operation.

(5) A program will post a daily activity schedule. A program will follow a consistent pattern for routine activities such as meals, snacks and rest.

(6) Media viewing will be limited to six hours per month, but not to exceed one full length film in one day. Programs, movies, music and music programs shall be age appropriate and shall not contain adult content. Media viewing to include all of the above as well as computers, tablets, phones, smart devices and screen-based learning equipment. An exception is media that is used for curriculum-based purposes or led by an educator.

(7) Children and family members shall be acknowledged upon arrival and departure.

(8) Equipment and program requirements apply during all hours of program operation.

E. ADDITIONAL REQUIREMENTS FOR CHILDREN WITH SPECIAL NEEDS:

(1) Child care facilities are responsible for staff awareness of community resources for families of children with disabilities, including children under the age of five years as well as those of school age. If staff believe that a child may have a delay or disability, possible resources for referral and assistance are provided to parents when appropriate. No referral for special needs services to an outside agency will be made without a parent's consent. Family Education Right and Privacy Act (FERPA) will be respected at all times.

(2) Child care facilities are responsible for staff awareness of the Americans with Disabilities Act (ADA) as it relates to enrolling and caring for children with disabilities.

F. OUTDOOR PLAY AREAS:

(1) Outdoor play equipment used in out of school time programs shall be:

(a) intended for public (non-residential) use and installed and maintained according to the manufacturer's instructions; and

(b) if intended for residential use, shall be safe and securely anchored.

(2) A program will place sufficient energy absorbing surfaces beneath climbing structures, swings and slides. Based on the consumer product safety commission (CPSC) playground guidelines, grass, artificial turf, and rubber play mats are not energy absorbent material (as determined by Subsection P of 8.16.2.8 NMAC).

Critical Heights of Playground Equipment for Various Types and Depths of Resilient Surfaces Based on Information from the U.S. CONSUMER PRODUCT SAFETY COMMISSION (CPSC Publication No. 325), Handbook for Public Playground Safety.
When no requirement is provided for a specific height of equipment, we have used the requirement for the next higher height, so requirements are conservative, erring on the side of safety.

Equipment Height	Wood Chips	Double Shredded Bark	Uniform Wood Chips	Fine Sand	Coarse Sand	Fine Gravel
	Uncompressed Depths of Materials In Fall Zone					
Five feet or less	6 inches	6 inches	6 inches	6 inches	6 inches	6 inches
Six feet	6 inches	6 inches	6 inches	12 inches	12 inches	6 inches
Seven feet	6 inches	9 inches	9 inches	12 inches	12 inches	9 inches
Eight feet	9 inches	9 inches	12 inches	12 inches	12 inches	12 inches
Nine Feet	9 inches	9 inches	12 inches	12 inches	N/A	12 inches
Ten Feet	9 inches	9 inches	12 inches	N/A	N/A	12 inches

For poured or installed foam or rubber surfaces, the materials must meet the ASTM F1292 requirements with written verification from the manufacturer.

(3) The use of a trampoline is prohibited at any time during the hours of operation or by any children receiving care at the facility.

(4) Licensees shall protect children from the sun during outdoor play by providing shade (as necessary), sunscreen, proper attire and limiting the time of exposure to the elements. The program must also consider instruction by the child's parent or guardian. Drinking water shall be available as needed and maintained at a cool temperature while children are playing outside.

G. SWIMMING, WADING AND WATER:

(1) Each child will have written permission from a parent or guardian before the child enters the pool.

(2) If a program has a portable wading pool:

(a) a program will drain and fill the wading pool with fresh water daily and disinfect the pool regularly;

(b) a program will empty a wading pool when it is not in use and remove it from areas accessible to children; and

(c) a program will not use a portable wading pool placed on concrete or asphalt.

(3) If a program has a built in or above ground swimming pool, ditch, fishpond or other water hazard:

(a) the fixture will be constructed, maintained and used in accordance with applicable state and local regulations;

(b) the fixture will be constructed and protected so that, when not in use, it is inaccessible to children; and

(c) when in use, children will be constantly supervised and the number of adults present will be proportional to the ages and abilities of the children and type of water hazard in use.

(4) The following ratios shall be observed for swimming pools more than two feet deep:

Ratio for swimming pools more than two feet deep		
Age of the youngest child	Number of educators, lifeguards or volunteers	Number of children
5 years	1	10

6 years and older	1	12

H. FIELD TRIPS:

(1) A program will ensure the children's safety on field trips and excursions. See Subparagraph (f) of Paragraph (1) of Subsection D of 8.16.2.41 NMAC for requirements concerning field trip permission slips.

(2) Children will not go to a private residence unless accompanied by two adults.

[8.16.2.43 NMAC - Rp, 8.16.2.43 NMAC, 10/1/2016, AE; 7/1/2021; A, 1/1/2022]

8.16.2.44 FOOD SERVICE REQUIREMENTS FOR OUT OF SCHOOL TIME CARE:

A. MEAL PATTERN REQUIREMENTS: All foods prepared by the program will conform to the guidelines from United States department of agriculture's (USDA's) child and adult care food program (CACFP) for foods, meal patterns and serving sizes.

B. MEALS AND SNACKS:

(1) A program will provide a child a meal or snack at least every three hours.

(2) A program will serve a child a therapeutic or special diet with a written prescription/diet order from a physician or a recognized medical authority. Diet orders must be complete and descriptive, and not subject to interpretation by the program staff.

(3) A program will serve snacks each day and will include a selection of two different food group components from the four food group components.

(4) A program shall serve only one hundred percent fruit or vegetable juice. The use of fruit drinks that contain less than one hundred percent juice or artificially flavored drinks for meals or snacks is prohibited. One hundred percent fruit or vegetable juice may be diluted with water.

(5) A program shall serve a wide variety of fruits and vegetables, with a preference for fresh or frozen fruits and vegetables over canned.

(6) A program shall make water freely available to children.

(7) Menus shall contain a variety of foods. The same menu must not be served twice in one week.

C. KITCHENS:

(1) A program will not allow children in the kitchen except under careful supervision.

(2) A food preparer will thoroughly wash all raw fruits and vegetables before cooking or serving.

(3) A program will serve food promptly and refrigerate immediately after use.

(4) A program will discard any leftover milk.

(5) A program will keep food requiring refrigeration, at 41 degrees Fahrenheit or below and frozen food at 0 degrees Fahrenheit or below.

(6) Refrigerators and separate freezers will have working internal thermometers.

(7) A program will protect food and drink from insects, rodents, and other vermin by properly storing items in an airtight container or by tightly wrapping them. A program will label and date all leftover food.

(8) A program will sanitize eating utensils, dishes and cups before re-use by washing them in a dishwasher or by completing the following steps:

(a) wash with soapy water;

(b) rinse with clean warm water; and

(c) sanitize

(9) A program will use cleaning materials for the kitchen and food preparation areas only in the kitchen and will store the materials separately from food.

(10) A program will equip dining areas with tables, chairs, eating utensils and dishes appropriate to the age of the children served and sanitize the areas before and after use.

(11) A program will provide sanitary cups or glasses or a drinking fountain for drinking water. A program will not allow children to share drinking or eating utensils.

(12) A program shall thoroughly sanitize food preparation surfaces before and after each use.

(13) Disposable plates, cups and plastic utensils of food-grade, medium weight may be used for single service. Styrofoam cups shall not be used at any time.

[8.16.2.44 NMAC - Rp, 8.16.2.44 NMAC, 10/1/2016; A, 1/1/2022]

8.16.2.45 HEALTH AND SAFETY REQUIREMENTS FOR OUT OF SCHOOL TIME CARE:

A. HYGIENE: Children and staff members will wash their hands with soap and warm running water as needed. Water basins shall not be used as an alternative to running water. Staff and children will wash their hands whenever hands are contaminated with body fluids and always:

(1) after using a toilet;

(2) before and after caring for a sick child;

(3) before any food service activity, including setting the table;

(4) before and after eating;

(5) after handling pets or animals or items used by animals such as water and food bowls; and

(6) after handling trash.

B. FIRST AID REQUIREMENTS:

(1) A program will have all educators certified in first aid and cardiopulmonary resuscitation (CPR) with a pediatric component. Online first aid and CPR training will not be approved, unless there is a hands-on component included. In-person requirements may be waived in case of an emergency. Staff shall obtain the first aid /CPR certification within three months of being hired. All staff shall maintain current first aid /CPR certification. Prior to licensure, at a minimum, the site director shall have first aid/CPR certification.

(2) A program will keep a first-aid kit and a first-aid manual together in the program in a location inaccessible to children and easily accessible to adults. The first aid kit will contain, as a minimum, band aids, gauze pads, adhesive tape, scissors, soap, non-porous gloves, and a thermometer.

(3) A program will treat blood spills cautiously and promptly decontaminate the area. Staff members will wear non-porous, single-use gloves when handling a blood spill, bloody diarrhea, bloody nose, or any other blood. A program will clean contaminated surfaces first with hot soapy water then with a disinfecting solution which is effective against HIV and hepatitis B.

C. MEDICATION:

(1) A program will keep all medications in a locked and identified container inaccessible to children and will refrigerate medications when necessary. If the

refrigerator is inaccessible to children, medications do not need to be in a locked container in the refrigerator.

(2) Programs will give medication only with written permission from parents or guardian, to be administered according to written directions from the prescribing physician. In the case of non-prescription medication, written instructions must be provided by the parent or guardian.

(3) A designated staff member will be responsible for giving medication to children. The designated staff member will ensure non-prescription and prescription medications have a label with the child's name and the date the medication was brought to the program. A program will keep non-prescription and prescription medication in the original container with written instructions, including the name of medication, the dosage, and the hours and dates the child should receive the medicine.

(4) The designated staff member will keep a written record of the dosage, date, and time a child is given medication with the signature of the staff who administered the medication. This information will be provided to the parent or guardian who will initial/date acknowledgment of the information received on the day the medication is given.

(5) When the medication is no longer needed, it shall be returned to the parents or guardians or destroyed. The program shall not administer expired medication.

D. ILLNESSES:

(1) Children or staff members absent due to any notifiable disease will not return to the program without a signed statement from a physician.

(2) A program will separate and constantly observe a child who becomes sick at the program and promptly notify a parent or guardian of the child's illness.

(3) A program will send a child home when:

(a) the child's oral temperature is 101 degrees Fahrenheit or greater or armpit temperature is 100.4 degrees Fahrenheit or greater and the child shows signs of illness or behavior changes; or

(b) an educator observes signs of contagious disease or severe illness.

(4) The program will have a cot or mat available for sick children and it will be cleaned and disinfected thoroughly after use.

[8.16.2.45 NMAC - Rp, 8.16.2.45 NMAC, 10/1/2016; AE, 7/1/2021; A, 1/1/2022]

8.16.2.46 TRANSPORTATION REQUIREMENTS FOR OUT OF SCHOOL TIME CARE:

A. All vehicles used for transportation of children will have an operable, fully-charged fire extinguisher, first-aid kit, first-aid manual, water and blanket.

B. A program will load and unload children at the curbside of the vehicle or in a protected parking area or driveway. The program will ensure children do not cross a street unsupervised after leaving the vehicle.

C. No one will smoke, use e-cigarettes or vaporizers in a vehicle used for transporting children.

D. A program will license all vehicles used for transporting children and will meet all applicable state vehicle laws. A child shall be transported only if the child is properly secured in a child passenger restraint device or by a safety belt as follows. School buses that are not equipped with passenger restraint devices are exempt from this requirement.

(1) Children five years of age through six years of age, regardless of weight, or children who weigh less than 60 pounds, regardless of age, shall be properly secured in either a child booster seat or an appropriate child passenger restraint device that meets federal standards.

(2) Children seven years of age through 12 years of age shall be secured in a child passenger restraint device or by a seat belt.

E. Vehicles used for transporting children will be enclosed and properly maintained. Vehicles shall be cleaned and inspected inside and out at least weekly.

F. Vehicles operated by the program to transport children shall be air-conditioned whenever the outside air temperature exceeds 82 degrees Fahrenheit. If the outside air temperature falls below 50 degrees Fahrenheit the program will ensure the vehicle is heated.

G. Children may be transported only in vehicles that have current registration and insurance coverage. All drivers must have current driver's license and comply with motor vehicle and traffic laws. Persons who have been convicted in the last seven years of a misdemeanor or felony DWI/DUI cannot transport children under the auspices of a licensed facility/program.

H. At least one adult transporting children shall be currently certified in cardiopulmonary resuscitation (CPR) with a pediatric component.

I. Providers will conduct frequent head counts on all trips and when loading and unloading the vehicle.

[8.16.2.46 NMAC - Rp, 8.16.2.46 NMAC, 10/1/2016; AE; 7/1/2021; A, 1/1/2022]

8.16.2.47 BUILDING, GROUND AND SAFETY REQUIREMENTS FOR OUT OF SCHOOL TIME CARE:

A. HOUSEKEEPING:

(1) A program will keep the premises, including furniture, fixtures, toys and equipment clean, safe, and free of debris and potential hazards.

(2) Materials dangerous to children must be secured in a manner making them inaccessible to children and away from food storage or preparation areas.

(3) All garbage and refuse receptacles in kitchens and in outdoor areas will be durable, and constructed of materials that will not absorb liquids.

B. PEST CONTROL:

(1) All licensed programs must use a New Mexico licensed applicator whenever applying pesticides in or on the program's buildings and grounds.

(2) The applicator may not apply pesticides when children are on the premises.

(3) Parents, guardians, and staff must be notified at least two days prior to spraying or applying pesticides.

(4) All food storage, preparation, and serving areas must be covered and protected from spraying or application of pesticides.

C. MECHANICAL SYSTEMS:

(1) A program will maintain comfortable temperatures (68 degrees Fahrenheit through 82 degrees Fahrenheit) in all rooms used by children. A program may use portable fans if the fans are secured and inaccessible to children and do not present any tripping, safety or fire hazards. In the event air temperature in a program exceeds the 82 degrees Fahrenheit in the summer months because of evaporative cooler temperature limitations, it will be verified that cooling equipment is functioning, is being maintained, and that supplemental aides have been employed, such as, but not limited to: ceiling fans, portable fans, or portable evaporative coolers.

(2) A program must maintain all heating and cooling equipment so that it is in good working order.

(3) A program will not use unvented heaters, open flame heaters or portable heaters. A program will install barriers or take other steps to ensure heating units, are

inaccessible to children. Heating units include hot water pipes, infrared heaters, ceramic heaters, hot water baseboard heaters hotter than 110 degrees Fahrenheit, fireplaces, fireplace inserts and wood stoves.

(4) A program will provide fresh air and control odors by either mechanical or natural ventilation. If a program uses a window for ventilation, it will have a screen. If a door is used for ventilation, it must have a screen door.

(5) Water coming from a faucet will be below 110 degrees Fahrenheit. A program will install a tempering valve ahead of all domestic water-heater piping.

(6) All food preparation areas, sinks, washrooms, laundries and bathrooms will have hot and cold running water under pressure.

D. LIGHTING, LIGHTING FIXTURES AND ELECTRICAL:

(1) All areas will have sufficient glare-free lighting with shatterproof or shielded bulbs.

(2) A program will have emergency lighting that turns on automatically when electrical service is disrupted.

(3) Use of electrical cords and outlets:

(a) A program will use U/L approved equipment only and will properly maintain this equipment.

(b) The use of multi-prong or gang plugs is prohibited. Surge protectors are not gang plugs under these regulations.

E. EXITS AND WINDOWS: When an activity area does not have a door directly to the outside, at least one window in each activity area must be able to be opened for emergency egress with a minimum net clear opening of 5.7 square feet. The minimum net clear opening for height dimension must be 24 inches. The minimum net clear opening width dimension must be 20 inches, and the finished sill height must not be more than 44 inches above the floor.

(1) There must be at least two exits remote from each other in each activity area of the program.

(2) Exit ways must be kept free from obstructions at all times.

F. TOILET AND BATHING FACILITIES:

(1) All toilet rooms will have toilet paper, soap and disposable towels at a height accessible to children. A program will not use a common towel or wash cloth.

(2) All toilets and sinks must be accessible, functional, and located within 100 feet of the licensed area. The staff member shall maintain a direct line of sight of the child until the child enters the bathroom and from the time the child leaves the bathroom until the child returns. A staff member will accompany children to the bathroom door when maintaining a line of sight is impossible due to bathrooms being not located within a direct line of sight.

G. SAFETY COMPLIANCE:

(1) A program will conduct emergency preparedness practice drills at least quarterly beginning of each school calendar year.

(2) A program will conduct at least one fire drill each month. A program will:

(a) hold the drills at different times of the day;

(b) use the fire alarm, detector system or a simulated fire alarm;

(c) emphasize an orderly evacuation rather than speedy; and

(d) a program will keep on file a record of the drills with the date, time, number of adults and children participating, and any problems encountered during the drills. Records will be kept for one year.

(3) A program shall request an annual fire inspection from the fire authority having jurisdiction. If the policy of the fire authority having jurisdiction does not provide for an annual inspection of the program, the program must document the date the request was made and to whom. A copy of the latest inspection must be posted in the program.

(4) A program will post evacuation plans for each room used by children in the appropriate room.

(5) A program will keep a working telephone in an easily accessible place for calling for help in an emergency and will post emergency phone numbers for fire, police, ambulance and the poison control center next to the phone. A pay phone will not fulfill this requirement. If cordless phones are used, emergency numbers shall be posted on the phone itself. Facilities shall post the program's telephone number and address in a conspicuous location next to the emergency phone numbers.

(6) A program must be equipped with smoke detectors approved in writing by the fire authority having jurisdiction as to number, type, and placement.

(7) A program must have a minimum of two fully-charged 210ABC fire extinguishers, one located in the kitchen or food preparation area, and one centrally located in the program.

(8) Fire extinguishers, alarm systems, automatic detection equipment, and other firefighting must be properly maintained and inspected on at least a yearly basis; fire extinguishers must be tagged noting the date of inspection; see Paragraph (2) of Subsection D of 8.16.2.47 NMAC for emergency lighting requirements.

H. SMOKING, FIREARMS, ALCOHOLIC BEVERAGES, ILLEGAL DRUGS AND CONTROLLED SUBSTANCES: A program will prohibit smoking, use of e-cigarettes and vaporizers in all areas, including vehicles, and will not allow any alcoholic beverages, firearms, lethal or non-lethal weapons or non-prescription controlled substances (drugs) on the premises or in vehicles. Possessing or knowingly permitting illegal drugs, paraphernalia, or non-prescription controlled substances to be possessed or sold on the premises at any time regardless of whether children are present is prohibited.

I. PETS:

(1) A program will inform parents or guardians in writing before pets are at the program site.

(2) A program will not allow pets in the kitchen, food serving, food storage areas, or bathrooms.

(3) A program will inoculate any pets as prescribed by a veterinarian and keep a record of proof of inoculation prior to the pet's presence at the program.

(4) A program will not allow on the premises pets or other animals that are undomesticated, dangerous, contagious or vicious in nature.

(5) Areas of confinement, such as cages and pens, and outdoor areas are cleaned of excrement daily. Animals shall be properly housed, fed and maintained in a safe, clean sanitary and humane condition at all times.

(6) A staff member must be physically present during the handling of all pets or other animals.

[8.16.2.47 NMAC - Rp, 8.16.2.47 NMAC, 10/1/2016; A, 1/1/2022]

PART 3: REQUIREMENTS GOVERNING THE CHILD CARE FACILITY LOAN ACT [REPEALED]

[This part was repealed on December 23, 2024.]

CHAPTER 17: NON-LICENSED CHILD CARE

PART 1: GENERAL PROVISIONS [RESERVED]

PART 2: REQUIREMENTS GOVERNING REGISTRATION OF NON-LICENSED FAMILY CHILD CARE HOMES

8.17.2.1 ISSUING AGENCY:

Children, Youth and Families Department.

[8.17.2.1 NMAC - Rp, 8.17.2.1 NMAC, 10/1/16]

8.17.2.2 SCOPE:

All non-licensed family child care homes within the state of New Mexico who are intending to participate in the child and adult care food program or the child care services programs.

[8.17.2.2 NMAC - Rp, 8.17.2.2 NMAC, 10/1/16]

8.17.2.3 STATUTORY AUTHORITY:

The requirements (regulations) set forth herein, are established pursuant to the federal regulations at 7 CFR Part 226 CACFP, 45 CFR Part 98 CCDBG, the New Mexico Public Health Act, Sections 24-1-2 and 24-1-5 NMSA 1978, and the New Mexico Children's Codes, Section 32A-15-2-3 NMSA 1978. These regulations are promulgated by authority 9-2A-7 NMSA 1978. Child care homes registered pursuant to these regulations for participation in the child and adult care food program (CACFP) and child care assistance programs (CCAP) with children, youth and families department (CYFD), are health facilities within the scope of Sections 24-1-2, 24-1-5 NMSA 1978, and Section 32A-15-3 NMSA 1978.

[8.17.2.3 NMAC - Rp, 8.17.2.3 NMAC, 10/1/16]

8.17.2.4 DURATION:

Permanent.

[8.17.2.4 NMAC - Rp, 8.17.2.4 NMAC, 10/1/16

8.17.2.5 EFFECTIVE DATE:

October 1, 2016, unless a later date is cited at the end of a section.

[8.17.2.5 NMAC - Rp, 8.17.2.5 NMAC, 10/1/16]

8.17.2.6 OBJECTIVE:

The objective of 8.17.2 NMAC is to establish standards and procedures to permit independent caregivers who are not required to be licensed as family child care homes under state regulation 8.16.2 NMAC to participate in the federal child and adult care food program and the state and federal child care assistance programs through the registration process. The objective of 8.17.2 NMAC is also to establish standards and procedures that promote equal access to services and prohibit discrimination based on race, color, religion, sex (including pregnancy, sexual orientation, or gender identity), national origin, disability, or age (40 or older).

[8.17.2.6 NMAC - Rp, 8.17.2.6 NMAC, 10/1/2016, A, 1/1/2022]

8.17.2.7 DEFINITIONS:

A. Terms beginning with the letter "A":

(1) "Abuse" means any act or failure to act, performed intentionally, knowingly or recklessly, which causes or is likely to cause harm to a child, including:

(a) physical contact that harms or is likely to harm a child;

(b) inappropriate use of a physical restraint, isolation, medication or other means that harms or is likely to harm a child;

(c) punishment that is hazardous to the physical, emotional or mental state of the child; and

(d) an unlawful act, a threat or menacing conduct directed toward a child that results or might be expected to result in fear or emotional or mental distress to a child.

(2) "Adult" means a person who has a chronological age of 18 years or older.

(3) "Attended" means the physical presence of a staff member of educator supervising children under care. Merely being within eyesight of hearing of the children does not mean actively engaged or meet the intent of this definition.

B. Terms beginning with the letter "B": [RESERVED]

C. Terms beginning with the letter "C":

(1) "Care" means the provisions of what is necessary to meet the needs of the health, welfare, maintenance, and protection of a child.

(2) "Cease and desist letter" means a formal letter from the registered authority to a provider outlining any ongoing violation of applicable regulations and providing 24 - 72 hours, depending on the circumstances, to rectify the violation(s)

before additional action, including suspension or revocation, is taken by the registered authority. A cease and desist letter is usually issued when a registered care giver violates applicable regulations, but there is not an immediate threat to the health and safety of children in care, and seeks to compel compliance before more serious action is taken. A cease and desist letter must provide the specific deadline to rectify the violation(s), 24 to 72 hours, and specify the subsequent action the registered authority will take if the violation(s) is not corrected by that deadline.

(3) "Child" means any person who is under the chronological age of 18 years.

(4) "Child and adult care food program (CACFP)" means the state of New Mexico's family nutrition bureau which administers the federal child and adult care food program.

(5) "Child care assistance program (CCAP)" means the state of New Mexico's child care services bureau (CCSB) which administers the federal child care and development fund (CCDF).

(6) "Child with a disability or special needs" means a child with an identified disability, health, or mental health conditions requiring early intervention, special education services, or other specialized services and support; or children without identified conditions, but requiring specialized services, supports, or monitoring.

(7) "Clean" means to physically remove all dirt and contamination.

(8) "Conditions of operation" means a written plan that applies to a registered home and is developed by the licensing authority when the registered authority determines that provisions within these regulations have been violated. The plan addresses corrective actions that the caregiver must take within a specified timeframe.

(9) "Corrective action plan" means the plan submitted by the caregiver addressing how and when identified deficiencies will be corrected.

D. Terms beginning with the letter "D":

(1) "Disinfect" means to destroy or inactivate most germs on any inanimate object, but not bacterial spores. Mix four tablespoons of bleach with one gallon of cool water or use an environmental protection agency (EPA) registered disinfectant.

(2) "Drop-in" means a child who attends a child care home on an occasional or unscheduled basis to include children who come to play with provider's children without parent being present.

E. Terms beginning with the letter "E":

(1) "Emergency caregiver" means someone 18 years of age or older who is authorized by the primary caregiver to provide care on an emergency basis, eight hours or less, on behalf of the primary caregiver.

(2) "Exempt caregiver" means a child care home primary caregiver who is exempt from participating in the CACFP because he or she is caring only for resident children or does not provide child care during the hours when a meal (breakfast, lunch or dinner) is served.

(3) "Exploitation" of a child consists of the act or process, performed intentionally, knowingly, or recklessly, or using a child's property for another person's profit, advantage or benefit without legal entitlement to do so.

(4) "Expulsion" means the involuntary termination of the enrollment of a child or family.

F. Terms beginning with the letter "F": "Family, friend or neighbor (FFN)" means care provided temporarily in a home and only in the case of a public health emergency.

G. Terms beginning with the letter "G": "Guidance" means fostering a child's ability to become self-disciplined. Guidance shall be consistent and developmentally appropriate.

H. Terms beginning with the letter "H":

(1) "Home" means a private residence and its premises registered under these regulations where children receive care, services, and supervision. The caregiver will reside in the home and be the primary caregiver. A home will be considered a building or fixed dwelling that can be occupied for living purposes if it provides complete independent living facilities, including permanent provisions for plumbing and electricity. Special considerations will be made for homes on tribal lands.

(2) "Homeless children and youth" means individuals who lack a fixed, regular, and adequate nighttime residence, which includes:

(a) children and youth who are temporarily sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks (excludes mobile homes), or camping ground due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals; or are awaiting foster care placement;

(b) children and youth who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;

(c) children and youth who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and

(d) migratory children who qualify as homeless for the purposes of this subtitle because the children are living in circumstances described in subparagraphs (a) though (c) of this Paragraph.

I. Terms beginning with the letter "I":

(1) "Infant" means a child from birth to 12 months.

(2) "**In-home care"** means care provided in the child's own home. In-home care registrations are limited to care of children with documented special needs or a medical condition, and the siblings of qualifying child. In-home care registrations must comply with the following:

(a) Parents or legal guardians who choose to use an in-home provider become the employer of the child care provider and must comply with all federal and state requirements related to employers, such as the payment of all federal and state employment taxes and the provision of wage information. Any parent or legal guardian who chooses to employ an in-home provider releases and holds the department harmless from any and all actions resulting from their status as an employer. Payments for in-home provider care are made directly to the parent or legal guardian.

(b) Parents or guardians are responsible for submitting documentation from a medical professional detailing the need for in-home care.

(c) Parent or guardians must consent to initial and annual inspections in accordance with 8.17.2.13 NMAC.

(d) In-home care registrations are exempt from the health and safety requirements outlined in Subsections C, D, E, F, G, H, I, J, R, T, U, V, W, X, Z of 8.17.2.22 NMAC; 8.17.2.23 NMAC; and, Subsections D and I of 8.17.2.25 NMAC.

J. Terms beginning with the letter "J": [RESERVED]

K. Terms beginning with the letter "K": [RESERVED]

L. Terms beginning with the letter "L": [RESERVED]

M. Terms beginning with the letter "M": "Media" means the use of televisions, video games, and non-educational on-line streaming such as video and social media.

N. Terms beginning with the letter "N":

(1) "Neglect" means the failure to provide the common necessities including but not limited to: food, shelter, a safe environment, education, emotional well-being and healthcare that may result in harm to the child.

(2) "Non-resident child" means any child who does not reside in the primary caregiver's home.

(3) "Notice of Provisional Employment" means a written notice issued to a child care center or home applicant indicating the background check unit reviewed the applicant's fingerprint based federal or New Mexico criminal record and made a determination that the applicant may begin employment under direct physical supervision until receiving background eligibility. A notice may also indicate the applicant must receive a complete background eligibility prior to beginning employment.

(4) "Notifiable diseases" means confirmed or suspected diseases/conditions as identified by the New Mexico department of health which require immediate reporting to the office of epidemiology which include but are not limited to: measles, pertussis, food borne illness, hepatitis and acquired immune deficiency syndrome.

O. Terms beginning with the letter "O": [Reserved]

P. Terms beginning with the letter "P":

(1) "Pacifier" means a rubber or plastic device, often shaped into a nipple, for an infant to suck or bite.

(2) "Premises" means all parts of the buildings, grounds, and equipment of a non-licensed home pursuant to these regulations.

(3) "Primary caregiver" means a registered child care home caregiver 18 years of age or older who is personally providing care to children, less than 24 hours a day, in his/her own residence and has completed the registration process, paid the required fee and has no other employment during hours of care. The primary caregiver must reside in the home.

Q. Terms beginning with the letter "Q": [RESERVED]

R. Terms beginning with the letter "R":

(1) "Registered authority" means the child care services bureau - registration section of the early childhood services division of the New Mexico children, youth and families department.

(2) "Registered family child care home" means the residence of an independent primary caregiver who registers the home under these regulations to

participate in the child and adult care food program or in the state and federal child care assistance programs.

(3) "Registered family child care food-only home" means the residence of an independent primary caregiver who registers the home under these regulation to participate in the child and adult care food program only and does not participate in the state and federal child care assistance program.

(4) "Resident child" means any child who resides in the home, such as the primary caregiver's own children by birth or adoption, foster children, grandchildren, or cohabitant's children who are part of the residential unit.

S. Terms beginning with the letter "S":

(1) "Serious injury" means the death of a child or accident, illness, or injury that requires treatment by a medical professional or hospitalization.

(2) "Significant amount of time" means someone who is on the premises for more than one hour per day during hours of care.

(3) "Substantiated" means an incident or complaint determined to factual, based on an investigation of events.

(4) "Substitute caregiver" means someone 18 years of age or older who is authorized by the primary caregiver and the registered authority to provide care in the absence of the primary caregiver and is required to complete all the items required of primary caregivers, including background check clearance in accordance with the most current provisions of 8.8.3 NMAC governing background checks and employment history verification provisions.

(5) "Supervision" means the direct observation and guidance of children at all times and requires being physically present with them.

(6) "Survey" means a representative of CYFD's authority to enter a home, observes activity, examine the records and premises, interviews parents and records deficiencies.

T. Terms beginning with the letter "T": "Toddler" means a child age 12 months to 24 months.

U. Terms beginning with the letter "U":

(1) "Unattended" means a caregiver is not physically present with a child or children under care.

(2) "Unsubstantiated" means an incident or complaint not determined to be factual based on an investigation of events.

V. Terms beginning with the letter "V": [RESERVED]

W. Terms beginning with the letter "W": [RESERVED]

X. Terms beginning with the letter "X": [RESERVED]

Y. Terms beginning with the letter "Y": [RESERVED]

Z. Terms beginning with the letter "Z": [RESERVED]

[8.17.2.7 NMAC - Rp, 8.17.2.7 NMAC, 10/1/2016, A, 10/1/2019; A/E, 7/1/2021, A, 1/1/2022]

8.17.2.8 APPLICATION:

A. An independent caregiver who wants to participate in the federal child and adult care food program and state and federal child care assistance programs must apply as a registered family child care home by submitting an application, receiving an on-site health and safety inspection by CYFD, completing the registration process and paying the processing charge. One primary caregiver per household can be registered or licensed with CCSB. All registered homes receiving child care assistance subsidies must be enrolled and participate in the CACFP, unless they are exempt. Primary caregivers must provide photo identification to prove identity and documentation of proof of address.

B. An applicant will complete an application form provided by the registered authority and include payment for the non-refundable application fee. Applications will be rejected unless all supporting documents are received within six months of the date indicated on the application. A 45 day extension will be granted if the applicant provides documentation to the licensing authority that documents were submitted to the appropriate agencies in a timely manner but, through no fault of their own, they have not received responses from these agencies. In home care registrations are exempt from the application fee.

C. A home will submit a new application to the registered authority before changing anything required to be stated on the registration such as: change of name, dates, status or address.

[8.17.2.8 NMAC - Rp, 8.17.2.8 NMAC, 10/1/2016; A, 1/1/2022]

8.17.2.9 REGISTERED AUTHORITY (ADMINISTRATION AND ENFORCEMENT RESPONSIBILITY):

The child care services bureau, registration section, of the early childhood services division of the New Mexico children, youth and families department, hereafter called the registered authority, has been granted the responsibility by CYFD for the administration and enforcement of these regulations pursuant to the Children, Youth and Families Department Act, Section 9-2A-1 to 9-2A-16 NMSA 1978, as amended.

[8.17.2.9 NMAC - Rp, 8.17.2.9 NMAC, 10/1/16]

8.17.2.10 CAREGIVER REQUIREMENTS:

A. All child care primary caregivers who receive child care assistance reimbursements are required to be licensed or registered by the department and meet and maintain compliance with the appropriate licensing and registration regulations in order to receive payment for child care services. All registered homes receiving child care assistance subsidies must be enrolled and participate in a CACFP, unless they are exempt.

B. All caregivers, including primary, substitute and emergency caregivers must be at least 18 years of age, and must demonstrate the ability to perform essential job functions that reasonably ensure the health, safety and welfare of children in care.

C. Primary and substitute caregivers must comply with background check requirements in accordance with the most current provisions of 8.8.3 NMAC governing background checks and employment history verification provisions. A request for a background check must be submitted prior to a substitute caregiver employment. A substitute caregiver must receive a notice of provisional employment prior to beginning employment or obtain a background check in accordance with 8.8.3 NMAC.

D. Emergency caregivers may provide care on unforeseen, unforeseeable and rare occasions for up to eight hours per month on behalf of the primary caregiver. Emergency caregivers must comply with background check requirements, and be certified in first – aid and cardiopulmonary resuscitation (CPR) with a pediatric component. Emergency caregivers may be exempted from all other training requirements. Anyone who provides care repeatedly or in reasonably foreseeable circumstances is a substitute caregiver and must have the required background checks and training.

E. A substitute caregiver is anyone who provides care repeatedly or in reasonably foreseeable circumstances and must have the required background checks and training.

F. In the event care is provided by a substitute or emergency caregiver, all parents/guardians must be notified as promptly as possible.

G. All caregivers are responsible for immediately reporting to the appropriate authorities any signs or symptoms of child abuse or neglect.

H. All new primary and substitute caregivers of registered family child care homes, with the exception of registered family child care food-only homes, must complete the following training within three months of their original date of initial registration. All current primary and substitute caregivers in a registered family child care home will have three months to comply with the following training from the date these regulations are promulgated:

(1) prevention and control of infectious diseases (including immunization);

(2) prevention of sudden infant death syndrome and use of safe sleeping practices;

(3) administration of medication, consistent with standards for parental consent;

(4) prevention of and response to emergencies due to food or other allergic reactions;

(5) building and physical premises safety, including identification of and protection from hazards that can cause bodily injury such as electrical hazards, bodies of water, and vehicular traffic;

(6) prevention of shaken baby syndrome and abusive head trauma;

(7) emergency preparedness and response planning for emergencies resulting from a natural disaster, or a man-caused;

(8) handling and storage of hazardous materials and the appropriate disposal of bio contaminants;

(9) precautions in transporting children (if applicable);

(10) first aid and cardiopulmonary resuscitation (CPR) awareness with a pediatric component; and

(11) recognition and reporting of child abuse and neglect.

I. Primary and substitute caregivers are required to attend six hours of training annually. Training documentation must be maintained for three years and include the caregiver's name, the date of training, instructor's name and signature, topic of training and number of hours completed.

J. Primary and substitute caregivers caring for infants shall receive two hours of infant or toddler specific training within six-months of registration.

K. If a registered home caregiver completes the 18-hour course, it will count toward the six-hour annual training requirement during the year in which the course was completed and the following year, exclusive of training required by CACFP.

L. Primary and substitute caregivers are required to obtain current first aid and CPR certification with a pediatric component prior to becoming registered and maintain this certification at all times. On-line first aid and CPR classes are not valid unless there is a hands-on component included. In-person requirements may be waived in case of an emergency. A caregiver cannot count more than four hours in first aid and CPR trainings toward their total hours of annual training requirements.

M. Training shall be within the seven competency areas. The competency areas are:

(1) child growth, development and learning;

(2) health, safety, nutrition and infection control;

(3) family and community collaboration;

(4) developmentally appropriate content;

(5) learning environment and curriculum implementation;

(6) assessment of children and programs; and

(7) professionalism.

[8.17.2.10 NMAC - Rp, 8.17.2.10 NMAC, 10/1/2016, A, 10/1/2019; A/E, 7/1/2021; A, 1/1/2022]

8.17.2.11 BACKGROUND CHECKS:

A. All background checks shall be conducted in accordance with the most current provisions of 8.8.3 NMAC governing background checks and employment history verification provisions as promulgated by the children, youth and families department. All non-licensed child care caregivers must adhere to these provisions to maintain their registration status. A background check must be conducted in accordance with 8.8.3 NMAC on all required individuals at least once every five years from the original date of eligibility regardless of the date of hire or transfer of eligibility. A direct provider of care may request a transfer of background check eligibility if:

(1) the staff member was found eligible as a direct provider of care in a child care center, licensed child care home, licensed group home, or registered home within the past five years and has not been separated from employment for more than 180 days; and

(2) submits an application for transfer and is found eligible pursuant to 8.8.3.11 NMAC.

B. The primary caregiver will be responsible for obtaining background checks on all adults residing in the home using the requirements outlined in the department's most current version of the background checks and employment history verification provisions (8.8.3 NMAC). A household member reaching the age of 18, must submit their background check in accordance with the most current provisions of 8.8.3 NMAC within 30 days after their eighteenth birthday. However, in the case of a registered family child care food-only home, all household members are only required to undergo a criminal history and child abuse and neglect screening.

C. Any adult who is present in the registered primary caregiver's home for significant periods while children are in care, or who commences being present in the registered primary caregiver's home for significant periods, may be required by the department to obtain either a background check or criminal history and child abuse and neglect screen. Family members or guests visiting for temporary periods (less than five days) are not considered as spending significant periods of time. However, such visiting family or guests must not have unsupervised access to the children in care at any time.

D. All requirements of the current background checks and employment history verification provisions pursuant to 8.8.3 NMAC must be met prior to the issuance of an initial registration.

E. The registered primary caregiver must maintain documentation of all applications, correspondence and clearances relating to the background checks required in this section and make them available to the registered authority upon request.

F. The primary caregiver shall certify upon renewal that they, or any other adult living in the home have not been convicted of a disqualifying offense during the last twelve month.

[8.17.2.11 NMAC - Rp, 8.17.2.11 NMAC, 10/1/2016, A, 10/1/2019; A/E, 7/1/2021; A, 1/1/2022]

8.17.2.12 ANNUAL REGISTRATION:

An annual registration is issued for a one-year period to a child care home that has met all requirements of these regulations.

A. Primary caregivers must renew registration annually, and only after receiving an onsite inspection by CYFD, by submitting a registration application and paying the processing charge with cashier's check or a money order. In-home care registrations are exempt from the application fee.

B. Primary caregiver's who fail to renew registration by the expiration date will not be eligible to receive program benefits from either the child and adult care food program or the child care assistance program.

C. Primary caregivers shall ensure that all adults residing in the home, as well as secondary caregivers and adults spending a significant amount of time in the home, are listed on all documentation required by CYFD and sponsoring agencies.

[8.17.2.12 NMAC - N, 10/1/2016; A/E, 7/1/2021; A, 1/1/2022]

8.17.2.13 VISITS BY THE SPONSORING AGENCY AND REGISTERED AUTHORITY:

Caregivers will grant the registered authority representative the right to enter the premises and, conduct visits, including unannounced and complaint investigations when child care children are present and during the caregiver's stated normal hours of operation.

A. The registered authority will conduct a survey at least once a year at each registered residence using these regulations as the criteria. The registered authority will conduct additional surveys or visit the registered residence additional times to provide technical assistance, to check progress on correction of deficiencies found on previous surveys, or to investigate any complaints.

B. Upon the completion of a survey, the registered authority will discuss the findings with the caregiver or their substitute caregiver and will provide an official written report of the findings and a request for a plan or plans of correction, if appropriate. Each survey will be made available for review on a public web portal.

C. By applying for either a new registration or a registration renewal, the caregiver grants the registering authority representative the right to enter the premises and survey the registered residence, including inspecting and copying of child care records, both while the application is being processed and, if registered, at any time during the registration period.

D. The registering authority may or may not announce a survey. A substitute caregiver knowledgeable in the daily operations, that has access to all records and locked areas, and can represent the caregiver for survey purposes, must be present in the residence if the primary caregiver is not present.

[8.17.2.13 NMAC - Rp, 8.17.2.14 NMAC, 10/1/2016; A, 1/1/2022]

8.17.2.14 NON-TRANSFERABILITY OF REGISTRATION:

A. The primary caregiver's registration agreement is personal, and not transferable to any other person or location.

B. A registration will expire automatically at midnight of the expiration date unless earlier suspended or revoked, or:

(1) if the primary caregiver moves; or

(2) changes their name.

C. If the primary caregiver moves to a new location or has a change of name, the primary caregiver must register again by submitting a new application and pay the processing charge. The caregiver must report a new location or change of name prior to the occurrence and receive a new on-site health and safety inspection by CYFD.

D. A caregiver with only a change in name will not need to pay an amended fee or processing charge.

[8.17.2.14 NMAC - Rp, 8.17.2.15 NMAC, 10/1/2016; A, 1/1/2022]

8.17.2.15 INCIDENT REPORTS:

Registered caregiver shall notify the appropriate authorities immediately by phone of any incident which results in significant harm to a child or which places the child in immediate danger. After making a report to the appropriate authorities, the caregiver shall notify CYFD of the incident giving rise to its report as soon as possible but no later than 24 hours after the incident occurred. A report shall first be made by telephone and followed with written notification. The caregiver shall report to the appropriate authorities the following incidents, including but not limited to:

A. Any incident that has threatened or could threaten the health and safety of children, including but not limited to:

(1) a lost, missing child or unattended child;

(2) a serious injury;

(3) the suspected abuse or neglect of a child;

(4) fire, flood, or other natural disaster that creates structural damages to a home or poses a health hazard;

(5) any of the illnesses on the current list of notifiable diseases and communicable published by the office of epidemiology of the New Mexico department of health;

(6) any legal action against a caregiver or household member;

(7) any incident that could affect the background check eligibility of any cleared person related to this registration;

(8) the use of physical or mechanical restraints, unless due to documented emergencies or medically documented necessity; or

(9) any known change in a caregiver's health condition or use of medication that impairs his or her ability to provide for the health, safety or welfare of children in care.

B. A home will notify parents or guardians in writing of any incident, including notifiable illnesses that have threatened the health or safety of children in the home. The provider shall ensure that it obtains parent or guardian signatures on all incident reports within 24 hours of the incident. The provider shall immediately notify the parent or guardian in the event of any head injury. Incidents include, but are not limited to, those listed in Subsection A of 8.17.2.15 NMAC.

C. Incident reports involving suspected child abuse and neglect must be reported immediately to children's protective services and local law enforcement. The registered authority follows written protocols/procedures for the prioritization, tracking, investigation and reporting of incidents, as outlined in the complaint investigation protocol and procedures.

[8.17.2.15 NMAC - Rp, 8.17.2.16 NMAC, 10/1/2016; A, 1/1/2022]

8.17.2.16 COMPLIANCE:

By completing the CYFD registration process and annual renewals, the primary caregiver is agreeing to comply with these regulations to include the following:

A. The primary caregiver agrees to continue to meet these requirements, to correct deficiencies promptly and to take prompt action to resolve problems cited in complaints filed with state agencies and referred to the caregiver.

B. The caregiver must grant the registered authority the right to enter the premises and survey the caregiver’s home and the inspection and copying of records. This includes any investigations which are announced or un-announced.

[8.17.2.16 NMAC - Rp, 8.17.2.17 NMAC, 10/1/16]

8.17.2.17 NON-COMPLIANCE:

A. The children, youth and families department may deny, suspend, revoke or decline to renew registration at any time it is reasonably determined that the caregiver is not in compliance with these regulations, or is unable to maintain compliance with registration standards.

B. Violation of any provisions of these regulations, especially when the registered authority has reason to believe that the health, safety or welfare of a child is at risk, or has reason to believe that the caregiver cannot reasonably safeguard the health and safety of children may be grounds to suspend, revoke, issue a cease and desist letter or decline to renew registration include but are not limited to:

(1) failure to comply with the group composition requirement;

(2) any health and safety violations which place the children in immediate danger, including but not limited to:

(a) a dwelling infested with vermin, including rodents, with no effort to correct the problem;

(b) lack of basic sanitary facilities, such as an open cesspool or open sewer line draining onto the ground surface; and

(c) unlocked or unsecured firearms and weapons in the home;

(3) background check denial or suspension;

(4) failure to timely obtain required background checks;

(5) misrepresentation or falsification of any information given to CYFD or CACFP;

(6) failure to allow access to the registered home by authorized representatives of the department or sponsor, at any time that children are present in the registered home;

(7) failure to properly protect the health, safety and welfare of children due to impaired health or conduct or hiring or continuing to allow any person whose health or conduct impairs the person's ability to properly protect the health, safety, and welfare of the children;

(8) discovery of repeat violations of these regulations or failure to correct deficiencies of survey findings in current or past contiguous or noncontiguous certification periods;

(9) possessing or knowingly permitting non-prescription controlled substances or illegal drugs to be present on the premises at any time, regardless of whether children are present;

(10) substantiated non-compliance with caregiver requirements to care for children in the registered home as defined in these regulations;

(11) substantiated abuse or neglect of children by the caregiver or household member as determined by CYFD or a law enforcement agency;

(12) allowing any person to be active in the child care home who is or would be disqualified as a primary caregiver under the most current version of the background checks and employment history verification provisions pursuant to 8.8.3 NMAC; this will include all adults and teenaged children living in a family child care home operated in a private residence whether or not they are active in the child care operation;

(13) situations where the children in care are placed in unreasonable or unnecessary danger, including but not limited to: evidence of illegal drug use in the home, evidence of domestic violence in the home, a convicted sex offender maintaining residence in the home, a convicted sex offender in the home when children are present, accusations of sexual child abuse against a caregiver or household member, or pending the outcome of a child protective services referral; and

(14) any serious violation or other circumstance which reasonably leads the department to determine that the caregiver cannot reliably safeguard the health and safety of children.

C. Commencement of a children, youth and families department or law enforcement investigation may be grounds for immediate suspension of registration pending the outcome of the investigation. Upon receipt of the final results of the investigation, the department may take such further action as is supported by the investigation results.

D. A suspension, revocation, or conditions of operations imposed pursuant to part A of this section may take effect immediately if in the discretion of the department that the health, safety or welfare of a child is at risk, or has reason to believe that the caregiver cannot reasonably safeguard the health and safety of children.

E. The children, youth and families department notifies the primary caregiver in writing when registration is denied, suspended or revoked, or if renewal is declined. The notification shall include the reasons for the department's action. The primary caregiver may obtain an administrative appeal of the department's action.

F. The child care services bureau notifies the family nutrition bureau of any revocation or suspension of registration for a primary caregiver participating in the child care assistance programs.

G. Primary caregivers whose registration has previously been suspended or revoked may re-apply for registration through the regular registration process. The child care services bureau may consider the reasons for the previous action, as well as changed and current circumstances, in determining whether to allow the new application. The children, youth and families department may require the registered caregiver to implement specific actions, or to agree to specific conditions, in order to obtain re-registration.

H. The children, youth and families department may require the registered caregiver to implement specific actions, or to agree to specific conditions, in order to maintain registered status. Such specific actions or conditions may be required if the department has reasonable grounds to determine they are needed to assure the continued safe operation of the primary caregiver's home. Examples:

(1) The department may require caregiver(s) to complete additional training if it appears that the caregiver has used inappropriate discipline, and revocation is not necessary under the circumstances.

(2) The department may require that certain person(s) not be permitted to enter the premises while care is being provided, if it reasonably appears that that person(s) may pose a threat to health or safety, or otherwise create a risk of harm to children.

I. Caregivers who are required to implement actions or to agree to conditions pursuant to Subsections G or H, are notified in writing, and shall have the opportunity for administrative appeal.

J. There shall be no right to an appeal or administrative review when the registered authority issues a cease and desist letter; provided, however, that the registered care giver shall have the right to an appeal or administrative review of any subsequent action taken by the registered authority as set forth herein.

[8.17.2.17 NMAC - Rp, 8.17.2.18 NMAC, 10/1/2016, A, 1/1/2022]

8.17.2.18 COMPLAINTS:

A. Complaints received by CYFD shall be investigated promptly.

B. An authorized CYFD representative receiving complaints will ask complainants to identify themselves and provide all information necessary to document the complaint.

C. The authorized CYFD representative will investigate any complaint in which the health, safety or welfare of a child could be in danger. The complaint will be reviewed and prioritized immediately according to the nature and severity of the complaint. The registered authority will follow established protocols and procedures for prioritizing, tracking, initiating and reporting of complaints and complaint investigations. Complaints will be investigated in a timely manner as follows:

(1) Priority 1 complaints: investigation will be initiated within 24 hours.

(2) Priority 2 complaints: investigation will be initiated within three working days.

(3) Priority 3 complaints: investigation will be initiated within five working days.

(4) Initiation timeframes for investigations may be shortened based on the severity and nature of the complaint, but timeframes may not be extended.

D. The caregiver shall cooperate in good faith with any investigation by the authorized CYFD authority. Obstruction of an investigation may subject the primary caregiver to sanctions, up to and including revocation.

E. Action by the authorized CYFD representative:

(1) The registered authority will provide a written letter on the results of the investigation to the registered home primary caregiver that is the subject of the complaint and the complainant if an action is taken.

(2) If the authorized CYFD representative finds the complaint is unsubstantiated, it will be so designated and the authorized CYFD representative will take no further action.

(3) If the authorized CYFD representative finds that a complaint is substantiated, it will make the complaint part of the authorized CYFD file on the child care registered home. The following additional actions will, at the discretion of the authorized CYFD representative, be taken:

(a) the CYFD authority will require the registered home caregiver to submit and comply with a written corrective action plan; or

(b) the CYFD authority will sanction the registered home administratively including, without limitation, suspension, revocation, or restriction of a registration; or

(c) the CYFD authority will file criminal charges or pursue civil remedies.

F. The authorized CYFD representative will report all cases of suspected child abuse and neglect to both children's protective services and the local law enforcement agency.

[8.17.2.18 NMAC - Rp, 8.17.2.19 NMAC, 10/1/16]

8.17.2.19 ADMINISTRATIVE APPEAL RIGHTS:

A. Any primary caregivers who receives notice that registration is denied, revoked, suspended or that renewal is denied, has a right to an administrative appeal of the decision. Any primary caregiver who is required by the department to implement specific actions, or to agree to specific conditions, in order to maintain registered status, has a right to administrative appeal.

B. Administrative appeals shall be conducted by a hearing officer appointed by the department's secretary pursuant to hearing regulations in 8.8.4 NMAC.

C. If the suspension or revocation is to take effect immediately, or if required conditions of continued operation are to take effect immediately, the department affords the primary caregiver the opportunity for an administrative appeal within five working days. If registration is suspended pending the results of an investigation, the primary caregiver may elect to postpone the hearing until the investigation has been completed.

D. If after the imposition of an immediate suspension the department takes additional actions including additional suspension, revocation, or conditions of operations, the immediate action will stay in effect until the following action goes into effect or an appeal of the following action is concluded and the action is either upheld or overturned.

E. If the contemplated action does not take immediate effect, and the primary caregiver is given advance notice of the contemplated action, the primary caregiver is allowed 10 working days from date of notice to request an administrative appeal in writing.

F. For any action taken by the department pursuant to section 8.17.2.20 NMAC of this regulation, the applicable hearing procedure shall be that contained in section 8.17.2.20 NMAC.

[8.17.2.19 NMAC - Rp, 8.17.2.20 NMAC, A, 10/1/16]

8.17.2.20 PROBABLE CAUSE OF IMMINENT DANGER:

A. In circumstances in which Public Health Act Paragraph (N) of Section 24-1-5 (2005) NMSA 1978 may apply, and in which other provisions of this regulation are not adequate to protect children from imminent danger of abuse or neglect while in the care of a provider, the provisions of Paragraph (N) of Section 24-1-5 NMSA 1978 shall apply as follows:

(1) The department shall consult with the owner or operator of the child care facility.

(2) Upon a finding of probable cause, the department shall give the owner or operator notice of its intent to suspend operation of the child care facility and provide an opportunity for a hearing to be held within three working days, unless waived by the owner or operator.

(3) Within seven working days from the day of notice, the secretary shall make a decision, and, if it is determined that any child is in imminent danger of abuse or neglect in the child care facility, the secretary may suspend operation of the child care facility for a period not in excess of fifteen days.

(4) Prior to the date of the hearing, the department shall make a reasonable effort to notify the parents of children in the care of the registered home of the notice and opportunity for hearing given to the caregiver.

(5) No later than the conclusion of the fifteen day period, the department shall determine whether other action is warranted under this regulation.

B. Nothing in this section of the regulation shall be construed to require registration that is not otherwise required in this regulation.

[8.17.2.19 NMAC - Rp, 8.17.2.21 NMAC, 10/1/2016, A, 1/1/2022]

8.17.2.21 GROUP COMPOSITION REQUIREMENTS:

A. A caregiver will care for no more than four non-resident children at any one time.

B. A caregiver will care for no more than two children under two years old at any one time, including the caregiver's own children.

C. A caregiver will care for no more than six children under six years old at any one time, including the caregiver's own children.

D. Drop-in children will be counted in the group composition requirements listed above.

E. Shifts are allowed provided there are never more than four non-resident children present at any one time, including change of shifts.

F. All caregivers will be physically present and actively involved in the care of all children during the designated hours of child care as noted in the child enrollment forms, except for short absences when another approved caregiver is present, or emergencies. Outside employment is not considered a short absence.

[8.17.2.2 NMAC - Rp, 8.17.2.22 NMAC, 10/1/16]

8.17.2.22 HEALTH AND SAFETY REQUIREMENTS:

A. A caregiver will maintain the home, grounds and equipment in safe condition. The home and grounds must be clean and free of debris or other potentially dangerous hazards. All equipment must be in good repair.

B. All electrical outlets within reach of children will have safety outlets or have protective covers.

C. A caregiver will not use multiple plugs or gang plugs unless surge protection devices are used.

D. A caregiver will keep the temperature of inside areas used by children at no less than 68 degrees Fahrenheit and no more than 82 degrees Fahrenheit. A home may use portable fans if the fans are secured and inaccessible to children and do not present any tripping, safety or fire hazard.

E. The home must be adequately ventilated at all times.

F. A home will not use un-vented heaters or open flame heaters. Portable heaters will be used in accordance with manufacture instructions. A home will install barriers or take other steps to ensure heating units are inaccessible to children. Heating units include hot water pipes, infrared heaters, ceramic heaters, hot water baseboard heaters hotter than 110 degrees Fahrenheit, fireplaces, fireplace inserts and wood stoves.

G. All homes will have hot and cold running water. Water coming from a faucet will be below 110 degrees Fahrenheit in all areas accessible to children. A home may install a water tempering control valve ahead of all domestic water-heater piping.

H. A caregiver must provide safe playing areas inside and outside the home. A caregiver's inside and outside play areas must be safe, clean and free of any debris.

I. A caregiver's outside play area must be on the premises and approved by the registered authority. The caregiver will fence the outside play area when determined to be necessary for safety by the registered authority. The fence must be at least four feet high and will have one latched gate for emergency exits. For apartment buildings or residences with no outdoor play areas, a common park/playground can be used for outdoor play but will not be inspected or approved by the registered authority. The provider will ensure the play area is safe from hazards prior to allowing children to play.

J. The use of a trampoline is prohibited at any time during the hours of operation or by any children receiving care at the registered home.

K. A caregiver will keep all poisons, toxic materials, cleaning substances, alcohol, alcoholic beverages, prescriptions and over the counter medications, intoxicating substances, sharp and pointed objects or any other dangerous materials in a storage area inaccessible to children.

L. The primary caregiver must have a working telephone in the home and a valid working phone number on file with CYFD at all times. Emergency numbers will be posted on any cordless or cellular telephones. A cellular telephone is acceptable as the only phone in the home. The cellular telephone will remain in the same room, charged and accessible to the provider a caregiver at all times.

M. A caregiver will post emergency numbers for the police, fire department, ambulance, and poison control center in a visible location.

N. A caregiver will install at least one working smoke detector and a carbon monoxide detector in an appropriate area in the home.

O. A caregiver will unload all guns, such as pellet or BB guns, rifles and handguns, lethal and non-lethal weapons and keep them in a locked area inaccessible to children. For purposes of this regulation, a weapon is (including but not limited to): firearms, tasers and stun guns, pepper spray, knives, swords and other items designed or used for inflicting bodily harm or physical damage.

P. A caregiver, will prohibit smoking, the use of e-cigarettes/vaporizers and the drinking of alcoholic beverages in all areas, including vehicles, when children are present. Possessing or knowingly permitting illegal drugs, paraphernalia, or non-prescription controlled substances to be possessed or sold on the premises at any time regardless of whether children are present is prohibited.

Q. A home will have a fully - charged 2A-10B:C fire extinguisher in an easily accessible place. A fire extinguisher must be certified once a year and will have official tags noting the date of inspection.

R. A caregiver will store combustible and flammable materials in a safe area away from water heater rooms, furnace rooms, heaters, fireplaces or laundry rooms.

S. In case of a fire, the caregiver's first responsibility is to evacuate the children to safety. An up to date emergency evacuation and disaster preparedness plan must be available. An up to date emergency evacuation and disaster preparedness plan, which shall include steps for evacuation, relocation, shelter-in-place, lock-down, communication, reunification with parents, individual plans for children with special needs and children with chronic medical conditions, accommodations of infants and toddlers, and continuity of operations. The plan shall be approved annually by the registered authority and the department will provide guidance on developing these plans.

T. Caregiver's will conduct at least one fire drill each month and an emergency preparedness practice drill at least quarterly beginning January of each calendar year. A caregiver will hold the drills at different times of the day and will keep a record of the drills with the date, time, number of adults and children participating, and any problems.

U. A home will have two major exits readily accessible to children with no obstructions in the pathways of these exits.

V. Toys and objects (including high chairs, playpens and cribs) are safe, durable, easy to clean and nontoxic. Toys will be disinfected, at a minimum of, once per week. Frequency of disinfection of toys must be increased in the event of a communicable disease, following appropriate guidance.

W. Cribs will meet federal standards (CPSC 16 CFR1219,1220), be kept in good repair, and not be used for storage. A home will not use plastic bags or lightweight plastic sheeting to cover a mattress and will not use pillows in cribs. Animals and pets will not be allowed in cribs or on sleeping materials.

X. Children will not use a common towel or wash cloth. All toilet rooms used by children will have toilet paper, soap and disposable towels.

Y. The home will have a first aid kit stored in a convenient place inaccessible to children, but easily accessible by caregiver. The kit will contain at least band-aids, gauze pads, adhesive tape, scissors, soap, non-porous latex gloves, and a thermometer.

Z. A caregiver with pets will comply with the following requirements:

(1) A home will inform parents or guardians in writing before pets are allowed at the residence.

(2) A home will inoculate any pets as prescribed by a veterinarian and keep a record of proof of inoculation prior to the pet's presence at the residence.

(3) A home will not allow on the premises pets or other animals that are undomesticated, dangerous, contagious or vicious in nature.

(4) Areas of confinement, such as cages and pens, and outdoor areas are cleaned of excrement daily.

(5) A caregiver must be physically present during the handling of all pets or other animals

AA. A caregiver will change wet and soiled diapers and clothing promptly. A caregiver will not change a diaper in a food preparation area. Caregivers will wash their hands and the child's hands after every diaper change. A caregiver will change a child's diaper on a clean, safe, waterproof surface and discard any disposable covers and disinfect the surface after each diaper change.

BB. Children may be transported only in vehicles that have current registration and insurance coverage. All drivers must have current driver's license and comply with motor vehicle and traffic laws. A child shall only be transported if the child is properly secured in an age appropriate restraining device. Persons who have been convicted in the last seven years of a misdemeanor or felony driving while intoxicated/driving under the influence cannot transport children under the auspices of a registered home certification.

CC. Children less than one year of age shall be properly secured in a rear-facing child passenger restraint device that meets federal standards in the rear seat of a

vehicle that is equipped with a rear seat. If the vehicle is not equipped with a rear seat, the child may ride in the front seat of the vehicle if the passenger-side air bag is deactivated if the vehicle is equipped with a deactivation switch for the passenger-side air bag.

DD. Children one year of age through four years of age, regardless of weight, or children who weigh 40 pounds, regardless of age, shall be properly secured in a child passenger restraint device that meets federal standards.

EE. Children five years of age through six years of age, regardless of weight, or children who weigh less than 60 pounds, regardless of age, shall be properly secured in either a child booster seat or an appropriate child passenger restraint device that meets federal standards.

FF. Children seven years of age through 12 years of age shall be secured in a child passenger restraint device or by a seat belt.

GG. Vehicles used for transporting children will be enclosed and properly maintained. Vehicles shall be cleaned and inspected inside and out.

HH. Vehicles operated by the home to transport children shall be air-conditioned whenever the outside air temperature exceeds 82 degrees Fahrenheit. If the outside air temperature falls below 50 degrees Fahrenheit the center will ensure the vehicle is heated

II. A home will load and unload children at the curbside of the vehicle or in a protected parking area or driveway. The home will ensure children do not cross a street unsupervised after leaving the vehicle.

JJ. No one will smoke, use e-cigarettes or vaporizers - in a vehicle used for transporting children.

KK. Persons transporting children will also take the safe transportation practices training.

[8.17.2.22 NMAC - Rp, 8.17.2.23 NMAC, A, 10/1/2016; A/E, 7/1/2021, A, 1/1/2022]

8.17.2.23 MEAL REQUIREMENTS:

A. Children will not use shared eating or drinking utensils.

B. Children will not use common eating or drinking utensils.

C. A caregiver will provide readily accessible drinking water in sanitary cups or glasses.

D. Meals must meet age-appropriate USDA requirements.

E. A caregiver must keep a daily menu.

F. Caregivers will serve meals family style and allow children to assist in the preparation and serving of food and snacks.

G. Caregivers will feed children a meal or snack every three hours.

H. Caregivers and children will wash their hands regularly and before each meal time.

I. Caregivers will keep food requiring refrigeration, including formula, at 41 degrees Fahrenheit or below.

J. Refrigerators and freezers shall have working thermometers.

[8.17.2.23 NMAC - Rp, 8.17.2.24 NMAC, 10/1/2016, A, 1/1/2022]

8.17.2.24 RECORD KEEPING REQUIREMENTS:

Caregivers must keep an information card for each child (including drop-in children) with:

A. the child's full name;

B. the child's birth date;

C. any known food or drug allergies or unusual physical condition;

D. the name, telephone number, and location of a parent or other responsible adult to be contacted in any emergency;

E. the name and telephone number of the child's physician;

F. authorization from a parent or guardian for the caregiver to seek professional medical care in an emergency;

G. written permission from a parent or guardian for the caregiver to administer medication prescribed by a physician or requested by the parent;

H. an immunization record showing current, age-appropriate immunizations for each child or a written waiver for immunizations granted by the department of health. A grace period of a maximum of 30 days will be granted for children in foster care or homeless children and youth, or at-risk children and youth as determined by the department;

I. written permission from parent to transport children outside of the registered home ; and

J. A record of the time the child arrived and left the home and dates of attendance initialed by a parent, guardian, or person authorized to pick up the child. The attendance log must be kept on file for 12 months.

[8.17.2.24 NMAC - Rp, 8.17.2.25 NMAC, 10/1/2016; A/E, 7/1/2021, A 1/1/2022]

8.17.2.25 CAREGIVER'S RESPONSIBILITIES:

A. A caregiver will directly supervise and actively care for children at all times during hours of operation including outdoor playtime and naptime. Caregivers will interact with children and provide a safe and positive learning environment.

B. Children will never be left unattended. A caregiver will be with the children at all times whether activities are inside or outside of the home. Caregivers will be onsite, available and responsive to children during all hours of operation.

C. A caregiver will use guidance that is positive, consistent and age-appropriate. The caregiver will not use:

(1) physical punishment of any type, including shaking, biting, hitting, pinching or putting anything on or in a child's mouth;

(2) withdrawal of food, rest, bathroom access, or outdoor activities;

(3) abusive or profane language, including yelling;

(4) any form of public or private humiliation, including threats of physical punishment; or

(5) unsupervised separation; or

(6) children will not be lifted by the arms, hands, wrist, legs, feet, ankles, or clothing.

D. Each home must develop policies and procedures for expulsion of children. Policies and procedures shall include how the home will maintain a positive environment and will focus on preventing the expulsion of children age birth to five. The home must develop policies that include clear, appropriate, consistent expectations, and consequences to address disruptive student behaviors; and ensure fairness, equity, and continuous improvement.

E. Each home must develop an anti-discrimination policy that promotes the equal access of services for all children and families and prohibits discrimination based on

race, color, religion, sex (including pregnancy, sexual orientation, or gender identity), national origin, disability, or age (40 and older).

F. Each home must offer children activities and experiences that are developmentally appropriate, allow children choices, and promote positive social, emotional, physical and intellectual growth and well-being. Caregivers will schedule activities in these areas. A caregiver will schedule routine activities such as meals, snacks, rest periods, and outdoor play to provide structure to the children's daily routine. Other activities should be flexible based on changes in the children's interests. A caregiver will also provide a variety of indoor and outdoor equipment to meet the children's developmental interests and needs. Equipment will encourage large and fine muscle activity, solitary and group play and active and quiet play. Television, videotapes and video games should be limited to two hours a day and should be age-appropriate.

G. Caregivers of infants will allow them to crawl or toddle. Infants shall not be confined to one area for prolonged periods of time unless the infant is content and responsive. Children that are awake should be moved every 30 minutes to offer new stimulation.

H. Infants shall either be held or be fed sitting up for bottle-feeding. Infants unable to sit shall always be held for bottle-feeding. Infants and toddlers shall not be placed in a laying position while drinking bottles or sippy cups. The carrying of bottles and sippy cups by young children throughout the day or night shall not be permitted. Caregivers will allow infants to eat and sleep on their own schedules. Children will not be allowed to walk/run with pacifiers. Pacifiers will not be used outside of cribs in rooms with mobile infants or toddlers. Pacifiers will be labeled and not shared. Pacifiers will not be tied to the child. Dropped pacifiers shall be cleaned using warm water and soap.

I. Caregivers will ensure age appropriate naps or rest periods as follows:

(1) A home shall allow children who do not sleep to get up and participate in quiet activities that do not disturb the other children.

(2) Caregivers shall ensure that nothing covers the face or head of a child age 12 months or younger when the child is laid down to sleep and while the child is sleeping.

(3) Caregivers shall not place anything over the head or face of a child over 12 months of age when the child is laid down to sleep and while the child is sleeping.

(4) No child(ren) shall be allowed to sleep behind closed doors.

J. Swimming, wading and water:

(1) A caregiver must obtain written permission from a parent or guardian before a child enters a pool;

(2) If a home has a portable wading pool:

(a) a home will drain and fill the wading pool with fresh water daily and disinfect the pool regularly;

(b) a home will empty a wading pool when it is not in use and remove it from areas accessible to children; and

(c) a home will not use a portable wading pool placed on concrete or asphalt.

(3) If a home has a built in or above ground swimming pool, ditch, fish pond or other water hazard:

(a) the fixture will be constructed, maintained and used in accordance with applicable state and local regulations;

(b) the fixture will be constructed and protected so that, when not in use, it is inaccessible to children; and

(c) when in use, children will be constantly supervised and ensure adequate safety for the ages, abilities and type of water hazard in use.

CHAPTER 18: PRE-KINDERGARTEN PROGRAMS

PART 1: GENERAL PROVISIONS [RESERVED]

PART 2: UNIFORM STANDARDS

8.18.2.1 ISSUING AGENCY:

Children, Youth and Families Department.

[8.18.2.1 NMAC - N, 01/31/2007]

8.18.2.2 SCOPE:

This rule applies to all early care and education programs that are licensed by CYFD or other appropriate authority, such as child care centers, head start programs and family child care providers.

[8.18.2.2 NMAC - N, 01/31/2007]

8.18.2.3 STATUTORY AUTHORITY:

PRE-KINDERGARTEN ACT, NMSA 1978, 32-A-23-1, et.seq. (as amended)

[8.18.2.3 NMAC - N, 01/31/2007]

8.18.2.4 DURATION:

Permanent.

[8.18.2.4 NMAC - N, 01/31/2007]

8.18.2.5 EFFECTIVE DATE:

01/31/2007, unless a later date is cited at the end of a section.

[8.18.2.5 NMAC - N, 01/31/2007]

8.18.2.6 OBJECTIVE:

This rule seeks to implement a state-funded pre-kindergarten program through children, youth and families department and addresses collaboration with public education department, program requirements, pre-kindergarten eligibility, requests for proposals and contracts for services.

[8.18.2.6 NMAC - N, 01/31/2007]

8.18.2.7 DEFINITIONS:

The following definitions are identical to those contained in the Pre-Kindergarten Act unless otherwise specified herein.

A. "Community" means an area defined by school district boundaries, tribal boundaries or joint boundaries of a school district and tribe or any combination of school districts and tribes.

B. "CYFD" means the children, youth and families department.

C. "Early childhood development specialist" means the adult teacher or teacher assistant responsible for working directly with four-year-old children in implementing pre-kindergarten services.

D. "Eligible provider" means a program licensed by the children, youth and families department that provides early childhood development readiness services or preschool special education, or is a public school, tribal program or head start program.

E. "Pre-kindergarten or pre-k" means a voluntary developmental readiness program for children who have attained their fourth birthday prior to September 1.

F. "Pre-kindergarten program" means a voluntary program for the provision of pre-kindergarten services throughout the state that addresses the total developmental needs of preschool children, including physical, cognitive, social and emotional needs, and shall include health care, nutrition, safety and multicultural sensitivity.

G. "PED" means the public education department.

H. "Request for proposal or RFP" means all documents, including those attached or incorporated by reference, used for soliciting proposals pursuant to the Procurement Code. [13-1-1 through 13-1-199, NMSA 1978]

I. "Tribe" means an Indian nation, tribe or pueblo located in New Mexico.

[8.18.2.7 NMAC - N, 01/31/2007]

8.18.2.8 COLLABORATION WITH PUBLIC EDUCATION DEPARTMENT:

The children, youth and families and public education departments shall cooperate in the development and implementation of a voluntary program for the provision of pre-kindergarten services throughout the state. Such collaboration shall include but not be limited to:

A. developing and issuing the RFP;

B. providing any necessary training to the departments' respective pre-kindergarten teachers and their supervisors;

C. collection of program data that is not identifiable to an individual student;

D. reporting to the governor and legislative committees regarding implementation and progress;

E. reviewing and continued implementation of pre-kindergarten program standards previously developed by the two departments; and

F. making joint recommendations with the public education department for legislative changes to the Pre-Kindergarten Act or this rule.

[8.18.2.8 NMAC - N, 01/31/2007]

8.18.2.9 REQUIREMENTS:

The pre-kindergarten program shall address the total developmental needs of preschool children, including physical, cognitive, social and emotional needs, and shall include health care, nutrition, safety and multicultural sensitivity. In order to implement the pre-kindergarten program, CYFD shall:

A. award program funds through an RFP process to early care and education programs that are licensed by CYFD or other appropriate authority, such as child care centers, head start programs and family child care providers;

B. ensure that the facilities' child care licensure is in good standing, including criminal background checks of all eligible providers' employees;

C. provide technical assistance to providers to ensure effectiveness of the pre-kindergarten program;

D. ensure that communities being served meet eligibility requirements based on funding criteria of the Pre-Kindergarten Act;

E. monitor eligible providers through its office of child development for adherence to contract requirements and New Mexico pre-kindergarten program standards developed between the two departments.

[8.18.2.9 NMAC - N, 01/31/2007]

8.18.2.10 PRE-KINDERGARTEN ELIGIBILITY:

Children who turn four years old before September 1 are eligible to participate in a pre-kindergarten program.

[8.18.2.10 NMAC - N, 01/31/2007]

8.18.2.11 REQUESTS FOR PROPOSALS AND CONTRACTS FOR PRE-KINDERGARTEN SERVICES:

CYFD shall:

A. issue a request for proposals for pre-kindergarten services to serve eligible four-year-old children in their community;

B. ensure that the proposal contains a detailed description of the services that are to be provided, including:

(1) how those services shall meet child, youth and families department standards;

(2) the number of four-year-old children that shall be served;

(3) a description of the facilities along with site and floor plans;

(4) other revenue sources and the amounts that the eligible pre-kindergarten provider receives;

(5) a description of the qualifications and experience for each early childhood development staff at the proposed pre-kindergarten site;

(6) the plan for communicating with and involving parents/guardians in the pre-kindergarten program;

(7) how those services meet the continuum of services; and

(8) any other relevant information requested by children, youth and families department or public education department;

C. issue contracts which will be initiated by the office of child development and signed by the appropriate persons in which the eligible provider agrees to adhere to all fiscal, curriculum and training requirements;

D. issue a contract with an eligible provider that specifies and ensures that funds shall not be used for any religious, sectarian or denominational purposes, instruction or material.

[8.18.2.11 NMAC - N, 01/31/2007]

8.18.2.12 UNEXPENDED FUNDS:

Any unexpended funds in CYFD's pre-kindergarten fund shall not revert back to the general fund pursuant to NMSA 1978 Sec. 32A-23-1

[8.18.2.12 NMAC - N, 01/31/2007]

CHAPTER 19: [RESERVED]

CHAPTER 20: HOUSING ASSISTANCE AND SUPPORT [RESERVED]

CHAPTER 21: TRANSPORTATION ASSISTANCE AND SUPPORT

PART 1: GENERAL PROVISIONS [RESERVED]

PART 2-539: [RESERVED]

PART 540: EMERGENCY ASSISTANCE PROGRAMS, AID TO FAMILIES WITH DEPENDENT CHILDREN - CHILD SAFETY RESTRAINT SEAT PROGRAM

8.21.540.1 ISSUING AGENCY:

New Mexico Health Care Authority, Income Support Division.

[8.21.540.1 NMAC - Rp 8.21.540.1 NMAC, 7/1/2024]

8.21.540.2 SCOPE:

The rule applies to the general public.

[8.21.540.2 NMAC - Rp 8.21.540.2 NMAC, 7/1/2024]

8.21.540.3 STATUTORY AUTHORITY:

Article 1 and 2 of Chapter 27 NMSA 1978 authorize the state to administer the aid to families with dependent children program (AFDC). Title IV of the Social Security Act and the rules and regulations of the federal department of health, education and welfare, carried under Title 45, Code of Federal Regulations, established the requirements for state plans for assistance to families with dependent children. Section 9-8-1 et seq. NMSA 1978 establishes the health care authority (HCA) as a single, unified department to administer laws and exercise functions relating to health care facility licensure and health care purchasing and regulation.

[8.21.540.3 NMAC - Rp 8.21.540.3 NMAC, 7/1/2024]

8.21.540.4 DURATION:

Permanent.

[8.21.540.4 NMAC - Rp 8.21.540.4 NMAC, 7/1/2024]

8.21.540.5 EFFECTIVE DATE:

July 1, 2024, unless a later date is cited at the end of a section.

[8.21.540.5 NMAC - Rp 8.21.540.5 NMAC, 7/1/2024]

8.21.540.6 OBJECTIVE:

The objective of the AFDC - emergency assistance child safety restraint seat program is to assist needy children and their families by providing newborn children with child safety restraint seats. The seats, as well as training on their use, will be provided to families with a newborn child upon their release from a hospital. The program is a joint effort between HCA and the department of health (DOH) as DOH is responsible for assuring the health and safety of New Mexico residents. In such capacity, DOH has agreed to obtain and distribute child safety restraint seats for the purpose of the EACSRS program.

[8.21.540.6 NMAC - Rp 8.21.540.6 NMAC, 7/1/2024]

8.21.540.7 DEFINITIONS:

[RESERVED]

[8.21.540.7 NMAC - Rp 8.21.540.7 NMAC, 7/1/2024]

8.21.540.8 ELIGIBILITY REQUIREMENTS:

Eligibility is based upon four requirements: destitution, emergency situation, compliance with project forward components, and birth.

A. Destitution: To be eligible to receive AFDC - emergency assistance child safety restraint seat program benefits, an applicant's respective family is required to receive AFDC and provide documentation of such. Consequently, in order to receive a child safety restraint seat and the associated training, applicant families will be required to present proof of AFDC benefits, preferably by presenting their medicaid card.

B. Emergency situation: To be eligible to receive AFDC - emergency assistance child safety restraint seat program benefits, applicants are required to be in an emergency situation. Consequently, an emergency situation needs to be designated by respective hospital personnel.

C. Compliance with project forward components: To be eligible to receive AFDC - emergency assistance child safety restraint seat program benefits, applicant's respective families must have complied with project forward components. The emergency condition must not have arisen because an adult family member refused to accept employment or training for employment.

D. Birth requirements: To be eligible to receive AFDC - emergency assistance child safety restraint seat program benefits, applicant's respective families must have recently given birth. Applicants must receive benefits upon their first release from the hospital.

[8.21.540.8 NMAC - Rp 8.21.540.8 NMAC, 7/1/2024]

8.26.2.5 EFFECTIVE DATE:

May 29, 2009, unless a later date is cited at the end of a section.

[8.26.2.5 NMAC - Rp, 8.26.2.5 NMAC, 5/29/09]

8.26.2.6 OBJECTIVE:

To establish standards for the provision of foster care adoption services for children in PSD custody and for families who are seeking to foster and adopt, or current resource parents who want to adopt those children.

[8.26.2.6 NMAC - Rp, 8.26.2.6 NMAC, 5/29/2009; A, 5/25/2021]

8.26.2.7 DEFINITIONS:

A. "Administrative appeal" is a formal hearing for families whose license has been revoked, suspended, or not renewed. The family has the opportunity to present evidence to an impartial hearing officer in accordance with CYFD's Administrative Appeals regulations 8.8.4 NMAC.

B. "Administrative review" is an informal process that may include an informal conference or record review, and does not create any substantive rights for the family.

C. "Adoptee" refers to any person who is the subject of an adoption petition.

D. "Adoption" is the establishment of a court sanctioned legal parental relationship between an adult and a child.

E. "Adoption subsidy" is a third party payment program that may include reimbursement for adoption related expenses, monthly maintenance payments, medical provisions, or payments for pre-approved expenses for pre-existing conditions.

F. "Adoption tax credit" is a federal or state tax credit program that may be available to families who adopt children from foster care.

G. "Adoptive home" refers to:

(1) a resource family licensed by PSD or a licensed child placement agency who chooses to adopt a child in foster care; or

(2) a family approved by a private agency or a licensed individual to adopt a child.

H. "Age appropriate activities and items" means an activity or item that is generally accepted as suitable for a child of the same age or level of maturity based on the child's cognitive, emotional, physical, social and behavioral capacities.

I. "Assessment" is the process of collecting information and conducting interviews with applicants by the licensing agent, and evaluating that information to determine the suitability of an applicant for a resource parent license.

J. "Best interest adoptive placement" is the adoption placement considered by PSD staff to be the most appropriate placement to meet the child's needs and best interest.

K. "Case management team" means the group of individuals with responsibility for implementing the case plan which may include PSD staff, parents or relatives, and the child if age appropriate.

L. "Community service providers" refers to organizations or individuals that provide support services to families, and may include CYFD contractors or any public or private agency or individual.

M. "Consent to adoption" is a document signed by the adoptee if the child is 14 of age or older consenting to the adoption.

N. "Conversion adoption" refers to an adoption in which the child's resource parents have adopted the child.

O. "CYFD" means the New Mexico children, youth and families department.

P. "Disruption" means the removal of a child by CYFD from a pre-adoptive home after an adoptive agreement has been signed, but prior to the finalization of the adoption.

Q. "Dissolution" means the legal termination of an adoption.

R. "Fictive kin" is a person not related by birth or marriage who has a significant relationship with the child.

S. "Foster child" or "Child in foster care" as referred to as "child" herein, means a child who is placed in the care and custody of children, youth and families department protective services division either under the legal authorization of the Children's Code or through a voluntary placement agreement signed by the parent or legal guardian, or a child who is placed with a licensed child placement agency under the authority of the Child Placement Agency Licensing Act. If the court orders legal custody to a relative, person, facility, or agency other than the children, youth and families department protective services division, the child is not a child in foster care of protective services division.

T. "Freed for adoption" means all parental rights are terminated and all time for appeal is exhausted.

U. "Home study" is the final written document that results from the assessment process to determine the suitability of an applicant for a resource parent license.

V. "Individualized adoption plan (IAP)" is an individualized and specific recruitment plan developed by PSD staff for children who have a plan of adoption.

W. "Initial relative or fictive kin assessment" is an in-home assessment of relative or fictive kin completed by the child's caseworker to determine suitability for provisional licensure.

X. "Life book" is a combination of documents that remains with the child that may include photos, letters, correspondence, development milestones, memorabilia and other items related to the child's life.

Y. "Maintenance payments" are payments designed to reimburse resource families for the cost of food, clothing, shelter, daily supervision, school supplies, a child's personal incidentals, and reasonable travel required to address the child's needs. Maintenance payments are not considered income.

Z. "Non-conversion adoption" refers to an adoption in which a child is placed in a pre-adoptive home, for the purpose of adoption, which did not serve as a resource home for the child.

AA. "Non-recurring adoption expenses (NRAE)" are reasonable and necessary adoption fees that may include transportation, food and lodging for the child and adoptive parent, court costs, attorney fees and other expenses which are directly related to the legal adoption of a child with special needs and which have not been reimbursed from other sources or funds.

BB. "Post adoption contact agreement (PACA)" is an agreement between the birth and adoptive families regarding contact between them after the adoption has been finalized.

CC. "Post placement support services" are services intended to strengthen families and support adoptive placement provided by PSD staff, or community service providers to children in custody and their pre-adoptive families to enhance the family's capacity to care for the child, assure the stability of the placement, and help the family meet the requirements to finalize the adoption.

DD. "Post decree support services" are services provided by PSD staff or community service providers to children and families who have finalized an adoption to enhance the family's capacity to care for the child and support family functioning.

EE. "Pre-adoptive home" refers to a family who has signed the adoption agreement to adopt a child in foster care, but the adoption has yet to finalize.

FF. "Protective services division (PSD)" refers to the protective services division of the children, youth and families department, and is the state's designated child welfare agency.

GG. "PSD custody" means custody of children as a result of an action filed under the New Mexico Children's Code, Sections 32A-4-1 NMSA 1978 or 32A-3B-1 NMSA 1978.

HH. "Reasonable and prudent parent standard" means the standard of care characterized by careful, nurturing and thoughtful decision-making by the

resource parent or out of home provider that is intended to maintain a child's health, safety, culture or cultural identity and best interests while encouraging the child's emotional, social and developmental growth.

II. "Relative" means a person related to another person by birth, adoption or marriage within the fifth degree of consanguinity or affinity.

JJ. "Resource family" refers to a person or entity licensed by CYFD, licensed by another state's child welfare agency, or a licensed child placement agency to provide foster care services including respite, non-relative, relative, or treatment foster care. . Resource family includes foster parents as defined by NMSA 32A-1-4(I) and pre-adoptive parents as defined by NMSA 32A-1-4(U).

KK. "Resource home license" is the document which bears the name or names and address or addresses of those who are resource parents for the protective services division or licensed child placement agency. The license displays the ages and number of children in foster care the licensees are authorized to care for and the date such authorization begins and ends. The license shall bear the signature of the authorized person who issued the license.

LL. "Resource parent" is the person named on the license issued by protective services division or a licensed child placement agency who is authorized to care for children in foster care. Throughout this policy, the term resource parent also refers to an adoptive parent whose adoption has not yet finalized. Resource parent includes foster parents as defined by NMSA 32A-1-4(I) and pre-adoptive parents as defined by NMSA 32A-1-4(U).

MM. "Resource parent bill of rights" is a statement of PSD's responsibilities to resource parents.

NN. "Transition calendar" refers to the calendar which is developed once the family has accepted the child for an adoptive placement.

OO. "Traveling file" includes copies of the medical and educational records related to the child in foster care. The traveling file shall remain with the child.

[8.26.2.7 NMAC - Rp, 8.26.2.7 NMAC, 5/29/2009; A, 9/29/2015; A, 5/25/2021]

8.26.2.8 PURPOSE OF PLACEMENT SERVICES:

The purpose of placement services is to recruit, support and retain safe and stable families willing to make life long commitments to children in foster care and their families, to create permanent families for children requiring adoption, and to ensure a child's safety, permanency, and well-being.

[8.26.2.8 NMAC - Rp, 8.26.2.8 NMAC, 5/29/2009; A, 5/25/2021]

8.26.2.9 CHILD ELIGIBILITY CRITERIA AND WAITING LIST:

A. A child is eligible for foster care and adoption services when in PSD custody under a court's jurisdiction or through a voluntary placement agreement.

B. There are no waiting lists for eligible children.

[8.26.2.9 NMAC - Rp, 8.26.2.10 & 13 NMAC, 5/29/09]

8.26.2.10 RECRUITMENT AND INQUIRIES FOR PSD FAMILIES:

A. PSD recruits foster and adoptive families and responds to inquiries from individuals interested in becoming resource or adoptive parents. PSD provides general information regarding the special needs of children requiring foster care and adoption, and makes attempt to identify and locate relatives or fictive kin for consideration of placement.

B. PSD completes an annual recruitment plan to recruit resource and adoptive families. The recruitment plan, at a minimum, addresses the following:

(1) information about the characteristics and needs of available children;

(2) information about the nature of the foster care and adoption process; and

(3) information about the cultural, racial, and ethnic identity of children in the population.

C. PSD may coordinate adoption events in order to create permanent families for children in PSD custody with a plan of adoption. Only licensed adoptive families may attend these events. Children who are freed for adoption or who have a plan of legal risk adoption may attend these events.

[8.26.2.10 NMAC - Rp, 8.26.2.14 NMAC, 5/29/2009; A, 5/25/2021]

8.26.2.11 RIGHTS OF RESOURCE PARENTS:

A. PSD shall provide services to resource parents and prospective resource parents without regard to race; ethnicity; creed; color; age; religion; sex or gender; gender identity; gender expression; sexual orientation; marital status or partnership; familial or parental status; pregnancy and breastfeeding or nursing; disability; genetic information; intersex traits; medical condition, including HIV/AIDS; citizenship or immigration status; national origin; tribal affiliation; ancestry; language; political affiliation; military or veteran status; status as a survivor of domestic violence; sexual assault, or stalking; or any other factor unrelated to suitability to parent.

B. PSD shall share records or information about the social, medical, psychological or educational needs of a child in PSD custody to a resource parent who is considering a child for placement to make an informed decision regarding the placement.

C. PSD staff shall provide updated information regarding the status of a child's case to the resource parent, upon request of any confidential records or information concerning the child's social, medical, psychological or educational needs pursuant to the New Mexico Children's Code 32A-4-33 NMSA 1978.

C. Resource parents shall maintain confidentiality of all information regarding the child in foster care and the child's family as described herein at 8.26.2.12 N, NMAC.

D. PSD shall inform resource parents of their right to receive notice of and be heard at any court proceeding held with respect to the child placed in the home.

E. Prior to full licensure, the PSD shall provide resource families with a copy of the "resource family bill of rights and grievance process." PSD shall review the "resource family bill of rights and grievance process" and "memorandum of agreement for resource families" with the family prior to full licensure.

[8.26.2.11 NMAC - Rp, 8 NMAC 27.3.24, 5/29/2009; A, 5/25/2021]

8.26.2.12 ROLES AND RESPONSIBILITIES OF RESOURCE PARENTS:

A. Resource parents are considered integral members of a professional team dedicated to the critical responsibility of providing safety, permanency and well-being for children who have been abused or neglected. As such, resource parents shall be active participants in case planning for children in foster care. The resource parent shall work closely with PSD staff to implement the service plan for each child in foster care including visitation for each child in foster care.

B. Resource families support the preservation of connections for children in foster care in their care. Preserving connections may include the development of a long-term supportive relationship with children in foster care and their resource families even after the child has been discharged from care.

C. Resource families shall adhere to applicable PSD policy and procedure, including the reasonable and prudent parent standard.

D. Resource parents shall not use words, language, gestures, either directed at the child in foster care or made within their sight or hearing, which disparage the child's parents, relatives or the child's cultural heritage. Resource parents shall encourage the child to recognize and accept such strengths and achievements of their family as honestly identified.

E. Prohibited forms of discipline, for all children residing in the home, shall include, but are not limited to the following: corporal punishment such as shaking, spanking, hitting, whipping, or hair or ear pulling; isolation; forced to exercise; denial of food, sleep or approved visits or contact with parent; verbal assaults which subject the child to ridicule or which belittle the child or the child's family based on: race; ethnicity; creed; color; age; religion; sex or gender; gender identity; gender expression; sexual orientation; marital status or partnership; familial or parental status; pregnancy and breastfeeding or nursing; disability; genetic information; intersex traits; medical condition, including HIV/AIDS; citizenship or immigration status; national origin; tribal affiliation; ancestry; language; political affiliation; military or veteran status; status as a survivor of domestic violence, sexual assault or stalking; and housing status, including homelessness; or any other factor. The child shall not be excluded from the resource family and shall not be threatened with exclusion from the resource home as punishment. The child shall not be locked in a room or closet.

F. The resource parent may serve as the child's educational decision maker to protect their educational rights and act as the student's advocate in the educational decision making process if appointed by the court.

G. When appointed by the New Mexico department of health family, infant and toddler program director, the resource parent may serve as the child's decision maker to represent the special needs of a child in all matters related to the early intervention and evaluation assessment and treatment for the child in the event the parent is unable or unwilling to act in that capacity.

H. Resource parents shall return all of a child's belongings when the child moves to another placement, including the return home.

I. Resource parents shall not release a child in foster care to anyone without the authorization of PSD, except when pursuant to the reasonable and prudent parent standard defined at 8.26.2.7 NMAC. Children in foster care may also be surrendered to the custody of a law enforcement officer.

J. Resource parents shall adhere to all statutes and regulations applicable to the provision of foster care, including but not limited to child labor laws, public health laws, mandatory school attendance, and motor vehicle laws.

K. Resource parents shall provide PSD with any documents they obtain with respect to the child's legal status, health needs or care, service planning, school progress or other relevant documents.

L. Resource parents shall maintain copies of all educational and medical documents related to the child in a traveling medical and educational file that shall remain with the child if the child is moved.

M. Resource parents, in cooperation with PSD staff, shall create or maintain a life book for each child in their care that shall remain with the child if the child is moved.

N. The resource parent shall maintain the confidentiality of all information regarding the child and the child's family pursuant to the New Mexico Children's Code 32A-4-33 NMSA 1978. The unlawful public disclosure of such confidential information is a misdemeanor under New Mexico criminal law.

O. Resource parents shall immediately report any signs, symptoms, indications or risk of abuse or neglect to any child to PSD statewide central intake (SCI) or law enforcement.

P. Pursuant to the reasonable and prudent parent standard, resource parents may consent to the use of their own personal vehicle by a child, and shall assume all civil and financial liabilities applicable to the child's operation of a motor vehicle. Resource parents shall provide to PSD written documentation that all requirements have been met, including insurance coverage for any vehicle driven by the child in foster care.

Q. Resource parents shall complete the resource parent report form provided by PSD regarding the child's well-being and progress and submit it to their PSD worker monthly.

[8.26.2.12 NMAC - Rp, 8 NMAC 27.3.25 & 8.27.2.29 NMAC, 5/29/2009; A, 9/29/2015; A, 5/25/2021]

8.26.2.13 APPLICATION OF THE REASONABLE AND PRUDENT PARENT STANDARD:

A. PSD shall make efforts to normalize the lives of children in PSD's custody and to empower caregivers to approve a child's participation in activities, based on the caregiver's own assessment using a reasonable and prudent parent standard, without prior approval of PSD.

B. Resource families shall not require advance permission from PSD to apply the reasonable and prudent parent standard to decisions about the care of a child.

C. In applying the reasonable and prudent parent standard, the resource parent shall consider the following:

(1) the desires of the child including, but not limited to, cultural identity, spiritual identity, gender identity, and sexual orientation;

(2) the child's age, maturity and developmental level;

(3) potential risk factors and the appropriateness of the activity;

(4) the best interests of the child based on the resource family's knowledge of the child;

(5) the importance of encouraging the child's emotional and developmental growth;

(6) the terms of any court orders and any case plan applying to the child;

(7) the values and preferences of the child's biological parent or parents, if appropriate;

(8) whether the decision would bring about a permanent (e.g., tattoo) rather than a transient change to the child.

(9) the importance of providing the child with the most safe and affirming family-like and culturally relevant living experience possible;

(10) the legal rights and responsibilities of the child, including the youth bill of rights and responsibilities;

(11) Americans with Disabilities Act.

D. Age and developmentally appropriate activities that may be the subject of decisions under the reasonable and prudent parent standard include, but are not limited to, the following:

(1) a cultural, social, or enrichment activity or support that fosters positive identity development;

(2) a sleepover of one or more nights;

(3) participation in sports or social activities, including related travel;

(4) obtaining a driver's license and conditions for driving of a vehicle;

(5) allowing the child to travel in another person's vehicle;

(6) possession and use of a cell phone;

(7) obtaining a job or working for pay (e.g. babysitting, yard work, etc.)

(8) recreational activities (including, but not limited to, such activities as boating, swimming, camping, hunting, cycling, hiking, horseback riding).

E. Resource parents may consult with the PSD worker when uncertain or uncomfortable with a decision under their consideration.

F. In situations in which a child age 14 or older disagrees with a decision made under the prudent parent standard, the child shall request a review of the decision in writing. The decision shall be reviewed by a neutral three-person panel through the youth grievance process. This process does not preclude any party from seeking a court order regarding the decision.

G. PSD shall seek appropriate statutory change to ensure resource parents and other substitute care providers are shielded from liability when they act in accordance with the reasonable and prudent parent standard. In the meantime, CYFD will hold harmless and defend its licensed resource families in situations where they have acted and made decisions in accordance with the reasonable and prudent parent standard.

[8.26.2.13 NMAC - N, 9/29/2015; A, 5/25/2021]

8.26.2.14 HEALTH SERVICES FOR CHILDREN IN FOSTER CARE:

A. The resource parent shall observe the child in care's behavior and signs of emotional or physical health problems, daily. Any concerns shall be reported to PSD immediately.

B. There shall be a designated licensed physician and dentist for each child so that a coordinated plan of care is assured. Resource parents shall obtain medical attention for any sick or injured child. Resource parents, in their role as an adjunct representative of state government, shall not rely solely on spiritual or religious healing for children in foster care.

[8.26.2.14 NMAC - Rp, 8.26.2.13 NMAC, 9/29/2015; A, 5/25/2021]

8.26.2.15 EDUCATIONAL SERVICES FOR CHILDREN IN FOSTER CARE:

A. Resource parents shall assist PSD in meeting the child's educational requirements, and in transporting the child to school they attended at the time of placement when necessary and reasonable. Resource parents shall ensure the child in foster care attends school.

B. Resource parents shall actively advocate for the child in foster care's interest in the school setting, including seeking evaluations of the child's abilities and placement in any special education programs appropriate to the child's needs. Resource parents shall attend school conferences and activities when appropriate. Resource parents shall report significant educational information to PSD.

[8.26.2.15 NMAC - Rp, 8.26.2.14 NMAC, 9/29/2015; A, 5/25/2021]

8.26.2.16 FOSTER CARE MAINTENANCE PAYMENTS:

A. Reimbursement: Resource families shall receive reimbursement for the care and support of a child in PSD custody placed in their home. Rates are established through legislative appropriation based on the age and needs of the child.

B. Resource parents receiving CYFD foster care and support maintenance payments shall use these funds for the care and support of the identified child in their care, and shall not be considered a source of income and is not recognized as income when filing taxes.

C. PSD shall advise resource parents that they should consult a tax advisor to determine if children in their home may be considered eligible for a federal tax credit under the Internal Revenue Code.

[8.26.2.16 NMAC - Rp, 8.26.2.15 NMAC, 9/29/2015; A, 5/25/2021]

8.26.2.17 MONITORING AND SUPPORT:

A. PSD monitors resource and adoptive homes licensed by PSD.

B. At a minimum, when a child is placed in the home, PSD placement staff shall:

(1) visit the resource or adoptive parent in the home within five days of each new placement;

(2) conduct a home visit to the resource or adoptive parent once a month for the first three months following placement;

(3) conduct a home visit to the resource or adoptive parent at least every three months, and make phone contact at least every 30 days thereafter.

C. At a minimum, when a child is not placed in the home, PSD placement staff shall conduct a home visit to the resource parent every three months and have monthly phone contact.

D. PSD receives documents and investigates all reported licensing violations and reports of maltreatment in foster care.

E. PSD placement staff may continue to have contact with a resource family it licenses that is under investigation for allegations of child abuse or neglect, but is prohibited from action in such a manner that may interfere with any ongoing civil or criminal investigation.

F. PSD may develop and implement a professional development plan to include training and professional development opportunities to address parenting needs, or licensing and policy infractions. At no time is the safety of a child in foster

care compromised to allow for a resource parent to participate in a professional development plan.

G. Relative resource homes receive the same monitoring and support afforded to non-relative resource homes.

H. Additional support services may be available from community service providers or PSD staff.

[8.26.2.17 NMAC - Rp, 8.26.2.16 NMAC, 9/29/2015; A, 5/25/2021]

8.26.2.18 INVESTIGATIONS OF ABUSE AND NEGLECT REFERRALS AND POLICY VIOLATIONS:

A. Any CYFD employee suspecting child abuse or neglect in a resource parent home makes a report as set forth in Protective Services Intake policy, 8.10.2 NMAC. PSD staff who suspects, has knowledge of, or receives an allegation about a resource parent violating CYFD policy or licensing regulations shall immediately notify the placement supervisor.

B. Investigations of abuse and neglect referrals in resource homes:

(1) PSD shall investigate all screened-in reports of allegations of abuse or neglect regarding children in accordance with protective services investigation policy and procedure.

(2) If a screened-out report involves a child in PSD custody, the child's worker shall conduct a safety assessment of the placement.

(3) No new placement may be made in the home during a pending investigation. Existing placements in the home shall be evaluated for safety. The decision as to whether to maintain placement shall depend on the continued safety of any child.

(4) Based upon the results of the investigation of the abuse or neglect referral, PSD may take one or more of the following actions:

(a) continue the placement, implementing a professional development and safety plan, if appropriate;

(b) terminate the placement; or

(c) determine if the family shall continue to be licensed as a PSD resource family.

C. Investigations of CYFD policy violations:

(1) The placement worker shall assess any allegations that the family has violated CYFD policy or licensing regulations.

(2) Based upon the results of the investigation of the alleged policy violation, PSD may take one or more of the following actions:

(a) continue the placement, implementing a professional development and safety plan, if appropriate;

(b) terminate the placement; or

(c) determine if the family shall continue to be licensed as a PSD resource family.

D. PSD shall notify the resource parent in writing, by return of receipt mail, of the results and PSD actions of any substantiated abuse and neglect investigation or policy violations.

E. The results of any substantiated abuse and neglect investigation or policy violation, which is not the subject of court action, may be reviewed through CYFD's administrative review process. The resource family may request an administrative review within 10 days of receiving the written notice.

[8.26.2.18 NMAC - Rp, 8.26.2.17 NMAC, 9/29/2015; A, 5/25/2021]

8.26.2.19 CRISIS INTERVENTION:

A. PSD staff may develop and implement a crisis intervention plan to prevent the disruption of a foster or adoptive placement and strengthen the family's capacity to care for the child.

B. If disruption is unavoidable, PSD staff focuses on minimizing the trauma to the child. After a disruption, PSD staff re-assesses the permanency plan for the child and child's placement and service needs.

[8.26.2.19 NMAC - Rp, 8.26.2.18 NMAC, 9/29/15]

8.26.2.20 POST ADOPTION CONTACT AGREEMENT (PACA):

PSD facilitates the negotiation of post adoption contact agreements.

[8.26.2.20 NMAC - Rp, 8.26.2.19 NMAC, 9/29/15]

8.26.2.21 BEST INTEREST ADOPTION PLACEMENT:

A. When a child's permanency plan becomes adoption, the child is referred to a PSD adoption consultant for the purposes of identifying a potential adoptive family. If an adoptive family is not identified, an individualized adoption plan is developed for the child.

B. The best interest of a child is paramount in identifying an adoptive family for a child. PSD makes reasonable efforts to place siblings together in the same adoptive home, unless PSD documents that such a joint placement would be contrary to the safety and well-being of any of the children in the sibling group. PSD will not separate siblings solely because an adoptive placement is available for one or more children, but not the entire group.

C. When a family is identified, placement staff will schedule a best interest placement staffing.

D. Children aged 14 years or older must consent to the adoption.

E. The placement of a child shall not be delayed or denied based on the race; ethnicity; creed; color; age; religion; sex or gender; gender identity; gender expression; sexual orientation; marital status or partnership; familial or parental status; pregnancy and breastfeeding or nursing; disability; genetic information; intersex traits; medical condition, including HIV/AIDS; citizenship or immigration status; national origin; tribal affiliation; ancestry; language; political affiliation; military or veteran status; status as a survivor of domestic violence; sexual assault, or stalking; or any other non-merit factor of the adoptive parent or child involved.

F. For Native American children, the Indian Child Welfare Act (ICWA) adoption preferences shall be followed pursuant to the Adoption Act, 32A-5-5 NMSA 1978.

[8.26.2.21 NMAC - Rp, 8.26.2.20 NMAC, 9/29/2015; A, 5/25/2021]

8.26.2.22 FULL DISCLOSURE:

A. Prior to placement, PSD staff shall provide full disclosure about the child to the resource or adoptive family, and continue to provide full disclosure throughout the case and after finalization of the adoption, provided the information does not reveal information that would identify the biological family. Pursuant to the New Mexico Children's Code, Section 32A-5-3 N NMSA 1978, full disclosure information includes:

(1) health history;

(2) psychological history;

(3) mental history;

(4) hospital history;

(5) medication history;

(6) genetic history;

(7) physical description;

(8) social history;

(9) placement history; and

(10) education.

B. All records, whether on file with the court, an agency, PSD, an attorney or other provider or professional services in connection with an adoption are confidential pursuant to the New Mexico Children's Code, Section 32A-5-8 NMSA 1978. A person who intentionally and unlawfully releases any information or records closed to the public pursuant to the Adoption Act or releases or makes other unlawful use of records in violation of that act is guilty of a petty misdemeanor.

C. Documentation provided for the purpose of full disclosure shall remain the property of the person making the full disclosure when a prospective adoptive parent decides not to accept a placement. Immediately upon refusal of the placement, the prospective adoptive parent shall return all full disclosure documentation to the person providing the full disclosure. A prospective adoptive parent shall not make public any confidential information received during the full disclosure process, but may disclose such information only as necessary to make an informed placement decision, or to the child's guardian ad litem or youth attorney.

[8.26.2.22 NMAC - Rp, 8.26.2.21 NMAC, 9/29/2015; A, 5/25/2021]

8.26.2.23 PRE-PLACEMENT ACTIVITIES FOR NON-CONVERSION ADOPTIONS:

A. PSD placement staff in coordination with the child's worker shall develop a calendar for the transition of the child to the adoptive home, except in the event a resource parent decides to adopt the child.

B. PSD staff and the adoptive family shall review and sign a placement agreement when the child is placed in the home.

C. Placement staff becomes responsible for the case form placement in the adoptive home until finalization of the adoption.

[8.26.2.23 NMAC - Rp, 8.26.2.22 NMAC, 9/29/2015; A, 05/25/2025]

8.26.2.24 FOSTER HOME ADOPTIONS:

A. PSD shall attempt to place children in foster care with concurrent plans of adoption in foster homes which have been identified as concurrent families.

B. PSD completes the pre-placement home study for resource parents and treatment foster parents who have been selected as adoptive parents for children in PSD custody.

[8.26.2.24 NMAC - Rp, 8.26.2.23 NMAC, 9/29/2015; A, 5/25/2021]

8.26.2.25 ADOPTION ASSISTANCE:

A. The purpose of adoption assistance is to support the adoption of a child in foster care who meets special-needs criteria by providing financial assistance or medical coverage to support families in meeting the needs of the child. PSD verifies whether a child has special needs according to the following criteria:

(1) the child cannot or should not be returned to the home of the parents;

(2) there is documentation of at least one of the following factors or conditions that make it reasonable to conclude that the child cannot be placed for adoption without providing adoption assistance:

(a) the child is age five or older, or

(b) the child has a diagnosed physical, developmental, or psychological or emotional condition requiring medical or mental health intervention, or

(c) the child is a member of a minority group, or

(d) the child is part of a sibling group that will be placed together; and

(3) a reasonable, but unsuccessful, effort has been made to place the child without adoption assistance, unless such effort would be against the best interests of the child

B. A child may be eligible for state funded adoption assistance or Title IV-E adoption assistance. If a child is not determined to meet special needs criteria, then the child shall not be eligible for any adoption assistance.

C. Initial adoption agreement:

(1) PSD shall negotiate adoption assistance based on the family’s circumstances and any special needs of the child. The monthly adoption maintenance payment may not exceed the maximum monthly amount that was paid for the child in foster care.

(2) Types of assistance available:

(a) Maintenance: Monthly adoption assistance maintenance payments for the eligible child shall be utilized to meet the child's existing day to day needs and is not considered income. Monthly adoption assistance maintenance payments are terminated on the child's eighteenth birthday.

(b) Medical: Medical adoption assistance may be made on behalf of a child and shall cover only those pre-approved, pre-existing conditions that are not covered by the family's private or group medical insurance or medicaid, and does not include co-payments or deductibles for which the patient is responsible. Medicaid is available in accordance with the laws, regulations or procedures of the state in which the child resides. Medical assistance may be extended until the child is 21 years of age, if the child is certified medically fragile by the New Mexico department of health.

(3) Interstate placement: When the adoption of the child involves interstate placement, the state that enters into the adoption assistance agreement shall be responsible for paying the non-recurring adoption expenses of the child. In cases in which there is interstate placement, but no agreement for adoption assistance, the state in which the final adoption decree is issued shall be responsible for paying the non-recurring expenses if the child meets the requirements.

(4) With placement worker approval, the adoptive family may be reimbursed for non-recurring adoption expenses (NRAE) up to $2000.00 per child in PSD custody. NRAE may include transportation and other reasonable expenses such as lodging and food for the child and adoptive parents that are not otherwise reimbursed. NRAE are not reimbursable in the event the adoption does not finalize. There is no income eligibility requirement for adoptive parents in determining whether payments for non-recurring expenses of adoption shall be made. However, parents cannot be reimbursed for out-of-pocket expenses for which they have otherwise been reimbursed.

(5) An adoptive family may receive a one-time only subsidy for legal services leading to the finalization of an adoption based on the adoption case regardless of number of siblings.

D. Prior to adoption finalization, the placement worker and the adoptive family shall sign the adoption assistance agreement that specifies adoption assistance and NRAE. Each Title IV-E subsidy agreement shall be completed and signed prior to the adoption finalization to be valid.

E. By signing the adoption assistance agreement, the adoptive parent agrees to immediately notify PSD of any of the changes listed below:

(1) the adoptive parent is no longer legally responsible for the child;

(2) the adoptive parent is no longer financially responsible for the child;

(3) change of address, phone numbers, or email addresses;

(4) change in the child's name and social security number;

(5) change in the family's needs or circumstances;

(6) change in electronic funds deposit information;

(7) the adoptive child no longer lives with the adoptive parents; or

(8) the death of an adoptive child.

F. Annual contact: On an annual basis PSD shall provide the adoptive family a form to complete and return to PSD attesting to the following:

(1) the family continues to have financial and legal responsibility for the child; or

(2) that the adopted child is a full time elementary or secondary student (or has completed secondary school). If the child is incapable of attending school on a full time basis due to medical condition, the adoptive parent must submit to PSD regularly updated medical information to support such incapability. The parent must certify one of the following:

(a) that the child is enrolled (or is in a timely process of enrolling) in an institution that provides elementary or secondary education and meets school attendance requirements in accordance with state law;

(b) that the child is being home schooled in an elementary or secondary school program that complies with state law; or

(c) that the child is in an independent study elementary or secondary school program that complies with state law and is administered by the local school or school district.

(3) the child is or is not covered by private medical insurance.

G. Adoption assistance shall be terminated based upon any of the following events:

(1) the child reaches 18 years of age, except in the event of medically fragile certification;

(2) PSD determines that the adoptive family is no longer legally responsible for the child; or

(3) PSD determines that the adoptive family is no longer providing any support to the child.

H. PSD shall notify the adoptive family in writing, by return of receipt mail, of any decision to reduce, change, suspend or terminate an adoption subsidy. The adoptive parent may request an administrative appeal within 10 days of receiving notification of the decision to reduce, change, suspend or terminate adoption subsidy.

[8.26.2.25 NMAC - Rp, 8.26.2.24 NMAC, 9/29/2015; A, 5/25/2021]

8.26.2.26 POST PLACEMENT ADOPTION SUPPORT SERVICES:

A. PSD shall provide support services to the child and adoptive family. Support services are intended to assist the family in adjusting, enhance the family's capacity to care for the child, and strengthen the family.

B. PSD shall develop a case plan with all families adopting children in PSD custody.

C. During this period PSD shall provide information to the adoptive family regarding requirements for legal finalization of the adoption including the family's selection of an attorney, name change of the child, and required consent of the child, if the child is over 14 years of age.

D. PSD shall assess and document the status of placement until finalization of the adoption.

E. If the adoptive family and child, with PSD approval, move out of state prior to the finalization, PSD shall initiate a referral through the interstate compact on the placement of children to request appropriate post placement services and written reports from the receiving state. PSD shall retain jurisdiction and responsibility for all case activities until finalization.

[8.26.2.26 NMAC - Rp, 8.26.2.25 NMAC, 9/29/15]

8.26.2.27 ADOPTION FINALIZATION:

A. PSD establishes time frames for finalization based on the age and needs of the child pursuant to the New Mexico Children's Code, Section 32A-5-25 A NMSA 1978 and the time frames for court approval of finalization pursuant to 32A-5-36 F(6) NMSA 1978.

B. The family may file the adoption petition according to their state of residence or in New Mexico.

C. Placement staff compiles and submits post placement reports to the court for all PSD children and children placed for adoption in New Mexico through the interstate compact for the placement of children.

[8.26.2.27 NMAC - Rp, 8.26.2.26 NMAC, 9/29/15]

8.26.2.28 POST DECREE SUPPORT SERVICES:

A. Upon finalization, PSD shall provide information regarding resources to support the family in their community. Placement staff may provide direct support services or make referrals to community service providers in order to support, strengthen, and enhance the family's capacity to care for the child to prevent disruption or dissolution.

B. PSD shall respond to adult adoptee requests for information pursuant to the New Mexico Children's Code, Section 32A-5-40 E NMSA 1978.

[8.26.2.28 NMAC - Rp, 8.26.2.27 NMAC, 9/29/15]

PART 3: ADOPTION ACT REGULATIONS

8.26.3.1 ISSUING AGENCY:

Children, Youth and Families Department, Protective Services Division.

[01/01/98; Recompiled 11/30/01]

8.26.3.2 SCOPE:

Any person wishing to adopt a child, any adoptee and any person and/or agency party to an adoption in New Mexico.

[01/01/98; Recompiled 11/30/01]

8.26.3.3 STATUTORY AUTHORITY:

The Adoption Act (hereafter Act): Section 32A-5-1 NMSA 1978 et seq. (Repl. Pamp. 1997).

[01/01/98; Recompiled 11/30/01]

8.26.3.4 DURATION:

Permanent.

[01/01/98; Recompiled 11/30/01]

8.26.3.5 EFFECTIVE DATE:

January 1, 1998 [unless a later date is cited at the end of a section].

[01/01/98; Recompiled 11/30/01]

8.26.3.6 OBJECTIVE:

The purpose of these regulations is to supplement the act, and they shall be used in conjunction and consistent with the act.

[01/01/98; Recompiled 11/30/01]

8.26.3.7 DEFINITIONS:

A. "Adoptee" means any person who is the subject of an adoption petition.

B. "Adoptee's consent" means a document signed by an adoptee whereby the adoptee agrees to be adopted by the petitioner.

C. "Agency adoption" means an adoption proceeding in which the adoptee is placed by a private or child placement agency.

D. "Consent" means a document signed by the biological parent whereby the parent agrees to the adoption of the parent's child by another; or whereby the department, or an agency licensed by the department, agrees to the adoption of a child in its custody.

E. "Counselor" means a person or agency certified by the department to provide adoptive counseling in independent adoptions.

F. "Custodial parent" means the parent with whom the child resides and whose parental rights have not been terminated or are not being terminated.

G. "Department" means the children, youth and families department.

H. "Department adoption" means an adoption proceeding in which the adoptee is placed by the department.

I. "Extended family member" shall be defined by the law or custom of the Indian child's tribe, consistent with the Indian Child Welfare Act (ICWA) or, in the absence of such law or custom, shall be a person who has reached the age of eighteen (18) and who is the Indian child's grandparent, aunt or uncle, brother or sister, brother-in-law or sister-in-law, niece or nephew, first or second cousin or stepparent.

J. "Foreign born child" means a child who was born in a country other than the United States of America (hereafter U.S.) and is not a U.S. citizen at the time the child is placed for adoption.

K. "Indian child" means any unmarried person who is under eighteen (18) years of age and is either a member of an Indian tribe or is eligible for membership in an Indian tribe and is the biological child of a member of an Indian tribe.

L. "Indian child's domicile" means the place where the Indian child's parent or Indian custodian resides permanently or intends to relocate after a temporary residence for employment, education or other reasons. The domicile of the unwed mother of an Indian child shall be the domicile of the Indian child.

M. "Indian child's tribe" means the Indian tribe in which an Indian child is a member or is eligible for membership or, in the case of an Indian child who is a member or is eligible for membership in more than one tribe, the Indian tribe with which the Indian child has the most significant contacts, to be determined in accordance with the bureau of Indian affairs' (hereafter BIA) "Guidelines for State Courts - Indian Child Custody Proceedings."

N. "Indian Child Welfare Act" (hereafter ICWA) means the Indian Child Welfare Act of 1978, 25 U.S.C. 1901 et seq.

O. "Indian tribe" means any Indian tribe, band, nation or other organized group or community of Indians recognized as eligible for the services provided to Indians by the secretary of the Interior because of their status as Indians, including any Alaska native village as defined in the Alaska Native Claims Settlement Act, 43 U.S.C. 1602(c).

P. "Investigator" means a person or agency who has been certified by the department to conduct adoptive studies or reports in independent adoptions.

Q. "List" refers to a document which lists the persons or agencies certified by the department as investigators or counselors.

R. "Non-custodial parent" means the parent with whom the child does not reside and whose parental rights have been terminated or are being terminated by the adoption.

S. "Reservation" means Indian country as defined in 18 U.S.C. 1151 and any lands not covered under such section, title to which is either held by the United States in trust for the benefit of any Indian tribe or individual or held by any Indian tribe or individual subject to a restriction by the United States against alienation.

T. "Tribal court" means a court of an Indian nation, tribe or pueblo with jurisdiction over child custody proceedings.

[01/01/98; Recompiled 11/30/01]

8.26.3.8 RULES OF CONSTRUCTION:

A. The definitions in the act shall apply to the regulations.

B. References to the act: The Adoption Act Regulations (hereafter Regulations) shall reference the section of the act for which they are promulgated. Hereafter, all references to the act shall only reference the section in place of the full citation.

C. Format of the regulations: The format of the regulations follows the act. Additionally, the following special areas of adoption are included as Section 44 through 47 [now 8.26.3.44 NMAC through 8.26.3.47 NMAC] respectively:

(1) adoption of an Indian child;

(2) interstate compact on the placement of children;

(3) adoption of a foreign born child; and

(4) reproductive alternatives.

D. Words importing the singular number may be extended to several persons or things. Words importing the plural number may be applied to one person or thing. See NMSA 1978, Section 12-2-2.

E. The words "shall" and "will" are mandatory and "may" is permissive or discretionary. See Section 12-2-2 NMSA 1978.

F. Nothing in the regulations is intended to supersede any federal statute, compact or regulation. Reference to applicable federal statutes, compacts and regulations is necessary for adoptions involving a foreign born child, Indian child, interstate adoption, etc. Failure to comply with applicable federal statutes, compacts and regulations may invalidate an adoption decree.

[01/01/98; Recompiled 11/30/01]

8.26.3.9 TYPES OF ADOPTION:

A. There are three types of adoption in New Mexico: department adoptions, agency adoptions, and independent adoptions.

B. Different provisions of the act and regulations apply depending on the type of adoption.

[01/01/98; Recompiled 11/30/01]

8.26.3.10 APPLICATION OF THE ICWA:

See Sections 32A-1-8, 32A-5-4, 32A-5-5 NMSA 1978 and Section 44 [now 8.26.3.44 NMAC] of these regulations.

[01/01/98; Recompiled 11/30/01]

8.26.3.11 SERVICE ON THE DEPARTMENT:

A. See Sections 32A-5-6(D) and 32A-5-7(B), (C) and (D) NMSA 1978.

B. The attorney for the petitioner shall provide to the clerk of the court a copy of the request for placement, petition for adoption, and decree of adoption at the time of filing of each pleading for service on the department by the clerk of the court. The attorney for petitioner shall also provide to the clerk of the court a stamped envelope addressed to the department as follows: Children, Youth and Families Department, Protective Services Division, Central Adoptions Unit, P.O. Drawer 5160, Santa Fe, NM 87502-5160.

C. The clerk of the court shall mail to the department a copy of the request for placement, petition for adoption and decree of adoption within one working day of the filing of each pleading.

[01/01/98; Recompiled 11/30/01]

8.26.3.12 CONFIDENTIALITY OF RECORDS PRIOR TO ENTRY OF DECREE:

A. See Section 32A-5-8 NMSA 1978.

B. ICWA intervenors:

(1) Access to confidential records: All ICWA intervenors shall have access to the confidential records in the adoption of an Indian child.

(2) Confidentiality: All ICWA intervenors shall comply with the confidentiality requirements of Section 32A-5-8 NMSA 1978.

C. Affidavit for release of parent information: Prior to the entry of a decree of adoption, the attorney for the petitioner shall file with the court on behalf of the consenting or relinquishing party an affidavit for release of parent information form.

D. In a termination of parental rights proceeding, the attorney for the petitioner shall attempt to obtain from the biological parent an affidavit for release of parent information form.

E. The release of parent information form is available through the local department office.

[01/01/98; Recompiled 11/30/01]

8.26.3.13 CASE CAPTION IN ALL ADOPTION PROCEEDINGS:

A. Form of caption: See Section 32A-5-9 NMSA 1978.

B. Clerk of the court: The clerk of the court shall refuse to file an adoption pleading which is improperly captioned. See Section 32A-5-7(A) NMSA 1978.

[01/01/98; Recompiled 11/30/01]

8.26.3.14 VENUE IN ALL ADOPTION PROCEEDINGS:

See Section 32A-5-10 NMSA 1978.

[01/01/98; Recompiled 11/30/01]

8.26.3.15 WHO MAY BE ADOPTED; WHO MAY ADOPT:

A. See Section 32A-5-11 NMSA 1978.

B. Any child may be adopted.

C. A petition for adoption may be filed in New Mexico by any adult who meets one of the following criteria:

(1) Resident: The petitioner is a resident as defined in the act in Section 32A-5-3(S) NMSA 1978; or

(2) Non-resident: The petitioner may be a non-resident only if the child was placed by the department or a New Mexico licensed child placement agency and the adoptee is a resident of New Mexico or was born in New Mexico, but is less than six months of age.

D. Any individual who has been approved by the court as a suitable adoptive parent pursuant to the provisions of the Act may adopt. In determining the suitability of a prospective adoptive parent, stability of the petitioner's immediate family unit relationships should be emphasized. The recommended guideline for the duration of the family unit is two years prior to placement of the adoptee with the prospective adoptive family although in some circumstances a shorter period of time may be acceptable if approved by the court.

E. A married individual may adopt without the individual's spouse joining in the adoption if the non-joining spouse is the parent of the adoptee, or if the spouses are legally separated, or if the failure of the non-joining spouse is excused for reasonable cause as determined by the court.

[01/01/98; Recompiled 11/30/01]

8.26.3.16 PLACEMENT FOR ADOPTION:

A. See Section 32A-5-12 NMSA 1978.

B. Indian child: If the adoptee is an Indian child, also see Section 44.7 [now Subsection G of 8.26.3.44 NMAC] of these regulations.

C. Placement required prior to filing petition for adoption: Placement for adoption is required in all adoptions prior to the filing of the petition for adoption. See Section 32A-5-12 NMSA 1978.

D. Exceptions to placement in independent adoptions: Placement is not required in independent adoptions if the following circumstances exist:

(1) Stepparent exception: A stepparent shall comply with all of the provisions of the Act except as provided in Sections 32A-5-12 and 32A-5-32 NMSA 1978. See Section 33 [now 8.26.3.33 NMAC].

(2) Relative or person named in deceased parent's will exceptions: If the adoptee has resided for one year prior to the filing of the petition for adoption with a petitioner who is a relative of the adoptee within the fifth degree of consanguinity as defined by Section 32A-5-12C (2) NMSA 1978, or is a petitioner who was named in the adoptee's deceased parent's will, the petitioner shall comply with all the provisions of the act except as follows:

(a) placement including a pre-placement study unless ordered by the court;

(b) post-placement report unless ordered by the court; and

(c) the court may shorten or waive the ninety day waiting period from the filing of the petition for adoption and the entry of the decree of adoption required in Section 32A-5-36(F)(6) NMSA 1978.

E. Full disclosure: Prior to placement, full disclosure as defined in Section 32A-5-3(G) NMSA 1978 is required and the full disclosure form shall be completed. The current full disclosure form may be obtained from the department. An addendum to the pre-placement study shall be prepared providing full disclosure if the adoptee is identified after preparation of the pre-placement study. If additional full disclosure information is obtained after placement, full disclosure shall be made in the post-placement report. See Section 18.4 [now Subsection D of 8.26.3.18 NMAC].

(1) All full disclosure information is confidential and shall not be disclosed to anyone who is not a party to the adoption.

(2) All full disclosure documents are the property of the person providing the documents.

(3) If a prospective adoptive family decides not to accept the adoptive placement after full disclosure, the prospective adoptive family shall return all of the full disclosure documents provided to them and shall not disclose any of the full disclosure information.

F. Legal risk placement: There shall be no placement of an adoptee who is not legally free for adoption without informing the prospective adoptive parents that the child is not legally free for adoption, that the child may not necessarily become legally free for adoption, and that the child may be removed from the prospective adoptive parents if the adoptee does not become free for adoption. Prior to any "legal risk placement", the prospective adoptive parents shall sign a statement specifically describing the legal risk and by doing so, shall acknowledge that they have been informed of the legal risk.

G. Subsidy: In order for an adoptee to be eligible for adoption subsidy, the adoptee is required to be placed by the department or a New Mexico licensed child placement agency. See Section 32A-5-44(A) NMSA 1978.

[01/01/98; Recompiled 11/30/01]

8.26.3.17 INDEPENDENT ADOPTIONS:

A. See Section 32A-5-13 NMSA 1978.

B. Placement shall not occur prior to the petitioner obtaining a placement order from the court.

C. Procedure to obtain placement order:

(1) A request for placement shall be filed thirty (30) days prior to placement.

(2) The request for placement shall be served on the same persons upon whom the petition for adoption is served and in the same manner. See Sections 32A-5-7(B) and 32A-5-27 NMSA 1978.

(3) A pre-placement study shall be filed prior to a hearing on the request for placement.

(4) A hearing and the court decision on the request for placement shall occur within thirty days of the filing of the request for placement. For good cause shown, the court may shorten the time to twenty days and in the event of exigent circumstances, including premature birth, the court may shorten the time to five days. See Section 32A5-13H NMSA 1978.

(5) In addition to the findings on the request for placement, the placement order shall include a finding that the pre-placement study complies with Section 32A-5-14 NMSA 1978 and Section 18 [now 8.26.3.18 NMAC].

D. Who may conduct adoptive counseling studies and reports: Only persons certified by the department shall be permitted to conduct adoptive counseling, studies and reports. Adoptive counseling narratives, pre-placement studies and post-placement reports will not be accepted if the persons conducting these services are not certified by the department.

E. Certification of investigator and counselor in independent adoptions:

(1) Qualifications of investigator: To qualify as an investigator, the applicant shall:

(a) hold a master's of social work degree from a school of social work accredited by the council of social work education and be licensed by the New Mexico board of social work examiners or hold a master's degree from an accredited degree-granting institution in sociology, psychology, guidance and counseling or counseling or be licensed at the licensed professional clinical counsel level (L.P.C.C.) by the counseling and therapy practice board; and

(b) have two years paid, full-time experience in family evaluation and child development and behavior.

(2) Indian child investigator or counselor: If the adoptee is an Indian child, the investigator may be a person authorized by an Indian tribe to conduct adoptive studies or counseling by an Indian tribe.

(3) Qualifications of counselor: An individual providing counseling shall be a licensed psychologist, a licensed psychiatrist, a social worker licensed at the master's or independent level, a counselor or therapist licensed at the L.P.C.C. level; or by an agency. See Section 32A-5-22(G) NMSA 1978.

(4) Certification: In addition to meeting the qualifications specified in Section. 17.5.1 or 17.5.3 [now Paragraphs (1) or (3) of Subsection E of 8.26.3.17 NMAC] the individual shall be certified by the department and appear on the department's current list prior to conducting adoptive services. If the person preparing the adoptive services is out-of-state, such person shall attach a statement setting forth qualifications that are equivalent to those required of an investigator or counselor pursuant to the provisions of Sections 32A-5-13 and 32A-5-22 NMSA 1978 respectively and the regulations.

(5) Application process: The applicant shall complete the department's application form and attach all documentation required to verify the applicant's qualifications. The applicant shall include at a minimum:

(a) certified copies of college transcripts;

(b) resume which shall specify the applicant's experience in family evaluation and child behavior and development;

(c) copies of relevant licenses or certificates received; and

(d) results of the federal criminal records check.

(i) Filing false documentation: Persons filing false documentation with the department are in violation of the Act and subject to the penalties provided in Section 32A-5-42(B) NMSA 1978.

(ii) Application fee: The amount of the fee shall be specified on the application form.

(6) Individuals who are not eligible for certification are:

(a) persons who are currently employed by the department;

(b) persons who are employed full-time or part-time by a New Mexico licensed child placement agency if the agency is providing contract adoptive services for the department; and

(c) persons subject to a legal disability with respect to certification.

(7) Certification process:

(a) The department shall be responsible for reviewing the application form and the documentation attached to the application and making a decision regarding certification of the applicant's qualifications within ninety calendar days of the filing of the application. If the applicant's qualifications are satisfactory, the department shall certify the person as an investigator or counselor and place the applicant's name, address, telephone number and service area on the list.

(b) If the department is unable to determine if the applicant meets the minimum requirements to be certified, the department shall request the applicant to submit additional information. The ninety day review period shall commence upon receipt of the completed application and all of the documentation requested by the department.

(c) The department shall notify the applicant in writing of the applicant's certification or non-certification.

(8) Continuing education: Certified investigators and counselors shall comply with continuing education requirements prescribed by the department.

(9) Maintenance of list: The department shall update the list every six months. The effective time period of the list shall be specified on the list. The list of certified counselors shall be obtained by requesting it in writing from the department at the address provided in Section 11.2 [now Subsection B of 8.26.3.11 NMAC].

(10) Deletion of investigator or counselor from list:

(a) For good cause, the department shall delete the investigator or counselor from the list. Good cause shall include failure to comply with the Act, regulations or written department protocol.

(b) If the department deletes an investigator or counselor from the list, the department shall notify, within ten days, the investigator or counselor that he/she has been deleted from the list and the reasons for the deletion.

(c) Upon receipt of notice of deletion from the list, the investigator or counselor shall not conduct adoptive services in independent adoptions and shall notify any individual requesting such services from the investigator or counselor that the investigator or counselor is no longer certified. Failure to provide such notification may result in penalties pursuant to Section 32A-5-42 NMSA 1978.

(11) Representations to the public:

(a) The investigator or counselor shall at all times clearly represent to persons requesting the investigator's or counselor's services that the investigator or counselor is acting in his/her independent capacity as an investigator or counselor in independent adoptions.

(b) If the investigator or counselor also provides adoptive services as an employee of a New Mexico licensed agency, he/she shall not use the letterhead, business cards, etc. of the child placement agency. Furthermore, an investigator or counselor employed by an agency shall not provide services in his/her independent capacity from the premises of the child placement agency unless the biological parent or the prospective adoptive parent signs a statement of understanding that the investigator or counselor is acting in his/her independent capacity.

(12) Appeal process: Any applicant wishing to appeal the certification decision of the department shall appeal to the department at the address provided in Section 11.2 [now Subsection B of 8.26.3.11 NMAC].

The appeal process is specified in the department's protective services division's policy and procedure manual. The department shall provide a copy of the applicable policy or procedure upon request of the appellant.

[01/01/98; Recompiled 11/30/01]

8.26.3.18 PRE-PLACEMENT STUDY:

A. See Section 32A-5-14 NMSA 1978.

B. In addition to the requirements of Section 32A-5-14 NMSA 1978, the pre-placement study shall include the following:

(1) log of contacts made designating the nature of the contact (e.g., telephone, office visit, etc.) and duration of each significant contact;

(2) general impression of the family;

(3) motivation to adopt;

(4) exploration of ethnic considerations including social and cultural issues;

(5) if the adoptee is an Indian child, a statement of compliance with the ICWA placement preferences pursuant to Section 32A-5-5 NMSA 1978 and Section 44.7 [now Subsection G of 8.26.3.44 NMAC] of these regulations, or efforts made to comply with same;

(6) family background assessment;

(7) courtship and marriage;

(8) other significant interpersonal relationships;

(9) children in the home;

(10) assessment of parenting skills, knowledge and experience;

(11) family's ability to cope with crises;

(12) caring for a special needs child, if applicable;

(13) financial issues and status;

(14) physical and social home environment and neighborhood environment;

(15) religious philosophy and practices;

(16) health issues that may impact the family's ability to care for an adoptee;

(17) an evaluation of the family in relation to the type of child desired or to be placed;

(18) a statement of the status of the criminal records check; and

(19) a recommendation by the preparer of the pre-placement study including the reasons for approval or denial of the adoptive family.

(20) the preplacement study shall be signed and dated by the investigator. In department or agency adoptions, the investigator's supervisor shall also sign the pre-placement study if the investigator does not have a master's degree.

C. Only a pre-placement study which has been prepared or updated within one year immediately prior to the date of placement shall be accepted.

D. Full disclosure:

(1) Reasonable efforts made shall be used to obtain all available information for full disclosure. At a minimum, reasonable efforts shall include contact, or documented attempts to contact, the following:

(a) biological parent;

(b) health providers, both physical and mental;

(c) educational providers; and

(d) prior placements providers.

(2) Confidentiality: The confidentiality provisions of the Act apply to information obtained for purposes of meeting full disclosure requirements. See Section 32A-5-8 NMSA 1978.

(3) Biological parents shall execute any and all releases necessary to accomplish and satisfy requirements of full disclosure.

(4) Prior to placement of the child for the purpose of adoption, the department, agency, investigator or petitioner's attorney shall provide full disclosure of all available information about the child including:

(a) health history, mental and physical;

(b) hospitalization;

(c) medication history;

(d) genetic history;

(e) physical descriptions;

(f) social background information;

(g) placements;

(h) dducational background;

(i) incidents of sexual or physical abuse, neglect; and

(j) behavioral characteristics.

(5) If a request for placement is not required by the Act, the full disclosure form shall be completed and attached to the request for placement or to the petition for adoption.

(6) Continuing duty to provide full disclosure: If all of the full disclosure information is not available at the time of placement, the agency, department, investigator or petitioner's attorney shall continue to attempt to obtain such information after placement and shall provide such information to the adoptive parent as it becomes available up to the time of entry of the decree of adoption. If additional relevant information is obtained after the entry of the decree of adoption, it shall be provided to the adoptive parent, if known, and to the department.

E. Required signatures: The pre-placement study shall be signed and dated by the preparer of the study. If the study is prepared by the department or an agency, the study shall also be signed and dated by the preparer's department supervisor or the agency's executive director.

F. Criminal records check: To obtain a criminal records check, the following procedure shall be followed:

(1) Fingerprint cards shall be obtained from the department at the address provided in Section 11.2 [now Subsection B of 8.26.3.11 NMAC].

(2) The name of the requesting person (department, agency, investigator or petitioner) and the type of adoption (department, agency or independent) shall be typed or printed on the back side of each fingerprint card.

(3) Two completed cards are required for each individual.

(4) Fingerprinting may only be done by qualified personnel, generally at the office of local police, sheriffs, city and county jails, and at some district offices of the New Mexico department of public safety.

(5) A fee may be charged by these agencies for taking the fingerprints.

(6) After the fingerprints have been taken, a set of the fingerprint cards and a separate cashier check or money order for each person requesting the criminal records check (e.g., two checks for a couple) made payable to the department of public safety shall be mailed to: Department of Public Safety, Law Enforcement, Records Bureau, P.O. Box 162, Santa Fe, NM 87504.

(7) The results of the federal and state criminal records check shall be sent to the department, a state agency authorized by law for such purposes; and

(8) The department shall forward the results of the federal and state criminal records checks to the requesting person and to the court if an adoption proceeding has been filed.

G. Foreign born substitute criminal records check: In any adoption involving a foreign-born child, the U.S. department of immigration form providing the results of the petitioner's criminal records check (currently form I-171) may be submitted in lieu of the criminal records check.

H. Duration of criminal records check: A criminal records check shall be valid for twenty-four months.

I. Completion of criminal records check: The criminal records check on each petitioner shall be completed, and the information made available to all interested parties prior to the entry of a final decree of adoption.

[01/01/98; Recompiled 11/30/01]

8.26.3.19 TERMINATION OF PARENTAL RIGHTS:

A. See Sections 32A-5-15 and 32A-5-16 NMSA 1978.

B. Initiation of termination of parental rights action: A termination of parental rights (hereafter TPR) action may be initiated by:

(1) a separate action prior to the filing of the petition for adoption;

(2) simultaneously with the petition for adoption; or

(3) subsequent to the filing of the petition for adoption by motion in the adoption proceeding.

C. A TPR action shall be served in accordance with the rules of civil procedure for the district courts for service of a civil action in this state with the exception that the department may be served by certified mail.

D. Full disclosure: Reasonable efforts shall be made to obtain full disclosure in a termination of parental rights proceeding.

E. Indian child: If the adoptee is an Indian child, also see Section 44 [now 8.26.3.44 NMAC].

[01/01/98; Recompiled 11/30/01]

8.26.3.20 PERSONS WHOSE CONSENTS OR RELINQUISHMENTS ARE REQUIRED:

A. See Section 32A-5-17.

B. An adoptee's consent is required if the adoptee has reached the age of ten years of age or older.

[01/01/98; Recompiled 11/30/01]

8.26.3.21 IMPLIED CONSENT OR RELINQUISHMENT:

A. See Section 32A-5-18 NMSA 1978.

B. Manner of service of notice of hearing for implied consent or relinquishment:

(1) Notice: The notice of hearing required for the court to imply a consent or relinquishment pursuant to Section 32A-5-18(B) NMSA 1978 may be served with the petition for adoption or anytime thereafter pursuant to the Rules of Civil Procedure for the district courts. Consent or relinquishment shall not be implied unless the notice of hearing is first served on the parent.

(2) Maintenance of confidentiality: Confidentiality may be preserved by using only first initials to identify the petitioner.

[01/01/98; Recompiled 11/30/01]

8.26.3.22 PERSONS WHOSE CONSENTS OR RELINQUISHMENTS ARE NOT REQUIRED:

A. See Section 32A-5-19 NMSA 1978 NMSA 1978.

B. Notice of the petition for adoption shall not be served on any person whose consent or relinquishment is **not** required pursuant to Section 32A-5-19 NMSA 1978.

[01/01/98; Recompiled 11/30/01]

8.26.3.23 PUTATIVE FATHER REGISTRY:

A. See Section 32A-5-20 NMSA 1978.

B. Father's identity unknown: If the mother alleges that the identity of the father is unknown, the department, agency, investigator or the petitioner's attorney shall obtain an affidavit signed by the mother stating the circumstances which caused the lack of knowledge of the father's identity.

C. Father registration: Any person who desires to register with the putative father registry may contact the department of health (hereafter DOH) as follows: Department of Health, Bureau of Vital Records and Health Statistics, P.O. Box 26110, Santa Fe, New Mexico 87502. DOH may promulgate regulations and forms at any time. If regulations and forms have been promulgated by DOH, the applicant shall comply with such regulations and forms. If DOH has not promulgated a father registration form, the sample father registry form is available through the local department office.

D. Registry inquiry: If DOH has not issued a form for inquiry as to whether a putative father has registered, the sample putative father registry Inquiry form is available through the local department office and may be used to request information from DOH.

[01/01/98; Recompiled 11/30/01]

8.26.3.24 FORM OF CONSENT OR RELINQUISHMENT:

A. See Section 32A-5-21 NMSA 1978.

B. Parent's consent or relinquishment: A consent or relinquishment form executed by a parent shall be in compliance with Section 32A-5-21(A) NMSA 1978. This form is available through the local department office.

C. Adoptee's consent: An adoptee who has reached the age of ten years of age or older shall consent to the adoption. The adoptee's consent shall be in compliance with Section 32A-5-21(B) NMSA 1978and Section 26.2 [now Subsection B of 8.26.3.26 NMAC]. This form is available through the local department office.

D. Department or agency consent: A consent to adoption by the department or an agency shall be in compliance with Section 32A-5-21(E) NMSA 1978.

E. Indian child: If an adoptee is an Indian child, also see Section 44 [now 8.26.3.44 NMAC] of these regulations.

[01/01/98; Recompiled 11/30/01]

8.26.3.25 COUNSELING:

A. See Section 32A-5-22 NMSA 1978.

B. Who shall provide counseling:

(1) Department adoption: A department employee designated by the department to provide counseling shall provide adoptive counseling. The designated counselor or the person designated to supervise the counseling shall:

(a) hold a master's of social work degree from a school of social work accredited by the council of social work education and be licensed by the New Mexico board of social work examiners or hold a master's degree from an accredited degree-granting institution in sociology, psychology, guidance and counseling or counseling or be licensed as a licensed professional clinical counselor (L.P.C.C.) by the counseling and therapy practice board; and

(b) have two years paid, full-time experience in family evaluation and child development and behavior.

(2) Agency adoption: An agency employee designated by the agency to provide counseling shall provide adoptive counseling. The designated counselor or the person designated to supervise the counseling shall have the same qualifications as described in Section. 25.2.1 [now Paragraph (1) of Subsection B of 8.26.3.25 NMAC].

(3) Independent adoption: See Sections 17.5.3 and 17.5.4 [now Paragraphs (3) and (4) of Subsection E of 8.26.3.17 NMAC]

C. When counseling shall occur: The consent or relinquishment shall not be taken on the same day as the counseling session unless extraordinary circumstances exist and are documented in the counseling narrative.

D. Counseling in person: All counseling shall be conducted in person.

E. Counseling narratives: A separate counseling narrative shall be prepared for each person counseled and attached to the person's consent or relinquishment.

F. Parent counseling: Any parent whose consent or relinquishment is required pursuant to Section 32A-5-17 NMSA 1978 shall receive counseling concerning adoption and its alternatives from a person with qualifications specified in Section 32A-5-22(G) NMSA 1978 and Sections 17.5.3 and 17.5.4 [now Paragraphs (3) and (4) of Subsection E of 8.26.3.17 NMAC].

(1) Minor biological parent: For a biological parent under the age of eighteen (18) years, in addition to the above-specified requirements, counseling shall be given on at least two separate occasions and at least one of the sessions shall be conducted without the presence of the biological parent's parent, guardian or the prospective adoptive parent.

(2) Parent counseling narrative: The narrative shall contain:

(a) the date and duration of each counseling session;

(b) a description of alternatives discussed with the parent, which shall include at a minimum the advantages and disadvantages of the following options:

(i) keeping and parenting the child;

(ii) temporary custody with, or support from, extended family or friends;

(iii) voluntary foster care;

(iv) abortion, by referral if necessary; and

(v) state aid.

(c) the reason the parent wishes to relinquish or consent to the adoption of the adoptee;

(d) the response of the parent regarding the receipt or promise of financial assistance or services related to the adoption, which shall include the following:

(i) whether payments were made to third party vendors, i.e., landlord, utility company, grocery store, etc;

(ii) whether the amounts were reasonably practical within the prevailing costs of the community of residence;

(iii) whether assistance was provided in areas other than counseling, including but not limited to legal services, medical care, travel related to necessary services, living expenses for the biological mother and her dependent children for a reasonable time before the birth of her child and not more than six weeks after the birth (see Section 32A-5-34 NMSA 1978 for permissible payments); and

(iv) whether repayment of these expenses is a consideration for the parent in completion of the relinquishment or consent;

(e) the response of the parent to the counselor’s inquiry regarding Indian heritage;

(f) the response of the parent to the counselor’s inquiry regarding ethnic heritage;

(g) the parent’s desires as to the kind of adoptive family sought;

(h) if the parent has selected a prospective adoptive family, the parent's description of the specific circumstances which led to the identification and selection of the prospective adoptive family which shall include the following:

(i) reasons why the parent made the selection; and

(ii) the name, role and relationship of any third person who assisted in the identification and selection of the prospective adoptive parents;

(i) the response of the parent regarding:

(i) counseling being provided in his/her primary language;

(ii) relinquishment or consent being obtained without threats or coercion from any person;

(iii) irrevocability of relinquishment or consent;

(iv) consequences of adoption including ramifications of divorce or death; and

(v) awareness of their right to legal counsel.

(3) Signatures: The counseling narrative shall be signed and dated by both the counselor and the parent being counseled.

(4) Signatures in department or agency adoptions: Department or agency adoptions, the counselor's supervisor shall also sign the counseling narrative if the counselor does not have the required master's degree.

G. Stepparent adoption counseling: See Section 33.5 [now Subsection E of 8.26.3.33 NMAC].

H. Adoptee counseling: In all adoptions where the adoptee is ten years of age or older, the adoptee shall be counseled in compliance with Section 32A-5-22(C)(1) NMSA 1978.

I. Adoptee counseling narrative:

(1) The counseling narrative for the adoptee shall comply with the requirements specified in Section 32A-5-22(C)(1) NMSA 1978. Additionally, the counselor shall inform the child prior to counseling that the narrative shall contain:

(a) the date and duration of each counseling session;

(b) alternatives to adoption discussed;

(c) consequences of adoption including inheritance, death of a parent, loss of government benefits and divorce;

(d) description of relationship with parent or legal custodian;

(e) description of relationship with prospective adoptive parent;

(f) desires of the child regarding adoption;

(g) discussion of child's name after adoption; and

(h) desires of the child regarding post-adoption contact, if any, with the parent or other family members.

(2) Counselor's recommendation: If the counselor has significant concerns about the adoption, the counselor shall prepare a separate statement entitled counseling narrative recommendation to be submitted to the court and the department stating the counselor's concerns and any recommendations the counselor may have such as additional counseling and the child's need for legal advice or appointment of a guardian ad litem.

(3) Signatures: The counseling narrative shall be signed and dated by both the counselor and the adoptee.

[01/01/98; Recompiled 11/30/01]

8.26.3.26 PERSONS WHO MAY TAKE CONSENTS OR RELINQUISHMENTS:

A. See Section 32A-5-23 NMSA 1978.

B. Adoptee consents: In department adoptions, the adoptee's consent shall be executed before an employee appointed by the department to take an adoptee's consent.

[01/01/98; Recompiled 11/30/01]

8.26.3.27 RELINQUISHMENTS TO DEPARTMENT:

See Section 32A-5-24 NMSA 1978 and Section 34.2 [now Subsection B of 8.26.3.34 NMAC].

[01/01/98; Recompiled 11/30/01]

8.26.3.28 PETITION FOR ADOPTION:

A. Time of filing: See Section 32A-5-25 NMSA 1978.

B. Petition content: See Section 32A-5-26 NMSA 1978.

C. Notice of petition: See Section 32A-5-27 NMSA 1978. Failure to properly comply with notice requirements may result in an invalid adoption decree.

D. Indian child: If the adoptee is an Indian child, see Section 44 [now 8.26.3.44 NMAC].

[01/01/98; Recompiled 11/30/01]

8.26.3.29 RESPONSE TO PETITION:

See Section 32A-5-28 NMSA 1978.

[01/01/98; Recompiled 11/30/01]

8.26.3.30 CUSTODY PENDING DECREE:

See Section 32A-5-29 NMSA 1978.

[01/01/98; Recompiled 11/30/01]

8.26.3.31 REMOVAL OF ADOPTEE FROM THE COUNTY:

A. See Section 32A-5-30 NMSA 1978.

B. When the petitioner resides in a county in New Mexico other than the county in which the petition for adoption is filed, or in a state other than New Mexico, or if the adoptee will be absent from the county in which the petition for adoption is pending for more than fifteen days, a court order must be obtained recognizing such out of state residence and/or permitting absence from the county in which the petition for adoption is filed.

C. A sample motion for an order of residence and a sample order of residence are available through the local department office.

[01/01/98; Recompiled 11/30/01]

8.26.3.32 POST-PLACEMENT SERVICES AND THE POST-PLACEMENT REPORT:

A. See Section 32A-5-31 NMSA 1978.

B. Post-placement services:

(1) Appropriate post-placement services shall be provided to the adoptee and the prospective adoptive family from the time of the child's placement until the post-placement report is filed.

(2) At a minimum, the following services shall be provided:

(a) contact shall be made with the prospective adoptive family personally or by telephone within forty-eight hours after placement;

(b) a home visit shall be made within three working days of placement; and

(c) additional visits shall be made every other month thereafter until the post-placement report is filed.

[01/01/98; Recompiled 11/30/01]

8.26.3.33 STEPPARENT ADOPTIONS:

A. See Section 32A-5-32 NMSA 1978.

B. Who shall file a petition in a stepparent adoption: The stepparent with whom the adoptee has resided for at least one year since the stepparent's marriage to the adoptee's custodial parent.

C. Stepparent adoption exceptions: The stepparent shall comply with the provisions of the act, except as follows:

(1) placement;

(2) pre-placement study or post-placement report unless ordered by the court; and

(3) report of fees and charges to the court unless ordered by the court.

D. Consents: The consent of the non-custodial parent, the custodial parent, and the adoptee if he/she ten years of age or older, are required in all stepparent adoptions except in those cases where the non-custodial parent's parental rights may or have been terminated involuntarily as provided in the Act.

E. Counseling:

(1) See Section 32A-5-22 NMSA 1978 and Section 25 [now 8.26.3.25 NMAC].

(2) When counseling is required for the stepparent and custodial parent: When the adoptee has lived with the stepparent for more than one year but less than

two years since the stepparent's marriage to the custodial parent, counseling shall be required for both the stepparent and the custodial parent pursuant to Section 32A-5-22(C)(1) NMSA 1978. When the adoptee has lived with the stepparent for more than two years since the stepparent married the custodial parent, neither the custodial parent nor the stepparent shall be required to receive counseling, but they should be encouraged to receive counseling.

(3) Non-custodial parent counseling: The non-custodial parent shall receive counseling regardless of the duration of the stepparent marriage.

(4) Non-custodial parent's counseling narrative: The non-custodial parent who is consenting to the adoption, and whose parental rights will be terminated by the adoption, shall be counseled and his/her counseling narrative shall include:

(a) the date and duration of each counseling session;

(b) a description of the counseling session which shall include at a minimum the advantages and disadvantages of the adoption as follows:

(i) motivation for the consent;

(ii) ethnic consideration, if any;

(iii) the nature and characteristics of the relationship between the stepparent and the adoptee;

(iv) the nature and characteristics of relationship of the custodial parent and the adoptee;

(v) the nature and characteristics of relationship of the non-custodial parent and the adoptee;

(vi) the nature and characteristics of relationship of the stepparent and the custodial parent;

(vii) problems which may arise and which are anticipated from the adoptee's loss of a parent;

(viii) open adoption issues such as adoptee contact or visitation with the non-custodial parent;

(ix) consideration of grandparent visitation rights;

(x) the fact that the adoption is a final decision that is legally binding even in the event the custodial parent and stepparent divorce or one of them dies; and

(xi) legal consequences, such as waiver of child support obligation and loss of inheritance rights.

(c) The counseling narrative shall be signed and dated by the non-custodial parent and the counselor.

(5) Custodial parent counseling: In addition to being counseled regarding the alternatives to adoption and the consequences of adoption, the custodial parent shall be counseled regarding the effects of adoption on child custody and child support.

(6) Custodial parent's counseling narrative: The custodial parent shall be counseled except as provided in Section 33.5.2 [now Paragraph (2) of Subsection E of 8.25.3.33 NMAC]. The narrative shall contain:

(a) the date and duration of each counseling session;

(b) a description of the content of the counseling session which shall include the advantages and disadvantages of the adoption such as, but not limited to, the following:

(i) motivation for the adoption;

(ii) ethnic consideration, if any;

(iii) right to seek independent legal counsel to clarify legal ramifications;

(iv) the nature and characteristics of relationship of the stepparent and the custodial parent;

(v) the nature and characteristics of relationship of the stepparent and the adoptee;

(vi) the nature and characteristics of relationship of the non-custodial parent and the adoptee;

(vii) social/medical history information known regarding the non-custodial parent;

(viii) the response of the parent to the counselor's inquiry regarding Indian heritage;

(ix) issues raised by the adoptee during the counseling session; and

(x) Concerns of the counselor, if any, regarding the appropriateness of the adoption.

(c) The counseling narrative shall be signed by the custodial parent and the counselor.

(7) Stepparent's counseling narrative: The stepparent who desires to adopt shall be counseled except as provided in Section.33.5.2 [now Paragraph (2) of Subsection E of 8.26.3.33 NMAC] of these regulations. The narrative shall contain:

(a) the date and duration of each counseling session;

(b) a description of the counseling session which shall include the advantages and disadvantages of the adoption such as, but not limited to, the following:

(i) motivation for the adoption;

(ii) ethnic consideration, if any;

(iii) the adoptee's social, education and health history;

(iv) the nature and characteristics of relationship of the stepparent and the adoptee;

(v) the nature and characteristics of relationship of the stepparent and custodial parent;

(vi) problems which may arise from the adoptee's loss of a parent;

(vii) open adoption issues such as adoptee contact or visitation with the consenting parent;

(viii) consideration of grandparent visitation rights; and

(ix) the fact that the adoption is a final decision that is legally binding even in the event of dissolution of marriage or death of his/her spouse.

(c) The counseling narrative shall be signed and dated by the stepparent and the counselor.

(8) When counseling is required for the adoptee: If the adoptee has reached the age of ten years of age or older, the adoptee shall receive counseling in all stepparent adoptions pursuant to Section 32A-5-22(C)(1) NMSA 1978 and Section 25.8 [now Subsection H of 8.26.3.25 NMAC].

(9) Adoptee's counseling narrative: See Section 32A-5-22(C)(1) NMSA 1978 and Sections 25.9 [now Subsection I of 8.26.3.25 NMAC].

F. Fingerprinting: In all stepparent adoptions, the stepparent shall obtain a criminal records check pursuant to Section 32A-5-14(A)(8), Section 32A-5-32(B)(1) NMSA 1978 and Section 18.8 [now Subsection H of 8.26.3.18 NMAC].

[01/01/98; Recompiled 11/30/01]

8.26.3.34 APPOINTMENT OF GUARDIAN AD LITEM FOR ADOPTEE:

A. See Sections 32A-5-24, 32A-5-33 and 32A-5-35 NMSA 1978.

B. Mandatory appointment of guardian ad litem: A guardian ad litem shall be appointed for an adoptee when:

(1) an adoptee is being relinquished to the department and the relinquishment is not being taken in an abuse and neglect proceeding or in contemplation of an adoption;

(2) the adoption is contested; or

(3) it is an open adoption and it is contemplated that there will be visitation between the biological family and the adoptee.

C. Discretionary appointment of guardian ad litem: The court may appoint a guardian ad litem for the adoptee at any time in any adoption proceeding upon the motion of any party or upon the court's own motion.

[01/01/98; Recompiled 11/30/01]

8.26.3.35 FEES AND CHARGES:

A. See Section 32A-5-34 NMSA 1978.

B. Reproductive alternatives: See Section 47 [now 8.26.3.47 NMAC]. A biological mother who is impregnated by in vitro fertilization or artificial insemination may be paid expenses of the pregnancy as provided in Section 32A-5-34.

[01/01/98; Recompiled 11/30/01]

8.26.3.36 OPEN ADOPTIONS:

See Section 32A-5-35 NMSA 1978 and Section 34.2 c [now Paragraph (3) of Subsection B of 8.26.3.34 NMAC] of these regulations.

[01/01/98; Recompiled 11/30/01]

8.26.3.37 ADJUDICATION; DISPOSITION; DECREE OF ADOPTION:

A. Generally: See Section 32A-5-36 NMSA 1978.

B. Indian child: If the adoptee is an Indian child, also see Section 44 [now 8.26.3.44 NMAC] of these regulations.

[01/01/98; Recompiled 11/30/01]

8.26.3.38 STATUS OF ADOPTEE AND PETITIONER UPON ENTRY OF DECREE OF ADOPTION:

See Section 32A-5-37 NMSA 1978.

[01/01/98; Recompiled 11/30/01]

8.26.3.39 BIRTH CERTIFICATES:

See Sections 32A-5-7(F) and 32A-5-38 NMSA 1978.

[01/01/98; Recompiled 11/30/01]

8.26.3.40 RECOGNITION OF FOREIGN DECREES:

A. See Section 32A-5-39 and NMSA 1978, Section 39-4A-2 NMSA 1978.

B. Full faith and credit: The judgments of other states or of a tribal court of an Indian nation, tribe or pueblo terminating parental rights or establishing the relationship of parent and child by adoption shall be recognized by filing a certified copy of such judgment with the court clerk and taking such additional action as may be required by applicable law and court rules.

C. Comity: Decrees of foreign countries terminating parental rights or establishing the relationship of parent and child by adoption shall be recognized and enforced in accordance with applicable laws and rules of court.

(1) A petition for recognition of such decree shall be filed with the court.

(2) Authentication shall be established by attaching a certified copy of such decree to the petition for recognition or by providing the court with other evidence of authentication satisfactory to the court.

(3) Recognition of a foreign decree does not waive any requirements that may be imposed by the immigration and naturalization service (hereafter INS) for the adoptee to remain in the U.S.

[01/01/98; Recompiled 11/30/01]

8.26.3.41 POST-DECREE ACCESS TO RECORDS:

A. See Sections 32A-5-40 and 32A-5-41 NMSA 1978.

B. Confidentiality of post-decree records: After the decree of adoption has been entered, all court files containing records filed with the court or the department in the adoption proceeding shall remain confidential and withheld from public inspection except as provided in the Act and regulations.

C. Procedure for access to post-decree records by an adult adoptee, biological parent of an adult adoptee, sibling of an adoptee, or adoptive parent of a minor adoptee:

(1) Existence of record inquiry to the department: The party seeking access to the records shall first inquire of the department in writing whether a record of an adoptee's adoption is on file with the department. The adoption inquiry form is available through the local department office. The inquiry shall be forwarded to the department's central adoptions unit at the address specified in Section 11.2 [now Subsection B of 8.26.3.11 NMAC].

(2) Non-identifying information:

(a) Non-identifying information may be obtained without a court order by submitting to the department's central adoptions unit a written request, with the requesting person's signature notarized. See Section 11.2 [now Subsection B of 8.26.3.11 NMAC].

(b) Non-identifying information is limited to the following:

(i) the health and medical histories of the adoptee's biological parents;

(ii) the health and medical history of the adoptee;

(iii) the adoptee's general family background, including ancestral information, without name references or geographical designations;

(iv) if the adoptee is an Indian child, tribal information;

(v) physical descriptions of the adoptee and the adoptee's biological parents; and

(vi) the length of time the adoptee was in the care and custody of any person other than the adoptive parents.

(3) Identifying information: Identifying information may be obtained without a court order if the person about whom the information is sought has signed and filed with the department or the court a release of identifying information.

(a) Request for identifying information: A request for identifying information shall be made in writing to the department's central adoptions unit and the requesting person's signature shall be notarized.

(b) Affidavit permitting release of identifying information: If the party about whom the identifying information is being requested has filed a statement agreeing to the release of identifying information, the department shall release identifying information.

(c) Affidavit refusing release of identifying information: If the party about whom the identifying information is being requested has filed a statement indicating that no identifying information shall be released, the department shall not release any identifying information. Additionally, the department shall notify the requesting party that the party about whom the identifying information is sought has filed an affidavit requesting that no identifying information be released.

(d) No affidavit on file: If the party about whom the identifying information is requested has not filed any statement regarding release of identifying information, the department shall not release any identifying information. Additionally, the department shall notify the requesting party that the party about whom the identifying information is sought has not filed any statement regarding release of identifying information.

(4) Application to the court for release of identifying information:

(a) Petition for appointment of confidential intermediary: If there is nothing in the department files stating whether the party about whom the identifying information is being requested is willing or unwilling to release his/her identity, the requesting person may petition the court pursuant to Section 32A-5-41 NMSA 1978 for appointment of a confidential intermediary.

(b) Confidential intermediary duties: Upon appointment, the confidential intermediary shall:

(i) Review court files: Check the court files for an affidavit regarding release of identifying information.

(ii) Search and contact: If such an affidavit does not exist, the confidential intermediary shall make a reasonable search for and discreetly contact the person about whom the identifying information is being requested to ascertain whether such person is willing to have identifying information released to the petitioner or is willing to meet or communicate with the petitioner. The confidential intermediary shall only describe the petitioner in general, non-identifying terms. If the party about whom

the identifying information is sought agrees to the release of identifying information or to meet or communicate with the petitioner, the confidential intermediary shall proceed as provided in Section 32A-5-41(E) NMSA 1978. If the party about whom the identifying information is sought refuses to release identifying information, the confidential intermediary shall inform the petitioner and the petitioner may withdraw the petition or request the court to release identifying information for good cause.

(c) A confidential intermediary cannot gain client identifying information from other sources, such as the Internet, without prior court approval as provided in Section 32A-5-41 NMSA 1978.

(d) Release of identifying information for good cause: If there is a statement on file with the department or the court refusing to release identifying information, or the party refuses the release of identifying information when contacted by the confidential intermediary, the petitioner may petition the court for release of identifying information for good cause.

D. Filing of statement regarding release of identifying information: After the entry of the final decree, the adult adoptee or the biological parent of the adult adoptee may file an affidavit at any time for release of identifying information or may change his/her position regarding the release of identifying information. The most recent affidavit supersedes all prior affidavits.

[01/01/98; Recompiled 11/30/01]

8.26.3.42 PENALTIES:

See Section 32A-5-42 NMSA 1978.

[01/01/98; Recompiled 11/30/01]

8.26.3.43 SUBSIDIZED ADOPTIONS:

A. See Section 32A-5-43 through 32A-5-45 NMSA 1978.

B. Purpose: Adoption subsidy is a program to assist families adopting a special needs child after they have exhausted the resources of private insurance, medicaid and other applicable assistance payments. All adoption subsidy ceases upon the child's eighteenth birthday.

C. Types of subsidy:

(1) Federal IV-E subsidy: An adoptee in the department's or an agency's custody may be eligible for federal IV-E subsidy pursuant to the Adoption Assistance and Child Welfare Act of 1980, 42 U.S.C. 670 et seq.

(2) State subsidy: A state-funded subsidy is only available for a special needs child in the department's custody when the adoptee is not eligible for federal IV-E subsidy and the adoptive family's financial circumstances meet the department's "means" test.

D. Eligibility for federal IV-E subsidy:

(1) Special needs required: To be eligible for adoption subsidy for ongoing assistance, medical assistance, special services or non-recurring expenses, the following is required:

(a) the child cannot or should not be returned to the home of the parents;

(b) there exists a specific factor or condition (such as the child's age, ethnic background, emotional, physical or mental disability, or membership in a minority or sibling group) making it reasonable to conclude that the child cannot be placed for adoption without providing adoption assistance; and

(c) except where it would be against the best interests of the child, a reasonable but unsuccessful effort has been made to place the child without adoption assistance.

(2) Agency application for federal subsidy: The agency shall apply to the department for federal subsidy by contacting the department's central adoptions unit at the address specified in Section 11.2 [now Subsection B of 8.26.3.11 NMAC].

E. Eligibility for state subsidy: Only children who are in the department's custody and are placed by the department are eligible for state subsidy.

(1) The adoptee is eligible when the adoptee is relinquished, conditionally or unconditionally, to the department or the department has terminated the adoptee's parents' parental rights and the court has given custody of the adoptee to the department.

(2) If a consent is executed, the adoptee is not eligible for subsidy because the child is not in the department's custody.

(3) It has been determined that the adoptee has special needs as defined in Section 43.4.1 [now Paragraph (1) of Subsection D of 8.26.3.43 NMAC] and it has been established that the adoptive family is unable to meet these needs without financial assistance.

(4) There shall be documentation of efforts to identify an adoptive family who could meet the child's special needs without subsidy, except where it would not be in the child's best interest.

[01/01/98; Recompiled 11/30/01]

8.26.3.44 ADOPTION OF AN INDIAN CHILD:

A. See Sections 32A-5-4 and 32A-5-5 NMSA 1978.

B. In addition to other applicable requirements of the Act and regulations, the following provisions shall apply to the adoption of an Indian child subject to the ICWA as defined in Section 7.10 [see compiler's note].

C. Purpose: The purpose of this regulation is to promote the public policy of enforcing compliance with the ICWA in the state of New Mexico and protecting the integrity of tribal communities.

D. Procedure for verification of a child's Indian status: If the petitioner, petitioner's attorney, the biological parent's attorney, the department, the investigator or agency charged with investigating an adoption has any reason to believe the child to be adopted may be a child subject to the ICWA, it shall be the responsibility of such person to verify the adoptee's Indian status and to notify the court in which the adoption proceeding is pending of the adoptee's Indian status. Verification of a child's Indian status shall include at a minimum:

(1) interviews with persons or agencies who may have information about the child's family background;

(2) written inquiry and notice to any and all tribes with which the child may be affiliated or eligible for enrollment as a member. Such inquiry shall include all available information from which a tribe may reasonably be able to determine the child's tribal affiliation or eligibility for enrollment as a member, and notice of the pending adoption proceeding, provided, however, that notification to a tribe or tribal agency shall be consistent with the provisions of the ICWA concerning the desire of a parent for anonymity; and

(3) if it is not possible to identify the Indian child's tribe, the petitioner shall contact the BIA for assistance at the Albuquerque Area Office, P.O. Box 26567, Albuquerque, New Mexico 87125-6567.

E. Anonymity of biological parents: Every effort shall be employed to protect the anonymity of the biological Indian parent. However, the ICWA placement preferences shall be observed. See Section 32A-5-5 NMSA 1978.

F. Jurisdiction:

(1) Exclusive tribal court jurisdiction: A petition for adoption of an Indian child who resides or is domiciled on a reservation shall be filed in the tribal court of that Indian tribe.

(2) Concurrent state court jurisdiction: If the Indian child resides or is domiciled outside the reservation, the petition for adoption may be filed in state court or the Indian child's tribal court.

(3) Transfer from state court to tribal court: If a petition for adoption is filed in state court, either biological parent, the Indian custodian, or the Indian child's tribe may petition the court for transfer of the proceeding from state court to tribal court. In the absence of a showing and finding of good cause to the contrary, the state court shall transfer the proceeding to the tribal court. However, such transfer shall be subject to refusal of jurisdiction by the tribal court.

G. Placement preferences: Any adoptive placement of an Indian child shall be in accordance with the placement preferences established by the ICWA unless the Indian child's tribe establishes a different order of preference by resolution.

(1) ICWA placement preferences: In any adoptive placement of an Indian child under the act, a preference shall be given, in the absence of good cause to the contrary, to a placement in the following declining order of preference:

(a) a member of the child's extended family;

(b) other members of the Indian child's tribe; or

(c) other Indian families.

(2) Social and cultural standards for application of placement preferences: The standards to be applied in meeting the preference requirements shall be the prevailing social and cultural standards of the Indian community in which the parent or extended family resides or with which the parent or extended family members maintain social and cultural ties.

H. Termination of parental rights:

(1) Standard of proof: The grounds for termination of parental rights of an Indian child shall be supported by evidence beyond a reasonable doubt, including testimony of qualified expert witnesses, that the continued custody of the Indian child by the Indian parent or Indian custodian is likely to result in serious emotional or physical damage to the Indian child.

(2) Notice: Notice shall be given pursuant to Section 32A-5-16 and Section 44.14 [now Subsection N of 8.26.3.44 NMAC]

I. Relinquishment and consent:

(1) See Sections 32A-5-21 through 32A-5-24 NMSA 1978.

(2) Indian child who is a resident or domiciliary of a reservation: A consent to adoption or a relinquishment of parental rights of an Indian child who is residing or domiciled on a reservation shall be taken before the tribal judge of that Indian tribe.

(3) Indian child not a resident or domiciliary of a reservation: A consent to adoption or relinquishment of parental rights of an Indian child who is not residing or domiciled on a reservation shall be taken before a judge who has jurisdiction over adoption proceedings. See section 44.10 [now Subsection J of 8.26.3.44 NMAC] of these regulations for notice requirements.

(4) Form of consent: In addition to the requirements of Section 32A-5-21 NMSA 1978 and Section 24 [now 8.26.3.24 NMAC] the relinquishment or consent of an Indian child shall include the following:

(a) certification by the presiding judge that the terms and consequences of the consent were fully explained in detail and were understood by the parent or Indian custodian;

(b) certification by the presiding judge that the parent or Indian custodian understood the explanation in English or that it was interpreted into a language that the parent or Indian custodian understood.

(5) Implied consent not permitted: A consent or relinquishment by an Indian custodian or parent of an Indian child shall not be implied as permitted under the act in Section 32A-5-18.

(6) Revocation of relinquishment or consent prior to entry of final decree: A relinquishment or consent of an Indian child may be revoked by the parent or Indian custodian of an Indian child for any reason at any time prior to the entry of a final decree of termination or adoption. Upon such revocation, the Indian child shall be returned to the parent or Indian custodian.

(7) Revocation of relinquishment or consent subsequent to entry of final decree: Within two years after entry of the final decree of adoption of an Indian child in any New Mexico court, the parent may withdraw the consent to the adoption and may petition the court to vacate a decree of adoption on the ground that the consent or relinquishment was obtained through fraud or duress. If the court finds that the consent or relinquishment was obtained through fraud or duress, the court shall vacate the decree of adoption and return the child to the parent or Indian custodian.

J. Notice:

(1) In addition to the notice requirements of Sections 32A-5-16 and 32A-5-27 NMSA 1978, notice of a termination of a parental rights proceeding, a request for placement or a petition for adoption shall be served on:

(a) the parent or any Indian person who has lawfully adopted an Indian child, including adoptions under tribal law or custom;

(b) Indian custodian;

(c) Indian child's tribe; and

(d) if the Indian child's parent, custodian or tribe cannot be determined, then notice shall be served on the United States secretary of the interior.

(2) Content of notice to Indian tribe: Notice to any Indian tribe shall include, to the extent available:

(a) name of the Indian child, the child's birth date and birthplace;

(b) name of the Indian tribe in which the child is enrolled or may be eligible for enrollment;

(c) all known names of the Indian child's biological mother, biological father, maternal and paternal grandparents and great grandparents or Indian custodians, including maiden, married and former names or aliases;

(d) birth dates; places of birth and death; tribal enrollment numbers and any other identifying information of the Indian child's biological mother, biological father, maternal and paternal grandparents and great grandparents or Indian custodians;

(e) current and former addresses of the Indian child's biological mother and father, maternal and paternal grandparents and great grandparents, or Indian custodians;

(f) a copy of the pleading by which the proceeding was initiated; and

(g) the right to intervene in the action.

(3) Form of service: A parent shall be personally served. All other persons shall be served by registered mail with return receipt requested.

(4) No foster care placement or termination of parental rights proceeding shall be held until at least ten days after receipt of notice by the parent or Indian custodian and the tribe: Provided, that the parent or Indian custodian or the tribe shall, upon request, be granted up to twenty additional days to prepare for such proceedings.

(5) Failure to comply with notice requirements: Failure to comply with notice requirements may result in an invalid adoption decree.

K. Intervention: In any state court adoption proceeding involving an Indian child, the Indian custodian and the Indian child's tribe shall have the right to intervene at any time in the proceeding.

[01/01/98; Recompiled 11/30/01]

[Compiler's note: Subsection B, above, contains a reference to Section 7.10; however, given the context of the reference, it would appear that the correct citation is more likely Section 7.11, which is now Subsection K of 8.26.3.7 NMAC.]

8.26.3.45 INTERSTATE COMPACT ON THE PLACEMENT OF CHILDREN:

A. See NMSA 1978, Sections 32A-11-1 et seq. NMSA 1978.

B. Compliance mandatory: The interstate compact on the placement of children (hereafter ICPC) has been enacted by the state of New Mexico and therefore compliance with the ICPC is required in all interstate adoptive placements from or to New Mexico.

C. Enforcement: The ICPC is a binding reciprocal agreement among all of the states and territories of the United States and has the force and effect of statutory law in each party state or territory. Failure to comply may result in intervention by the department or in an interstate adoption being denied or found invalid.

D. Who must comply with the ICPC: Any person placing, or causing to be placed, a child for adoption in New Mexico, or placing, or causing to be placed, a child for adoption from New Mexico to another state or territory, shall comply with the ICPC. The person sending the child is designated as the "sending agency" and the person receiving the child is designated as the "receiving agency."

(1) Independent adoptions: The parent placing the adoptee is the sending agency in all independent adoption regardless of the manner of termination of parental rights or the creation of a guardianship, or other legal custody proceeding, in the sending state. The prospective adoptive parents are the receiving agency.

(2) Department adoptions: If the sending agency is the state child welfare agency for the sending state, the receiving agency shall be the state child welfare agency or a private agency licensed to place a child for adoption in the receiving state.

(3) Agency adoptions: If the sending agency is a private agency licensed to place a child for adoption in the sending state, the receiving agency shall be the state child welfare agency or a private agency licensed to place a child for adoption in the receiving state. Any and all agency services provided in an ICPC adoption proceeding shall be conducted by employees of the agency. ICPC adoptive services shall not be provided by an investigator or a counselor as defined in Sections 7.3 and 7.15 [see compiler's note].

E. ICPC process:

(1) Prior to placement: Prior to the placement of an adoptee in another state, the sending agency shall submit the ICPC form with the proposed placement to the ICPC administrator in the state from which the child is to be sent.

(2) ICPC approval: ICPC approval for placement into the receiving state shall be obtained from the receiving state's ICPC administrator **prior** to the placement of the adoptee into the receiving state.

(3) Placement into New Mexico: In cases where the adoptee is being placed for the purpose of adoption into New Mexico, the persons involved in the adoption shall comply with the provisions of the act and the regulations governing such matters as placement, counseling narratives, consents or relinquishments, pre-placement study and full disclosure.

(4) Placement from New Mexico: In cases where a child is being placed for the purpose of adoption from New Mexico, in addition to complying with the receiving state's requirements, the persons involved in the adoption shall comply with the applicable provisions of the act and the regulations governing such matters as counseling narratives, consents or relinquishments, and full disclosure.

(5) Compliance time limitation: All of the forms and information required by the New Mexico ICPC administrator shall be completed and submitted to the administrator within four months from the date of initiation of the request for an interstate placement unless the request is made prior to the adoptee's birth, in which event the four-month period shall commence at birth. The person requesting the ICPC placement may provide the administrator with good cause for an extension of time. In no event shall the extension of time exceed two additional months. Failure to comply with these time limits shall result in the denial of the placement.

[01/01/98; Recompiled 11/30/01]

[Compiler's note: Paragraph (3) of Subsection D, above, contains a reference to Sections 7.3 and 7.15; however, given the context of the reference, it would appear that the correct citations are more likely Sections 7.5 and 7.16, which are now Subsections E and P of 8.26.3.7 NMAC.]

8.26.3.46 ADOPTION OF A FOREIGN BORN CHILD:

A. A foreign born child may be adopted in New Mexico:

(1) Such adoption does not entitle the adoptee to citizenship in the United States.

(2) The foreign born adoptee shall comply with all Integration [*sic*] and Naturalization Services (INS) requirements and may not be entitled to remain in the U.S. in spite of the adoption if INS requirements are not satisfied.

(3) If INS does not recognize a foreign adoption decree, a petition for adoption shall be filed in New Mexico and all of the requirements of the act and these regulations shall be satisfied unless express exceptions to the act are provided in the regulations.

B. Exceptions to the pre-placement study for a foreign born child:

(1) Substitute criminal records check: In any adoption involving a foreign born child, the INS form (currently I-171) may be submitted in place of the criminal records check required by the regulations. See Section 18.8 [now Subsection H of 8.26.3.18 NMAC].

(2) Medical examination and certificate: Prior to filing the petition for adoption, a foreign born child shall have a medical examination by a physician licensed to practice medicine in any state in the United States. A medical certificate of the foreign born child's physical condition shall be filed with the petition for adoption.

[01/01/98; Recompiled 11/30/01]

8.26.3.47 REPRODUCTIVE ALTERNATIVES:

A. Sperm donor; Artificial Insemination: See Section 40-11-6 NMSA 1978.

B. Surrogate mother:

(1) A surrogate mother shall not be paid to conceive and/or carry a child. See Section 32A-5-34(F) NMSA 1978

(2) Reasonable expenses: The petitioner may pay for any expenses of the biological mother allowed by the act in Section 32A-5-34(B) NMSA 1978

(3) The surrogate mother's parental rights may only be terminated as provided in the act. Therefore, the surrogate mother may elect not to consent to the adoption or to relinquish her parental rights.

(4) If the surrogate mother elects to consent to the adoption, the spouse of the biological father or other person permitted to adopt the adoptee pursuant to the act, may initiate an adoption proceeding in conformance with the act.

PART 4: LICENSING REQUIREMENTS FOR FOSTER AND ADOPTIVE HOMES

8.26.4.1 ISSUING AGENCY:

Children, Youth and Families Department (CYFD), Protective Services Division (PSD).

[8.26.4.1 NMAC - Rp, 8.26.4.1 NMAC, 2/11/2020]

8.26.4.2 SCOPE:

PSD staff and all PSD licensed agencies providing foster care services in New Mexico.

[8.26.4.2 NMAC - Rp, 8.26.4.2 NMAC, 2/11/2020]

8.26.4.3 STATUTORY AUTHORITY:

Children, Youth and Families Department Act, Section 9-2A-7 D, NMSA 1978; New Mexico Children's Code Adoption Act, Section 32A-5-6 A, NMSA 1978; Child Placement Licensing Act, Section 40-7A-4 D, NMSA 1978.

[8.26.4.3 NMAC - Rp, 8.26.4.3 NMAC, 2/11/2020]

8.26.4.4 DURATION:

Permanent.

[8.26.4.4 NMAC - Rp, 8.26.4.4 NMAC, 2/11/2020]

8.26.4.5 EFFECTIVE DATE:

February 11, 2020, unless a later date is cited at the end of a section.

[8.26.4.5 NMAC - Rp, 8.26.4.5 NMAC, 2/11/2020]

8.26.4.6 OBJECTIVE:

To create standards for licensing of relative, fictive kin, non-relative foster and adoptive care providers in New Mexico which are consistent with the best interest, safety, permanency, and well-being of children by:

A. enabling protective services division or licensed child placement agencies (CPA) to license and monitor foster and adoptive homes;

B. enabling protective services division to set standards for the application and operation of non-relative foster and adoptive families to protect the best interest of children in foster or adoptive placement;

C. enabling protective services division to set standards for the application and operation of relative and fictive kin care providers to protect the best interest of children in foster, guardianship or adoptive placements; and

D. complying with the New Mexico Children's Code, the New Mexico Adoption Act and regulations, the Indian Child Welfare Act, the Adoption and Safe Families Act, the Interstate Compact on Placement of Children, the Interstate Compact on Adoption and Medical Assistance, the Multi-Ethnic Placement Act, as amended by the Inter-Ethnic Adoption Provisions of 1996, the Safe and Timely Interstate Placement of Foster Children Act, the Adam Walsh Act, the Fostering Connections for Success and Increasing Adoptions Act, the Child Abuse Prevention and Treatment Act Reauthorization of 2010, Every Student Succeeds Act, Family First Prevention Services Act, and the New Mexico Administrative Code.

E. The agency shall give placement preference to relatives and fictive kin as foster care providers. In the event that a child is not placed in a relative foster care placement, the agency shall continue to make diligent efforts to search for, identify, and assess relatives throughout the life of the case for potential placement of the child. The agency shall assist relatives with meeting licensing requirements through identifying barriers, informing the applicant, and providing support. If a relative cannot be licensed to provide foster care for a child, this shall not preclude the relative from maintaining a meaningful relationship with the child while in foster care.

[8.26.4.6 NMAC - Rp, 8.26.4.6 NMAC, 2/11/2020]

8.26.4.7 DEFINITIONS:

A. "Administrative appeal" is a formal hearing for foster care providers whose license have been revoked, suspended, or not renewed. Foster care providers have the opportunity to present evidence to an impartial hearing officer in accordance with CYFD's administrative appeals regulations 8.8.4 NMAC.

B. "Administrative review" is an informal process for foster care providers whose application for licensure has been denied. The review may include an informal conference or a record review, and does not create any substantive rights for the family.

C. "Adoptee" refers to any person who is the subject of an adoption petition.

D. "Adoption" is the establishment of a court sanctioned legal parental relationship between an adult and a child.

E. "Adoptive parent" refers to a foster care provider licensed by PSD or by a licensed child placement agency who has finalized the adoption of a foster child.

F. "Adult" refers to a person 18 years of age and older, not participating in the extended foster care program.

G. "Agency" or "child placement agency" means any PSD licensed individual, partnership, association or corporation, for profit or non-profit, undertaking the placement of a child in a home in this or any other state for the purpose of providing foster care or adoption services. An agency may be licensed as an adoption agency, a foster care agency or both.

(1) "Adoption agency" means an agency licensed by PSD to facilitate the adoption of a child or perform a service within the adoption process.

(2) "Foster care agency" means an agency licensed by PSD for the purpose of supervising foster care providers, treatment foster care providers, or other levels of foster care as developed by PSD.

H. "Applicant" is any person who applies to become licensed as a foster care provider to be considered as a potential foster care provider, treatment foster care provider, or an adoptive parent.

I. "Application" is the document by which persons who wish to become foster or adoptive care providers request an assessment of their home and family, and the issuance of a license. The document also authorizes protective services division or licensed child placement agency to obtain relevant information from the applicant and other authorized persons in order to conduct an assessment of the applicant’s qualifications. The applicant shall certify there are no willful misrepresentations in the application.

J. "Assessment" is the process of collecting information and conducting interviews with applicants by the licensing agent, and evaluating that information to determine suitability of an applicant for a foster care license.

K. "Child," "children" or "youth" refers to a person who is one of the following:

(1) under the age of 18 years of age; or

(2) up to 21 years of age and participating in the extended foster care program.

L. "Child abuse and neglect check" is a review of the PSD family automated client tracking system, also known as FACTS, or another state's central abuse or neglect registry, to determine if there have been any previous or current referrals on the family to this state's or any other state's child protective services division.

M. "Corporal punishment" is a form of discipline that is prohibited. Corporal punishment includes touching a child with the primary intent of inducing pain and includes but is not limited to: shaking, spanking, hitting, hair or ear pulling, actions intended to produce fear, shame, or other emotional or physical trauma.

N. "Criminal records check (CRC)" means federal, state or local checks for criminal offenses conducted by PSD on potential and current foster and adoptive parents, and of all adults living in the applicant's home.

O. "CRC Clearance letter" is a document provided to the licensing agent to inform them if the prospective foster or adoptive parent is cleared to proceed with the licensing process.

P. "CYFD" stands for children, youth and families department. CYFD is a state agency that provides services to families in the state of New Mexico.

Q. "FACTS" refers to the family automated client tracking system (FACTS), the official data management system for CYFD.

R. "Fictive kin" is a person not related by birth, adoption or marriage with whom the child has an emotionally significant relationship.

S. "Foster care license" is the document which contains the names and addresses of those individuals who have met these licensing requirements and are foster care providers for the protective services division or a licensed child placement agency. The license displays the ages and number of foster children the licensees are authorized to care for and the date authorization begins and ends. The license shall include the signature of the authorized person who issued the license.

T. "Functional literacy" means a person who can read and write well enough to live independently.

U. "Foster care provider" or "foster parent" refers to a person, including a relative of the child, or entity licensed by CYFD or by another state's child welfare agency or by a child placement agency, to provide foster care services for children in the custody of the department or agency.

V. "Foster child" or "child in foster care" as referred to as "child" herein, means a child who is placed in the care and custody of children, youth and families department protective services division either under the legal authorization of the Children's Code or through a voluntary placement agreement signed by the parent or legal guardian, or a

child who is placed with a licensed child placement agency under the authority of the Child Placement Agency Licensing Act. If the court orders legal custody to a relative, person, facility, or agency other than the children, youth and families department protective services division, the child is not a foster child of protective services division.

W. "Gender" or "gender identity" means a person's internal identification as male, female, or nonbinary. Gender identity may or may not correspond to the sex or gender marker that is listed on the person's birth certificate.

X. "Home study" is the final written document that results from the assessment process to determine suitability of an applicant for a foster care license.

Y. "Household member" refers to any individual, regardless of age, who resides in the home, who moves into the home with the intent to make it their residence, or who is visiting for more than 30 calendar days. Children or youth who are in foster care or participating in the extended foster care program are not considered household members of the foster or pre-adoptive home for the purpose of this policy.

Z. "Initial relative or fictive kin assessment" is an in-home assessment of a relative or fictive kin completed by a PSD worker to determine suitability for a provisional license.

AA. "Licensing agent" is a qualified individual who conducts a home study.

BB. "Non-U.S. citizen" refers to an immigrant to the U.S. who does not have U.S. citizenship, and may have legal residency or may have an undocumented legal status.

CC. "Pre-adoptive home" refers to a foster care provider who has signed an adoption agreement to adopt a foster child, but whose adoption has not yet finalized.

DD. "Protective services division (PSD)" refers to the state government division within the New Mexico children, youth and families department, and is the state's designated child welfare agency.

EE. "PSD custody" means custody of a child or children as a result of an action filed pursuant to the New Mexico Children's Code, Sections 32A-4-1 et seq. NMSA 1978 or Sections 32A-3B-1 et seq. NMSA 1978.

FF."Relative" means a person related to another person by birth, adoption or marriage, within the fifth degree of consanguinity or affinity.

GG. "Resident of New Mexico" means a person who has become domiciled in the state of New Mexico by establishing residence with the intention of maintaining residency indefinitely.

HH. **"Respite care"** is a short period of time when a foster child is cared for by an alternate foster care provider due to the original foster care provider temporarily unavailable to provide care.

II. **"SAFE home study"** means the structured analysis family evaluation home study format, which is the only home study format approved for use in the state of New Mexico.

JJ. **"Treatment foster care provider"** is a foster care provider licensed by a child placement agency to provide intensive therapeutic support, intervention and treatment for a child who would otherwise require a more restrictive placement.

[8.26.4.7 NMAC - Rp, 8.26.4.7 NMAC, 2/11/2020]

8.26.4.8 FOSTER CARE PROVIDER ELIGIBILITY:

A. All applicants, relative, fictive kin or non-relative, must submit a complete application and accompanying documentation for a foster care provider license, and keep copies in their home.

B. To apply for a foster care provider license:

(1) Applicants must be 18 years or older;

(2) Applicants must be a resident of New Mexico;

(3) Applicants must be able to communicate with the child in the child's own language, through translation services or other resources;

(4) Applicants must be able to communicate with PSD, licensing agents, health care providers, and other service providers, through translation services or other resources;

(5) At least one applicant in the home must have functional literacy or have access to resources to read, such as having the ability to read labels on medications in order to properly administer them; and

(6) Applicants must have income or resources necessary to make timely payments for shelter, food, utility costs, clothing and other household expenses prior to the addition of a foster child;

C. A foster care provider license shall not be issued to an applicant whose own children are currently in foster care. Suitability will be considered on a case by case basis for applicants whose parental rights have been terminated or relinquished. Applicants whose children have been formerly in foster placement may be licensed if

the assessment of their application determines the problems leading to the placement have been resolved.

D. PSD employees and their families who have met all licensing requirements may serve as a foster care provider or as adoptive parents to children outside of their county. A PSD employee and their family members shall not be allowed to foster or adopt any child with whom the employee is working with in any official capacity. A PSD employee may not be foster care providers to children who have been or are actively on their caseload or within their chain of command.

E. PSD and child placement agencies (CPA's) must not deny any individual the opportunity to become a foster parent on the basis of the race, color, or national origin of the individual, or of the child, as required by the federal Multiethnic Placement Act (MEPA), 42 U.S.C.A. sec. 1996b and Title IV-E of the Social Security Act, 42 U.S.C.A. sec. 671(18). MEPA also provides that this law must not be construed to affect the application of the Indian Child Welfare Act, which contains preferences for the placement of eligible American Indian and Alaska Native children in foster care, guardianship, or adoptive homes. PSD and CPA's must not discriminate with regard to the application or licensure of a foster family on the basis of race; ethnicity; creed; color; age; religion; sex or gender; gender identity; gender expression; sexual orientation; marital status or partnership; familial or parental status; pregnancy and breastfeeding or nursing; disability; genetic information; intersex traits; medical condition, including HIV/AIDS; citizenship or immigration status; national origin; tribal affiliation; ancestry; socioeconomic status; language; political affiliation; military or veteran status; status as a victim of domestic violence; sexual assault, or stalking; or any other factor unrelated to suitability to parent.

F. Tribal agencies may also be involved in conducting home studies for American Indian and Alaska Native children. 42 U.S.C.A. sec 671(26)(B) provides that any receiving state must treat any tribal home study report as meeting the requirements imposed by the state for the completion of a home study.

G. Immigration Status: Citizenship or immigration status shall not prevent eligibility for licensure. See 8.24.6.21 NMAC for further guidance on licensing non-US citizens without legal permanent residency.

[8.26.4.8 NMAC - Rp, 8.26.4.8 NMAC, 2/11/2020]

8.26.4.9 TYPES OF FOSTER CARE PROVIDER LICENSES:

A. Provisional license: A provisional license is a license issued by PSD to a relative or fictive kin upon satisfactory completion of the initial relative assessment at the time of an emergency placement of a child. A provisional license may be issued to facilitate or expedite placement of a child with a relative or fictive kin. A provisional license is valid for 60 days, with the possibility of one 30 day extension as described herein at Subsection C of 8.26.4.11 NMAC. For emergency placements of American Indian and

Alaska Native children, agencies shall work closely with tribal and urban Indian organizations that have expertise in recruiting and licensing tribal foster care providers. If a relative or fictive kin is identified and resides on tribal land, a provisional license may be extended up to 60 additional days by the PSD field deputy director.

B. Foster care provider license: A two year license issued by PSD after all licensing requirements have been completed.

C. Treatment foster care license: A license issued by a child placement agency to a foster care provider to care for a child requiring intensive services after the provider has met both the child placement agency licensing regulations, and the treatment foster care standards contained in 7.20.11.29 NMAC. PSD does not license treatment foster care providers.

[8.26.4.9 NMAC - Rp, 8.26.4.17 NMAC, 2/11/2020]

8.26.4.10 INITIAL LICENSURE:

A. A foster care license shall be granted or denied based upon the assessment and participation in the licensing process. The issuance of an initial foster care provider license is not an entitlement to full licensure.

B. The applicants shall complete all licensing requirements prior to full licensure. In the event of a household member who may not be able to meet all licensing requirements due to a disability, licensing requirements may be waived on a case by case basis by the PSD regional manager.

C. A foster care provider license shall be valid for a period of two years from the date of issuance.

D. An initial foster care provider license memorandum of agreement outlining the stipulations of licensure shall be reviewed by the licensing agent and the applicants. Signing of the agreement is an acknowledgement that all stipulations are understood and accepted by all concerned. The initial agreement shall be signed prior to the issuance of the two year license.

E. Foster care providers shall not be dually licensed by more than one licensing entity. Exceptions may be made for the purpose of adoption in the following situations:

(1) a treatment foster care provider seeks to adopt a child in the custody of PSD who is currently placed in their home; or

(2) a treatment foster care provider seeks to adopt a child in the custody of PSD who has a plan of adoption but does not have an identified resource. Consideration for adoption of a child in PSD custody by a treatment foster care provider

shall be approved by a county office manager prior to the SAFE home study update of the potential adoptive family.

F. Individuals who are relative or fictive kin care providers who agree to have non-relative children placed in the home will be assessed in the initial home study or will require an update to their home study.

G. Adoption of a child in the custody of PSD by a treatment foster care provider shall be approved by a PSD regional manager prior to the SAFE home study update of the potential adoptive family. Staffing of these types of licenses must take place between PSD and the CPA to determine which licensing agency will maintain the license.

[8.26.4.10 NMAC - Rp, 8.26.4.15 NMAC, 2/11/2020]

8.26.4.11 APPLICATION FOR INITIAL FOSTER CARE PROVIDER LICENSURE:

A. PSD's relative and fictive kin placement preferences: PSD and child placement agencies (CPAs) shall give placement preference to relatives and fictive kin as foster care providers, regardless of citizenship or immigration status. The licensing agency shall assist relatives with meeting licensing requirements through identifying barriers, informing the applicant, and offering support. If a relative cannot be licensed to provide foster care for a child, this shall not preclude the relative from maintaining a meaningful relationship with the child while in foster care. In the event a child is not placed in a relative or fictive kin foster care placement, PSD shall continue to make diligent efforts to search for, identify and assess relatives throughout the life of the permanency case for potential placement of the child and to maintain familial connections.

B. Initial licensure application requirements for all applicants: During the initial licensure, all persons wishing to become a licensed foster care provider for PSD or for a CPA are required to complete the following:

(1) a foster care application;

(2) a home study, which is PSD's written comprehensive family assessment;

(3) a criminal records check and child abuse and neglect check; and

(4) pre-service training.

C. Provisional licensure for relative or fictive kin providers only: A child may be placed in a home with a relative or fictive-kin on an emergency basis with a provisional licensure for 60 days, with one possible 30 day extension, for a maximum of 90 calendar days. PSD may place a child with a relative or fictive kin on a provisional license if all of the following takes place by the PSD staff:

(1) Complete federal, state, and local (as applicable) criminal background checks of applicants and any other adult household member. To determine eligibility, the results of the check shall be assessed using the criteria described herein at 8.26.4.12 NMAC. PSD shall immediately inform the relative or fictive kin foster care provider of the requirements to submit an application for a criminal background check, and complete the application for background check no later than three business days from the child's placement in the home, as described in the New Mexico Children's Code Adoption Act, Section 32A-4-8, NMSA 1978.

(2) State, tribal, and local child abuse and neglect registry and adult protective services registry check of applicants and any other adult household member. To determine eligibility, the results of the check shall be assessed using the criteria described herein at 8.26.4.13 NMAC.

(3) Child abuse and neglect registry and adult protective services registry checks from any other state in which applicants and other adult household members have resided in the preceding five years.

(4) State and national sex offender registry check of applicants and any other household member who is an adult. To determine eligibility, the results of the check shall be assessed using the criteria described herein at 8.26.4.13 NMAC.

(5) Preliminary visual home inspection to assess the safety of the home.

(6) Preliminary assessment of the ability of the applicants to meet the needs of the child.

(7) Discuss assurance agreement, as described herein Subsection C of 8.26.4.17 NMAC, complete the initial relative assessment documentation, and obtain applicant signatures on the agreement.

(8) The safety of the child is the primary consideration. If this is ever in conflict with the placement of a child with a potential relative or fictive kin provider, PSD makes the final placement decision in favor of the child's safety and may deny licensure based on PSD's initial relative assessment.

D. Only qualified PSD and CPA staff or individuals certified by PSD as licensing agents shall conduct home studies. See process for certification as a licensing agent as set forth in 8.26.3.17 NMAC.

E. The placement of a child in a non-relative placement upon emergency removal shall be approved by the county office manager prior to placement of the child.

F. Home study forms and requirements are determined by PSD. The SAFE home study is the approved home study format to be used in New Mexico.

G. Upon receipt of the initial application of a relative or fictive kin care provider, the licensing agent has three business days to contact the family, as described in the New Mexico Children's Code Adoption Act, Section 32A-4-8, NMSA 1978.

H. From the date of application, the licensing agent shall complete the licensure process within the following timeframes:

(1) For a relative or fictive kin applicant provisional license: 60 days with one possible 30 day extension approved by the PSD regional manager. If the relative or fictive kin is not licensed within the initial 60 day period, PSD must conduct a staffing 15 days prior to the 60 day expiration date to include: the placement worker, permanency worker, placement supervisor, children's court attorney and county office manager to determine if the child shall be removed. Removal may be appropriate unless:

(a) A direct placement of the child in the home is ordered by the court while the child is still in the custody of PSD;

(b) The applicant files for and receives care and custody of the child directly from the court; or

(c) The PSD regional manager grants an extension of up to an additional 60 calendar days for applicants to complete licensure if it is determined removal of the child would be detrimental to the child's best interests.

(2) For all other applicants:

(a) Non-relatives: The licensing agent shall complete the licensure process within 120 days of receipt of the application.

(b) Relatives and fictive kin applicants who apply to become foster care providers through a regular licensing process: The licensing agent shall complete the licensure process within 60 days of receipt of the application, with one possible 30 day extension approved by the PSD regional manager.

[8.26.4.11 NMAC - Rp, 8.26.4.9 NMAC, 2/11/2020]

8.26.4.12 CRIMINAL RECORDS CHECKS (CRC) FOR FOSTER CARE PROVIDER LICENSURE:

A. All persons wishing to become licensed foster care providers for PSD or for a child placement agency must complete a CRC. CRCs are required for all applicants and adults living home.

B. Applicants who have a completed home study by a private agency must complete the CRC requirement for foster care providers.

C. CRC clearance letter for all adult household members must be received by PSD or the child placement agency (CPA) prior to issuing full licensure. The CRC unit conducts federal and state criminal record checks for all adults living in the home.

D. PSD staff and CPA staff shall register applicants and adult household members to be fingerprinted.

E. PSD staff and CPA staff shall complete the CRC application and submit to the PSD CRC Unit.

F. PSD and CPA staff shall conduct a search of the applicant and all adult household members through www.nmcourts.gov and a national sex offender registry through https://www.nsopw.gov/. Results shall be confirmed in the CRC clearance letter.

G. PSD and CPA staff shall request a check of any other child abuse or neglect registry in a state or tribe in which any such applicant or other adult household member has resided in the preceding five years of the date of application.

H. Licensure shall not be approved in any case in which the CRC results for the applicant or any adult household member reveal any of the following federally mandated automatic disqualifiers:

(1) a felony conviction for child abuse or neglect;

(2) a felony conviction for spousal abuse, domestic abuse, or abuse against a household member;

(3) a felony conviction for a crime against children, including child pornography;

(4) a felony conviction for any crime involving violence, including rape, sexual assault, homicide, robbery, and aggravated assault, but not including other assault (not aggravated) or battery; or

(5) a felony conviction within the past five years for assault, battery, or a drug or alcohol related offense.

I. Applicants who have a conviction for crimes other than those noted above are not automatically disqualified; however this information shall be used to determine suitability for licensure. All police or court records relating to the applicant or other adult living in the home shall be considered in determining suitability for licensure. Applicants are responsible for obtaining a certified court disposition of criminal records and police reports and are required to return these documents to the CRC unit within 30 days of the date of the CRC letter. PSD must also consider the following:

(1) type of crime;

(2) number of crimes;

(3) nature of offenses;

(4) age of the individual at the time of conviction;

(5) length of time that has elapsed since the last conviction;

(6) relationship of the crime and the capacity to care for children;

(7) evidence of rehabilitation; and

(8) opinions of community members concerning the individual in question.

J. The home study process for any applicant or adult living in the home with a pending criminal charge and no disposition shall be closed. The applicant may reapply after disposition of the charge.

K. Applicants and all household members have an ongoing duty to report any juvenile offenses committed by another household member. The existence of a household member with a juvenile offense does not automatically exclude the applicants. PSD must consider the suitability of the home based on the criteria used to assess crimes set forth described herein Paragraphs (1) through (8) of Subsection I of 8.26.4.12 NMAC.

[8.26.4.12 NMAC - Rp, 8.26.4.10 NMAC, 2/11/2020]

8.26.4.13 CHILD ABUSE AND NEGLECT CHECK FOR FOSTER CARE PROVIDER LICENSURE:

A. For families applying to be licensed by PSD, staff shall conduct a FACTS search for abuse and neglect referrals on the applicant and all adult household members. If the applicant or any other adult household member resided in any state(s) other than New Mexico in the five years prior to the date of the application, PSD shall request each such state search its abuse and neglect information system or registry for information on the applicant or other adult household members and submit the results of that search to PSD. PSD must receive the results of the check or a letter from the other state if they do not have central registry prior to the issuing of a license and prior to a child being placed in a home. If during any time in the five years prior to the date of application the applicant resided in another country, PSD shall attempt to obtain an abuse and neglect check from the other country. Efforts to obtain abuse and neglect checks in another country shall be documented but inability to obtain abuse and neglect checks from another country shall not be a disqualifier for licensure.

B. For families seeking to become foster care providers through agencies other than PSD, the agency shall submit a signed and notarized PSD approved "child abuse and neglect check" form to request the CRC unit conduct a FACTS search for abuse and neglect referrals on the applicant and each adult living in the applicant's home. If the applicant or any other adult household member resided in any state(s) other than New Mexico in the five years prior to the date of the application, the licensing agency shall request that each such state search its abuse and neglect information system or registry for information on the applicant or other adult household member and submit the results of that search to the requesting agency. CPA's must receive the results of the check or a letter from the other state if they do not have central registry prior to the issuing of a license and prior to a child being placed in a home.

C. If the applicant or any adult household member has been the subject of a substantiated allegation of sexual exploitation or sexual abuse of a child, or has been substantiated for child abuse that resulted in a child fatality, then the applicant shall not be licensed.

D. In the event of a substantiated report of child abuse or neglect, other than substantiated sexual exploitation, sexual abuse or child abuse resulting in death as listed above, involving the applicant or any adult household member, the application is assessed on a case-by-case basis to determine if the safety of any child in the home can be assured. In addition, applicants who have been referred to PSD for investigation of unsubstantiated allegations of child abuse, neglect or exploitation may be considered for licensure. The best interest of the child is paramount. This information shall be used to determine suitability for licensure.

E. The application process for any applicant or adult household member with a pending child abuse or neglect investigation and no disposition shall be closed. The applicant may reapply when the investigation is complete.

F. PSD staff must comply with any request described herein in Subsections A and B of 8.26.4.13 NMAC that is received from another state.

8.26.4.14 PHYSICAL AND MENTAL HEALTH STANDARDS FOR FOSTER CARE PROVIDER LICENSURE:

A. All applicants must be assessed to be physically and mentally capable of caring for a foster child in their home. The following are the minimum documentation requirements for licensure; however, these requirements shall not prevent placement of a relative or fictive kin if efforts are made to obtain documentation or appointments:
